We believe:
That faith in God gives meaning and
purpose to human life,
That the brotherhood of man transcends
the sovereignty of nations,
That economic justice can best be won
by free men through free enterprise,
That Government should be of laws
rather than of men,
That earth's great treasure lies in
human personality, and
That service to humanity is the best
work of life.

Message

Another year begins for the Hong Kong Junior Chamber. Once again it will be full of promise of hard work in the service of the community. It will also be a great opportunity for all members to work together and in the process to become good friends, while broadening their own experiences and enriching their personalities.

Through successive administrations the Junior Chamber has grown in respect and stature in the community. May the administration in 1976 carry on the traditions that have been built up over twenty-five years and even do much better than ever before.

A. de O. Sales
Chairman

Hong Kong, 20th December, 1975

Message from President of Jaycees International Inc.
MR. FELICIANO BELMONTE, JR.

M E S S A G E

As we enter the last quarter of this century, mankind faces make-or-break problems of gargantuan proportions--some he cannot help, most can be alleviated by clearer thinking, goodwill, and firm resolve on his part. In this atmosphere, no effort which will improve the lot of man, or promote human understanding, is too puny to matter.

Jaycee—the organization and the individual—represents a humanizing element, a resource which should be mobilized to bring closer to reality the principles on which this movement is founded.

This year we want to see a stronger Jaycee—stronger in members, but stronger still in terms of its impact on the community, in terms of what the individual Jaycee does with his talents, in terms of the type of projects he engages in.

Members of the Hong Kong Junior Chamber are noted for the novelty of their activities, the perseverance with which these are pursued, the enthusiasm by which they are propelled. Your NOM represents evidence that our national organizations, whatever their size, can think big, and achieve greatness.

Each administration, however, faces anew the challenge not only to equal, but to build on and surpass the records of its predecessor. This is a difficult task, but easier if the leadership concentrates on important objectives and is persevering, and if the Jaycees are united and involved.

With these thoughts, I congratulate its 1976 officers, and wish the Hong Kong Junior Chamber another successful year.

Feliciano Belmonte Jr.

Message from The JCI Executive Vice President

Please accept my fondest congratulations on the occasion of your inauguration as national president of the Hong Kong Junior Chamber. Your continued leadership of a dynamic and progressive national organization will continue to be an inspiration for the young men and women of Hong Kong.

I regret that I was personally unable to attend the formal inauguration, but you may be assured that you have my well wishes and encouragement for the most outstanding and unprecedented year in the Hong Kong Jaycees.

Once more, my warmest congratulations and continued success in your leadership.

Sincerely,

RONALD G. S. AU

Message from The JCI Secretary General

MESSAGE

I have great pleasure in sending my greetings to the newly elected national and local officers of the Hong Kong Junior Chamber, on the occasion of the Inaugural Ball on January 16, 1976.

Our dynamic organization rests on the shoulders of the officers who bring it the fresh vitality it needs from year to year. Having had the opportunity of visiting Hong Kong recently, and personally seeing your various projects and meeting your members, I am confident that 1976 will be yet another purposeful Jaycee year for you all.

The Secretariat Staff joins me in sending you all our very best wishes.

MESSAGE

AS THE NEW OFFICERS OF THE HONG KONG JAYCEES, YOU ARE UNDERTAKING POSITIONS OF LEADERSHIP THAT ARE GIVEN TO FEW JAYCEES. YOU HAVE A UNIQUE OPPORTUNITY. IT MAY BE SAID THAT YOU ARE THE LUCKY ONES, BUT THAT LUCK ENTAILS A COMMITMENT BY YOU TO GIVE OUR BELOVED ORGANIZATION THE VERY BEST YOU HAVE TO GIVE. YOU MUST HAVE DONE THIS IN THE PAST, IN ORDER TO ACHIEVE THE HIGH OFFICE YOU ARE ABOUT TO ENTER. YOU WILL BE LOOKED TO FOR LEADERSHIP, GUIDANCE, HELP AND FRIENDSHIP. BE FORTHRIGHT, BE DARING, BE BOLD, AND BE YOURSELF. THE WORLD WE ALL SHARE GROWS SMALLER, NOT BECAUSE OF THE SPEED OF MODERN COMMUNICATIONS, NOT BECAUSE OF THE SPEED OF MODERN TRANSPORTATION, BUT RATHER BECAUSE OF THE COMMON RECOGNITION WE SHARE OF THE PROBLEMS WE ALL FACE, AND THE COMMON ATTEMPTS TO RESOLVE THOSE PROBLEMS. I AM CONVINCED, THAT THIS ORGANIZATION, THE JAYCEES; THE ORGANIZATION WHOSE LEADERSHIP YOU ARE ABOUT TO EMBARK UPON, IS THE BEST VEHICLES TO SOLVE SOME OF THOSE COMMON PROBLEMS. TAKE ADVANTAGE OF THAT UNIQUE OPPORTUNITY THAT IS BEING GIVEN TO YOU. THINK OF THE IMPACT YOU CAN MAKE AS A LEADER OF THIS ORGANIZATION, AND REMEMBER THE FOLLOWING LINES AS YOU LEAD THE HONG KONG JAYCEES TO ITS FINEST YEAR:

