Message from Guest of Honour

It is with great pleasure that I extend my congratulations to all the members of the Kowloon Junior Chamber on this auspicious occasion, the celebration of thirty-five years of distinguished service to our community.

Over the past years, the Kowloon Junior Chamber, in realizing the noble ideals of the Jaycee movement, has organized numerous projects and programmes which benefitted countless individuals. The effort in nurturing positive change to improve the condition of our community is most admirable and worthy of emulation. The 35th anniversary celebration will not only serve to rekindle fond and pleasant memories for the senior members, but will also serve to motivate younger members to achieve even greater heights of success.

Best wishes.

John C Tsang
Commissioner of Customs and Excise

Message from President Kowloon Junior Chamber

It is my great pleasure to welcome all of you to the 35th Anniversary Celebration of the Kowloon Junior Chamber. We are most honoured to have invited Mr John Tsang, JP, Commissioner of Customs & Excise, as our Guest of Honour for this Celebration.

35 years is surely not a short period, particularly to an organization like Junior Chamber. It represents a lot of energetic efforts, time and manpower contributed to uphold the good spirit of the Jaycee movement. Through the years, Kowloon Junior Chamber has overcome many challenges we have faced locally and internationally. We have carried out numerous projects for the benefit of our young people and the community at large. Those projects motivated the young people to prepare for the challenges and responsibility ahead, and enabled them to broaden their horizons through acquiring an international perspective as well as visualizing the contributions they could make in the future. Taking this opportunity, I would like to give my heartfelt thanks to those who have rendered their effort and support to our past achievements.

Year 2000 is certainly an important year for the Kowloon Junior Chamber. It not only signifies the 35th Anniversary of the Kowloon Junior Chamber, but also the beginning of the new era. The new era presents us a lot of opportunities and challenges. With the wholehearted supports from our experienced senior members and the prompt actions by our energetic young members, I believe we could strengthen our foundation for future growth. Although we are small in number at the present stage, I believe Kowloon Junior Chamber will be a great organisation in the near future. Let us work together to make things possible.

Finally, I wish to extend my sincerest gratitude to the Project Chairlady Donna Lau, all advisers and organising committee for their commitment and hardworking in the Celebration.

May I wish all of you an enjoyable and memorable evening!

Yury Lam
President 2000

Message from President Junior Chamber International

As Junior Chamber International President, allow me to congratulate the members of Kowloon Junior Chamber, Hong Kong, on the occasion of their 35th Anniversary. I sincerely hope this event will ensure the success of your organization throughout this year and beyond.

2000 sees the dawn of a new era, a new age, a new century. What do we want to achieve that will set the foundations for this new and third millennium.

Junior Chamber members - we must seize every opportunity to articulate the vision of our founder. But we must dream with our eyes open, and ensure that our message inspires action!

We can talk about many things, but what is truly important is what we do.

What is truly important is our Attitude - it speaks more than a thousand words - it communicates who we are, what we believe in, what we stand for and is the very best method of ensuring that Junior Chamber reaches new heights in this new era.

It is the responsibility of each and every one of us. Every important development in the world began with a dream in a heart. The future should not belong in the hands of others - our future belongs in our hands and we must determine it starting today. Today's actions are tomorrow's history!

I wish you a year of "significant" progress - it's not all about success, but making sure that what we accomplish is significant.

I am proud to be your President and look forward to working with you throughout this year to ensure *our Attitude Determines our Altitude!!!!*

Kind regards

Karyn W Bisdee

Message from Executive Vice President Junior Chamber International

As your JCI Executive Vice President assigned to Area B, Asia and Pacific it is a great privilege and honour to serve you in year 2000.

I would like to take this opportunity to express my sincere gratitude to all of you for your support during the ASPAC Kaohsiung, and to congratulate the members of Kowloon Junior Chamber celebrating its 35th Anniversary. Thank you for your dedication to our beloved organization for the past 35 years. Let us be creative in nurturing it to grow further to its golden anniversary.

2000!!! We have long anticipated the year 2000. You may think this year will bring the answer to all your questions. However, you will soon realize that this is only the beginning of a new era. We the members of Junior Chamber International will need to focus on new ways to reach new members while serving the needs of our present membership; making training available to all and developing programs that will identify our organization around the world.

We are expanding our territory and reaching out to the four corners of the world. Thanks to the great efforts deployed by dedicated members such as yourselves, we can build on past achievements and also focus on the future of our Organization.

As your Executive Vice President this year, I pledge to assist Area B's members to accomplish their goals and reach new heights.

Remember..... *Attitude determines Altitude!*

Message from Lew Wen Teik
Vice President
Junior Chamber International

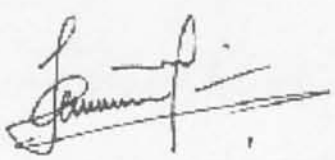

It is my great privilege and honour to be given the opportunity to write a message to all members of Kowloon Junior Chamber on the occasion of your 35th Anniversary.

