PATRON

H.E. THE GOVERNOR

SIR MURRAY MACLEHOSE, K.C.M.G., M.B.E.

AN INTRODUCTION OF THE TEN OUTSTANDING YOUNG PERSONS SELECTION

1. Purpose

This project seeks to give communal recognition to the young people of Hong Kong whose dedication to their profession or life undertaking, has resulted in exceptional achievements in the form of significant contributions to the progress or welfare of the community at large, or to the advancement of their respective fields of endeavour.

The project aimed at attracting public attention, and giving proper recognition to the outstanding achievements of the winning candidates. They will then serve as inspirational examples to young people of Hong Kong to forge ahead to greater development of the community.

2. History

The history of the Ten Outstanding Young Persons Selection dated far back in 1938, when it was first organised by American Jaycees and won wide-spread support from the community. Many of the recruits become eminent people later in their career.

To name some of them, the late President John Kennedy was selected at the age of 29 in 1946, when he was the Senator of Massachusetts. The former President Richard Nixon was selected in 1947 at the age of 34, when he was the Senator of California, being recognised for his outstanding contribution in Foreign Aids programmes.

3. Introduction to Hong Kong

The Ten Outstanding Young Persons Selection was first introduced to Hong Kong by the Hong Kong Junior Chamber last year (1974), jointly organised by the Kowloon Jaycees and Hong Kong Jayceettes. In this project, H.E. the Governor was the Patron. On the whole, it was very well received by the public. Because of this success, it is organised for second time this year by Kowloon Jaycees.

4. Nomination and Selection

Nomination to the Selection is open to any person between the age of 21 to 40, who have resided in Hong Kong for 5 years or over.

The criteria of Selection are based on the nominee's outstanding achievements in any of the following areas:

- contribution to Community
- Struggle History
- Professional achievements
- Other considerations

The judging process is entirely independent of the Jaycees and is undertaken by third-party professionals. All nominations are preliminarily screened by Peat, Marwick, Mitchell & Co., Management Consultants.

A short-list of candidates is then interviewed and judged by the judging panel, who would decide on the awardees.

5. Future Plans

The project will continue to be organised every year by the Hong Kong Junior Chamber. We believe that by consistantly promoting the Selection, and arousing public recognition of its meaning and importance, the objectives of the project will be truly fulfilled.

Particulars of Awardees

Due to limitations of time for printing, it has not been possible to incorporate the details on the individual awardees within the body of this Souvenir Programme. You are requested to refer to the enclosed leaflet which separately describes the particulars of these outstanding young persons.

M E S S A G E

from

the

NATIONAL PRESIDENT

MR. PETER C. TSANG

One of Hong Kong's greatest assets is its Youth. In recent years, it has become more apparent of the increasing involvement and contribution put in by our energetic and enthusiastic young people. They have in their own unique ways successfully blended together their words and deeds, and their influence and impact can be detected in every corner of our community.

However, we tend to neglect the vital parts they are playing, we tend to smile obligingly at their accomplishments and take their achievements and endeavours as a matter of course. It is high time for the community to bestow proper recognition to these well-meaning young persons. For few things can be more incentive and more proper than due recognition at the right time and in the right place.

On the other hand, let me urge our Awardees to contemplate on their well-earned recognition, to be jubilant and yet be humble enough to realize that they are not the benefactors of their deeds but more appropriately, they are the beneficiaries. The winning of the Outstanding Young Persons Award should by no means be an end in itself, but rather, it should serve as a milestone in the course of a lifelong endeavour towards the betterment of human life.

May I offer our 1975 Awardees my sincerest congratulation, and may I hope that our TOYP Award will forever serve as an eternal inspiration to them to achieve greater heights.

