Our major emphasis theme for this year "Help the Disabled" inspired most of our Chapter members to launch meaningful community projects to promote efforts to arouse the awareness of the general public towards the rights of the Disabled Persons in participating in and contributing to the various aspects of our social economical lives, and to seek available opportunities for suitable works for Disabled Persons to maximize their full integration in our society.

We have chosen for this Convention the theme "Disabled Persons - A Resource for Economic Growth" with our Convention logo so designed to signify our commendable concern on the subject. Prominent speakers have been invited to talk at the two Convention Seminars prepared for our delegates as well as the general public.

Preparation for the Convention began in September 1980 and until to-day, over 50 Peninsula Jaycees members have been devoting much of their time to make this Convention a success, I like to take this opportunity to express to them my sincere gratitudes.

We must also thank the Hon. S.E. Alleyne J.P., Director of Social Welfare, to be our Guest of Honour at our Opening Ceremony, distinguished guest speakers at our Seminars and the generous sponsors and advertisers whose helps have made this Convention possible.

We have confidence that we shall be able to meet your expectations, please try to get maximum benefit from every program we have prepared for you.

John C.W. Wong

MESSAGE FROM WORLD PRESIDENT JAYCEES INTERNATIONAL

JAYCEES INTERNATIONAL

MESSAGE OF GREETING

OFFICE OF THE PRESIDENT
GENICHI "GARY" NAGAO

I am pleased to have the opportunity of sending my best wishes to all delegates attending the national convention of Hong Kong Jaycees.

A national convention is a significant event, which provides your organization with the opportunity of reviewing your successes, and shortcomings, during the past year; and of establishing your objectives and making your plans for the year ahead. The continuing development of your organization will depend, to a large extent, on the work done during the convention, and I urge you to participate fully in the meetings and activities that will take place.

As you gather together, I ask you to concentrate on the challenges that face the Jaycee movement in the rapidly changing world of today.

While you have achieved a great deal in terms of growth and development, you will realize that there is still a great deal to be done. There are still many young people in the community who are not enjoying the opportunities and benefits of Jaycee membership. Instill in them the spirit of economic justice, of service to the community, and of the brotherhood of man - principles that are so well enbodied in our Creed.

Above all, I challenge you to look outwards, and to contribute to the dialogue between the industrialized and developing nations that JCI is encouraging this year. Remember the mission of the Jaycees - to contribute to the advancement of the global community by providing the opportunity for young people to develop the leadership skills, social responsibility and fellowship necessary to create positive change. JCI will be promoting international economic cooperation at all levels this year, for we agree with former Chancellor of the Federal Republic of Germany Willy Brandt that "the shaping of our common future is much too important to be left to governments and experts alone." Every one of your members has a role to play, and I am confident that you will accept this challenge. The world must achieve balance in terms of resources, for the only alternative is conflict.

As JCI President, I congratulate you on your past successes, hope that your current activities will be enjoyable, and wish you all the very best for the future.

Genichi Nagao
President

1981 JCI EXECUTIVE VICE PRESIDENT
BARRY L. KENNEDY

MESSAGE

Congratulations on another year of progress in the history of Hong Kong Junior Chamber of Commerce.

I had the privilege early in the year to share a very brief period of time with you, and I must admit that it was an inspiration to me. Your commitment, dedication and the strong desire to contribute towards the well being of your community around you, serve as a standard of achievement for others to follow.

Again, congratulations on your past successes, may they serve as the challenge of even greater accomplishments in the future.

1981 JCI VICE PRESIDENT
KJELL PETERSON

MESSAGE OF GREETING

It is with great pleasure I am sending this message of greeting to all the delegates on the occasion of your National Convention.

The National Convention serves a most useful and important purpose. Not only does it bring together members who are genuinely concerned with the significant work of the Jaycees. But it is also the outstanding occasion when the last 12 months are seriously reviewed and the performances are evaluated.

This will then build the platform for planning the year ahead. As we develop these plans, it is essential that we build on our strengths and try to improve our weaknesses. The results will be a more dynamic and even stronger Jaycee organization.

In closing my special thanks goes to President Edmond Pang and his Board of Directors for a fruitful cooperation and for a hard-working and successful year in favour of the Jaycees.

With my best personal regards and wishes.

MESSAGE

The National Convention is the most important event of the year in any Jaycee Organisation the world over. During the National Convention performances of National as well as Chapter officers are reviewed and evaluated. It is also the supreme authority of the organisation when the views and wishes of individual members, through their Presidents, be heard and the majority's decision be followed by the in-coming National administration. However, in order to achieve this, active participation by all delegates is vital in order to arrive at good and sensible resolutions.

It is also an occasion to renew old relationships and to recognise outstanding performances of individual members and Chapters.

The Convention Theme "Disabled persons - a resource for economic growth" is particularly well chosen during the International Year of Disabled Persons. It recognises the values of disabled persons and resounds our local call to integrate disabled persons into the community.

I wish every delegate a very enjoyable Convention and send my many thanks to the hosting Chapter, the Peninsula Jaycees and Convention Director, John Wong, for organising this Convention which promises well for a successful one!

The highlight is, of course, the election of your leaders for the coming year.

It is my sincere wish that all our members can fully participate in the various work-shops and seminars, with the aim to exchange ideas and to contribute towards the improvement of the Hong Kong Jaycees.

MESSAGE

We congradulate the Hong Kong Jaycees on the selection of 'Disabled Persons, A Resource for Economic Growth' as the Theme for your 16th National Convention. Indeed, Jaycees' Conviction in developing human potential and enhancing understanding to achieve global prosperity and harmony should be extended not only to the privilaged and abled but also to the underprivilaged and disabled. Disabled persons, given the encouragement and opportunity have a valuable contribution to make to Economic Growth and can justifiably claim a right to do so.

Myself being Convention Director of the 9th National Convention have a first hand knowledge of the tremendous amount of work required in the putting together of an event of this scale, may I on behalf of my fellow elected trustee members, Senators Benjamin Wong, Y.K. Chan and T.H. Burma express to the Convention Director John Wong and his committee members our appreciation for their leadership and selfless efforts in organising the 16th National Convention on all the Jaycee mambers' behalf.

To all Jaycees, may you be amply awarded in acquiring even more training, experience and fellowship through participating fully and actively in the Convention Program.

Yours in Jayceeism,

MESSAGE FROM HON. LIFE PRESIDENT HOSTING CHAPTER PENINSULA JAYCEES

(THE HON. CHARLES YEUNG, OBE, JP)
Member of the Legislative Council

Charles S. C. Yeung

MESSAGE

May I offer you my warmest greetings on the occasion of the opening ceremony of the 16th National Convention of the Hong Kong Junior Chamber of Commerce.

During the past years, the Hong Kong Jaycees have been working diligently in the highest spirit of Jayceeism in serving the community and at the same time creating opportunities to learn and train themselves to be better organizers and to prepare themselves to shoulder heavy responsibilities. They have gained valuable experience by working in the projects they organized. Many of the Jaycees have become renowned leading citizens of the community with proven record of success in their own profession and in contributing to the welfare and well-being of the people of Hong Kong.

I have no doubt that the Hong Kong Jaycees will keep up the traditional good spirit and bring the Jaycees movement to a higher level of achievement. I wish all of you success in your future endeavours.

By tradition, once every year all the Jaycees from different Chapters will have the opportunity of meeting each other in the National Convention to exchange their experience, discuss matters of mutual interest, helping each other to overco difficulties, and above all to renew friendship and acquire new friends by taking part in workshops, meetings and sessions. To provide such an opportunity and to organize the National Convention are by themselves a challenge to the organizers as well as an honour of the trust placed upon them. The Peninsula Jaycees are indeed privileged to be chosen as organizers and they will be justly proud of the success and find satisfaction for the job well done after days and months of hard work, frustrations and uncertainties.

Congratulations

MESSAGE

With a great deal of pleasure and pride, I send my warmest personal greetings to all the delegates attending this 16th National Convention of my home National Organization.

A convention is one that exists not simply or exclusively for the purpose of electing new officers and to have a lot of fun. A National Convention is one in which each and every single Jaycees via various business sessions and open forum could voice his opinion about the affair of the union of their own National Organization, propose new directions, new ideas, new objectives for the organization; and thereby enlightening the incoming administration on what are the needs and desires of the general membership. A General Assembly is not one which only the Chapter Presidents and Chief Delegates say what they have to say; but one which the Chapter Presidents and Chief Delegates via opinions and proposals expressed or made on behalf of the general membership they represent, propel and motivate the entire National Organization to a higher degree of achievement in the forthcoming year. It is my very sincere wish that every single member of Hong Kong Jaycees will bear this in mind and help their respective Chief Delegates to become a truly outstanding and truly faithful representative of their respective Chapter.

I wish you all the success, all the fellowship and all the fun at this Convention.

MESSAGE

It is a privilege for us to be the hosting chapter of this national convention, especially in a year when we could look back in pride; when a vast majority of our chapters have carried out great projects that are not just events but happenings; when a potentially great chapter in City Jaycees is born; when our membership would exceed the magic number of 1,000; when it is good to be a Jaycee.

On behalf of Peninsula Jaycees, I wish you all a big welcome, let us together make this great get-together of us all another great Jaycee happening.

REPORT TO MEMBERS OF THE GENERAL ASSEMBLY FROM NATIONAL PRESIDENT - EDMOND K.M. PANG

I am proud for having been given the chance of serving the Hong Kong Jaycees as your National President for the year 1981 and now have the honour of submitting my report on the NOM affairs for the first nine months of my term of office.

While appreciating that it is impossible for me to include every detail of the NOM's affairs, I would request you to make reference to the reports of my fellow National Officers where necessary.

I. OBJECTIVES OF THE YEAR

A. OVERAL OBJECTIVES

(1) To achieve a net membership growth of 20%.

(2) To project a better image of the Jaycee Movement in Hong Kong.

(3) To promote better inter-LOM and inter-Member relations.

(4) To co-ordinate and promote better training of members at all levels.

(5) To provide better services and facilities to LOMs at the Chamber Office.

(6) To support the United Nations International Year of Disabled Persons (IYDP).

B. SPECIFIC OBJECTIVES AND ACHIEVEMENTS

(1) Emphasis have been placed on membership retention with National Vice-Presidents and National Membership Director giving assistance and advice to LOMs whenever there is a need.

By means of a Membership Drive, two press supplements on June 24 and 25 and a week-long Membership Exhibition at 3 MTR Stations, quite a large number of enquiries were received and the NOM would have held 7 Orientations for prospective members by the time of the National Convention.

At the time of writing, total individual membership stands at 945, an increased of 10% over the 859 as declared at the 1980 National Convention.

I. B. SPECIFIC OBJECTIVES AND ACHIEVEMENTS

(1) (Cont'd)

The reason behind our inability to reach the target is perhaps due to the facts that most of the LOMs have been undergoing a phase of consolidation after rapid growths of 51% in 1979 and 16% in 1980 (Congress declaration figures used) and they are more conscious on retention rather than on extension.

(2) A constant effort has been made to keep government as well as business leaders informed of the movements of the Hong Kong Jaycees. As a result Hong Kong Jaycees as a whole have been able to invite high ranking government officials and community leaders to attend functions of the LOMs as well as the NOM.

The Jaycee Week held between July 26 and August 1, chaired by Senator Nora Cheng, has proved very successful and definitely has carried to a great extent our efforts in this direction.

(3) In order to promote better inter-LOM and inter-Member relations, joint projects are always encouraged and holding of the 1981 Jaycee Olympics also help a lot in serving the purposes.

Although there were some small teething problems with the 1981 Jaycee Olympics (all events hosted by LOMs), the overall results have been encouraging.

(4) After the large influx of new members for the past years, training for members has been emphasised. Apart from the many leadership training courses launched by the LOMs, the NOM also organised its own.

(5) With the completion of renovation works at the Chamber Office towards the end of June, more meeting space has now been provided to meet with the ever increasing demand for such facilities. In addition, a paper fold-machine as well as an addressograph have been added to the existing equipments. With more space now available, a full range of Jaycee publications will be stored up and a library for the use of NOM and LOM officers and members alike.

The $60,000 strong expenditure in this respect is well justified and I have to make to note of thanks here to 1979 National President and my Advisor, Senator Sonny Yu, for his time, effort and expertise without which the total expenses would have been at least 15% higher.

I. B. (6) In support of the United Nations International Year of Disabled Persons, which is also World President's Emphasis Program, the Hong Kong Jaycees have adopted 'Help the Disabled' as our Major Emphasis Theme for 1981.

Most of the LOMs launched projects in this respect, out of which 11 were of particular large scale. I have already made report to JCI Secretariat on our efforts which touched on thousands of disabled persons.

These large scale projects launched by the Hong Kong Jaycees certainly help, indirectly, in promoting our image in the local community as results of the very wide publicity attracted and the presence of prominent government officials and community leaders in the fild of rehabilitation of the disabled.

