What is the Senator no. of National President Senator Clement? What is the name of the Senator with Senator no. 18842? Who are the attended Senators with the smallest and largest Senator no. respectively? Do you know the answers?

Participants including Past National Presidents, NOM Officers, LOM Presidents and Senators were enthusiastic in taking part in the games of matching the name of ten Senators with their corresponding Senator no., identifying the presented Senators with the smallest and largest Senator no. respectively during the 1st Senate Dinner Gathering on March 28, 2007. Nine participants got eight correct answers and random draw was used to determine three winners for the matching game: PNP Senator Spencer Li, Senator Vincent Chung and Senator Francesca Ng. Senator Shirley Chan and Senator Joanne Li guessed correctly that PNP Senator Charles Yeung and NEVP Senator Cindy Yeung were attended Senators with the smallest and largest Senator no. Both PNP Senator Charles and NEVP Senator Cindy shared their feelings with the participants.

The peak moment came when our honorable guest speaker Mr. Lee Chan Wing, an experienced commentator, delivered his talk on "特首選舉前後" Mr. Lee shared his experience on the public speaking skills by citing examples from the public speaking performance of the candidates of the Election of the Chief Executive of HKSAR. He pointed out that there were three categories of people: "visual people", "audio people" and "feeling people". "Visual people" is sensitive to visual presentation, "audio people" is sensitive to audio presentation and "feeling people" is sensitive to heart-touched presentation. If you can identify which category of your audience, you can attract their attention by using specific presentation approach. Also, he demonstrated the skills of eye contact and body languages by inviting some participants for role-play, shared some tips of relaxation before delivering speech. The participants were deeply attracted by his talk and actively asked questions and shared their own experience. All participants enjoyed very much and highly valued the talk.

If you miss the event, you have another opportunity to join the 2nd Senate Dinner Gathering, which is scheduled on June 21. Please come and have a chat with other Senators!

MESSAGE FROM EDITOR

First of all, I would like to take this opportunity to thank the contributions from each NOM office and LOM to Harbour Lights.

The purpose of Junior Chamber is to contribute to the advancement of the global community by providing the opportunity for the young people to develop their leadership skills, social responsibility, entrepreneurship, and fellowship necessary to create positive changes.

Serving as the Chief Editor of Harbour Lights, I got a priority in reading the reports from each NOM office and LOM. Frankly, I am impressed with the efforts and achievement that NOM officers and LOMs made.

For this issue, we have coverage of JC Public Speaking Contest, JC Sports Day, Visit to All China Youth Federation, 42nd National Convention, PMO2, as well as a series of community activities that JCIHK participated in the celebration of the 10th anniversary of the establishment of HKSAR and etc.

In addition, we for the first time, introduced 《青商》 a Chinese supplement to our members.

We hope you enjoy reading it!

MESSAGE FROM NATIONAL PRESIDENT

Dear fellow members,

Time flies!

By the time I wrote this message for the second issue of Harbour Lights in 2007, it was already the beginning of May. Our national and chapters' projects have been rolling out, trainings conducted to our members and outsiders like Junior Police Call, visit to All China Youth Federation in Beijing and their return visit, Business Networking activities with outsider organizations, Public Speaking Seminar and Contest, Recruitment Seminar and Orientation, Senate and senior members gathering, participation in activities organized by the government, sponsors, partners, and various outsiders' organizations etc.

I would like to thank all members from the national and chapters, advisors and sponsors who have been involved and who are to be involved in the organization of this year's projects. In particular, I would like to thank my national board of directors and all hosting chapters of national projects. Your participation brings valuable training opportunities to our members, outsiders and most importantly, yourselves.

The next few months would be the "peak season" for us. Just to name a few important upcoming events, the JCI ASPAC will be held at the end of this month in Chung-li, Taiwan from May 31 to June 3. So far there are almost 140 members from Hong Kong registered for the conference. We are about to enjoy the very special JCI international opportunity soon. JCI World President Scott Greenlee is to make his official visit to Hong Kong from July 15 to 18. The reception dinner will be held on July 16. Stay tuned for more news of the WP's visit.

Regarding business opportunity, Best Business Plan Award workshop in May, Business Visit to mainland China in June and CEO Forum in July are the highlights of the next quarter.

