MESSAGE FROM GUEST OF HONOR

Tsang Hing Kay
Principal Assistant Secretary for the Treasury

It is a pleasure to send my warmest greetings to members and friends of the East Kowloon Junior Chamber on the occasion of the celebration of its 20th Anniversary.

Since its establishment in 1980, the East Kowloon Junior Chamber has dedicated itself to bringing out the best in our youths. The numerous community and leadership projects the Chamber has organized have offered invaluable opportunities for our young people, enabling them to flourish and be leaders in diverse professions and industries.

Congratulations again to each and every one of you for your continuous outstanding work. I am confident that the East Kowloon Junior Chamber will continue to strive for the betterment of our community.

Best wishes for a most successful and enjoyable Anniversary!

MESSAGE FROM PRESIDENT

Lau Wing Hong
President
East Kowloon Junior Chamber

The age of 20 for a young man or woman usually marks the beginning of his or her career. For East Kowloon Junior Chamber, 20 years means a new beginning, embraced lots of valuable experiences and glorious memories.

Running a non-profit making organization is a real challenge today as we encounter keen competition, especially in the aspect of training. Whenever a new project idea fosters, we have to plan and act quickly. We could see that our counterparts adopted quite some remarkable project ideas from our Jaycee family, which had created positive influence later on the society.

We very often deliberately consider whether we should continue to identify innovative projects or to nib it in the bud. We, however, are always restless and are being motivated to serve as one of the few pioneers. Simply we want to arouse the public concern on the caring for the minority, the new trends, and the well being of mankind.

We have this social obligation to care for others because we are blessed with the luxury of time, a stable career, a home in peace and more importantly – the faith in truth and humanity. We should contribute to make our society a better place. Heaven is where people have been longing for centuries, yet we may build the heaven on earth. Through Jaycee movement, we could make this happen.

Through Jaycee I learn and develop many practical skills and particularly, I learn about myself. I sincerely hope that more people can get similar benefits through taking part in Jaycee during my year of presidency. I am excited to be the 2001 President with the glorious moment of 20th Anniversary Celebration ahead of me. When I browsed through the tapestry, I felt humble because of the solid foundation laid down by our predecessors. I was also shocked by their wholehearted devotion to the Chapter and the great tasks accomplished. The only thing I can do in return is to thank them and to carry on with their spirit. I hereby would like to extend my sincerest gratitude to our past presidents, senior members and those who have dedicated to establish the stronghold of East Kowloon Junior Chamber.

MESSAGE FROM NATIONAL PRESIDENT

Senator Michelle Tang
National President
Hong Kong Junior Chamber

My warmest congratulations to the East Kowloon Junior Chamber on this momentous 20th Anniversary.

Over the years, you have trained up so many outstanding Jaycees, who had achieved individual success and fame in their own fields and serving as community leaders, that we always feel proud of having East Kowloon Junior Chamber as one of our affiliated chapters.

While this is a time for celebration, it is also an occasion for retrospection and a time to achieve more ambitious goals for a better tomorrow. I sincerely invite you to conduct more training programs for your members in this year, to motivate them to excel to a new height of achievement and to echo this year's Presidential Theme of the Hong Kong Junior Chamber "Entrepreneurship for Positive Change"

Furthermore, I truly wish that there will be a significant growth of your membership, which is one of the major challenges the Hong Kong Junior Chamber is facing this year.

I strongly believe that under the capable leadership of President Lau Wing Hong, and with the enthusiasm and devotion of its Board of Directors, East Kowloon Junior Chamber will certainly have another year of outstanding achievements. Once again, congratulations on your 20th Anniversary and best wishes to all members of the East Kowloon Junior Chamber.

MESSAGE FROM JUNIOR CHAMBER INTERNATIONAL PRESIDENT

Senator Georges A. Bouverat
President
Junior Chamber International

As Junior Chamber International President for the year 2001, it is my pleasure to send my greetings to the members of East Kowloon Junior Chamber of Hong Kong on the occasion of its 20th Anniversary on Feb 3rd, 2001.

