FORWARD

1983 has been a year of uncertainty, we all disturbed by the worldwide economic recession, the future stability, etc. and it was through these hardships that the Hong Kong Jaycees has determined ourselves to double the efforts to contribute to the community. To enhance our Major Emphasis Theme this year, we have chosen "Economic Development - Our Future Our Concern" as the theme for this convention and to this effect, we have invited a number of prominent speakers to give talks on the topic.

We are honoured to have The Hon. Roger Lobo, CBE., LL.D, JP. to officiate the opening of this convention whilst we shall also have Dr. F.K. Li who has generously sponsored this project to be our Guest of Honour for the Awards Banquet. On behalf of the Organizing Committee, I would like to express our heartfelt thanks to these two celebrities for their presence and patronage.

We have selected the prestigeous Regent Hotel as our convention venue and a series of informative business sessions covering the 4 areas of opportunities has also been planned in order to provide a fruitful convention. As stressed in our bidding document last year, the purpose for the City Jaycees to host this important annual Jaycee event is to serve our fellow Jaycees and through involvement, to furnish more individual opportunities to our members. We have certainly reached our targets.

Wishing you all have an enjoyable National Convention.

HENRY H.L. LAI
Convention Director

GUEST OF HONOUR

THE HON R.H. LOBO, CBE., LL.D., J.P.

MESSAGE FROM GUEST OF HONOUR

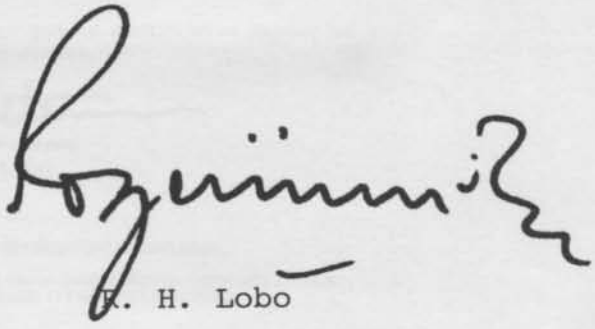

M E S S A G E

The National Convention of the Junior Chamber of Commerce is a very meaningful occasion because it is the time when the Jaycees get together to evaluate their past performance and plan their future activities. It is also the time when young men and women of the Junior Chamber gather together to deliberate and elect their leaders.

Conventions also provide the Jaycees with memorable and rewarding experiences, and give them the opportunity to make great and lasting friendship with their fellow members.

I am very pleased to be associated with the members of the Hong Kong Junior Chamber of Commerce in their 18th National Convention, in particular because our Community will once again be reassured by the Jaycees of their enthusiasm, dedication and commitment to serve their fellowmen.

I congratulate the President, the Board of Directors, as well as officers and members of the various Chapters for their past good work and extend to all the Jaycees my best wishes for every success in their future endeavours.

R. H. Lobo

MESSAGE FROM PATRON

Congratulations to the Hong Kong Jaycees for another successful year, a year with many flying colours.

During the year, my wife and I had the privilege of witnessing the projects of some of their chapters. These gave us more insight into the youthful activities of Jaycees adding our appreciation of their community services here and around the world.

May this year's convention be another successful one followed by further achievements in the years to come.

Dr. Henry F.K. Li O.B.E., O.St. J., J.P.

MESSAGE FROM WORLD PRESIDENT JAYCEES INTERNATIONAL

Jaycees International

Office of the President
Kjell Peterson

MESSAGE OF GREETING

I am delighted to have the opportunity to greet the Hong Kong Junior Chamber of Commerce on this memorable occasion of your national convention.

You have come together to participate in a most significant event. The days ahead will set the trend to be followed by your organization in future months. As you make the decisions that will shape the direction in which you are going, I urge you to take some time to reflect on the accomplishments to date, to assess the ways you have chosen for achieving the ends, to value the successes you have had, and study in depth the failures you have surpassed. Only by learning from experience can we grow and develop properly.

Take the time to participate fully in the various meetings and activities that will take place, to exchange ideas, and to listen and give advice. While you may feel proud of your achievements, there still remains a lot to be done...there are still a great number of persons out there who could benefit from the same things you have benefited from and taken advantage of by being a member. I challenge you to go out there and instill in them the spirit of each one of the tenets of our Creed. Assess what is the image of the organization in your country, and set out to improve it or reaffirm it.

Two areas of emphasis this year are training and identity. We are the biggest leadership development and training organization for young people in the world today. It is important that we use our main resources to develop our product, i.e., training. It is also important that we will be known as ''the'' leadership development organization of young people. We have taken the first steps toward giving our organization a worldwide identity. We have started with visual identity, i.e., standardizing our logo, stationery, colors to be used, type of lettering, etc.

It is my hope that I can count on the cooperation of all NOMs to achieve our target of worldwide identity. But for this, we need the cooperation of each one of you individually.

I commend you on your successes and urge you to strive even harder to excel in the goals you have set for the future.

MESSAGE FROM EXECUTIVE VICE PRESIDENT JAYCEES INTERNATIONAL

Jaycees International

MESSAGE OF GREETING

I greet all members attending the National Convention.

As the Jaycees International Executive Vice President, I have been proud to represent Asia on the International Forum. Asia is commonly known as Area B in the Jaycee Circle and our motto this year has been "B the Best." Your country has contributed to the overall success of Jaycees International in Asia and you are to be commended for belonging to an organization like Jaycees which, through the untiring efforts of its members, strives to bring about positive change in communities throughout the world.

I congratulate the leaders of Jaycees at all levels of your organization for serving our movement during the preceding months. I do believe that you are "richer" for the experience.

To all those leaders about to be elected, may I wish you a successful year of office. Address yourselves to the problems facing your country, and the world, today. Evaluate how you and your members can use Jaycees as a catalyst to bring about solutions to the challenges facing mankind. Plan your efforts within the framework of our Creed and use the Jaycees' ideals and principles as a guide to achieve your future goals. Remain within the limits of your abilities and, by working together, achieve what to many may seem impossible.

I wish you an enjoyable and thought-provoking convention.

Yours sincerely,

Jerry Franklin

Vice President

M E S S A G E

The Hongkong Junior Chamber of Commerce has every reason to be extremely proud of this Jaycee year with the dedicated management of your national leadership and the energetic involvement of the members.

I congratulate the NOM for setting a new course in service and personal development, and I hope that these will be a generous continuation of avowed goals for the ensuing year.

When the membership meets this year for the annual convention, I am confident that the purposes of this organization as a brotherhood movement will transcend personal feelings and that the theme of North-South understanding will find its true meaning in the social and physical interaction while participating in the activities of the convention.

MESSAGE FROM AREA DIRECTOR – ASIA JAYCEES INTERNATIONAL

Jaycees International

MESSAGE OF GREETING

Greetings from Coral Gables!