Community-wise, we are in the process of co-organizing a thousand youth delegation to Beijing by train from July 16 to 24 celebrating the 10th Anniversary of the establishment of the Hong Kong SAR Government. As July 1 approaches, many of us will be attending a lot of celebration activities in Hong Kong. Taking the opportunity of the upcoming new term of government and the district council election in the end of this year, I would like to encourage our members and senior members again to participate more in serving our community. Hong Kong needs the contribution from her young, committed and well-trained citizen like us. We joined Junior Chamber to train ourselves up for the contribution to and the betterment for our society. This is in fact the very purpose of our organization.

National training team including TDC will continue the Leadership Development series of program. Training Institute with the TDC trainers have been performing great in offering trainings to various commercial and other outsider organizations such as Junior Police Call. We also shall try to offer training courses to mainland Chinese officials. Our flagship project, the Ten Outstanding Young Persons Selection, is in full swing. President's Academy will be held in early August. It is time to look for our successors now!

Last but not the least, many of you would have known but I would like to welcome again the application for provisional LOM to JCI Hong Kong from City Lady Junior Chamber (CLJC) in March. The application has been adopted by the national and CLJC are to perform the necessary requirement in order to apply for full affiliation at the 42nd National Convention, hosted by East Kowloon Junior Chamber, in September 2007. It has been 13 years since JCI Hong Kong last admitted a new chapter. Let's welcome our youngest sister CLJC!

Recently, I have learnt that some members are feeling the pressure of Junior Chamber work as we approach the busiest period of time in a year. This is normal. Junior Chamber is the place for us to come to learn to lead, learning to become better leaders! And leaders usually do not live comfortably as there are so many responsibilities that they need to shoulder. This is exactly the type of training that would benefit us and our society. So, dear fellow members, congratulations to your gain. Do keep up your good work and seize every opportunity to train yourselves up! Yet, do try to strike a balance between your family, your work and your self development at JC. You need the support from your family and your company to make your self development process sustainable.

Enjoy your JC life and see you at the next event!

PL: President Perlman Lau, East Kowloon Junior Chamber
FC: Fanny Chan, The 42nd National Convention Director

FC: I am proud to be the 42nd National Convention Director. First of all, I would like to take this chance to thank President Perlman for your invitation to me to be the 42nd National Convention Director. I would also like to thank the advisors, past presidents and EKJC members for their encouragement and valuable advices to me. President Perlman, could you share with us the reasons why EKJC bids the National Convention this year?

PL: National Convention is a very unique project. We are delighted to host the National Convention at the time when the EKJC is celebrating the 10,000 days of empowerment. For members, this is a good opportunity to train themselves up through organizing the event, to develop and enjoy JC life through learning by doing, and to advance their leadership and communication skills. For our beloved chapter, we can enhance our image through hosting the National Convention. We encourage all our members to participate in the National Convention particularly through organizing this big NOM project, to reflect the training and family culture of EKJC. We strongly believe that our members will discover their potentials and enhance their abilities through the process of organizing and participating.

FC: I agree absolutely. National Convention provides an opportunity for our members to "learn to lead, lead to learn" in the process and to learn how to communicate and work with people of different backgrounds, experiences and characters. I believe all of us would have the breakthrough of ourselves in vision, capability and the way of thinking, and also have unique and memorable NC experiences after that. This is one of the reasons why I want to be the Convention Director this year, to create positive changes for myself and our chapter.

PL: It is amazing to see that we've got lot of supports, not only from our chapter, but also from NOM and other LOMs. We have received an early bird of 180 registrations from NOMs and LOM presidents at the NOM joint board meeting in April.