B. AREAS ASSIGNMENT

In order to cope with the JCI 4 Areas of Opportunities, the 3 National Vice Presidents are assigned to assist and supervise their National Officers as follows:-

Management (PR, ME)	Kitty Leung
Individual/International (LD,EA,IA).	Andrew Wong
Community (CD, YA, Theme).....	Gary Wong

Apart from supervising their respective National Officers, the National Vice Presidents are assigned to each of the 13 LOMs as a co-ordinating machinery between the NOM and the LOMs as well as a source of advice where needed:

Victoria/Island/Tai Ping Shan/ Dragon/City	...Kitty Leung
Peninsula/Jayceettes/Yuen Long/ Bauhinia	...Andrew Wong
Kowloon/Lion Rock/Harbour/ East Kowloon	...Gary Wong

The Secretary General supervises the RR Director, Chamber Office Manager as well as in charge of paid staff for the Chamber Office and in the setting up of the library.

The Hon. Treasurer is responsible for the NOM finance affairs and also supervises the INaugural Ball which is also used to raise NOM Activities Funds for the year.

C. ADMINISTRATION

(1) Following the recommendations of the LRPC as passed during the 1979 National Convention and taking the experience of the 1980 administration, the Board of Management (NOM Officers + Chapter Presidents) was abolished. However, Chapter Presidents are always welcome to attend National Board Meetings. Quarterly meetings, at the time of National Board Meetings, are held with most of the Chapter Presidents present. This has proved most useful in NOM/LOM co-ordination.

II. C. (2) The 1981 Policy Manual was adopted by all Chapter Presidents on 5th January and has form one of the most useful document for the administration of the NOM. Variations to constitutional requirements were made so that the maximum efficiency can be achieved .

(3) A close communication network between NOM Officers and LOM Presidents has always been maintained to ensure proper and speedy channelling of information to persons concerned.

(4) LOM Secretaries and LOM Directors Meetings were held with NOM Officers presiding in order to better co-ordinate the efforts of different levels.

D. MEETINGS

(1) NOM Executive Meetings were held every third Monday of the month with the ones in July and August devoted to mid-year evaluations.

(2) NOM Board Meetings were held every first Monday of the month.

(3) NOM Board Meetings in January, April, July and October when all Chapter Presidents are invited to attend.

(4) Two EGMs have so far been held. The first one held on 5th January had the 1981 Policy Manual adopted, General Legal Counsel appointed, etc. The second one was held on 27th February (an adjourned one from 29th January) had the 1978 NOM accounts adopted.

III. A. NOM FINANCE

(1) Budgets for the Administration and Project Funds were prepared and approved at the beginning of the year and regular reviews were made during the year.

(2) The NOM is again enjoying a very sound financial position and I expect there be surpluses in both funds to be carried forward to the next year.

(3) National Dues are collected quarterly from Chapters basing on the membership declarations made during the Quarterly Board Meetings.

(4) The 1981 Inaugural Ball was held on 1st February this year and raised a useful surplus of $39,000 which is used to finance NOM Activities.

(5) Commercial sponsorships totaling $21,000 were also solicited to finance certain NOM Projects.

III. B. NOM ACCOUNTS - 1978, 79 & 80

It has always been my wish to have the long outstanding matters of NOM accounts compiled and adopted. Our being unable to have the audited accounts adopted during General Assembly has hindered a lot our progress in the compliance of statutory requirements. However, with the assistance of the 1978 NP/NHT and 1979 NP/NHT, progress in this respect have been encouraging and I hereby report as follows:-

(1) The 1978 NOM Accounts were adopted during the EGM held on 27th February, 1981.

(2) The compilation of the 1979 Accounts has been particularly difficult due to the fact that quite a large portion of vouchers have been lost.

At the time of writing, however, a basic draft of the accounts has been compiled and will be sent to the Hon. Auditor for auditing. I hope the audited accounts will come back in time for their ultimate presentation to General Assembly during the 1981 National Convention.

(3) A draft of the 1980 NOM Accounts was ready early this year. But that cannot be properly compiled and submitted for audit without first having the 1979 closing balances ascertained.

I hope the 1980 NOM Accounts can be presented to General Assembly together with the 1979 Accounts.

IV. THE FOUR AREAS OF OPPORTUNITIES

A. THE INDIVIDUAL OPPORTUNITIES

This area is under the supervision of Vice President Andrew Wong and managed by Director Vincent Chan and Officer C.Y. Hui.

(1) NOM PROJECTS

- LOM Officers Training School
- LIA Camp (Joitly hosted by Kowoon and Dragon JC)
- Parliamentary Procedure in a Live Way
- Inter-Chapter Jaycee Quiz (Hosted by Victoria JC)
- Train the Trainers (to be held 29/11/1981)

The NOM also sent 4 Jaycees, viz. Edmond Pang, Junia Ho, Kitty Leung and Andrew Wong, to attend the JCI Pilot Programme 'Training for the Trainers' held prior to the JCI 1981 Manila Conference. They have now been qualified as JCI Trainers and have committed themselves to design and conduct training programmes locally for three years.

The NOM has the intention of setting up a 'Trainers Team' from which LOMs can draw speakers for their own training programmes.

IV. A. (2) LOM PROJECTS

Sharing the emphasis of the NOM on training for members, all LOMs conducted training programmes for their own members, drawing speakers from experienced Jaycees and NOM Officers.

As a result of the Dragon Jaycees initiating the Inter-Chapter Management Game, the NOM sent a team of 8 members to participate in the Management Game Competition organised by the Hong Kong Management Association. The 8 members are from the winning team (Harbour Jaycees) and first runner-up team (~~Harbour~~ Peninsular Jaycees) of the Inter-Chapter Management Game.

B. THE INTERNATIONAL OPPORTUNITIES

This area is under the supervision of Vice President Andrew Wong and managed by Director Tony Sun and Officer Joseph Chu.

(1) An International Affairs Seminar was held on 6th May for the benefits of NOM, LOM Officers and individual members.

(2) The Hong Kong Jaycees were represented in the 1981 JCI Manila Conference by a delegation of 87 members.

The highlights of the Manila Conference for the Hong Kong Jaycees are as follows:-

a. The Hong Kong Night was held and well attended by international delegates.

b. Existing relations between Hong Kong Chapters and overseas ones were renewed by means of joint projects and fellowship gatherings.

c. The Bauhinia Jaycees signed a Friendship Pact with Sampaguita Jaycees, Philippines.

d. The City Jaycees signed a Friendship Pact with the Malabon Jaycees, Philippines.

e. The Kowloon Jaycees was admitted to International Sister LOMs Organisation (ILSO)

f. The Bauhinia Jaycees was admitted to Asian Lady LOMs Council (ALLC)

The Conference has proved to be quite successful and Hong Kong Jaycees members benefited quite a lot from the many fuctions, seminars and workshops.

(3) Hong Kong Jaycees participated for the 11th year in the Japan Youth Voyage as port-of-call and a get-together-party was held to welcome the international and Japanese delegates.

Despite the fact that the 'Coral Princess' was 7 hours late, the party was held as scheduled. This demonstrated well the spirit of Hong Kong Jaycees internationally.

IV. B. (4) 1981 JCI Congress will be held in Berlin, West Germany between Nov. 8 and 15th. A delegation of about 15 Hong Kong Jaycees will attend this World Congress.

(5) A close relationship have been maintained with other NOMs, specially those in Asia, by means of exchange of correspondence and the NOM being represented in major functions of neighbouring NOMs.

(6) Chapters have been making constant efforts to foster closer relationship with their sister LOMs by exchange visits and joint projects.

C. THE MANAGEMENT OPPORTUNITIES

This area is under the supervision of Vice President Kitty Leung, managed by Director Christine Lim and Officer Elaine Cheung on the membership side, and managed by Director Josephine Mak and Officer Justina Chan on the public relations side.

(1) MEMBERSHIP

(a) The NOM set a target of net membership growth of 20% towards the end of the year. Now with only 10% growth, I personally do not think that this target can be achieved.

(b) The City Jaycees was approved to be a Provisional Chapter, becoming the 13th LOM of Hong Kong Jaycees. Starting with an initial membership of 51, they now have 100 members and is the third largest LOM in Hong Kong.

The efforts of Development Officer, 1979 National President and my Presidential Advisor, Senator Sonny Yu, in giving them the assistance and timely advices should rightfully be recorded.

(c) To standardise recruitment materials, the Membership Extension Manual was published by Membership Director Christine Lim. She also updated the slide presentation and all related material for the use of LOM and NOM officers in the field of membership extension.

(d) A Membership Drive was launched early this year, and as a result, many applications were received.

(e) By means of the Jaycee Press Supplements and the Membership Exhibition, we saw another flood of membership enquiries which have kept us busy for more than 3 months.

(f) NOM Orientations were regularly held to introduce our organisation to prospective members. Prospective members were then allocated to Chapters for follow up and coaching till induction.

IV. C. (2) PUBLIC RELATIONS

(a) External Public Relations

- A consistent effort has been made in the areas improving the image of Hong Kong Jaycees in the governmental, commercil and civic circles.

- Through constant contacts with goverment officials, in particular the Home Affairs Dept., the purposes and work of the Jaycees are now better appreciated.

- Chapters are always encouraged to invited high ranking government officials and community leaders to our functions.

- Media interviews and coverage to Jaycee functions, those of the NOM and the LOMs, have been numerous and have thus lifted the image of the Hong Kong Jaycees to another high of the past years.

- Though discontinued for a number of years, the press conference prior to the INaugural Ball was again held this year. The press conference, with the presence of JCI EVP Barry L. Kennedy and JCI VP Kjell Peterson added to the importance of the occasion and the public's better understanding in the Jaycees as an international organisation.

- The highlight of our external public relations was the Jaycee Week held between July 26th and August 1st. Apart from the media coverage attracted by the many projects launched by the Chapters, the week-long exhibition at the three MTR Stations and the press supplements virtually filled the community with Jaycee news during that week.

  The efforts of Chairman, Senator Nora Cheng and Vice President, Senator Kitty Leung are to be much congratulated.

- Representing the NOM, I have also attended quite a number of functions on the invitation of some government departments and voluntary agencies.

(b) Internal Public Relations

- On the 1st of January, a courtesy visit was made to the Government House and Government Secretariat with all National Officers and Chapter Presidents. Not only did it emphasised the importance we place on our public image, the luncheon that followed had served a very useful purpose of bring our officers closer together and understanding better the goals of the NOM as well as the Chapters.

- A NOM/LOM Officers' gathering was also held to further the purpose of the above so that a very harmonious atmosphere was built up right at the beginning of the year.

IV. C. (2) (b) Internal Public Relations (Cont'd)

- A Chinese New Year gathering was held and was attended by an unprecedented number of Jaycees and friends.

- Instead of holding the Jaycees Sports Day as in previous years, the NOM decided that, since members are also interested in many other sports, a 'Jaycee Olympics' was held with events in track & field, table tennis, bowling, basketball, football and a swimming gala covering the period from late April to early September. All these events were hosted by Chapters and I thank them for all that is done to make this 1st Jaycee Olympics a success.

- The NOM held a P.R. Seminar early this year for the benefit of NOM/LOM Officers. Top notch speakers in this field were invited.

- The bi-monthly National News continues to be published and served a very useful link of keeping members informed of current news at the NOM level.

D. THE COMMUNITY OPPORTUNITIES

This area is under the supervision of Vice President Gary Wong and managed by Director C.K. Tang and Officer Jones Wong. NVP Gary also supervises the work of Major Emphasis Theme Manager, Arthur Ho, who is responsible for the co-ordination, advice and encouragement of Chapters in the launching of projects on our theme 'Help the Disabled' in support of the International Year of Disabled Persons. Theme Manager Arthur is also the local chief liason officer with JCI Liason Officer in the New York Headquarters of United Nations for IYDP.

(a) Community Development/Youth Activities

- A Community Seminar was held late February and speakers were invited from the Social Welfare Department to give a talk on 'Community and youth problems in Hong Kong - and how Jaycees can contribute to solve them'.

  This seminar was well attended by NOM/LOM Officers.

- Chapters are encouraged to launch projects in the areas of CD & YA (apart from MET Projects). As a reault, nearly all Chapters are doing that, the most notable one being 'Anti Child Abuse Campaign' launched by Jayceettes and was awarded in the 1981 JCI Manila Conference.

IV. D. (b) Major Emphasis Theme - Help the Disabled

- The MET - Help the Disabled, was adopted during the EGM held on 5th January with NOM/LOM Officers acknowledging that it is most suitable for Hong Kong conditions and pledging their utmost spport.

- Support to the United Nations' International Year of Disabled Persons is also an emphasis of World President Genechi Nagao who has included efforts in this area in his Presidential Incentive Program.