A new millennium has truly dawned. Our organization is needed more than ever, because still so many men, women and children hope for a better tomorrow, a better world, a world of understanding and peace.

This year, 2001, will be very important for Junior Chamber, as we will introduce important initiatives to shape our direction and actions in the new millennium.

Junior Chamber International is an organization that helps each individual member make his or her dreams come true.

Junior Chamber's global membership embraces over half-a-million members and JCI Senators in more than 120 countries and territories. They are cutting-edge young business people who bring passion and creativity to problem solving and to the art of work. They are bold, imaginative, and are breaking barriers, which gives them the ultimate edge over the competition.

Thanks to their entrepreneurial spirit, Junior Chamber members are opportunity creators, trailblazers and pioneers in business and in life; they radically redefine what is doable and how it can be done.

Jaycees are investors, venture capitalists, entrepreneurs, and professionals in diverse fields. They see entrepreneurial action as a creative outlet, a powerful means of creating change to make the world a better place. They are visionaries, risk-takers and mavericks; they transform great dreams into reality. With power, grace, determination and action, they are reaching new limits, continually striving to do more and be more in their businesses, their communities, and in the lives they help change.

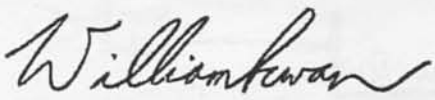

This year with your help, JCI will continue growing and consolidating its image as a strong and dynamic NGO that helps young men and women around the globe develop and use their entrepreneurial spirit to better themselves and contribute to an everlasting world peace.

This year I also want to challenge you to find 10 members, candidates, Senators, Associate members, friends or persons interested in the best organization for young men and women—JCI—and add their e-mail addresses to the JCI website <www.juniorchamber.org>. More and more people will then have the chance to learn about the rich opportunities JCI offers. Let us all work together this year to achieve the vision of our founder!

Wishing you a very memorable event!

MESSAGE FROM NATIONAL ASSIGNED EXECUTIVE OFFICER

William Kwan
National Assigned Executive Officer
Hong Kong Junior Chamber

I would like to extend my warmest congratulations to East Kowloon Junior Chamber on the occasion of the 20th Anniversary.

The past 20 years has been a time of not only continuous development, but also transition and challenges for Hong Kong. Since the establishment of East Kowloon Junior Chamber in 1980, the chapter has not only dedicated itself to developing members' potential on leadership and management skills, but also launched numerous community projects for the betterment of the Hong Kong society. Despite the ups and downs of Hong Kong during the past two decades, East Kowloon Junior Chamber has been concentrating its effort on developing leaders who are able to cope with change and ambiguity.

New millennium is definitely another challenging time for Hong Kong: we are on an already fast moving train towards a knowledge-based community. We are living in revolutionary times with an unprecedented rate of change. To meet the challenge, we need to offer opportunities to develop future leaders who are proactive, creative, confident and self-reliant. East Kowloon Junior Chamber has been very successful in it. I am confident that with the proud tradition of leadership development, East Kowloon Junior Chamber will prosper in the new millennium and remain what it is: a cradle and breeding ground for future leaders.

May I express my best wishes to the continuous success of East Kowloon Junior Chamber.

MESSAGE FROM MANDARIN JUNIOR CHAMBER, SINGAPORE

Yong, Loy Fatt
President
Mandarin Junior Chamber, Singapore

My heartiest congratulations to all Jaycees of East Kowloon Junior Chamber on your 20th Anniversary.

In the past 20 years, I am very sure that East Kowloon Junior Chamber has made tremendous achievements in Junior Chamber movement. This requires a lot of efforts and contribution from the past presidents, board of directors and members as well. The year 2001 marks the official beginning of the new millennium. It is certainly a good moment to recall the achievements in the "old" century, especially on this occasion of East Kowloon Junior Chamber's 20th Anniversary.

