MESSAGE

I would like to extend my warmest congratulations to the Junior Chamber International Hong Kong (JCIHK) on its 40th National Convention.

Over the past 55 years, JCIHK has grown with Hong Kong and gone from strength to strength. It has now firmly established itself as a leading local leadership development and community organization. It nurtures many of our young and talented leaders in business and the public sector. Its contribution to Hong Kong's socio-economic development has been notable.

This year, the National Convention – JCIHK's flagship annual event – has adopted the theme "Reinvent Heritage, Entrepreneurs in Action". This theme is very well chosen. For one thing, it underlies our phenomenal success. As Asia's world city, Hong Kong combines the best of the East and the West and is known for our free-market economy, business acumen and international outlook. For another, it serves as a timely reminder that in scaling new heights and keeping up with the increasingly globalised and fast changing environment, we must draw on our past experience and lessons. This recipe has served Hong Kong well and makes us tick. Working together, we can build on this success and reinforce Hong Kong's "can do" spirit, economic vibrancy and unique cultural heritage.

I wish all delegates a most fruitful Convention, and JCIHK and its local Chapters every success in the years ahead.

Message

I would like to extend my warmest congratulations to the Junior Chamber International Hong Kong (JCIHK) on its 40th National Convention.

Throughout the years, JCIHK has provided excellent opportunities for young leaders to enrich their knowledge and broaden their horizons. As one of the predominant annual events of JCIHK, the National Convention provides a forum for the Jaycees to review past achievements and to plan for the way ahead.

The theme of this year's Convention, "Reinvent Heritage, Entrepreneurs in Action", reflects the growing recognition of the importance of heritage as an important source of ideas, inspiration and business opportunities. Heritage and innovation, which had long considered to be incompatible, actually complement each other. New products that conflict with the traditional customs and values of their potential customers are unlikely to be popular, while traditional goods could be well received if they are innovatively redesigned and repackaged. As young entrepreneurs pursuing business development and working for the betterment of the community, the Jaycees should learn to respect and renew their own heritage and that of the people they serve. I am sure that all of you will gain valuable insights from the seminars and discussions during the Convention.

May I wish JCIHK and all Jaycees a successful Convention and all the best in the years to come.

National President of Junior Chamber International Hong Kong

On behalf of JCI Hong Kong, it is my pleasure to welcome everyone to the 40th National Convention. Without a doubt, the National Convention is the highlight of our event calendar. While there are plenty of reasons to celebrate our achievements, it's also a time for critical evaluations of our projects and to generate constructive ideas on how we can bring JCI to the next higher level.

This year, we are delighted to have the enthusiastic support from Island Junior Chamber to host this important event. Chairman Senator Felix Cheng's energy and passion in this project has been overwhelming. With his great foresight and superb planning, he has packed National Convention with JC week, culminating in many exciting events and seminars for all of us.

Under the theme "Reinvent Heritage, Entrepreneurs in Action", activities will cover all the four areas of opportunities we've all been striving to excel in. They include community development project "Better Hong Kong, Together We Care" to raise awareness for United Nations' Millennium Development Goals (UNMDG) and leadership development seminars on "Mind-mapping" and "5G Time Management". Business opportunities abound from the trade show and seminars jointly organized with the Hong Kong Brand Development Council. Finally, the official visit from JCI World President Mr. Kevin Cullinane together with the past World's Ten Outstanding Young Person honourees will give everyone an edge in internationalism never felt before. Like you, I can't wait to experience them all.

I would like to take the opportunity to thank our Guests-of-honour who have taken time out to grace our events. They are The Hon. Ms. Elise Leung, Secretary for Justice for the JC week opening, Mr. Cheung Kin-chung, Matthew, JP, Permanent Secretary for Economic Development and Labour for the National Convention Opening Ceremony, Mr. Paul Yin, BBS, Chairman, Hong Kong Brand Development Council in officiating the Trade Show, Ms Pamela Tan, JP, Director of Home Affairs, Home Affairs Department for lending her presence at the Senators Luncheon and last but not least, Mr. Kevin Cullinance, President, Junior Chamber International for making our Convention Ball extra special.

Please also allow me to thank JCI Hong Kong and all members for giving me the vote of confidence and the opportunity to be National President 2005. I've journeyed with great mentors and experienced creative challenges. I've learnt important life lessons and valued the beauty of adversity.

Vincent Van Gogh has said: "Great things are not done by impulse but by a series of small things brought together." The National Convention is testimony to this. May I wish National Convention 2005 every success and exalt JCI to even greater heights.

Message from
President of Junior Chamber International

It is a pleasure to send my very best wishes to each of you as you gather to participate in the 40th National Convention of JCI Hong Kong on September 23-25, 2005 in the Kowloon Shangri-la Hotel. I am honored to be able to join you for part of this exciting event as I begin my official visit to JCI Hong Kong on Sunday, September 25th.

