Message from Convention Director & Kowloon Jaycees President

FOREWORD

The last time Kowloon Jaycees participated in the work of the National Convention was in 1971. After a span of 9 years, we are glad to have been given the opportunity to take up again the challenge.

'Energy Conservation - Our Responsibility' has been adopted as the theme of this National Convention in response to the one of Jaycees International and our NOM - 'Energy - Our Concern'. The other theme of Jaycees International - 'Opportunities for Children', is however not forgotten. In the two seminars to be given by high-powered speakers during the Convention, delegates will be provided with in-depth knowledge and up-to-date information in specific areas of the issues, and these will serve as guidelines in our future project planning.

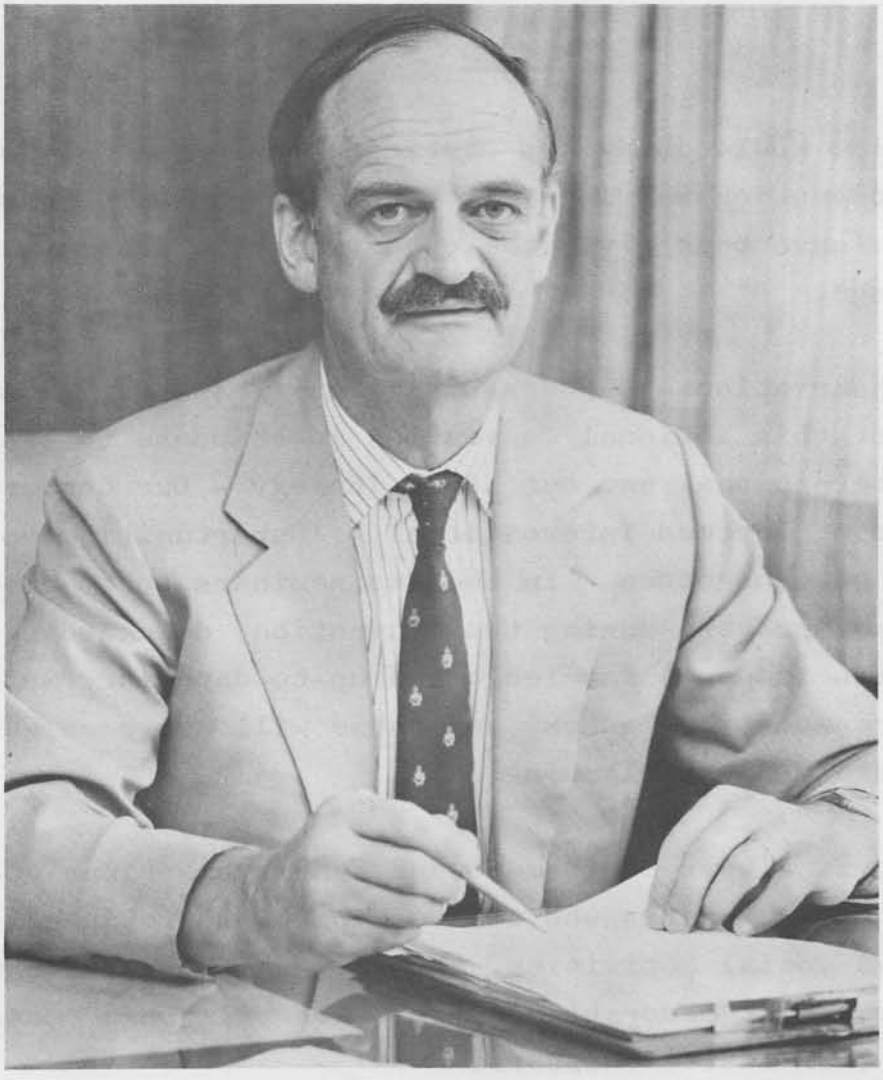

While there is always excitement and fun in a National Convention, especially for delegates who actively participate in all business sessions and social activities, the National Convention this year will become a most memorable one as there will be a record attendance of members from twelve chapters.

To all delegates, I extend my warmest welcome and I look forward to their active participation throughout the Convention period.

Andrew Wong
Convention Director &
Kowloon Jaycees President

Message from Guest of Honour

Hong Kong Junior Chamber of Commerce
15th National Convention

Message for the Convention Manual from
the Secretary for Economic Services

Hon. D.G. Jeaffreson, J.P.

I am pleased to have this opportunity to wish every success to the Hong Kong Jaycees' 15th National Convention. It is always encouraging to see thriving organisations whose aim is to help the community on a voluntary basis. The theme chosen for this year's National Convention "Energy Conservation - Our Responsibility" is a particularly appropriate focus for the interest of public-spirited young people. Energy conservation is an area in which voluntary effort plays an essential part and studying this subject to gain an understanding of it and its implications is something that all Jaycees should find well worthwhile.

Message from JCI President

MESSAGE TO THE NATIONAL CONVENTION

OF THE HONG KONG JUNIOR CHAMBER OF COMMERCE

I am pleased to salute the delegates of the National Convention of the Hong Kong Junior Chamber of Commerce. You are gathered at a significant moment in the life of your organization, to not only review and reflect on the year 1980, but also to plan ahead for 1981, and to choose a new group of officers who will lead the Jaycees toward greater heights of achievement.

In your reflection and reminiscence, do consider carefully the difficulties we have encountered, the ways we overcome them, the lessons and experiences we have learnt in our constant search for programs to help build better citizens for a better world.

We must not stop there and fall into the trap of self-congratulation. We must, today, together, set our sights still higher, commit ourselves still further, pledge our energies still fuller.

For the world we are in is still one of hunger, despair, violence and underdevelopment. For our fellow citizens of the world are still unfed, unclothed, insecure and, most of all, unprepared. Unprepared to act, unprepared to react, unprepared to assume the responsibilities of adulthood, of parenthood, of citizenship, they have obviously not received the Jaycee message.

It is our responsibility to bring it to them. It is our duty to feed and clothe them, perhaps, but mostly to train them in growing grain, in building shelter, in raising children and in activating their citizenship.

We owe it to them, to our worldwide community. But, first and foremost, we owe it to ourselves, fulfilling the pledge we took when we became Jaycees. For we believe in economic justice, in free men, in self training, and these we want to bring to the world in need.

It is essential that the officers chosen to lead the Hong Kong Junior Chamber of Commerce in 1981 work together with Jaycees International, to plan and fulfill objectives for the coming months. Let us pledge again, today, our total commitment to the ideals of Jayceeism and then, tomorrow, we will see the beneficial results of our common efforts, which is a global community that is free of pain and misery.

May your deliberations at the convention be fruitful and successful.

Saludos.

Message from JCI Executive Vice President

MESSAGE TO THE NATIONAL CONVENTION OF
THE HONG KONG JUNIOR CHAMBER OF COMMERCE

It was a great pleasure for me to have the opportunity of sending greetings and best wishes to all delegates on the occasion of your National Convention.

1980 has been a year during which particular emphasis has been placed on growth, training and teamwork. Let us not make the mistake of feeling that as 1980 draws to an end, our emphasis on these matters will also draw to an end. Growth, training and teamwork are, I believe, the bases upon which the sound management of our organization is built. Without growth, we will wither and die; without training, we will develop neither ourselves nor our organization; without teamwork we will lack a sense of direction or purpose.

National Conventions are times for both reflection on the year gone by, and planning for the year ahead. As we develop our plans for 1981, it is essential that we review the strengths and weaknesses of our performance in 1980. By building on our strengths, and striving to overcome our weaknesses, we can, and will, build an even stronger and more dynamic organization.

I would like to wish those officers elected to serve the Hong Kong Junior Chamber of Commerce in 1981 every success for their year of office, and to encourage them to face the challenges of the year positively and with determination.

Have a great Convention.

Message from JCI Vice President

Dear Major:

It is with great pleasure that I, your assigned JCI Vice President, extend my sincere message of greetings to you on the occasion of the 15th National Convention of the Hong Kong Jaycees to be held from September 26th through 28th, at Furama Hotel, Hong Kong.

It is my belief that in this newly-begun decade Jaycees throughout the whole globe are committed to a most challenging job. That is to say, ours is the only world-wide organization which provides every individual member to develop himself/herself to be a dynamic citizen of the current age. The fact I am aware is that it is the strength of young people that can lead the world to true prosperity based on mutual understanding and respect. Each of us Jaycees is a potential leader of the coming century, and wherever we are, we are expected to sensitively respond to the needs of the people around us.

The annual National Convention offers the best incentive for us to recognize the significance and privilege of being a Jaycee. It is the place for deliberations, recognitions, fellowship, and amusement. I earnestly wish that this particular National Convention will be one of the most resounding successes in the history of your active National Organization, the one that makes every single participant proud of being a part of it.

In closing, my special thanks must go to the President and all the staff of the Kowloon Jaycees, a Host Chapter, for their hardworking preparations during the past months. Your efforts deserve the highest of admiration and appreciation.

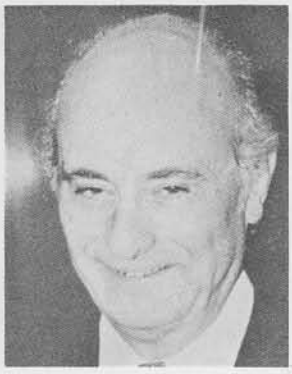

With my best personal wishes and regards.

Sincerely yours,

Motohiro Ishikawa
JCI Vice President

Message from Honorary Life President

Message

The National Convention serves a most useful purpose. Not only does it bring together members who are genuinely concerned with the significant work of the Junior Chamber but it is the outstanding occasion in the year when policies are debated and programmes examined before conclusions are reached for the future progress of the organization as a whole and the advancement of members individually.

It is also the time when new leaders are elected in an organization committed to the training of young people for positions of responsibility in every activity of consequence to the community.

Greetings and best wishes.

M E S S A G E

It is my privilege to send my greeting to those hard-working office-bearers of the Hong Kong Junior Chamber of Commerce. Their efforts in the past months have certainly helped our beloved organization in taking one further step forward.

I would also like to urge all members to make full use of this National Convention to objectively review the past achievements of your NOM and formulate forward-looking plans for the 1981 administration.

My best wishes for a very successful convention.

Trustee Chairman

Message from National President

MESSAGE

National Convention is sometimes regarded by some Jaycees as a time to renew old friendship and establish new acquaintances, it should in fact be the time when we seriously review and evaluate our performance in the last 12 months. We can only derive maximum benefits from the Convention by active participation in the business sessions which will enable us to exchange ideas, identify problems affecting the community and eventually come up with sound and feasible resolutions.

The Theme of this Convention is ENERGY CONSERVATION - OUR RESPONSIBILITY. Prominent speakers have been invited to join in a special seminar featuring this topic. Hopefully we will come up with some concrete suggestions to help in easing the crises.