- Many Chapters launched very meaningful projects on this MET, many of which are of quite large scale.

- Because of the meaningfulness of the projects, a lot of publicity has been attracted to reflect the other side of the Jaycee Movement as very civic conscious.

- I would refer members to the report from MET Manager, Arthur Ho, for the details.

V. JAYCEES INTERNATIONAL, INC.

A. JCI SECRETARIAT

(a) A very close contact with the JCI Secretariat has been maintained by mail and telexes and cables.

(b) So far a total of 12 SG Circulars to NOM Presidents have been received giving very timely and useful information about JCI.

SG Circular No. 12 announced that both Taipei (R.O.C.) and Winnipeg (Canada) are bidding for the hosting right of the 1983 JCI World Congress. It also announced nominations to the 1982 JCI Offices - 2 for President, 9 for EVPs and 21 for VPs.

(c) LOM mailings are now all centralised at the Chamber Office where bulk-breaking is made and distributed to LOM Presidents.

(d) I would like to record our heartiest appreciation for the assistance and advices from staff at the JCI Secretariat, in particular Secretary General Dan Rankow and Area Director Adrian Teo.

B. VISITS TO HONG KONG BY WORLD PRESIDENT

(a) World President Genechi Nagao made an unofficial visit to Hong Kong during which he met NOM Officers and paid a courtesy visit to Past World President and then Chairman of the Urban Council, Mr. Sales.

He arrived at Hong Kong on 18th March and left on 19th March.

V. B. (b) World President Nagao made his official visit to Hong Kong between 22nd and 24th May before he departed for the 1981 JCI Manila Conference.

A very heavy programme was prepared for him to meet as many Jaycees as possible and attend as many functions of the Hong Kong Jaycees as possible.

He paid a courtesy visit to the newly elected Chairman of the Urban Council, JCI Senator Hilton Cheong-leen.

The high-light of his official visit was an official reception held in his honour. The reception was attende by over 80 key Jaycees in Hong Kong.

We send him our most sincere and heartiest thanks for his taking the time to visit Hong Kong, many valuable advices given and in sharing his valuable experiences with us.

C. VISITS TO HONG KONG BY JCI EXECUTIVE VICE PRESIDENT AND VICE PRESIDENT

(a) JCI Executive Vice President, Barry L. Kennedy, made an unofficial visit to Hong Kong between 30th Jan. and 2nd February.

He attended the press conference prior to the reception party held in the evening of 30th January, the press conference prior to the 1981 Inaugural Ball and the Ball itself. He also made a courtesy visit to the then Chairman of the Urban Council and Past World President, Mr. A. de O. Sales.

His visitation has been very useful to the Hong Kong Jaycees as a whole, and myself in particular, when advices were most needed at the beginning of my term of office as National President.

(b) JCI Vice President, Kjell Peterson, made his official visitation to Hong Kong between 29th Jan. and 2nd February.

With all the meetings with NOM and LOM officers, his schedule was very tight, leaving him little time for rests. He was special guest to the various functions, in particular the reception party held on 30th Jan., was in his honour. His courtesy visit to the then Urban Council Chairman and Past World President, Mr. A. de O. Sales, helped to a great extent in promoting the image of Hong Kong Jaycees.

His guidance with regard to my term as National President and the plan of action of Hong Kong Jaycees put me in a better position to serve the organisation at the best of my abilities.

V. D. OUR ASSIGNED JCI EVP & JCI VP

Hong Kong Jaycees have been very fortunate in having Mr. Barry L. Kennedy (U.S. Jaycees) as our assigned JCI Executive Vice President, and in having Mr. Kjell Peterson (Sweden Jaycees) as our assigned JCI Vice President.

Through the numerous contacts I personally, and I am sure other NOM and LOM Officers share the same feeling, have benefited a lot from the valuable advices from these two very experienced Jaycees.

From them, I have learnt a lot in running this organisation & to become a better Jaycees. In them, I have found out what true leaders are like.

I would like to put to record, here, how much Hong Kong Jaycees appreciate their valuable and timely advices, and how Hong Kong Jaycees are proud in having them assigned to assist Hong Kong.

VI. HONG KONG JUNIOR CHAMBER OF COMMERCE TRUST FUNDS

The Hong Kong Jaycees now have two (2) Trust Funds. The first one was established in 1965 starting with a capital of $120,000 arising from the surplus from Hong Kong's hosting of the 1962 JCI World Congress. The second one was established in 1980 starting with a capital of $112,000 arising from part of the surplus from the Jayceettes' hosting of the 1979 JCI Hong Kong Conference.

The current Board of Trustees consists of Past NP Peter Tsang (Chaiman), Past NP Benjamin Wong (Treasurer), Past NP Y.K.Chan (Secretary), Past NP T.H. Barma and myself (ex-officio member). Apart from the current National President, the other 4 members hold office for 3 years.

This Board of Trustees manages both Trust Funds.

A. NO. 1 TRUST FUND

(a) The purposes of this Trust Fund, in broad terms, are to invest the capital, using maximum 90% of the investment income from a certain year to subsidise Jaycee projects while re-investing a minimum of 10%.

(b) $155,000 was spent in 1977 to pay for half of the total purchase price of the present Chamber Office, thus giving the Trust Fund ½ ownership of the Chamber Office.

(c) Presently, all investments under this Trust are in shares of The Hongkong and Shanghai Banking Corporation, keeping a small amount of cash in a current account to meet payments.

(d) For the second year, the Board of Trustees has kindly agreed to waive the payment of $700 monthly rental payable from the NOM under the terms of the Trust Deed. This has helped a lot towards the financial position of the NOM.

VI. A. (e) I give below a projection of the investment income from this Trust Fund and subsidies approved, so far, for Jaycee projects:-

Income (1981)

Total dividend received/receivable	$42,316.06
Less: Misc. expenses, say	1,316.06
	$41,000.00
Less: Minimum retention, 10%	4,100.00
Maximum funds available for projects	$36,900.00

Project subsidies approved, year-to-date

Chapter	Project	Amount
Jayceettes	Against Child Abuse	$ 3,574.10
Island	Youth Conference	5,000.00
Yuen Long	傷健大同	5,000.00
Victoria	Labour-Management Relations Symposium	3,000.00
Jayceettes	Undaunted Eagle	4,000.00
The NOM	Membership Exhibition	6,000.00
NP	½ passage to World Congress	3,000.00
NP-Elect	½ passage to World Congress	3,000.00
		$32,574.10

B. NO. 2 TRUST FUND

(a) The purposes of this Trust Fund, in broad terms, are to invest the capital, using maximum 90% of the investment income from a certain year to subsidise the NOM's efforts to promote the image of the Hong Kong Jaycees on the international level while retaining at least 10% for re-investment.

(b) Presently this Trust holds 3,100 shares in The Hongkong and Shanghai Banking Corporation and has $69,752.40 place on fixed deposit for 6 months @16.7/8% maturing 9th Nov., 1981.

(c) Investment income from the HK Bank shares is projected at $3,500 and interest accruing from the fixed deposit projected at $5,800, thus giving a total income of approximately $9,300.

(d) $8,000 has been approved to subsidise the holding of the Hong Kong Night which was held on 29th May during the 1981 JCI Manila Conference.

VII. AD HOC COMMITTEES AND MAJOR APPOINTMENTS

A. AD HOC COMMITTEES

In view of the many needs of the NOM and the recommendations of the last LRPC, certain ad hoc committees were appointed during the year, drawing the service and experience of many senior Jaycees.

(a) The Long Range Planning Committee (1982-84) was appointed with Past National President, JCI Senator Sonny Yu, as the Chairman who shall make his report to the General Assembly during this National Convention.

(b) An Appeals Committee was appointed with Immediate Past National President, JCI Senator Major Tang, as Chairman to inquire into appeals arising from the holding of the 1981 Jaycee Olympics.

(c) By Constitution, NIPP Major is the Chairman to the JCI Senators Screening Committee. He has included details of the works of his committee during the year to General Assembly.

(d) By Constitution, NIPP Major is the Chairman to the Nominations Committee which shall screen candidates for the 1982 NOM Offices and make report to General Assembly.

B. MAJOR APPOINTMENTS

(a) Past National President and my Advisor, JCI Senator Sonny Yu, was appointed Development Officer in the area of the establishment of potential new LOM(s). So far we have seen the establishment of the City Jaycees as a Provisional Chapter which is applying to General Assembly for affiliation.

(b) During my absence from Hong Kong for the 1981 JCI Manila Conference, National Hon. Treasurer, Henry Chan, was appointed Acting National President.

I extend to him my many thanks for doing the job so well.

(e) I have appointed National Vice President, JCI Senator Kitty Leung, to be Acting National President during my absence from Hong Kong for the 1981 JCI Berlin Congress.

I extend to her my forward thanks and would ask NOM/LOM Officers to give her all the support needed.

VIII. THE HONG KONG SENATE GROUP

By Constitution, Immediate Past National President, JCI Senator Major Tang, is the Senate Chairman for this group of much valued Life Members of Jaycees International, Inc.

During the year, he has organised a number of functions which help promote fellowship within this group and spurred the much needed advice and support from this group to the NOM and LOMs alike.

IX. ACKNOWLEDGEMENT

A National President, though relatively senior and experienced, is definitely not the most. If he were to bring achievements to the organisation, he would need all the advices and support from his seniors. He would also need support from his fellow National Board Members and Officers, Chapter Officers and,in actual fact, all the Jaycees in Hong Kong.

Our Hon. Life President, Mr. A. de O. Sales, has been giving me numerous pieces of advices on how to run the organisation properly. His physical presence as Guest of Honour to so many NOM and LOM functions is the kind of silent encouragement that I deeply appreciate. He always has time for Jaycees!

My immediate predecessor, NIPP Major Tang, has been the one who brought me off the ground as National President. He has been the one who foresees problems and advises me. He has also been the one who help me solve problems when they were inevitable. To me, his advices, support and encouragement have been indispensable.

My much valued Presidential Advisor, Past National President Sonny Yu, is like my own brother. He advises me on practically every area of my job as National President when I need advices, or when he knows that I need them, without myself asking. He is so keen and,with the fervent Jaycee blood in his veins,that he wants me to make flawless achievements. This is exactly what a National President needs an Advisor for.

I must say how fortunate for me to have a very strong and experienced team of National Officers. They are all very dedicated Jaycees and we all have a common wish to serve this organisation at the best of our abilities. No doubt, 1981 has been a year of many activities for the NOM as well as the LOMs. This has been the result of their leadership in their own fields and the sheer hardwork as a team.

Any achievement of the National Body is reflected in works of the Chapters. I am lucky to be able to work with a collection from the cream of our entire membership - the Chapter Presidents. They have shown themselves to be true leaders. They have led their Chapter to new heights of achievements. They may be riding waves or steering a firm course in the troughs. But without these dedicated leaders, as I personally can witness, their Chapter would not have achieved as much as to-day. Their support to me, and my Board, has been immense.

To all those above, I send my wholehearted thanks. For you together have made me a much better National President than I would have been.

Lastly I would like to thank my mother Chapter, the Kowloon Jaycees, for nominating me,initially,and supporting me during this year as National President. You have trained me for so many years to serve this organisation and now, towards the end of my term of office, I can say I have not failed You !

X. CONCLUSION

From the above pages of my report, and those from the other NOM Officers and LOM Presidents, Members of the General Assembly would have a fairly good grasp of the activities of the Hong Kong Jaycees. You will also sense our strengths to take advantage of and our weaknesses to make up with.

On the whole, I am convinced that we have had another good year in keeping up with the previous ones. We see many of our objectives fulfilled and we also see many of our weaknesses improving. Over the years, we have seen the size of our Organisation growing larger. Statistics show that, from a membership of 584 in 1977, we now have 945, a 62% increase over these 5 years. The number of Chapters also increased from 8 to the present 13 for the correspondence period. This is a definitive indication that we are going in the right direction. Because the more activities we have, the greater impact will be on the community thus attracting more members. Looking into the future, I am sure that this trend will continue. With the growth in membership, the burden on the NOM and LOM leadership will be heavier. And we must be well prepared and to keep up the good work.

I have been particularly previlleged to be given the chance of serving our Organisation as your National President. During the past 9 months I have enjoyed very much the good working relations with NOM and LOM Officers and individual members. Personal friendship has also been cultured to make my life a fuller one. I have seen personal growth in myself to become a better Jaycee. In another two months' time I shall be stepping down from the office and somebody will take the lead of this Organisation and the challenge to go with it. But my heart will always be with the Jaycees and you can count on my services for many years to come.

Finally, may I wish all delegates to this National Convention all the best !

Repectfully submitted,

Yours in Jayceeism,

Edmond Pang
National President

Hong Kong 1st Oct., 1981.