PETER C. TSANG

MESSAGE FROM THE PROJECT CHAIRMAN, K.H. WUN

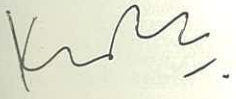

I would like to open my message with a series of thanks to the numerous persons and organisations who have contributed in one way or another to the organisation of this "TEN OUTSTANDING YOUNG PERSONS" Selection, 1975. We are greatly indebted to H. E. the Governor, Sir Murray MacLehose, who gave great honour to us by consenting to be our Patron. Thanks are also due to our sponsors, judges, selection consultants (whose names are separately listed) and above all, the press and other public media who have given our Project great coverage through their publicity channels.

Of course, I am greatly indebted to my hardworking committee, to whom all credits should go. The past year has been a tremendously interesting and rewarding year for me, greatly because of the opportunities to work with this faithful and brilliant team of young men.

My committee and I have no doubts to the principles and objectives of the TOYP Project. And it is certainly gratifying to see so much favourable response confirming our belief. It is obvious, though, that there would be room for improvements as far as the actual organisation is concerned. For that matter, I hope that our experiences this year will prove useful to the organisers of the Project in 1976.

One thing for certain, however, is that the TOYP Project will flourish, and will become an important event in the minds of every young person in Hong Kong.

While congratulating the winners this year, therefore, I look forward to witnessing the success of the next year's Project and its awardees.

K. H. WUN

Message from Michael W.W. Chan
President
Kowloon Jaycees
December 1, 1975.

This year our Chapter solely organized the second "Ten Outstanding Young Persons Selection" which has been carried out efficiently and successfully. We received very favourite responses and had many nominations from various aspects of community. I strongly believe that this project will be recongized as one of the most important project of Hong Kong Junior Chamber in promoting the image of Jaycees since the printing, presentation, judging criteria, promotion and publicity were done at professional standard by the organizing committee.

I wish to take this opportunity to express our sincere appreciation to those organizations, institutions and persons who helped us in promoting, organizing and financing this project.

I congratulate the selected out-standing young persons and thank the nominators who discovered them.

Michael W.W. Chan

MODERN FILING EQUIPMENT

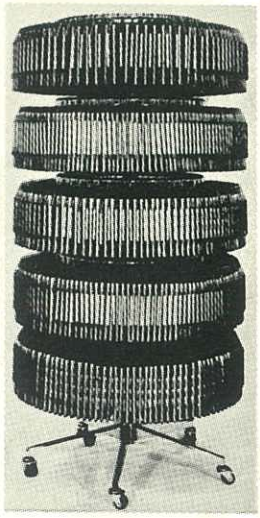

Flexiform office systems

Flexibility, Adaptability and Economy.

Flexibility and adaptability to individual requirements are the core of the Flexiform system. Of equal importance is the fact that the Flexiform system effects an amazing economy in the use of floor space. All too often a perpetual brake is put on office efficiency by cumbersome out-of-date office equipment; frequently only half-used, difficult to handle and wasteful of floor space. Flexiform removes these shortcomings.

Master Units.

The system consists of steel or wood Master Units of varying heights, into which can be fitted a wide range of specially designed components to cover an infinite variety of principle office requirements, such as filing, card index systems, mail sorting, stationery, plans, computer printout etc.

Circular rotary filing

The Giroblique system is designed for A4 filing in lateral suspended pockets for situations demanding constant reference by personnel grouped together as an integral working unit. Three-tier and five-tier units are available. Their construction enables the tiers to rotate in either direction independently. The steel base of these units is fitted with five double castors and is easily moved. The three-tier unit is 1,000 mm in diameter, 1,260 mm high and has a capacity of 375 pockets.
The five-tier unit is 1,000 mm in diameter, 1,920 mm high and has a capacity of 625 pockets.

The Toyota Carina is a family car. But its also a car for the man who would "rather drive a sports car." The engine and suspension are identical to the Celica L.T.—Toyota's classic model, only the body and passenger compartment are different. The Carina is truly a pleasure to drive, with all instruments and controls designed for effortless handling.
For the family man, definitely.
But a family man who is still a motor sportsman.