Taking this opportunity, I would like to thank my Board of Directors and all LOM Presidents for their assistance and cooperation in making 1980 a successful year for the Hong Kong Junior Chamber of Commerce.

My congratulations also go to the Kowloon Jaycees for hosting this wonderful Convention. Finally, to all delegates attending this Convention, I wish you all a successful and enjoyable Convention.

MAJOR TANG
NATIONAL PRESIDENT

Message from National Immediate Past President and Senate Chairman

M E S S A G E

The 1980 National Convention represents the Completion of 30 years' existence of the Hong Kong Junior Chamber of Commerce.

We have never stopping growing since 1950 from handful of forward-looking young men to an organization fast approach 1,000 members.

If we want to count the number of young people who have gone through the training provided by the Hong Kong Jaycees at one stage or another, it would run well over tens of thousands.

This is why we as officers of the Hong Kong Jaycees, should be proud of the fact that we have made good use of our time during 1980 in availing ourselves of this valuable training, and also providing training to other members.

I look forward to seeing more and more of our Jaycees and Jayceettes to put themselves in seeking for National Posts and provide themselves of this rare training opportunity.

REPORT FROM NATIONAL PRESIDENT

As National President of Hong Kong Junior Chamber of Commerce for 1980, I would like to present my report as follows:-

I. OBJECTIVES FOR THE YEAR

A. OVERALL OBJECTIVES

1. The overall objective of the NOM this year is to intensively and extensively promote Jaycee movement in Hong Kong. We feel this is an appropriate objective for us this year not only because it is an inherent objective of the Jaycee movement to promote and extend membership to all young people in this community, but also because we know that Hong Kong is now at the threshold of many social economic changes and its young people can be expected to assume a more responsible role.

2. To provide better service to LOMs mainly through improvement of facilities in the Chamber Office, and services provided by the Secretariat staff and National Officers.

3. To support the JCI Major Emphasis Theme "ENERGY - OUR CONCERN" and to motivate all LOMs to adopt this also as our NOM's major emphasis for 1980.

4. To provide more quality guidance and comprehensive programs to cope with our diversified and rapidly increasing membership.

B. SPECIFIC OBJECTIVES AND TARGETS

Based on our overall objectives, we have derived the following specific targets:

1. Insist on adequate NOM and LOM Officers Training. Courses specially designed and tailored for Officers of the NOM and LOMs so as to fully equip them with specific skills to lead their members.

2. All LOMs are encouraged to submit their 1980 year planner by the February National Board Meeting.

3. To develop rapport with Government and business community, high-power guests will be invited to present or to deliver substantial speeches at national projects - such as Inaugural Ball, 30th Anniversary, National Convention, TOYP, etc.

4. Membership target is set at 1,000 by the Osaka World Congress.

5. The extension of 1 provisional LOM, to be sponsored by an existing LOM.

6. The Theme Manager, with the help of the CD/YA Director, shall put more effort to motivate and assist LOMs to carry out projects in response to our Theme "ENERGY - OUR CONCERN". We anticipate at least 6 LOMs to conduct projects along this Theme.

7. To strengthen our international brotherhood and sisterhood ties by more frequent visits to the neighbouring countries and to encourage joint international prcjects.

Since the drawing up of the above objectives and targets, much effort have been put to work out ways and means to achieve the various targets set, and all National Officers have been diligently working on.

IX. CONCLUSION

To conclude, I must say that the Hong Kong Junior Chamber of Commerce stands as it is today with the many real hard efforts and dedication from its members and Board of Directors, both at NOM and LOM levels. I am glad that our objectives have been or being accomplished one by one. Internally, we now see that the communication gap between NOM and its LOMs have been bridged. Through intimate and systematic communications, the NOM's administration has been able to reflect the general consensus of its LOM and what it does has received full support from its LOMs. Through our joint efforts, I see more positive attitude being adopted and new concepts accepted. Such phenomena are those a progressive NOM cannot do without.

Finally, I would like to thank all Hong Kong Jaycee members and LOM Presidents for their cooperation throughout the year; I must also express my gratitude to my Board of Directors, especially my IPP Sonny for their assistance, without which this year would not have been so smooth.

My regards to you all.

REPORT FROM NATIONAL VICE-PRESIDENT (INT/IND)

At the beginning of the year, I was assigned by the executive board to supervise the International and Individual areas of activities as well as four LOMs, namely, Jayceettes, Harbour, Lion Rock and Dragon. Furthermore, two of the appointed directors Thomas Tang (LD and EA) and Ng Leung Yau (IA) were assigned to work with myself during my term of office.

At this 15th National Convention, I have much pleasure in submitting my report in the capacity of National Vice President as follows:-

(A) COMMISSION SUPERVISION

LD/EA

At the beginning of the year, instructions were given to LD/EA Director, Thomas Tang, that all chapters should have at least one EA project. Up to the present moment, most chapters have achieved or exceeded their target. In the LD area, a LOM Officers Training School was held in January under the supervision of LD Director Thomas Tang. The 'Train the Trainers' Seminar was also held on August 10, 1980. Approx. 40 members from various chapters attended this seminar being supervised by NIPP Sunny Yu.

IA

Under the supervision of Director Ng Leung Yau, all chapters participated in entertaining overseas Jaycees during the year. The chapters had excellent performance and can fulfill their job during overseas Jaycees' visits. Two of the highlights were the visits of JCI VP Ishikawa in February and JCI World President Izurieta in May, and welcoming receptions were held for these two gentlemen on Feb. 18, 1980 and May 25, 1980 respectively.

67 delegates attended the JCI Singapore Conference. Hong Kong won two awards, namely the Largest NOM Delegation in terms of percentage to Members and a Certificate of Merit for the Most Outstanding YA project held by Peninsula Jaycees. A H.K. Night was hosted at the Hyatt Hotel and was attended by most of the chief delegates.

The Osaka World Congress will be held during November 9 - 15, 1980 and we anticipate 120 delegates from H.K. to attend this Congress.

(B) SUPERVISION OF LOMS

I was assigned to supervise Jayceettes, Harbour, Lion Rock and Dragon.

Early this year I had discussions with these LOMs and requested them to keep their supervising officers informed of their activities and projects and I shall give every service and assistance to all LOM officers whenever necessary. I have attended some of their Board and Monthly Meetings and all four chapters are growing according to plan.

Additionally, I have pleasure in reporting to the General Assembly that Dragon Jaycees, a provisional chapter, has fulfilled all the requirements for full membership with the Hong Kong Junior Chamber of Commerce and I would like to recommend to members of the General Assembly to give their support on their full affiliation.

Sales was the Guest of Honour. A performance by Hong Kong Jaycees was also included in the programme of the evening.

On 19th June, 1980, there was a goodwill visit to North Kai Tak Vietnamese Refugee Camp by the Port of Call Committee. A colour TV, 300,000 Yen and 300 boxes of colour pencils were donated to the refugees. Hong Kong Jaycees hosted a luncheon reception at the Miramar Hotel and in return the Japan Jaycees also hosted a dinner reception at the Repulse Bay Hotel.

As the air-conditioning system of the ship broke down on her way to Hong Kong, a large scale repair had to be made and the ship could not leave on schedule. As a result, most of the voyage participants went to Keelung, the next port-of-call, by air with the exception of eleven international delegates who had troubles in getting an entry permit into Taiwan. These eleven delegates remained on board the ship and departed on June 20 to re-join the other delegates in Keelung.

Special Growth Seminar

During the Singapore Conference, Andrew Wong, Elsa Leung and myself were appointed by NP Major to attend this seminar. We all found the seminar very useful and decided to conduct a similar one in H.K. for all Executive Board Members. This 'Special Growth Seminar' was held on 7/17/80 and over 30 members participated.

On-to Osaka Delegation Organizing Committee - Chairman Michael Chan

The committee was formed in August and all committee members are now working very hard on the preparation work. Target set for the Hong Kong delegation is 120. Under the capable leadership of Chairman Michael, I have every confidence that we will have the largest delegation to a JCI Congress in the H.K. Jaycees' history.

Lastly, I would like to express my deep appreciation to all those who have given me their support, co-operation and encouragement during my term in the capacity as National Vice President.

At the beginning of this year, I was assigned by the Executive Board to supervise the Community Areas of Opportunities as well as four (4) LOMS, namely, VICTORIA, Peninsula, Yuen Long and East Kowloon. The Executive Board has also appointed Jaycee P.H.Tang(from Yuen Long) as National CD/YA Director and Jaycee Nathaniel Y.S. Ng(from LionRock) as Theme Manager respectively.

Due to the heavy business commitment, Jaycee Nathaniel Ng has resigned his post as Theme Manager in May.

(A) COMMUNITY AREAS OF OPPORTUNITIES:-

CD/YA DIRECTOR - P.H.TANG

In order to maintain better understanding between each LOM I encouraged the CD/YA Director to have the Joint-directors Meeting regularly.Dueto lack of enthusisam and support, so far 2 joint CD/YA Directors Meeting were held. However, under the supervision of Director P.H. The Theme Manager - Nathaniel Ng (resigned in May)

Due to Jaycee Nathaniel Ng resigned from his post as Theme Manager, there was no theme project to be made in the meantime. However, each LOM has planned out their theme projects throughout the year such as the following:-

(B) SUPERVISION OF LOMs

I was assigned to supervise Victoria Jaycee/Peninsula Jaycees/Yuen Long Jaycees and East Kowloon Jaycees

Early this year, I have had discussions with these LOM Presidents and LOM's Officers and requested them to keep their activities and projects and I should give every service and assistance to all LOM officers whenever necessary. I have attended some of their Board Monthly Meetings and 4 chapters were going smoothly according to their plans.

I have the pleasure in reporting to the General Assembly that East Kowloon Jaycees - a provisional chapter, has fulfilled all the requirements for full membership abided with the Hong Kong Junior Chamber of Commerce and would like to recommend to members of the General Assembly to give their support on their full afiliation.

REPORT TO MEMBERS OF THE GENERAL ASSEMBLY
FROM NATIONAL HON. TREASURER - EDMOND PANG

The NOM has always been in a very healthy financial position for the past 8 months and I am confindent that this will continue for the remainding 4 months of this year.

I give below my report in greater details in the following paragraphs and accompanying Income and Expenditure Accounts for the 8 months ended 31st August, 1980.

1. NATIONAL DUES

Income from this source for the past 8 months is only marginally higher than last year for the same period and will be about $10,000 short compared with budget. This has been the result of lower membership growth than expected. However, with savings in most of the administrative areas, it is hoped that a surplus of $7,300 can be achieved for the full year.

2. 1980 INAUGURATION AND 30TH ANNIVERSARY BALL

This is one of the grandest occasions of the Hong Kong Jaycees and, traditionally, is one from which we raise funds for NOM activities for the year.

