MESSAGE FROM NATIONAL PRESIDENT

Welcome to the 30th National Convention of our organization. This year is the 45th of our services to the community of Hong Kong. With the slogan of "Deliver the values, Make a difference" We have been making good progress of our work in the first eight months and continue to contribute to the betterment of our community.

We have chosen "Technology 2000 - Evolution and Revolution"` as the theme of this National Convention. It is no doubt that technology development drives the advancement of global community. As a young leadership development organization, it is important for our members to understand the technology changes and how it impacts on our life in future. I am sure that the theme seminar of this convention will provide good insight to all the delegates in anticipating the future technology development which enhance their skills in creating positive changes for the community.

Taking this opportunity, I wish to thank our Guest of Honour Major General B. H. Dutton C. B. E., Commander British Forces, Hong Kong, and our distinguished speakers of the theme seminar for their support in this National Convention.

Also I have to extend my heartfelt appreciation to the Convention Director Andy Yuen and members of the hosting chapter Harbour Jaycees.

Raymond Yu
National President

MESSAGE FROM GUEST OF HONOUR

Hong Kong is known throughout the world for its vitality and the entrepreneurial skills of its population. It is the home of the 'can-do' spirit. That spirit now resides in the young, well-educated men and woman of this Territory who, from my own observation, are no less energetic than their forebears.

That approach to life is epitomised by the Junior Chamber of Commerce and I am delighted to have the opportunity to identify with it as your Guest of Honour for your 30th National Convention. You have a key role to play in the future prosperity and stability of Hong Kong as it approaches a momentous period in its history.

I am sure you will meet that challenge. You have one major advantage over previous generations in an ever more competitive world - technology and an awareness of what it can do for you. Your theme, "Technology 2000 - Evolution - Revolution", could not be more timely or appropriate and I wish you every sucess with your Conference and for the future.

Major General Bryan Dutton C. B. E.
Commander British Forces Hong Kong

MESSAGE FROM JCI WORLD PRESIDENT

As the 50th President of Junior Chamber International, an ever-growing organization, it is my great pleasure and honor to extend my warmest message of greetings to President Raymond Yu and the members of Hong Kong Junior Chamber of Commerce on the occasion of their National Convention.

We have just celebrated 50 years of service to our local communities and to people worldwide. What wonderful changes we have seen in our world in the past few years - welcoming new countries from Eastern Europe into our beloved organization, while witnessing a wall that once divided a nation come down. May we continue to grow in our kindness and charity to other countries and see true harmony everywhere. There are still so many horizons to be explored.

As we embark on our next 50 years, my presidential emphasis is to stay One Step Ahead in all our endeavors. It is important that we remain One Step Ahead in service to our communities, training, planning, communications, marketing, growth and development, and community projects. We must anticipate needs, seek solutions, and endeavor to excel in all our projects.

It is essential that we remain One Step Ahead in 1995, working together to remind the world of the importance of maintaining a healthy environment, restoring economic development, and ensuring the future of children.

Best wishes for a most successful National Convention!

David Hide Oji
JCI World President

History of
The Hong Kong Junior Chamber of Commerce

The Jaycees Movement reached Hong Kong in 1949, when a Philippine Jaycee John Ng who was the Special Liaison Officer of the JCI 5th Congress and was charge with the mission of converting Hong Kong to Jayceeism arrived in November. Through the introduction of his cousin, Mr. Alex Ng, a Jaycee Senator still, Mr. John Ng was presented to Rev. E. Bourke, former Director of Wah Yan College, Hong Kong. A meeting was then arranged for him to meet a group of young businessmen. During the meeting, Mr. John Ng's explanation of the aim and purpose of the Jaycee movement succeeded in firing the imagination of his audience. Eight days later, sponsor group of Hong Kong Junior Chamber of Commerce was formed and Mr. Paul Lim was elected as convener of the Organising Committee, Mr. Austin Coates from Hong Kong Government, then as Assistant Colonial Secretary of Hong Kong, was assigned to serve as Advisor to the Organizing Committee.

The tempo of laying the foundation of the Chamber was further stepped up when Mr. Ramon V. He also invited the Organizing Committee to send observers to Manila to attend the JCI 5th Congress. The Chapter places great emphasis on leaderhship training and self actualization through organizing community dedicated projects as well as establishing sisterhood pact with overseas Jaycees chapters to reach international harmony. In her short history, Ocean Jaycees has organized many successful community projects, the more recent of which include "Civic Education on Hong Kong Legal System" in 1990, "Small Business Seminar and Training Progam for the Physically Handicapped Persons" in 1992, "Seminar on Human Rights of Hong Kong" and "Battered Wives Concern and Awareness Seminar" in 1993, and "The Children We Care, The Cakes We Share" in 1994.