LIVE MORE FULLY,
LAUGH MORE EASILY,
SEE MORE CLEARLY,
LOVE MORE DEEPLY,
GIVE MORE FREELY,
THINK OF OTHERS MORE OFTEN.

With best wishes to a great Jaycee - keep up the good work and encourage others to join you.

Sheldon Odze JCI V.P.-1976

Message from The JCI Vice President

Thank you for your generous invitation to attend your Inaugural Ball January 16, 1976. Unfortunately I must send you my regrets as I will be unable to attend. I am enclosing a photograph as per your request.

In reviewing the materials the Secretariet has provided on Man and His Environment, reviewing the report of the Man and His Environment Workshop at the Sapporo Conference, I recalled a porject which I believe was submitted by one of the Hong Kong Chapters at an earlier World Congress. My vague recollection is that it was the development of a solar energy prototype for heating a house. My recollection is that it also won an award at that Congress. That project seems to have been the forerunner of the type of project chapters need to develop in the area of Man and His Environment. As I recall, it showed the inenuity and imagination to design and develop a project which so uniquely fulfilled a possible community need especially now with the high increase in oil prices world-wide.

If my recollection is accurate as to NOM and project, I would appreciate an up to date report on the project.

I had made a note to write my friend, Vice President Alex Tzang for this information but your invitation has resulted in this inquiry being forwarded to you. Have any of the Hong Kong chapters tried any type of de-salinization project?

In closing, I deeply regret that I will not be able to join you, your National Executive officers and guests at your 1976 Inaugural Ball. Please convey my congratulations to the 1976 officers. May 1976 be the most successful year for the Hong Kong Junior Chamber.

Very truly yours,

M E S S A G E

On behalf of the Jaycees of my NOM and on my own behalf, I would like to convey our warmest greetings to the Jaycees of Hong Kong.

During the year that has gone by, I do believe that strong bonds of friendship and understanding have been established between Hong Kong Junior Chamber and Indian Jaycees. I sincerely hope that these bonds will become stronger as days go by.

I would like to wish the Officers of your NOM and your LOMs a very successful year of office under the leadership of National President Paul.

Message from The JCI Vice President

MESSAGE OF GREETINGS

President Paul, National and Local Officers,

Your year has now begun.

As a past president of the Copenhagen chapter and as a past president of Junior Chamber Denmark I can assure all of you that a very exciting and most challenging year is waiting for you, and that all the members of your LOM's are relying on you and on your performance as Junior Chamber officers.

All of you are right now full of enthusiasm, you have a number of objectives you wish to achieve in 1976, but very soon you will realize that not all the problems are so easy as you expected them to be.

Friends, maintain your enthusiasm, maintain your firm will to achieve your objectives, consider each problem, expected or unexpected as a rewarding challenge, and this year will be your year as it will be the year of Hong Kong Junior Chamber.

I send my personal regards to all of you wishing the very best for you and for Hong Kong Junior Chamber in 1976.

Yours

Viggo Hansen
JCI Vice-President

Message from The JCI Vice President

Dear Jaycees,

Tonights Inaugural Ball has been organised in honour of those officers of your chapters and your national organisations who have committed themselves for another year of service to Jaycees. The year ahead holds great promises and challenges as it heralds the second half of a historic decade for our Jaycees organisation, your country, mine and for the whole world.

I ask the Jaycees of Hong Kong to join me in congratulating the LOM and NOM Officers for 1976 upon their election and undertake to give these officers all our support and assistance during their term of office.

