# MESSAGE FROM GUEST OF HONOUR

Twenty years ago, a small group of young men decided to form their own Jaycee chapter, and named it Island Jaycees.

As it is so typical of Hong Kong where hardwork and enterprise are rewarded, the Island Jaycees never looked back and has grown from strength to strength. We have every reason to wish them continued success on their 20th Anniversary which represents two decades of service to the community, coupled with a splendid track record of leadership training.

I am greatly honoured to have this opportunity of being associated with the Island Jaycees on their 20th Anniversary.

# MESSAGE FROM ISLAND JAYCEES PRESIDENT

It is indeed my great pleasure and honour to welcome you to attend our 20th Anniversary Ball.

Inherit the superior quality from our predecessors, members are trying with utmost effort to acquire even better through participation to projects and activities organised towards whereas the community needs.

This year we have organised a series of projects to serve the need of the community and to provide training opportunities for members, and at the same time to commemorate the chapter's 20th anniversary. A large scale project, which consists of 3 contests, a seminar, 2 exhibitions and an award banquet, is under execution and can be finalised before the end of the year. The scope of the project is to capture socio-economic changes experienced in Hong Kong during the past years and to project the possible changes in the coming years. The objectives are to reinforce concept of "Harmony and Effort"; to cultivate and promote "Sense of Belonging" among public and to encourage youngsters to understand, foster and actively participate to community services so as eventually key to the stability and prosperity of Hong Kong. Another project named as "Baby and Career" is aimed to point out with the facts of what are the needs and difficulties faced by working woman in respect of baby first or career first. The survey received tremendous response and the report will be disclosed to the general public after summarizing all the datas. This year being the 4th time in organising the "Toys for children with Love" which received vigorous response and recognition from the public resulting in raising a fund of over HK$34,000.00. This sum was donated to ten carefully selected local charity organisations and centres whose services are mainly concerned with mentally handicapped disables.

Although all projects carried out under the banner of Island Jaycees, they are scheduled to be self-financed and to provide maximum training opportunities for all members to develop leadership skills, social responsibility and fellowship necessary to create positive change for our community.

Thanks to all the members of the Board of Directors, advisors and all the members for their hard working, participation, and understanding throughout the year. I would also like to thank all the other chapters, individuals, sponsors and other organisations who have given us supports towards the betterment of our chapter and the community as a whole.

Thank you and ramain,

Brian C. S. Soo

**Moncef Barouni**

Congratulation to the officers and members of all the Jaycees of Hong Kong on the occasion of the Island Jaycees' 20th Anniversary Ball. Special thanks to all the Jaycees who have served during the past years, for without their dedication and commitment we may not be able to celebrate today.

As you set your sights towards the future, I urge you to open up your minds to new ideas. MESSAGE OF GREETING TO THE ISLAND JAYCEES, HONG KONG

It is a great pleasure forme to extend my warmest greetings to all the Jaycees in Your chapter, Island Jaycees, on the occasion of your 20th anniversary ball.

Working for a better future is one of our essential tasks. The world can never be so good that it can not be improved. But every chapter, every NOM must create it's own ways of working. There is no prepared format that can be used all over the world. I am sure You have managed to carry out programs that are the best for Your community, the best for Your part of the world. We must always be aware of what is the best way of contributing to the development — we have to lissen to our individuals and to people outside our organization, and we have to see that a continuous discussion is going on about our future ways of working.

I am certain that You are playing a very important role — continue with it, and You are contributing to the worldwide development. We are working for a better future — a better future for our children to live in.

Sincerely Yours

Berndt von Veh

I, and on behalf of the National Board, send our warmest greetings to the Island Jaycees on the occasion of their 20th Anniversary Celebration.

Any anniversary is an important event to a Jaycee Chapter and this being the 20th is even more so. For members, young and old will have the chance of reviewing the hard work and achievements of the Chapter over the years, and at the same time, give them the inspiration to contribute more towards the long term well being of the Chapter.

With the very sound groundwork laid down by the President Brian Soo and his predecessors, I am sure the Island Jaycees will achieve a lot more towards their goal of developing their own members as well as serving the community.

I wish all Island Jaycees and guests to this Ball an enjoyable and memorable evening.

Ng Leung-Yau
National President

# MESSAGE FROM NATIONAL VICE PRESIDENT

"Who's the gentleman escorting the Jayceettes at most functions?"
"Peter Ong, the Islander!"
"Who's the candidate running for the post of National President?"
"Gary Wong, the Islander!"
"Who's the JCI officer presenting the Best Fund Raising Project Award to LOM?"
"Alex Tzang, the Islander!"
"Who's hosting the Pop-Folk Concert?"
"The Islanders!"