Under the capable chairmanship of Jaycee Jackson Ip (Harbour Jaycees)and with a committee membership drawn from all the 12 Chapters, $31,000 was raised, the largest sum ever for the past years.

In this respect, I send my thanks to Jackson and his committee members for this outstanding achievement and also for their taking the opportunity in sustaining a very good working relationship which I myself enjoyed.

3. INDIVIDUAL MEMBERS' INITIAL FEE

Income from this source @$100 per new member is basically for the improvement of facilities in the Jaycee Office. Actual receipts to the end of August, 1980 amounts to $15,550 which also include the $50 paid by each of the prospective members coming in through National. So far only $6,200 have been spent with an additional $6,000 budgeted for the purchase of an addressograph

I expect total income for the year will amount to $19,000.

4. HONG KONG JUNIOR CHAMBER TRUST FUND

Starting from this year, the National Officers are no longer authorised signatories to the account of this Trust Fund. On the other hand, as National Hon. Treasurer,

4. HONG KONG JUNIOR CHAMBER TRUST FUND (Cont'd)

I am assistant to the Trustees Treasurer in the keeping of account books.

The Trustee Fund now holds 56,494 Hong Kong Bank shares as investments and has $16,417.70 in the bank account.

5. 1979 HONG KONG CONFERENCE SURPLUS

$112,000 were transferred to National as agreed with the Hong Kong Jayceettes, the Hosting Chapter. A decision was made that a new Trust Fund be set up, to be managed by the existing Trustees, who will invest the money and the income utilised to subsidise HKJC's participation in future Conferences and Congresses.

Pending the new Trust Deed to be drawn up, and with the consent of the existing Trustees, 6,000 Hong Kong Bank shares were purchased at a total cost of HK$110,065.80. These shares, together with the balancing cash will be transferred to the Trustees at a later date.

6. ACCOUNTS FOR THE YEARS 1978 & 1979

Compilations of these accounts are in the hands of the respective past NHTs with myself actively assisting in the set for 1978.

It is hoped that these will be finalised shortly and National be in a position to call an EGM for their adoption.

7. NATIONAL DUES - 1981

A resolution was passed during the 1979 World Congress that JCI Dues be increased by US$1.- per individual member per annum with effect from 1st January, 1981.

National Dues has remained unchanged for the past 4 years @$130 per individual member per annum. In view of the high inflation for the past years potential administrative fund deficit in the coming years and National's constant desire to improve services to Chapters, it is considered that a revision to the National Dues now be timely.

It has, therefore, been proposed that the National Dues for each individual member be increased to $140 per annum with effect from 1st January, 1981.

CONCLUSION

In concluding my report, I should like to thank my fellow National Board Members, Chapter Presidents and Officers and Assistant NHT, Paul Wong, for the guidance, co-operation and assistance throughout these past 8 months.

In particular, NP Major and NIPP Sonny have been the ones from whom I have learnt the most to serve our Organisation as a National Officer.

EA/LD Director Report

The role of National director should be responsive, resourceful, and friendly towards any request from LOM's officers for help, advice, or participation. To that extent, I have always made the above intention loud & clear from the very beginning my office. However, only one LOM had sought for my advice at the very beginning of the year. Thus, I had a rather quiet, unexciting, and lonely experience as an EA/LD Director.

Nevertheless, I like to report :

1) I had supervised LOM officer Training School, in Feb.

2) Initiate an EA project idea and work along with the committee members.

9) Went to Osaka with NIPP Sonny to discuss about the place for Hong Kong Night and arrange the hotel for Hong Kong Delegation.

10) Planning of on-to-Osaka World Congress is under processing, I aim to bring along around 100 members to attend.

REPORT from National Public Relations Director

In the capacity of National Director for the area of Public Relations, it is my pleasure to report to the 15th National Convention of the Hong Kong Junior Chamber.

Internal PR Activities:

1. New Year Office Gathering

   A project coordinated by the NOM was hosted by the Lion Rock Jaycees. Nearly 200 Jaycees had attended. I had to thank Lion Rock Jaycees who had done marvellously to make this function a success.

2. Sports Day

   In order to promote fellowship and to provide an opportunity for physical exercises among our Jaycees members, Sports Day is a very good project to be held annually or bi-annually. This year's Sports Day was held at the Diocessan Boy School Sports Ground hosted by the East Kowloon Jaycees. Though East Kowloon Jaycees is a very new chapter, however, their performance and efforts in promoting and organising the Sports Day were complimented.

3. National News

   This newsletter was published and circulated to all Jaycees members informing major happenings in the NOM and various LOMs.

4. Joint PR Directors' Meeting

   To maintain better understanding between each LOM, joint PR Directors' Meetings were held regularly at the Jaycee Office.

5. Ex

External PR Activities:

SCMP

1. Press Supplements were prepared in the Hong Kong Standard and Wah Kiu Jih Pao covering Jaycee history, membership, recruitment, PR functions and were placed during the Hong Kong Jaycees 1980 Inauguration.

3000

It had attracted nearly 1000 applicants and the responses were very satisfactory. Ultimately, Hong Kong Jaycees' corporate image had greatly promoted, thus pushing the NOM's reputation to a new peak.

2. With the cooperation of the Star Newspaper, a column in the Star had been reserved for the submission of Jaycee articles free of charge.

Conclusion

Before ending my report, I would like to take this opportunity to thank all National BOM members, LOM PR Directors, fellow Jaycees and Jayceettes heartfeltedly. My special thanks to our NP and Supervising NVP for their guidiance and support without which I would not have such a wonderful experience and so smooth during my term of office.

Report from the National Record & Recognition Commission

1. Joint RRC Directors' Meeting

Three regular meetings were held in the months of January, April, July and the fourth meeting will be held in October. The purpose of these meetings is to relate informations on NOM & JCI award biddings and to assist LOM RRC Directors in their award bidding work and other aspects of RRC work. The attendance percentage was average.

2. Project Records

The project record system has been introduced for several years as to enable the NOM to keep a complete and up-to-date record of both LOM and NOM's activities for reference, record and administrative purposes. Unfortunately, the submission of such report has been very poor for this year as usual.

3. Seminar - "How to compile Award Bid Book"

This seminar was held on May 9, 1980 to orientate RRC Directors on how to prepare a presentable, informative and concise bid book for international and local award biddings. Senator Florence Wong was invited as guest speaker.

4. 1980 Award Manual

The manual had been updated and revised with two new awards created for the year 1980 --- "The Most Outstanding Theme Project"(NOM Award) and "The Outstanding Provisional Chapter" (Presidential Award of Excellence). Copies were distributed to all LOM and Provisional LOM Presidents as well as RRC Directors so as to stimulate individual Jaycees and chapters to participate in NOM award biddings and to provide a guideline for the entrants.

5. Award Judging Committee for 1980 National Awards

In accordance with this year Policy Manual, the NOM and each LOM have nominatedone member to constitute the panel of judging with the National RRC Director as Chairman. For CDC, YAC, LDC and EAC Awards, the National Director supervising such area would give their opinion on their respective area. Each LOM representitive would not give marks on the award entry submitted by his/her own LOM.

6. 1980 Singapore Regional Conference

During this conference, the Hong Kong Jaycees won the Award for the Largest NOM Delegation in terms of % to members while Certificate of Merit was won by Peninsula Jaycees for their project "Invent and Play Your Own Musical Instruments".

7. JC Library

To re-set our JC library, the National have ordered from JCI publications including manual, handbook and materials from the Programme Information Centre. Together with LOMs' official publication and individual contribution, our JC library could be resourceful.

As the National RRC Director, I would like to express my sincere appreciation to all LOM RRC Directors for their kind co-operation throughout the year. I would also like to thank my fellow BOM members for their guidiance and support and in particular, my supervising officer NSG Nora Cheng for her advice and help which have made my work much easier.

REPORT FROM THE CHAMBER OFFICE MANAGER

I have taken up the position of Chamber Office Manager since the beginning of the year. Over this more than half of the year's period, the work of the Jaycee Office was still taken to be operated within control, though we are continuously experiencing the insufficient of Chamber Office staff.

In the reviewing period, the following machinery and equipments were purchased for the Chamber Office:

* An electric cold and hot water dispenser and
* A paper-folding machine.

Some proposals have been made on postage franking machine, addressing (addressograph) machine, etc.

Some fixtures and re-furnishing works have been carried out during the year, but due to inadequate budget had been proposed through the Board that no mass work has been accomplished.

Owing to an appointment taken up with the Republic of Nauru, I have to station overseas for over a year's time, which resulted my recess from the Office starting from the month of August 1980. My regret that I have to leave down the Chamber Office duties for the rest of the year, even though I am remaining both a Hong Kong Jaycee as well as an Island Jaycee.

REPORT FROM NATIONAL CD/YA DIRECTOR

At the beginning of this year, I was appointed by the Executive Board as National CD/YA Director. The responsibilities and Standard of Performance were well defined in the Policy Manual that he is to conduct the horizontal line of Management as CD/YA is concerned, bridge between local chapters and National body. Under the consultancy with the supervising VP Eric Yung as well as the National President Major Tang. I am confident that I have to motivate the CD/YA directors from the respective LOMS setting their own CD/YA & Theme projects for the year planning and I have co-ordinated with them reflecting the result to the National.

Due to lack of enthusiasm and support, 2 joint Directors meetings have been made. I myself together with the effort from my supervising VP Eric tried to co-ordinating with LOMS every month by the means of informal meeting and telephone contact. So far, every LOM have setted up their own CD/YA projects and kicked off according to their year plans and schedules. Some projects have been kicked off as following : -

CD/YA PROJECTS :

1. DESIGN CONTEST FOR UTILISATION OF SPACE UNDER THE FLYOVER..... .....PENINSULA JAYCEES
2. ROAD SAFETY CAMPAIGN WITH A MULTI-VISION SHOW CALL "CARRY ON DOVE" .....PENINSULA JAYCEES
3. ENERGY DESIGN POSTER CONTEST .....VICTORIA JAYCEES
4. VISIT TO PROBLEM BOYS' HOMES .....VICTORIA JAYCEES
5. CAREER TALKS & VISIT .....KOWLOON JAYCEES
6. CONSERVE ENERGY FOR TOMORROW .....STICKER DESIGN COMPETITION.... .....ISLAND JAYCEES
7. TOY LIBRARY., CASTLE OR DRUMP ..... HK JAYCEETTES
8. YUEN LONG JAYCEES ARTS WEEK .....YUEN LONG JAYCEES
9. YOUNG & OLD, FAMILY AS A WHOLE .....HK JAYCEETTES
10. HAPPY WITH THE OLD ( ) .....TAI PING SHAN JAYCEES

CONCLUSION

I would like to take this chance to express my appreciation to those who have given me their support, co-operation and encouragement especially my supervising VP Eric Yung and LOMS' Presidents their advice and guidance , without them my duty cannot be accomplished through my term of office.

