Message From National President

It is my great pleasure to extend my greetings to you in the 2000 first issue of Harbour Lights.

2000 is a very critical and meaningful year for Hong Kong Junior Chamber. It certainly is a great honour and challenge to me to take up this very important task in leading our beloved organization to enter into the new millennium, and 50th anniversary. Therefore our slogan is "Golden Anniversary, Golden Opportunity" for this year.

National President
Senator Spencer Li

The past 49 years have seen Hong Kong Junior Chamber building into a very unique successful organization, and enjoying a very prestigious status locally, and internationally, particularly in the JC community. We have been taking the lead in organizing meaningful projects like The Ten Outstanding Young Person Selection, Right Decisions Program, Digital 21, we have also been very honoured to have received many awards in JCI World Congresses and ASPAC Conferences in recognition of the achievements of Hong Kong Junior Chamber All these achievements come by no means accidentally. It has been the effort of our very dedicated members, under the outstanding leadership of NOM and LOM officers, our past presidents, a clear indication of their nonstop support of JC.

While enjoying the fruits from our predecessors, we have yet to be more focus on upkeeping our success, and moving beyond to new heights. As Hong Kong faces a lot of new challenges since the 1997 handover and enters the new millennium, so is Hong Kong Junior Chamber.

Our national board has set up three objectives for this year. The first objective is to achieve 10% membership growth, and target 1200 full members by year 2000. The second one is to celebrate the 50th Anniversary of JC Hong Kong and finally but not the least, the last objective is to upgrade the image of Junior Chamber of Hong Kong.

It is not difficult to see the three of them have inter-related. Members are the most important asset of our organization. Members are the primary resource for us in our pursuit of JCI creed

