## THE JAYCEE CREED

We believe:
That faith in God gives meaning
and purpose to human life;
That the brotherhood of man
transcends the sovereignty of nations;
That economic justice can best be won
by free man through free enterprise;
That government should be of laws
rather than of men;
That earth's great treasure
lies in human personality;
And that service to humanity
is the best work of life.

As the importance to Hong Kong's economy of adding value to the output of manufacturing and service industries steadily increases, the absorption of appropriate new technologies has become vital. Our future leaders in commerce and industry must be aware of the changes, challenges and the opportunities involved, and so the theme of "Hi Tech – Global Advancement" is a particularly opportune choice for your 1989 National Convention.

The Convention will serve to continue the Hong Kong Junior Chamber of Commerce's tradition of using seminars, training programmes and community projects to enhance the leadership skills of our young people. I wish it every success.

# Hong Kong Telephone

Voluntary and charitable organisations are the breeding grounds for individuals whose skills and expertise are valuable assets to the community at large.

The enthusiasm and idealism thus fired are in turn ploughed back into society making leaders out of young men and women.

In times of great prosperity, the contribution made as a result firmly lodges the foundation of community involvement and growth. In less optimistic times, when the socio-political clime requires a boost in morale, that foundation is called into play with those young men and women leading the way.

The significant undertakings of the Hong Kong Junior Chamber of Commerce year in and year out attest to the kind of commitment that is of paramount importance to Hong Kong today and especially to the Hong Kong of tomorrow.

Hong Kong Telephone salutes this commitment, one which it shares in equal fervour, and would like to take this opportunity to wish the 24th National Convention every success.

# Message From JCI Immediate Past President

Warm Greetings to all members of the Hong Kong Junior Chamber of Commerce on the occasion of the 24th National Convention.

The eventful 1989 has further strengthened our belief in the need to shape our own future and that of our community through positive action. The challenge for tomorrow's leaders is their commitment to action today.

Your action as Jaycees has demonstrated that Junior Chamber can contribute to Hong Kong's young people the skills and tools to meet the demanding tasks of our future community.

Let this convention continue to give you the inspiration in our mutual quest for a better tomorrow.

With best wishes for a successful 24th National Convention !

**Jaycees International**

Dear Jaycee Friends:

It is with a sense of satisfaction that I offer my congratulations to the members of the Hong Kong Junior Chamber of Commerce on the occasion of their 24th National Convention. I have had an opportunity to visit many of the 90 national organizations, having travelled to four continents on behalf of Junior Chamber. I believe that your efforts and the efforts of your predecessors have made Hong Kong Junior Chamber of Commerce among the best national organizations in the world. Your National Convention should be a time to celebrate your accomplishments and resolve to continue your momentum.

I would especially like to thank the members of the Hong Kong Jaycees for the manner in which they have embraced and supported our theme "Children's Rights for a Better Tomorrow." I would also commend Carrie Shiu Ting, Andy Yuen, and Connie Chiu, all of whom have completed the Training of Trainers in Funisawa, Japan. These three invididuals have seized the opportunity to prepare themselves for further contributions to our organization.

Please join me in commending those persons involved in your National Publications. These were recognized by the awards judges at Yokohama as outstanding in the Asia-Pacific region. The quality of your programming is also well-balanced, as evidenced by the East Kowloon Jaycees, the Ocean Jaycees, the Peninsula Jaycees and the Harbour Jaycees having been recognized for their efforts in training, community development, safety and International Affairs respectively. Hong Kong Jaycees have been characterized not only by strong local chapters but also by very dedicated individual members. Two of these are Ivy Tam and Wallace Yuen. I would like to thank both of these individuals for their able assistance at the Asia-Pacific Conference in Yokohama. I would be remiss if I did not take this opportunity to express my pleasure in having had an opportunity to work with an individual of the calibre of Junia Ho. She has represented Hong Kong Junior Chamber of Commerce with character and dignity and has, in all respects, been a wonderful ambassador for Hong Kong.

Please know that the rest of JCI appreciates your efforts as, I am sure, do you communities.

