We believe:
That faith in God gives meaning and purpose to human life.
That the brotherhood of man transcends the sovereignty of nation.
That economic justice can best be won by free men through free enterprise,
That Government should be of laws rather than of men,
That earth's great treasure lies in human personality, and
That service to humanity is the best work of life.

Jaycees International is dedicated to the involvement of young people in community betterment throughout the world wherever a unit exists. For this reason, the Hong Kong Junior Chamber would seem to be eminently suitable to sponsor here the well-known international project, Ten Outstanding Young Persons.

Every encouragement should be given to the young to excel themselves in their professions, businesses or community service. The award is intended to give wide recognition to personal achievement which in some way benefits others.

My congratulations to all those who have been singled out for public acclaim. May their success be an example for other young people to emulate.

MESSAGE FROM
THE HON. CHARLES YEUNG, J.P.

"The Ten Outstanding Young Person Project" organised by the Hong Kong Jaycees is a traditional way of the Jaycees to accord recognition to the young people who have contributed to the community so as the encourage others to involve themselves in their self leadership development and community service.

I am pleasantly surprised to note how much young people can contribute to the welfare and development of our community by their individual as well as by their collective efforts. The mementum of youth is particularly felt in a society like Hong Kong when there are over half of the population is under 25 years of age. If their idea and their work can be channelled properly towards the right goal, our society will be quickly benefitted.

I would, therefore, like to congratulate the Hong Kong Jaycees and the Organising Committee in choosing this project and to execute it so successfully.

CHARLES YEUNG

MESSAGE FROM SENATE CHAIRMAN

The Ten Outstanding Young Persons Project has been carried out for a number of years. I should say none of the previous years can match this year's performance.

The project has gained Community recognition. It is not only the encouragement to the young persons in Hong Kong, but also the Jaycees image you have passed over to the Community. Congratulations!

NATIONAL VICE PRESIDENT

It is my greatest pleasure to congradulate the Kowloon Jaycees in hosting the TEN OUTSTANDING YOUNG PERSONS project.

Jaycees International recommended this project for the purpose of recognising the outstanding achievements of young persons in societies, and this project fits into our theme program of "MAN AND HIS ENVIRONMENT" perfectly.

It is indeed a great encouragement to our organisation of learn that a new "TOYP" club will be chartered this year. Thanks to the hard working Kowloon Jaycees to make all these come true.

KEEP UP THE GOOD WORK

JOHN LO
National Vice-President 1977

MESSAGE FROM THE PRESIDENT KOWLOON JAYCEES

"THE FUTURE OF MANKIND LIES IN THE HANDS OF THE YOUTH" is the theme of the 'Ten Outstanding Young Persons Selection-1977', a National Project of the Hong Kong Junior Chamber of Commerce.

It was an honour that Kowloon Jaycees was granted the hosting right of this project this year again. But, without the support of our fellow chapters, and the guidance of the National Board of Management, Kowloon Jaycees would not be able to achieve it.

We are greatly indebted to H.E. the Governor, Sir Murray MacLehose, who gave us great honour by consenting to be our Patron. Thanks also due to our sponsors, judges, selection consultants, the press and the public media who supported us during the execution of the project.

Lastly, credits should go to the hard working committee headed by the dynamic chairmanship of Michael Young. With their 'hands', the committee accepted frustration as challenge; impossibilities as opportunities; and success as only a matter of time. They have truly demonstrated by their dedication and creativity that the hands of the youth can shape the world of to-morrow.

We, all Victoria Jaycees, admire the good work the Kowloon Chapter has accomplished under the able leadership of President Thomas Tang and are looking forward to successful completion of this project this year.

MESSAGE FROM
THE CHAIRMAN
THE OUTSTANDING YOUNG PERSONS' ASSOCIATION

It is indeed our pleasure and honour to gather here this evening to give public recognition to five outstanding young persons in Hong Kong, whose dedication to their profession or undertaking, has resulted in exceptional achievements in the form of significant contributions to the progress or welfare of the community at large, and/or to the advancement of their respective fields of endeavour.