This year we have focused our energies on the primary objectives of Membership, Marketing and Media. Our strength to achieve our personal goals and the vision of our founder lies in our numbers making it imperative that we have a clear understanding of how to best serve our existing Membership and appeal to the leaders of tomorrow. Also critical are the priorities of Marketing because we must give our products a worldwide brand by implementing all JCI programs in all 105 countries; and Media because in order be recognized as the premier voice of young professionals and entrepreneurs throughout the world, we need to make use of Media to cover our activities and let the world know of the remarkable impact our projects are having in communities around the world.

Thank you for joining me in pursuing our ambitious goals for JCI this year. I hope to see many of you again at the 2005 JCI World Congress in Vienna in October where together we can celebrate the 2005 accomplishments of JCI Hong Kong in the areas of Membership, Marketing and Media!

Very warm greeting from JCI EVP in Japan, and congratulations for your 40th National Convention. I hope the convention will be so successful and meaningful for all members in JCI Hong Kong. I am so sorry not to attend your convention.

Bases on the excellent leadership of National President Ellen Tsang, JCI Hong Kong, I believe, has achieved the wonderful year of JCI movement. Also, as the chairman of the Area B Conference in this year, I really appreciate for your support to Macau COC and myself.

Please remind our strategic business plan of 2005 JCI during the convention. I hope JCI Hong Kong and each chapter have made great jobs in the areas of Membership, Marketing, and Media. I strongly request all of you to continue the efforts of this strategic business plan in the rest of this year and in following years. Such efforts will lead this wonderful organization of JCI to the higher stage.

Please allow me to remind you to cooperate for JCI Operation Hope in the future. Lots of people and students in Indonesia and other affected countries still need some supports and help. We cannot stop the movement now, but we have to keep the sustainable support for people and children in affected areas in the future. Please join me to keep doing something for the people and the children next year.

Thank you again for your support, and for sending the excellent JCI Vice President from JCI Hong Kong to JCI. I am proud of VP Arthur Lui in my team.

Looking forward to seeing each of you in Vienna World Congress.

Message from President of Hosting Chapter

After hosting the National Convention in 1999, we are granted the hosting right again this year. Being the play boy chapter, we keep up our distinguished character "Play Hard, Work Hard". Our slogan "United Ahead, Strive for Success" gives Islanders a mind to achieve success in the coming 40th National Convention 2005. Over the past six months, our Convention Director Felix Cheng, our OC Team members and everyone in Island JC have devoted their time and have paid a lot of effort in organizing this significant event. Though the process is tough, all Islanders are pleased and proud to serve our fellow JC members. Now a day, may you enjoy your time in this two-and-a-half-day event. Your participation is what we count.

The theme of this year's Convention is "Reinvert Heritage, Entrepreneurs in Action". In order to bring out the importance of this issue in the present era, we work with the Brand Development Council to provide with you different seminars and trade shows. We have also introduced new elements of JC week so as to bring the National Convention to a higher level and a better atmosphere. We wish you will have a fabulous and memorable convention this year.

Lastly, may I take this opportunity to thank all the members who have dedicated their endeavours to this event and may I also wish them every success in their future life.

Director of 40th National Convention

Welcome to the 40th ***JCI Hong Kong*** *National Convention.*

Honest speaking, it is the hardest challenge since I joined JC. The difficulties are not coming from organizing this extended one-week event, but from all JC members - you showed your expectation to the organizing committee by registered in this Convention, and every vote count on us to do better than ever.

We selected this Convention theme "Reinvent Heritage, Entrepreneurs in Action" is not only a concept on past wisdom and today management skills, but also represent our vision and mission - the first Convention was conducted by our Chapter's Founder President Senator Mohan Gidumal forty year before. We reckoned that this masterpiece could be reinvented from the wisdom of our past, and be perfect on every details. From this start, we worked out a full scale Convention program not only providing all four JC opportunities, but also our fine hospitality to delegates.

We have limited resources, but unlimited energy. It is so proud for me to join this organizing team, and learn from the motto of JC movement - learning by doing. Heartiest thanks to my Deputy Convention Directors Matthew Lee, Michael Tang, Andy Ong, Peter Tsai and Alan Lee and the whole Convention Organizing Committee. They are presenting a role model for members and me.

Appreciation also goes to my advisors Senator Andrew Wong, Senator Paul Yin, Senator S C Mok, Senator Duncan Tai, Billy Ho and Brian Cheung contribute their advice timely and accurately that led us to work faster and smoother, and Mr. Alex To for his unfailing contribution to capture the feeling of all delegates by music. I am also honored to have a perfect supervising officer National Secretary General Cindy Lui. I will never forget her devotion and commitment in the whole process and assistance in every centimeter.

I would like to thank National President Senator Ellen Tsang, National General Legal Counsel Senator James Tsui and the National Board for their patience and Chapter Presidents for their support and encouragement. Besides, I would like to express my gratitude to all distinguished guests, speakers, sponsors and exhibitors that contribute to the success of the event.

Last but not the least, your presence is the key constituent of this success story and I am proud to work for you.

Convention Mascot

Gilbert Island

My name is Gilbert. I was born in Island Junior Chamber 6 years ago, during the last hosting of 34th National Convention of the Hong Kong Junior Chamber. It is my honor to represent Island Junior Chamber in this National Convention again as Mascot.

