HONG KONG

Be Inspired
Be Empowered

Explanation of the Logo

Hong Kong, the Asia's world city, is a natural, vital and multicultural gateway to and from China as well as the rest of Asia and beyond. A unique place that allows fusion of culture to blossom, Hong Kong is recognized as an international icon that embraces values of both the East and West, traditional and modern, old and new. The Conference Logo comprises three colour lines – green, red and yellow which represent delegates of different cultures coming together to form a sailing ship. While the blue wavy line represents the world renowned Victoria Harbour of Hong Kong. Starting out as a fishing village, Hong Kong later evolved into a metropolitan city. This takes not only time, but also relentless and vibrant spirit, which is also symbolized by the sailing ship of the Conference Logo, to create positive changes in the community. We hope all JCI Asia-Pacific Conference delegates would feel the dynamic atmosphere of the city through the Conference programmes and enjoy a spectacular journey in Hong Kong.

Conference Theme

Be Inspired, Be Empowered

As Jaycees, we share the same aspiration in making the world a better place. Brotherhood, economic justice and rule of law are values we cling to. What is more, Jaycees are devoted, responsible and action-oriented, we strive to turn passion into action. We act what we plan and do what we say, aiming at enriching our lives via active participation in Jaycee movement and ultimately, creating positive impact to the society.

The Conference theme "Be Inspired, Be Empowered" enlightens the core value of Jaycee and provides a vision for the 2012 JCI Asia-Pacific Conference. Well orchestrated programs of the Conference will help inspire individuals to feel the urgency and importance in having a positive change, and at the same time, empower our neighbours and friends from around the globe to make a difference for the world.

Let's "Be Inspired, Be Empowered" through experiencing an amazing Hong Kong Conference!

Message from JCI President

I would like to thank everyone who attended the very successful and motivational 2012 JCI Asia-Pacific Conference in Hong Kong. This was a great opportunity for JCI members and partners to unite as we continue to advance the JCI Mission.

The programs and events offered to JCI members were a collective of unique dialogue and interactive forums to provide young active citizens with the tools and resources to impact their communities. JCI members who attended became much stronger in order to carry out the JCI Mission through the means of the JCI Active Citizen Framework. I know everyone who took part in this occasion has the ability to be a strong leader in their communities and create sustainable solutions to problems.

The 2012 JCI Asia-Pacific Conference was also a great opportunity for JCI to work collectively with members in order to guide the future of our global organization, collecting valuable information and insight. This will ultimately lead our organization into a strategic direction for the near future. It was very exciting to see everyone's involvement in the Strategic Planning Committee Forum and I would like to thank those who actively participated.

Thank you to JCI Hong Kong for hosting this year's JCI Asia-Pacific Conference and I am very pleased with everything that was accomplished. I look forward to seeing everyone again in Taipei, Taiwan to acknowledge our achievements for 2012 and continue to move our organization forward.

Sincere regards,

Bertolt Daems
2012 JCI President

Message from Conference Chairman

On behalf of 100,000 members of Asia and Pacific, please allow me to express our Sincere Appreciation to each and every one from this area and participants of our memorable Area Conference between 7-10 June 2012 in the beautiful East meets West city of Hong Kong. I have no doubt that it was a lifetime unique experience, and you have learned a lot by active participation in our Conference!

At a year of turning Passion into Action to get real Result, with your valued support, we have been very successful and challenging ! Our conference had created Public awareness of UN MDGs, JCI Mission, Vision and value, to run Active Citizenship Framework, Impact and Strategic Planning Forums and trainings. Every single activity is dedicated to membership quality increases, better understanding, and future planning. And of course establishing friendship between National Organizations, Members and heart to heart! I am happy that we have reached the target of having many positive feedbacks.

Thank you for your great support to advisors, senators, past presidents and Sponsors, National Organizations, Leaders of 2012 National Presidents, most importantly members of Active Citizens- without your endless support and participation it could not be such a memorable and successful Conference. Being part of such a wonderful Organization we do count on your dedication and contribution as living example of Active Citizens, also as young leaders of this entire world many other citizens are looking forward to our involvement, leadership and commitment.

I deeply express my gratitude to the team of Conference Organizing Committee under leadership of my friend Conference Director Raymond Li and the host country of JCI HK with leadership of Stanley Ng- who have done an outstanding job for our friends in organizing a fruitful Conference in our life. Your time, your heart, your love and passion is truly appreciated and we will never forget it!