By reading through the brief description of their individual success story, few would dispute the five recipients are indeed outstanding the most worthy of the Award. However, the Award carries with it certain social responsibilities. It gives recognition to outstanding persons as well as expecting the recipients, encouraged by the Award, to further their contributions and outstanding achievements to the community. The public is now aware of their good records, and they are expected to maintain and to enhance such achievements.

Realising their social responsibilities in this respect, the recipients of the Award in the past few years have formed the Outstanding Young Persons' Association (TOYPA) so that all awardees can meet regularly to encourage one another and to fulfill the social responsibilities expected of them. Furthermore, TOYPA would like to promote, with joint effort, some community projects for the well-being of the people in Hong Kong.

TOYPA heartily welcomes five new members this year. However, the Association has just been newly formed and will only be inaugurated this evening. We need your advice and support. According to information available, our TOYPA is the only association of its kind established so far in the world where many countries have TOYP programmes. We look on this as an added responsibility to be fulfilled effectively so as to be deserving of your recognition and trust.

On behalf of members of TOYPA, I would like to extend our appreciation to the Hong Kong Junior Chamber which has contributed substantially through the Kowloon Jaycees towards the formation of our Association.

MESSAGE FROM THE PROJECT CHAIRMAN

"The Ten Outstanding Young Persons Selection" project seeks to give communal recognition to the young people of Hong Kong, whose dedication to their profession or life undertaking has resulted in exceptional achievement in the form of significant contributions to the progress and welfare of the community at large, or to the advancement of their respective fields of endeavour.

By giving proper recognition to the outstanding achievements of the winning candidates, the project also serves as inspirational examples and incentives to young people of Hong Kong to forge ahead to greater heights of achievements in the spirits of selfless dedication for further development of the community. I hope that others will follow and strive for greater achievements and thus improving the society we live in. I also would like to share what our JCI World President Ronald G.S. Au had once said "We cannot live in the glories of the past, for our future depends on what is going to be done tomorrow."

We are greatly indebted to H.E. the Governor Sir Murry MacLehose, who gave great honour to us by consenting to be our Patron. Thanks are also due to our sponsors, selection consultants, judges and above all, the press and other public media who have given to our project great coverage through their publicity channels. I felt gratified to my working committee, fellow Jaycees and members of our National Board for their hard work and valuable advice.

I wish to take this opportunity of expressing my sincere congratulations to all the winners of this Award; and members of The Outstanding Young Persons' Association.

本年十二月十八日是獅子山青年商會慶祝成立六週年慶典的日子。爲迎接這慶典的來臨，會員們正積極地籌備豐富的節目以備當晚款待嘉賓。

回顧過去的日子，獅子山青年商會可謂歷盡滄桑；會員人數的起落甚大。至目前爲止，本會只有卅六名會員，且大部份會齡甚淺。雖然如此，他們各人均具無比堅强的鬥志和潛力。

1977 TOYP Awardees

Mr. HUI Koon-Man, Michael

We do not need to describe who Mr. Hui is, for there is scarcely any one who have not heard of his name.

Mr. Hui has distinguished himself in a commercial sense by producing a film, The Private Eyes, which has broken all box-office records in Hong Kong. He has also distinguished himself in his remarkable creativity in film and television production, and in his courage not to follow the apparent rule of success, i.e. too much sex and violence display in films. Mr. Hui's successful attempt to draw the attention of the people of Hong Kong, especially the younger generation, away from sex and violence and give them a couple hours of healthy entertainment is something we need in this society nowadays.