As your Area Director for Asia, it gives me great pleasure to greet you on this auspicious occasion.

You have gathered together to celebrate and discuss the past years activities. I congratulate you on being a member of this wonderful organization. I congratulate you on completing this years activities. I congratulate you on serving your respective communities. I congratulate you for committing yourself to serve your organization for another year.

Much has been achieved this year by you as an individual and collectively as a LOM and a NOM. Much more, however, can be done to achieve our goal of ''Everlasting World Peace.''

You are the key factor towards narrowing the gap between developed countries in the north and developing countries in the south.

You may not realize that by spreading the Jaycee message to non-Jaycees you are spreading Jaycee philosophies to all corners of your country. If you take this one step further and invite one person to join our organization, you will be strengthening Jaycees International. The more people you get involved in Jaycees, the stronger we will be.

Next year you will be faced with new challanges, new opportunities and new problems. One of your many goals should be to introduce just ONE MEMBER to Jaycees. All I am asking for is ONE MEMBER. If all your fellow collegues in Jaycees achieve the same goal, then the size of your LOM and your NOM will double. What this means is that whatever your achievements were this year, they too will be doubled next year.

This is my challenge to you. Be selective in who you ask to join - NOT selective on class, creed, colour or social status - but selective on willingness to serve, learn and achieve. There are many young people out there who are ambitious and willing to learn and serve. All they need is for you to identify these needs and invite them to join.

May your convention be a success and your deliberations be constructive.

I wish I was with you to share your successes and achievements.

Yours sincerely,

Vernon Matthysen
Area Director - Asia

MESSAGE FROM HON. LIFE PRESIDENT HONG KONG JAYCEES

Message

Another dedicated and successful administration is coming to the end of its tenure of office. In this Annual Convention, reports will be received and findings discussed; proposals will be considered and decisions taken.

This is the tradition everywhere as Jaycees come together each year to assess progress and to set even more ambitious goals for the year that follows -- always building on the past to secure a better future.

Elections are held too. This is the essential renewal of Jaycee life. Outgoing officers move on then to other stimulating opportunities in the community. New ones take up the challenge in their turn.

Congratulations are offered to the President, Officers, Directors and all Members, both national and local. They honour the Jaycee name by their unceasing industry in community betterment and their talent for teamwork.

Another year goes by; a new one dawns with great expectations.

MESSAGE

Every year, the administration will provide an opportunity for all the Jaycees to exercise and practise their priviledge as members of a democratic organisation.

During the National Convention, members are encouraged to voice out their opinions and share their ideas with fellow Jaycee friends from other LOMs. Business session topics and guest speakers are carefully selected to assist all delegates to fully participate in goals setting, decisions making and problems solving. Opportunities will also be provided for delegates to critically review past performance as well as formulating future objectives. Apart from the above, one of the highlights of the National Convention would be the election of another group of dynamic leaders to head the organisation for the next twelve months. It is hopeful that with the joint efforts and contributions from all delegates, ambitious targets and directions will be set.

As the National President, may I urge all delegates to fully participate in the Convention programs which the Organising Committee has painstakingly arranged for us. Having deliberated our thoughts and concern on the continued development of both our organisation and our community, we can all be proud of ourselves as responsible citizens and members.

Taking this opportunity, I would like to express my sincere appreciation to the hosting LOM, the City Jaycees, for the tremendous efforts in putting up this wonderful Convention. To all the delegates attending this Convention, may I wish you a most enjoyable, fruitful and memorable Convention.

Kitty Leung
National President 1983

MESSAGE FROM IMMEDIATE PAST PRESIDENT & SENATE CHAIRMAN HONG KONG JAYCEES

M E S S A G E

The National Convention is the outstanding occasion in the year for us to recognise the significance and privilege of being a Jaycee. It provides an opportunity for members to review past achievements and to evaluate performance. In the course of the exercise, members share and exchange ideas and experience frankly and openly, for it is only after this is done, then new plans can be formulated in meeting the objectives of our organisation and the requirement of the community.

1983 is an outstanding year in which we see success in many projects and activities organised by the NOM and LOMs. Congratulations are due to National President Kitty and the Board of Directors as well as all the LOM officers whose efforts help ensure that our organisation continues to be a leading organisation for the young people.

Given the brilliant performance of the City Jaycees since their inauguration two years ago, I am confident that we will have a most successful 18th National Convention.

I take also this opportunity to wish those candidates elected to offices in 1984 every success and to encourage them to face the challenges of the new year positively and with determination.

MESSAGE

The City Jaycees take pride of having the honor to be the hosting chapter of this year's National Convention.

National Conventions are like Christmases or Chinese New Years when once a year, members of the family and friends get together. To us, Jaycees, National Convention is especially meaningful, it is a time to look back and to acknowledge proudly what we have achieved and a time to plan ahead for another year of more meaningful successes.

It is particularly exciting for us, the City Jaycees, being the youngest in the family to have this opportunity to enhance our trainings through hosting this event.

On behalf of the City Jaycees, I wish to welcome you all to this once a year grand gethering of the Hong Kong Jaycees.

Message of Greeting

On the occasion of the opening of the National Convention of the Hong Kong Junior Chamber of Commerce, we extend to you hearty and sincere congratulations.

As you know, both the Japan and Hong Kong Jaycees have always acted as brothers in close cooperation with each other.

We appreciate and thank you for the excellent arrangements you made for the JC Youth Voyage project on their visit to the port of Hong Kong. We are also very grateful for the kind assistance and many gestures of goodwill you so graciously provided to the visiting Jaycees at the World Congress and the Asian Conference. It is our firm conviction that these genuine acts of friendship, understanding and cooperation will be of great benefit to the future of the world.

In today's world, we are faced with a variety of problems among nations, such as, conflict of interest, resources and energy, food and over population, and that of the north and south. No one country can even begin to solve these various problems by itself. By sharing our deep sense of feeling and understanding, by working together in carrying out movements for social development in our respective countries, the Jaycees will provide the motivation towards solving global problems which exist today.

We pledge our full and sincere support of mutual friendship and cooperation.

With kind regards and best wishes.

Sincerely yours,

X. CONCLUSION

1983 has been a year of great challenges for the Hong Kong Jaycees. However, despite economic depression and political uncertainties, the Hong Kong Junior Chamber of Commerce has been able to accomplish most of her objectives as set at the beginning of the year. We are in fact fortunate to have inherited the many good qualities and achievements of our predecessors. It is undoubtedly our priviledge to further the noble mission of promoting and spreading the Jaycee movement to our fellow young friends in Hong Kong as well as contributing towards the well-being of our community.