MAJOR TANG
National Immediate Past President

25 September 1981

REPORT FROM THE NATIONAL VICE PRESIDENT (INDIVIDUAL/INTERNATIONAL)

As a National Vice President in 1981, I was assigned by the National President to be responsible for activities in the Individual Area as well as the International Area of Opportunities, with assistance and support from National Directors Vincent Chan (LD/EA) and Tony Sun (IA) and officers Hui Chung-Yin and Joseph Chu, respectively. I was also assigned to assist and co-ordinate with 4 LOMs, namely, Peninsula, Jayceettes, Bauhinia and Yuen Long. On this occasion of the 16th National Convetion, I take pleasure to submit my report as follows:-

(A) ASSIGNED AREAS OF OPPORTUNITIES

INDIVIDUAL

In a bid to meet one of the National Board's objective this year, i.e. to provide members at different levels with adequate training in different aspects, several projects have been carried out or planned. These are:

1. LOM Officers Training School - Chairman : Jaycee Duffy Wong
   Held on Jan. 18 at Furama Hotel, this annual project attracted a total of 110 participants from 12 LOMs.

2. Parliamentary Procedures in a Lively Way - Chairman: Jayceette Dora Chan
   This project of demonstrating how and when relevant parliamentary procedures should be used took place on July 11 at 26th floor, Wing On Centre, 61 members from 10 LOMs attended the event.

3. LIA Camp - Chairman : Jaycee Simon Sun
   Hosted jointly by Kowloon and Dragon Jaycees on July 25-26 at Swire Hall, H.K. University, the 'Camp' had received more than 80 participants.

4. Inter-chapter JC Quiz - Chairman: Jaycee Becky Law
   Victoria Jaycees hosted on Sept. 5 this first ever Jaycee Quiz aimed at enriching our members' knowledge concerning the Hong Kong Jaycee, the JCI and Parliamentary Procedures. 9 chapters took part in the contest which was witnessed by about 100 members. Peninsula Jaycees came out as the winner.

5. Training for Trainers - Administrator : Senator Major Tang
   This training course has been fixed for Nov. 29. It will be organised along similar lines of the JCI Training for Trainers Pilot Program held in Manila before the 1981 Conference, but with modifications necessary to suit our needs.

At the LOM level, all 13 chapters have executed LD projects in different formats, be it a seminar, a training camp or a competition. In the meantime, projects in the EA area were also taken up by most of the chapters. Compared with other community projects in the CD and YA area, however, EA projects concluded, except one or two, were relatively small-scaled.

INTERNATIONAL

This year, both the National Board and the LOMs shared responsibilities in receiving overseas Jaycees visiting Hong Kong. While the National Board took care of personalities from JCI and other NOMs, all chapters assisted in handling visitors at chapter level in accordance with a roster prepared at the beginning of the year. Among all visits, the most significant ones have been the official visits of the JCI EVP and VP assigned to Hong Kong, Barry Kennedy and Kjell Peterson respectively, at the time we had our Inaugural Ball, and that of World President Gary Nagao shortly before the Manila Conference.

On the project side, we have been engaged in the following events:

1. Seminar on International Affairs - Chairman : Jaycee Jackie Lee
   Talks on topics including the JCI structure, APDC, Conference and Congress, ALLC, Sisterhood pact and ILSO were presented to 51 participants from 9 LOMs in this seminar held on May 6.

2. On-To-Manila Conference - Chairman: Jaycee William Wu
   A total of 87 delegates attended the Manila Conference held between May 27 and 31. Despite much difficulties we encountered in the air tickets, Harbour Light and Hong Kong Night, we eventually managed to complete this project with the objectives of attending a Conference achieved. In the Conference, the Jayceettes were awarded for the Most Outstanding Community Development Project and the Best "Energy-Our Concern" Project.

   During the Conference time, Bauhinia Jaycees established a sisterhood relationship with Sampaguita Jaycees of the Philippines while City Jaycees signed a friendship pact with the Malabon Jaycees also of the Philippines.

3. Japan Jaycee Youth Voyage - Chairman: Jaycee Danny Mui
   Because of typhoon in Taiwan area and engine fault on the vessel, s.s. Coral Princess, carrying 500 Japan youths and 50 international delegates, arrived in Hong Kong on June 24 at 1.30 a.m., after a delay of 7 hours. Consequently, the Get-together Party ended at 3.30 in the morning. The true Jaycee spirit of Hong Kong Jaycees was vividly demonstrated in this incident.

   Among the 50 international delegates, there were 5 from Hong Kong. They were selected from among 237 applicants.

   The Japan Organising Committee visited the Urban Council and Po Leung Kuk in the morning of June 24. In commenoration of Japan Jaycees' 30th anniversary, they donated ¥300,000 to Po Leung Kuk for the sponsorship of 12 children there.

4. On-To-Berlin Congress
   Up to this moment, 8 registrations for the Berlin Congress to be held on Nov. 8 through 14 have been received. Considering the distance, this is not a small number, although it is expected that a few more would be forthcoming.

As regards LOM projects in this area, only a few chapters have carried out IA projects other than visiting sister chapters and attending the Conference. The Blood Brother Project of Island, International Children Drawing Contest of Harbour, and the Big Band and Exchange Tour for the Disabled of Jayceettes were the few significant projects.

(B) ASSIGNED LOMS

As the National Vice President assigned to Peninsula Jaycees, Jayceettes, Yuen Long Jaycees and Bauhinia Jaycees, I had discussions with the President of each chapter at the beginning of the year, with a view to assisting them to formulate their year plan. Since then, I kept myself informed of the progress in each chapter through attendance at their Board Meetings, Monthly Meetings and project activities, telephone conversations and correspondence. At all times, I offered my assistance to them as and when such need arose. I also served as a co-ordinator between the National Board and these 4 LOMs.

I am pleased to report that in the past months, all the 4 chapters have been able to progress as they planned and make achievement in one way or other. My congratulations to President Joseph, Emily, Alfred and Grace.

(C) OTHERS

Commonwealth Youth Exchange Program

This program was organised by the Home Affairs Department with the objective of enabling young people to know more about their neighbours in the Commonwealth. I was assigned by the National President to arrange the selection of suitable nominess from among our members. Three nominees from chapters were subsequently interviewed by the National Ex-Com. and Maureen Yu of the Jayceettes was selected as a nominee of the Hong Kong Jaycees.

JCI Training for Trainers Pilot Program

Together with NP Edmond, NVP Kitty and NSG Junia, I attended this training program in Manila on May 25-27, i.e. immediately before the Conference. It surely was one of the most useful training program I have ever attended.

Management Game organised by H.K.M.A.

The NOM has sent a team to participate in the Management Game competition organised by the Hong Kong Management Association. The team was formed by 4 members from two chapters, viz. Peninsula and Harbour which were the best two in a similar competition organised earlier by Dragon Jaycees for all the chapters.

CONCLUSION

The past months have been most challenging for me working as NVP (Individual/International), and I will definitely treasure the experience and training I attained while carrying out my duties.

In conclusion, I would like to express my gratitude to all those who have given me their guidance, assistance and support during my term of office, and in particular, NP Edmond, NIPP Major and Presidential Advisor Sonny who always offered me their advice at the right time throughout the months.

Report from National Vice President (Community)

With the team work of the National Board of Management and under the leadership of National President Edmond Pang, we, Hong Kong Jaycees, have been able to accomplish all activities and projects planned at the beginning of the year. Being part of this team, I have the privilege and pleasure in submitting my report to the 16th National Convention.

At the beginning of the year, the Board arranged me to be the Vice-President (Community) and I was assigned to East Kowloon, Harbour, Kowloon and Lion Rock chapters.

Assigned LOMs

Early this year I had discussions with all these LOMs and I have been kept informed by them of their activities and progress. I have attended quite many of their board and monthly meetings.

1. East Kowloon Jaycees - President Allan Leung

   East Kowloon is a fairly new Chapter. Their members were not so enthusiastic at the beginning of the year. But President Allan and IPP C.K. Tang have done a great job of motivation that they combined their manpower to launch a CD/THEME Project "Mountaineering Safety Campaign" which has attracted substantial publicity to the community. This Chapter is growing very healthily and I hope fruther training can be provided to their members.

2. Harbour Jaycees - President Timothy Fung

   Although Harbour Jaycees faced with a dramatical drop of membership from one hundred something down to present sixty members, they still work out a year planner of activities which are generally well-balanced. Participation of members are very active in all projects, especially President Timothy who not only shows his leadership, he is also deligent that one can see his presence at most occasions.

3. Kowloon Jaycees - President Paul Chan

   Being one of the oldest and established chapters, Kowloon Jaycees members are basically well-trained and guided. Their Project "Cling Clunk & Go" has good publicity to the community.

4. Lion Rock Jaycees - President Anthony Au

President Anthony has tried his utmost efforts in keeping the Chapter functioning with limited number of members. They have launched few projects such as "Road Accidents Wreck Lives", "New British Nationality Law Seminar". The Seminar "[illegible]" organised by them is a very good theme project.
Constant advice from me was sought and given.

Opportunities For Community Areas

National CD/YA Director - C. K. Tang (East Kowloon)
National CD/YA Officer - Jones Wong (Kowloon)

It is my great pleasure and opportunity that I am able to work together with C.K. Tang who being the National Director has helped the CD/YA areas a lot.

National CD/YA Seminar - Chaired by Raymond Fung of Island Jaycees

At the beginning of the year, a CD/YA seminar was held. Two speakers from Social Welfare Department were invited to speak to our CD/YA directors and project chairmen regarding the ways and means of organizing CD/YA projects. We believe that this Seminar has been beneficial in helping CD/YA directors planning their projects. Further, as usual that in order to communicate among LOM directors, two joint directors meetings were held - one in March and another one in September. It is planned to have the 3rd meeting after the National Convention.

Other Assignment

Ten Outstanding Young Person (TOYP)

This is the only National Project left to me. Since Kowloon Jaycees decided not to host this Project as the previous years, I started to look for another chapter to host this Project, but after spending some time, my efforts were not rewarded. Then the National Board resolved to form a combined committees which would compose representatives from all chapters. I have the great pleasure to say that it is such a great favour that I have past NVP Lucas Tse to take up the Chairmanship and so far his chairmanship is excellent and well-impressed. This project is well under progressing. I am sure this Project is going to restore its original reputation as one of the largest HKJC projects.

Conclusion

I would like to take this opportunity to express my deepest appreciation to all those who have given me their support, co-operation and encouragement during my term of office. My best wishes to everyone.

REPORT TO MEMBERS OF THE GENERAL ASSEMBLY
FROM NATIONAL HON. TREASURER - HENRY CHAN

Keeping up the record of last year, the NOM has always been in a very healthy financial position for the past 8 months and I am confindent that this will continue for the remainding 4 months of this year.

I give below my report in greater details in the following paragraphs and accompanying Income and Expenditure Accounts for the 8 months ended 31st August, 1981.

1. NATIONAL DUES

Income from this source for the past 8 months about 20% higher than last year for the same period due to the increase of National Dues from $130.00 to $140.00 from 1st January, 1981, but will be about $7,400.00 short compared with budget. This has been the result of lower membership growth than expected. However, interest income vastly exceeds budget due to the deferred renovation of the Chamber office and tighter control of cash flow.

2. 1981 INAUGURAL BALL

This is one of the grandest occasions of the Hong Kong Jaycees and, traditionally, is one from which we raise funds for NOM activities for the year.

Under the capable chairmanship of Jaycee Robert Ho (Kowloon Jaycees) and with a committee membership drawn from all the 12 Chapters, $39,000.00 was raised, the largest sum ever for the past years.

In this respect, I send my heartiest thanks to Robert and his committee members for this outstanding achievement. The committee worked very hard not only in producing creating a good atmosphere during the Ball, their efforts in trying to raise funds from every possible source has been highly commendable.

3. INDIVIDUAL MEMBERS' INITIAL FEE

Income from this source @$100.00 per new member is basically for the improvement of facilities in the Jaycee Office. Actual receipt to the end of August, 1981 amounts to $19,550.00 which also include the $50.00 paid by each of the prospective members coming in through National. This very good result has been due to the many prospective members attracted by the Membership Drive, the Jaycee Press Supplements and the Membership Exhibition and the approximately $10,000.00 from City Jaycee members.

3. INDIVIDUAL MEMBERS' INITIAL FEE (Cont'd)

I expect total imcome from this source of $23,000.00 for the full year.

So far approx. $60,000.00 have been spent on the renovation of the Chamber Office and on the purchase of additional equipments. ($41,700.00 for renovation, $6,700.00 for addressograph, $9,000.00 for new Air Conditioners and $1,700.00 for others.)

4. ACCOUNTS FOR THE YEARS 1978 & 1979

Compilations of these accounts are in the hands of the respective past NHTs with National President Edmond himself actively assisting.