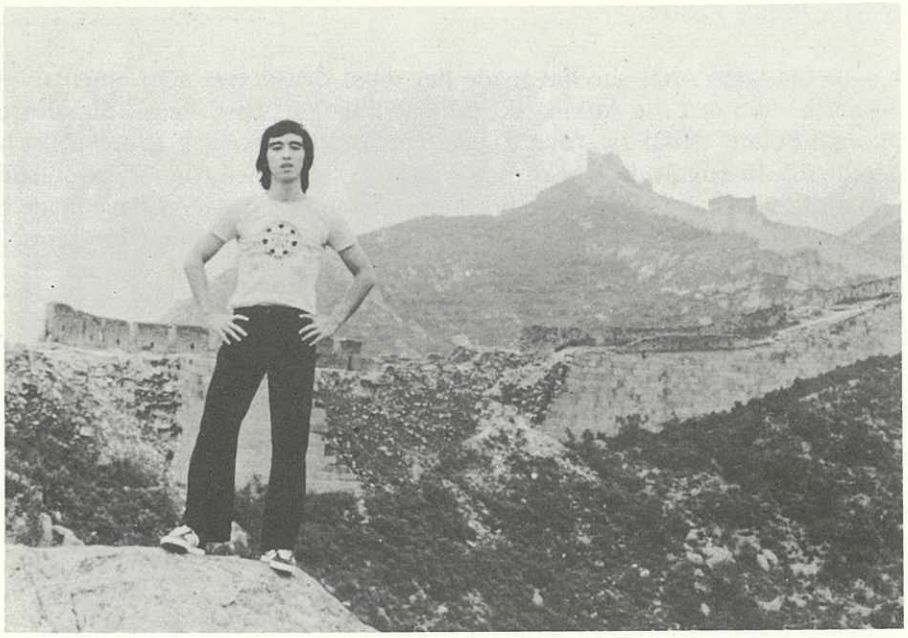

Miss HUNG Man-yan, Esther

Miss Hung is an outstanding civil servant, mainly because of the sheer hard work she has put into her careers, both with the Immigaration Department and with the Royal Hong Kong Auxiliary Police Force.

It is in the latter that she has made her most distinctive achivements — by the fact that she wrote history for the Auxiliary Force for being its first female Superintendent; and by the Colonial Police Medal awarded to her. This is not, however, to sell short her impressive progress in the Immigration Department. In fact, she joined the service starting from the most junior rank. Her hard work as well as her outstanding capacity have made her the first female superintendent and the only female training officer — All these in themselves deserve special merit.

Mr. KWOK Ka-ming

Mr. Kwok's devotion to and success in football should serve as a model for our youth.

At the age of only 27, Mr. Kwok is already the coach of a reputable football club and the captain of the Hong Kong National Team. He has led his team to the championship in the recent Preliminary World Cup Tounament in Singapore, and gained additional honours by being named the Best Player of the Tournament.

Behind all these successes, one can trace the striving efforts of a determined young man, labouring hard persistently to attain his own goal. Mr. Kwok started humble, as an apprentice in professional football and fought all his way through to his present success. It is sufficient to mention, in order to justify by the Award, that it was all by his own endeavour that he has become the only football player in Asia who gained an English Football Association Full Coaching Award., as well as an Advanced Coaching Certificate from Scotland.