As the National President, I am proud that with concerted efforts from all members and especially Office bearers of both the NOM and all LOMs, the Hong Kong Jaycees were able once again to maintain her high standard of performance in the eyes of both the general public and Jaycees from overseas. We have demonstrated our ability in meeting most challenges, in the way a leadership training organisation like the Jaycees should have done.

For all the achievements that have been made in 1983, I am indebited to my team of devoted and hard-working National Officers who adopted positive and constructive attitude in solving various problems. I would also like to thank all LOM Presidents and members for giving me and the NOM full support and cooperation through the past months. The support and guidance rendered by senior Jaycees such as Hon. Life President, Mr. A. de O'Sales, Past National President and my advisor Sonny Yu, and members of the NOM Panel of Advisors have been deeply appreciated. Your encouragement, advice and thoughtfulness have smoothened my task and helped me to become a much better person.

Last but not the least, my deep gratitude goes to my mother Chapter, the Hong Kong Jayceettes, for rendering me support and assistance if and when required. Their kind gesture has indeed made my task a very pleasant one.

With best regards to you all.

18th National Convention

Oct 7 — 9. 1983

Hosted by City Jaycees

HONG KONG JUNIOR CHAMBER OF COMMERCE

" ECONOMIC DEVELOPMENT — OUR FUTURE OUR CONCERN "

18TH NATIONAL CONVENTION - 1983

REPORT FROM NATIONAL IMMEDIATE PAST PRESIDENT - ANDREW WONG

As National Immediate Past President of Hong Kong Jaycees for the year 1983, I would like to present to the General Assembly my report as follows:-

I. CONSTITUTIONAL ASSIGNMENTS

Under the constitution of the Hong Kong Junior Chamber of Commerce, I have been given the following assignments:-

(A) Senate Chairman

Two Senators' Gatherings have been organised so far this year. The one on 4th March was held in commemoration of Hon. Life President and Senator A. de O. Sales' being awarded the Olympic Order by International Olympic Committee and Past President and Senator Alex Wu's being conferred the honour of CBE by Her Majesty The Queen. At the one on 11th August, Senators Paul Lim, Benjamin Wong and Albert Li were specially invited to speak on events that happened during their time, sharing their valuable experiences with the participants.

Another Senators' gathering will take place during the 18th National Convention.

(B) Senator Screening Committee Chairman

National President Kitty has appointed the following Senators to the Committee:-

Senator Andrew Wong	NIPP-Chairman (by constitution)
Senator Major Tang	Past NP
Senator Edmond Pang	Past NP
Senator Jennifer Yu	Past NVP
Senator Tang Siu-Tong	Past Chapter President

The following senatorship applications from different chapters have so far been received:-

C. K. Tang of East Kowloon Jaycees
K. W. Chow of Yuen Long Jaycees
Paul Cheung of City Jaycees
Mark Cheng of Victoria Jaycees

Recommendation on two of these applications have been submitted to National President Kitty. The other two applications will be considered at the Committee's next meeting to be convened later.

(C) Nomination Committee Chairman

At the time of writing this report, the Nomination Committee to be chaired by your NIPP is being formed for the purpose of screening candidates for 1984 National elective offices on both their qualification and eligibility.

II. OTHER ASSIGNMENTS AND RESPONSIBILITIES

(A) Extension of Jaycee Movement to Macau

As resolved at the June National Executive Committee meeting, I have been appointed to co-ordinate efforts of Hong Kong Jaycees in the extension of Jaycee movement to Macau. Since then, with the assistance from Hon. Life President Sales and a few Jaycees, initial contacts with interested parties there have been made. While we will continue our efforts in this matter, it is premature to say at this stage that we will get fruitful results.

(B) Training Sessions

Having taken so much from the organisation in the past years, I presume it is the time for me, being in the office of NIPP, to give back to Jaycees what I have learned and experienced; I therefore have been actively involved in providing tranings at both NOM and LOM levels as well as giving advices and assistance in projects and activities.

(C) Advisory Role in National Board

Through my taking part in nearly all NOM meetings, projects and activities, I have been able to play rather satisfactorily the role of NIPP which is basically one of advisory to the National Board, and help ensure that continuity of the NOM on policy and administration matters is maintained.

III. OTHERS

I was nominated by the NOM to run for the office of 1984 APDC Councillor and eventually I got elected during the Asian Pacific Conference held in Christchurch, New Zealand.

This duplicate by courtesy of RANK XEROX

IV. CONCLUSION

The great leadership of National President Kitty, together with the united efforts of all officers, have made 1983 a year of achievements and creativity for the Hong Kong Jaycees. I certainly take pride in being one in the team.

While this is my last year in the National Board, I shall always look forward to the opportunity of offering my service to the organisation in future.

REPORT OF THE GENERAL LEGAL COUNSEL --

It gives me great pleasure to submit the very first General Legal Counsel's report to the National Convention in the history of the Hong Kong Junior Chamber of Commerce.

This office was only created last year as a result of the recommendation of the Long Range Planning Committee, and the duties as specified in the Constitutions and Policy Manual are:

(a) To handle all government procedural matters of NOM
(b) To interprete NOM's Constitution and By-laws
(c) To serve as Parliamentarian in NOM Meetings at the request of the presiding officer
(d) To ensure the Executives Committee and the Board of Directors' work in accordance with the Constitution and Policy Manual.
(e) In charge of Policy Manual production
(f) In charge of JCI Officers visits
(g) To carry out special assignments sp requested by the National President

I am, therefore, pleased to report those assignments under my supervision:

(1) JCI OFFICERS VISITS

We are indeed honoured this year by the visits of the World President, Kjell Peterson, the Secretary General, Dan Rankow and the Vice President assigned to Hong Kong, Victor Luciano in January. Two separate official receptions were held on January 28 and Fenruary 1 respectively. This was the golden opportunity for every Jaycee to meet these senior and experienced Jaycees from the International body and to ask questions for everything in related to Jaycee movement. Both functions were well attended by LOM officers and Jaycee members. My thanks to everyone who supported these two occasions and especially to the Project Chairman, Jaycee David Tsoi of Peninsula Jaycees.

(2) TEN OUTSTANDING YOUNG PERSONS SELECTION

This is the eleventh year that the Hong Kong Jaycees organise this meaningful community project. Since this project is still in progress and will only be completed at the end of November, there is not much I can report except to give you a brief run-down of the schedules as follows:

This duplicate by courtesy of RANK XEROX

(a) Chairman:	Senator Winson Chan of Peninsula Jaycees
(b) Selection Consultant:	Price Waterhouse
(c) Sponsor:	Hang Seng Bank Ltd,
(d) Panel of Judges:	The Hon. C.H. Haye, CBE,JP The Hon. Chen Shou Lum, OBE, JP Dr. The Hon. K.F. Ho, OBE, JP The Hon. Mrs. Selina Chow, JP Dr. Keith Legg, OBE, JP
(e) Announcement of the opening of nominations:	July 6, 1983 in the form of a Press Conference
(f) Accepting Nominations:	From July 6, 1983 to September 1, 1983
(g) Interview by Judges:	October 14 to 16, 1983
(h) Announcement of results:	October 23, 1983 in the form of a Press Conference
(i) Award Banquet:	November 26, 1983 at Regent Hotel

It is very encouraging to see that the number of nominations we received do exceed that of last year. We do believe that another ten outstanding young persons can be selected again and if it does, this year will be the third consecutive year that we have TEN OUTSTANDING YOUNG PERSONS.

