MOTTAINAI MOVEMENT 1995
JUNIOR GLOBAL CITIZENS
DEVELOPMENT PROGRAM

1. Background

At the Hong Kong World Congress in November of 1993, the Global Mottainai Movement was approved as a JCI-endorsed program to implement the JCI Major Emphasis Theme (MET) "The Age of Global Citizenship". This Theme spread throughout the world during 1994 with The spirit of Mottainai, to cherish and make full use of everything.

In developing this movement, it is important to realize the Global Mottainai Movement concerns not only environmental issues. It can also be linked to another sub-theme of the MET, "The Future of Children" and "Economic Development."

2. The Concept of the "Junior Global Citizens" Development Program

Children are valuable as a kind of "treasure".
Children represent unlimited potential and possibilities. If we could not let children develop these possibilities, then that will be indeed very mottainai.

We should take action so they can utilize and develop their abilities. We should change circumstances so children can inherit a world that is safe and pleasant to live in, free from want. The Future of Children also means "The Future of The Earth".

3. The Future of Children Photo Contest

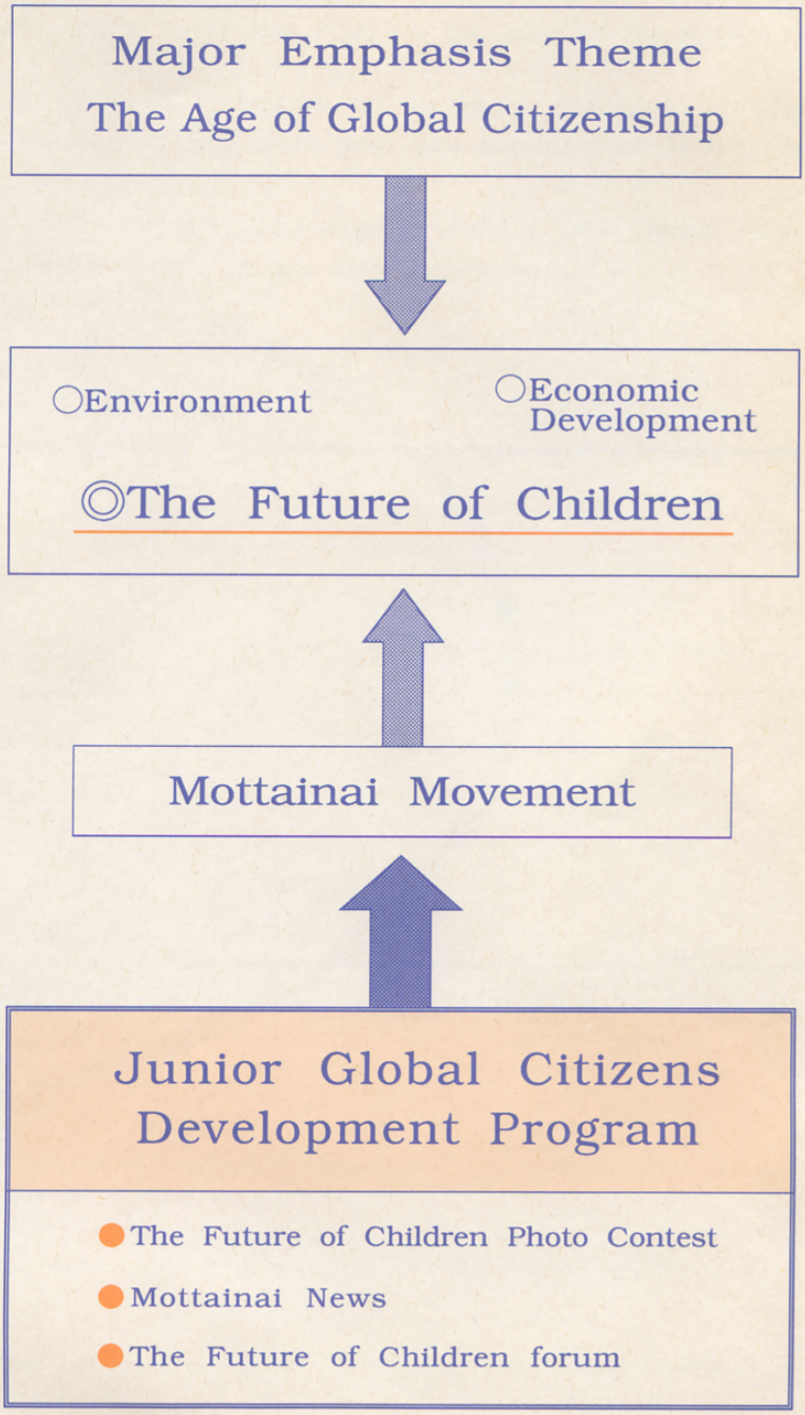

It is time we think about The Future of Children, one of the sub-themes of the JCI MET, "The Age of Global Citizenship", and take practical action towards this goal.

To participate is the best way for you to understand and promote this concept all over the world. But you might ask : "What can I do ? "

First, you can plan a project for developing Junior Global Citizens, or find a project already being conducted which fits with this theme and participate in that. Then take photographs of the young people participating in the project and send them to your JC NOM Secretariat.

We will collect the photos from around the world and hold a photo contest at the 1995 JCI Glasgow World Congress, where we will all be able to feel closer as global citizens.

THE FUTURE OF CHILDREN PHOTO CONTEST

HOW TO SUBMIT YOUR PHOTO CONTEST ENTRY

1) Plan a project at LOM or NOM level with the objective of developing junior global citizens. If a project is already being conducted, then simply participate in it.
2) Take several photos of children participating in the project. Photos should move the viewer because of the childrens' expressions or actions and capture the essence of the project.
3) Collect messages from the children for the project being conducted and fill out the entry form with a description and plan of action of the project. The project should be based on the idea of Junior Global Citizens.

WHO MAY SUBMIT

All JCI NOMs, LOMs and individual members; participants in the project may also submit entries for The Future of Children Photo Contest.

CONTEST DEADLINE AND SELECTION

The photo contest runs from February 1, 1995 to September 30, 1995 and entries will be collected. Deadline for projects or activities to be included in the JCI Mottainai News will be by the end of each month preceding the next issue.

Final deadline to send to your NOM secretariat is September 30, 1995.

At the World Congress the Selection Committee, with the JCI President as a judge, will select the best entries and announce the winners.
