INAUGURAL BALL 2007

First and most solemn event of JCIHK 2007

Mr. Li Gang, Deputy Director of Liaison Office of the Central People's Government in the HKSAR, Mrs. Rita Fan, GBS JP, President of Legislative Council, Mr. Kevin Kuo, JCIVP and Ms Amy Chan, President of TOYPA, were just some of the supporters who made the JCIHK 2007 Inaugural Ball a dazzling and spectacularly successful evening!

On the 20th of January, JCIHK held their Inaugural Ball 2007 at Room 301, Hong Kong Convention and Exhibition Centre. Over 300 guests attended – some were current members, but it was good to see many guests and old friends from earlier years who came to join this important JC function. The evening began with a champagne and cocktail reception and was followed by the children singing "A Whole New World", which is the main song of Disney movie Aladdin. The song is a love ballad where Aladdin and Jasmine sing to each other about the new world they are going to discover together.

The handover ceremony was the highlighted session of the night. All NOM and LOMs board members were sworn in publicly and committed to grow the organization together. Our National President, Senator Clement Woo, gave his wholehearted thanks to the honourable guests and a delightful speech encouraging all members to work hand in hand to make positive changes to ourselves, our families as well as our communities. Success is not for those who believe they can do something, but for those who make it a reality. All NOM and LOM officers, hope you can make it and have a truly memorable year!

Inaugural Ball has another important function. We raised over HK$300,000 to continue the JCIHK's work to benefit the community and ourselves. Thank you very much to everyone who supported the evening from organizing committee to the sponsors and the guests. It was a truly memorable event of the JCIHK.

Mission of 2007 – Be Better

The mission of Junior Chamber International Hong Kong (JCIHK) is to provide opportunity for young people to develop their leadership skills, social responsibility, entrepreneurship, and fellowship necessary to create positive changes.

Harbour Lights serves as the official publication of JCIHK by promoting and reporting our activities to members. In addition, it runs as a marketing tool in promoting our JCIHK brand and image to non-members including local universities, as well as both domestic and overseas professional organisations.

"Be Better" is the JCI theme for 2007. To echo with the global theme, we will endeavor to improve in 3 areas, namely publication layout, editorial coverage, and training opportunities.

- A brand new publication layout: It is delivered to you with this issue. We hope you like it.
- A new Chinese supplement in the 2nd and 3rd issue of Harbour Lights.
- Training opportunity: We will provide opportunity for members to interview celebrities and outstanding JC members.

We need your support in making positive changes. If you are interested in joining our publication team, please feel free to contact me at: jenny.wong@jcihk.org

JCI Creed

We believe:

- That faith in God gives meaning and purpose to human life;
- That the brotherhood of man transcends the sovereignty of nations;
- That economic justice can best be won by free men through free enterprise;
- That government should be of laws rather than of men;
- That earth's great treasure lies in human personality;
- And that service to humanity is the best work of life.

MESSAGE FROM NATIONAL PRESIDENT

Dear fellow Junior Chamber members,

Fuelled by the festive season that has been taken place recently, I would like to wish you all an auspicious 2007 and the Year of Pig. I would also like to take this opportunity to thank all members of Junior Chamber International Hong Kong for your support to the 2007 National Board of Directors and our activities.

2007 is a special year for all of us in Hong Kong. It marks the 10th Anniversary of the establishment of the Hong Kong Special Administrative Region. We also celebrate and prepare for the 2008 Olympic Games to be hosted in Beijing.

The 2007 JCIHK Presidential Theme is "Be Better" (追求卓越), while our slogan is "Lead to Learn, Learn to Lead" (領導學習　學習領導). We always stress the importance of providing a learning-by-doing environment for our members. Our members assume different positions and they take up different kinds of projects each year allowing them to polish their leadership skills, to widen their horizons and eventually leading to positive changes. We will continue to lead our members to learn, learning how to become better leaders in business and in the community. Besides our Flagship Project – Ten Outstanding Young Persons Selection, we will also organize a program named as "Entrepreneurs in Action 2007". It aims to provide Entrepreneurship and Leadership training for both JC members and outsiders. Our Training Institute will further develop to provide training programs to companies and the general public. We will also strengthen our relationship with the Government and other well-known associations in order to build up our image. Business networking events have been organized with other business associations in Hong Kong and in Mainland China.

