JCI ASPAC SENATE NEWSLETTER

2008 1st Issue May 2008

MESSAGE from President Senator Kang Shin Sung (2007-2008)

Dear Fellow Senators,

It's is my great pleasure to welcome all of you to KOREA, my home country as a President of JCI ASPAC Senate this year.

And taking this opportunity, I would like to have a chance to express my sincere gratitude for your full support and kind understanding during my office year and also appreciate for your attendance to the 58th 2008 JCI Asia-Pacific Conference.

This is the third time to host JCI Congress and Conference in Busan. We hosted the 36th JCI ASPAC in 1986 and the 51st JCI World Congress in 1996 until now.

As you might know, Busan is well organized and has many experienced outstanding members from those experiences. I do believe you could enjoy this ASPAC and it would be very successful event more than ever.

It is a good opportunity for us to meet each other and exchange our ideas and share some know-how, skills and creative ideas for development of this wonderful organization. I hope that each of you could promote mutual friendship with your friends through this ASPAC.

Lastly, I wish all the best luck in 2008 and have a wonderful time with your JC friends from all around the Asia-Pacific region.

Thank you!

Kang Shin Sung
President
2007-2008 JCI ASPAC Senate

MESSAGE from Immediate Past President Senator James Wen (2007-2008)

Dear Distinguished Senators,

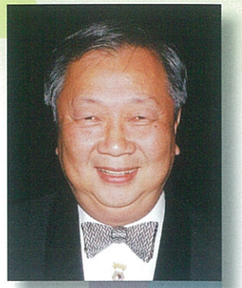

It is my pleasure and honor to express my gratitude and appreciation to you all for your support and assistance in the past years, especially your attendance and participation at the 2007 JCI ASPAC was an unforgettable memory for me. We really became JC partners through those events.

The 2007 JCI ASPAC held in Chung-Li, Taiwan was a great success. Being a past president of the hosting chapter and also the past national president of Taiwan Junior Chamber. I do have a strong emotion on what we all have achieved in the past days. I believe this experience will be a great influence to the current JC members and young leaders. This is the spirit of Jayceelism.

At last, I hope we all will enjoy our membership of Senator and keep on moving for the support to young members. And one the other very important thing is to be a healthy and happy Senator in our daily life. All the best to you. Enjoy your stay in Pusan.

James Wen
Immediate Past President
2007-2008 JCI ASPAC Senate