One of the achievements for both East Kowloon and Mandarin chapters was the signing of sister chapter pact in 1988. This is the 13th year since both chapters started the cordial relationship of sister chapters. As sister chapters, it provides our members more opportunity to interact with each other. Though we have not had any regular activities to work together, our members enjoy visiting each other on an informal basis.

On this special occasion, let us wish that the friendship of both East Kowloon and Mandarin Junior Chambers will last forever.

MESSAGE FROM JUNIOR CHAMBER IPOH, MALAYSIA

Alex Choong MC
President
Junior Chamber Ipoh, Malaysia

Congratulations to Jaycee Lau Wing Hong for taking up the challenge to be the President in 2001. It will be a joyous and memorable year ahead both of us as we will be the Presidents of the 21st Century. It is part of my presidential plan to foster a closer relationship between our two chapters, by staying in touch more often. I append below my contact numbers and e-mail address and welcome your members to contact me.

Reaching the 20th year in history for your chapter is indeed an occasion worthy of celebration and marking this achievement. We, as your sister chapter, are delighted to share your success and bask in your glory. Wishing you all a great night and may your dreams come true.

MESSAGE FROM PAST PRESIDENTS

Having been active in East Kowloon Junior Chamber for almost a decade, I find this 20th Anniversary particularly memorable. Apart from reminding me of my age, it also reminds me of the many occasions and people that I encountered in those good old days. These experiences were extremely useful in helping me understand the meaning of others.

Early this year, I had the opportunity of working with East Kowloon Junior Chamber members on a public speaking workshop. I was impressed by these young men and women, who are not only able to carry on the mission set by the founders of Jaycees, they also have new ideas and the courage to embark on new endeavors. Furthermore, they possess the old traditional characteristics that have been driving East Kowloon Junior Chamber forward all the time - dedication and enthusiasm.

I congratulate all East Kowloon members who have contributed towards the advancement of the Jaycee movement, and wish this 20th Anniversary Banquet a big success. Let this great event remind us once and forever - "Service to humanity is the best work of life".

David Lee

1983 President

It gives me great pleasure to write for the 20th Anniversary Souvenir Program of East Kowloon Junior Chamber. Over the past 20 years, our Chapter has launched a broad spectrum of meaningful projects, ranging from leadership training, community development to economic affairs. Through their practical experience in working on various projects, members have acquired the skills of leadership and organization. Many of them have shaken off their old and rusty ways of doing things and become efficient and capable leaders today.

Our Chapter is growing alongside with technology. During the past 20 years, the society has shifted from the beginning of the PC era (1980) towards the Cyber era of the 21st century. Ample opportunities are presently available from our Chapter to prepare the members to adapt to this rapidly changing environment.

I am confident that under the capable leadership of the Chapter President, East Kowloon Junior Chamber will continue to prosper for the benefits of its members and the society of Hong Kong.

Adrian Hung

1985 President

MESSAGE FROM PAST PRESIDENTS

Congratulations to East Kowloon Junior Chamber on her 20th Anniversary Celebration! Time has passed quickly and it has been a long time since I became the first lady president in 1986. Jayceeism really has proved to be an effective means of training a leader, and as such, after learning the Jaycee cycle, the influential benefit still prevails.

The training I gained from Jaycees helps me in my career and social life in future. Thus I earnestly urge all of you, young Jaycees, to fully commit in the Jaycee life and try to turn it into a fruitful way in your future career or achieve a higher esteem in your horizon.

Best wishes to East Kowloon Junior Chamber on its 20th Anniversary Celebration.

Agnes Wong
1986 President

My congratulations to the East Kowloon Junior Chamber on her 20th Anniversary!

To create an organization is easy. To maintain it is difficult. To keep up its prosperity is even harder. Since my joining the Chapter, I have seen her different development stages, some with ups and some with downs. However, one thing in common is that dedicated young men and women each year always try very hard to implement their "ideas" and "ideals" Results might not always be as originally expected. Nevertheless, I could see members are being developed and the results are always encouraging. Thanks to those who have contributed to the growth of this organization.