These were the few questions raised by or to me when I was a baby Jayceette in the late 1981. The word 'Islander' was so often heard then that I was prompted by my curiosity to explore into facts about them. Having spent some time nosing around, I came to know the origin and stories about the Islanders. It was until after my brief encounter with some of them that I knew 'Islander' was but a name members of the Island Jaycees called themselves. Their name was popular, but the gentlemen were not celebrities except they had a flair for glamour and victory.

Stories of the Islanders continued to spread although they maintained a low profile in the next few years. Those whom I knew had, for some reasons, disappeared from the scene until 1985 when I ran into one of their Past President Patrick Cheung who shared many of the glorious memories of the Island Jaycees with me as he supervised the Hong Kong Jayceettes in the capacity of National Vice President. Our working relationship effected a closer tie between myself and members of the Island Jaycees to an extent that I was able to find new words to describe the Islanders at the end of the year, i.e. 'Pioneers, tough-fighters, diplomats'

When it came to my turn to serve as a National Officer, I was flattered to be asked by President Brian to act as their supervising officer. I accepted the offer with pride and fear. While it is a privilege to have an opportunity to work with the Islanders, it also poses a problem in befriending this group of unique individuals who enjoy autonomy more than anything else in the world. I took a little time in adjusting to this new acquaintance and was glad that the experience proved quite pleasant so far.

Having been with the Islanders for ten months, my enjoyment as their supervising officer grows and it is overwhelming to witness happy reunions of their seniors and juniors on many occasions such as this 20th Anniversary Celebration. This number '20' carries a lot of weight and meaning for all members of the Island Jaycees who have, in one way or another, contributed to the development of LOM. As a third party, I share your thrill of celebrating your 20th birthday and wish you all the best!

# MESSAGE FROM ISLAND JAYCEES PAST PRESIDENTS

On the occasion of Island Jaycees' 20th Anniversary this year, I want to congratulate you and your Board of Directors for leading the Chapter into a new era.

Since joining the Island Jaycees many years ago, I have involved myself in many activities and projects. Through participation and involvement in all these, I have been able to train myself to be a better person and I have made many friends. I must admit that my life is much enriched. I am happy for the experiences I obtained and the acquaintances I made. They will be very valuable and will also be long-remembered.

Again, may I wish the Island Jaycees many more 20-years celebrations in the future years.

Yours sincerely,

Senator Dennis Yeung
Island Jaycees
President-1970

The 20th Anniversary of the Island Jaycees is a stepping stone for the future. The Island Jaycees had in the past completed numerous valuable community projects which benefited Hong Kong at large. It also enjoyed good fellowship throughout the years, it produced many outstanding leaders in the local community as well is in the International Jaycees circle. I wish the Island Jaycees will have continue success and my congratulation to the 20th Anniversary.

Senator Paul Yin
Island Jaycees
President-1971
National President, 1976

It seems hard to believe that Island Jaycees is already twenty years old! Equally hard to believe would be the number of projects this Jaycee chapter has conducted, the number of lives of young people it has touched and the kind of under-publicized contribution it has made to this community.

Island Jaycees has emerged from a "playboy" chapter — so labelled because of the joyful manner its members accept tasks and challenges, to a chapter who dares to accept difficult undertakings and to conquer hardships. Apart from sending you my best wishes for a happy 20th birthday and many happy returns, let me share this with you:

"Many admire greatness but dare not to be great! A true Jaycee challenges the summit and denies that sky is the limit!"

Senator Alex Tzang
1973 President Island Jaycees
National President, 1974

It has been fifteen years since I was first introduced to Island Jaycees in 1971. In the five years that followed, I thought I had given a lot of my time to, and made great efforts for, the Jaycees movement in Hong Kong and had a lot of un. On looking back now, I thought I gained tremendously from these activities, much more than what I had contributed. I am sure my contemporaries will endorse my statement as they too have benefited, in varying degrees proportional to their inputs, from the unique training ground set by this leadership training organisation.

Over the past twenty years, the Island Jaycees has gone through many cycles of ups and downs but I thought it was these ups and downs which gave the added challenge to the Islanders. This was true in the past, and must be so in the future. The important thing, I believe, is to keep on getting new blood to this young men's organisation, getting the best out of them in a few years and then moving them on after a maximum of five years.

Senator John C. Chan
Island Jaycees, President 1974

Congratulations on the 20th Anniversary of Island Jaycees. It is encouraging to witness the expansion of Jaycees in Hong Kong, which allows more opportunities for the young people to be self-developed by serving the community. I personally would like to see Island Jaycees achieve the leading position of Jaycee movement in Hong Kong.

Senator W.K. Lam
President, 1975 Island Jaycees

20th year is a remarkable year —
but Island is not satisfied,
still looking futher successfully.
So Islanders, join together & fight forever.

Valen Chan
Island Jaycees President-1976

Twenty years have been passed

In 1977, you gave me the opportunity to lead our great organization.