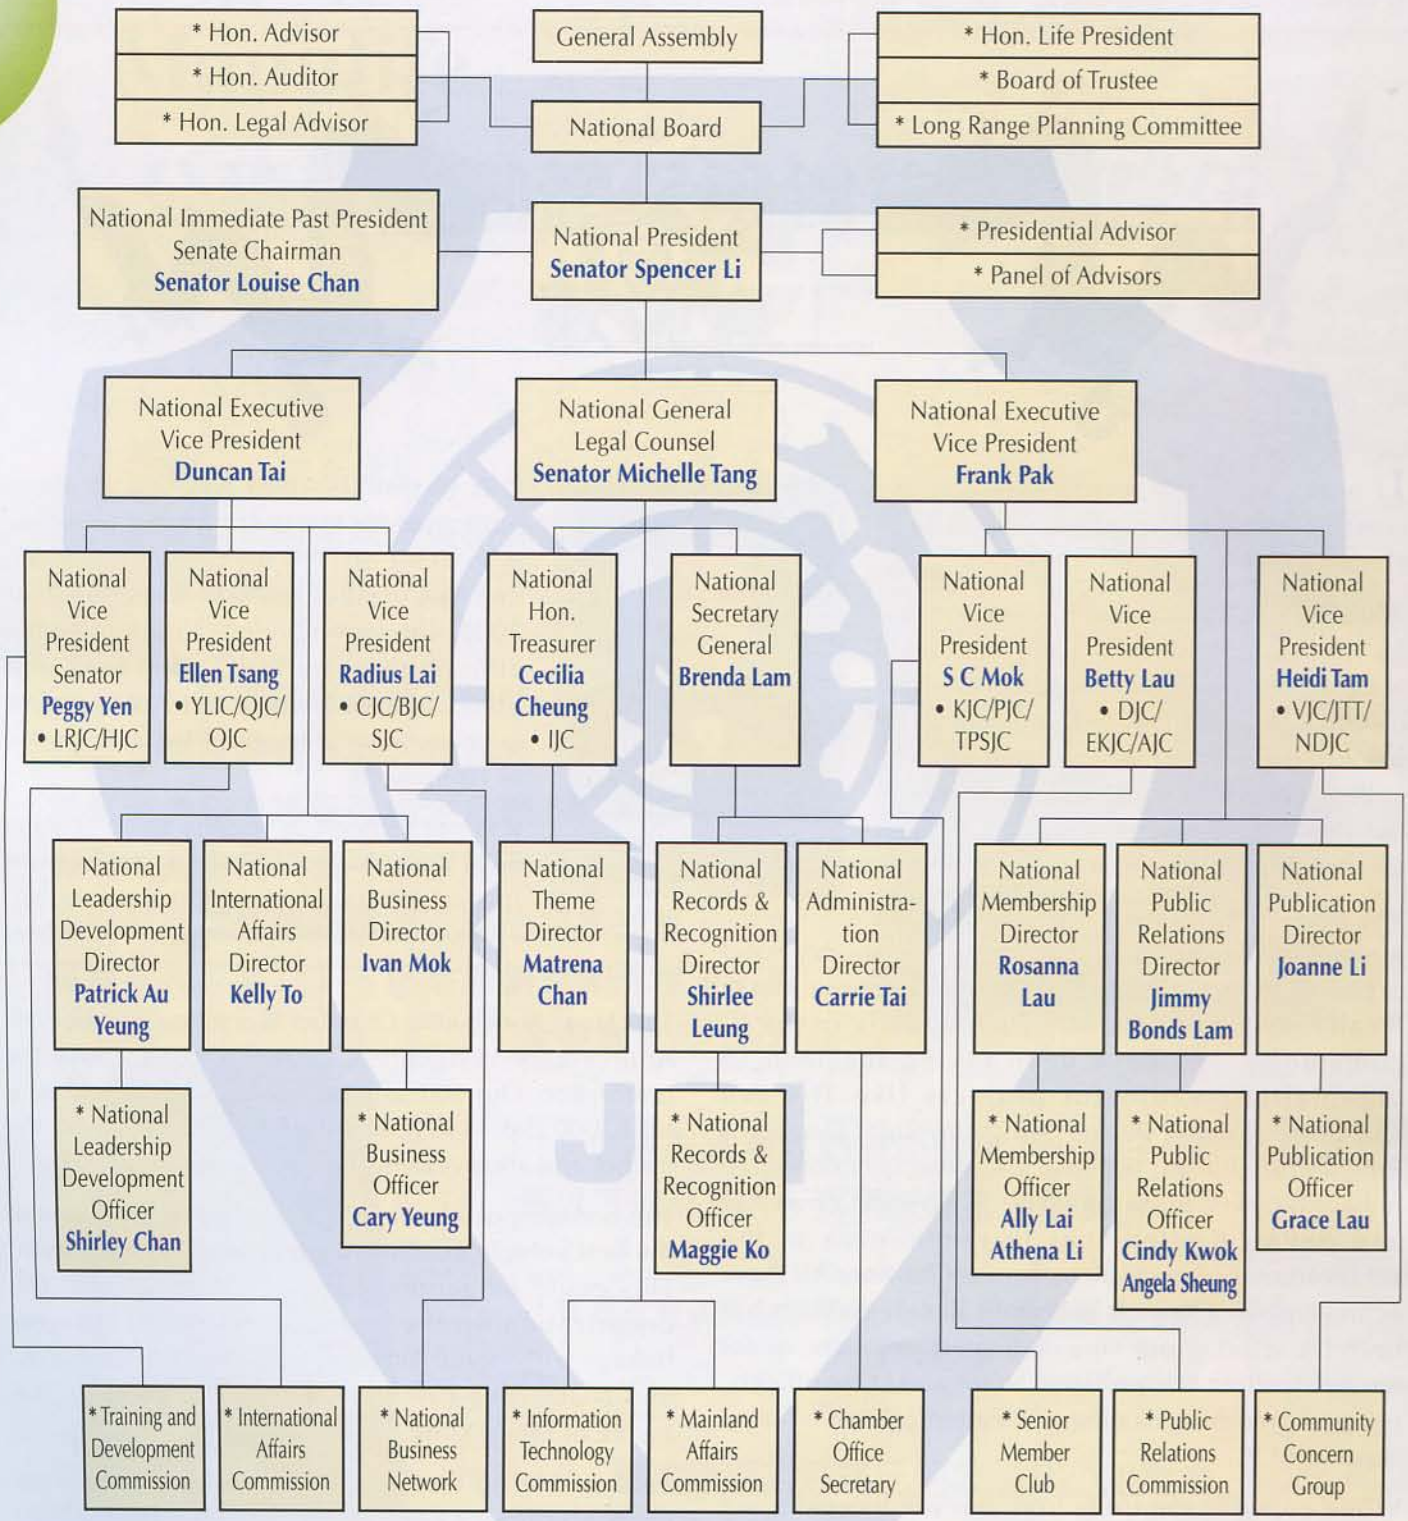

That Hong Kong Junior Chamber is entering into the 50th Anniversary is needless to say, a good cause for celebration. Our 50th anniversary ball will be held on 6 May 2000 (Sat) in Regent Hotel. This ball will signify the history and ahcievements of our beloved organization.

The boosting of JC image will undisputedly be one of the best vehicle in achieving our membership growth. This could be achieved through promotion of the organization on the internet and media, stronger linkage with Home Affairs Bureau and District Boards, and NGOs. We can work together to build up the image of Hong Kong Junior Chamber.

I would like to take this opportunity to wish every members of Hong Kong Junior Chamber a fruitful 2000 and a properous year of the Dragon.

JCI

Greetings from World President

As Junior Chamber International President for the year 2000 I am honored and pleased to greet you to what will be an exciting new year! Together, through our leadership, we will lift the Organization to the next level.

In 2000 we must work hard, but I want you to work with balance-stay fresh, focused and energized. It's a new environment in which we find ourselves today. There are new skills required. Managing information is a key skill at our level of involvement. We are all being swamped with information from all sorts of sources! This situation contrasts with a few years ago, when the required business skill was to GENERATE information. What we most need professionally and personally is time-effective information management technique.

The main factor I see facing all of us is the unprecedented degree and speed of change. Flexibility and creativity have become the key desirable attributes in the commercial world, and are just as important in the JCI world.

Traditionally, executives have advanced through organizations by progressively gaining experience – both personally and by observing others in the company, competitors, and even customers. If these experiences were mostly successful, then they rose to senior management and to director level. But this generally means that they are restricted to ways of operation that have worked for them and others in the past (DOING WHAT THEY HAVE ALWAYS DONE TO GET WHAT THEY HAVE ALWAYS GOT).