Jyoti and I send you our warmest regards and our sincerest apologies for our absence. May this Inaugural Ball and your ceremonies be most successful.

Yours sincerely,

Kantilal Jinna

12 January 1976

Referring to your letter of December 13th, I want to thank you very much for your kind invitation to attend your Inaugural Ball on January 16th. I had vaguely hoped to make it, hence my delayed answer. I'm awfully sorry not to be able to attend.

I wish you and all the newly elected officers not only a very enjoyable evening, but above all, the will to face the challenges that lie ahead of you. Having met Alex Tzang, Peter Tsang and the Hong Kong JCs who came to Killarney and Amsterdam, I am confident that with such a young and enthusiastic spirit you will succeed.

With best wishes for the New Year,

Yours sincerely,

Serge Kaplun

Message from The JCI Vice President

Firstable, thank you very much for your letter of Dec. 13 which I have received only few days ago due to my heavy business schedule in December coinsided with 10 days holiday vacation. I am very honored that you have invited me to attend your Inaugural Ball on January 16; however, I will not be able to comply with your tempting invitation for I must attend starting from 15th NOM officers and LOM presidents meeting in Kyoto where over 3,000 jaycees will gather.

Although I will not be able to attend your Inaugural Ball, my heart and spirit will be with you and all of Hong Kong Jaycees and Jayceettes, who are one of the strongest and leading NOMs in this part of the world. I sincerely wish that your continued contribution to the organization is very much appreciated.
I hope that you and your NOM will have a very successful year, and wishing to see all of you soon.

very truly yours,

INAUGURATION MESSAGE

On the occasion of the Inaugural Ball for the 1976 National and Local Officers of the Hong Kong Junior Chamber, it is indeed a great pleasure for me to take this opportunity to publicly congratulate each and everyone of you on this prestigious occasion. My pleasure is even greater when considering that I have the honour of also being the JCI assigned Vice President to Hong Kong. I am very grateful to President Belmonte for giving me the opportunity to again be of service to the many very fine Jaycees in this great Organization.

Although the disappointment of losing the bid to host the World Congress in 1977 must have been very great, I am confident your reaction has been one of accepting the challenge to come back with even more significant accomplishments than the Hong Kong is already known for. For those who did not have the opportunity to travel to Amsterdam, I can assure you that no one can say that any other delegation could surpass the respectability, the sincerity or the courage exemplified by your delegation. They did a truly outstanding job and won the admiration and the hearts of many people.

The year of 1976 is going to offer you many challenges as well as opportunities for internal development of your organization. I'm convinced Hong Kong will be one of the Asian leaders in becoming the personification of involvement in our three (3) Areas of Activity and our Major Emphasis Theme in addition to making a significant contribution to the worldwide goal of 500,000 members by St. Louis. I'm confident you will achieve your goals and I want you to know I stand ready to assist whenever I can. Best of luck to all of you.

Respectfully yours,

CARL PETERSON

Message from The JCI Vice President

Thank you very much for inviting me to your Inaugural Ball for the 1976 LOM and NOM officers.

Unfortunately my country is too far from your beautiful one, and due to this fact that means money and time, it will be impossible for me to visit you for this event.

However this does not imped to me to send you, as well as to IPP Peter Tsang and everyone of the friendly Hong Kong Jaycees, my kindest personal regards, as well as my sincere congratulations for your wonderful performance during 1975 and best wishes for an even more succesful 1976.

Jayceely yours,

Tito Hoz de Vila Jr

Message from The JCI Vice President

Dear Hong Kong Jaycees,

Meeting your representatives at previous World Congresses and especially during the latest one in Amstredam, I have been very much impressed by the dedication I have seen and the results you have ~~r~~cheived.
You must also be complimented for the unforgettable presentation when bidding for World Congress 1978. I sincerely wish you better luck next time.

I wish I had been able to attend your Inaugural Ball, but other business and my job as Vice President as successor to Alex Tzang in his area prevent me from being with you. I will be with You in my thoughts, however and wish You a very successful year 1976.

All the best,
Ebba Zachariassen

HONG KONG JUNIOR CHAMBER

Hong Kong Junior Chamber is affiliated with Jaycees International (JCI) Inc., which is a worldwide association of young people between the ages of 18 and 40 of all nationalities, race and religions. It has a total of over 450,000 members throughout 83 member nations.

PURPOSES – Leadership training through community service.