My father told me that Island Junior Chamber has a unique character that cannot find in other chapters - full of spirit and fun, energetic and happy. Island is a chapter that play hard and work hard in every project and event. They organize projects without fear and they always overcome hurdle, despite limited resources. My father told me that small is sometime beautiful, and I know its true.

When I attended their Annual General Meeting and gathering, they told me that selecting rabbit is because rabbit has imagination of play and work together, and it is the heart of Islanders. They always think big, and do bigger. Like this Convention they merge JC Week and JCI LEAD together. I like it, because it is a challenge to young people to learn and grow, and prepare to be a future leader.

I am glad to see you again, and I hope you like me.

Reinvent Heritage, Entrepreneurs in Action
承先革新、企業力行

In the ever-changing life, we have to be adaptive to new and creative ideas, especially for the corporation to survive while facing competition and globalization. However, while we equip ourselves to be more creative and innovative, we have to acknowledge and appreciate the wisdom of the past. Heritage (traditional culture) shapes our life and cultivates our belief. It is heritage that makes our community unique (mix of east and west) and makes Hong Kong succeed as a leading metropolitan city and international financial centre.

As such, to re-invent our traditional belief and heritage such that the thousand years' success factors remain in our organization culture, become the critical factors on the company product and unique services. We have to change to win in turbulent and competitive environment, and what makes us different with others is our fine traditional Chinese culture.

The theme builds on JCIHK 2005 Presidential theme "Entrepreneurs in Action" and goes further explain that while enterprises go for action, it should also recognize the long-term success factors in the past.

The Program of JCI Asia Conference in 1951

In late 1940's, Hong Kong was recovering from the Second World War. There were urgent need and great opportunity for local community leaders to contribute to its social and economic development. The Jaycees thus found their role in the making of Hong Kong.

A group of dynamic young men, of various nationalities and background, were inspired by Junior Chamber International to form the Hong Kong Junior Chamber (Jaycees).

With unbounded enthusiasm and tireless efforts, those pioneer Jaycees worked hard in different community projects and training program, and participated in a series of international meetings. It opened also its first office in the then Hong Kong Bank building.

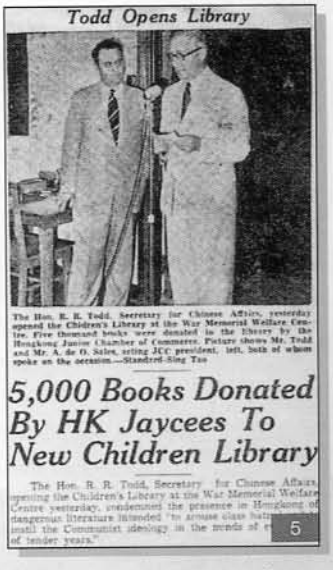

Assessing the needs of the society then, these young men put ideas into action. Projects were put in hand which aroused civic consciousness among young people here. A novel project was the timely setting up of more than 30 children's libraries, including portable and mobile van libraries. This was a most prominent achievement much appreciated by the public.

The first children's library was established in 1952 at the War Memorial Centre in Wanchai, followed by the ones in Shek Kip Mei and Yuen Long (Nixon Library). In 1955, Hong Kong Jaycees donated the first mobile Van Library to the Social Welfare Office under the Chinese Languages Department. As a result, thousands of children were given the chance to read and learn. The success of the project led to the first award for the Hong Kong Junior Chamber in the Melbourne World Congress in 1952. The children's library project was further developed into a scholarship program, helping those who wanted to learn.

Side by side with civic projects, there was keen interest in business pursuits too. The Jaycees held its first trade exhibition in Melbourne in 1952, and repeated the project elsewhere until the territory stepped up its official presence at numerous trade and industrial exhibitions in the years that followed.

In a move to broaden their vision and widen their horizon, pioneer Jaycees were also active in attending various Conferences and Congresses, not only Jaycees but other such occasions as well.

The experience gained led to the success of hosting the first and the fourth JCI Regional Conferences in Hong Kong in 1951 and 1954 which won community plaudits and put the Chamber in the forefront of Jaycees in the continent.

5,000 Books Donated By HK Jaycees To New Children Library

The Hon. R. R. Todd, Secretary for Chinese Affairs, opening the Children's Library at the War Memorial Welfare Centre yesterday, condemned the presence in Hongkong of dangerous literature intended "to arouse class hatred and install the Communist ideology in the minds of [illegible] of tender years."

History of Junior Chamber International Hong Kong

The participation in, and the hosting of, international conferences, added a new dimension to the members and at the same time uplifting the regional exposure for Hong Kong. Hong Kong Jaycees quickly attained high international office. From 2 Regional Presidents for Asia to JCI President in 1956 and Vice President for Commissions in 1957.

A dream became a reality when President Colin J Ure signed the contract for the construction of the Jaycee Peng Chau Health Clinic in the presence of representatives of Peng Chau Rural Commuttee. The designer of the clinic was Mr Peter Ng (the gentleman standing in the middle), an authorized Architect. He became our President in 1962.