The 1978 NOM accounts were audited and adopted during an EGM held on 27th February, 1981, and subsequently filed with the Companies Registry and Inland Revenue Department.

At the time of writing, President Edmond is still working on the 1979 NOM accounts. He hopes to have them presented to this Nat'l Convention for adoption.

5. ACCOUNTS FOR THE YEAR 1980

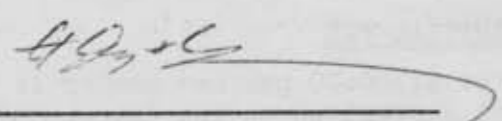

Without the 1979 accounts being finalised and adopted, it is impossible to have the ones for 1980 properly compiled.

Since President Edmond was himself the National Hon Treasurer for 1980. I belive the 1980 accounts are in good hands. He wishes to present this set of accounts to this National Convention for adoption.

6. CONCLUSION

In concluding my report, I should like to thank my fellow National Board Members, Chapter Presidents and Officers for their co-operation throughout these past 8 months.

My report would not be complete without recording my heartiest thanks to those who have given me so much support and advices. They are NP Edmond, NIPP Major and Past NP Sonny, whom together have enabled me to perform my duties smoothly and made my services to this organisation most rewarding.

REPORT FROM NATIONAL COMMUNITY DEVELOPMENT/YOUTH ACTIVITIES DIRECTOR

1981 is another exciting year for the Hong Kong Jaycees when we have launched so many projects, many of them of very large scale, in the areas of community development and youth activities by the 13 Chapters. I am happy to have been appointed to serve the National Board with special duties in these areas.

In support of the International Year of Disabled Persons (IYDP), the Hong Kong Jaycees have adopted "HELP THE DISABLED" as our Major Emphasis Theme in the Community service aspect of the Jaycee Movement in Hong Kong. Although MET projects from the majority of our community projects, projects in other areas are not totally neglected and we have seen one of the non-theme project "AGAINST CHILD ABUSE" launched by the Jayceettes win an award in the 1981 Metro Manila JCI Conference.

The spirit behind the organising of community development and youth activities projects are many. Amongst them, our members get training from the projects, the community recognises the efforts of the Jaycees and our able to contribute towards the welfare of the community. All these promoted to a great extent the emphasis of National President Edmond's in training of members and the uplifting the image of Hong Kong Jaycees. These have been recognised by the praises from government departments, voluntary agencies and large corporations which participated in our project by ways of co-organisers, advisers and sponsors, and very wide publicity attracted. I must say the ones most benefited are those members actually involved in the projects. For they get training from practical experience and, on top of all, self satisfaction !

Report by Theme Manager - Arthur Ho

Hong Kong Jaycees have in 1981 strongly supported the Government's call for serving the disabled persons. With a limited financial backing and manpower, most of the 13 chapters launched different natures of projects to promote the welfare of the disabled.

The IYDP theme projects total about 12. This number is about 10 percent of the total number of projects held in 1981 by the government and various voluntary agencies.

Judging from this percentage, I am proud of you, the enthusiatic and selfless Jaycees who sacrified their time and energy to assist in building a better world for the disabled persons. You could have spent time in holding projects like social dance club, disco fever, fashion show and the countless types of entertainment orientated programmes.

We all understand that a good and outstanding Jaycees is one who loves to serve the community. It happens that I also have inclination towards community projects. So, naturally I show great respect for those project chairmen who hold large-scale community projects.

As a IVDP Theme Manager, I'm glad that the Government's massive campaign paved the way for my work. The Jaycees learned that the areas which they can contribute to, and have had equipped with a strong sense of direction. However, help and guidance are always welcome.

In this belief, I sent to all chapters the project ideas supplied by Jaycees International. This document consisted of over 100 IYDP project ideas.

Looking back, I can see that many of our IYDP projects borrowed idea from this valuable paper. It is a good thing that the Jaycees International has offered us something applicable to the Hong Kong environments.

When speaking about the execution of IYDP projects, I assure you that I can well imagine and share your experiences may it be delighted or sad. The reason is I am the project chairman of Island's Talents Unlimited" Games Contest. It takes me 12 months to plan and execute. So, fellow IYDP project chairmen, your Theme Manager is in fact your co-worker, not someone who merely give comments.

If I were asked for opinion and to make preference among various IYDP projects, I would say : I like all of them very much. But I love Jayceettes's "Undaunted Eagle"; Bauhinia's "Dental Care for the Disabled"; City's "Music Competition for the Disabled"; Island's "Talents Unlimited Games Contest"; and Peninsula's "Traffic Carnival Day for the Disabled".

In about two more months, we will say farewell to the IYDP, 1981. Regardless of how successful we have been this year, good effort should be sustained over the following years so that the disabled persons will not be forgotten. We can always hold projects concerning the disabled, in addition to next year's theme projects.

PRESIDENT'S REPORT

I. INTRODUCTION

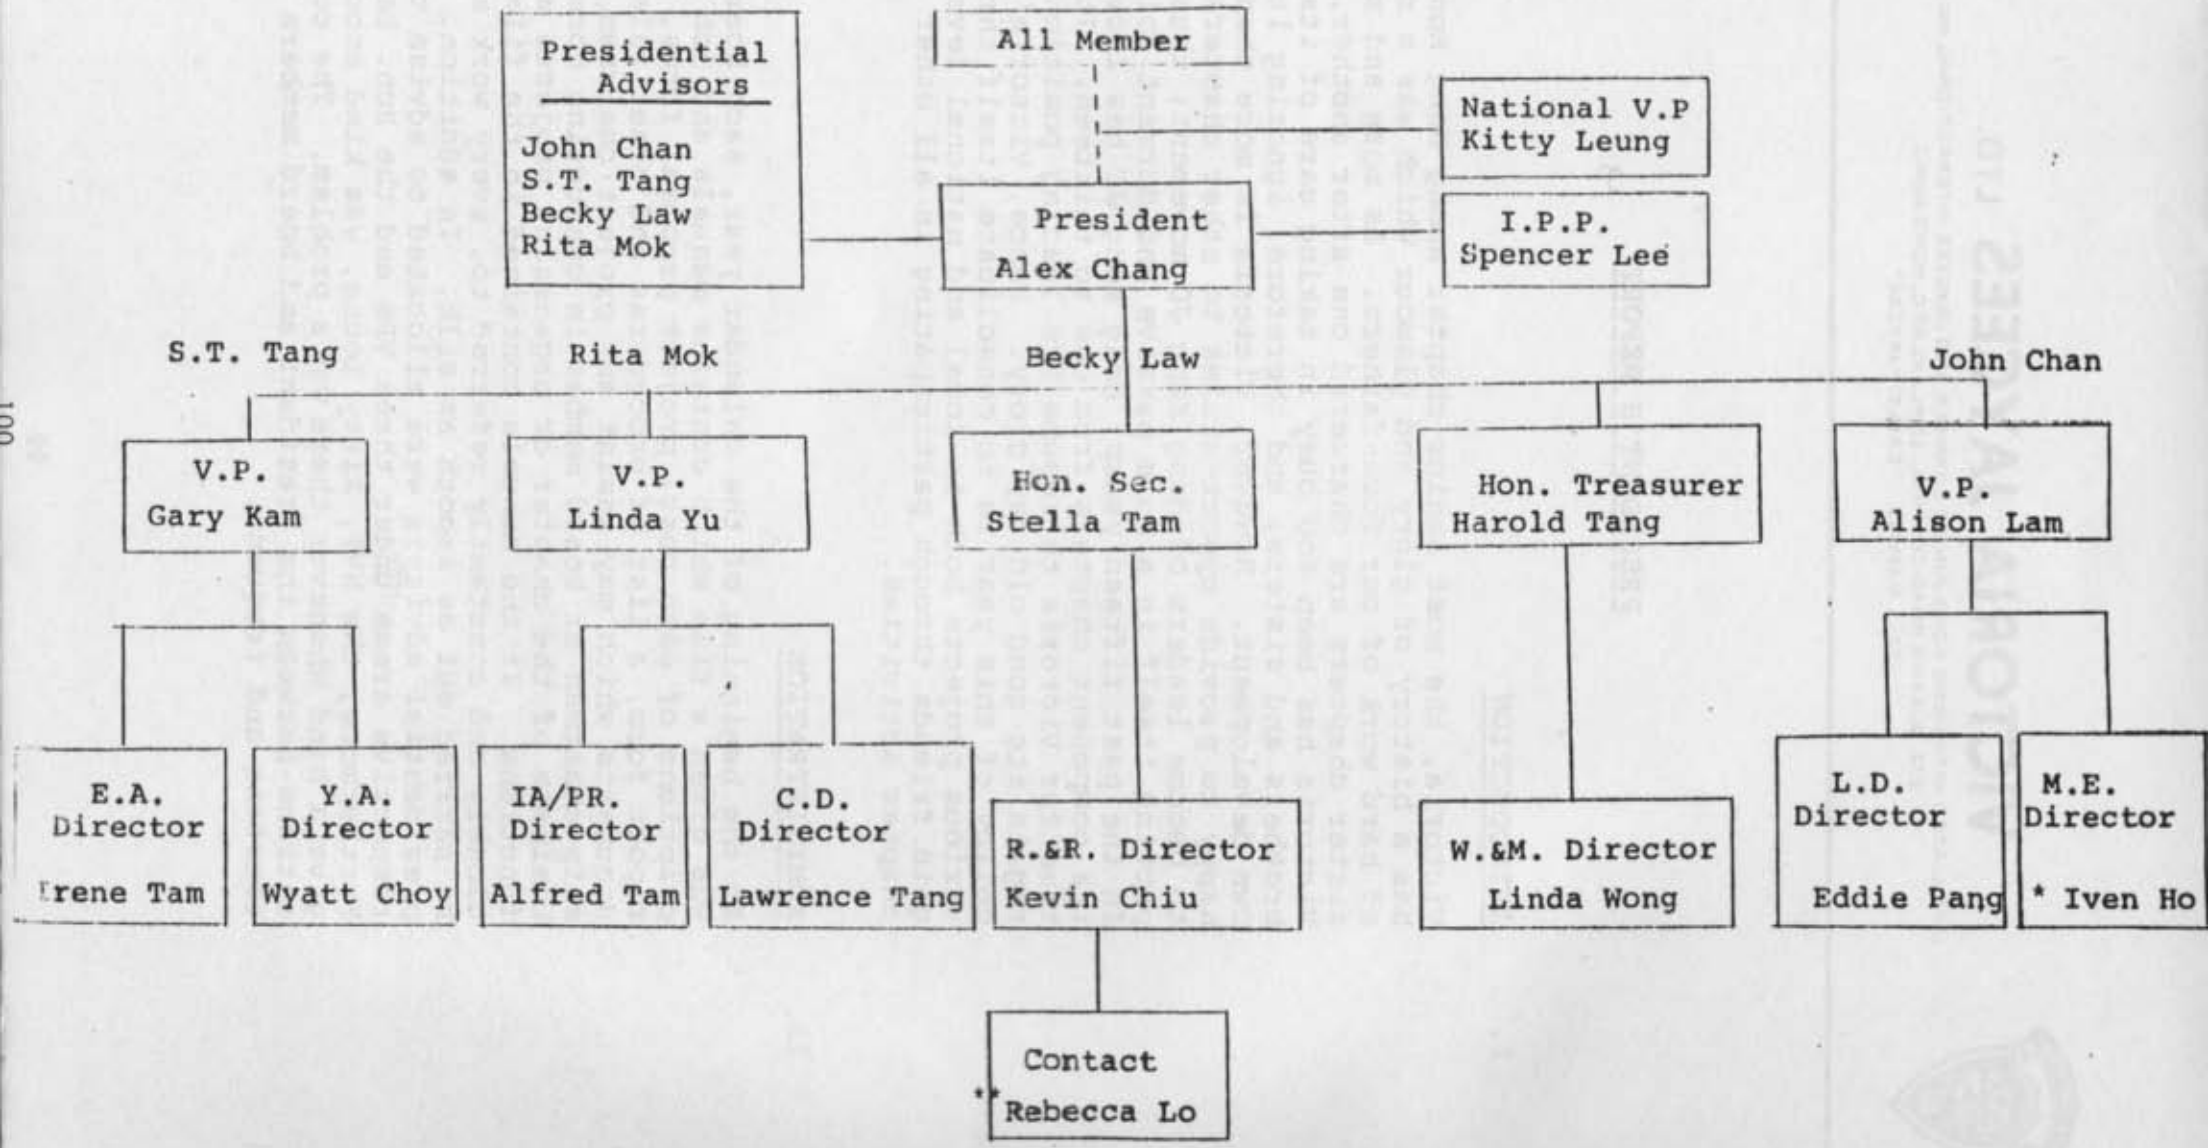

Victoria, the most senior chapter among Hong Kong JC, has a history of glory and glamour which was a result of hard work of our fore-fathers. As more and more sister chapters are chartered one after another, Victoria has been too busy in taking care of its brothers and sisters; and therefore, ignoring its own development. However, Victoria is more than happy to provide opportunities to other chapters to become leaders of Hong Kong JC movement; thus putting itself in a more passive and dormant role. In the past fifteen years, Hong Kong JC has increased its component chapters from one to thirteen. It is time for Victoria to resume its leading position and regain its good old day glory. Hence, Victoria's policy of this year is to consolidate itself through various projects both in local and national level, gain friends through participating in all other chapter activities.