A key strategic decision for any organization is to decide to what degree to follow the past and to what degree to be innovative. The past offers background, history, and experience. For the future, however, it is innovation that will mean that an organization maintains relevance, meets the market head-on, and is attractive to potential customers (our current and future members).

As I said in my caucus speech, this organization is as relevant today as it was in the 1940s, 1950s, 1960s, and so on. But we cannot be complacent. We must be vigilant and ensure through our leadership that Junior Chamber International moves forward, maintains its position of strength in terms of what it offers, and goes up to that next level.

I am really privileged that you have agreed to join me in this mission. Together with our passion, our commitment, our experience, and our energy, we can act as role models for all of the leaders in our organization who will make the fundamental differences required to continue the proud history of JCI.

What we do today is tomorrow's history. Remember, Attitude determines Altitude!

   Highest total PMs increase chapter award

PMO I

The First Prospective Member Orientation ("PMO I") for year 2000, which was hosted by Dragon Junior Chamber Ltd., was held on January 24, 2000 at Tang Room of the Sheraton Hotel. The theme of the PMO was "PASSPORT TO A SUCCESS" that stands for:

"Through becoming one of the Jaycee's members, you can get your own passport to success on all aspects of your life, not only for the career but also on your personal development and interpersonal relationship."

▲ Guest speaker – JC Philip Pang, Awardee of the 1999 TOYP.

We are very appreciated that Jaycee Philip Pang, the awardee of the 1999 Ten Outstanding Young Persons and Senator Paul Chan, Junior Chamber Certified National Trainer be the speaker of the PMO. The topics were the "Jaycee = Passport to a Success" and "Opportunities abound in Jaycee" respectively. In which the purpose and the four opportunity areas offered by the Hong Kong Junior Chamber as well as the benefits that the member can get from such organization was strongly emphasized.