With wholehearted participation and genuine contribution by the Jaycee members, Hong Kong Jaycees earned wide international recognition in a few years. Jaycee activities were seldom out of the press and were extensively reported. And so, Hong Kong Junior Chamber had an accepted place in the community here.

At the same time, with the rapid development of Hong Kong in the 50s, it became apparent that facilities for the training of future executives were almost non-existent. Hong Kong Junior Chamber shown foresight and initiative in promoting institutional development. It particular, it took pride in its contribution to the formation of the Hong Kong Management Association.

Jaycees was therefore called 'catalysts' and 'pacesetters' locally. They were described by the then Governor Sir Alexander Grantham as 'Practical Idealists' - young men with high ideals put into practice by concrete projects for community betterment.

Undoubtedly, Jaycees in the 1950s laid down a solid foundation for the Hong Kong Junior Chamber to go forward with more growth and development while it won wide prestige in the community and high recognition in the Jaycee world.

The members still had the cherished ambition of bidding for a World Congress, a daunting task then without proper facilities and adequate funding. Plans were laid carefully soon afterwards as the new City Hall was being built. The bid won in a contest and so Jaycees had the unusual challenge of holding here the first worldwide meeting. The successful response was sound organization with total membership involvement.

Two survey teams were set up to inspect the 23 children's libraries donated by the Jaycees in the past years to various organizations and schools. Eight of them had been selected for replacing some worn books and adding to their shelves some new editions.

Flashback 1960's - Growth and Development

In the continuation of the relay, Hong Kong Junior Chamber stepped into its further developing stage.

Applying the experiences gained and together with the endeavor of the Jaycee members, the 17th World Congress of Junior Chamber International was, for the first time, held in Hong Kong in 1962. It was a grand and memorable event, widely covered by the media. The use of the whole new City Hall became the talk of the town. The success of which not only reaffirmed the social status of Jaycees in the community, but also was a confidence booster for each Jaycee member.

"A Better World Tomorrow Through Jaycee Training Today"- Theme of 1966 JCI Conference in Hong Kong.

The handsome surplus from the Congress also led to the formation of the Trust Fund. It gave the Chamber a sound foundation which enabled the Jaycees to carry out many projects for community development with the confidence and helped it eventually to buy an office.

With the continual injection of new blood, Hong Kong Junior Chamber was restructured into a core National Organization Member (NOM) and 2 affiliated chapters of Victoria and Kowloon Jaycees in 1965.

JCI Regional Conference was hosted in Hong Kong again in 1966.

To spread the Jaycee spirit, Jaycee Week program was also launched in the 60's to promote Jaycees to the public. The first Chinese speaking chapter (Peninsula Jaycees) and the first all lady chapter (Hong Kong Jayceettes) were then formed in 1969.

The coming together of members from various backgrounds provided the impetus for a diversification of community projects.

The Annual Dragon Seed Races shared our concern for the boat people in the Kowloon typhoon shelters.

The Miss International Goodwill Contest, and the later Miss Hong Kong Contest in the 60's were first initiated by the Jaycees and became an international friendship program which promoted the international goodwill and enhanced cultural exchange of Hong Kong.

The addition of more members and more projects, called for better communication, co-operation and administration. The introduction of management course and projects such as Anniversary Ball played an important role in answering to the needs.

Through such projects in 1960s, Hong Kong Junior Chamber became more concerned with membership development and began to strive for more opportunities in leadership training and to step up work for betterment of the community.

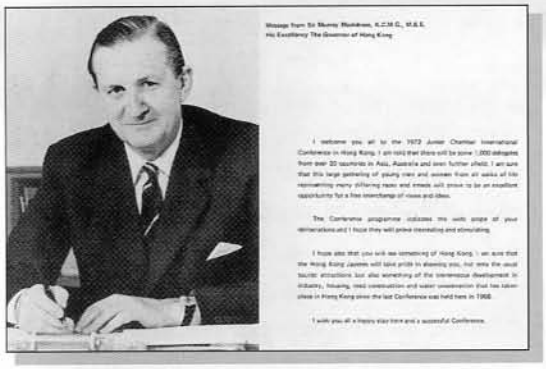

The TOYP was first introduced by Hong Kong Junior Chamber of Commerce in 1970. His Excellency The Governor was the Patron.

Flashback 1970's - Many First and Meaningful Projects

Stepping into the decade of the 70's and after the celebration of the Silver Jubilee Anniversary, it marked the beginning of an expansion in chapters and rapid increase in international awareness of their high standard of administration activities.

History of Junior Chamber International Hong Kong

His Excellency the Governor Sir Murray Maclehose sent his message to welcome the delegates of JCI Regional Conference.

It was a memorable period which had many encouraging rewards and meaningful projects carried out. Five more chapters were formed. JCI Asia Pacific Conferences were again hosted in Hong Kong in 1972 & 1979.

In 1974, during the World Congress held in Auckland, Hong Kong Junior Chamber won the first Local Organization Member (LOM) Award and the JCI Presidential Award and the JCI Presidential Award of Excellence in NOM management.