維多利亞青年商會

1980 is a year of unity and consolidation for Victoria Jaycees.

Victoria Jaycees is an English-speaking chapter open for young men and women between the age group of 21 to 40. For those who are over 40 years old and are still active, we classify them as 'associate members'.

One of the most significant characteristic is we also enjoy membership of various nationalities. This year, our IAC / R & R Director is an Englishman.

In the LOM area, we have completed the following projects:

A. China Tour
As a PRC project, a 'China Tour' was organized in April with over 40 participants. Project chairman was Jaycee Becky Law and the trip was really enjoyable.

B. Inter-Chapter Table Tennis Competition
Also as a PRC project, this project was jointly organized with Lion Rock Jaycees. Results were satisfactory.

C. Orientation Session
An 'Orientation Session' was organized during the March Fellowship Dinner. Speaker was Jaycee Philip Ng, one of our past presidents.

D. Orientation Session
For the second time, an 'Orientation Session' was organized during the June Fellowship Dinner. Speaker was Jaycee S.T. Tang, our Immediate Past President.

In the INDIVIDUAL area, we have completed the following project:

A. Leadership In Action Camp
As a LDC project, this project was jointly organised with Harbour Jaycees and held in March. Over 80 participants responded and this project was a great success.

Another YAC project is now under planning, namely 'Visit to Chak Yan Boys Centre'. This project will be held on Sept. 13, 1980. Gifts, toys and refreshment will be provided.

In the COMMUNITY area, we have completed the following projects:

A. Energy Design Poster Contest
As a theme project, preparation works started early in January and finally, this project was successfully completed in May. For this project, the sole sponsor was Shell Co. of H.K. Ltd. The winner in 'senior group' was awarded HK$2,000 and the winner in 'junior group' was awarded HK$1,500.

..../2

B. Rent Control Symposium
This was a EAC project, jointly organized with Dragon Jaycees. The purpose of this symposium was to depict objectively the rent control legislation enforced in December 1979, and to evaluate the pros and cons of this legislation. Speakers included Mr. Alfred Li, Mr. Augustine Chung, Mr. Leung Tat Shing and Mr. Kenneth Cheng. The project was successfully held on August 30, 1980, at the Duke of Windsor Social Services Building in Wanchai.

Regarding fund-raising in this year, we organized a 'Disco Nostalgia' in May at 'Another World Disco'. Thanks to the kind support from various chapters, over 270 people attended.

Apart from the abovementioned projects, a few more are under planning stage and hopefully, will be completed by the end of this year.

Amongst these projects, the most important one is 'Constitution Revision' which is now in the finalising stage.

Victoria Jaycees was registered under the Company Ordinance and incorporated in November, 1973. The existing Memorandum & Articles of Association are thus very much out of date and do not serve adequately the purposes of our dynamic organisation. There is therefore a pressing need to revise the Constitution.

A final draft of the revised Memorandum & Articles of Association is now ready. Subsequent to the revision committee's recommendation, an EGM has been called and will be held on Sept. 30, 1980.

To sum up, we organized fewer projects in this year but all projects were in the right track and successful. In this respect, merits must go to all officers of Board and to all members. Without their support, euthusiasm and assistance, nothing could be achieved.

Chief Editor	Edward Lau (w.e.f. July 30, 1980)

In addition, Past Kowloon President and Past National President Y. K. Chan and Past Vice President Robert Ho take the role of President Advisors.

B. MEETINGS

General Membership Meetings have been held monthly on the last Thursday of each month. Apart from reports by Executive Committee members at the meeting, there were talks given by distinguished Jaycees and prominent community figures on specific topics.

Board meetings fell on third Tuesday of every month while Executive Committee meetings were held once every two months.

C. FINANCE

As a result of getting some surplus from the 15th Anniversary Ball as well as the E.A. Seminar, and the fact that we have had satisfactory recruitments so far, the financial situation can be considered sound as compared with that in the past two or three years.

D. COMMUNICATION

A brand new Kowloon Jaycee News Magazine - Dialogue has been produced in a bid to keep members regularly informed of projects and activities in our chapter, other chapters and NOM. Up to this moment, two issues have been completed.

To ensure that communications to members would not be delayed, mailing list of Kowloon Jaycees is always up-dated at the soonest possible time as and when such need arises. The 5th issue of mailing list was done in August.

2. PROJECTS & ACTIVITIES

A. COMMUNITY

Career Talks and Visits - It was a CD project chaired by JC Larry Law. It was a 4-day event held between July 19-22 at the Hong Kong Polytechnic with the objective of introducing different career opportunties to school leaves and young workers. The project consisted of 16 seminars and field visits. It was rather unfortunate that there was bad weather and even typhoon in the period. Better still, some 300 students participated in the talks and visits.

Seminar on the Origin Rules in Different GSP - This was a EA project with JC Vincent Ho in the chair. It was specifically organised to help HK manufacturers and exporters obtain the most benefit when exporting their goods to the developed countries. About 100 executives and entrepeneurs in the manufacturing industry and export business attended this one-day seminar on June 21, at which all speakers were experts on the subject from the Trade Industry & Customs Department. As a result of the good response, a surplus was made from this project.

Carnival Day for Vietnamese Children in Refugee Camp - This YA project has been scheduled for December 7 and will take place in the North Kai Tak Refugee Camp. Playing the role of an organiser and coordinator, Kowloon Jaycees will invite other voluntary agencies to put up booths for games or performance for the entertainment of these poor kids in the refugee camp.

B. INDIVIDUAL

Leadership Development

An Effective Speaking Seminar was held on May 10 at the Duke of Windsor Social Service Building. The Hong Kong Toastmasters Club was kind enough to provide us with three speakers at the seminar which was attended by altogether thirty six Jaycees members.

Project Management Seminar was organised on Aug. 22 solely for Kowloon Jaycees with a view to providing them with the techniques and steps to be taken in organising Jaycee projects. The roles of project committee chairman and members were also among the topics. About twenty members, mostly new, participated in the seminar.

Membership Extension

Bearing in mind the heavy project commitments we have this year, the one-for-one extension program and direct mailing program have been introduced throughout the past months. A total of 9 orientations has been organised and resulted in the induction of 28 new members in the past eight months. It is expected that before the end of 1980, 15 more can be added onto the list of full members.

On the retention side, special efforts have been made to re-activate some old members by involving them in large-scale project such as the National Convention.

C. LOM

Public Relations

Kowloon Jaycees were established in 1965 and we are now in the 15th year. To commemorate the occasion, a 15th anniversary ball was held on May 25th at the Grand Ballroom of Hilton Hotel. About 350 participants at the ball were honoured with the presence of the Hon. D. Akers-Jones, Secretary for N.T., as Guest of Honour, JCI World President Patricio Izurieta, NP Major, NIPP Sonny and many other distinguished Jaycees and prominent figures in the community.

The traditional fellowship gathering of Kowloon Jaycees - Ladies Night, was held on March 29 at the Hyatt Hotel. Total attendance was around 100.

A barbecue and launch picnic for Kowloon members and family took place on April 6 and June 22 respectively.

In addition to these activities mentioned above, the monthly meetings and Saturday luncheons played an important part in maintaining close relationship among members.

International Affairs

A Jaycee Activities Photo Contest has been organised by Kowloon Jaycees and one of our sister chapters, the Taipei Jayceettes. The objective of the Photo Contest is to enable follow Jaycees and Jayceettes as well as members of the communities in Hong Kong and Taiwan to better understand and appreciate what the Jaycee movement is all about. At the end of this contest, which is planned for October, a commemorative souvenir ablum incorporating prize-winning pictures will be printed and distributed.

During the 1980 JCI Singapore Conference, Kowloon Jaycees established a sisterhood relationship with the Orchid Jaycees of Singapore. The pact-signing ceremony was witnessed by JCI World President Patricio Izurieta.

Initial efforts have been made for Kowloon Jaycees to create a link with a Japanese chapter, the Kyoto Jaycees and to gain *admission in the ILSO through the Kuala Lumpur Jaycees which are* another sister chapter of Kowloon.

Six Kowloon members have participated in the Singapore Conference and it is expected that more will attend the Osaka Congress.

3. INVOLVEMENTS WITH OTHER LOMS

Consequent to a Board decision made in 1979, Kowloon Jaycees sponsored the formation of a provisional LOM, the East Kowloon Jaycees, and 5 Kowloon members were subsequently transferred to this new LOM which had its Charter Night held on Mar. 1, 1980. Special efforts have been made thereafter to foster the close relationship between the two chapters, as evidenced by the organising of a joint monthly meeting in April and the co-operation in the work of the 15th National Convention.

As regards participation in projects and activities of other LOMs, Kowloon Jaycees have always been represented either by individual members or by a chapter team, e.g. in Jayceettes' Treasure Hunt, Peninsula's Inter-Chapter Debate Competition, Harbour's Basketball Competition etc.

4. INVOLVEMENTS WITH NOM

Kowloon Jaycees serving in the National Board this year are as follows:

Edmond Pang as NHT
Thomas Tang as LD/EA Director
Paul Wong as Asst. NHT

We are the hosting chapter of both the 15th National Convention and TOYP-1980, a National project organised by Kowloon for 7 years consecutively.
In addition, some of our members have taken part in the Organising Committee of National Projects such as the Inaugural Ball, JC Youth Voyage and On-To-Singapore.

Besides, Board members of Kowloon were among the participants at the LOM Officers Training School, Growth Seminar and Train the Trainers Course organised by our NOM.

5. CONCLUSION

It has been a most challenging year for members of Kowloon Jaycees as we involved ourselves vigorously in various kinds of Jaycee projects and activities, be they organised by our own chapter, other LOMs or the NOM. As a result of the efforts we have made this year, we are contented that our members have been given the opportunities to develop one's individual potential, thus fulfilling the objective of the Jaycee movement.

On behalf of all Kowloon Jaycees, I wish to take this opportunity to express my sincere gratitude for the valuable advice and support afforded to us by the National Board of Directors and Jaycees and Jayceettes of all other chapters.

FROM PRESIDENT OF ISLAND JAYCEES

Vice-President for Development	Simon Wu
Hon. Secretary	Thomas Chan

PRC Director	Patrick Cheung
MEC Director	Albert Ng
LDC Director	Stephen Ho

R&R Director	Laurence Chiu
Assistant Hon. Secretary	Sam Ng
Editors	Tommy Leung/Patrick Mok

The Board of Directors meetings held regularly on every 2nd Wednesday of each calendar month at Chamber's Office without fail and attendance is good at average 80%.

PLANNING AND POLICY MAKING

Early in the year the Board of IJC have set our goals of achievement that we shall emphasize ourselves on few major projects, including at least one theme project, while small scale activities will be less concentrated. Instead we shall encourage and motivate our members to actively participate and attend activities such as seminars, camps etc. organized by other LOMs.

