Message from The President of Indonesia

Assalamu'alaikum wa-Rahmatullahi wa-Barakatuh,

Saya menyambut gembira penyelenggaraan JCI ASIA PACIFIC Conference ke-49 sekarang ini. Pertemuan semacam ini, di samping akan memperluas jaringan kerja sama antar pengusaha muda Asia Pasifik, juga sangat bermanfaat bagi pembangunan bangsa-bangsa Asia Pasifik secara keseluruhan. Jaringan kerja sama ini diperlukan guna menghadapi era keterbukaan ekonomi dan perdagangan bebas yang ditandai dengan persaingan yang makin ketat dan terbuka.

Bangsa Indonesia merasa mendapat kehormatan karena di tengah situasi keprihatinan mengatasi kesulitan-kesulitan yang sedang dihadapi, Indonesia masih tetap dipercaya untuk menyelenggarakan peristiwa internasional yang penting ini. Mudah-mudahan penyelenggaraan JCI ASIA PACIFIC Conference di Nusa Dua, Bali ini mencerminkan masih tingginya kepercayaan dunia internasional --khususnya dari para pengusaha mudanya-- terhadap prospek masa depan Indonesia.

Saya berharap pertemuan ini berjalan lancar dan menghasilkan keputusan-keputusan yang dapat membantu memecahkan berbagai persoalan-persoalan ekonomi yang tengah dihadapi oleh sebagian negara-negara di kawasan Asia Pasifik.

A Word on Origination and Structure

Phinisi, a typically two-masted schooner weighing 200 to 300 tonnes, handcrafted to this day by Bugis seafarers of Sulawesi out of hardwood that grows wild in the forests.

The phinisi, an original schooner designed and built by the Buginese of South Sulawesi as early as the 12th century, constitutes a triumph in origination and structure. In its heyday, the Phinisi sailed all the way to the northern coast of Australia and as far away as Madagascar.

Today, the modern version of the Phinisi still plies the seas of Indonesia, its colorful sails flapping strikingly over bright, shimmering waters – a legacy to origination, innovation and enterprise that have withstood the test of time.

Inspired by the spirit of Phinisi, Danareksa aspires the same creativity and enterprise that have made it the leading investment bank in Indonesia for over two decades. Our innovative structuring of capital market transactions, investment management, capital raising and debt restructuring in Indonesia reflects our deep understanding of, and long-standing commitment to, Indonesia and the Asian market.

And like the Phinisi that has sailed through stormy seas, Danareksa remains buoyantly afloat in Asian waters, helping and working with others towards the Asian recovery.