Three years later, Hong Kong Junior Chamber was awarded the JCI Presidential Award of Excellence for Outstanding Achievement in Chapter Extension with an increase of 25%, and the JCI Presidential Award of Excellence for Outstanding Achievement in Growth with an increase of over 50% in membership in the year of 1979.

The Jaycee owned Chamber Office was opened in the year 1977 with the help of the Trust Fund, which further enhanced the sense of belonging of members in the Jaycee family.

Many well-known projects were initiated and received wide publicity. To name a few:

- The first 'Outstanding Young Men Award' was launched (forerunner of the 'Ten Outstanding Young Persons Selection' (TOYP) program which received increasing support and commendation from the public until now).
- The 'Exchange program' in 1971 was the first Youth Voyage which deepened the cultural exchange and understanding between Hong Kong and Japan.
- The first 'Solar Heating System' installed in Wu Kai Sha Youth Camp received the first LOM award in JCI World Congress.
- The much acclaimed 'Earth Population Awareness Program' which propagandized the slogan: 'One is cute; Two is ideal; Three is too much for the bill, Four breaks the family quilt' was adopted by The Family Planning Association as a slogan for family planning education program.
- The "Pop Folk" Concert in those days was the only outdoor concert attracted the youths in Hong Kong.
- The 'Eye Care Campaign' and 'Kidney Donation Campaign' etc. projected the importance of health.

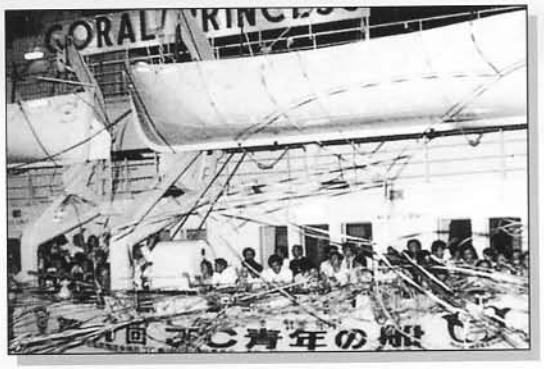

For the first time in Hong Kong, two toys libraries for children were set up by Jaycees in Tze Wan Shan and Tuen Mun.

Flashback 1980's - Challenging Decade

The Jaycee movement in the 80's was confronted with many challenges but at the same time opened up many new and exciting opportunities.

More LOMs were added to the Jaycee family in the 80's, increasing the total membership to over 1,300 and 19 chapters, in which two chapters - Macau Jaycees and Hou Kong Jaycees in Macau - formed the Macau Jaycees and affiliated with JCI as an independent National Organization Member at the end of 1988.

With more energetic young persons joining the Jaycees, many meaningful and innovative projects were held, such as 'Young Scientists Awards', 'The International Children Drawing Competition & Exhibition', 'Chunk-Click and Go', 'Spread the Lights', 'Good Children Awards', 'Courtesy Campaign', 'N. T. Regional Outstanding Student Selection' and 'Road Safety Campaign' etc.

To echo the 1986 theme of Hong Kong Junior Chamber of Commerce "Training the Youth, Heading for Peace", 100 pigeons were released into the sky of Statue Square in Central.

1983 Theme Project, "A Diversified Economy, Future Stability & Prosperity", won The Best NOM Theme Project Award during the 19th World Congress held in Taipei in Nov 1983.

The first-ever JC delegation to visit Beijing, received by All Youth Federation.

There were also honorable and glamorous moments for Hong Kong Junior Chamber in the 80's. Senator Jennifer Yu was elected as the first Lady World President for 1988. Four TOYP awardees of Hong Kong were separately honored as recipients of the Outstanding Young Person of the World Award during the JCI World Congresses in the years 1983, 1984, 1985 and 1988. Furthermore, three lady National Presidents were elected, and led the Hong Kong Junior Chamber of Commerce in 1983, 1987 and 1989 respectively.

Approaching the end of 1980's, Hong Kong Junior Chamber was faced with many public issues as did the community at large. Even so, the Hong Kong Junior Chamber still pressed on with the mission of community involvement and played an important role as training organization for young people.

History of Junior Chamber International Hong Kong

Hong Kong Junior Chamber had the honor to be invited to participate in the first 'Youth Rally' of the 'Youth Festival' in December 1989. Relationship with outside youth organizations and Government was further strengthened and the image of Jaycees in the eyes of the public was also kept up.

Flashback 1990's - Scaling New Heights

Entering the nineties - a decade of change and transition - the Hong Kong Junior Chamber continued to uphold its mission of advocating social responsibility among young people. In the first-ever direct election in Hong Kong in 1991, the "One Plus One - Support Direct Election" campaign was organized by all 17 local chapters, once again marking the Jaycees' active participation in civic affairs.

The Chief Secretary Sir David Ford joined hands with the Jaycees in the grand opening of the JCI Hong Kong Congress

In 1993, the Hong Kong Junior Chamber hosted the JCI World Congress, an event that attracted more than 6,000 delegates from over 100 countries around the world. 30 years had elapsed since the Hong Kong Jaycees last hosted the World Congress in 1962 with wide acclaim.