About the attendance of the function, there are 209 persons attended the PMO, in which 12 of them were the NOM's officers, 15 were the outsiders and remaining 182 of them were the 18 chapters' members and non-members.

▲ Guest speaker – Senator Paul Chan. JCI Certified National Trainer.

In order to grant the support of the LOM, the NOM prepared two awards for the most supportive chapters. They were the "Highest Number of Attendants" and the "Highest Number of Non-member Attendants". The East Kowloon Junior Chamber became the "WINNER" of both awards, in which it had 24 persons attended the function including 17 non-members.

The organizing committee would like to take this opportunity to express our thanks to the LOM's and NOM's support. Moreover, we are also appreciated to tell you that eleven applications had been received immediately after the function.

EDP I

The Executive Development Program (EDP I) is an important leadership training for board members from NOM and LOM. Nearly 200 board members participated in the EDP I which has been held on 15th of Jan 2000. Apart from LOM announcement, a seminar on the communication and supervisory skills were also delivered. This is a topic that all of us have interest to know more about. Our speaker, Ivy Ning of Peope Plus did give us some hints through various kinds of similation groups.

All chapters showed their team spirit in different ways. The Best Spirit Award together with the Full Board Attendance Award went to the City Junior Chamber. Congratulations!

50th Anniversary

Let's celebrate the 50th Anniversary of Hong Kong Junior Chamber

Since its inauguration on May 6 1950, the Hong Kong Junior Chamber (HKJC) has contributed tremendously to the community. We are also a very outstanding National Organization Member of the Junior Chamber International (JCI).

Over the past 50 years, the HKJC has organized five Regional Conferences, two World Congresses and the JCI Presidential Program (International Business Summit).

▲ Past National Presidents and 18 Chapters Charter Presidents officated the kick off ceremony.

We have contributed to JCI two World Presidents – our Honorable Life President Senator A. de O Sales and Senator Jennifer Yu (who is also the first lady World President of JCI).

▲ The 50th Anniversary Celebration was kicked off by Inaugural Ball Guest of Honor Mr. Wang Feng Chao and NP Spencer Li.

In celebrating the 50th Anniversary, a series of programs are being planned for the year. The 50th Anniversary logo, designed by courtesy of TOYP Mr. Dennis Chan, was unveiled during the special Kick-off Ceremony staged at the Inaugural Ball. The Kick-off Ceremony was officiated by Past National Presidents and Charter Presidents (or their Past Presidents) of 18 Chapters. The most senior Past National President present with us was Senator J. S. Lee, who led our organization in 1951!.

The Organizing Committee is now working hard to compile a 50th Anniversary Album containing the good work of Jaycees in the past 50 years. Roving exhibitions would be arranged in various NOM and LOM activities and a grand Anniversary Ball is in the pipeline. Special limited edition souvenir items would soon be available for your collection. So, look out for the details – your support is our energy!

Central & Western District Night Market Carnival for New Millennium

On January 8, 2000, after the first joint board held at the JC office, NP Spencer, NOM officers, LOM presidents and officers, joined the matching for the "Central & Western District Night Market Carnival for the New Millennium". Doctor Right of our Right Decision Program participated this marching and told the public by the small banner on his hand that Hong Kong Junior Chamber had her 50th Anniversary this year. Around 30 teams participated in this marching. The route started from the Cable & Wireless Building and proceeded along the train way to Wing Lok Street. The terminal is also the venue for the game booths for the residents. National Public Relations Director Jimmy Bonds and his team members were busy greeting the residents who visited our booth for this Night Market Carnival.

LOM Activities

East Kowloon JC

'Raise up your right fist. Visualize that you have achieved your goal... Ouch!'

Do you remember this scene? This is part of training - visualization of achieving your goal – in the "SUCCESS" Training Camp. Three "SUCCESS" Training Camps, were successively held by East Kowloon Junior Chamber throughout the past three months due to over subscription. The third camp was held on 9th January, 2000.