It aims to develop the individual abilities and stimulate the joint efforts of young people for the purpose of improving the social and spiritual well-being of mankind, and creat greater understanding throughout the world. It interests young people in community development projects and allows them to gain valuable leadership techniques through work on community projects.

HISTORY OF JCI

The movement was founded in St. Louis, Missouri, U.S.A. by Henry Giessenbier on October 13, 1915. His idea spread and on December 11, 1944, representatives from eight nations met in Mexico City and the world organization – Jaycees International (JCI) was born

HEADQUARTERS

The Jaycees International (JCI) World Secretariat is located in Coral Gables, Florida, U.S.A.

FORMATION OF HONG KONG JUNIOR CHAMBER

Hong Kong Junior Chamber was established in 1950. In 1965, two local chapters were formed, namely the Victoria Junior Chamber and Kowloon Junior Chamber. In 1966, the third chapter, Island Junior Chamber was organized. In 1969, the Peninsula Junior Chamber, the first Chinese speaking chapter was established and the Hong Kong Jayceettes, the first lady chapter in Hong Kong as well as in Asia was officially affiliated to Hong Kong Junior Chamber. In 1970, the second Chinese speaking chapter, Lion Rock Junior Chamber, was chartered and became the sixth local chapter in Hong Kong.

MEMBERSHIP AND NATIONAL ORGANISATION

The total membership of Hong Kong Junior Chamber is 300. The membership of the six local chapters varies from 50 to 75. Hong Kong Junior Chamber acts as the medium of communication between Jaycees International (JCI) and the local chapters. It is also the policy making body for the local chapters and in addition operates an office with staff for the benefit of all the Jaycees in Hong Kong. The term of office bearers is one year (January 1 to December 31).

Message from the National President

M E S S A G E

With the gone of The Silver Jubilee 1975, 1976 will be a year of adjustment. On one hand, we have been inheriting the treasure from the previous Jaycees. On the other hand, we are continually improving and developing ourselves to cope with the ever-changing world.

For the first time, we have adopted the area of activity concept from JCI - THE VITAL TRIANGLE. This would ensure more effective management and broadening scope of our programs. Besides, the NOM has set LONG-RANGE PLANNING COMMITTEE involving as many senior Jaycees as possible to look after our long-term goal so that the growth of Hong Kong Jaycee Movement will be properly directed.

Since the major emphasis theme "MAN AND HIS ENVIRONMENT" is further stressed by JCI so we will have this opportunity to engage in the design and implementation of a series of measures to strengthen further our concern with the community on the environmental side.

Though it is too soon at this moment to predict any realistically idealistic optimism, we will try our best to make the year 1976 most successful and confidence will conquer any doubt for this mushrooming prosperity. Let us emphasise a year of UNITY, PROGRESS AND HARMONY.

Paul T.S. Yin

Message from The Senate Chairman
Immediate Past President
Hong Kong Junior Chamber

To serve in a Jaycee Organisation as an officer is something precious, exciting, challenging and an experience of a lifetime.

No Jaycee Officer should forego such an enviable opportunity to entirely devote and dedicate yourself wholeheartedly to serve the community through properly administrating your NOM & LOM to the best of your ability. In grasping this unique chance, you will find yourself much enriched by your experience and much satisfied by your accomplishment.

The HKJC Senate takes this opportunity to wish the 1976 National President, the National Board and all six local chapters a flying start and a booming year ahead and we certainly look forward to witnessing success following successes and an outstanding escalation to greater heights.

PETER C. TSANG

Message from the President of Victoria Jaycees Ltd.

Message

The intrinsic value of Jayceeism should always be put into action by members of the organisation. Innauguration of new officers 1976 for all chapters of the Hong Kong Junior Chamber marks a new era for all.

We need strong effort to maintain as well as to bring new ideas into reality, afterall "no pain no gain".

On this occasion, we wish the Hong Kong Junior Chamber and the Jaycee Movement every success in their future endeavours.

John J. S. Kwan
Victoria President - 1976

Message from the President of Kowloon Jaycees Ltd.

TO 1976 INAUGURATION

As we have just entered another new year of 1976, Hong Kong Jaycees have passed the milestone of a quarter of a century. We all feel so proud being members of this well founded organization with quite a history of achievements and contribution to the community. We have seen so many old-timers of ours emerging as outstanding personalities in society with the perpetual Jaycee spirit to serve the people. I think it is most gratifying indeed.