The decade of the nineties also witnessed a series of improvement programs within the organization. With funding support from the Hong Kong Junior Chamber Trust Fund a new office in Sheung Wan was acquired in 1990 to provide a more spacious training and meeting facility for the Junior Chamber's 1,500 strong membership. The "National Business Network" (NBN) and the "Training and Development Committee" (TDC) were subsequently established to offer a wider scope of networking and development opportunities for the members.

Since 1996, the Hong Kong Junior Chamber has been actively involved in the "Right Decisions Program". The project, originated by JCI and executed on a worldwide level, promulgates the importance of youngsters in making the right choice for their actions. The "Right Decisions Program" has been implemented in primary and secondary schools since 1998.

NP Daniel Cham joined the HK delegation to take part in the "International Model United Nation" organized by the UN and JCI. JC delegates and NGO representatives from all over the world took part in the 5-day event in the UN Headquarters.

Besides serious training schedule, members also had moment for rejoice in Vanguard Leaders, a prominent training originated by JCI.

Hong Kong Junior Chamber participated in "上環繽紛夜市慶千禧". Professor Right Decisions was well recognized by the public.

Flashback 2000's - Now and the Future

While celebrating the 50th Anniversary in year 2000, we renewed our pledge of traditional commitment to work for community betterment and for the happiness and prosperity of the territory. We continue to provide high quality training programs and learning opportunities to members, and cultivate their sense of belonging to civic matters such as 'Right Decisions Program', 'Basic and Advanced Leadership Management Training', 'You and I bring Hong Kong Back', etc.

In 2001, it was the first time in the history of Ten Outstanding Young Persons Selection that a Community Service Day was included. The purpose of this was to bring the message that the awardees of TOYP Selection will take the lead to serve the community especially the less concerned group. On October 28, the awardees of 2001 TOYP Selection together with hundreds of members of HKJC, disabled persons, students and volunteers participated in creating a giant paper flower sculpture made up by over 73,000 pieces of paper flowers. All the paper flowers were hand-made by disabled persons, students, and volunteers. Through the challenge of setting world record, public concern on the employment opportunities of disabled people in Hong Kong was aroused. Besides, fund for the first self-financed floral workshop of Hong Kong Federation of Handicapped Youth was raised through the event.

In line with the adoption of JCI Corporate Identity Program in 2003 Copenhagen World Congress, Hong Kong Junior Chamber changed its name to Junior Chamber International Hong Kong in 2004 and acquired a new office in Sheung Wan to accommodate our future expansion.