Last but not least in finishing my greetings, I would like you remind all once again to remember great speech of the former UN Secretary General Kofi Annan" if you see something wrong in your community or society do not wait till someone will change, do yourself and it does not have to be big" . I am sure you have learned a lot from our Conference and in the great commitment of contributing towards positive change as a collective force of young active citizens in JCI and we all can do it as one Global team!
Be Inspired and Be Empowered!

Batbayar Ulziidelger

On behalf of JCI Hong Kong, I would like to present my heartfelt appreciation to all the 4,800 and more delegates of 38 Nations from the world for coming to this Asia's World City for the 2012 JCI Asia-Pacific Conference Hong Kong. With you, the conference was rich of knowledge, experience, ideas from different historical and cultural background.

JCI Hong Kong, as the host of the first regional conference of Asia in 1951, is of greatest honor to be able to gain the trust from JCI and all national bodies in the region to allow Hong Kong to organize 6 ASPACs in the history and be the host again this year. The actions of JC movements in the past 62 years have made Hong Kong a true international city, allowing young people in Hong Kong with international exposure and committed to global citizenship. All the members of JCI Hong Kong from 19 Chapters are so honored for gaining the chance to share our effort for the JC movement in the region.

My sincere gratitude goes to the JCI offers under the leadership of JCI President Bertolt Daems and Conference Chairman JCI EVP Batbayar Ulziidelger. The conference cannot be such a success without your advice, inspiration and trust. The programs of forums, trainings, competitions, seminars, ceremonies and outreach activities have not only equipped our members with better knowledge and international connection, but have also created positive change to the Hong Kong community, which will have long term impact on the future.

I would also like to present my appreciation to every member of Conference Organizing Committee led by Conference Director Raymond Li for their outstanding job and the great support from Executive Committee led by Chairman Past National President Andrew Wong and Chief Advisor Past National President Sonny Yu. We Decide Our Future!

Senator Stanley NG
2012 JCI Hong Kong President

Message from Conference Director

JCI Asia-Pacific Conference eventually ended, but the memory will stay with me forever. It was a miraculous journey to organize the ASPAC from ground zero to seeing delegates from all over the world gathering in Hong Kong. The experience of being the Conference Director enabled me to understand, to improve, and to learn about the different cultures. The conference would not be a success without your participation and the dedication and hard work of the COC and advisors.

I am sure that the experience was not limited to a personal level, but also one that create positive impact to our volunteers, organizing committee members, delegates and our community.

On behalf of the COC, I would like to thank you for your participation and I hope that you felt empowered and inspired to be the change of your community.

My special thanks to each one of you, as you have made the experience special for me.

Gala Dinner

The Gala Dinner was the "Closing Ceremony" for the JCI 2012 Asia-Pacific Conference. About 2,280 delegates were there to celebrate and partying after 5 days of Conference which was full of meetings, trainings, fellowships, sharing and of course fun and laughter.
Lots of thanks and appreciation were given by JCI President Bertolt Daems, Conference Chairman Batbayar Ulziidelger, and Conference Director Raymond Li. Tokens were given out in appreciation to those that had contributed to this Conference.
There were lots of food but the delegates were more interested in interacting and networking with friends, both new and old rather than what were served on the tables.

There were lots of photo taking, plans making as well as saying goodbye. Delegates were trying to make full use of the last few hours of the Conference.

The Gala Dinner was held at Asia-World Expo on 10 June, from 20:00 to 24:00.

ASPAC Evaluation and Victory Party

An Open Forum for Conference Organizing Committee and JCI Hong Kong members was conducted to review and evaluate the process and implementation whilst organizing the ASPAC in June 2012.

The recommendations and suggestions given during the Forum served as a valuable guide for JCI HK members when organizing future large scale events, conferences and congresses.

The Forum was held at the Customs Headquarters Building on 20 October from 15:00 to 19:00, with over 120 members participating.

A dinner party was hosted by the COC for all JCI HK members who had participated in the organization of the ASPAC conference, in recognition of their hard work and unfailing support to JCI.

Over 200 members participated and enjoyed the party with lots of food, drinks, and laughter. Members were much release and relaxed after a year of hard work in preparation and organizing for the ASPAC conference.