My slogan was "Ask not what you can get from Island, ask what you can give to Island, and support me, support Island"

As an Islander won't miss any chance to express himself, I would like to take this chance to thank all members and officers of 1977 most sincerely for hardwork and understanding in completing so many tasks promoting our image to the community.

During 1977, numerous projects have been undertaken by our chapter for the benefit of members and community.

I wish each of you a most enjoyable Anniversary Celebration.

Senator Y.S. Lok
President of Island Jaycees 1977
National Hon. Treasurer, 1978

I am confident that President Brian Soo's able leadership will carry on the fine tradition, and guide the Chapter to complete another successful year.

With best wishes and regards.

Senator Eric W.W. Yung
President Island Jaycees-1979.
National Vice Presdient, HKJC-1980.

It has been 5 years since we last celebrated our anniversary.

During these 5 years, there are again many meaningful and prominent projects launched for the community services. My congratulation to all members who dedicate themselves to blossom the spirit of Jayceesm and uphold the good name of this Chapter.

On this occasion of his 20th Anniversary, I wish the Chapter glorious as ever.

GARY WONG
Island Jaycees President-1980.
National Vice President, 1981

While developing ourselves and serving the community, Island Jaycees has always kept to the tradition to challenge each other, yet with an united front as a chapter to protect its interest and dignity. Keep it up!

Victor Wong
Island Jaycees
President 1981

Now that the Island Jaycees are twenty years old, I believe they will certainly take this golden opportunity to review their past performance and emback on even more meaningful projects.

Ho Tak Sang
Island Jaycees President-1982

Let us imagine a young man of 20 years old. He is energetic, keen to learn and is full of hope. Yet he may have experienced many up and downs, no matter at school, during examination or in his love affairs. And from these experience, he is well-trained.

Same as Island Jaycees, we have experienced much glorious and sad times. We do enjoy our fruitful result after a hard time and only by this way can we train up ourselves.

Island Jaycees are described in many JC bulletins as a group of young dynamic leaders and I take the opportunity during this 20th Anniversary in conveying my warmest regards and best wishes to all Island members and don't forget "BE ALWAYS DYNAMIC"

William S.Y. LEUNG
President of Island Jaycees
1983

How time flies! Island Jaycees has stepped into its 20th birthday. It seems like yesterday that I was the chairman of the celebration and now we are celebrating our 20th anniversary.

Over the past years, Island has experienced a lot of changes and has been full of ups & downs. It is encouraging to note that members have been actively involving in projects and striving hard for acheivements. Whereas the scenario of having new members to join in and drop out within a relative short period of time is not uncommon.

Despite of all these changes, I still have the strong believe that the spirit of humanity and the tradition of group-minded leadership that have instilled in all Islanders will live on forever. Lastly, let me join in to congratulate this commemorative occasion and wish Island have a prosperous future in the many years ahead.

Senator Patrick Cheung
President of Island Jaycees — 1984
National Vice President, 1985

Twenty years can a child grow up and be mature, so is the Island Jaycees. During the past years, we shared our glories and we struggled at our hard time all together. Our spiritual peculiarity made us one of the most outstanding chapter among the Hong Kong Jaycees.

The twentieth anniversary of Island Jaycees marks another start of brilliant and prosperity future, and I have the confidence that under the capable leadership of our President, the board of directors and all the devotional Islanders, we will achieve all our goals.

Clement Chong
Immediate Past President
Island Jaycees

# ISLAND JAYCEES — A CREATIVE AND DYNAMIC ORGANISATION

Brief History:—

Established in 1966, Island Jaycees has always been one of the active chapters of the Hong Kong Junior Chamber. Island Jaycees has pioneered many large scale projects in various spheres of commission activities towards the betterment of community of Hong Kong and towards the elevation of knowledge and experience of members. In 1974 Island built the first Solar Heating System in Wu Kai Sha Youth Centre. This project has brought an Award of Excellence — the 'Scotland Aberdeen Award' at Oakland JCI Congress — to the Hong Kong Jaycees, the first ever won at an international level. In 1974 and 1975, the musical event — 'Pop/Folk' won tremendous success in providing entertainment in the form of pop and folk songs to some 20,000 youths and adults at the Hong Kong Government Stadium. Apart from the great publicity received and extensive involvement of members throughout the project, it has raised funds which was sufficient to support our community projects for the whole year. Since then this project has become an annual fund-raising project. In 1976, the launching of the Youth Congress of Hong Kong has given an unique opportunity to students to voice themselves on social problems. The Congress has gained concrete supports from Education Department, teachers, educationists and higher forms students.

The Neighbourhood Development Campaign in 1975 and 1976 have aroused the public, in particular the Kai fongs, to keep eyes on their surroundings and the need to promote neighbourhood friendship.

