I am very pleased to note that JCI Hong Kong continues to go from strength to strength, and plays an active role in the development of the future leaders of our community in Hong Kong.

In the rapidly changing and fast paced society we live in, there are far more competitors for the time and attention of current and prospective members. It is a testament to the hard work of the National Committee and all JCI chapters in Hong Kong that JCI continues to recruit and build its membership, and promote a sense of belonging, camaraderie and community spirit among JCI Hong Kong members.

National Convention is an opportunity to take stock of the work of the past year and to celebrate our successes. I congratulate JCI Hong Kong, its constituent chapters and members for your achievements in the past year, and wish JCI Hong Kong another fruitful and successful year ahead.

"Best Work of Life: The Power of Giving Enriches Us All"

We live in a world of human suffering, environmental destruction, violence, and inequality. In helping to heal all the wounds, we, as active citizen and caring beings, have something to give, be it time, money, wisdom, love and many other things.

Carrying the mission for JCI, our young members practiced the art of giving and reached deep to solve common problems of our world using the solid and powerful platform of JCI, and we, in return, are empowered and benefitted.

We demonstrated the Best Work of Life in 2017 and we were rewarded with great partners, the feeling of security, good health, sense of empowerment, jobs, happiness, peace and love.

As the National President of JCI Hong Kong, I wish to express my sincere thanks to all our members who supported me to such a privileged position. I'm thankful to all of you who make JCI Hong Kong a powerful platform for givers to turn our world a better place to live.

We re-focused on how we could develop more young leaders to create impact and do good things for our society. The platform that our beloved organization provided always triggers our members' ingrained instinct to dream more, to learn more and to do more.

We thank our sponsors by endeavoring to provide a better use of funding and resources for maximizing the impact of our project and idea. We collaborated with different partners for achieving our 2017 mission to "Run for Peace", create "Changer Maker", and fight root causes of Sustainable Development Goal "End Poverty".

We believe giving is a beautiful experience and will add more meaning to our life and help build a better world. I want to dedicate our achievement in 2017 to all those who give –of time, of wisdom, of wealth and of love.

The National Convention each year brings about a bumper attendance of Officers and Members of our 21 LOMs. This is as it should be because it is an admirable occasion to discuss matters of consequence for the development of the Jaycee Movement.

A fresh view is taken every time. For, new members bring in with them their own plans to advance the cause of the Jaycee Movement in Hong Kong and the region. It is a breath of fresh air for an organization with considerable experience of putting young people to work for their own development in their chosen careers and business endeavours.

With my best wishes,

Your national convention will surely be an occasion that will propel your local organizations, as well as your national organization, to greater heights as the officers and members, are poised to leave behind a legacy of sustainable impact in the communities where you are engaged.

With the theme "With Pride, We Unite", it is only through a united efford can we truly create impact in the world we live in. Senator Kongjoo KIM

JCI Vice President

Warm greetings to each one of you!

I sincerely congratulate JCI Hong Kong for hosting the National Convention for National Membership, and I am privileged and honored to be a JCI Vice President in Hong Kong.

We have diverse activities throughout the world, expounding on the JCI Creed, Mission and Vision.
It is beyond any doubt that JCI as a private organization with a global network, have the potential to surpass any government or international organization. But this is only achievable if there is willingness to act positively combined with mature citizenship that supports it, otherwise everything will be meaningless.

So it's very important for young people to act responsibly on the local community and national issues. We can find a more developed and sustainable solution, successfully applied to similar problems, through JCI Networks worldwide. And the young generation, comprised by these young men, believes that the next generation of youth with sustainable goals will be able to find new opportunities to enhance the JCI movement in the region and across the globe like " Peace is Possible“ Campaigns. "

I was able to confirm that belief in Ulaanbaatar ASPAC.
In this ASPAC, JCI Hong Kong received a number of annual awards.
And I think all of this was possible because of the determination and drive of the JCI Hong Kong, under the capable leadership of National President Teresa Poon. And all of this would not have been possible without the patience and enthusiasm of the member of the JCI Hong Kong and the leadership of Teresa Poon. It would have been impossible if you didn't devote your time and enthusiasm in the endeavor.
You have made positive changes by demonstrating and enhancing the value of JCI through your accomplishments.

Introducing and extolling JCI Hong Kong's business and achievements in Hong Kong, we presented new perspectives and directions to other member states.
This experience and achievement will be the foundation for JCI Hong Kong’s future development.

Stand tall and be proud of yourself and encourage each other in this national team, and always look for new opportunities to accomplish sustainable goals.

Once again, congratulations on hosting the National Convention.

Thanks