II. ADMINISTRATION

At the beginning of the calendar year, each board member was given a file which contains manuals and job descriptions of each post, project proposal forms, project report form, a list of procedures and other relevant documents which may assist any project chairman, fellowship chairman or board member in conducting normal business of the chapter or organising projects and functions. If the manuals contained in the file are closely and constantly referred to, every work should be carried out as smooth as silk. In addition, four presidential advisers were allocated to advise the respective areas under three VPs and the Hon. Secretary. Furthermore, the NVP, Kitty Leung, was kind enough to give a hand whenever there was a problem. The communications between the President and board members were constant and frequent.

III. ORGANISATION CHART

VICTORY JAYCEES LIMITED-1981 BOARD OF DIRECTORS

N.B. * ME Director has resigned in June. Janie Wong has been appointed as the ME Officer.
** Rebecca Lo has resigned as Chief Editor in August and has appointed Linda H. Wong as her successor.

IV. MEETINGS

A fellowship meeting opened to all members and non-members was held on the third Thursday of each month at the Function Room of Furama Hotel. Prominent speakers were invited to speak on interesting topics each time.

A board meeting was held on the first Thursday of each month.

On every alternate Saturday, members met informally for lunch at the Island Room of Furama Hotel.

In the past, the fellowship was conducted by the President and the secretary who worked at a maximum effort and only achieved a minimum result. This year, each board member was given an opportunity to organise fellowships to gain experience. They had to take turn to chair and organise the fellowship on their own. A manual or guide was distributed before they were in office. Very surprisingly, participants and performance of each fellowship became better and better each time. In the September fellowship, more than fifty people attended - a record in the history of Victoria JC.

V. ACTIVITIES

a. Community Development Commission

A cancer symposium entitled "Fight Cancer & Win", chaired by Dr. Lawrence Tang, was held on 19th September, 1981 at the Auditorium of Duke of Social Service Building. Attendance exceeded two hundred with wide press coverage.

Another joint CD/EA symposium entitled "Labour-Management Relationship Symposium" was scheduled to be held in mid December of this year. It is intended to tackle deteriorating relationship between employer and labour.

b. Youth Activity Commission

In response to the JC week organised by National, a "Youth Labour Problem seminar" was held on 30th July at Caritas, Caine Road. Attendance was about eighty.

c. Public Relations Commission

In response to the active support given for the same project last year and request received this year, a three-day China tour was again organised in April. Bookings well exceeded the capacity before the project started. All participants enjoyed the tour and brought with them happy memories.

A poolside BBQ was held in July at the Hilltop Country Club, Tsuen Wan. Because of overwhelming bookings on limited capacity, the organising committee had to turn down regretfully not only late applicants but also early applicants. It was the first event in JC history that a public relations function ever received so much popularity.

A boat launch organised with Harbour and Tai Ping Shan JCs was held on 27th September, 1981.

d. Leadership Development Commission

A joint project with Tai Ping Shan JC entitled "Develop Yourself seminar" was held on 19th June, 1981 at the Duke of Windsor Social Service Building.

Another joint project with City JC entitled "Smaller Business Management seminar" was successfully held on 22nd August, 1981 at Sheraton Hotel. More than fifty people participated.

e. Ways and Means Commission

A fund raising film show entitled "The Miracle" was held on 22nd February, 1981 at the Ocean Theatre, Kowloon. As a result, a total of $7,000 was raised.

Since the fund raised was not sufficient to cover the expenditure incurred due to many projects being carried out, a second fund raising project entitled "Monte Carlo Night" was scheduled to be held in mid November.

f. International Affairs Commission

Since Victoria has been dominant in international relationship, the IA area was jointed with PR area.

Contacts had been made with Tawau JC, Tai Pei JC and Bedford JC. However, no sister pact had been signed. We anticipated that as Victoria was restoring its glory and leadership, pacts of various kinds will follow.

g. Membership Extension Commission

Victoria has always been weak in this area and therefore special attention had been given in the latter half of this year.

Following completion of various projects in the third quarter of this year, more than ten members were inducted. We hope to achieve a fifty per cent. membership growth at the end of this year.

h. Economic Affairs Commission

A seminar entitled "Portfolio Investment in North America" was held on 26th September, 1981 at the Sheraton Hotel. Despite a $50 admission charge, more than seventy people participated. It was informative and educational.

VI. NATIONAL FUNCTIONS ORGANISED

i. JC Olympic

A football tournament hosted by Victoria was held on 24th May, 1981 at Wanchai Reclamation Mini Soccer Pitches. The match was officiated by the JCI World President, Gary Nagao. The winners were City JC (first), East Kowloon JC (second) and Peninsula JC (third).

ii. JC Quiz

A national project designed to test member's knowledge of JC and eventually to encourage and motivate members to learn and study was successfully held on 5th September, 1981 at the Auditorium of Duke of Windsor Building under the capable leadership of the Project chairman, Becky Law. A total of nine chapters took part in the competition. Peninsula JC was the first winner; Victoria JC was the second and City JC was the third.

VII. NATIONAL FUNCTIONS ATTENDED

- Chinese New Year fellowship
- Reception dinner for JCI VP Barry Kennedy
- Welcome dinner for JCI President Gary Nagao
- Welcome dinner for JCI Youth Voyage
- Pacific Conference in Manila
- Senators meeting
- Opening ceremony of JC week
- Closing ceremony dinner of JC week
- National Convention
- JC Olympic games
- JC Week events

VIII. PUBLICATION

Victoria's official magazine "CONTACT" was published twice in March and September. The third publication is forthcoming in November.

IX. CONCLUSION

Victoria has experienced much ups and downs in the past. After taking a long dormant role, it is in the period of awakening and revival. As old members are retained, new members are recruited, projects organised increase both in terms of quantity and quality, morale is improving rapidly. Attendance and participation in all functions organised by the thirteen chapters have increased tremendously. All in all, significant improvements and achievements have been obtained.

This is a year of turning point. However, the fruitful outcome does not come without cause. The past presidents have consolidated the foundation; our diligent, capable, energetic and hard working project chairmen, board members and sub-committee members have contributed both their money and invaluable time and effort; our members and other chapters have consistently given unfailing support, without which projects could not have been successfully held.

I am greatly indebted to each one of you, especially NVP Kitty Leung and the presidential advisers, for their help and guidance. Words cannot take the job of expressing my deep appreciation and feeling; I know I can continue to count on you in helping Victoria to regain its glory and leadership.

B. COMMUNITY PROJECTS

(i) Community Development Area

'Clunk-click Go' is the major CD project of the chapter aimed to promote use of seat belt by private car drivers. The project received cash sponsorship of $25,000.00 from Shell Group and technical assistance from Automobile Association. Project activities include hosting of a booth at the 'Road Safety Day' organised by the Hong Kong Road Safety Association; poster and photo contest, selection of safety driver, a seminar on the project theme and compilation of a Report to the Government. Apparently as a result of the effect of the project activities, the Government is considering seriously for passing legislation to enforce complusory use of safety belts by drivers.

(ii) Economic Affairs Area

Several projects had been planned, executed but sebsequently abandoned to technical hindrances. A seminar on the export aspects of multi-fibre agreements is now being organised and expected to be held in late November.

(iii) Youth Activities Area

At the beginning of the year, the local Walt Disney agency had agreed to sponsor a large sum in Walt Disney Carnival Day for children. But due to the later change of personnel of the Agency, the sponsorship and hence the project had to be abandoned.

C. INDIVIDUAL DEVELOPMENT

(i) Leadership

(a) LIA Camp: Kowloon Jaycees jointly hosted the 1st National LIA Camp with Dragon Jaycees on 25th & 26th

July at Swire Hall, University of Hong Kong. Over 80 JCs and prospective JCs attended the 2-days-1-nite programmes consistings of seminars and talks given by 5 veteran speakers both from JC circle and outside relevant fields; group discussion, workshops and camp games.

(b) Project Management and Award Bidding Seminars: It is a Project held for prospective and new members on 14th August.

(ii) Membership Extension

The first half of the year was planned for consolidation of existing membership whereof many fellowship activities were organised under the effort of both ME and PR commissions. Recruitment of new members resumed as from mid-year. It is expected that total membership will be maintained at about same level as last year.

D. INTERNAL & INTERNATIONAL RELATIONSHIP

(i) Public Relation

A Chinese New Year Gathering was held to mark off the year's fellowship gathering. Weeking sport meetings in the form of joggling and ball games were organised also every Sundays in the first half of the year. The tradition 'Ladies Nite' was held in March at Plaza Hotel. A Senior Members Nite was held in early July to strengthen the union between the senior new and prospective members.

A Launch was held in August. A Christmas gathering is being planned.

(ii) International Affairs

Close communication were held with our four sister chapters. During the Manila Conferences, friendly meetings were held with Kuala Lumpur Jaycees, the Orchid Jaycees and the Taipei Jayceettes. A friendly mission was also arranged to visit another sister chapter the Mandaue Jaycees in Cebu, Philippines immediately after the conference.

KJC was admitted as new member to the internal organisation of ILSO at the annual meeting of ILSO held adjacant to the Manila Conference.

The KJC delegation to the Manila Conference consisted of 7 members.

2. INVOLVEMENTS WITH OTHER LOMS

KJC attended most of the major inter-chapters functions organised by other chapters, including the Inter-charpter Debate Competition by Peninsula Jaycees, the Management Games Competition by Dragon Jaycees.

JC knowledge Quiz by Victoria Jaycees and JC Olymics organised by various chapters.

The harmonious joint effort of the participating members brought home to the chapter champion in Debate, Track & Field, Bowling events and 2nd Runners-up in overall result of JC Olymics.

There were also steady participation to internal activities of other LOMS.

3. INVOLVEMENTS WITH NOM

KJC are honoured to have the following members serving in the National Board:

Edmond Pang	as NP
Andrew Wong	as NVP
Joseph Chu	as IA Officer
Jones Wong	as CD/YA Officer

In addition, our Robert Ho also chaired the Inaugural Ball and some members took part in JC Youth Voyage and other IA projects organising works.

Otherwise, most of the Board members participate the local officers training school. As reported previously, KJC hosted the National L/A Camp with Dragon JCS and participated actively in most of the National Projects.

4. CONCLUSION

It was the decision and planning of the Board of Management of KJC at the beginning of the year to foster closer fellowship among all members, to undertake a large-scale community project and to give active support to the National projects. The projects and activities of the chapters in the year were therefore directed towards these three goals.

I would of course take this opportunity to express on behalf of my fellow KJC our truthful appreciation and gratitude to all National Officers and other JC friends from other LOMs who had furnished their advice, assistance and support to the activities organised by Kowloon Jaycees throughout the year.

VIII REMARKS

The Lion Rock Jaycees is now approaching the age of ten. During the past ten years, it has always been struggling for better recognition and strength in the Jaycee family. My predecessors have laid down the foundation for me for which I must send them my warmest gratitude. From the

day of election, I have accepted the challenge to strive for a better organization and during the past year I have also paid for the price of progress. I hope that my successors can keep up with the good work which my predecessors have done in the past. Lastly, I would like to thank all my members and all the National Officers and Jaycees in other Chapters for their support in the past year without which our activities would not be successful.

In addition to the talks delivered during each monthly general meeting we have organized another training seminar on the topic Chairmanship for our members in April.

We also have conducted a leadership training camp on August 22-24 for teenagers of age 16-20 from the local community. We considered that it was a successful one and this kind of leadership training is valuable to them, thus we plan to expand this program in the coming years so that more teenagers would be benefited.

V. REMARKS

It was our hardworking Board Members and members who have put in their valuable contribution to make year's performance a satisfactory one. However, we should strive harder to build another better year.

REPORT FROM THE PRESIDENT

INTRODUCTION

1981 has been a year of consolidation for the Dragon Jaycees. In view of shortage of manpower, our main emphasis on projects has been quality rather than quantity. Nevertheless, we managed to maintain a balanced programme throughout the year.

ORGANIZATION

President	Lee Kin Man
Vice President(Community)	Francis Chan
Vice President(Management/International)	Dumas Lee

Due to unexpected business commitment, LD Director Ng Chor Fan resigned from his office and Director Lawrence Lee was appointed to take charge of the LD Commission in addition to his capacity as ME Director.