PROJECTS

1. Theme Project

Under the supervision of CD/YA Commissions, a project named "Conserve Energy For Tomorrow - Label Design Competition" was successfully held in July. The aim of this project is to educate and arouse people's attention to conservation of energy.

Over 300 entries were received from students of age 13-18. All articles were on display at Ocean Terminal for 2 days. Winners of the first three designs were printed 100,000 labels which have been sent to local organizations, sister chapters and JCI for further distribution.

2. Fund Raising

The unique and symbolic fund raising project of Island Jaycees - the Pop/Folk Concert will be again launched in November at the Hong Kong Government Stadium. Island Jaycees is the only other organization able to book Hong Kong Stadium for holding such a charity function besides the Hong Kong Football Association who will utilize the Stadium fully for World Cup Asian qualifing matches.

Radio Television Hong Kong and Urban Services Department will be our joint organizers. Because of the success of Pop/Folk '79, we have received great support this year from our sponsors and other relevant agents.

It is anticipated that Pop/Folk '80 is going to bring to the Hong Kong youth the greatest outdoor entertainment show at the cheapest cost.

3. Young Executive Convention

Under the supervision of EA/LD Commissions, a framework of this project has been worked out. Some preparations have been done until the Organizing Committee decided to postpone this project due to unfavourable time schedule.

4. Community Project

In joint with RTV and City District Office, the Project "Toys - From Children With Love" will again be held in early December.

Last year, this project has entertained more than 30,000 children by means of bazaar fair and variety show and has received a Certificate from the JCI for the achievement.

SINGAPORE ASIAN CONFERENCE

Island Jaycees sent a large delegation of 25 members with spouses attending this Conference.

INTERNATIONAL AFFAIRS

1. Received visitors from Liberia Jaycees.
2. A Sisterhood Pact was signed with Temasek Jaycees Singapore.
3. Received visitors from Jaycees Taiwan, Philippines, Korea and Singapore.
4. Participation in the International Children Camp organized by the Taipei Jaycees.
5. Our members, Thomas Yip, Y.S. Lok, Gregory Fong, Thomas Tam, Victor Wong, Tario Tang and Arthur Ho have visited our sister chapters in Taiwan, Philippines and Singapore.

INTERNAL RELATION

Regular and frequent functions are organized for promoting internal relations among members. Our monthly fellowship is set in such a way that the venue and style vary from time to time to suit the majority's taste so as to attract good attendance. Besides activities arranged by the PR Commission, members also frequent gather together for social meetings.

Small-scale courses of leadership training and orientation have been arranged by the LD/ME Commissions for the benefit of new members.

INVOLVEMENT WITH NOM

1. NOM office-bearers : Eric Yung — National Vice President
   Eddie Au — Chamber Office Manager

2. Participation in NOM activities:
   i. Inauguration Ball - over 45 people from Island Jaycees attended the Inauguration and 30th Anniversary Ball.

REPORT TO THE HKJC GENERAL ASSEMBLY 1980
BY THE
PRESIDENT OF HONG KONG JAYCEETTES

INTRODUCTION

1980 has been a good year for Hong Kong Jayceettes. We have had our share of success and failures. We set out progressively to accomplish our goals and the year under review, although not without its difficulties, was one of considerable progress and growth for the organisation. The sincere effort made by all concerned in everything we strived for gave me my greatest satisfaction.

GOALS AND TARGETS

Total Growth - To anable more young ladies to enjoy good leadership training and to channel the objectives of our organisation to the community, striving for total growth was our number one priority and the minimum percentage was fixed at an increase of 25%. We also aimed to recruit new members from a larger and more diversified field.

Training - This covers all aspects of management, motivation, finance and operations. To accomplish this, our projects were complex and aimed at providing leadership training for all members.

JCI Major Emphasis Theme 'Energy - Our Concern' deals with a global concern and the Jayceettes have the responsibility to assist the community and nation by implementing at least one energy involvement project.

ORGANISATION

The structural organisation of this year's administration has been slightly changed. Instead of the Vice Presidents and Secretary to supervise the activities of the commissions, the Hon Treasurer was also given supervision work. This way, all the Executive Committee members workload is evenly distributed.

There were also two new appointments, the Administration Manager who is responsible for diverting members to various projects and updating their participation in 1980, and the appointment of the Function Co-ordinator who is responsible for co-ordinating the activities of the 11 chapters.

The Board of Directors for 1980 are as follows:

Elected Executive Board:			
Vice Presidents for	*Operations*	*MEC, IAC, Theme*	*Emily Auw*
	Program	*PRC, YAC*	*Helena Wai*
	Development	*LDC, CDC*	*Winnie Tsang*

	Leadership Development Commission		*Josephine Chu*
	Membership Extension Commission		*Mariana Lau*
	Public Relations Commission		*Theresa Tang*
	Records & Recognition Commission		*Ivy Chan*
	Youth Activities Commission		*Goretti Siu*
Appointed Officers:	*Theme Manager*		*Jenny Chiu*
(No voting right)	*Ways & Means Chairman*		*Eva Lee*
	Monthly Fellowship Co-ordinator		*Janet Ho*
	Snapshots Editors		*Vanky Yip*
			Pamela Yuen
			Maureen Lai
	Star Column Co-ordinator		*Amy Fung*
	Function Co-ordinator		*Susan Chan*
	CDC Officer		*Linda Yu*
	EAC Officer		*Freda Kwong*
	IAC Officer		*Fanny Wong*
	LDC Officer		*Grace Cheng*

	PRC Officer		*Annie Pang*
	RRC Officer		*Esther Ngan*
	YAC Officer		*Cherry Sin*
	Assistant Secretary		*Connie Wong*
	Assistant Treasurer		*Belinda Cheung*

Whilst the President is ably guided and assisted by her advisory panel, consisting of the Presidential Advisor Senator Kitty Leung, Executive Assistant Joan Wong, and Administration Manager Maureen Lai, the Board is assisted by the following standing committees:

1. *Long Range Planning Committee, chaired by IPP Evanda Kwok.*
2. *Hong Kong Jayceettes Trust Fund, chaired by Senator Florence Wong, and assisted by Senator Joyce Tzang, Past President Victoria Tse, Past National Officer Amy Ma and the current President.*

All officers stayed in their respective offices throughout the year, except PRC Director Sandra Ng who resigned from her post due to heavy commitment and was replaced by Theresa Tang from 15th April 1980.

ADMINISTRATION

To give a clear understanding of how the LOM is organised and administered, all directors and officers were given a file which contained all the relevant materials for their respective term of offices.

Executive communications were issued to members from time to time on recent changes in JCI, Junior Chamber, and chapter thus ensuring quick and effective communication between the members and the board.

Precautions were taken to prevent members from being overburdened by too many projects at a time, and the appointment of the Administration Manager to solve manpower problems is a great relief to the chapter. She is also in charge of the administration of all commissions.

Past Presidents and National Officers were invited as Consultants to various commissions and this provided an additional driving force for the Board of Directors.

The above 4 issues were enacted for the first time this year.

MEETINGS

One Extraordinary General Meeting was held in February to increase the initiation (entrance) fee for new members.

Board of Directors' Meeting was held on the second Tuesday of each calendar month to discuss the progress and administration of the chapter.

Two Executive Board Meetings were held to review the activities of the chapter and the performance of the Directors.

Monthly Fellowship Gatherings for members and guests were held on the third Wednesday/Thursday of each month at Hilton Hotel. Guests speakers were invited to talk on controversial topics.

Two Commissions Directors' Meetings were held to review the programs and activities of the chapter.

Meetings of commissions are held throughout the year for the organisation of projects.

FINANCE (WAYS & MEANS)

The financial situation of the chapter is sound. Income and expenditure report were prepared monthly and the current status was always updated.

There was also a close monitor on payment of membership dues and reminders and personal contacts were made to members who have not settled their dues promptly.

The budget for the whole year was worked out and adopted by the Board of Directors.

A fund raising raffle was held in mid-June and added HK$30,000.00 to our administration and community funds.

We were also handsomely sponsored by local firms and individuals in our Toy Library project, E.N.E.R.G.Y. '80, Castle or Dump, both in form and in cash.

PROJECTS AND ACTIVITIES

I. *COMMUNITY DEVELOPMENT COMMISSION*

1. *Castle or Dump (5-6.7.80)*

   This was an exhibition to arouse the awareness of the importance of home safety and hygiene and to upgrade good living conditions. It was jointly organised with the Housing Authroity and assisted by the Royal Hong Kong Police, The Fire Services Department and the Medical and Health Department. Very good relations were established with them.

2. *Seminar on Alcoholics (October)*

   Aimed at highlighting the dangers of drinking too much.

II. *ECONOMICS AFFAIRS COMMISSION*

1. *New Trend of Investments in the '80s (19.4.80)*

   This seminar aimed at teaching members and outsiders on how to make better use of money and covered such important topics as finance and economics, securities and shares, gold investment and precious metals, commercial papers and certificates of deposits. It drew a full house attendance. The press and TV coverages were excellent.

2. *Exhibition of New Industries (October)*

   Aimed at promoting Hong Kong products and the format was in its planning stage.

III. *INTERNATIONAL AFFAIRS COMMISSION*

1. *Walk for Cambodia (13.9.80)*

   The walkaton aimed at generating relief funds for the famine stricken Cambodians and a cheque of US$3,200.00 was presented to Jaycees International during the Singapore Conference for onward transmission

to United Nation. Other sister LOMs also participated in the project through cash donations.

2. Sister Chapter Relations

There were constant exchange of newsletters and correspondence with the four sister chapters, namely Kaohsiung Jaycees (Taiwan), Yokohama Jaycees (Japan), Manila Jaycees (Philippines), and Dhonburi Jaycees (Thailand). Unfortunately, the last mentioned was temporarily dissolved in the middle of the year.

We would like to express our gratitude to National IAC Director Jaycee Ng Leung Yau who kindly acted as our Chief Representatives in the Yokohama Jaycees 30th Anniversary Celebration and presented a souvenir plaque to them on behalf of the Jayceettes.

3. Asian Pacific Lady LOM Council

This was a meeting of all the lady LOMs in Asian Pacific. During the Singapore conference, the Sampagrita Jaycees of the Philippines were accepted as a new member of the council and the chairman for 1981.

Senator Jennifer Yu was invited by the Council to deliver a speech on "Women's Role in the Jaycee Movement" during this meeting.

4. JCI Conference and Congress

Two Jayceettes attended the 1979 JCI World Congress at Gothenburg Sweden and brought back a wealth of information for the chapter.