(3) POLICY MANUAL AND CONSTITUTIONS

As in the last four years, a Policy Manual was printed and was sent to every Jaycee member in early February. This is to give all Hong Kong Jaycees the objectives and the plans of what the NOM is going to do this year. It also sets the procedure and criteria of all NOM matters and to interprete the specific duties of each NOM Board Member and Officer.

This Policy Manual was approved by the LOMs at an extraordinary general meeting and therefore, it forms part of the Constitution and By-laws which are binding on every body for the current year.

On Constitution, discussions are still being made with the Company Registry. A proposed draft of the amended Constitution and By-laws has been submitted and we are still waiting for their reply. As this will take some time, I do not foresee that the matter can be settled within the current Jaycee year.

CONCLUSION

This report will not be complete by not expressing my deep appreciation to all those who have given me their guidance, support, co-operation and encouragement during my term of office as the General Legal Counsel. It has been a great pleasure to work with a very capable National President and a hard working NOM Board of Directors.

18TH NATIONAL CONVENTION - 1983

REPORT FROM NATIONAL VICE PRESIDENT
(INDIVIDUAL) - MARK CHENG

AREA SUPERVISION

1983 Nom aims to provide a comprehensive training program to all members to meet their needs despite of their different Jaycee career and background. At the beginning of the year an integrated training program was formulated to provice training in areas of management, leadership and self development. We firmly believe that training will better qualify of leadership and will also help in membership extension and retension.

The training courses held or supervised by NOM are as follows:

(1) LOM Officers Training School
(2) Training ABC Seminar
(3) Personal Growth Dynamics Programme
(4) Protocol Seminar
(5) Management Theories & Organizational Behaviour Course
(6) Inter-chapter JC Quiz
(7) Parliamentary Procedures in a Lively Way (to be held)
(8) Training for Trainers (to be held)

The NOM Trainers Circle

A training team was formed at the beginning of the year. It consists of experienced members such as past national presidents, senators, Trot graduates and other senior members. It aims to provide chapters with advisors and tutors in both NOM & LOM training courses.

Since end of last year, letters have been sent to overseas JC & JCI to solicite updated training materials. Although responses are not so satisfactory, considerable training manuals are purchased and received and are being compiled into a training library by the RR director.

Overall, the area of training this year does plough a new ground in the Hong Kong Jaycee. We believe we have stirred up the awareness for the need of training. To achieve this, the National takes an aggressive approach to launch projects in order that members of all levels will be benefited.

This duplicate by courtesy of RANK XEROX

The stardardization of certain training programs will alleviate the job of the succeeding training director and based upon which regular updating should be made. Contacts have also been made with Training Institutes such as the Hong Kong Management Asosciation, the Hong Kong Polytechnic and the Improved Reading Centre which express interest in possible joint ventures with the Hong Kong Jaycees in the future.

ASSIGNED LOMS

VICTORIA

1983 is no doubt a year of continued growth and glory for the Victoria Jaycees. By the mid year, the chapter has already exceeded the membership target set by the National. Very active participation in both NOM and LOM activities witnessed through out the year. Under the capable leadership of President Christopher, the chapter has a balanced growth in all areas. It is in fact one of the few chapters that maintains a stable organization in the Board in the whole year. Quite a number of joint projects were carried out with other chapters and this has shown a keen interest for the Victoria Jaycees to learn and share the experiences. Very good fellowship can be seen amongst the members themselves. Internal communication has been greatly improved through the monthly news-letter "CONTACT", contents of which shows remarkable improvements.

The chapter has also well responded to the National theme of economic diversification and is first chapter to hold a large scale project, "Hong Kong-An International Financial Centre", which has attracted a lot of publicity for the Hong Kong Jaycees.

My salute to President Christopher and the hard-working Board of Directors for their good work.

BAUHINIA

Started off slightly handicapped with some disturbance in the organization of the Board and with relatively less experienced board members, the Bauhina Jaycee has demonstrated their determination to outstand the other chapters in many areas. Lead by capable President Anne, a number of large-scaled publicity-drawn projects have been carried out successfully, namely the "Hong Kong Courtesy Campaign, the "Cycling Safety Appeal in Carnival", to name a few.

A number of joint projects were also carried out with other chapters. Despite being a female chapter and limited memberships

in the Track and Field Events of the Jaycee Olympics, Bauhinia has won 21 awards including an overall Ladies Championship and the Individual Ladies Championship.

Not surprisingly, and to keep up their tradition, Bauhinia is the only Hong Kong Jaycee chapter that has won a Certificate of Merit in Youth Activities for their 1982 H. K. Youth Orienteering Championship.

1983 is definitely a year of consolidation and growth for the Bauhinia Jaycees. Let us hope that on the solid basis Bauhinia will continue into other stage of achievements and growth.

East Kowloon

East Kowloon Jaycee is the chapter that has given me the biggest surprise and satisfaction by their great span of improvements in almost all areas.

President David has demonstrated a good example of a devoted leader. Being very hard working and innovative in problems solving, he has achieved a remarkable all-rounded growth. Understanding the chapter's slight set-backs, he has aimed to improve the chapter's performance through forstering fellowship in the chapters in the first instance, joint projects with other chapters, motivating members to participate in National Projects, and improving communication among members.

The most outstanding achievement is to reach the membership target of 65 as set by the National by the time of National Convention.

To President David and the Board of Directors, I take my hat off to the good work that you have done for your chapter and I am sure in the years to come your chapter will be another outstanding one in the Hong Kong Jaycees.

I wish to express my sincere gratitude to the guidance and assistance given to me particularly from Senator Florence Wong, Senator Edmond Pang, Senator Sonny Yu, Director Edward Ho and all the members of the National Board.

18TH NATIONAL CONVENTION

REPORT FROM THE NATIONAL VICE PRESIDENT (INTERNATIONAL)

As National Vice President, I was assigned by the Executive Board to supervise the International Area of Activities with the assistance and support from National IA Director Henry Chan and Officer Irene Tse. At the same time, I was also assigned to assist and co-ordinate with 3 LOMs, namely, Peninsula, Harbour and Tai Ping Shan.