Our predecessors have done so much of their remarkable work to pave the way for our future, but our future would not come handy without our continued efforts to persue higher standard of Jaycee movements. To the new National Board of 1976, we are fully confident of their leadership and look to them for guidance to an even more successful year than ever before. On behalf of Kowloon Jaycees, I pledge our unreserved efforts to support all Jaycee activities. Our best wishes for the great success of the 1976 National Board go with this message.

Paul C Lo

President
Kowloon Jaycees.

Message from the President of Island Jaycees Ltd.

On the occassion of this Inaugural Ball, I would like to wish the Hong Kong Junior Chamber a very prosperous year in 1976. We have just celebrated our Silver Jubilee in 1975 which represents a milestone for the Jaycee movement in Hong Kong. Under the leadership of various senior Jaycees, the past 25 years have laid a very solid foundation during which Hong Kong Junior Chamber have developed from a growing concern to a going concern I am sure everyone of you share the same belief that Hong Kong Junior Chamber would not fail the expectation of senior Jaycees with the overwhelming support of all its members. This responsibility rests not only on your shoulder and mine,but on everyone's.

1976 will be as unforgettable a year for Hong Kong Junior Chamber as for Island Jaycees, which will be celebrating its 10th Anniversary this year. The theme set for this year is "LEARNING TODAY, LEADER TOMORROW". Therefore our prime objective lies in the promotion of fellowship and the training of leadership through active participation in Jaycee work at all levels.

All of us believe that by the guidance of the National Board, we can succeed this year.

Valen T.C. Chan

Message from the President of Peninsula Jaycees Ltd.

On this occassion of inauguration, a new board of officers swear to their office for the incoming year.

The title offerred to a member as an officer is not a piece of honour and glory for display. It is the honour and glory of him to be achieved by serving his organization and his member in the forthcoming year. It is an acknowledgement to his performance in the past year that have proved himself can be of service to his members, to his organization, and to his community. His guidance, complimented to the President, will contribute to bring the Organization to achieve a greater goal than his predecessors did. In this process, he will train himself up as a better leader.

In this ceremony, it marks the beginning of the eighth year of growth of Peninsula Jaycees. Unity is the key to strenthen the LOM. Enthusiasm is the key to retain our members. Whatever the personal honour and glory won or lost, to remain in your organization with enthusiasm; to work closely with your friends on projects; and to contribute to your organization for another brilliant year of growth. The honour and glory so achieved are shared among us. This is the honour and glory that we should keep and maintain. With enthusiasm on the LOM's affair, for unity of the LOM, we welcome you back for the ever-growing organization.

William Choi
President, Peninsula Jaycees

Message from the President of Hong Kong Jayceettes Ltd.

M E S S A G E

Hong Kong Junior Chamber celebrated its Silver Jubilee last year. The year 1976 means a new era for the Jaycee movement in Hong Kong; and Inauguration is the first function in 1976. This Inauguration means a promise to serve our beloved organisation. When the officers swear in, they pledge to take up the responsibility, to accept the challenge and render their service to further develop the Jaycee work.

Members should be proud of their chance to take up posts, be able to achieve the advancement of leadership training. I therefore sincerely hope officers could make good use of this enviable privilege of working together, to move in greater efforts to elevate the organisation, to respond to the needs of the community and to prepare themselves as future leaders of the community.

May I wish you all a Happy New Year.

Message from the President of Lion Rock Jaycees.

We cannot deny that we are one of the younger chapters in the Hongkong Jaycee family if not the youngest and to make ourselves grow up to be a strong chapter like other big brothers of ours we have a lot to do.

If you think this is the responsibility of the Board of Committees only, my dear fellow Lion Rock Jaycees, you are totally wrong. I would say the responsibility of each individual member is of no less importance than the committee members.

The committee members are just like the locomotive of a passenger train which, though can generate driving power yet will be of no use at all without the support of its carriages which carry passengers. The individual members are like the carriages which, though cannot move by themselves yet can make the train a useful vehicle by cooperating with the locomotive. May we expect, therefore, from every one of you your value support in our projects, no matter big or small.

Speaking of projects, our programmes this year will mainly aim at (a) membership extension which will provide the chapter with more man-power and (b) fund raising without which the chapter cannot function.

Before concluding may I take this opportunity to wish you all the compliments of the season.