Under the coaching by Senator Paul Chan, Senator Shelina Chung, Senator Tony Chan, Senator Petrus Yung, JC Joseph Ho and Senator Amy Leung, the participants learnt how to set our goal in a 'SMART' way. Besides indoor activities, we have outdoor experiential learning activities to stimulate our thoughts and beliefs. The culmination of the camp – breaking the wooden board (with our goals written on) by bare hand, helped participants to reaffirm their mind.

Dear Jaycees, do you want to excel your boundaries? Please keep an eye on the coming circulation of East Kowloon Junior Chamber. We will have an Advanced SUCCESS training course in April. We do hope you can join with us!

RABBIT

YOUR FORTUNE will go up and down this year - especially if you were born in 1939. You may feel restricted, with few opportunities to put your ideas into action. For rabbits born in 1963 and 1975, consider your options carefully before you make any moves. Your luck will improve in the second half of the year and you will do really well. Rabbits should take things one step at a time this year. Beware of friends with ulterior motives who may deceive and hurt you. There may be arguments within the family.

DRAGON

Good news - your fortune will improve and remain stable this year. Lucky stars appear to accompany you throughout the year so your plans will work out well. All is peaceful at home, especially if you were born in 1928 - you'll be respected by your children and grandchildren. Young Dragons particularly these born in 1988, will achieve good academic results. The main exception are Dragons born in the year 1952 - there'll be a few ups and downs. You may be driven by emotions and be tempted to have an affair or gamble unwisely. Think long-term, and make wise choices.

SNAKE

Phew! A better year then the last. For those born in the year 1977, despite frequent obstacles in most endeavours, you can reach a new peak if you work hard without slacking and be flexible in accepting new situations. Bad relationships with peers - or with family members and neighbours, in the case of those born in 1941 - can have adverse effects on your financial fortune.

HORSE

Good fortune is yours this lucky year. There may be difficulties in the beginning for those born in 1978, but things will turn out well in the end. Head-strong Horses can seem a bit arrogant sometimes. If you were born in 1966, don't act rashly. It's better to keep a low profile and build your base for the first six months - but by the end of the year your fortune will improve. Great news for those born in 1942 - this may be the year to put long-term plans into action, and make your dreams come true!

GOAT

The beginning of the year is not great - but don't be discouraged. Keep going - a smooth and stable fortune lies ahead. Goats born in 1967 have the best fortune of all the goats this year - it will be a particularly happy year. Male Goats may be under a lot work and family pressure. Female Goats will enjoy a more successful year. If you're an unmarried female Goat, this is an exceptionally great year for romance - your love relationships will be sweet and affectionate.

MONKEY

This is a year of fortune for you. But there may still be a few tricky moments - particularly in relationships. Monkeys are always looking for new chances to shine, but be careful not to get too caught up with temporary success. Pride comes before a fall, so don't let your success get into your head. You need to stay sensible this year to do well. This is especially true for those born in 1980. You will do well in your studies, but avoid being too arrogant about your good grades.

ROOSTER

The road ahead is filled with unexpected twists and turns. There appears to be an unlucky star over Roosters this year - the Tai Sui star. At times a project which is close to completion may be hindered at the last minute, with something needing to be changed. If you're a married female Rooster, the domestic routine may get you down this year. Those born in 1969 should beware of rumours - they can cause business failures. The best thing you can do is to stay calm and make time to de-stress by doing your own thing". Try a relaxing new hobby. Spend time with friends - and above all, stop worrying. One in a thousand roosters will have a fantastically successful year. Could you be that one?

DOG

Steady, stable fortune lies ahead - especially if you're a female Dog. Married women will play a large part in keeping their family stable and harmonious. Single female Dogs will be admired at work - they'll also have plenty of new boyfriends and may even meet Mr Right (especially if you were born in 1970 or 1958). At work, male and female Dogs will find progress slow but steady. But those born in 1922 will not be as lucky. They should be on the alert for possible cheats, burglary and property losses at the end of the year.