Known for its innovative fund-raising ideas, Ocean Jaycees won the "Most Outstanding Fund-raising Project of the World" Award in 1993 and the "Most Outstanding Fund-raising Project of Asia-Pacific" in 1994.

Shatin Jaycees **President: Victor Cheung**

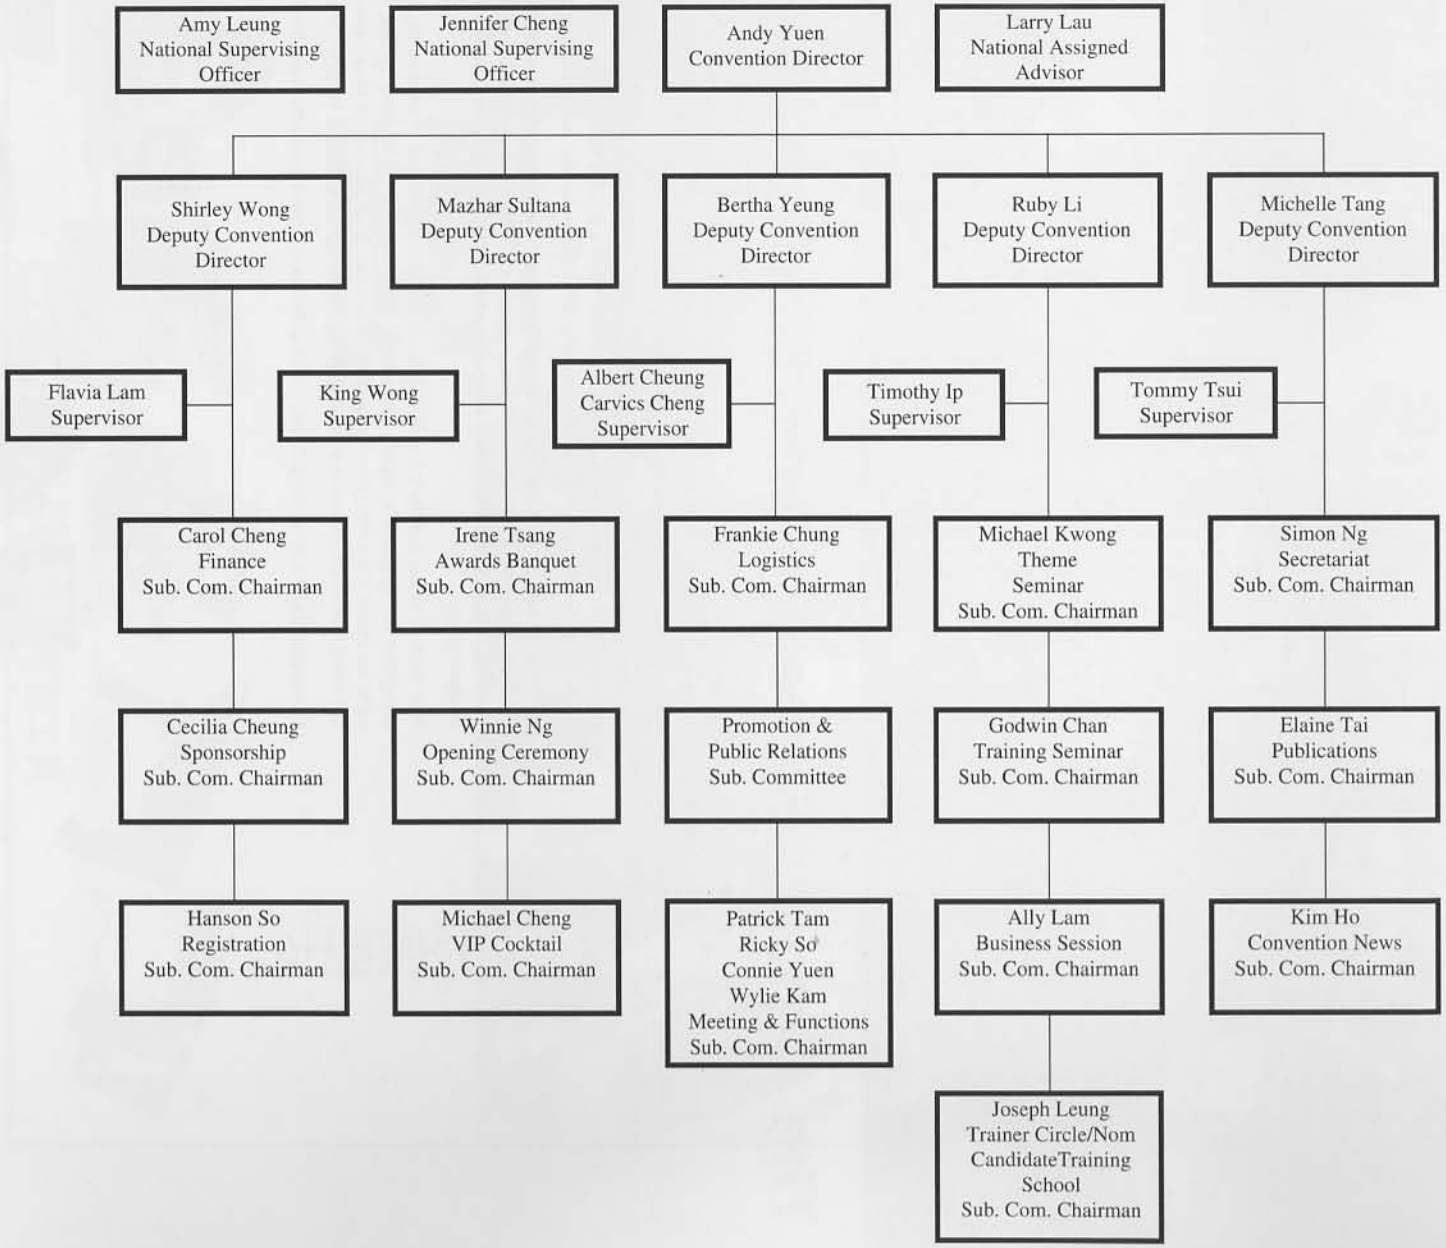

Shatin Jaycees is one of the newest chapters affiliated to the Hong Kong Junior Chamber of Commerce. Though with a relatively short history of 6 years, the Chapter has established close connections with the local community.

Shatin Jaycees has executed many projects in line with the Jaycee theme and objectives. In 1994, the Chapter has further strengthened its relationship with the Shatin community by organizing projects such as the "Cheung Muk Tau Elderly Vacation Centre Day Camp" and "Rights of the Elderly Day", targetted at the elderly citizens in Shatin. During the year, the Chapter also participated in the Shatin Dragon Boat Competition and organized the "Modern Business Strategies" economic affairs seminar.