Wishing you every continued success,

Stephen Yacobi

# Message From JCI Vice President

It is with great pride and pleasure that I extend my warm personal greetings and congratulations to the officers and members of the Hong Kong Junior Chamber of Commerce on the occasion of its 24th National Convention on October 20-22, 1989.

The contribution of the Hong Kong Jaycees to the international community is well-known. Their officers and members have always been in the forefront in the various endeavors.

The civic spiritedness of the Hong Kong Jaycees and the quality of that spirit must be commended. Despite their busy schedule, the Jaycees have found time to extend a helping hand to the less fortunate brothers in the community. They have not spared their resources in the desire to share their blessing.

May this 24th National Convention be a fruitful and rewarding event.

Valencia

SERGIO O. VALENCIA
JCI Vice President

# Message From Hon. Life President

It is part of the Jaycee tradition everywhere for members to come together at a National Convention to review the work done in the year about to end and also to elect new leaders and set policy for the ensuing period.

The strength of an organization depends on the willingness of its members to give time and thought to attain its goals. For this purpose, there must be positive and progressive leadership. So must it be, all the more, with the Hong Kong Junior Chamber of Commerce in these critical times when the community stands in need of young people to help point the way by practical and effective work.

Let all those who are Jaycees prove their worth now by doing even more to make Hong Kong strong, stable and prosperous society for the direct benefit of its citizens in the new age.

A. de O. Sales
Hon. Life President

# Message From The National President

Every year, the National Convention is an important occasion for all members to express their opinions and share their ideas with fellow Jaycees from other chapters. It is also time for us to recognize the outstanding achievements of the individual and excellent projects organized during the year.

During the Convention, there are seminars and workshops which the organizing committee has thoughtfully arranged for the members.

One of the highlights of the National Convention will be the election of another group of dynamic leaders to head the organization for next year.

The Theme we have choosen for this Convention is 'HI-TECH – GLOBAL ADVANCEMENT'. Promiment speakers have been invited to speak on this topic. I hope you will all join in the discussion since we all have to equip ourselves for the everchanging technology.

As your National President, I sincerely urge each of you to fully participate in the Convention programs. I can assure you that you will benefit immensely from them.

I would like to take this opportunity to congratulate the hosting LOM – The Harbour Jaycees – for a successful convention.

To all delegates, I wish a most enjoyable and fruitful convention.

Junia Ho

# Message From President of Hosting Chapter

As the President of the Hosting Chapter of the 24th National Convention, I am indeed honoured to have this privilege to deliver this welcome message.

Having the opportunity to host the National Convention is rare. Since the last National Convention that we hosted in 1978, all our members are delighted to take up this challenge this year.

Under the capable leadership of the Convention Director Flavia, The "Harbour Spirit" are stimulated once again. With the enthusiasm and efforts devoted by every Committee Member, our objective is to mark this important event of the Hong Kong Junior Chamber of Commerce a historical one.

Fellow Jaycees and Jayceettes, if without the support and contributions from you, this function will not be great. On behalf of the Harbour Jaycees, I would like to take this opportunity to express our sincere welcome to all of you and wishing you have a memorable Convention experience here.

## II) ADMINISTRATION

### 1) Meetings

The NOM conducts Executive Committee Meetings and Board Meetings monthly. To facilitate better communications with LOMs, all LOM Presidents were invited to attend the meeting quarterly and to present their reports and chapter activities.

Three Extraordinary General Meetings were convened to adopt the major issues:

| | |
|---|---|
| January 1, 1989 | To approve the appointment of GLC |
| January 16, 1989 | To adopt the 1989 Policy Manual |
| August 14, 1989 | To adopt the amended items in the Constitution & By-Laws |

### 2) Policy Manual

The 1989 Policy Manual, chamber office administration, the standard of performance and assignments of all National Officers as well as the National projects were compiled and despatched to LOMs to serve as guidelines for the administration.

### 3) NOM Directory and Membership Information

The NOM Directory and Membership Information were updated and distributed to all NOM Board Members as well as all LOM Presidents to facilitate better administration.