你的緊急
通道牌⑤

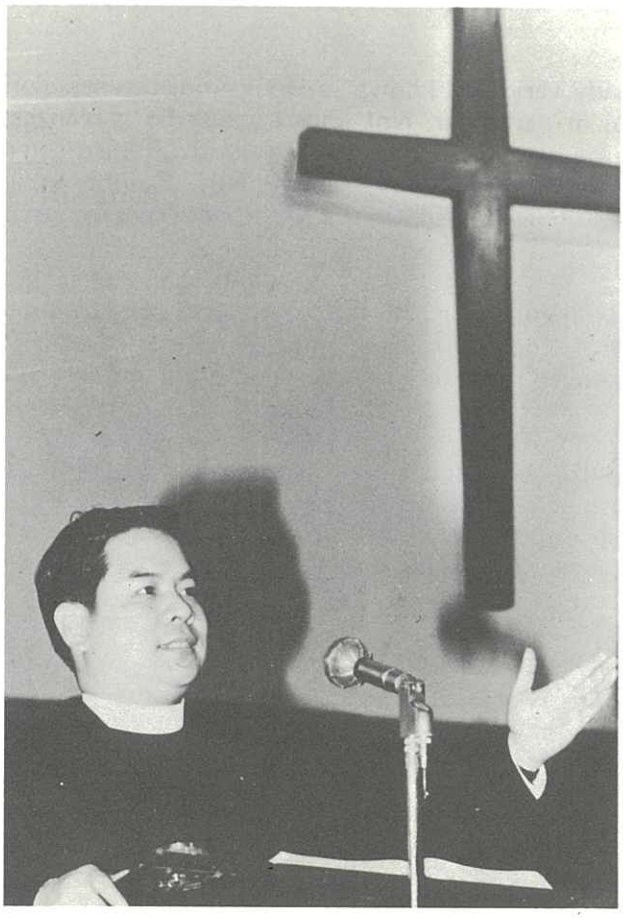

Mr. LEE Peng-fei, Allen

Mr. Lee is already very well known in Hong Kong business community in general, and in the electronics field in particular. Not only because he is managing director of a leading electronic company but a also because of his actively involvements in promoting Hong Kong's industrial development through such bodies as the H.K. Training Council and the Federation of H.K. industry, as well as his contributions to improve technology in electronics.

It worths special mentioning that the Ampex Ferrotic Limited, under the management of Mr. Lee, has led Hong Kong's electronic industry into a new era with the introduction of a minicomputer – controlled machine for testing computer memory systems.

It is very unusual for a local executive to reach the chief executive position of a foreign-based multi-national electronic company. It is even more unusual for a Hong Kong company to accomplish the type of technically sophisticated engineering design break-through accomplished at Ampex recently – Mr. Lee has been able to achieve both, and at the age of 37!

Rev. LI Ping-Kwong

Rev. Li's past history and his dedication to his work both as a religious and a community worker should give much inspiration to how one can develop himself dispite of living under a humble and distressed situation.

Rev. Li was born in a very poor family and was reduced to a fatherless child at the age of 14. He strived on nevertheless, supporting for his own education by means of scholarships.

At present, Rev. Li is the minister-in-charge of the Methodist Church, Hong Kong, and holds important positions in the Hong Kong Christian Council as well as the Hong Kong Chinese Christian Churches' Union. He is one of the very rare ministers who, at such a young age, can rise to become a top figure in Christian community, and has done so by a very hard struggle.

On the community side of his contributions, Rev. Li has been actively involved in a great number of social organisations and functions which provide educational, recreational and social services to the people who are not necessarily christian.

Rev. Li is recognised for his achievements, in the words of his nominator, in his "service and dedication to God and to men".

HOW JAYCEES BEGAN, GREW AND BECAME INTERNATIONAL

IT BEGAN . . . .

In 1915 when the thought of utilizing the young man-power of a community for public service came forcibly to a young man who conceived the Jaycee ideal, Henry Giessenbier.

The idea met with immediate response and on 13th October, 1915, at the Mission Inn, in St. Louis, an organization called "Young Men's Progressive Civic Association" was found, whose name became "Junior Citizens" until 1916.

After two years activity under that name, the local Chamber of Commerce gave its blessing to the movement and its name was changed to Junior Chamber of Commerce. Henry Giessenbier was elected President and Andrew G. Mungenast Secretary.

A caucus was held on 21st January, 1920, in St. Louis, at which 24 cities were represented. It was decided to organize the United States Junior Chamber of Commerce and held a convention in St. Louis in June to perfect a permanant organization.

