2004 JCI ASPAC Penang Logo

Our official logo and mascot is the butterfly. The butterfly being a lively and colourful creation, signifies our goal of hosting a lively, friendly and fruitful international event with pleasant surprises for all delegates.

The many curves in our logo represents the challenges of bringing a group of young Jaycees from 6 different chapters in Penang to work together in hosting this major international event of Junior Chamber. The outline of the butterfly is drawn with only one continuous stroke and this completion of a single stroke represents the unity and determination of the 2004 JCI ASPAC Organizing Committee to overcome all challenges and ensure the success of this conference.

Message From H.E. Tun Dato' Seri Utama (Dr.) Haji Abdul Rahman Bin Haji Abbas, The Head of State of Penang For The Souvenir Programme In Conjunction With JCI Asia Pacific Senate Conference 2004 Which Will Be Held on 23rd and 24th May 2004 at E & O Hotel, Penang

On behalf of all Penangites, I cordially welcome all the delegates attending the Junior Chamber International Asia Pacific (JCI ASPAC) Senate Conference 2004 to our island State of Penang. It is indeed an honour for Penang to host the JCI Asia Pacific Senate Conference 2004 which runs concurrently with the programme of the main JCI Asia Pacific Conference.

The convergence of JCI Senators from all over the world will indeed give an opportunity to our youths and current Jaycee members to interact and learn from their more experienced seniors.

This conference is an excellent opportunity for JCI Senators to establish business network as well as strengthen fellowship amongst the Jaycee fraternity. Nevertheless, please also find some time to visit and experience the many interesting sights of Penang and to taste our local delicacies.

For those JCI Senators and delegates who are here to participate in the Senate Golf Tournament, I wish you all the best in your golf games. I hope you will return for more golf after this trip to tee-off from the many excellent golf courses which Penang has to offer.

I congratulate the JCI ASPAC Senate Conference Organising Committee for their efforts in making this conference a big success even though it is being held here for the first time.

I wish all the delegates a wonderful stay in Penang and hope that your experience here will beckon you to return for more.

Thank you.

(Tun Dato' Seri Utama (Dr.) Haji Abdul Rahman bin Haji Abbas)

FERNANDO SANCHEZ-ARIAS

Dear Friends,

Welcome to an exciting week in Penang, Malaysia for the 2004 JCI Asia Pacific Senate Conference! Thank you for participating in this opportunity to think and reflect with your team members about the future of JCI and discover ways in which you, as a Senator, can contribute to the growth and impact of JCI in Asia and the Pacific and also throughout the World.

I believe in the importance of the JCI Senate for the present and future of our organization. The Senators in all our countries represent our past and are also the examples of the present. They support in many ways the activities in the local and national organizations that they belong to. They serve as an inspiration for current members to excel in their careers.

The times have changed and we need to add more dynamism and effectiveness to all the entities and systems that give life to JCI. In many countries and regions, the Senate as an organization and the Senators themselves are taking a major role in changing themselves to change their national organizations. Australia is an excellent example of how a network of committed successful senators can add vitality and freshness to an organization that was struggling for many years and is now full of energy, hope and certainty of its success.

A Senator with Passion for Action is someone who understands that despite not being in a formal position to make decisions for JCI, he or she can provide invaluable support by focusing on the future rather than in the past, adding value and injecting enthusiasm in members and officers so they can excel, and being the model of success that others want to follow.

Let's do it! Let's work together to make 2004 a year of successes and satisfactions for our members, our chapters and ourselves. As we move forward, let's live each moment with a clear view of our purpose, nourishing it with passion and giving it life through action!

SELAMAT DATANG.

Warmest greetings to all JCI Senators and welcome to Penang for the 2004 JCI ASPAC Senate Conference.

Once again senators from all over Asia Pacific region gather and we are extremely proud that Penang is the chosen venue for this year's gathering.

JCI Senators have the distinction of being great achievers who possess strong dedication and discipline to make things happen. They are an inspiration to others. I believe in the importance of the JCI Senate for the present and future of our organization. JCI Senators in all our countries represent our past and are also the best examples of the present. They support, in many ways, the activities in our local and national organizations. Serving as an inspiration to current members, they motivate them to continue their JCI careers. In many countries and regions, the JCI Senate, as an organization, and Senators in general play a major role in improving their national organizations.