### 4) The Secretariat

It is under the supervision of the Secretary General and is operated by one Chamber Office Manager, one clerk and one part-time staff. This Clubhouse also serves as a convenient meeting venue for our members and provides service to the NOM and LOMs.

### 5) Joint Directors' Meetings

To enhance better communications, Joint Directors' Meetings were convened by the National Directors with LOM Directors for at least twice in the respective areas.

COPIES BY COURTESY OF RANK XEROX

III) CLUB HOUSE

The existing Clubhouse was found insufficient for the use of our members since we have 17 LOMs and with membership of over 1,200.

An Ad Hoc Committee is formed and a director is assigned to look after ways and means in order to raise funds for buying a bigger clubhouse.

A fund-raising project in the form of film gala premiere will be organized. It is hoped that we can achieve the set target. With the continuous and unfailing support of the members, it is not too far distance that we can achieve our goal of having a new and bigger clubhouse.

IV) 1989 NOM PROGRAMS AND ACTIVITIES

1989 NOM programs and activities were adopted at the beginning of the year. During the mid year, additions were made to the year plan due to some special requirements.

Please refer to Appendix I for further information.

V) NOM FINANCE

1) Budgets for the administration and project funds were prepared and approved at the beginning of the year, and regular reviews were made during the year to ensure expenditures on projects and activities are close monitored.

2) Membership dues were collected quarterly from LOMs, based on the membership declared during the Quarterly Joint Board Meetings.

3) The Inaugural Ball was held on January 30, 1989 with a surplus of HK$83,007 which was the highest amount raised over the past years, formed the major source of funds for NOM projects and activities throughout the year.

4) Dues received from prospective members were being kept in a separate account solely for the use of repairing and maintenance of the office furniture and fixtures.

5) The income resulted from the increased in Senatorship Application Fees were kept in a separate account solely for the use of related Senators' activities only.

6) The NOM has also obtained sponsorships for its projects this year, either individually or on a package deal basis in the region of over HK$300,000 for NOM projects and activities. It is the biggest amount that we have solicited in the Jaycee history.

So far, the NOM has a very sound financial status and is expected to have a substantial amount of surplus carry forward to the next year.

VI) INDEPENDENT DEPARTMENTS

For the first time that we have set up three different departments, namely Training, Public Relations and International Affairs. The purposes of forming these departments were to motivate more members to get involved, as well as to let the LOM directors know more about their roles in these three emphasized areas in 1989. The overall objective is to bring members and LOMs closer together to enable individual members to cooperate with one another in the spirit of friendship, mutual understanding and respect.

VII) PROJECTS AND ACTIVITIES

All our projects and activities are operated under the four areas of opportunities. Since they will be reported under the respective Vice Presidents' and Directors' reports, I do not intend to go into details, but rather to share with you some of the highlights of the respective areas:-

A) Individual

Training is a priority this year. We aim to train more quality members and that is why a Training Department is being set up. Training programs at levels I, II and III are planned for different levels of members.

Programs like Training for Trainers will be organized in December. We have also planned to organize the Mind-Mapping seminar for our members and outsiders.

B) Public Relations

1) External

i) As a gesture of goodwill, courtesy visits were made by all National Officers and LOM Presidents to the Governor's House and Government Secretariat on the New Year Day.

Goodwill visits to government officials; meetings with other community leaders and representatives from Xin Hua News Agency were made from time to time.

ii) Senior government officials and members of Executive and Legislative Councils were invited to NOM projects and functions, such as:-

| | |
|---|---|
| - Mr. David Lan, Regional Secretary for Hong Kong & Kowloon as Guest of Honor at Inaugural Ball | 30/1/89 |
| - The Hon. Mrs. Rosanna Tam, Member of Executive & Legislative Councils as Guest of Honor at Children's Rights Festival Opening Ceremony | 2/7/89 |

COPIES BY COURTESY OF RANK XEROX

- Dr. The Hon. Daniel Tse, Member of Executive & Legislative Councils as Guest of Honor at Jaycee Week Opening Ceremony — 22/7/89

- The Hon. Yeung Kai Yin, Secretary for Education & Manpower as Guest of Honor at National Convention Opening Ceremony — 20/10/89