On this occasion of the 18th National Convention, I take pleasure to submit my report as follows:-

(A) ASSIGNED AREA

This year, both the National Board and the LOMs shared responsibilities in receiving overseas Jaycees visiting Hong Kong. While the National Board took care of personalities from JCI and other NOMs, all chapters assisted in handling visitors at chapter level in accordance with a roster prepared and agreed at the beginning of the year. Among all visits, the most significant ones have been the official visits of the JCI World President Kjell Peterson, Secretary General Dan Rankow and VP assigned to Hong Kong Victor Luciano at the time we had our Inaugural ball.

On the project side, we have been engaged in the following events:

1. 13TH JC YOUTH VOYAGE

It was successfully held on June 17 to 18 with Maggie Fu of Jayceettes as Chairman. This year, five out-standing young men and women have been selected, out of 160 applicants, to represent Hong Kong at the 13th Jaycee Youth Voyage. Over 70 delegates from 18 countries and 500 Japanese delegates participating at the voyage. A film projector donated to Chi Wan Multi-service Centre for the Elderly was presented on June 16.

2. ON-TO-CHRISTCHURCH CONFERENCE

This year, the JCI Asian Pacific Conference was held in the most southern nation of the region - Christ-church, New Zealand. Owing to the distance, there were only four delegates attended.

This duplicate by courtesy of RANK XEROX

The conference was held from May 27 to June 1 with over 1,200 delegates from over 15 Asian Pacific Countries. The highlight of the Conference was the presence of the Prime Minister of New Zealand, the Right Honourable Robert Muldoon and the Mayor of Christchurch, Sir Hamish Hay, at the Opening Ceremony of the Conference.

In the Conference, NIPP Andrew Wong has been elected Councillor of APDC and Bauhinia Jaycees received a Certificate of Merit for their YA project "Orienteering" and I was assigned to sit at the Award Judging.

3. ON-TO-TAIPEI CONGRESS

An organising committee was formed with Patrick Chu of Yuen Long as Chairman. The Congress will be held from November 6 to 12 and a large delegation with over 100 delegates are expected.

(B) ASSIGNED LOMS

As the National Vice President assigned to Peninsula, Harbour and Tai Ping Shan Jaycees, I had discussions with the President of each chapter at the beginning of the year. Since then, I kept myself informed of the progress in each chapter through attendence at their Board Meetings, Monthly Meetings and project activities and telephone conversation. In the capacity of National Vice President, I offered my assistance to them as and when such need arose. I also served as a co-ordinator between the National Board and these three LOMs.

At the time of writing this report, I am happy to inform that all the chapters are progressing satisfactorily according to the plan of action, targets and time schedules and make achievement in one and other.

CONCLUSION

The past months have been most challenging for me working as NVP (International), and I will definitely treasure the experience and training I attained while carrying out my duties.

Taking this opportunity, I would like to express my heartfelt appreciations to all those who have given me their guidance, assistance and support during my term of office, in particular, my thanks to IA Director Henry Chan, Officer Irene Tse and all LOMs presidents for their kind co-operation throughout the year.

REPORT FROM NATIONAL HON. TREASURER FREDERICK LYNN TO THE 18TH NATIONAL CONVENTION OF THE HONG KONG JUNIOR CHAMBER OF COMMERCE

FOREWORD

1983 is considered a sound financial year for the Hong Kong Junior Chamber of Commerce. Various bank accounts started off with a total deposit balance of over some HKD100,000.00 brought forward from the year 1982 and after eight months to date of this report, I wish to say that we have not let anyone down because we are now sitting on cash of some HKD120,000.00 with our various bank accounts and an advantageous position vis-a-vis receivable and payable accounts.

MEMBERSHIP DUES

Membership dues to Jaycee International Inc. were billed annually at the beginning of the year basing on the last declared membership during the last world congress. For 1983, membership dues to Jaycee International Inc. was billed and paid at 976 members. Membership dues from chapters were billed quarterly according to the declared membership during the last quarterly joint board meeting. As a result of recruitment and drop out, a plus/minus 5% variance is currently subsisting between the actual membership and that as declared to Jaycee International Inc.

CHAMBER OFFICE FUND

As a result of the thrilling response received during the 1983 Jaycee Week and the regular display of promotional materials at the MTR stations and trains, the number of prospective members grew significantly over the past two months. Initiation fee from these prospective members had contributed substantially to the Chamber Office Fund providing for a stronger base for future improvement and instalation of facilities within the chamber office.

INAUGURAL BALL

The 1983 Inaugural Ball, apart from being the official ceremony for instalation of offices for the elected officers for the year 1983, its income, had been traditionally a major funding source for the Chamber's activities funds of the year. Ball Chairman Jaycee Henry Chan of Tai Ping Shan Jaycees together with his able and hardworking committee members had successfully achieved this goal by chalking up a record project income of HKD63,635.20.

This duplicate by courtesy of RANK XEROX

EXPENDITURE

With such handsome income derived from the 1983 Inaugural Ball at the beginning of the year, National has been able to provide for more lenient spendings on activities than that as originally budgeted. Many areas of the Chamber's activities were granted additional funds benefiting the carrying out of some large scale programs, especially in the training, public relation, and membership extension areas.

CONCLUSION

In concluding my report as your National Hon. Treasurer, I wish to express profoundly how I enjoyed my experience this year in associating my jaycee involvement at national level. Those early morning hours that I spent in preparing monthly statements every month and the lenthy discussions that we had during Excom and Board meetings, all these had enriched myself substantially on both my career and jaycee knowledge. Taking this opportunity I would like to extend my special thanks to National President Kitty for her valuable guidance and encouragement, Chamber Assistant Secretary Peony for her constant assistance and most of all, those who had casted their votes during the 17th National Convention so that I was given this opportunity to service you. As I had promised, you will be given the same professional treatments of accounts as many of your former high calibre National Hon. Treasurers had given you, so please rest assured that 1983 will again be another financially sound year for the Hong Kong Junior Chamber of Commerce. Because of time element, the statements of accounts for the first eight months of 1983 will be seperately presented.

(D) CONCLUSION

The plan of action formulated at the beginning of this year has so far been carried out satisfactorily as a result of support and assistance rendered by the NOM Trainers Circle, the National Board, the Chamber Office staff, the project chairmen and the members of the organizing committees to whom the undersigned owes much appreciation. Nevertheless, the following issues deserve attention for further improvement of membership training :-

1. The success of a training course should be measured by the benefits accrued to a member after having attended the course i.e. how the participant perceives as to the usefulness of the course should be used as a prime measurement of the success of a training project and should never be de-emphasized by the more conventional yardsticks such as the logistics of the project, the number of participants and the ability to meet the budget etc. It is therefore recommended that evaluation of a training project by the participants on its quality, standard and usefulness be made mandatory such that guidelines are available for future improvement.