Eight Jayceettes attended the Singapore conference and our Senator Jennifer Yu was invited to be the Parliamentarian at the Opening & Closing General Assemblies of the conference. The undersigned was also assigned by the Chamber to attend the 'Special Growth Seminar' conducted by Jaycees International.

We estimate that many Jayceettes will attend the Osaka World Congress in November this year for further individual development.

5. JCI Vice President Visit

We were the hosting chapter for JCI Supervising VP Motohira Ishikawa's visit on February 17th-21st and the function was very successful.

IV. LEADERSHIP DEVELOPMENT COMMISSION

1. Extensive Jaycee Knowledge Training Seminar (15.15.79)

Organised for 1980 officers. This course was most informative and useful.

2. *Reading Power Motivation System Course (18.1-28.3.80)*

This was a 16-hour seminar to train the Jaycees to become fast readers as all leaders should be good readers.

3. *Outdoor Activity Training Camp (28.4.-28.6.80)*

A 6-lesson course on first aid and camping techniques was held and followed by a camp to reinforce classroom studies. More than 80 persons participated and many found the orienteering, map and compass reading, backwood cooking and camp fire most interesting.

4. *Preinductions (27.2, 27.5, 28.8.)*

They were held for new members, providing basic knowledge on parliamentary procedures and the community development cycle.

5. *Management Seminar (6.9.80)*

Four controversial topcis were selected, namely finance, sales, training and personnel. The speakers were all leaders in their field.

V. *MEMBERSHIP EXTENSION COMMISSION*

This covers two aspects, extension and retention:

1. *Recruitment of new members was a year round activity as we had fixed our membership growth by 25%. Special emphasis was given on a membership drive in the first quarter in conjunction with the Toy Library press supplement at Wah Kiu Yat Pao. The result was a tremendous success and the entries sufficed the whole year's requirement. The criteria for acceptance was tightened while the induction ceremony had been made more interesting.*

2. *Orientations were held periodically to speed up the membership growth. A slide-show containing all the past and current activities of the Jayceettes was used to highlight our involvement.*

3. *A new Jayceettes' pamphlet, with photos of past projects, has been designed for distribution to interested parties and local firms.*

4. *Fact sheets and new application forms were prepared and updated to meet present day needs.*

5. *Three projects were completed by prospective members and these included:*
   Shum Chun Sight Seeing/Industrial Visit (14.6.80)
   Light & Bright for the Visually Disabled (6.7.80)
   Happy Ocean '80 (9.8.80)
   All were very well organised.

6. *Retention has been kept to less than 5%, and this has been made through:*
   Appointment of experienced members as consultants to various commissions.
   The apron tactic that bridges the gap between new and old members.
   Inviting old members as guests speakers.
   Even allocation of work to experienced Jayceettes.

VI. PUBLIC RELATIONS COMMISSION

Good publicity had been maintained both externally and internally.

External:

1. Press, TV and radio coverages for all our major community projects were both numerous and frequent throughout the year. Most of them were reported over the TV during newstime and in the number one rated RTV show 'Hong Kong Tonight' and TVB's 'Enjoy Yourself Tonight'

2. For the first time in the history of the Jayceettes, a free half page press supplement was given by Wah Kiu Yat Pao to our Toy Library project and contained a brief summary of an introduction to the Jayceettes' past and present activities. This supplement contributed a lot to the membership growth for this year.

3. We were also invited by other associations to give a special talk on Jayceettes. They were the Rotary Club of Hong Kong North and the Rotary Club of Peninsula.

4. We also entered for the 1980 International Dragon Boat Races organised by the Tourist Association in June and this was widely publicised throughout the colony.

5. Snapshots: a publication of the chapter containing news about ourselves, JCI, National and other chapters. Altogether one newsletter and two bumper issues were published and two more issues had been planned for the latter part of the year. They were distributed to local firms, sponsors and Jaycees.

6. Star Column: through our Saturday column in the Star Newspaper, we publicised the activities of Jayceettes, JCI and Junior Chamber.

Internal:

1. Monthly Fellowship Gatherings were held in the Hilton Hotel to promote good fellowship amongst members.

2. Todate three projects were completed:
   Treasure Hunt (24.2.80)
   Talent Quest (21.6.80)
   Pooside Dinner (18.8.80)

   All of them were well attended by Jaycees, Jayceettes and friends.

3. An interest group on swimming held gatherings from June to August to cultivate better relationship amongst members.

4. Two more open fellowships were planned for the fourth quarter of the year and these included a visit to the Space Museum in October and a BBQ in December.

VII. RECORDS & RECOGNITION COMMISSION

1. Internally, past and current project records were updated and these included project files, photo albums, slides, posters and tapes. Guidelines on compiling the file were despatched to members.

   Members data sheets, their participation in projects/functions and performances were also recorded and filed.

2. The criteria for internal awards were revised and the following awards would be presented at the AGM:

   a. Best Project of the Year Award
   b. Best Article of the Year Award
   c. Best Contribution to Membership Extension Award - New Award
   d. Best Attendance Award
   e. Most Outstanding Board Member Award
   f. Most Outstanding Jayceette Award
   g. Most Promising New Jayceette Award
   h. Most Outstanding Project Chairman Award

3. Award bid books were prepared for the Asian Conference, National Convention and JCI Osaka World Congress. Notes on how to prepare bid books were sent to members.

4. A JCI senatorship screening meeting was held in September to nominate candidates for this post.

VIII. YOUTH ACTIVITIES COMMISSION

1. Toy Libary (30.3.80)

   This is our second Toy Library and the first established in the New Territories. There were two categories of educational toys for children ranging from 8-14 and 15-19. This project was jointly organised with the Finnish Missionary Society at Tai Hing Christian Youth and Children's Service Centre at Tuen Mun. Since its opening, more than 200 children visited the centre daily to play with toys they had never seen in their lives.

2. Young & Old, Family as a Whole (February to October)

   It was aimed at promoting mutual understanding between the young and old and to enhance harmony in the family. The format comprised of a slogan and poster competition, a sticker and a jingle featuring the outcome of the competition and a Family Competition co-organised with Recreation and Sports Service. The response was overwhelming and the slogan and poster competition drew more than 2,000 participants.

JCI MAJOR EMPHASIS THEME

'Energy - Our Concern' is one of the major issues of the day, and our 1980 theme. As community leaders, we were actively involved in energy conservation and related fields. Hence, the E.N.E.R.G.Y '80 (Earth's Natural Energy Resources' Greatest Yield) project was implemented on 30-31st August with the objective of gathering ideas on energy resources, energy conservation and reclying of waste. School children and the public took part in the competition, exhibition and symposium which dealt with such topics as solar energy conversation - solar cells, and energy recovery from municipal solid waste. More than 25 newspapers and TV reported the function and the project was a great success.

This enabled us to increase our scope of activities for the benefit of the community and to contribute to the advancement of the global community by providing the opportunity for young people to develop the leadership skills, social responsibility and fellowship necessary to create positive changes.

CLOSING REMARKS

Once again, we are approaching the National Convention, and I would like to thank the National Officers, Chapter Presidents, and all our dear fellow Jayceettes who have helped us in the efforts they have put in during the year.

We had decided early in 1980 that more emphasis should be placed on membership growth and training to ensure that we continue to grow and flourish. This had allowed us to ask the question of whether we have actually achieved our goals and targets. Some of the answers will come in due course, with your support and co-operation.

1981 will be a challenging year for this organisation, and will offer many interesting areas and opportunities for extensive individual development. I look forward to working with all of you as an Immediate Past President in helping to create an exciting future.

YEAR PLANNING

1980 has been an ambitious year to the officers and members of our Chapter. We have planned for five projects for the year and three of them had been accomplished in the past 8 months with satisfactory results. An exceptionally good program titled "The Arts Week" is close to start at the time of writing this report. Another extremely meaningful and large scale project titled "The Exhibition of the Western N.T.'s Developments into the 80's" is under planning and because of its complexity and the huge volume of work to be involved the preparation works will continue through next year.

FINANCE

Besides the financial resource from membership dues, our good name in Yuen Long enables the Association to generate from other sources enough finance support in the form of sponsorship or proceeds from tickets for our projects.

FELLOWSHIP

Amidst hard work during the year we have various modes of fellowship gatherings for our members and they include barbecue at the house of Mr. Charles Yeung, J.P. in March, launch picnic in July, camping at Cheuk Lap Kok in August, and others.

MEMBERS' DEVELOPMENT

It is the Board of Directors' philosophy to provide opportunities of training and performing to every member. During this year, speakers were invited to give speech on different topics in monthly meetings and they include the following gentlemen:-

Mr. Ng Shek Hong - Lecturer, University of Hong Kong.
Mr. Tang Tung Kwong - President, Yuen Long Merchant Association,
Mr. Yuen Lap Fun - Manager, Hong Kong City Hall,
Mr. Chow Wai Tong, Thomas - Managing Director, Chow's Promotion Services,
Mr. G.F. Grover - Magistrate, North Kowloon Court,
Mr. Sunny Yu - NIPP, H.K. Junior Chamber of Commerce.

MEMBERSHIP EXTENSION

With warmest welcome we have received 9 new members since beginning of this year and 18 prospective members are going through orientation at the moment. Orientation gatherings were held in May and August whereby our NIPP Mr. Sunny Yu was invited as speaker. We have the Orientation Program quite effective.

In order to upgrade quality of membership, the Board of Directors have resolved that before a prospective member is converted to full member of the Association, he/she must have attended more than 2 monthly meetings consecutively, been involved in one project, and attended an interview organized by the Board of Directors.

RECORDS AND RECOGNITION

Awards will be given out during the Annual General Meeting to the most outstanding new member, the most outstanding member, the member with the highest attendance and all officers.

Celebration banquet was held for the following members for their new missions involved in the Yuen Long District:-

Mr. Tang Man Kit - Vice Chairman, Pat Heung, Yuen Long.
Mr. Paul Suen - Member, District Advisory Board, Yuen Long.
Mr. Tang Ngan Hoi - Director, Pok Oi Hospital, Yuen Long.

Top art performers for the Arts Night will include Barbara Fei and Choir, David Gwilt and Harrison Rykers, Hong Kong Ballet Association, and City Contemporary Dance Company. About 50 artists will exhibit their art works in the exhibition. Response from amateur art performers towards the Talent Quest are very favourable.

5. "The Exhibition of the Western N.T.'s Developments into the 80's"

This is another large scale project to be held in the City Hall. Planning work have been initiated since May this year and because of its complexity and the volume of work involved the actual date for the exhibition will be next year.

It will be an exhibition about the social, economical changes and enviornmental undertaking in the Western N.T. AREA OF ACTIVITIES, ACHIEVEMENTS AND FAILURES

1. Finance

The financial situation of the Chapter uptodate is net about HKD5,000.00. The Chapter started with a zero base. The major fund raising project is the Charter Night. The rest of the income is from the subscription. Funds have been allocated to finance several projects throughout the whole year. All bills are paid on time and we have never ran into any financial difficulties.