- Sir David Ford, Chief Secretary as Patron of 1989 Ten Outstanding Young Persons Selection Program and Award Presentation Ceremony — 26/11/89

These had helped uplift the image of Jaycees in the community.

iii) We have been given support by two leading newspapers. The Economic Times and Wah Kiu Yat Po are granting us a regular column for releasing NOM and LOMs' projects and activities monthly.

iv) Also, two supplements to promote the Jaycee Week project and one supplement on Children's Rights Festival were made. We are expecting to have three more supplements to be put on some leading newspapers for promoting our projects on National Convention, Ten Outstanding Young Persons Selection and World Jaycee Day.

v) The Jaycee Week held between 22/7 and 29/7 was a tremendous success with over 300 enquiries for joining Jaycees.

vi) Good publicity on NOM projects were received this year. We were interviewed by TVB, ATV and Radio Hong Kong on projects of Children's Rights Festival and Ten Outstanding Young Persons Selection program.

vii) I was invited to attend the following functions during this year:-

- City & N.T. Administration Spring Reception
- Meeting with Omelco members
- Luncheon for Minister of Special Responsibilities for Hong Kong
- 40th Anniversary Celebration of China National Day
- Inauguration Ball of the Lions Club 303 District
- Summer Youth Program Opening and Cocktail
- Cocktail in Honor of the Executive Director of UNICEF from USA
- TOYPA Anniversary Ball

As the National President, I was interviewed by some local newspapers and invited as speakers to the Luncheon Meeting of Rotary Club to promote the Hong Kong Jaycees.

viii) Because of my involvement in the Promotion on Civic Education Committee, I have many chances to promote Jaycees' spirit to other organizations and individuals.

COPIES BY COURTESY OF RANK XEROX

2) Internal

i) A PR Department has been set up. Several NOM and LOMs' gathering activities and two PR seminars have been organized aimed at promoting fellowship among all Jaycee members.

ii) Internal communications were maintained through regular issue of publications and newsletters.

iii) Apart from meetings with individual LOM Presidents, I have tried to participate in many LOMs' activities and to attend at least one monthly meeting of each LOM. So far, only one LOM's monthly meeting has not been attended.

iv) Also, Ex-Com members are encouraged to assist and communicate better with their assigned LOMs.

C) Membership

We have set a conservative membership growth of 10% at the beginning of the year. As Hong Kong is facing a political change after July 1, 1997, we cannot set an unrealistic percentage.

Because of the June 4 incident in Beijing this year, some of the members had left Hong Kong. Therefore, it seems very difficult for us to reach the set target. Anyway, we are still struggling to this and trying very hard to attract more people to join Jaycees. In this respect, I would like to appeal to all LOMs for their cooperation in keeping the possible figure by recruiting and retaining members in the next few months.

Nevertheless, we had received over 300 enquiries for joining Jaycees from the Jaycee Week exhibition.

So far, 4 NOM Orientations had been organized. Prospective Members received were distributed evenly to all LOMs. Also, the NOM Membership Director has worked very hard to keep track of every PM's performance.

D) Records & Recognition

1) In addition to the existing award program, two more Presidential Incentive Awards have been added, viz. "100% Efficiency" Award for LOMs for encouraging them to response to NOM's requests such as dues payment and others with deadline, etc. in an efficient manner, and "Best Team of Two" for NOM officers in recognition to the two officers' joint effort put in their respective area.

2) Bid Book seminar and Award Judging Seminar were held in order to give members better knowledge in compiling the bid book and judging the awards.

COPIES BY COURTESY OF RANK XEROX

3) As usual, the Senator Screening Committee headed by NIPP/Senate Chairman was set up to screen applications for Senatorship. It is to recognize the outstanding achievements of those who have been contributed towards the Jaycees movement. This year, total 11 applications have been recommended by the Screening Committee and endorsed by the National President.

4) During the Award Ceremony at Yokohama Conference, Hong Kong Jaycees had won the Public Relations Award, and LOMs had won 5 Awards and 1 Certificate of Merit.