SECRETARIAT

Meeting

Monthly General Membership Meeting was held on 3rd Wednesday of each month.
Board of Directors Meeting was held on 2nd Wednesday of each month.
Executive Committee Meeting was not held regularly. One meeting was held at the beginning of the year for the appointment of directors.

Publication

'Dragon' - the official publication of the Dragon Jaycees was issued in February and June. The third issue for this year will be published in October. This is the official channel to keep Jaycees and the public informed on the activities of the Chapter. Activity reports were also sent to Dragon members regularly.

Record & Recognition

An award system was set up for internal awards to members to be presented at the Annual General Meeting.
A record of project reports, photos and Chapter's inventory was kept.
It is also the responsibility of the R & R Commission for the compilation of award bid books.

FINANCE

We have been working with a tight budget this year. However, this did not deter us to go ahead with our project plans. Sponsorships were obtained for all the projects and no funds was drawn from the Chapter's treasury. Administration expenses were more than covered by membership subscriptions.

PROJECTS AND ACTIVITIES

Community Development

There has been only one project launched this year - the Charity 5-a-side Football Tournament. This project is by far the biggest that Dragon Jaycees has organized. Well over 20 commercial firms and organizations took part in the Tournament which was run over two days. A sum of $20,000 was raised and was donated to the Sports Association of the Physically Handicapped to partly sponsor a team of disable atheletes to compete in the International Stoke Mandeville Games in Britain.

Youth Activities

Two projects were organized for the underprivileged children. One hundred children from Po Leung Kuk joined us for the 'Visit to the Ocean Park'. The children had a memorable afternoon at the Park and to cap it off, gifts were distributed to them to celebrate the Children's Day.
Sixty children from the St. Christopher's Home were guests at the Recreation & Sport Service's Indoor Sports Centre at Hung Hom. They had a 'Recreational Day' at the Centre where the facilities were enjoyed by all.

Public Relations

The PR team was responsible for both internal and external promotion of all Chapter projects and events. In addition, the team was also responsible to invite guest speakers for Monthly General Membership Meetings.

In conjunction with the efforts of the Membership Extention Commission, regular fellowship gatherings were organized. Small group gathering after formal meeting was also a traditional feature of the Dragon Jaycees.

International Affairs

This was not an area of emphasis this year.

Although no effort was made in signing up friendship or sisterhood pacts, contact has been maintained with a few oversea Chapters.

Membership Extention

I regret to report that there has been a reduction in membership. A membership survey was carried out and to our disappointment, eleven members indicated they lost interest in the JC movement which left the Board with no alternative but to discontinue their membership.

Two Orientations have been held and the third is planned in the latter part of the year. With some fifteen Prospective Members on hand, we hope that the membership will increase satisfactorily in the near future.

Leadership Development

The Leadership In Action Camp was jointly hosted by the Dragon Jaycees and the Kowloon Jaycees. We were honoured to have been granted the hosting right by the National. This JCI Certificate Course has attracted nearly ninety participants.

Management training was provided to the Jaycees and Jayceettes who took part in the 'Inter-Chapter Management Game Competition'. The game introduced to the participants the concept of corporate planning and control, as well as business decision-making. The winners of the Competition, the Harbour Jaycees and the Peninsula Jaycees were combined to form a team representing Hong Kong Junior Chamber of Commerce in the Management Game organized by the Hong Kong Management Association.

CONCLUSION

This is only the second year of the Dragon Jaycees since its affiliation and already there has been a marked progress since last year,though slowly and sometimes painstakingly. With the unity and harmony generated, coupled with greater emphasis on

membership extension, we can look forward to a promising 1982. Before I conclude, I wish to record my grateful thanks to the National Officers and the Members of the other LOMs whose guidance and support were of special value to the Dragon Jaycees. In particular, I wish to commend those Dragon members whose zealous efforts and contributions have made 1981 a meaningful year for every one to remember.

Report from the President of EAST KOWLOON JAYCEES

1980, the year of our establishment, was a year of recruitment, training and preparation. But as soon as we ran through the last page of the 1980 calander, we are prepared to try out our members in the execution areas.

However, the target of the Board of East Kowloon is to restrict the number of CD/YA project into one -- but we would like to make it a large scale one.

On the other hand, recruitment is still our secondary target. For without menbers, capable members, the Chapter would face difficul ties in launching projects.

I would like to report on the performance of various commissions:-

COMMUNITY DEVELOPMENT/YOUTH ACTIVITIES COMMISSIONS

Y.A. Director was seriously ill and was hospitalized a couple of times in the first half of the year. Subsequently, our C.D. Director was appointed to take charge of the Y.A. commission.

Feasibility studies were made since the end of last year into a couple of large scale projects and finally we have chosen to launch the " MOUNTAINEERING SAFETY CAMPAIGN " . The idea behind this decision of launching this Campaign is due to the limitation of existing effort by the Government and other organizations in the safety of mountain climbing activities -- which are now becoming more and more popular. The Organizing Committee spent more than three months and involved over thirty members and prospective members.

We have secured assistance from HKTVB, C.A.S., H.K. Mountain Services and Outward Bound Alumni Association. This project, through its various programs like Press Conference and Press Releases, T.V.B. Promotions, RTHK and Commercial Radio interviews and telephone answering to listeners, special columns in 2 leading newspapers, Exihibitions in 3 MTR Stations etc., roughly reached over 2½ million citizens of Hong Kong, mainly youths.

Through the evaluation session, weconsider it a success, at least in providing sufficient training for over 30 members.

ECONOMIC AFFAIRS COMMISSION

The Economic Affairs Commission had organized a seminar on Taxation. We were honoured to have Mr. Stephen Fan, a well known figure in the Accounting profession as our speaker. This seminar highlights a few points on taxation where people have over-looked, and the turn-up was satisfactory.

LEADERSHIP DEVELOPMENT COMMISSION

We have no training sessions of our own this year. But members had participated in the organizing of the National Project LOM Officers Training School at the beginning of the year. The Commission also promote between members to attend L.D. Projects organized by other Chapters, such as the LIA Camps.

L.D.'s supervising V.P. also led a team of 3 to participate in the Debate Competition and came home with a 2nd Runners-Up award.

MEMBERSHIP EXTENSION COMMISSION

The M.E. Commission held a total of 6 orientations, and at one time we have over 60 prospective members on our list. Through tough screening, and after the launching of the Y.A. Project, we

have inducted some of these prospective menbers and cut out a few. At present, total full membership stands at 39 and prospective membership stands at 29.

PUBLIC RELATIONS COMMISSION

P.R. Commission organized 4 membership meetings so far, including our 1st Annuversary Dinner, plus 2 outdoor overnight camping and activities. These provide good fellowship occasions to our members who are relatively new to each other.

The Commission also greatly promote P.R. activities by the National and other Chapters within our own members. Participants might even receive subsidy from the Chapter towards the entrance fees. Eager participants from East Kowloon made achievements in the following:

Table Tennis-- Women's Champion, Men's 2nd Runners-Up
Soccer -- 1st Runners-Up
Field & Track- Men's Individual Champion
Bowling - in 5th place.

But the Commission felt reluctant towards the POINTS SYSTEM used in the J.C. Olympic which made a final decision on the overall champion. After taking a close look at the SYSTEM, we are confident that it is extremely unfair to Chapters with both male and female members. We sincerely hope that the National will make an effort in providing each chapter a fair chance in a fair competition like the J.C. Olympic.

INTERNATIONAL AFFAIRS COMMISSION

Our I.A. Director resigned from his post approaching mid-year and the Commission's Supervising V.P. took up his duty. He paid courtesy visits to Jaycees of Singapore, Manila and England. In the promotion of East Kowloon's image overseas, he has done a good job.

We have 3 members attended last year's Osaka World Congress and 2 members attended this years Manila Conference.

SECRETARIAT

The Secretariat Director and her members gave full support to the Hon. Secretary in mastering the administration of our Chapter. Due to the lack of sponsor, only 2 issues of East Kowloon News was printed. Record and recognition matters are also kept under this Commission.

Finance

Our Hon. Treasurer chaired our Fund Raising Project -- Disco Night 81 held at the end of September was a success. At the moment, financial position of the Chapter is satisfactory.

To end my report, I must not forget to thank National President Edmond Pang, who showed tremendous concern towards our Chapter. I do treasure each and every advice he gave to me and to my Board of Directors.

My deep appreciation must also be offered to our Assigned National Vice-President Gary Wong and other National Officers who show extreme patience towards mistakes that we have made; and also other LOM Presidents and Officers who have given us a chance to get involved in some of their projects.

On behalf of all East Kowloon Jaycees, I wish you all the best.

A question was raised by NIPP Sonny Yu that according to the By-Law 11-7, there should be an Officer Training School held every year during the National Convention and would like clarification from LRPC on whether this is an overlapping course or an additional course of the By-Laws.

Senator Jennifer replied that the LRPC was fully aware of the Officer Training School held every year during the National Convention. However, their recommendation of a motivational session was to encourage the JC members to go through various stages,expose themselves to different faces of training and look for wider responsibilities in the JC circle, and therefore this session is not just an officers' Training School, but will help all Jaycees to prepare thermselves for officership.

iii)"That the LOM membership and Extension Directors should be charged with the responsibility to make at least one assignment to each senior/ inactive member during a year in order to encourage participation." Seconded by Lion Rock.

10. TO RECEIVE AND ADOPT 1978 & 1979 ACCOUNTS

NP Major Tang regreted to inform that 1978 account was still not yet finished and could not be presented to the General Assembly and he had consulted the General Legal Counsel whose opinion was given as follows:-

I) According to the instructions I received, the annual returns of Hong Kong Junior Chamber of Commerce for the years 1978 and 1979 had been lodged with Registrar of Companies. However, these two annual returns are not complete in that audited accounts thereof are still unavailable. I now called upon to advise the Chamber as to the consequences of failing to file the said audited accounts.

II) Section 109 of the Companies Ordinance, Chapter 32, lays down the rule that an annual return must be accompanied by, interalia, a full set of audited accounts. Failure to comply with this section would entail the chamber and every officer of the chamber who is in default liable to a default fine. The term "officer" should include any person in accordance with whose directions or instructions the chamber is accustomed to act.

III) The default fine is calculated in respect of every day during which the default continues in the sum of HK$100.- per day. A complete annual return (accompanied by the audited accounts) must be filed within 28 days after the first or only general meeting of the chamber in the year in question.

IV) Further, the officers concerned have failed to keep proper books of accounts, contrary to section 121 of Company Ordinance, 1964 and the profit and loss account and balance sheet contrary to Section 122 of the same Ordinance. Under Section 121(3), any wilful or negligent non-compliance with Section 121 will render the officer concerned liable on summary conviction to imprisonment for six months for willful default or a fine of HK$2,000 for negligent omission. The said provisions are contained in Section 122(3) for negligent or wilful non-observance of Section 122. Dated 26th day of September, 1980. Signed by General Legel Council, Lam Hon Mo.

Moved by Kowloon and seconded by Island that the National Board should convene an Extraordinary General Meeting the latest 31st January, 1981 to adopt the audited accounts for the years 1978 and 1979.

JCI PARLIAMENTARY PROCEDURE IN BRIEF

YOUR JCI GUIDE

This is your JCI guide to parliamentary procedure. It is designed to help you with the methods through which effective meetings are conducted and by which representative decisions can be reached in Jaycee.

Parliamentary procedure is advocated for and practised by Jaycee groups throughout the world. There are many reasons for this.

Apart from the obvious advantages in leadership training and disciplined thinking which come from concise debate and clearly led discussion, the introduction of parliamentary procedure gives an object lesson in working democracy.

The advantages of parliamentary procedure include:

* Orderly meetings.
* Opportunities for all to be heard.
* Decisions by the majority.
* Protection for the minority.

There are many sets of rules or guides to effective action. Among these are Robert's Rules of Order (used by Jaycees International and most Jaycee groups). Cushing's Manual, Demeter's Manual, and the many and varied sets of rules used by legislative bodies the world over.

Each is designed to permit free discussion and free decisions. This JCI Manual on Parliamentary Procedure is generally based on Robert's Rules of Order. The manual does not attempt to give a complete picture of parliamentary procedure, nor hope to cover every situation that can come up in a meeting. It will, we hope, provide you with a good understanding of how proper meeting procedure can help your Jaycee organization in conducting its business sessions.

The important phases of meeting techniques are set forth one by one and the stated examples can be easily adapted to fit the requirements of your organization.

CONDUCTING THE MEETING

At the exact hour named in the notice of the meeting, the presiding officer should call the meeting to order. He should determine that enough members (a quorum) are present to do business. A quorum is usually a majority (more than half) of the committee, a convention or group, unless the group provides otherwise in its rules.