Failure in this area lies in the formulation of the beginning year budget. Since the respective Directors

1. Finance (Cont'd)

are lack of experience, it did not finalized till the later part of the year.

2. Membership Extension & Leadership Development

Our major emphasis "One-Man-One-Friend" is accomplished. Our membership has grown 100%. On the LD side, there are several projects which is aimed to develop members leadership skill which had received a favourable respomse. Orientation is conducted regularly. The Chapter does adopt a flexible system to accept members. At the same time, there are not too many large scale projects to create excitement among new and old members. Therefore, it seems to be rather quiet but nevertheless they are active.

3. International Affair

The policy adopted this year is to play a very low profile in this respect. Since we are new, we would like to have experience in other areas before really going international. The active participation in Youth Voyage truly demonstrate an intention in catching up with other LOMs in this area. Unfortunately, we did not have a delegation to the Singapore Conference. But we have decided to organize a fair size delegation to participate in the Osaka Congress in the coming November.

4. Community Development & Youth Activity

The two areas have been combined to get the maximum effort on men power. In view of our experience we can only afford to organize small scale seminar to widen our knowledge and training. With the fruitful experience, then we will go further to organize a relatively larger project.

A broad concept "Fortunate help the Unfortunate" has been developed by this commission. In future, they are trying to organize projects along this line, both in CD & YA areas.

5. Public Relations

This commission has placed an important role in the Chapter's growth. Functions were organised to enhance fellowship between members and help them accomplish their first objective in joining this organisation; which is making more friends. Public Relations is not merely fellowship within chapter, it will in future extend to other organisations both commercially and governmentally.

6. Records & Recognition

The Record & Recognition Commission was established in the middle of the year. It is now taking all possible measures to establish a comprehensive records & recognition system.

7. National

Dragon Jaycees have actively participated in natinnal projects, such as Sports Day, Training School, Receptions- We have been looking for opportunity to host one or two national projects to show our support to National. Unfortunately, we lost to other more well-established chapters, but we still actively participate to show our concern.

8. Inter-Chapter Relations

Although there are twelve chapters in Hong Kong and Dragon Jaycees is the eleventh, we have received great support from the brother and sister chapters. In view of their support and our appreciation, we respect each other and have established a mutually understanding relationship. I hope this relationship will strengthen in the years to come.

9. Publication

Our newsletter "Dragon" is published. This semi-annual official publication of ours has received many positive response and suggestions. That gave us a lot of ground to work with.

OUTLOOK

Since Dragon Jaycees is relatively new, we are not aiming to create exceptionally large scale projects. In the following two years, we are planning to consolidate our members interest to provide them with the necessary training. We are looking for a chapter size of 50-60 members. The total membership is to be active or participative members instead of inactive members.

APPRECIATION

To end my report, I would sincerely thank those who have supported Dragon Jaycees in the past year. Most of all, all the active members, my Board of Directors and National for their guidance. Without their conscienous support, the Chapter would not be prospering the way we are. I hope their efforts will still carry in the years to come to make Dragon an outstanding chapter among all chapters in Hong Kong and JCI.

"National Board of Directors will meet monthly plus one extra meeting at National Convention, opened for observers."

The motion was seconded by Kowloon.

4.9 - Proposed by the NSG
"That recommendations 4.1 to 4.8 be effective as of January 1, 1980, if adopted by the General Assembly."

The motion was seconded by Harbour.

However, with the approval of the proposer and seconder, the Chairman would like to pend the adoption of dates until further notice since specific amendments should be made in the By-Law first.

The Parliamentarian informed that the General Assembly was left with some passed resolutions adopting certain recommendations, which meant legally speaking, these recommendations were not binding on anybody, but on the other hand it should be the duties of the Executive Officers which is governed by the General Assembly, namely the National Board, to take appropriate step as soon as possible to put them effective at a date chosen by the Executive Board. In fact, the Chairman can ask the General Assembly for a motion that will enpower the Executive Committee to do the necessary preparation to effect the amendment as soon as practicable.

The current National Executive Board and Incoming National Executive Board will deal with the amended constitution from the Government Registry if it is approved.

Winson Chan	44
Eric Yung	44

Norman Choy failed to achieve the majority. He wished to stand for the second balloting.

The Chairman invited a motion to close the second balloting of the NVP position. Proposed by Island and seconded by Harbour.

Result of the second balloting:

	For	Abstain	Against
Norman Choy	40	20	19

iii) National Hon. Treasurer - Edmond Pang

	For	Abstain	Against
Edmond Pang	45	17	17

Moved by Peninsula and seconded by Jaceettes to destroy all balloting papers. Motion carried.

All of the above-mentioned candidates, namely, Major Tang, Winson Chan, Eric Yung, Norman Choy and Edmond Pang have been successfully elected.

The Chairman invited a motion to record a vote of thanks to the Nomination Committee. Moved by Peninsula and seconded by Victoria.

The Chairman then thanked the Election Scrutineers Senator Jennifer Yu and Jaycee John W.H. Chan, the Parliamentarian Y.K. Chan, NSG Vanky and the recording secretary Miranda for their help.

15) Any Other Business:

NIPP John on behalf of the Hong Kong Junior Chamber of Commerce moved a vote of thanks to NP Sonny for all the hard work and sacrifices he has made in the year 1979. This was approved by acclamation. He also moved that the 1980 administration would be given maximum support by the whole of Hong Kong Junior Chamber of Commerce in order to make it a better organization than what we have been in the past years. This was approved by acclamation.

NHT Norman moved to record a vote of thanks to William Yip for being the Hon. Auditor this year and all the valuable time and effort put into the job. Seconded by Peninsula.

The Jayceettes moved to express thanks to the National Board of 1979 for the hardwork done to make Hong Kong Junior Chamber of Commerce another year of improvement and growth. Seconded by Peninsula.

NP Sonny expressed his appreciation to the National Board of Management, Chapter executives and members of the HKJC who have cooperated in helping him to go through this year. He claimed that 1979 has been a challenging year. The Hong Kong Conference organized by the Hong Kong Jayceettes has been completed with a great success. Congratulations should be extended to Conference Directress Jennifer Yu and the Hong Kong Jayceettes. This year, the HKJC have run a very smooth administration due to the effort & support of the NOM officers to the NOM. He expressed his thanks to them. He also wished to thank Jayceette Miranda Leung for her acting as the recording secretary in the Closing General Assembly.

He also remarked that total growth would be the main theme of JCI next year, and with joint efforts, this could be achieved. For 1979, JCI had 2 emphases, i.e. total growth and children. He could say with great joy and pride that Hong Kong Jaycees had achieved both of these through joint efforts of members. In the area of total growth, HKJC had extended to 775 members which was a remarkable net increase of 39% as compared to the same period last year. The number of LOMs had also increased from 9 to 11. International relationship was enhanced by hosting of the JCI Hong Kong Conference. At least one major project was carried out by each LOM around the theme - children without duplicating the effort of each other and the number amounted to 13. This was a solid proof of the mutual understanding and cooperation that had always propelled to the progress of the HKJC. He wished that the HKJC would continue this effort next year.

Finally, he thanked his wife for her tolerance and understanding all through the year.

16) Adjournment:

Chairman and NP Sonny invited a motion to adjourn this Closing General Assembly until the National Convention of next year. Proposed by Peninsula and seconded by Harbour. Motion was carried. The meeting was subsequently closed at 5:30 p.m.

JCI PARLIAMENTARY PROCEDURE

YOUR JCI GUIDE

This is your JCI guide to parliamentary procedure. It is designed to help you with the methods through which effective meetings are conducted and by which representative decisions can be reached in Jaycee.

Parliamentary procedure is advocated for and practised by Jaycee groups throughout the world. There are many reasons for this.

Apart from the obvious advantages in leadership training and disciplined thinking which come from concise debate and clearly led discussion, the introduction of parliamentary procedure gives an object lesson in working democracy.

The advantages of parliamentary procedure include:

* Orderly meetings.
* Opportunities for all to be heard.
* Decisions by the majority.
* Protection for the minority.

There are many sets of rules or guides to effective action. Among these are Robert's Rules of Order (used by Jaycees International and most Jaycee groups). Cushing's Manual, Demeter's Manual, and the many and varied sets of rules used by legislative bodies the world over.

Each is designed to permit free discussion and free decisions. This JCI Manual on Parliamentary Procedure is generally based on Robert's Rules of Order. The manual does not attempt to give a complete picture of parliamentary procedure, nor hope to cover every situation that can come up in a meeting. It will, we hope, provide you with a good understanding of how proper meeting procedure can help your Jaycee organization in conducting its business sessions.

The important phases of meeting techniques are set forth one by one and the stated examples can be easily adapted to fit the requirements of your organization.

CONDUCTING THE MEETING

AT the exact hour named in the notice of the meeting, the presiding officer should call the meeting to order. He should determine that enough members (a quorum) are present to do business. A quorum is usually a majority (more than half) of the committee, a convention or group, unless the group provides otherwise in its rules.

For a very large group, a smaller number should be set by the by-laws or constitution, as it may be difficult to secure a necessary majority at the meeting. In no case should the meeting proceed without the quorum. This requirement is designed to insure the group that its decisions will not be made by an unrepresentative minority.

The next business should be the approval, as read or as amended by the group, of the minutes of the previous meeting. This enables those present to know what has already been done so time is not wasted in repetition.

If this is the first meeting, the presiding officer should explain the reason for the meeting and then have the group adopt a set of parliamentary rules for orderly procedure, name its temporary officers, and proceed with the business.

SPEAKING

Speaking is accomplished by obtaining the floor. One should rise and address the presiding officer. The one who should be recognized is the person who rises first after the floor has been yielded by the previous speaker. It is discourteous to raise your hand or stand while another has the floor, and such a person does not, therefore, get the right to the floor next.

If more than one person properly requests the floor when debate is on, certain rules apply: (1) The maker of motion is first even though the last to rise – in order that he can explain his motion. (2) No one gets a second chance until everyone has had one chance to speak, and (3) the chairman should try to alternate speakers among all sides of an issue.

Speaking:

. . . Is not usually in order until the presiding officer indicates who is entitled to speak. Once recognized, the speaker should first give his name, and if in a representative group, he should state whom he represents.

. . . Follows the making of a motion. If a report is presented, its reading precedes a motion. Following the motion, the reader of the report has the first opportunity to speak.

. . . Is limited – to give everyone an opportunity. The group can impose more or less restrictive rules. Robert's Rules of Order gives each person only two chances of ten minutes each.

. . . Can be stopped altogether by a motion. But this motion requires a two-thirds vote of those voting so that a bare majority cannot prevent discussion, and a minority can be heard.