2. Very often the presentation skills of outsider speakers (i.e. non-HKJC) and the standard and quality of their teaching materials are unfamiliar to us until the day of the event when it would be too late for any remedial action should they fall short of our expectation. To ensure a training course can meet our objective and the needs of the participants, better control should be exerted on the quality and standard of a course by our active involvement with the speakers on the planning of the presentation methods and on the preparation of the course materials.

REPORT OF THE NATIONAL PUBLICATION DIRECTOR - Elsa Leung
TO THE GENERAL ASSEMBLY OF THE 18TH NATIONAL CONVENTION, 1983 OF
THE HONG KONG JUNIOR CHAMBER OF COMMERCE

HARBOUR LIGHTS

"Harbour Lights" is the official journal of the Hong Kong Junior Chamber of Commerce.

Up to 1982, the publication has served as a commemorative issue for delegates attending conferences and congresses worldwide. Whilst the content was associated mainly with photo captions of Jaycees activities, the effect to promote the ideals and objectives of Jaycees has not been as successful as expected.

Against this background, we have revised the format of "Harbour Lights" this year to present a clear picture of the organization's principal activities and the motivational and educational opportunities provided. This impact, both positive and inspiring, should strengthen the Jaycees overall position in the community.

THE EDITORIAL BOARD

The Editorial Board consist of 10 persons. The organizational structure and job specification are as follows:

Position	Name	Job Specification
Hon Advisors (Non-Jaycees)	Theresa Yeung (Newsweek) Lincoln Chan (AMWAY) Angelina Wong (Ogilvy & Mather)	Offer advice in all aspects of the magazine business.
National Publication Director & Officer	Elsa Leung Linda H Wong	Manage and direct the day to day operations, decides what goes into print and what doesn't.

This duplicate by courtesy of RANK XEROX

Position	Name	Job Specification
Production Officer	Jenny Cheng	Plan, organize and control quality control.
Circulation Officer	Maye Wong	Compile and update circulation list.
Research & Reporters	P L Chu, Christine Lim, Eva Lee	Locate, screen and handle writing chores.

THE JOINT PUBLICATION DIRECTORS MEETING

To enable everybody to execute his/her job efficiently, a NOM/LOMs Publication Directors Meeting was held on 25th April at Jaycee Office. The guest speaker, Mr Pang Chi, (News Editor of the Oriental Daily News and the lecturer of Shu Yan College) lectured on the "Role of the Editor" and analysed the factors for the success and failures of current LOMs publications.

Your Director also prepared notes on the art, layout, design, typeset, editing, content, circulation, and the criteria of having a good newsletter/publication and the cutting down of production costs. Copies of the notes were distributed. 11 out of 13 chapters sent their representatives to the seminar.

NUMBER OF ISSUES PUBLISHED AND THE EDITORIAL CONTENT

The 1983 National Policy Manual stated that three issues of "Harbour Lights" should be produced a year: in mid-February, mid-July and end-October. The publishing dates were later rescheduled to fall on March, June and September to tie in with the hectic Jacyees activities occurring within the mentioned period.

The number of pages for each issue is flexible, depending on how interesting or important the materials are. The cover is printed in 4c x 1c while the text is 1c x 1c.

This duplicate by courtesy of RANK XEROX

Editorial Content - Although Jaycees matter is the bread and butter of the magazine, we have tried to avoid taking the same approach issue after issue. To have a much broader thrust on topics of everyday life, to provide more educational and motivational articles, to develop an interest in the social and economic aspects of Hong Kong, are our main objectives.

CIRCULATION

"Harbour Lights" is distributed free.

The circulation has grown from 1,000 copies in 1982 to 2,500 copies in 1983, and we have achieved a 150% increase in distribution.

Besides distributing the publication to Jaycee members, past/current JCI Officers and NOM Presidents, we also despatch it to government officials, companies, associations, organizations, special groups, the press, sponsors, consulates, trade offices, schools, libraries and so on.

EXPENDITURE & SPONSORSHIP TODATE

Expenditure :		
Printing cost for 3 issues	HK$21,500	
Envelope	2,090	HK$23,590
Sponsorship :		
Cash sponsorship received	HK$11,000	HK$11,000
Actual Expenditure		HK$12,590
NOM subsidy allocated for "Harbour Lights"		HK$18,000
Actual subsidy funded by National		HK$ 5,410

This duplicate by courtesy of RANK XEROX

THE FUTURE

A good publication would present a clear image of the healthy and stable organization that we are today. Hence it is worth the effort to put in time and money into this fine publication as well as to gain some experience in the magazine business.

In 1983, "Harbour Lights" has gradually built itself up. We hope we will continue to cultivate and nurse it to become one of the "Most Outstanding Jaycees Publications" in the world.

ACKNOWLEDGEMENT

My heart felt thanks goes to the Honorary Advisors, the Editorial Board, especially my talented and hard working Officer Linda H Wong, NP Kitty for her special guidance and advice, Supervising Officer NSG Georgiana, Senators, Past Presidents, JCI Officers, NOM Presidents/Officers and LOM Presidents/Officers. Our achievements in 1983 would not have been accomplished without their contributions at all levels. I am most grateful to them as well as my colleagues on the Board for their support during the year and will be happy to continue my long association with the organization as an ordinary member.

REPORT FROM THE DRAGON JAYCEES PRESIDENT

SUMMARY

1983 is a year of steady growth for the Dragon Jaycess, our major emphasis this year is on the membership retention, consolidation of members' interest and provide them with the necessary training. Due to constraint in manpower, large scale projects are not encouraged. However the chapter maintains some moderate scale projects and at the same time encourages members to takeparts in National projects. This aims to maintain linkage with the other sister LOMS' and maintain the enthusiasm from the active members. The chapter this year has actively supported the National by either take parts in organising project or participation. In July, we received a presidential Incentive Award for our Outsanding Achievenant in the Area of Membership Training, For those have attended the Personal Growth Dynamie Training Program who have brough this Award home, this Award is a stimulus, for our successors, this is a monument of our success in growth.

C. Finance:

As a result of Raffle Ticket Sale fund raising project held in November last year, together with the membership subscription received this year, the financial situation has a fairly sound starting, certain heavy-financially-loaded projects are avoided, thus enable the chapter to subsidize members attending the Inaugural Ball, New Year Bonanza and monthly meetings, Two more fund raising projects will be organized later this year, one is form of film show and another one is form of give-away souvenir selling.

D. Publication:

Our offical publication is re-named as "DRACO" The idea of renaming our publication is, I would like to cite part of our editor's viewpoint. "The best mothed of finding one's way around an unfarmliar wilderness is to note a few prominent objects as landmark. In sky too, we have DRACO, the Dragon ..." The first issue of 'DRACO' has been published, and the next issue is expected to be published in October 1983.