In the United States, and it was also developing in other countries. By 1926, both England and Canada had chambers, and enquiries were being made from such distant countries as New Zealand and South Africa.

By 1933, Junior Chamber had grown to 158 units in the U.S.A., 16 in Canada, 14 in England, and one each in Australia, Colombia, Mexico, New Zealand and South Africa.

The year 1942 was a year in which hundreds of millions of men and women, and most of the nations of the world, were engaged in a war of unparalled destruction and tragedy. Yet within Junior Chamber individual actions were being taken which, while small in themselves, were a significant sign of the desire to achieve in the future a better understanding and relationship between men and nations.

In this year, the young leaders of the United States Junior Chamber of Commerce change their bylaws to offer a seat on their National Executive Committee to President of the Canada Junior Chamber. In the same spirit, they passed a further resolution to sponsor the creation of Junior Chamber in Central and South America.

IT BECAME INTERNATIONAL . . . .

In early 1943 when two Junior Chamber members, Allyn Taylor, Canada, and Vance Graham, U.S.A., undertook an extensive tour in South America and formed Junior Chambers in Mexico, Guatemala, El Salvador, Honduras, Costa Rica, Panama and Nicaragua. Later that year the International Relations Committee Chairman of the United States Junior Chamber, Ray Wolff, visited the same countries and, through his efforts, plans were made for an inter-American Congress to take place in Mexico City in December 1944.

This Congress, which began on 7th December, was attended by 36 delegates from nine nations. Four days later, on 11th December, 1944, Junior Chamber International was born. Raul G. Vidal, of Mexico, was elected at this meeting as the first JCI President.

The first formally constituted JCI Congress followed in February, 1946 in Panama City, Panama, six months after the termination of World War II. Delegates and observers attended from Argentina, Brazil, Costa Rica, Chile, Ecuador, U.S.A. Guatemala, El Salvador, Honduras, Mexico, Panama, Peru, and Uruguay.

Today, over 430,000 young men in some 83 countries share the same ideals and principles and constitute the largest organization of young men in the world.

IN HONG KONG . . . .

Jaycee Movement was introduced in 1950 by a group of enthusiastic young men who were inspired by the work of the Jaycees operating in other parts of the world certainly benefit the young people of Hong Kong and the community at large.

In began with the establishment of the Hong Kong Junior Chamber of Commerce, in 1950. Its continued expansion and growth gives rise to the present development whereby there are eight chapters in Hong Kong, listed as followes:—

1.	Victoria Jaycees	(Established in 1965)

THE TEN OUTSTANDING YOUNG PERSONS SELECTION

1. **Purpose**

This project seeks to give communal recognition to the young people of Hong Kong, whose dedication to their profession or life undertaking, has resulted in exceptional achievements in the form of significant contributions to the progress or the community at large, or to the advancement of their respective fields of endeavour. The project aimed at attracting public attention, and giving proper recognition to the outstanding achievements of the winning candidates. They will then serve as inspirational examples to young people of Hong Kong to forge ahead to greater development of the community.

2. **History**

The history of the Ten Outstanding Young Persons Selection dated far back in 1938, when it was first organised by American Jaycees and won wide-spread support from the community. Many of the recruits become eminent people later in their career.

To name some of them, the late President John Kennedy was selected at the age of 29 in 1964, when he was the Senator of Massachusetts. The former President Richard Nixon was selected in 1947 at the age of 34, when he was the Senator of California, being recognised for his outstanding contribution in Foreign Aids programmes.

3. **Introduction to Hong Kong**

The Ten Outstanding Young Persons Selection was first introduced to Hong Kong by the Hong Kong Junior Chamber in 1974, jointly organised by the Kowloon Jaycees and Hong Kong Jayceettes. In this project, H.E. the Governor was the Patron. On the whole, it was very well received by the public. The current selections organised by the Kowloon Jaycees is the fifth.

