That faith in God gives meaning and purpose to human life;

That the brotherhood of man transcends the sovereignty of nations;

That economic justice can best be won by free men through free enterprise;

That government should be of laws rather than of men;

The earth's great treasure lies in human personality;

And that service to humanity is the best work of life.

Message

The Hong Kong Jayceettes have a proud record of achievements in their short history.

Many beneficial projects have been done in the service of the community and several successful overseas promotions of Hong Kong have been accomplished. Their ability and enthusiasm have been of advantage in all their work. Their crowning achievement as they come to the end of the first decade was the excellent way in which the 1979 JCI Conference was organized and presented.

Congratulations are due to all Jayceettes, past and present. May they meet with even greater success in all they do in the years to come.

MESSAGE

In 1979, the Hong Kong Jayceettes have grown to her tenth years in history. Reviewing the past years, we have been successful in achieving steady growth. With the continuous efforts of officers and members, Jayceeism has been extended to more and more ladies in our society who join in the family striving towards the goal of self development through community service.

During the past decade, we met with opportunities to develop individual's potential in leadership skill and management technique through organization of different kinds of projects. The success of these community projects served to publicize the Jayceettes image bringing forth acceptance and support from local organizations.

Looking into the 1980's, the Hong Kong Jayceettes are prepared to face the many more and greater challenges ahead. Pledging unfailingly to the goal of leadership development and community services, we shall continue to work hard for the betterment of not only ourselves but also the society at large.

FORWARD

The 10th Anniversary Celebration is indeed a significant occasion for the Hong Kong Jayceettes. It is a time for us to rejoice for the many hard work and true dedication our predecessors have carried out all through these years, laying a solid foundation stone for our Chapter; while our new bloods continue to inherit these fine qualities and work for a better tomorrow, both for our Chapter and for the community at large. These are reflected by our gaining the "Most Outstanding Chapter" Award six years in a row, and our ability to host the JCI Hong Kong Conference this year – the first one ever to be held by an all-lady Chapter.

Members, however, should not be contented with all these achievements. Instead they should work doubly hard to initiate significant projects for the betterment of our society and to lay down a good and healthy foundation for our children. Jaycees are practical idealists, the dreams they cherish can really come true by better planning and concerted team work.

Finally, it is hoped that when we are celebrating our 20th Anniversary, we should be excelling ourselves much more than what we are today, and Jayceeism will be wide-spreaded through all corners of the Colony.

MESSAGE

It gives me great pleasure in sending this congratory note on the occassion of the 10th anniversary celebration of the Hong Kong Jayceettes.

I have personally witnessed the growth of this fine young chapter over the past ten years. Their determination and persistence in their multi-dimensional growth pattern provides a leading example for the lady Jaycees worldwide.

Internationally, this LOM has grown from a handful of Jaycee wives and girl friends to a strong 120 plus members. Internationally, the Jayceettes is the first lady Jaycee organization formed in Asia, the first to host a JCI Conference, the first chairman of the Asian Lady LOM Council. Community-wise, the Jayceettes also created a number of 'first-time' projects, such as "Better Vision", "Toy Library" All these, and many others, are just a small part of the extra efforts that the past and current Jayceettes have so far undertaken in pursue for growth – both personally and chapter-wise.

I would like to especially take this opportunity to urge members of the Hong Kong Jayceettes to further strive for other areas of improvement, and make their organization a truly valuable develment ground for the young ladies of Hong Kong.

Congratulations for your most outstanding achievement, and best wishes for future success!

Yours in Jayceeism,

SONNY YU

On behalf of the 1980 Executive Board Members, I would like to congratulate the Hong Kong Jayceettes on the occasion of their 10th Anniversary.

10 years is a milestone and throughout the past 10 years, the Hong Kong Jayceettes have been actively engaging in meaningful projects. By hosting the 1979 Asian Conference, the H.K. Jayceettes greatly enhance the status of the H.K. Jaycees, both locally and internationally. The 'Entertainment' and 'Economic' Exhibition is also another worthwhile community project. I am sure these past achievements will form the foundation for another decade of glorious Jaycee movements.

Once again, I would like to extend my heartiest congratulations to President Evanda and all fellow Jayceettes.

OCTOBER 19TH 1979 is a time for rejoicing our Tenth Anniversary. We must bear remembrance for all the many Jayceettes who have given us encouragement, advice, and assistance in our endeavours and we commemorate with gratitude their great contributions to our progress.

As your President Elect for 1980, I have set a new goal for our organisation and that is to become the most outstanding JCI LOM in the years to come. Hong Kong Jayceettes have been outstanding for too long and it is time that we venture into the unknown where our pooled potentials are the only limits.

To achieve this goal, we will exert greater efforts to excel ourselves in community involvement. Internally, our projects must surpass the measure of our members so as to provide leadership training for our members as well as generating harmonious working relationship with one another. As all of you here are directly responsible for the growth of the Hong Kong Jayceettes in its Tenth year's existence, I appeal to all of you to work hard so that we can look forward with increased confidence to being successful in the 1980s.

HISTORY OF HONG KONG JAYCEETTES

Hong Kong Jayceettes is one of the nine local chapters of Hong Kong Junior Chamber of Commerce which is one of the 91 member countries of Jaycees International, Jaycees International is a world-wide organization for young people of 21 to 40 to achieve leadership training through participation in community projects.

Hong Kong Jayceettes became officially a fully pledged chapter on October 19, 1969 during the Hong Kong Junior Chamber National Convention; but its history or inception was dated back to 1967. In March 1967, the Hong Kong Jayceettes came into being in the form of an auxiliary group attached to the Victoria chapter, one of the local chapters of Hong Kong Junior Chamber of Commerce. In other words, the Jayceettes were doing the "behind curtain" work for its brother chapter, learning and helping to do community projects. In 1968 and the early part of 1969, the status of Hong Kong Jayceettes changed and became an auxiliary chapter attached to the National Board of Hong Kong Junior Chamber of Commerce, during that time; the work scope was much wider and the Jayceettes came to the rescue whenever help was needed by the other chapters. However, the spirit of liberation and the desire to do their own projects were strong and culminated in the determination to form a Lady Chapter of its own, with equal standing like their brother chapters. In the latter part of 1969, the Jayceettes pleaded the National Board for independence and through thicks and thins. On October 19, 1969, the only Lady Chapter of Hong Kong Junior Chamber of Commerce was officially accepted and it was the first Lady Chapter in Asia and the second in the world.

Its members are all young ladies of today – highly intelligent, hard-working and charming women who are dedicated to share the responsibility of giving the world a better tomorrow. The Jayceettes can proudly claim to be the pioneer and initiator of many community projects such as the "Voice of the Unvoiced", "Earth Population Awareness Program", "Toy Library", "Better Opportunities for the Mentally Handicapped", "Fun Games", Refugees and You Seminar", "Creative College Competition", "Entertainement and Economy Exhibition", and especially in hosting the "1979 JCI Hong Kong Conference".