E) Community

1) In response to the 10th Anniversary of the International Year of the Child and 30th Anniversary of the Declaration of the Right of Child, the NOM has adopted the JCI's Sub-theme "Children's Rights for a Better Tomorrow" as the Major Emphasis Theme for 1989. All LOMs are encouraged to organize at least one project along this theme. I would like to say that almost every LOM has their own project on child.

2) A project "Children's Rights Festival" has been organized on July 2 with the cooperation of all 17 LOMs in setting up booth counters and the idea of the games are related to children's rights. It was attracted by some thousands children and parents participated on that day. A supplement on this project was appeared on Wah Kiu Yat Po.

3) Our annual project the "Ten Outstanding Young Persons" Selection this year will again be organized. We are most grateful to have the Chief Secretary, Sir David Ford as Patron, and Hutchison Telephone as Sponsor of the TOYP program.

4) Closed contact with UNICEF have been made for discussion of whether or not we can have a joint project and what Jaycees can offer to help them.

F) International

1) A delegation of over 100 Hong Kong Jaycees attended the 1989 JCI ASPAC Yokohama Conference in Japan. Hong Kong Night was held and it was well attended by over 2,000 overseas delegates.

All delegates enjoyed very much the friendships with other overseas Jaycees and benefited a lot from the training programs which arranged by the hosting LOM.

2) LOMs are encouraged to establish sisterhood and/or friendship pacts with other countries. So far only Victoria Jaycees has signed the sisterhood relationship with Osaka Jaycees of Japan, while Bauhinia Jaycees with Uji Jaycees of Japan, and Dragon Jaycees with Nakasaki Jaycees of Japan have been discussing about the sisterhood or friendship pact relationship.

COPIES BY COURTESY OF RANK XEROX

Besides, all LOMs were very active in exchanging visits and jointly organizing projects with their respective sister chapters.

3) Close relationship has been maintained with other NOMs, especially in Area B, by means of exchange correspondence, visits and newsletters.

4) We had six delegates including NIPP Gary Lee, Past National Presidents Paul Cheung and Ng Leung Yau; LOM Presidents Addy Cheong and Peter Lo and myself visited Japan Jaycees in January for attending their Kyoto General Assembly.

5) A video message prepared by WIPP Jennifer and myself had been made for the Netherland Jaycees on our views and opportunities in China for their Business Convention.

6) We had planned a project "Young Leaders' Voyage" for youths from Hong Kong, ROC and Mainland China to receive training on board to Shanghai and Beijing. However, because of June 4 incident in Beijing, we have cancelled this project.

7) We were invited by Fukuoka Jaycees in Japan to select 40 children and 4 escorts for participating in the Asian-Pacific Children Convention in Fukuoka during the period between July 28 - August 2, 1989. It was a successful program and a good opportunity for the children.

   The project was well appreciated by the parents of the 40 children and received a lot of publicity after their return to Hong Kong.

8) A visit to Macau Jaycees was also made on September 15, 1989, together with GLC Wallace Yuen and Esecutive Assistant Margaret Tang. We had a meeting with some of their National Board members and LOM President to exchange views on activities of both two NOMs.

XI) Others

1) Members' Opinion Survey

For the first time that Hong Kong Jaycees had done a members' opinion survey early this year, aimed to understand more about members' interest and sense of belonging of this organization, and also to receive opinions from general membership.

A total of 1,500 copies of questionnaires were sent out and quite a good response of 221 copies were received from Jaycee members. Collected information were analysed and the result had been released in the 4th issue of our newsletter.

2) TOYP Association

As National President of HKJCC, I was invited by the TOYPA as the ex-officio member of their Executive Committee.

So far, I have attended several of their Executive Committee meetings and fellowship gathering and I am glad to report that our relationship with TOYPA is good.

3) Visit to Beijing

For the 2nd year, we had been invited by the All China Youth Federation to visit Beijing during the period August 25 - September 1, 1989. Exchange meetings and discussions were made with the youths from ACYF, Beijing Youth Federation, Mongolia Youth Federation and Young Entrepreneur Association.

The delegation consisted of 9 delegates including myself as delegation leader, Senator Paul Cheung as deputy leader; three National officers; two LOM Presidents and one Past National Vice President and one LOM Past President.