To facilitate our mission of serving the community, I would encourage each Chapter to work closely with a local district office and district council. By doing so, I believe that synergy would be created for JCIHK to contribute to the betterment of the society as a whole while chapters' projects are responsive to district and community needs.

JC members are well known for being occupied with busy schedule. We should always remember to achieve a healthy, balanced life between Family, Career and Junior Chamber.
I look forward to having a fruitful 2007 for JCIHK with you. And I wish you will become Better Leaders in JC, in your professions, in business and in the community.

Clement Woo
2007 National President

JCI VP Senator Kevin Kuo's Visit

JCI Vice President assigned to Hong Kong, Senator Kevin Kuo, paid an official visit to us from January 19 to 21, 2007.

We greeted him at the Hong Kong International Airport in the very early morning, and then visited various young entrepreneurs, government officials and legislatures right after.

On the next day we arranged a sharing meeting with our National and Chapters' leaders, while Kevin inspired us on the most updated JC information and vision on "Be Better". After a relax lunch reception with members including senior members, he attended our Inaugural Ball 2007 as one of our guests of honor.

As he needed to return to Taiwan for work, we greeted him all the best on the last day at the airport. It was a wonderful experience to share with JCI Vice President during a very short but fruitful visit in the January and we all wish he will come to visit Hong Kong again during 2007.

1 2 2007 SMC made a head start in the first Executive Committee Meeting on 3rd January. The 10th Year Plan of SMC was unfolded with various support to JCIHK activities and a heightened initiative to reach LOM and their SMC. Apart from the many gatherings and trips, the 10th Anniversary Celebration was scheduled for December and hope to see a grand re-union of senior members. National President Senator Clement Woo and Ex-Officio NIPP Senator James Tsui greeted all Happy New Year and thanked their ceaseless support to JCIHK.

3 4 5 The SMC Ex-com and LOM SMC coordinators had a good time in the luncheon hosted by SMC Hon. Life Patron PWP Senator Jennifer Yu and JCI Foundation Chairman Senator Sonny Yu. This first event of SMC strengthened the many years of friendship of veteran JCs and there were heartily laughters throughout the hours.

6 7 8 Chairman Dickson Kung had a business schedule in January, participating in nearly all National and chapter functions.

專訪1988年世界會長余葉展華參議員

余：余葉展華參議員

徐：參議會主席徐小龍參議員

徐：首先多謝1988年世界會長余葉展華參議員接受訪問，作為前世界會長，可否分享設立國際青商參議員之目的？

余：國際青商參議員是一項頒予青商會員之終身榮譽，須經其所屬分會提名，以表揚彼等對青商組織之卓越貢獻，藉此頒予參議員榮譽。同時，亦對國際青年商會財政上有所幫助，除此之外，本人認為作為參議員， 明白此乃終身榮譽亦應繼續支持及貢獻其分會或總會，如出席活動或分享青商經驗予會員，而最重要更可成為青商的Role Model。

徐：近年資深青商會在聯繫工作上有相當成績，有人覺得參議員相對比了下去　這方面有怎樣的看法？

余：我同意資深青商會工作上成績有不錯的表現但我想提醒大家大部份參議員亦是資深青商會員　首先不應特別分開參議員或是資深青商會員，再者參議員不論是普通會員還是資深青商會員　都是會員的一種，仍是青商的一份子只不過擔當的角色有所不同　所以我更鼓勵多一些參議員應該積極及主動參與或分享。

徐：我亦欣賞您跟前總會會長余振宇參議員多年仍積極推動青商運動及扶掖後輩，實在是我們的模範!