My heartiest congratulation to the chapter and the members for their success and achievements for the past 35 years. Your commitment, dedication and sacrifices over the years has certainly laid a very strong foundation for the chapter to build on further and scale greater heights.

I like to take this opportunity to echo the call by our 2000 World President that our Attitude will always determine our Altitude in life. Attitude is a little thing that makes a BIG difference. Our lives are not determined by what happens to us, but how we react to what happens; not by what life brings to us, but by the attitude we bring to life. A positive attitude causes a chain reaction of positive thoughts, events, and outcomes. It is a catalyst a spark that creates extraordinary results.

Commit to excellence in all that you do and I wish all every success..

Always yours in Jaycees,

WEN TEIK, LEW

National Vice President

Congratulations to Kowloon Junior Chamber on your 35th Anniversary.

Thirty five years. It is about the whole active working life of our generation. It is a time when we can look back on our achievements and see our successors continue the long journey of building our organization.

At this moment, I must salute to the forerunners of Kowloon Junior Chamber who have laid the foundation for us to build on, and now becoming guardian angels for the future generations. Kowloon Junior Chamber is lucky to have the blessing of your many past presidents. Even Past National President Edmond and Andrew are still with you often.

Then I have to congratulate you again for having many promising new bloods. Its like a fortunate family in which the great grand father is still around and the kids are smart. And I would like to remind you the beauty of the big Jaycee family. It is an organization so well conceived and rich in opportunities that it is just like our life in condensed form. While we only live once, Jaycee provides a good chance to rehearse and hence provide us with wisdom and insights to live our life and build a family more satisfactorily. Jaycee age being our age of highest vitality, it also provides us opportunities to utilize our surplus energy to make achievements beyond our normal life. So, I want to congratulate you as a Jaycee to enjoy the bonus life with us.

Finally, I would like to wish Kowloon Junior Chamber and its members a prosperous and wonderful future.

Ladies and Gentleman. It is my honour to greet all of you as a member of sister JC. And I would like to give a special thanks to Mr. Lam. Yury, the President of Kowloon JC, for giving me an honorable opportunity to state a message like this. THANK YOU VERY MUCH.

First of all, representing Nagoya JC members, I would like to express that, how nice to celebrate the year 2000 together with you, members of Kowloon JC, especially as sister LOM.

This year is special for all of us, as a resident of this beautiful earth. In my remarks as a president of Nagoya JC, I stated this year as Preparation for the next journey-challenge for true affluence.

As time goes by, the interest or the sense of value changes among the people, organizations, communities, and societies. However, we inherited ever lasting JC spirits and JC-way of discipline to develop our leadership to contribute to the societies we belong.

What I mean by challenge for true richness is that we should examine thoroughly where we stand, what we receive from our honorable senior, restate our direction to give to our successors, practice and act for the bright and affluent future.

Kowloon JC Ltd., has precious 35 years in its history. Nagoya JC Inc is also going to have 50th Anniversary of its foundation in this coming August. In the year of 2000, at this historical moment, it is the great honour for me to share an important and meaningful moment with Kowloon JC as sister LOM. For the next century, we must take the lead for contributing world peace and affluence, by reminding ourselves of our responsibilities as the rising generation by cooperating each other, and will do.

I heartily congratulate you on 35th Anniversary of Kowloon JC, and send best wishes to you.

And again thank you for giving me this kind of opportunity, to state a message to you. Happy 35th Anniversary!

PAST PRESIDENT 1989

Congratulation to my beloved Kowloon Junior Chamber for her 35th Anniversary.

1979 was a special and critical year for me because I was admitted as Kowloon Junior Chamber in that year where I could be able to work and learn from many prominent Jaycees and professional men.

No doubt, the opportunities I procured during my Jaycees life probably became the foundation of personal development in my professional life, presently being a Solicitor and Certified Public Accountant, in my political participation, being a founded member of a political party and be appointed as District Board Member and various governmental appointments and in my longer life study activities, presently being a part-time student in Master of Laws in the HKU.

I take this opportunity to heartedly thank to all Past Presidents in particular to Edmond Pang and Andrew Wong for their encouragement and support.

In the past decade, opportunities rendered to youth development increased and the changing political and economical environment in Hong Kong, had rendered many difficulties, if not as obstacles, to the recruitment and retaining members to activate the usual Jaycee activities. To this, I salute to all my successors in maintaining our Kowloon Junior Chamber as flourish as today.

To conclude, I congratulate chair lady Donna Lau and her advisors and organizing committee members to make this 35th Anniversary as the most success and memorable.

Best wishes to all Kowloon Jaycees and their families' members.
