Dr. Stephen R. Covey Inspired Delegates in Las Vegas

On November 25, 2002, during the JCI World Congress in Las Vegas, Dr. Stephen R. Covey spoke first at the TOYP luncheon and later during the second General Assembly meeting, where he delivered his keynote speech.

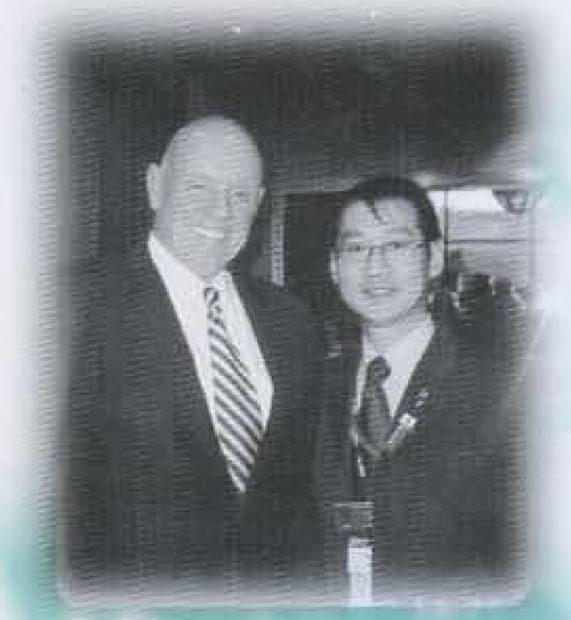

At the TOYP luncheon, Dr. Covey helped TOYP honorees, delegates and guests develop a deeper appreciation for Junior Chamber principles and Creed as he stressed how noble and effective the tenets of our JCI Creed are in today's world.

The author of the 7 Habits of Highly Effective People

Keynote Speech

Numerous delegates took advantage of Dr. Covey's keynote speech to learn about the habits of the world's most successful people. One of America's most sought-after speakers and consultants, Stephen R. Covey identified the 7 habits and provided powerful advice that will help our members become more effective, and live happier and more fulfilled lives.

Met Dr. Stephen R. Covey

During his keynote speech, Dr. Covey aimed at "communicating people's worth and potential so clearly that they would be inspired to see it in themselves." "It all begins within oneself," he pointed out. "Behavior is governed by values; consequences are governed by principles. Therefore, value principles."

He listed the principles embodied in the "7 Habits":

1. Be Proactive: Responsibility and Initiative
2. Begin with the End in Mind: Vision and Values
3. Put First Things First: Integrity and Execution
4. Think Win-Win: Mutual Respect and Benefit
5. Seek First to Understand, Then to be Understood: Mutual Understanding
6. Synergize: Creative Cooperation
7. Sharpen the Saw: Renewal

Self-growth Through Paradigm Change

Dr. Covey explained that a paradigm is like a mental model, an assumption, or a map, and that to achieve personal growth, a paradigm shift is needed-"Every great breakthrough is a break WITH. If you want to make minor improvements, work on behavior and attitudes. If you want to make quantum improvements, work on paradigms."

Lead a Colourful Life

2002 is a memorable year. It's indeed my pleasure to send you the last greeting message as National President and share with you my excitement.

2002 was indeed a fruitful year with many rewards in JC Movement and individual development. With the joint efforts from all the Board Members, Team Members, JC Partners and members, all the projects and activities have been accomplished with fruitful result and the positive change come from it.

As a JC member, we can't deny that Junior Chamber is the organization of Opportunity. 2002 is indeed a great year for me.....the Opportunity to learn, the Opportunity to experience and the Opportunity in self-enhancement. Serving you and my beloved organization, I have been given the opportunity to learn from you and the others, to further extend my capability in every aspect, to experience a fruitful life. Through the one-year-leading, it was probably affirmed that it was difficult to please everyone in every matter. But at least, I have done my best to make it with my capability. Meanwhile, I experienced greatly in working with balance among all our responsibilities, whether they related to our family, our business and Junior Chamber. I have been benefited as well through our collaboration.....

For all excellent Board Members

Without your contribution, the year 2002 would not be so successful. Trust that you have been benefited in "Leading Through Self-Enhancement" through the participation in JC movement. Thank you for your great work to create a wonderful team work, promote and strengthen the four areas of opportunity.

For the Chapter Presidents, SMA and Team Members

Your valuable support rendered to me, the NOM and JCI has been very appreciated. Your great work and leadership ensured the sustainable development of our beloved organization locally. Thank you for your effort in membership growth and developing our future leaders. Together, we experienced that "To keep the light burning, we have to keep putting oil in it."

For the Hon. Life President, Committee / Commission Chairpersons and my esteemed Advisors

I was extremely benefited from your experience, valued advice and participation in 2002. Your positive attitude and enthusiasm impressed me and the Board Members, pushed us to take responsibility and act on our initiative. Thank you for your encouragement throughout the year. Your support and guidance generated high value for our one-year-leading and kept the "Light" burning.

For my close JC Partners in Area B

It's indeed my pleasure to work with you in 2002 in serving our beloved organization, developing the jayceeism, sharing the ideas and experience each other. It gave me the great opportunity as well to learn from your professionalism. Especially for EVP Marcelo and VP Anwar, thank you for your valuable guidance and support rendered to Macau JC. Trust that our friendship will not be only one year....but last forever and ever!

For my friends in JCI HQ,

Your great assistance and coordination have been highly appreciated. I enjoyed working with you in 2003. Without your support and patience, we wouldn't get our assignment done smoothly. Together with you, we made a great team work! Thank you indeed!