Apex Junior Chamber **President: Tony Chan**

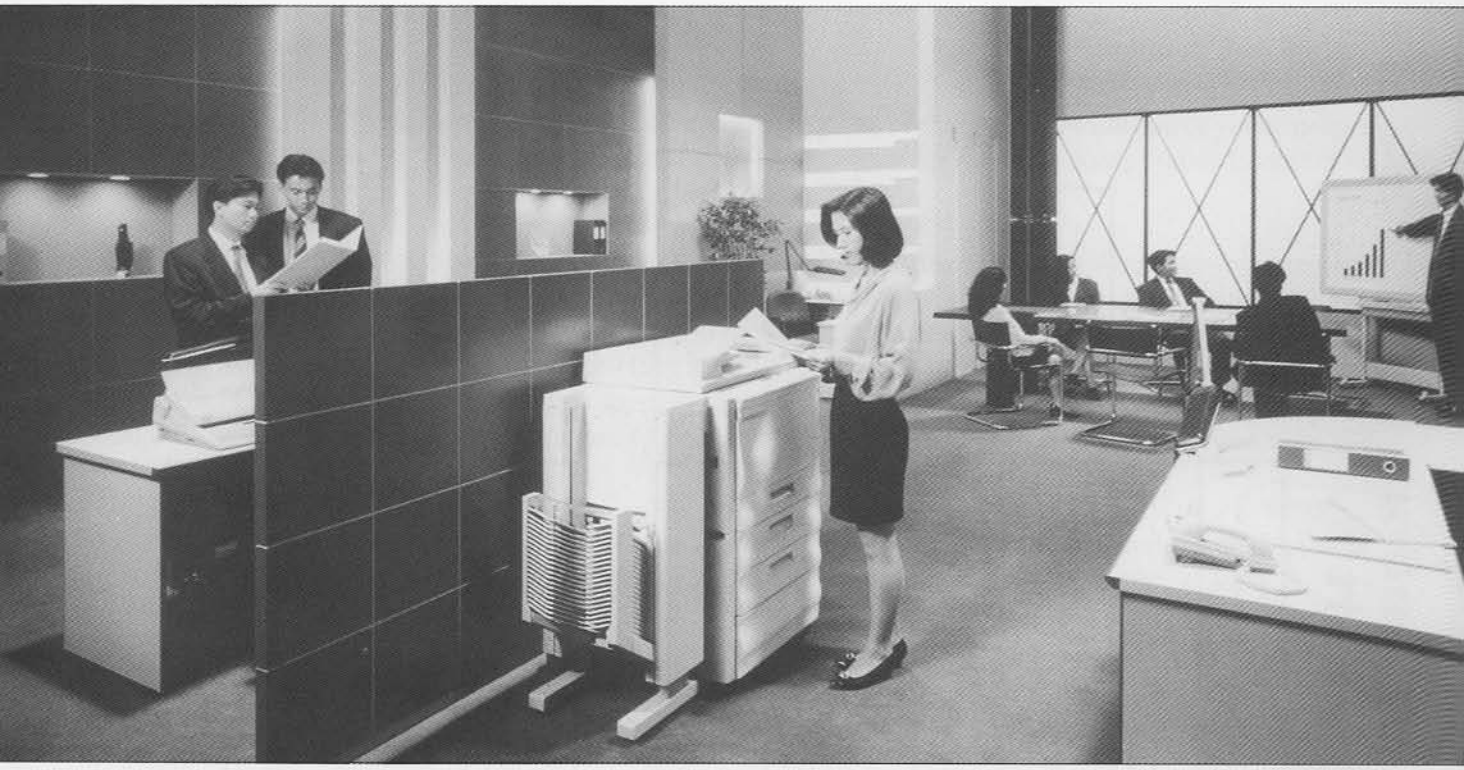

Founded in January 1994, Apex Junior Chamber is the provisional chapter of the Hong Kong Junior Chamber of Commerce and will be, upon formal admission, the eighteenth local chapter of the HKJCC. Apex Junior Chamber is a mixed Chinese chapter targetting to use Putonghua as its official language in two years. A total of twelve comprehensive and high quality leaderhsip development projects have been organized this year to prepare members to serve the organization and the community. Besides, Apex Junior Chamber will launch the annual community development project "Driving Courtesy Campaign" in late 1994 to arouse public awareness on the importance of driving courtesy and to encourage drivers to operate their vehicles patiently and politely.

The Driving Force Behind Modern Offices

Human beings are brilliant. Thousands of years ago, they had already mastered the use of different tools to assist their work. And since then they have never stopped innovating, improving their tools and their ability to continue driving forward.

Panasonic understands the importance of constant innovation to create new devices that help us work better. Over the years, Panasonic has been a driving force in the commercial field, introducing so many innovative office automation and telecommunications products.

So many, in fact, that Panasonic now supplies one of the widest ranges of OA and telecoms products, including facsimiles, printers, telephone systems, copiers, electronic typewriters, electronic print boards, Panaentry, and paper shredders ... satisfying virtually every need of the modern office.

And each of these quality OA and telecommunications products is backed by the extensive resources of Panasonic's agent, Shun Hing Technology Co., Ltd., and by the expert after-sales service of Shun Hing Electric Service Centre Ltd. Both companies have been awarded the ISO 9002 Certificate for service excellence by the Hong Kong Quality Assurance Agency.