Our organization is relying on the most valuable and dynamic resources of the society - our young people. The beauty of our beloved organization is that opportunities are offered to them irrespective of their backgrounds and interests. They are all treated equally and with respect. Our only concern is on how many individuals are getting hold of the opportunities, tasting them and gaining from them.

May I take this opportunity to wish the East Kowloon Junior Chamber continue to be the ideal place for dedicated young people to implement "ideas" and "ideals".

Senator Petrus Yung
1987 President

MESSAGE FROM PAST PRESIDENTS

On the email, I was talking to Maisy, our 1989 President, two weeks ago during the Christmas holidays. She has migrated to St. Louis, Minn. in U.S.A. for three years. She told me that she still treasured the fellowship that she had built during her Junior Chamber years. We recalled our memories on our beautiful days when we strived hard to put the 1988 National Convention together - she was the Convention Director and Vice President at the same time. We both had a great time just chitchatting.

Dear members, if there is only one thing that you can gain from your participation in the Junior Chamber, at least you can get your true fellowship among your project team. Do participate actively, or you will get nothing.

Senator Paul Chan
1988 President

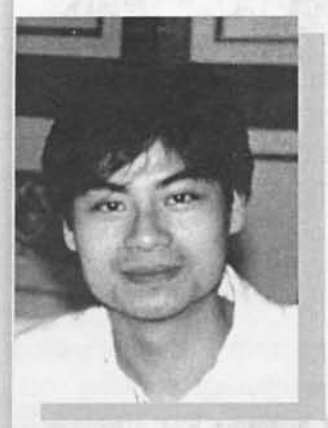

It is a pleasure to celebrate the 20th Anniversary of East Kowloon Junior Chamber in the millennium. We have seen East Kowloon Junior Chamber serving the community and developing young leaders in the past 20 years. We have witnessed and participated in many successful and worthwhile programs organized by the Chapter. We have seen young people joining hands for common goals and vision. We have enjoyed fellowship amongst ourselves.

Whilst looking back gives me warmth and strength, with the turn of the century, it is a high time to look ahead. Twenty years is a good indicator for maturity. With 20 years of experience and dedication, we look forward to more participation and success to come. Success is not only in terms of results or accomplishments, but also in the process of developing young leaders.

Finally, I wish you all a happy anniversary celebration.

Maisy Chan
1989 President

MESSAGE FROM PAST PRESIDENTS

It is my greatest pleasure to extend my heartiest congratulations to East Kowloon Junior Chamber on her 20th Anniversary Celebration.

Looking back the time, it is very encouraging to witness the Chapter marking another milestone of development. Our members are a group of energetic and enthusiastic young professionals who take the initiative and are willing to contribute to the betterment of the community. Certainly, their dedication and commitment enable us to celebrate tonight.

My Jaycee experience always retains a good memory for the rest of my life. I challenge all our members to continue the commitment to Jaycees for the growth, bloom and fruitful years ahead.

Sunny Ho
1990 President

Hurray, Hurray - Happy 20th Anniversary!
Cheers, Cheers - Let's toast to our Chapter!

It really gives me great excitement and pleasure to send my sincerest wishes to East Kowloon Junior Chamber on the occasion of her splendid 20th Anniversary.

The long establishment has been on the evidence of the prosperous and steady growth of our Chapter over the past 20 eventful years. The presence of our members tonight witnesses the entry of East Kowloon Junior Chamber into another era of glamour.

I have no doubt to say that under the exceptional leadership of our chapter presidents and the consistent and unfailing support of our members, East Kowloon Junior Chamber will continue to contribute to the development and betterment of young people in the coming decades and beyond.

Congratulations!