This conference offers not only opportunity for senators to foster friendship, promote networking but also to share their experience, knowledge and to contribute ideas to promote our organization.

While in Penang, I urge delegates to discover the beauty of the "Pearl of the Orient" – Penang. Find time to explore the island and be fascinated with the unique mix of cultures, religions, traditions and customs. It showcases the peaceful living amongst the multi ethnics people in Malaysia. It is the melting pot of Asia.

I take this opportunity to thank the Senate Conference organizing committee for their hard work, commitment, dedication and sacrifice in making this conference a success.

Special thanks to Penang State Government for the tremendous support and guidance in turning the ASPAC Dreams into Reality.

Greetings and welcome to the ASPAC Senate Conference in Penang!

At this annual gathering of Area B Senators, let us keep firmly in mind of the purpose. That is:

To reaffirm our love and support as JCI Senators to Junior Chamber International.

We may now proudly share the joy in the accomplishments of Jaycee movement in Aea B, but let us not forget that this is only made possible by the accumulation of hard work and dedication of tens of thousands of Jaycees and Senators in the past year. We all know that much more can still be done if Area B wishes to retain its prestigious position in JCI.

Let us take the opportunity offered by this Senate Conference to exchange friendship and ideas, and let this experience rekindle our joint reserves to support Area B and JCI in its goals of leadership development for world peace.

Wishing you a successful and memorable time in Penang!

Jaycees Malaysia Senate Association
Chairman 2003-2005
DR. WONG ENG KONG

It is with great pleasure that I extend my congratulations to Penang Junior Chamber for hosting the 2004 JCI ASPAC Senate Conference.

Here at this Senate ASPAC, it is a time to renew and make new friendship. It is also an occasion for reunion among senior Junior Chamber members.

As we rapidly entered into this 21st Century, it is a concern for members that we need to use our experiences to develop foundations for growth. Let us slow down and rebuild our foundations. Even the strongest foundations have slight cracks. This is the perfect opportunity to take a moment to repair and reinforce a base on which to build stronger futures. What are the basic – training, growth, development and living the JCI Creed.

We must place emphasis on the training of our younger members. Teach them to grow and succeed individually, professionally and within our beloved organization. Education and motivated members will ensure the growth of the Junior Chamber movement.

As the Current Chairman of Jaycees Malaysia Senate Association, I can be reached anytime and my services are available for the betterment of Jaycees and we in the senate will continue to support Chapters through National Organization. With a large pool of experience and dedicated members, the Senate hopes to contribute in whatever capacity to the advancement of the organization. We will be using our networking contacts with the government and the business community to achieve this end.

In this respect, the goals for my team and I are: To set a secretariat, establish an academic accreditation of Jaycees training course, to set an effective and systematic administration, foster closer working relationship with Jaycees Senate in Asean and ASPAC and to support the Junior Chamber Malaysia's Academy.

I would like to take this opportunity to extend my warmest welcome to all delegates to this conference. I hope that your stay in Malaysia will be a fruitful and memorable one. Do take the opportunity to visit other parts of Malaysia with her diversity in culture and races.

I wish everyone a successful conference.

Yours in Junior Chamber

The members of the Takamatsu Junior Chamber, Inc. would like to announce participation for Bidding of General Assembly 2 in ASPAC Penang.

Our city, Takamatsu, located in the center of Kagawa prefecture, is the center of economy, government, and commerce of our prefecture. Kagawa prefecture is found in the northeastern part of Shikoku Island, the north part of which faces the Seto Inland Sea National Park, and the south of which gradually elevates towards the Sanuki mountains.

Takamatsu is one of the most beautiful cities in Japan. We enjoy its picturesque nature which nicely harmonizes with the life of the local people.

The climate is mild all through the year with little rain, so it is comfortable for us to live in.

We are sure that you can enjoy our local cuisine including fresh fish caught in the Seto Inland Sea, 'sake' or Japanese rice wine, as well as our famous noodle dish, 'Sanuki udon' which has become very popular all over Japan.

We are looking forward to seeing you again in Takamatsu, the beautiful city of the Seto Inland Sea region. Thank you very much.