THE MOTION

THE motion is the means whereby the group takes action. It is a statement of what is to be done and how it is to be accomplished. It should be carefully worded to prevent misunderstandings. The wording should clearly channel discussion to the important aspects of the proposal. The motion is made by stating, "I move that the . . . (name of group) . . . (add what is to be done, by whom, when, how financed, etc.)."

Normally, it should be seconded. This means the seconding party believes the motion should be discussed. On occasions, the purpose of a seconder is to insure that the matter is of at least sufficient interest to be presented to the group and thus prevent one man from wasting the group's time.

THE NUMBER ONE RULE: BE PREPARED

THE Leader or presiding officer should be well prepared before the meeting.

HE SHOULD:

1. Draft an agenda-a list of matters to be discussed in the order in which they will be discussed.

2. Know in advance what to expect from reports, and be sure that everyone who is going to deliver a report is well prepared.

3. Arrange for the meeting place, and be certain it is set up to enable him to see all of those present so that no one is ignored in the discussion.

The presiding officer should have outlined, at least in his own mind, if not on paper, the general direction and purpose of each item of business on the agenda. Sometimes he will expect perfunctory approval (as to the minutes of the prior meeting), and sometimes he may expect a prolonged discussion (as to a budget for the year's expenses); but he should always have an idea to guide him, even though on many occasions the meeting will differ from the plan.

Being prepared, however, will permit him to guide the group rather than permit it to drift aimlessly. Thus he may help to increase the respect of those present not only for the protection of parliamentary law and democratic processes, but also for their efficiency and practicability.

Members, too, should prepare. Those who are to make reports should know what they will say. The report should be concluded with a motion or statement on what new action should be taken.

Those who introduce something new should prepare a motion and should organize their thinking in advance so that they can adequately explain what they propose and why.

ORDER OF BUSINESS:

1. Opening of meeting.

2. Reading and approval of minutes of the previous meeting.

3. Reports of boards and standing committees.

4. Reports of special committees.

5. Special orders.*

6. Unfinished business and general orders.**

7. New business.

8. Closing of meeting.

*Special orders: Important business which the group has previously agreed to take up at this specific time.

**General orders: Matters postponed from previous meetings and set for this meeting.

It is done by merely stating, without rising, "I second the motion." If, however, the type of minutes kept by the group requires the seconder's name to appear in the record, he should stand to facilitate recognition.

Parliamentary law is designed to insure that the group considers only one motion at a time. This prevents confusion and speeds action, and it is the presiding officer's duty to remind the group constantly which action is the main problem.

However, the requirements of getting a job done and preventing a small but vociferous minority from keeping a group in session or wasting time on inconsequential matters demand that certain motions receive precedence. These have specific objectives which deserve early consideration by the group and are listed in order in the Chart on parliamentary Motions.

When these motions are made, they immediately become the pending problem of the group and must be decided first. It is important to remember that only the motion with precedence is then before the group even though any number of subsidiary, incidental, or privileged motions are, so to speak, on the floor.

Confusion will not result if the presiding officer keeps the group well informed and explains what has happened, what is happening, and what will happen next.

TYPES OF MOTIONS

The use of parliamentary forms over a period of time has resulted in the establishment of certain terminology which itself has specific parliamentary meanings. The terms often vary as to the group using them.

LAY ON THE TABLE: A motion to delay, to an indefinite time, consideration of a main motion by taking it figuratively from the floor, where action can be taken, and laying it on the table, where action can not be taken. This helps to allow more time to consider the problem, yet does not set a definite time for reconsideration.

A majority of voters who tabled the motion can later figuratively take the motion from the table (Take from Table) and put it on the floor for discussion. When this is done, the motion comes back to the floor in the same condition as it went on the table, i.e., with the same wording.

MAIN MOTION: A motion to accomplish a part of the business of a group. Examples are to adopt a project, approve a budget or report, create a committee, approve an appointment, etc. All other motions are, in a way, procedural, while the main motion gets the work done. This is true even though some other motions, like a motion to adjourn, are at times technically considered main motions.

SUBSIDIARY MOTIONS: A motion generally designed to facilitate action on a main motion – a motion subsidiary to the main motion. Examples include motions to debate, amend, refer to committee, lay on the table, etc.

INCIDENTAL MOTIONS: These motions are incidental to the consideration of business and accomplish certain parliamentary purposes. Examples are questions of order and appeal, suspension of the rules, objection to consideration of a question, etc.

PRIVILEGED MOTIONS: A motion is privileged in the sense that with it, at certain times, goes the distinction of an immediate – or at least an earlier – decision in regard to the subject matter to which it relates, rather than to the subject matter of another motion which may have been on the floor.

The Chart on Parliamentary Motions lists the privileged motions in the order of their precedence. Examples are motions to fix the time to which to adjourn, or to take a recess.

SAMPLE SITUATIONS

OPENING THE MEETING

THE presiding officer is either a designated official of an established group or, if the group is in the organizational phase, he is someone interested in the proposed group and chosen for the purpose of – at least – opening the meeting. The new group can either name a temporary chairman after the meeting is opened, or continue with its guest chairman.

The presiding officer is shown here as a chairman (CH), the Secretary as (SEC).

CH: – "Gentlemen, will you please sit down. The meeting will come to order." If an unorganized group, "The purpose of this meeting is . . ." If an organized group, "This is a meeting of . . ."

SEC:– "Mr. Chairman, ––– members are present."

CH:– "Since a quorum consists of –– members of a total membership of –––, a quorum is present and we shall proceed. Mr. Secretary, please read the minutes of the previous session." (This will obviously not be necessary if this is the group's first meeting.)

SEC: – Reads minutes of previous session or makes motion to dispense with reading if all members have been given copies prior to meeting.

CH: – "Are there any corrections or objections to the minutes as read (or as distributed)?"

If objections are raised, sometimes all present will agree to change without a formal motion. Otherwise a formal motion and vote to correct are required.

CH: – After all corrections have been decided "If there are no (further) objections the minutes are approved as read (or as distributed)."

A formal motion, second and vote to approve minutes followed by amendments to correct can also be used as proper procedure, although usually it is more cumbersome.

CH: – "The next order of business is . . . " It might be apologies or correspondence, or special announcements or . . . perhaps . . . reports.

REPORTS

CH: – "The next order of business is the report of (title) as to (subject) by (name) Mr. ––––––––––."

REPORTING PARTY: – Reads his report, or presents main points from it, and closes with a motion to act on the report as the report requests. Some examples:

"Mr. Chairman, I move this report be received and filed." No action required by the group other than to acknowledge receipt of report.

"Mr. Chairman, I move this report be approved and that the organization . . . (describe specific group action contemplated)."

"Mr. Chairman, I move this report be approved and the committee be authorized to continue its study of this subject."

"Mr. Chairman, I move this final report be received and the committee discharged with the thanks of this organization."

MOTIONS

A motion can be the result of a report or it can be made under New Business, Old Business, etc.

CH: – "–––––––– is recognized."

MAKER: – "Mr. Chairman, I move . . . (describe what the organization is to do)." Example: "I move we allocate $50 for a senatorship application for the new president."

CH: – "It has been moved that . . . (repeats motion). Is there a seconder to this motion?"

MEMBER: – "I second the motion."

CH: – "It has been moved and seconded that . . . (repeats motion). Any discussion?" If no seconder is received, the Chairman says, "The motion dies for lack of a seconder. Next order of business."

AMENDMENTS

Amendments are not always necessary, but if someone wishes to change a motion, yet not negate it, he may move the adoption of an amendment. This can be done at any time during the discussion.

MEMBER: – (After having been recognized) "Mr. Chairman, I move that we amend the main motion to (describes what changes he wishes to make in the wording of the main motion)." Example: "I move that we substitute the word 'outgoing' for the word 'new'," (thus providing the senatorship after the president has completed his term.)

CH: – "It has been moved that . . . (repeats amendment). Is there a seconder to this amendment?"

MEMBER: – "I second the amendment."

CH: – "It has been moved and seconded that we amend the main motion to . . . (repeats motion). Any discussion?"

If no seconder is received, the Chairman says, "The amendment dies for lack of a seconder. Any further discussion on the main motion?"

In discussion on the amendment, the person who moved its adoption is recognized first, if he desires the opportunity to speak. The chairman should limit the discussion to the question of adoption or rejection of the amendment and not to the whole question proposed by the main motion.

The amendment can be further amended, and more amendments can be offered, but at any one time only the main motion, the amendment, or the amendment to the amendment, can be on the floor.

VOTING

After discussion has been completed, a vote should be taken. First a vote is taken on the amendment to the amendment (if any); then the vote is taken on the amendment (as either amended or as originally presented, depending on the previous vote); and finally on the main motion (as either amended or as presented depending on the previous votes).

CH: – "A vote will now be taken on the motion that . . . " (repeats amendment). The Chairman should explain the effect of the adoption or rejection of the amendment on the main question and advise the members of the effect of a "yes" or "no" vote.

CH: – "All in favor, please rise, (or say yes)." Such is done. "All opposed, please rise, (or say no)." Such is done.

"The amendment is adopted (or defeated) by a vote of ———— to ————." (If tally is made).

"The motion now before the group is . . . (repeats main motion as amended if amendment passed). Is there any further discussion?"

Discussion is permitted on the main motion after the vote on the amendment. After the discussion is closed, he then says, "There being no further discussion, we will vote on the main motion that . . . " (repeats main motion as amended, if such is the case, with a short statement as to the effect of a "yes" or "no" vote). "All in favor, please rise, (or say yes)." Such is done.

"All opposed, please rise, (or say no)." Such is done.

"The main motion is adopted (or defeated) by a vote ——— to ———." (If tally is made).

Some people have always admired the pinpoint precision and multiple functions of a quartz digital watch, but just haven't got used to telling time without hands. For these people, and for anyone who loves a beautiful, functional watch, Citizen announces the ANA-DIGI, the quartz watch that puts a familiar face on digital features. Classic in appearance, multifunctional, easy to operate.

Dual time keeps track of time in one other world time zone. Digital display shows hour, minute, second, month, day and date. Alarm, chime and chronograph functions. Countdown timer with a memory that resets it automatically for any interval you want.

Simplified time adjustment
Pull out center crown once for digital display, twice for analog.

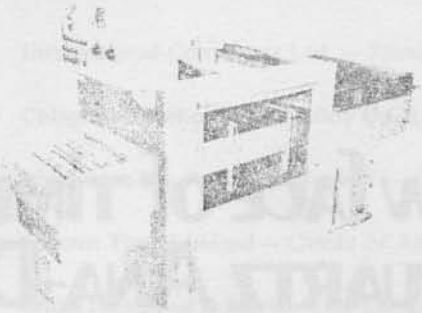

THE NEW FACE OF TIME. CITIZEN QUARTZ ANA-DIGI.