MESSAGE FROM PAST PRESIDENTS

It is the privilege and honor to me to witness the 20th Anniversary of our beloved Chapter. Over the past 20 years, East Kowloon Junior Chamber has been providing numerous opportunities for young people to develop their leadership skills and serve the community. Certainly all of us would agree that participating in our Chapter's administration and activities is a deeply rewarding experience. On this memorable occasion, let us join together and celebrate the achievements that we have made in the past years. I am sure that with the continuous support of our members, East Kowloon Junior Chamber will continue to be successful in the 21st century.

Dave Ho
1992 President

Dear fellow members and friends,

It is my pleasure to write a few words for the Anniversary of East Kowloon Junior Chamber.

Anniversary is the time to review the past and to look for the future of our chapter. To make it stronger year after year, I believe that the chapter should provide sufficient and balanced opportunities for members to develop; cultivate an enabling system for members to succeed easier; encourage innovation; and benchmark successful experiences from other local chapters or similar community organizations.

Wishing our members and friends all the best and have your dreams come true!

With warmest regards!

Anthony Cheng
1995 President

MESSAGE FROM PAST PRESIDENTS

As the Past President of East Kowloon Junior Chamber, it is a great privilege and honor to send my best wishes to the Year 2001 Executive Committee, the 20th Anniversary Banquet Organizing Committee and the members of East Kowloon Junior Chamber.

I joint East Kowloon Junior Chamber 10 years ago. As my beloved mother Chapter, its medium and manageable size always provides better and equal chances to everyone, nurturing entrepreneurial minds, focusing on training energetic and aggressive young generations in the past 20 years.

While East Kowloon Junior Chamber is walking boldly into the new millennium, I hope my mother Chapter will continue up-keeping our uniqueness of providing quality training, respecting the right of individual thoughts, and better serving the community.

I take this opportunity to give my salute to our Charter President Senator C.K. Tang, all Past Presidents, and President Lau Wing Hong for their utmost devotion to running the Chapter and their commitment to Jayceeism forever.

I wish you all every success.

Eddy Wu
1996 President

Congratulations to the East Kowloon Junior Chamber on its 20th Anniversary.

For the past 20 years, with the enthusiasm and tremendous efforts of its members, East Kowloon has launched many meaningful projects, which were for the benefits of the society and the Jaycee movement. In return, members are awarded with leadership skills, social responsibility and friendship.

Being the Past President, I would like to pledge my continuous support to my beloved Chapter and offer my best wishes for ever-greater achievements in the years to come.

Christina Ng
1997 President

MESSAGE FROM PAST PRESIDENTS

It is with much pleasure and privilege that I had the opportunity to serve the Chapter as your President in 1998. During the course of its twenty years, East Kowloon Junior Chamber has grown and accomplished a lot. I am proud to observe the growth of the Chapter along with the development of the members.

In this economic time, members should keep up the spirit and work even positively for the betterment of the community and I am sure that we will all benefit from the wonderful opportunities and experience that our organization offers which enable us to improve ourselves.

My heart is always with you and I would like to take this opportunity to assure you of my continued support.

Paulina da Rosa
1998 President

The establishment of East Kowloon Junior Chamber is quite legendary. Yet, it proves the two things, which are the very being of Jaycee - providing more opportunities for young leaders and sustaining the brotherhood of Man. Through the years, we build up our reputation among chapters of competence in training - the element that our Charter President, Senator C. K. Tang, always puts emphasis on. This is evident by the quality training programs we hosted, as well as the considerable number of trainers we developed. As a member, I am proud of East Kowloon Junior Chamber; as a past president, I am honored to continuously serve my mother organization. Coincide with the turn of a new century, this 20th Anniversary makes a new yardstick for our growth.

THE JCI CREED

We believe:
That faith in God gives meaning
and purpose to human life;
That the brotherhood of man
transcends the sovereignty of nations;
That economic justice can best be won
by free man through free enterprise;
That government should be of laws
rather than of men;
That earth's great treasure
lies in human personity;
And that service to humanity
is the best work of life.