余：不敢當。除了我們還有很多參議員亦是背後默默支持。例如前總會會長利榮森參議員，多年來十大傑青工作計劃在TVB特輯或尋找贊助商都是得他協助。還有很多參議員亦擔當分會顧問職位。我希望你邀請其他資深參議員來介紹或訪問。

徐：這正是今年的計劃，請繼續留意Harbour Lights。多謝!

History of JCI Senatorship

PWP Philip T. R. Pugsley, who was elected in 1951 at the 6th JCI World Congress in Montreal, Canada, had a long association with the Jaycee movement at the local, national and international level.

Pugsley was devoted to support the global growth and development of JCI and provided members lasting means to repay the organization for all it has given them. During his travels as JCI World President, Pugsley investigated why chapters were awarding trophies and trinkets to commemorate outstanding service of members. He believed the funds could be better utilized to support expansion of the Jaycee movement.

Pugsley conceived the idea of the Senatorship as a distinct honor by which to recognize achievements of outstanding members, while also enabling them to retain contact with the organization for life. Through his efforts, the JCI Senate was formed in 1952 at the 7th JCI World Congress in Melbourne, Australia. Now, there are over 60,000 JC senators around the world.

Better Enterprise - "Innovation, Local Network and Global Market"

Since the launch of "Entrepreneurs in Action (EIA) - Program for New Era Leaders 2006", NOM received overwhelming response from the government, commercial and the media sectors. The brand name of our JCIHK was greatly enhanced.

In order to continue the success of EIA 2006, and to echo 2007 JCI theme – 'Be Better", the theme of EIA 2007 is "Better Enterprise - Innovation, Local Network and Global Market".

And three directions are identified to strengthen and to motivate the participation of local chapters and sponsors. They are:

- **Better Entrepreneur:** Creativity, Innovation, business strategies, leadership
- **Better Management:** Marketing management, IT technology development, Social responsibility
- **Better Communication:** Local network management, syndication of China and the world market,

Better Enterprise "Innovation, Local Network and Global Market" will be composed of four events as follows:

- **Kick-off and Business workshop**

Open eye in Kyoto Convention

Kyoto New Year Convention 2007

It is a tradition for JCI Japan to have Kyoto New Year Convention as start of the year. The Kyoto Convention this year was held from Jan 19 to 21, 2007. During this period, all JCI Japan members will be gathered in the convention. Area B NOMs will also be invited to join. It is my honor to join the convention as JCIHK representative this year.

I arrived at the Japan Kansai Airport at 7am on 19 Jan. To my surprise, once I checked-out, I found several JCI Japan members were waiting for me at the airport. They then drove me to the hotel. The journey took 2 hours. It means that they drove at 5am to airport to pick me up. This was my first impression of the event. In the rest of the days in Japan, they demonstrated on what a well-organized event is. Each group of delegates was distributed with their own schedule. The events included sightseeing, conferences, parties and etc. JCI Japan members were assigned to escort delegates in each event. However they did not have any handover problems and also you would never be alone once you stepped out the hotel until you returned to the hotel.

It was a great experience to me. I made a lot of Japanese friends. Also JCI Japan is really a good model for learning and I learnt a lot from them. International development is one of the most valuable chances provided by JCI. It widens one's view, also encourages for cultural exchanges. So we can realize "the brotherhood of men transcends the sovereignty of nations" in JCI creed, it creates worldwide co-operation for prosperity and world peace.

There are at least two more important International events, Taiwan Chung-Li ASPAC and Turkey Antalya World Congress, this year. I hope every member will treasure the chance and we can meet foreign friends together in coming events.