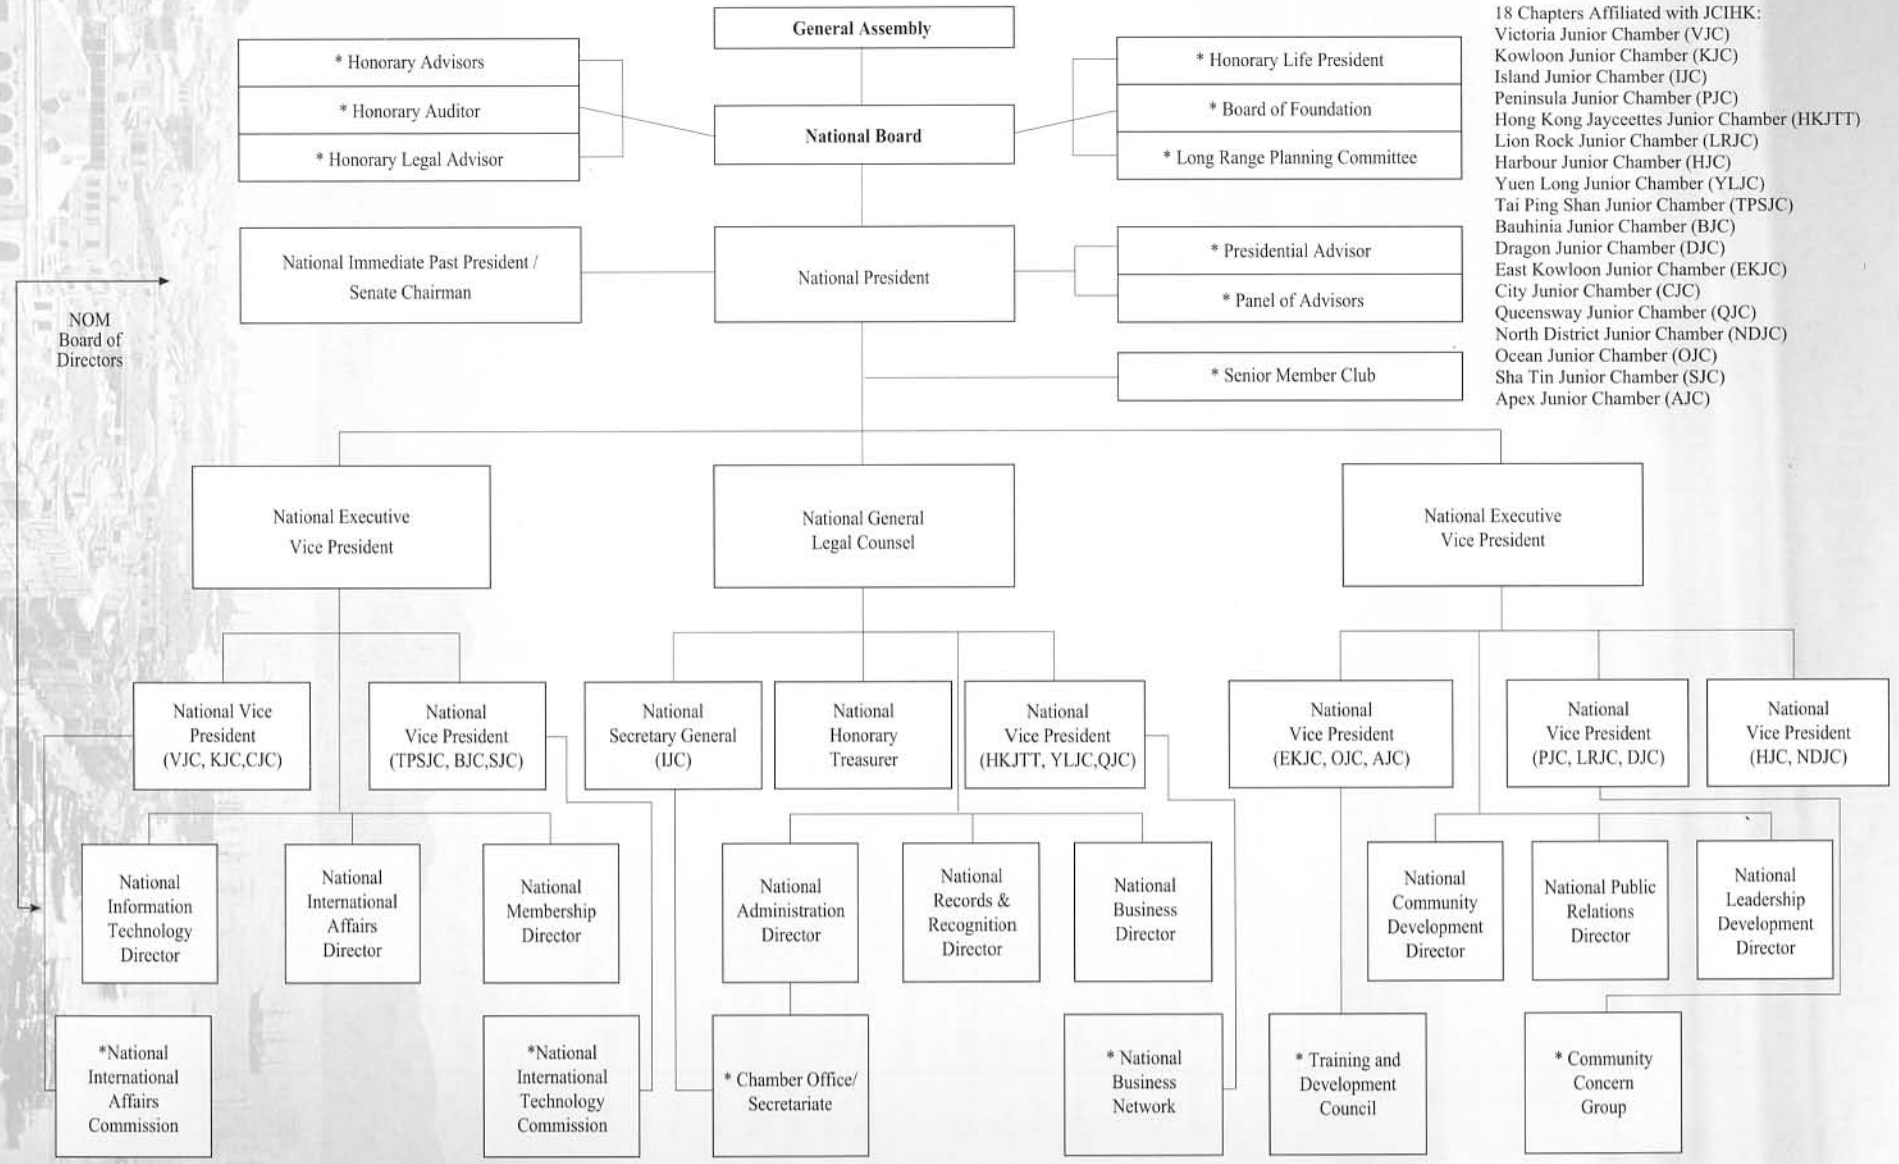

First time online interview with JCI President Karyn Bisdee was broadcasted to the world during her visit to Hong Kong.

They organized "Health Republic" project, providing youth generation the better living and mutual trust idea. The "2004 Poetry Network Poetry Award" received over 15,000 entries.