For a very large group, a smaller number should be set by the by-laws or constitution, as it may be difficult to secure a necessary majority at the meeting. In no case should the meeting proceed without the quorum. This requirement is designed to insure the group that its decisions will not be made by an unrepresentative minority.

The next business should be the approval, as read or as amended by the group, of the minutes of the previous meeting. This enables those present to know what has already been done so time is not wasted in repetition.

If this is the first meeting, the presiding officer should explain the reason for the meeting and then have the group adopt a set of parliamentary rules for orderly proceudre, name its temporary officers, and proceed with the business.

SPEAKING

Speaking is accomplished by obtaining the floor. One should rise and address the presiding officer. The one who should be recognized is the person who rises first after the floor has been yielded by the previous speaker. It is discourteous to raise your hand or stand while another has the floor, and such a person does not, therefore, get the right to the floor next.

If more than one person properly requests the floor when debate is on, certain rules apply: (1) The maker of motion is first even though the last to rise – in order that he can explain his motion. (2) No one gets a second chance until everyone has had one chance to speak, and (3) the chairman should try to alternate speakers among all sides of an issue.

Speaking:

. . . Is not usually in order until the presiding officer indicates who is entitled to speak. Once recognized, the speaker should first give his name, and if in a representative group, he should state whom he represents.

. . . Follows the making of a motion. If a report is presented, its reading precedes a motion. Following the motion, the reader of the report has the first opportunity to speak.

. . . Is limited – to give everyone an opportunity. The group can impose more or less restrictive rules. Robert's Rules of Order gives each person only two chances of ten minutes each.

. . . Can be stopped altogether by a motion. But this motion requires a two-thirds vote of those voting so that a bare majority cannot prevent discussion, and a minority can be heard.

THE MOTION

The motion is the means whereby the group takes action. It is a statement of what is to be done and how it is to be accomplished. It should be carefully worded to prevent misunderstandings. The wording should clearly channel discussion to the important aspects of the proposal. The motion is made by stating, "I move that the . . . (name of group) . . . (add what is to be done, by whom, when, how financed, etc.)."
Normally, it should be seconded. This means the seconding party believes the motion should be discussed. On occasions, the purpose of a seconder is to insure that the matter is of at least sufficient interest to be presented to the group and thus prevent one man from wasting the group's time.

THE NUMBER ONE RULE : BE PREPARED

The Leader or presiding officer should be well prepared before the meeting.

HE SHOULD :

1. Draft an agenda-a list of matters to be discussed in the order in which they will be discussed.

2. Know in advance what to expect from reports, and be sure that everyone who is going to deliver a report is well prepared.

3. Arrange for the meeting place, and be certain it is set up to enable him to see all of those present so that no one is ignored in the discussion.

The presiding officer should have outlined, at least in his own mind, if not on paper, the general direction and purpose of each item of business on the agenda. Sometimes he will expect perfunctory approval (as to the minutes of the prior meeting), and sometimes he may expect a prolonged discussion (as to a budget for the year's expenses); but he should always have an idea to guide him, even though on many occasions the meeting will differ from the plan.

Being prepared, however, will permit him to guide the group rather than permit it to drift aimlessly. Thus he may help to increase the respect of those present not only for the protection of parliamentary law and democratic processes, but also for their efficiency and practicability.

Members, too, should prepare. Those who are to make reports should know what they will say. The report should be concluded with a motion or statement on what new action should be taken.

Those who introduce something new should prepare a motion and should organize their thinking in advance so that they can adequately explain what they propose and why.

ORDER OF BUSINESS :

1. Opening of meeting.
2. Reading and approval of minutes of the previous meeting.
3. Reports of boards and standing committees.
4. Reports of special committees.
5. Special orders.*
6. Unfinished business and general orders.**
7. New business.
8. Closing of meeting.

* Special orders : Important business which the group has previously agreed to take up at this specific time.

** General orders : Matters postponed from previous meetings and set for this meeting.

It is done by merely stating, without rising, "I second the motion." If, however, the type of minutes kept by the group requires the seconder's name to appear in the record, he should stand to facilitate recognition.

Parliamentary law is designed to insure that the group considers only one motion at a time. This prevents confusion and speeds action, and it is the presiding officer's duty to remind the group constantly which action is the main problem.

However, the requirements of getting a job done and preventing a small but vociferous minority from keeping a group in session or wasting time on inconsequential matters demand that certain motions receive precedence. These have specific objectives which deserve early consideration by the group and are listed in order in the Chart on parliamentary Motions.

When these motions are made, they immediately become the pending problem of the group and must be decided first. It is important to remember that only the motion with precedence is then before the group even though any number of subsidiary, incidental, or privileged motions are, so to speak, on the floor.

Confusion will not result if the presiding officer keeps the group well informed and explains what has happened, what is happening, and what will happen next.

TYPES OF MOTIONS

The use of parliamentary forms over a period of time has resulted in the establishment of certain terminology which itself has specific parliamentary meanings. The terms often vary as to the group using them.

LAY ON THE TABLE : A motion to delay, to an indefinite time, consideration of a main motion by taking it figuratively from the floor, where action can be taken, and laying it on the table, where action can not be taken. This helps to allow more time to consider the problem, yet does not set a definite time for reconsideration.

A majority of voters who tabled the motion can later figuratively take the motion from the table (Take from Table) and put it on the floor for discussion. When this is done, the motion comes back to the floor in the same condition as it went on the table, i.e., with the same wording.

MAIN MOTION : A motion to accomplish a part of the business of a group. Examples are to adopt a project, approve a budget or report, create a committee, approve an appointment, etc. All other motions are, in a way, procedural, while the main motion gets the work done. This is true even though some other motions, like a motion to adjourn, are at times technically considered main motions.

SUBSIDIARY MOTIONS : A motion generally designed to facilitate action on a main motion – a motion subsidiary to the main motion. Examples include motions to debate, amend, refer to committee, lay on the table, etc.

INCIDENTAL MOTIONS : These motions are incidental to the consideration of business and accomplish certain parliamentary purposes. Examples are questions of order and appeal, suspension of the rules, objection to consideration of a question, etc.

PRIVILEGED MOTIONS : A motion is privileged in the sense that with it, at certain times, goes the distinction of an immediate – or at least an earlier – decision in regard to the subject matter to which it relates, rather than to the subject matter of another motion which may have been on the floor.

The Chart on Parliamentary Motions lists the privileged motions in the order of their precedence. Examples are motions to fix the time to which to adjourn, or to take a recess.

SAMPLE SITUATIONS

OPENING THE MEETING

The presiding officer is either a designated official of an established group or, if the group is in the organizational phase, he is someone interested in the proposed group and chosen for the purpose of – at least – opening the meeting. The new group can either name a temporary chairman after the meeting is opened, or continue with its guest chairman.

The presiding officer is shown here as a chiarman (CH), the Secretary as (SEC).

CH: – "Gentlemen, will you please sit down. The meeting will come to order." If an unorganized group, "The purpose of this meeting is . . ." If an organized group, "This is a meeting of. . ."

SEC:– "Mr. Chairman, —— members are present."

CH: – "Since a quorum consists of –– members of a total membership of –––, a quorum is present and we shall proceed. Mr. Secretary, please read the minutes of the previous session." (This will obviously not be necessary if this is the group's first meeting.)

SEC: – Reads minutes of previous session or makes motion to dispense with reading if all members have been given copies prior to meeting.

CH: – "Are there any corrections or objections to the minutes as read (or as distributed)?"

If objections are raised, sometimes all present will agree to change without a formal motion. Otherwise a formal motion and vote to correct are required.

CH: – After all corrections have been decided "If there are no (further) objections the minutes are approved as read (or as distributed)."

A formal motion, second and vote to approve minutes followed by amendments to correct can also be used as proper procedure, although usually it is more cumbersome.

CH: – "The next order of business is . . ." It might be apologies or correspondence, or special announcements or . . . perhaps . . . reports.

REPORTS

CH: – "The next order of business is the report of (title) as to (subject) by (name) Mr. ————————."

REPORTING PARTY: – Reads his report, or presents main points from it, and closes with a motion to act on the report as the report requests. Some examples:

"Mr. Chairman, I move this report be received and filed." No action required by the group other than to acknowledge receipt of report.

"Mr. Chairman, I move this report be approved and that the organization . . . (describe specific group action contemplated)."

"Mr. Chairman, I move this report be approved and the committee be authorized to continue its study of this subject."

"Mr. Chairman, I move this final report be received and the committee discharged with the thanks of this organization."

MOTIONS

A motion can be the result of a report or it can be made under New Business, Old Business, etc.

CH: – "———————— is recognized."

MAKER: – "Mr. Chairman, I move . . . (describe what the organization is to do)." Example: "I move we allocate $50 for a senatorship application for the new president."

CH: – "It has been moved that . . . (repeats motion). Is there a seconder to this motion?"

MEMBER: – " I second the motion."

CH: – "It has been moved and seconded that . . . (repeats motion). Any discussion?" If no seconder is received, the Chairman says, "The motion dies for lack of a seconder. Next order of business."

AMENDMENTS

Amendments are not always necessary, but if someone wishes to change a motion, yet not negate it, he may move the adoption of an amendment. This can be done at any time during the discussion.

MEMBER: – (After having been recongnized) "Mr. Chairman, I move that we amend the main motion to (describes what changes he wishes to make in the wording of the main motion)." Example: "I move that we substitute the word 'outgoing' for the word 'new'," (thus providing the senatorship after the president has completed his term.)

CH: – "It has been moved that . . . (repeats amendment). Is there a seconder to this amendment?"

MEMBER: – "I second the amendment."

CH: – "It has been moved and seconded that we amend the main motion to . . . (repeats motion). Any discussion?"

If no seconder is received, the Chairman says, "The amendment dies for lack of a seconder. Any further discussion on the main motion?"

In discussion on the amendment, the person who moved its adoption is recognized first, if he desires the opportunity to speak. The chairman should limit the discussion to the question of adoption or rejection of the amendment and not to the whole question proposed by the main motion.

The amendment can be further amended, and more amendments can be offered, but at any one time only the main motion, the amendment, or the amendment to the amendment, can be on the floor,

VOTING

After discussion has been completed, a vote should be taken. First a vote is taken on the amendment to the amendment (if any); then the vote is taken on the amendment (as either amended or as originally presented, depending on the previous vote); and finally on the main motion (as either amended or as presented depending on the previous votes).

CH: – "A vote will now be taken on the motion that . . . " (repeats amendment).The Chairman should explain the effect of the adoption or rejection of the amendment on the main question and advise the members of the effect of a "yes" or "no" vote.

CH: – "All in favor, please rise, (or say yes)." Such is done. "All opposed, please rise, (or say no)." Such is done.

"The amendment is adopted (or defeated) by a vote of ——— to ———." (If tally is made).

"The motion now before the group is . . . (repeats main motion as amended if amendment passed). Is there any further discussion?"

Discussion is permitted on the main motion after the vote on the amendment. After the discussion is closed, he then says, "There being no further discussion, we will vote on the main motion that . . . " (repeats main motion as amended, if such is the case, with a short statement as to the effect of a "yes" or "no" vote). "All in favor, please rise, (or say yes)." Such is done.

"All opposed, please rise, (or say no)." Such is done.

"The main motion is adopted (or defeated) by a vote —— to——." (If tally is made).

Hong Kong Jaycees History

The Jaycee Movement reached Hong Kong in 1949, when a Philippine Jaycee John Ng who was the Special Liasion Officer of the JCI 5th Congress and was charged with the mission of converting Hong Kong to Jayceeism arrived in November. Through the introduction of his cousin, Mr. Alex Ng, a Jaycee Senator still, Mr. John Ng was presented to Rev. E. Bourke, former director of Wah Yan College, Hong Kong. A meeting was then arranged for him to meet a group of young business-men. During the meeting, Mr. John Ng's explanation of the aim and purpose of the Jaycee movement succeeded in firing the imagination of his audience. Eight days later, sponsor group of the Hong Kong Junior Chamber of Commerce was formed and Mr. Paul Lim was elected as convenor of the organizing committee. Mr. Austin Coates from Hong Kong Government, then an Assistant Colonial Secretary of Hong Kong, was assigned to serve as Advisor to the Organizing Committee.

The tempo of laying the foundation of the Chamber was further stepped up when in Ramon V. Del Rosario, the JCI Vice-President for Asia, offered to recommend prompt recognition of the Hong Kong's Jaycee membership status. He also invited the Organizing Committee to send observers to Manila to attend the JCI 5th Congress. On 21st March, 1950, a sponsors' meeting was called to receive the report of the return observers from Manila. The account of their vivid experience gave Hong Kong a deeper insight into Jaycee movement. A week later, the Provisional Constitution which had been in the making during the previous three months was adopted. Finally, on 6th April, 1950, the Inaugural General Meeting of the Hong Kong Junior Chamber of Commerce was held and the first Board of Directors was elected.