E. Record & Recogntion

An orderly record of the chaption project activities has been kept. Three awards would be given out at the A.G.M.to recognise the effort of some outstanding individual members, The awards are to commend the:

1) Most Outstanding Board Member
2) Most Outstanding Member and
3) The Chairman of the Most Outstanding Project of the Year.

2. Projects and Activities

A. Individual

Leadership Development

The "Leadership in Action at Sea" Project was sucessfully held. This project aims to provide skill and character development with sea adventures. Sone 60 participants from various chapters have jointed this event.

A self training program called"Public speaking workshop" has been organized and implemented. This is a series of workshop in form of playette similating a public speaking event. Attendance and feebback from the participant have been encouraging. The Board decided that this program be a long term project and will be carried onward in a monthly basis.

Membership Extension

Membership retention is our major emphasis this year, A 33% membership growth targer was set at the begining of the year (from 30 to 40). It is the decision of the Board to maintain 'quality' rather than 'quantity', for those non-active members whom we feel theyhave dropped out their interest in Jaycees activities, we have no alternatives but to axe-off. The present membership of 30 is certainly a strong core which consists of senior Jaycees members and active young members. I have strong optimism that a growth of 33% can be achieved at the year and as we have put certain efforts to motivate and arouse the prospective members' interest.

B. Management / International

Public relationship

The P.R.of the Dragon Jaycees has been good throughout the year. By the active involvement with the National projects and enthusiatic participation in various National activities. We have portraited ourselves to be known as an 'active' chapter in the Jaycees family. Internally, social gatherings were held in seasonal occasions: Christmas and Chinese New Year. Various informal social gatherings have been held usually in forms of tea-gathering, mahjon playing and parties. Up to the time of writing, I am glad to know that some recreational activities will be organized in the near future, the practising of tennis and bowling. To this effect, our social activities will be diversified to meet various members' needs.

International Affairs

Following the expedition by our IPP Jeremy Ho in attending the Manila Conference in 1981. I myself had attended the Seoul World Congress in Nov. 1982. The Dragon Jaycees is eventually, although slowly, getting to know this worldwide organization in the international scale. I look forward to a sizable delegation from our chapter to attend the Taipei World Congress in November this year.

Projectwise, we have sucessfully organized our first IA project-the 'Jamboree for Children' This is a project organized by the Hamamatsu Jaycees in Japan. The aim of this project is to invite the attention of children in Japan and the Vietnamese refugee to know more about the traditional skill and craftsmanship of kites of other countries all over the world. The Dragon Jaycees sponsored by the Hong Kong Kite Association had contributed two kites to support this

This duplicate by courtesy of RANK XEROX

project. The kites we sent were flied in both occassions, the'Jamboree for Children' and the 'Hamamatsu Festival' To this effect the Japan Jaycess National President has written to our National President in thanking for our support to their project.

C. 'Seminar on Youth Inclination' - This project aims to explode and analysis the psychological inclination of the contemporary young people, Seminar will be carried out in late November, we have received Trust Fund Subsidy for this project.

'Kite Flying Fun Day for children' - the idea was generated after the successful co-operation of the Hong Kong Kite Association in the 'Jamboree for Children'. The Kite Association expressed their interest in organizing such a meaningful project. Survery by our chapter is underway and this may be turned out to be successful by the end of the year.

EAST KOWLOON JAYCEES
PRESIDENT'S REPORT

(31.8.198

Introduction

1983 is the fourth year since the official establishment of East Kowloon Jaycees. Realizing that we were still a young chapte the Board decided at the beginning of the year to emphasize on consolidating the Chapter's organisation and her growth.

Accordingly, the following four scopes of work were identif and the Board's efforts have been channelled towards them:-

(1) Fellowship and Membership;

(2) Internal Management;

(3) Projects; and

(4) Relationship with National and other chapters.

The 1983 Board Members are listed out in the Organisation Chart appendiced hereto.

Fellowship and Membership

Good fellowship is the key to success in retaining and recruiting members, and large membership carries no significance without a sense of fellowship. Therefore the Board has dealt with fellowship and membership as one single entity.

The number of full members at the end of last year was 51. Our target was set at 65 by the end of 1983. Later, National announced a scheme of awarding chapters for successful membership extension. We decided to attain the award even though only 40 ful members remained when dues were collected for 1983. Accordingly w made the entrepreneur decision to reach our target membership by t end of September.

General fellowship meetings were initially held bi-monthly. Starting from July, it has become a monthly event. In the past three meetings, there were not less than 30 participants in each occasion.

To supplement the general fellowship meetings, we have organised various informal gatherings including two hikings, two occasions of restaurant-going (yum-cha), and three sports gatherings. As a result of regular sports practice, the East Kowloon Basketball Team has come to existence. We will keep on providing our own members with indoor sports facilities.

This duplicate by courtesy of RANK XEROX

All members were encouraged through personal contact by myself and other Board Members to participate in National's and other Chapters' facilities. Through this, members have developed a stronger sense of Jayceeism which has also fostered fellowship within our own Chapter.

Every project organising committee was also given the task of motivating a certain number of prospective members or inactive full members by involving them in projects.

Our Chapter held two orientations so far, one in March and the other in July. To supplement this, we arranged some of our new prospective members to attend National's orientations in order to help them become full members. Despite the relatively small number of full members to start with, there was a sizable pool of prospective members (23 in early April). For membership extension, we have focused on converting existing prospective members and prospective members referred to us from National.

As a result of the strategy of fellowship and membership extension, members have come together closer and more, some inactive members have been activated, and we have achieved 62 full members to date! Moreover, at least three prospective members' application for full membership are due for approval at September's Board Meeting.

Internal Management

As far as internal management is concerned, a lot of effort has been put into the communication aspect. In April, we tried a new method of communication among Board Members, i.e. a linear mode of telephone conversation. This did not work out successfully because the chain broke up somehow or other. Presidential letters and circulars were later adopted as a substitute.

A "baby-sitter" system was adopted in May, whereby each Board Member was allocated a group of members for him to take care of, particularly in respect of communication. This system turned out to be effective, not only for communication, but also for fellowship. This system is being monitored constantly to ensure its effectiveness and efficiency.

Also in May, we started to improve our newsletter "Channel". Consequently, the letterhead design now looks better, the content more substantial, and the quality improved. Except for April/May for which one combined issue was published, the Channel has been issued regularly every month since January.

In April, stock-taking of Chapter properties was made and a preliminary system of inventory rules and procedures was adopted

This duplicate by courtesy of RANK XEROX

for taking, adding, borrowing and returning Chapter properties. This system has hitherto been refined and the final inventory list rules and procedures were issued to Board Members in August.

