Bid-Book Mission
GENERAL PLANNING & EXECUTION

There are a lot of outstanding projects organized by Korea Junior Chamber. However **they did not receive many awards in Area Conference and World Congress as they deserved it !!!**

Referred by JCI Hon. Treasurer Senator Caroline Au-Yeung. Hong Kong Junior Chamber then decided **to send a team to Korea and share the bid-book compiling technique with Korea Junior Chamber**. TDC trainers were taken up the mission, 2 experienced trainers CNT Tony Chan and CNT Wesley Chow, has fled to Seoul and conducted a 1 full day bid-book workshop with more than 50 members. It was not an easy task **to design a practical & result-oriented workshop for 50 non-English speaking members.** On 23rd of May, the first TDC Korea Mission was ended in **big success.**

MAJOR WEAKNESSES

1. **Language Barrier.** For NOMs such as Japan, Korea and Taiwan, the language barrier is still a challenge for their members to interact openly with other NOMs.

2. **Training.** Mongolia Junior Chamber needs basic training. Members, especially new members, lack understanding of the concept and objectives of Junior Chamber. Japan, Korea, Taiwan, and Macau need training on awards scrapbook presentation, as they have many good projects.

3. **Membership growth.** All assigned NOMs are facing this challenge. There is an urgent need to review and conduct a SWOT analysis and realign the strategy and focus. There are real competitive challenges from other organizations for membership.

RECOMMENDATIONS

·To NOMs:

1. **Internationalism:** Japan, Korea, and Taiwan should be encouraged to have more international projects and interaction at local levels for their members to have better international exposure and, hence, ease the language barrier.

2. **Training:** Hong Kong and the Philippines should send trainers out to other NOMs for international exposure as well as to share their excellent knowledge on scrapbook presentation and the projects they have organized.

3. **Membership growth:** All assigned NOMs should conduct a SWOT analysis and refocus on their marketing strategy for both new members and membership retention.

4. **Communication:** All assigned NOMs should intensify the promotion of communication via the Internet. Mongolia should set [illegible]cation center and

ASIA PACIFIC DEVELOPMENT COUNCIL (APDC)

"**THERE** are three kinds of people in the world. The first kind is to make it happen. The second is to wait what will happen and the rest is to wonder what happening. APDC councilor or official is the one to make something happen." This is what Senator Mukhinder Singh, President of India Junior Chamber addressed in the reception to all delegates in the 2nd APDC Meeting which was held in New Delhi on 18th of March 2000.

Asia Pacific Development Council (APDC) was founded by Senator David Chua-Unsu from Philippines in 1974. Since then APDC has dedicated itself to assist some developing NOMs and nurture new NOM in the Asia-Pacific region.