Sha Tin Junior Chamber

Sha Tin Junior Chamber is one of the few local chapters that establishes strong connection with the local community i.e. Sha Tin District. Her Patron is the Sha Tin District Officer. During the outbreak of SARS in March 2003, she completed a "Warm Masks for Sha Tin" project to source and distribute 35,000 surgical masks directly to elders for the urgent need of elderly homes and centers just within 3 days. Furthermore, she arranged "Secondary School Creative Business Operation Scheme" project in 2004 with YMCA to provide students with the opportunity to earn practical entrepreneurship by selling creative and innovative products. In 2005, the concern of environment protection to the public was aroused by our series of large scale campaigns, LOVE OF THE EARTH 2005. The Chapter will act on valuable issues and time through her energetic members so as to create positive change and young leaders.

Apex Junior Chamber

With a history of a decade, 2 National Presidents are from the Apex Junior Chamber. The Chapter, formed in 1994, is a mixed gender chapter using Putonghua as the official language. Apart from being the youngest and the most energetic, the Chapter demonstrates her proficiency by winning different awards, such as awards on the Most Outstanding New LOM, Outstanding Chapter, Future of Children, Outstanding World Wide Web and Membership Extension. The Chapter paid attention to the growth of the new generation by organizing projects like "Little Chef Cooking Contest cum Children Health Carnival" and the "Care on Children with Learning Difficulties". In 2004, the 1st "Love & Care" Children Putonghua Singing contest successful aroused the interest of primary school children in learning Putonghua with fun. This year Apex Junior Chamber focus on more projects which arouse public awareness on China affairs such as Chinese corporates interview and webcasting project.

Community

Better Hong Kong, Together We Care 美好香港 同心關懷獻社群

This UNMDG (United Nations Millennium Development Goals) Project - "Better Hong Kong, Together We Care" aims to arouse the awareness of the community towards poverty, especially among the middle class in Hong Kong. Through social services activities and various projects organized by the 18 chapters of JCIHK, we believe that our JC members can share the responsibility to fight against poverty.

This event aims at promoting the message that "WE CARE" for the community we are living in. As one of the important pillars of society, our JC members would like to show our love and concern towards the less privileged people. We will promote the joint effort of our 18 chapters in creating an inclusive society with better equality to the public. Furthermore, we will introduce the UN Millennium Goals to the participants and so that we may have some reflections to our lives. In fact, Our events were successfully held on 12 June 2005 and 19 September 2005 with the presence of a number of important guests.

In September 2000, at the UN Millennium Summit, world leaders agreed to a set of time-bound and measurable goals and targets for combating poverty, hunger, disease, illiteracy, environmental degradation and discrimination against women.

Placed at the heart of the global agenda, they are now called the "UNMDGs" and include eight main goals:

Goal 1: Eradicate extreme poverty and hunger
Goal 2: Achieve universal primary education
Goal 3: Promote gender equality and empower women
Goal 4: Reduce child mortality
Goal 5: Improve maternal health
Goal 6: Combat HIV/AIDS, malaria and other diseases
Goal 7: Ensure environmental sustainability
Goal 8: Develop a global partnership for development

The MDGs provide a framework for the entire UN system to work coherently together towards a common end. In this context, the world is making progress toward the MDGs, but it is uneven and too slow. A large majority of nations will reach the MDGs only if they get substantial support, advocacy, expertise and resources - from outside sources, such as Non-Governmental Organizations (NGOs) like JCI.

For more information, please go to:
http://www.un.org/millenniumgoals/
http://www.jci.cc/members/info.php?lang_id=3&info_id=2065&sidebar_id=2060

The Millennium Development Goal (MDG) for the Area A (Asia Pacific Region), United Nations (UN) is "Eradicate extreme poverty and hunger" (消滅極端貧窮和饑餓). Its aim is to reduce by half the proportion of people living on less than a dollar a day and reduce by half the proportion of people who suffer from hunger. Though Hong Kong is not in the extreme edge of poverty and hunger, "helping the poor and alleviating poverty" is an important theme in the Policy Address delivered by the Chief Executive on 12 January 2005. As poverty alleviation involves many policy areas, the Chief Executive announced the decision to establish a Commission to alleviate poverty to be chaired by the Financial Secretary.

On the other hand, in the 1999 Policy Address of Chief Executive, SAR Hong Kong, it is our endeavour to building Hong Kong into a world-class city and making Hong Kong a clean, comfortable and pleasant home would require a fundamental change of mindset. Every citizen, every business, every Government Department and Bureau needs to start working in partnership to achieve sustainable development. Sustainable development, according to the World Commission on Environment and Development, is "development that meets the needs of the present without compromising the ability of future generations to meet their own needs." ["Our Common Future", 1987].

As a metropolitan city, Hong Kong young people should have the worldview that we are one of the global villagers. We have to share our responsibility to develop an inclusive and equal society with sustainable development. JCI as one of an important worldwide non-governmental organization in the civil society which share the responsibility of collaborating the effort of government, NGO and commercial world (i.e. Goal 8 - Develop a global partnership for development).

To echo with the Policy Address, Junior Chamber International HK is proposing to organize a "Better Hong Kong, Together We Care" Project in June 2005. We would like to promote the 8 UNMDGs to the public of Hong Kong with special highlights on Goal 1 "Eradicate extreme poverty and hunger" and Goal 8 - "Develop a global partnership for development."