FC: Great! Thanks for the supports from NOM officers and all LOM presidents. Through the convention theme "Be Better" this year, we hope we can be better leaders, better trainers, better ourselves, to have better JC life, better families…all come into "better life". Some program highlights include: pool-side VIP cocktail reception, international training from JCI trainers, tour for delegate families, convention walkathon, success dynamic training program and more… "It's more than a convention. It's an experience for your lifetime." **For registration, please download the registration form from website (www.ekjc.org/42ndconvention/) or email to registration_42ndnc@ekjc.org**

Raymond Wong
Project Chairman

First of all, thank you JCI HK for organizing the public speaking contest, which is an excellent learning platform. Speech development was the most challenging for the first round of competition. I was very blessed to have the expert advice of PP Senator Joseph (also a World Class Trainer) and IPP Kristine (also a World Congress Public Speaking Contest Participant). It was thought provoking to see a broad topic like "Be Better" be scoped in a delicate manner and eye-opening to see how props were utilized to draw resonance with the audience.

Another interesting part in the whole process is actually managing the stress of competition. No matter how much one practices, some degree of "before competition nervous" syndrome is inevitable. For me, I did no rehearsal while waiting for my turn to speak. On the contrary, I literally exercised, took some deep breath and drank some warm water to try to calm myself and my muscles down from the consuming moments. Of course, seeing my dearest cheering team from OJC is the best cure of all!

In light of the ASPAC competition, my biggest challenge would be speech delivery, but as my topic "Be Better" attests, I will strive for my best to deliver a better speech!

Last but not least, special thanks to the public speaking contest judges, the OC team, fellow participants, my dearest cheering team from OJC and expert coaches (PP Senator Joseph and IPP Kristine), you all made the event wonderful and memorable!

"Present Your Strength with a Powerful CV" workshop – February 3

Trainer Connie Pun (HKJTT) has taught the audience the composition of a powerful CV, and how to reveal information from the advertisement exhaustively. The workshop was well delivered to a small group of participants.

I would like to thank for your efforts for organizing the seminar last Saturday. This is a good lesson for me to equip myself to be a more competitive human resource in the society. I'm looking forward to attending seminar / training hold by you next time."

Feedback from audience

Welcome JCI Japan

JCI Japan National President Okuhara Shoji accompanied by 3 JCI Japan delegates visited JCI Hong Kong from Apr 10 to 12. It is my pleasure to help in the reception job.

This is because I joined Kyoto Convention in January and they have a warm and excellent reception for me. It is really happy for me to meet some of the JCI Japan friends again.

The purpose of their visit is to promote their large campaign *"OMOIYARI". "OMOIYARI"* is a Japanese term that incorporates the meanings of consideration, compassion and empathy. By promoting this spirit, they hope that people can consider problems in other's situation and achieve mutual understanding, acceptance and trust. Hence problems can be resolved by peaceful means other than military force and leads to world peace.

Our National President Senator Clement Woo met JCI Japan National President Mr. Okuhara Shoji and exchanged ideas about world peace movement in Area B (Asia Pacific). It is a meaningful and fruitful discussion for cross national organization co-operation. We hope by putting together our efforts we can create a better society, better nation and even a better world.

This is another interesting and fruitful experience for me through the international development chance provided by JCI. International development is really a valuable and unique chance that you are unaffordable to miss. Hope to see more members joining International Activity and share the experience together.

National Prospective Member Orientation II

The National Prospective Member Orientation II (PMO2) "青年才俊　滙聚青商" which was jointly hosted by Victoria Junior Chamber, Lion Rock Junior Chamber and East Kowloon Junior Chamber had been successfully held on the night of April 19, 2007 at JCIHK Office. It was our honour to have Mr. Shiu Yeuk Yuen and PP Gloria Leung of Lion Rock Junior Chamber to be our speakers. With the power of the humorous speech by Mr. Shiu and the inspirational sharing by Gloria, and with all the hard work of our OC team, we had successfully invited more than 170 audiences. Among them, 35 of them were PM and 63 of them were new friends. A total of 13 new friends signed up to be PM on that night.

Without the endeavour support of all NOM officers and LOMs, the PMOII could not be held successfully. May I take this opportunity to express my heartfelt thank to all of you and congratulate VJC, LRJC and EKCJ who are the winners, 1st runner up and 2nd runner up of the Highest PM/PPM Attendance Award respectively.
Last but not least, I would like to express my earnest appreciation to the hosting LOMs which are VJC, LRJC and EKJC, especially P Florence Choy, P Ken Lee, P Pearlman Lau, MA team of 3 LOMs including Johnny Kwan (VJC), Cherry Leung (LRJC), Karlene Chan (EKJC) and the OC team, namely Chairman Clare Pei (VJC), Michelle Cheung (VJC), Wilson Chan (VJC), Clara Tsang (VJC), Vincent Lui (LRJC), Ida Ma (LRJC), Xiaofei Teng (EKJC). I would also like to say a big "THANK YOU" to all helpers.