With a fund-raising project organised in the first half of the year and careful budgeting and control of expenditure, the financial situation has been maintained very healthily throughout the past eight months. A surplus is expected for 1983.

Projects

Seven projects have been organised to date:-

(1) Participation in the Kwun Tong Town Centre Carnival organised by Kwun Tong Town Centre Area Committee and sponsored by the Kwun Tong District Board on 30th January.

(2) Project Management Seminar on 19th March.

(3) LD Camp jointly held with Tai Ping Shan Jaycees on 23rd/24th April.

(4) Fund-raising project "1983 Fun for Fund" on 3rd June.

(5) CD project "Community Services for the Aged in a Nutshell" in July/August.

(6) YA project "Computer and You" jointly held with Victoria Jaycees on 13th August.

(7) Hosting jointly with Tai Ping Shan Jaycees the Table Tennis Competition of Jaycee Olympics on 21st August. The Project Chairman was our member.

In addition to the above, projects to be completed within this year include a "Public Speaking Workshop" scheduled for 29th October and a Christmas Ball for 24th December.

Instead of concentrating on one or two large-scale projects, we decided earlier this year to carry out a balanced mixture of projects phased out uniformly throughout the year. It has been our aim to make our projects compatible with the interest of members an resources of our Chapter, and to offer leadership training to membe and contribute to the community through projects. This, I think, h been achieved.

Relationship with National and other Chapters

It was decided that our Chapter should endeavour to partici-pate in every important open function of National and other Chapter Towards this end, the Board approved a "Compulsory Roster" by which every Board Member was enlisted to be responsible for participation

This duplicate by courtesy of RANK XEROX

in National's and other Chapters' functions in a certain month. Members were also encouraged to participate in Jaycee activities other than our own Chapter's. These measures, coupled with various projects jointly held with other Chapters, enabled us to develop and maintain a constant touch with all sectors of the Hong Kong Jaycee circle. To date, I am proud to record that our Chapter has participated in all National's open functions and most of other Chapters' open functions.

Future

For the past two months, the Board has been identifying possible candidates for next year's Board. In the coming four months, we will concentrate our effort on consolidating the internal management and fellowship on the one hand, and assisting the formation and planning of the next year's Board on the other. Only through this arrangement can we ensure that the development gained this year will not lose its momentum in 1984.

Conclusion

I do not intend to boast that we have carried out any individual feat that was particularly attention-getting. However, I am proud to note that our Chapter has been developing in a balanced manner and in the right direction.

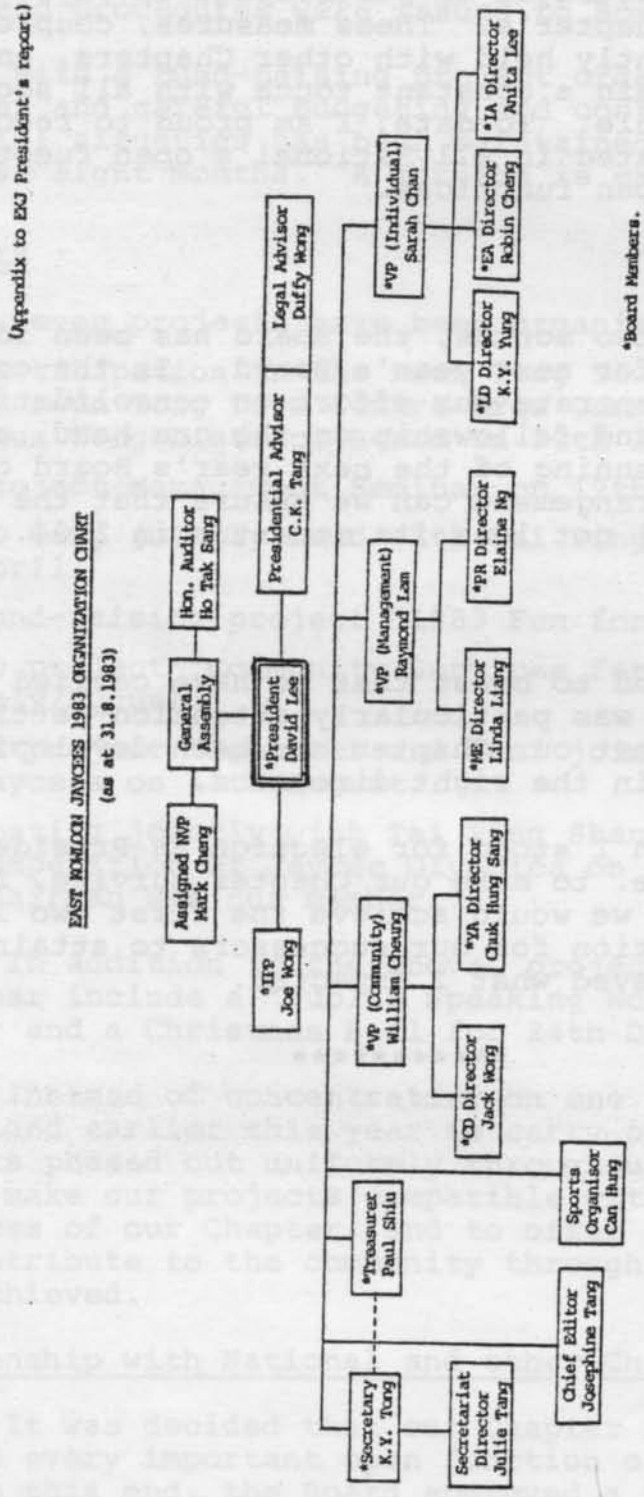

Last year when I stood for election as President, I set a three-level goal, i.e. to make our Chapter survive, flourish, then prosper, adding that we would achieve the first two levels thus laying a good foundation for our successors to attain the third level. We have achieved what I expected.

HONG KONG JAYCEES HISTORY

The Jaycee Movement reached Hong Kong in 1949, when a Philippine Jaycee John Ng who was the Special Liasion Officer of the JCI 5th Congress and was charged with the mission of coverting Hong Kong to Jayceeism arrived in November. Through the introduction of his cousin, Mr. Alex Ng, a Jaycee Senator still, Mr. John Ng was presented to Rev. E. Bourke, former director of Wah Yan College, Hong Kong. A meeting was then arranged for him to meet a group of young businessmen. During the meeting, Mr. John Ng's explanation of the aim and purpose of the Jaycee movement succeeded in firing the imagination of his audience. Eight days later, sponsor group of the Hong Kong Junior Chamber of Commerce was formed and Mr. Paul Lim was elected as convenor of the organizing committee. Mr. Austin Coates from Hong Kong Government, then an Assistant Colonial Secretary of Hong Kong, was assigned to serve as Advisor to the Organizing Committee.