Let's "Enhance your Professional Network, Meet your Expectations" with VJC

Our "2007 Inauguration" was successfully held at the Regal Hong Kong Hotel on January 22. It was our utmost pleasure to have The Honorable Mr. Bernard Chan, GBS, JP as our Guest of Honour. We specially thanked National President Senator Clement, all NOM Officers, Chapter Presidents and LOM Officers' enormous supports.
This year our theme is "Enhance your Professional Network, Meet your Expectations". And we set 3 goals in order to orchestra with our main theme. They are:

1. *To enhance professional image:*
   From head to toe to portray our professionalism through dynamic projects, uniform, and a team of diversified professional members;

2. *To expand geographical network:*
   We aim at expanding our projects geographically from Hong Kong to Mainland China and Asia countries, as well, inviting more supporting organizations to participate in our projects;

3. *To enhance individual development opportunities:*
   We organize "The Professional Series" which include our flagship projects - Innobrand 2007, Grandparents Day 2007, a series of management training workshops, as well as leadership development seminars, in addition to relaxing social gathering activities.

The "Professional Training Series I: Professional Officer Training" was held on January 7. The training aims at enhancing skills and knowledge for organizing projects for this year. Our IT Commission delivered a practical lesson on using IT facilities. It helped to enhance the efficiency and VJC web maintenance. We also had Senator Duncan Tai as our trainer for project management and meeting skills. Over 80% of our board members and officers attended. Community Development Project - Self Development through Serving our Community

Under the JCI 4 areas of development opportunities, community development projects organized by Hong Kong Jayceettes Junior Chamber have received encouraging recognition over the years. Since our establishment in 1969, we had organized a wide range of community development projects covering different walks of life in the community, different social issues and they were well-received by the community. Through organizing these programs, members have identified social needs and issues, thereby helped to improve the well-being of our community.

In 2007, we will be launching the Breast Cancer Awareness Campaign（「乳」您有約）in March. Recent statistics have shown that 1 out of 23 ladies are suffered from Breast Cancer. There are on average 5 new cases found every day. Breast Cancer is the number 3 cancer killer, following lung cancer and colorectal cancer. It was commonly presumed that breast cancer will only happen to ladies over 40. However, recent statistics reviewed that the average age of the breast cancer patients has been decreasing, meaning more young ladies have caught the disease.

According to medical experts, the most effective way to cure the disease is by early detection. The earlier the disease is detected, the better chance the patient will recover. We would launch a "Breast Cancer Awareness Campaign" in March 2007 to arise the breast cancer awareness among the younger generation, including young lady executives, young mothers and students through interactive seminars, booths and information board.

Dragon Junior Chamber has been awarded the **Caring Organization Logo 2006/07**, by the Hong Kong Council of Social Service (HKCSS) , which is our 2nd year to have this award in recognition of our chapter's corporate citizenship and our efforts in caring for the community.

We have achieved the criteria of **"Volunteering"** and **"Partnering"** in the Caring Company Scheme.

In the past one year, partnering with Hong Kong Federation of Youth Groups (HKFYG), our members and I had been actively participating in the Youth Business Hong Kong (YBHK) project. We brainstormed with youngsters on their business ideas, we arranged seminars on business related topics, and we provided mentorship to startup businesses that successfully entered the program. It was great to see that we have created the entrepreneurs of tomorrow by conveying our experience and professionalism, and it was also great to see that they are growing day by day.

前人有說：【解決疑難，由容易的做起，做大事，必先從細微的地方著手。難事從容易做起　大事從小事做起，必能事半功倍】所以作為會長　一個超過二百會員之分會，不但要做好每一項工作；也要從細微的地方著手、平衡各方，作前瞻性的決定。

踏入2007年，城市青年商會的新任董事局成員已不斷努力籌備各項工作。

商務發展組別的【創意創業大賞】，成功得到稻香集團全數贊助未來三年的經費　而青年事務方面更獲得綠葉療膚中心全數贊助【兒童飛龍大使選舉】。而領導才能的【城市精英訓練--創意創業學堂】及社會發展工作計劃【以家為心，以國為傲】也得經費贊助。

承蒙各會友的支持　我們定當本著承先啟後的精神，繼續發揚青年商會宗旨；不遺餘力地團結會員並促進各方面的合作和友誼。