I hope more new faces will join our big family --JCIHK! Wish us have a great membership growth in the future!

National Board adopts CLJC PLOM application

The application for Provisional Local Organization Member of City Lady Junior Chamber (CLJC) was adopted at the March National Board Meeting, and CLJC officially became a Provisional Local Organization Member (PLOM) of JCI Hong Kong.

According to JCI Hong Kong By-Law, similar to a prospective member (PM) in local chapter, PLOM is required to fulfill a set of requirements before they could apply for a full affiliation as a local chapter of JCI Hong Kong

By having a new local organization member, we hope that we can bring in new ideas, new network, new power and new impact to our organization. As JCI President suggested, one of the ways to increase membership is to establish new chapters. New chapter generate more chapter positions and project teams, hence more chances for Hong Kong young people to practice leadership. It also means more power to create positive changes to our society and realize JCI vision. These can further arouse public attention to JC movement in Hong Kong and create a cycle to have more young people participating in our movement.

I am delighted to be assigned as the National Assigned Executive Officer (NAEO) of this new PLOM. We wish CLJC all the best and also our JC movement can "BE BETTER" in Hong Kong.

獅子山青年商會 - 卓越領袖系列

本年度本會以『卓越領袖系列』為每月月會講座的專題。

在過去的3月及4月月會講座中分別以『六十分鐘行為解碼』及『演講　演講』為題。顧名思意要成為卓越領袖之前，必須知己知彼　了解自己　通過訓練，才有卓越表現。

3月月會中，我們邀請得著名企業之專業訓練導師梁美子(Joyce)小姐為『六十分鐘行為解碼』的主講嘉賓。　當日Joyce為在座的會員進行了一連串的『行為解碼』。　在短短的六十分鐘內，透過幾項問題、遊戲及D.I.C.S.的人格分析　引領各會員從新看清自己。　原來　專業導師Joyce在月會的頭六十分鐘一直有觀察在座各位的行為與表現　隨後更為好幾位會員加以特別分析及評估。　使我們深明白到要自我觀察之餘亦必須接受旁人的分析才能大底地認識自己，是次講座使各會員聽得津津樂道之餘　又一証實了『旁觀者清』『專業與非專業』的導理。

而在4月月會『演講・演講』中，本會更有幸地邀請得資深主持人兼現任新城DJ鄭啟泰(Eric)先生為我們分享他在台上『演』與『講』的經驗。 Eric以他一冠輕鬆幽默的手法道出我們在台上經常犯上的錯誤　與此同時亦為將於4月28日『公開演說』比賽的參賽者一同備戰。在當晚的講座中段　主講嘉賓Eric更邀請本會會員兼其舊拍檔劉詩敏(Sylvia)小姐同台演說。令當晚的高潮推得更高使全場的聽眾在一片歡笑聲中渡過　更可喜的是這次月會講座吸引了多位非青商會友參加。　可想言之，主講嘉賓的吸引力實在是無人能及。

到了黃昏，我們又於元朗大棠荔枝山莊設下美味豐盛的傳統盆菜宴 -- 「金盆御膳元朗夜籌款晚會」

Be Your Own Boss

On April 23, 2007, Dragon Junior Chamber held its Monthly Fellowship Gathering (MFG) at Royal Garden Hotel, TST. The theme of the MFG was YBHK – BYOB. YBHK stood for Young Business Hong Kong and BYOB stood for "Be Your Own Boss". It was an organization that provided both loans and consulting services to young entrepreneurs.

Our Chapter invited their Secretary General, Louisa Lau, and the representative of one successful applicant, Felix Chung from the Ecosage Limited, to introduce and share their entrepreneurial experience on their business in recycling. While the government is pushing the "Action Blue Sky" campaign and promotional films are broadcasted everyday, Felix and his partner step forward and make an effort for environmental protection by running their own company.