4. **Nomination and Selection**

Nomination to the Selection is open to any person between the age of 21 to 40, who have resided in Hong Kong for 5 years or over.

Young men and women may be nominated by any individuals, clubs, organisations, associations, institutions, companies for an Award in the following fields:—

** 1. Commerce & Industries
2. Civil & Social Service
3. Entertainment, Sports, Arts etc
4. Professionals

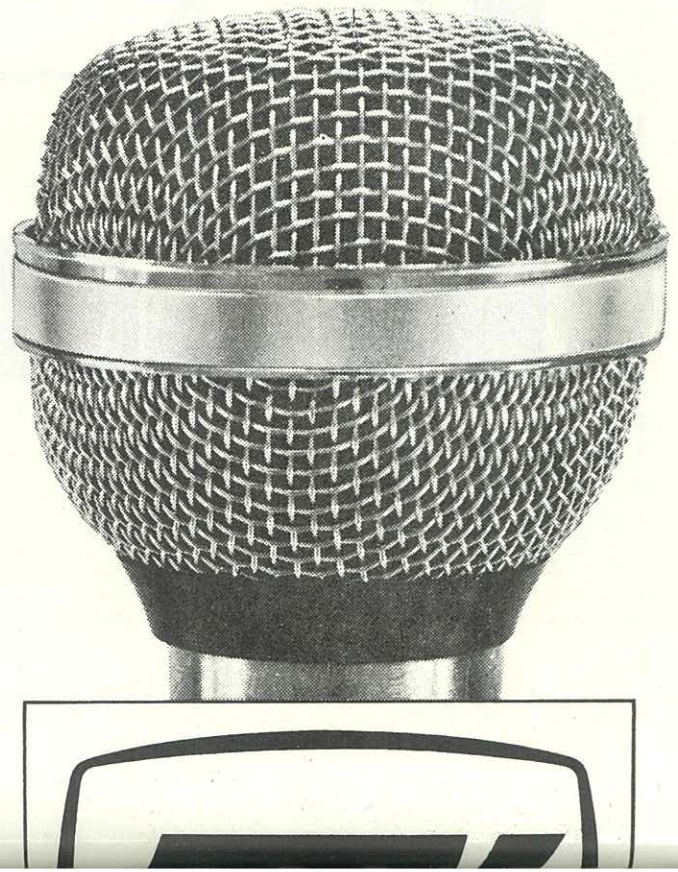

Professional Consultants will conduct a preliminary screening to see that the candidates have conformed with the requirements, to discuss the merits of each and every one of them and to give ratings. The candidates will be screened down to a convenient number covering the various fields for a first interview by professional consultants Successful candidates will be finally interviewed by a Board of Judges. The Board of Judges shall be composed of distinguished citizens residing in Hong Kong who are over 40 years of age, representing the various fields.

The major criterion and consideration in the selection of the awardee shall be a nominee's exceptional achievement and contribution of considerable significance and importance in service to the community and humanity as a whole, his/her profession in the spirit of selfless giving in the interest of youth and community development, in the form of actual and personal contributions to the community and humanity in general.

Ability Alone Won't Buy An Education

Shell and other major companies are aware of the problems many students face in furthering their education. Good students cannot always advance their learning because the funds are not available.

Bursaries and scholarships are one way of helping. To encourage promising students to go on to higher things.