PIG

This is a stable year for the pigs. Progress is satisfactory, and you will be supported and assisted by others when it comes to problems, especially if you were born in 1947. You'll make the most of your luck if you maintain good relationships with family, friends and colleagues. Male Pigs will also do well in business - but only if they don't get overly worked up or anxious over difficulties that may develop. Female Pigs have harmonious family lives- but make sure you take of the seniors in your family. Born in 1983? Your studies will go well - You may even achieve ideal academic results.

RAT

Yippee! Rats will have a very lucky and prosperous year. You may even enjoy magnificent career prospects, especially if you were born in 1948 (there may be a promotion ahead). All Rats - especially female Rats - looks like they'll be able to overcome all obstacles and push their way through to fame and fortune. If you're a married female Rat, you'll really be able to help your husband in his job this year. You'll do even better if you ask for help from others. Rats do best when they're in a crowd.

OX

It a good thing Ox are stubborn - you'll need to overcome quite a few obstacles this year, especially if you were born in 1961. It's better to wait for the right time than to rush into things. Take good care of the family and enjoy the support they give you this year - it will help you to brave the storms. Your friends will be a pillar of strength for you in your time of stress. Look to the older generation to bring luck to you by listening to what they tell you, especially if you were born in 1937.

TIGER

Fortune looks quite good this year. There may not be any excitement or progress in the first half of the year, but things will look up in the second half - especially if you were born in 1974. Young tigers will do well in studies - but don't be over-anxious to start new love affairs. Wait for the right person - they'll come at the right time. Female Tigers have stronger fortune this year and you'll celebrate many happy events in your family. Go with the flow where relationships are concerned and pick the right time to ask for favours.

7 Ways To Attract Fellowship

Make others feel important

Everyone wants to feel important. It is one of the most important human needs. People will follow you when you make them feel important.

Promote your vision

No one will follow you simply because you decide you want to lead. You must have a clear idea of where you want to take the group-then you must promote it to your group and convince them that your goal is worthwhile.

Treat others as you would be treated yourself

This is so basic, why don't we do more often? After all, would you want to follow someone who treated you poorly? Don't you prefer to follow leaders who have concern for you and your feelings and treat you well?

Take responsibility for your actions and those of your group

Admit your mistakes. You are responsible for everything the members of your group do or fail to do. So when things go wrong, don't forget to accept this responsibility. If you try to foster this responsibility off on others, you are no longer the leader.

Praise in public, criticize in private.

If people have earned your praise, let everyone know about it. Encourage others to earn praise also. If you have something to criticize, do it. But do it in private. Don't embarrass people unnecessarily. Frequently just the fact that you are displeased is embarrassment enough.

Take the time to see and be seen.

You've got to get around to really know what's going on, to fix what's wrong, and to capitalize on what's going right. At the same time, you want to be seen. This provides additional opportunities to talk with and motivate every one in your group. And you can be sure that you will gain secondary motivation.

Use Competition to make striving a game

People love to compete. That's one of the secrets of successful products from professional sports to video games. You can make competition a positive force to reach your objectives.

Senior Member Club

With name change from Associate Member to Senior Member, we have now proplerly recognized and paid our respect to those Jaycees above the age of 40. In addition to the mailings, members of the SMC (Senior Member Club) will enjoy real priviledges such as invitation to VIP cocktail when they attend major NOM events. We have also arranged a pre-approved JC VISA gold card bearing the JC logo which will help recall many sweet memories. Senior Members are of particular important in our Golden Anniversary year because they are role models, inspiring us to further the Jaycee movement and bring about positive changes.

Many Jaycees, after reaching 40, still have a strong sense of belonging to this big family. Surely they will enjoy the company of other enthusiastic Senior Members in the monthly gatherings. Those who want to keep in contact with current members may play advisory role in supporting their LOM or join the NBN (National Business Network). Finally, I believe they don't want to miss our 50th Anniversary Celebration this year and wait for another 50 years.

In order to have a more memorable 50th Anniversary Celebration, if you know of any senior members, please ask them to join the Club. SMC Chairman KM Ip has found a coordinator from each LOM for effective communication. For those who joined for the first time, please fill in the enrolment form with the endorsement of Chapter President because it is a priviledged Club limited to those who has been a Jaycee before.