For all the Successors of NOM and LOMs,

Congratulations on your new assignment! A New year starts with a new vision. We are keen to have your creative ideas, to further extend the Mission of the JCI. Your leadership and commitment will lift our organization to the next level. Keep on the good work for positive change and the betterment of our community.

For those corporate partners

This was a great opportunity to extend the spirit of collaboration. Working with you, we learned from each other and make greater success. Certainly, we have been benefited from your inputs and professionalism, and attained greater enhancement.

For my good colleague,

Your valuable support and understanding benefited me greatly in one-year-leading . It's indeed my great honor to have you as my career partners. I have done my best to work with balance among all my responsibilities, whether they related to our family, our business and Junior Chamber. I should apologize for the inconvenience and trouble caused to you in the past year. However, I couldn't experience a challenging / fruitful year and my Presidency will not be so successful without your support. Thank you for your assistance and patience rendered to me throughout the years!

To all of you and my friends, my life would not be so colourful without you! ***Life is a series of moment...To live each one is to succeed.*** As the start of a new year, it's right time to plan for another year....set your goal(s) and drive towards greater achievement!

Wish you a prosperous 2003! Enjoy a Colourful Life!

Cheers!

Celebrate JCI Day!

When we ask members what JCI means to them and what they have gained from JCI, their moving replies show us why we must celebrate December 11, JCI Day. They are a testimony to how much JCI has contributed to the happiness and success of many of its members, their communities, and the world. Here are some excerpts from statements made by members of the 2002 JCI Executive Committee:

In 1944, when our U.S.-born movement reached the international level, Junior Chamber emerged with great strength from the second greatest world crisis bringing a sense of hope and commitment from young people around the world to create world peace... Overcoming enormous difficulties, these young people were able to succeed and make a positive change: they created an international movement that fought for progress based on peace. This has been our mission, courage and vision since the establishment of JCI...

- JCI President Salvi Batlle

I have learned many, many lessons about life and leadership through my involvement with JCI. Makoto Igarashi, a past JCI Vice-President from Japan, taught me one of the most important lessons. From Makoto, I learned to recognize, in my personal life as well as my JCI life, the importance of "learning by doing" and "receiving by giving." Those are two things that JCI members do every day, all around the world, but it was my good friend Makoto that brought out the importance of applying those two things to my entire life and not just to my work within JCI.

- JCI General Legal Counsel and 2003 President Bruce A. Rector

I am what I am today because of Junior Chamber... Junior Chamber helped me become a more disciplined, confident, focused person. It thought me how to prepare mission statements... It has made a great difference in my attitude to life. Junior Chamber has given me the opportunity and the audience to train... I have made friends around the world. This is more important than money... I have learned to work and manage people... Junior Chamber is a passport to the world and a university of life.

- JCI Executive Vice President Ebiowei Tobi

I would say that 95% of what I do every day in my business and personal life I've learned in Junior Chamber... During my travels around the world, I have seen that our organization is doing exactly what is needed-preparing great leaders...I will do my best, during the six years I have left in the organization, to make our organization grow both in quality and in quantity. We need to constantly change our approach to new generations and improve the way we work.

- JCI Executive Vice President Lars Hajslund

I would not be in the job I am today as Marketing Manager with Heineken Ireland were it not for the training, personal development and public speaking skills I developed in Junior Chamber... I certainly would not have traveled the world as extensively as I have, nor made the myriad of friendships and networks I have were it not for Junior Chamber.

- JCI Executive Vice President Kevin Cullinane

JCI Senate Celebrates 50th Anniversary

JCI Senators traveled from the four corners of the globe to celebrate the 50th Anniversary of the Senate. JCI Senate Chairman and 2001 JCI President Georges Bouverat hosted the anniversary celebration. In his remarks, Mr. Bouverat emphasized the importance of democracy as captured in the Jaycee Creed - "government should be of laws rather than of men."

The mission of the JCI Senate and its accomplishments were mentioned, and new Senatorships were awarded. More than 100 JCI Senatorships were processed during Congress.

NP Raymond & Past NP Rosina attended the Senate 50th Anniversary Celebration

「兒童成長齊開心」——論壇

澳門青年商會總會於2002年12月15日舉辦了「兒童成長齊關心」專題活動，感謝澳門青年商會總會讓我有機會參與及組織是次活動，這是我加入青商以來第一次任籌委會主席，我相信是我的一次突破，使我從中學習不少實際之知識。

兒童是社會的未來，因爲我是一名醫生，對他們確實存在一份獨特的愛，我不斷思考，我們是否讓他們有一健康的身體就是夠呢？其實只顧及身體健康是不足夠的，好的教育對他們來說也是很寶貴。如何激發他們的創意是一個重要的課題。

當然，活動的主題是圍繞環境管理，但我們亦要對每個細節採取堅持及執著的態度，需要充滿自信心的態度去培養小孩子和面對挑戰。

最後我要感謝所有籌委成員及督導，是他們辛勤的付出及默默耕耘，促使我們此次活動取得完滿成功，並在人生旅程上寫下了輝煌的一頁。

"Winter - Joint Fellowship Party" at New Century Ballroom on 29 Dec 02

Your participation surely added fun & colors to the "Winter - Joint Fellowship Party" organized by the Junior Chamber of Commerce. To cope with the theme "Beautiful socks come fabulous gifts", everybody had a nice pair socks on. However, without realizing it, the OCs were trapped into our games.

In our feet-massage games,

beautiful socks don't necessarily come fabulous gifts.

You'll get them only if you win the games, and of course, with your nice socks on...

Games: Election of President of the Night, followed by prize presentation ceremony...
