SENATOR RONALD KAN

NATIONAL PRESIDENT
JUNIOR CHAMBER INTERNATIONAL HONG KONG

The world is changing faster than before. As young active citizens, making piecemeal changes are not enough. We need to go further, go beyond our comfort zones, ***Creating Positive Changes*** that accumulate to engender sufficient magnitude which is enough to change our destiny and all of our destinies.

This year under the National theme Beyond BeLive, JCI Hong Kong offered opportunities to you, our members, that allowed you to Challenge Your Limit. Our series of coaching and training activities under the National Member Empowerment Commission and National Training and Development Commission prepared you to meet the challenges of today and Excel Together. In 2018, JCI Hong Kong organised Belt and Road International Youth Summit inviting young people from 17 National Organizations and Mainland China to interact with our members, World Cleanup Day breaking record on 15th September to raise awareness on Responsible Consumption, and Breath of Hong Kong concerning solutions to improve our air quality. These projects have the potential to lead us and the people of Hong Kong to eventualities that are life-changing.

Thank you my mother Chapter JCI Sha Tin for hosting the 53rd National Convention and all members' support to me as National President and my National Board. I can feel when members join together to unite all sectors of society, the impact which comes about will create a powerful force for years to come. I appreciate all of your efforts in making the union and impact which enriched everyone of us.

Although one year may be too short to change your destiny, the basis of change materialised this year will propel you on your route to creating multi-fold changes. We see history in the making!

Beyond BeLive!

Ronald Kan
National President

A change of leadership each year is a Jaycee tradition worldwide. It enables more young people to achieve higher positions of responsibility and to put into practice their goodwill and the training acquired on the way. It is also in Hong Kong too.

It is proper to recognize the devotion and hard work of the outgoing President, Officers and Directors for the advancement of the Jaycee interest here. Each administration in turn leaves the organization stronger for its successors to carry on training young people to take their part in the betterment of Hong Kong.

Every good wish is offered to the incoming President, Officers and Directors who will surely rise to the expectations of all members here and internationally.

MESSAGE FROM

SENATOR MARC BRIAN LIM

PRESIDENT
JUNIOR CHAMBER INTERNATIONAL

Dear Honored Members, Alumni and Senators of JCI Hong Kong,

I extend my most sincere greetings to each and every one of you on the occasion of your 53rd JCI Hong Kong National Convention hosted by JCI Sha Tin. I hope this momentous occasion is an opportunity to reinvigorate yourselves to be the driving force behind the positive change needed in your communities especially with your theme, "Creating Positive Changes". As leaders of change, let's continue to do our part to develop and implement the most innovative ideas and best solutions around the world.

I fervently believe that JCI is a vehicle for change. Through small, local actions, change begins in each one of us. This year we took actions to elevate our organization and uplift the spirits of everyone around us.

Since 2014, JCI has positioned itself as the organization that will unite all sectors of society to create sustainable impact. This is significant because it reinforces that JCI exists not only for the sake of its members, but for a better world, for a prosperous future, to advance the 17 Global Goals for Sustainable Development, while continuously providing development opportunities that empower young people to create positive change.

I count on the active citizens of Hong Kong to continue to be dedicated to empowering young people and taking action for sustainable change. People often talk about changing the world, or at the very least, making a difference in it; I subscribe to the belief that it is only when we change ourselves then we truly begin to change the world around us. One must believe that "change begins with me" so our results and actions may speak louder than words.

Allow me to close with these words from John Wesley:

"Do all the good you can,
By all means that you can,
In all the ways you can
In all the places you can,
At all the times you can,
To all the people you can,
For as long as you can."

Sincerely,

Marc Brian Lim
2018 JCI President

SENATOR SARAH LISTE

NATIONAL PRESIDENT
JUNIOR CHAMBER INTERNATIONAL AUSTRALIA

Warmest greetings for JCI Australia.

It with great honour on behalf of JCI Australia that I send you this message.

How exciting to be at the 2018 National Convention, what a year 2018 has been. I am sure each and every one of you have seized the opportunity that JCI provides us. No more so than your National President Ronald Kan. Since meeting NP Ronald at the 2017 leadership Academy in Kumamoto, I have been inspired by the work, dedication and commitment of JCI Hong Kong members.

Actually is was in January 2016 I first came across JCI Hong Kong. I was completing my international study tour of my Executive Master of Business Administration, and coincidentally I was located at the YMCA in Kowloon. I saw JCI Hong Kong, observing active citizens in action with immense professionalism. I have no doubt that this National Convention will be another exemplar of JCI Hong Kong dedication to its members and commitment to its communities.

From the leadership academy in Kumamoto where our theme was "Who Changes the World, Its US", to 2018 President Brian's theme "Change Begins with me", your own NP Ronald theme "Beyond BeLive" to JCI Australia theme "Collaborate for the Future". As it takes an individual to spark the idea, but it takes the power of many to drive the change for a better future.

Before I go, remember National Conventions are a time for reflection, a time for celebration and a time for commitment for the future. Take the time to celebrate all of your achievements of 2018 under the leadership of NP Ronald.

Well done NP Ronald, Well Done JCI Hong Kong.

Yours faithfully,

Sarah Lisle

SENATOR EUGENE TAN

NATIONAL PRESIDENT
JUNIOR CHAMBER INTERNATIONAL SINGAPORE

Dear Honoured Members, Alumni and Senators of JCI Hong Kong,

On behalf of Junior Chamber International (JCI) Singapore, I would like to extend my deepest appreciation to the hardworking members of JCI Hong Kong and a hearty congratulations on the success of the 53th JCI Hong Kong National Convention.

This year's Presidential Theme of "Beyond BeLive" brings to mind the spirit of wholeness and Oneness within the JCI Family. It is only through the total strength of all blue-blooded JC members can the together-ness be felt throughout Hong Kong and beyond its shores. This year has been just that and Hong Kong has been rocked by the spirit of the Jaycees.

The theme of "Creating Positive Changes" that goes into the sub-themes of "Creating Positive Changes", "Challenge Your Limit" and "Excel Together" is highly relatable back to our JCI Mission of "To provide development opportunities that empower young people to create positive change". It is an empowering movement to activate the youths in our society both locally and abroad, to grow both internally and externally as a united body. I am certain this movement is felt through the many events JCI Hong Kong and her chapters has been doing throughout the year.

On behalf of the members of JCI Singapore, I would like to once again express my heartfelt gratitude to JCI Hong Kong and the organizing committee from JCI Sha Tin of the JCI Annual National Convention for bringing such a wonderful event together. Let's continue to be the leading global network of young active citizens!

Respectfully yours,

PRESENT ACTION FOR FUTURE LIVING

Our future is important to us

Sustainability concerns us all because what we do today paves the way for the future. As a family business with over 90 years of tradition, sustainability is a high priority for us. This motivates us to create long-term prospects for the preservation of valuable resources and the environment. We have therefore always focused on treating people and the natural world in a responsible manner.