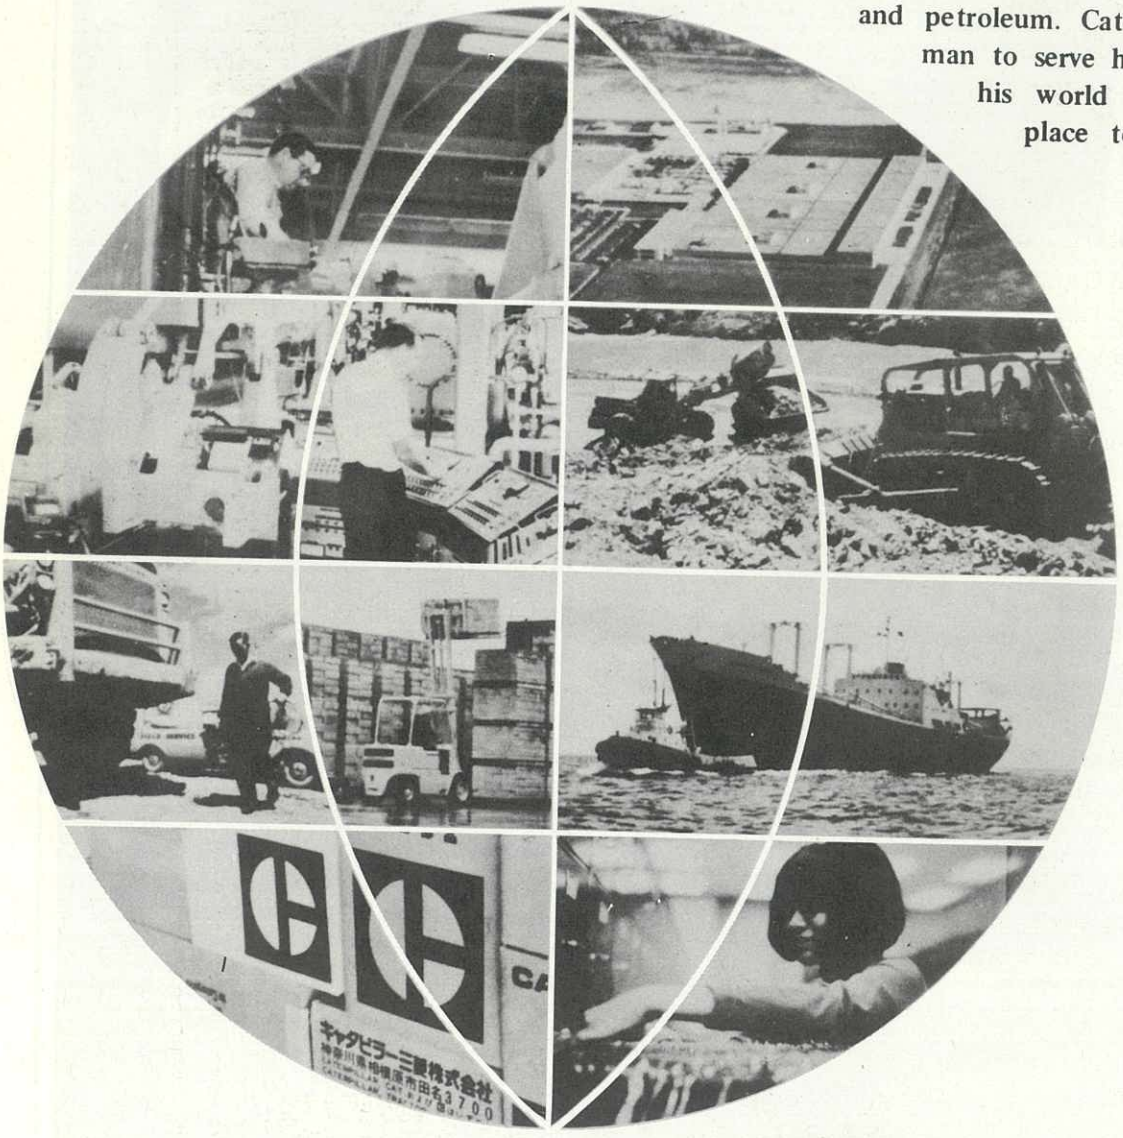

Our assistance to Hong Kong education reaches into many fields. As well as bursaries and scholarships, we are concerned with providing equipment and information wherever we know there is a need.

Shell is making its contribution.

Helping Hong Kong go on to greater things.
