Junior Chamber International

June 1995

Dear Fellow Junior Chamber Member:

RE: The 1995 JCI World Congress - Glasgow, Scotland

On behalf of Junior Chamber International and the Congress Organizing Committee, I would like to invite you and as many members of your chapter as possible to attend the 50th World Congress in Glasgow.

I am sure you are aware that the Congress starts on November 5th and finishes on November 11, 1995. We hope that as many of you as possible will be able to take time to see the rest of our country either before or after the Congress.

The Government of the United Kingdom has certain procedures in connection with entry to our country. In summary, those citizens of EU countries and the U.S. are not required to make formal arrangements. However, please ensure your passport is up-to-date. The position in respect to all other countries requires checking with the local British Consulate. In the event that a Visa is not required, it is, however, suggested that you check with the British Consul whether there is any other documentation which you should obtain which will make passage through immigration at the point of entry much swifter.

At this stage we feel that we should also point out that the United Kingdom Government, in common with many other countries, operates certain restrictions on what may be imported. If procedures are followed accurately, we do not foresee any difficulties. Almost everything that you will need for your stay in Glasgow or to assist you in running National Parties, Trade Stands or the like, can be obtained in our city, if we are given sufficient advanced warning.

If you require any further information, please do not hesitate to contact us.

Yours sincerely,

Andrew McFarlane
Joint Chief Executive
Glasgow World Congress 1995 Limited