The construction of the Venture Park for the St. Christopher's Home has provided the under-privileged children and orphans a recreational physical & intellectual training playground, this project was first taken place in 1977 and it was followed by an maintenance program in 1978. In 1977 and 1978, the 'Young Executive Convention' did successfully offer a great deal of training and experience in the business and management fields. The Pop/Folk '76, '77, '79, '80 & '81, a woodstock music festival of Hong Kong, has brought pride and courage to the chapter. It symbolises the creativity and dynamism of the Islanders.

In the year 1978, there were even more tasks completed, the projects accomplished including the "Two-Week Programme for Youth Workers & Families" which produced a nearly three month duration of recreation and cultural education to the workers and their kin; the "1978 Hong Kong Model Teenagers Selction" gave much recognition and encouragement to the teens of 13-19 years old; the "Job Opportunities for the Deaf" had made good appeal and introduction for the deaf sector; and the "Education Survey on Selected Rural Countryside" studied into the needs of country education.

In 1979, Island sent a party of delgates to visit our sister chapter, Taipei Jaycees, in exchanging views and ideas on projects. During our visit, Taipei Jaycees sponsored us a project on promotion of children's literature in Hong Kong. We also held a series of seminars on various aspects. In Summer of 1979, Island launched a large scale community project 'Lantau Health Care Project' which was a 3-day project held at Mui Wo, Lantau Island — an outlying island of Hong Kong. This project was carried out in a form of exhibition, film show, free medical check-up, free medical counselling and consultation, dental care and educational seminars for the eight villages' residents on the island. In assisting us to carry out the medical check-up was a team of doctors, dentists, pharmacists and nurses. Later in the year, there was a theme project — 'Toys from Children with Love' which has brought love to share amongst 20,000 to 30,000 children. This project had won a JCI Presidential Honour Award for Programs.

In 1980, the prevailing energy crisis has prompted Island to organise a label design competition on energy conservation for tomorrow. The aims are to provide the youths an opportunity to develop their artistic & creative potentials and, at the same time, educate the public the awareness of energy conservation.

In 1981, the 'Talents Unlimited Game Contest' aiming to promote mutual understandings between disabled persons and abled bodies has unprecedentedly managed to set up a scholarship fund in the name of 'Shell/Island Jaycees Scholarship for the disabled students' and in years thereafter 10 disabled students would be nominated to receive the scholarship during the yearly award presentation ceremony. In the same year, the YA project, 'Youth Conference of Hong Kong '81' was successfully organised during which series of seminars and meetings were held to discuss and exchange views on topics surrounding the problems facing by young people. Useful opinions and comments delivered in the conference were recorded and complied into a report and which have been distributed to parties concerned for reference.

In 1982 and 1983, Island can be said to be a bit dormant and showed signs of languish. However, in 1984, the organisation began to regain its strength and returned to its resurgent spirit as before. In that year, a Sisterhood pact was signed with Bukit Mertajam Jaycees of Malaysia. Futhermore, the Computer Education: Education, Seminar and Software Contest 1984 was held to illustrate its application in teaching and learning apart from commercial usages and has gained good response from school students in particular, the software contest. Coupled with this is the 'Fight Youth Crime Campaign 1984' which attempted to probe the problem of drug abuse and triad activities looming in schools.

Coming to 1985 & 1986, with more new members joining the chapter, the Board have been able to diversify its human resources to cater more qualitative projects. In 1986, while celebrating the 20th anniversary, the chapter is organising a 'Hong Kong 20 years Economy' project with a view of reviewing significant changes taken place in Hong Kong over the past 20 years. Through this occasion, the chapter anticipates to promote and cultivate a sense of belongings among the public, to encourage young people to be more active in particpating community oriented services and most important of all, to develop the true spirit of Jaycees among the Jaycees circle.

After all, with the positive attitude of all members for better leadership skills through community activities, and for furthering individual personality through community involvement, Island Jaycees is always one of the best chapter of the Hong Kong Junior Chamber, as well as the Jaycees International.

# VOTE OF THANKS FROM BALL CHAIRMAN

I am delighted to chair this function to celebrate the 20th anniversary of Island.

When the chairmanship was granted to me several months ago, I was a bit uncertain of what to do next as I do not have any similar experience before in my whole life.

Besides cheerful moment, difficult situations did appear from time to time along the progress of the organizing committee. Nevertheless, I am happy to see so many fellow Islanders come forward rendering their assistance and advice. Certainly without the unfailing support from my team of devoted members in the organizing committee, our project could not be duly completed or achieved the present success.

Seeing the completion of the project, I find myself so satisified as if graduating from an advance training course.

As from past practice, our chapter celebrates once every five years. Guess who will be the lucky ones to have the opportunity to organize our 25th anniversary in 1991?