Your Images Can Perform Like Never Before With The KODAK Pro Photo CD System

Photo CD technology from Kodak is nothing less than this century's greatest innovation in photography. Already, it's bringing sweeping change and progress to a multitude of industries and professions.

The reason is simple. Traditional silver halide film is the optimal medium for *capturing* an image...but as long as the image *remains* on film, the applications are limited. However, once that image is digitized using the KODAK Pro Photo CD System, and stored as a "digital negative" on a KODAK Photo CD disc, a myriad of new applications unfold.

Professional photographers can output unlimited hard copy prints or transparencies at a quality level identical to that of the original scan. They can also create on-disc portfolios of their work.

High-end and desktop publishers of photographic images can use ultra-high-resolution KODAK Photo CD scans as an economical alternative to drum scans.

News publications and press agencies can transmit digitized images around the world via telecommunications systems—making them available for publication almost instantly!

Schools and universities can create educational multimedia presentations on disc, to provide students with fully interactive, self-paced learning experiences.

Museums can rely on KODAK Photo CD for high-volume archiving of photo records of their holdings. KODAK Photo CD kiosks can let patrons view works not currently displayed, plus, museums can share their collections with each other on KODAK Photo CD.

Business and industry can use KODAK Photo CD for on-disc sales presentations, trade show displays, training, and many other applications.

Advertising agencies can use photo CD technology to incorporate images directly into page layouts. Images can also be manipulated and enhanced in-house, then provided on disc as direct input to prepress.

These are just a few examples of how photo CD technology from Kodak is driving the digital revolution. Put it to work for you...and watch your images come to life in exciting new ways!