We have also visited Mr. Ji Pengfei, Director of the Office of Hong Kong & Macau Affairs and Co-ordination Department. Luncheon and Dinner were hosted for the delegates by them respectively.

We, all delegates, were of the opinion that we had achieved our goal for this visit and overall response in PRC was encouraging. Our friendship with All China Youth Federation and the image of Jaycees have been raised to a better level.

I was also invited to participate in their 40th Anniversary Celebration of PRC in Beijing. However, due to prior Jaycee commitment in Hong Kong, I have invited Senator Paul Cheung to attend on my behalf.

4) Participation in Hong Kong Youth Festival

For the first time that Hong Kong has this Youth Festival which is initiated by the Hong Kong Government. Hong Kong Jaycees has been invited to organize one project to be participated in the Youth Festival in December.

In this respect, we have planned to organize a project "Civic Education Quiz Competition" for the participation of youths and students. NHT K.M. Leung was appointed as the convenor.

Also in December, there is a youth conference called for young people to participate in together with some other youths from overseas. NVP Peter Kam was assigned to co-ordinate with all LOMs for registration.

6) World Jaycee Day Celebration

This year, we have planned to organize the celebration internally in the form of 1989 NOM and LOM projects review and gathering of all LOMs, and issuance of a supplement and a souvenir album.

It will be held on the World Jaycee Day, December 11, 1989. Programs included slide presentation, singing contest and special performances. Prominent community leaders and senior Jaycee members will be invited to attend. Jayceette Margaret Tang was appointed as Chairman of this event.

7) Letter to Prime Minister

Recent events in China have horrified the world. These events have an even more profound effect on the local population, resulting in a loss of confidence in the future of Hong Kong.

We firmly believe that there is an urgency for the British Government to act promptly and fairly to the Hong Kong people. Such a step will in no small measure help restore people's confidence in Hong Kong.

A letter has been sent to the Prime Minister in July to express our views that the people of Hong Kong do not want to leave Hong Kong and it is up to Britain to take honorable course in properly discharging its obligation in protecting its subjects and in making it possible to preserve Hong Kong's prosperity.

8) Letter to all Members

A letter has also been sent to each of the members in order to explain further the objectives of Jaycees and the meaning of democracy, as well as to encourage all members to act more positively in building a better Hong Kong.

XII) CONCLUSION

1989 has been a most challenging year for Hong Kong Jaycees in the end of the eighties.

Despite the recent political and economic turmoil, as well as many uncertainties, Hong Kong Junior Chamber has been able to accomplish most of the objectives set at the beginning of the year.

I am happy to witness all the projects and activities have been in full completion one by one, and also, the image of Jaycees have been well upheld and maintained. It is undoubtedly our privilege to further the noble mission of promoting and spreading the Jaycee movements to our fellow young friends in Hong Kong.

As we endeavour to accomplish our objectives, having strengths and weaknesses in our performance, yet the most important thing is that we realize the situation. By building on the strengths and striving to overcome our weaknesses, we can build an even stronger organization.

I would like to express my sincere thanks to the Board of Directors of Hong Kong Junior Chamber of Commerce, especially all LOM Presidents and members, and in particular, my mother chapter, the Bauhinia Jaycees, for giving me and the NOM full support and cooperation throughout the past months.

I would also like to extend my most sincere appreciation to Hon. Life President Senator A. de O. Sales, Past National President Sir Roger Lobo for their constant guidance and advice. To my adviser Senator Paul Cheung, and also, panel of advisers, Senators Andrew Wong, Major Tang, Edmond Pang, John Chan, Ng Leung Yau and Nora Cheng, I wish to send my most heartfelt thanks for their advice and assistance.

Now I am still ready to accept constructive opinions and ideas to make the rest of my term of office more fruitful.

B. Assigned LOM's

1. Tai Ping Shan Jaycees

Although the Chapter had lost a number of old members, a team of enthusiastic Board of Directors led by President Sunny, had recruited an equitable amount of fresh blood joining the Chapter. Despite of its limited manpower, the Chapter had contributed a lot to the National by bidding for a leadership training program and by supplying human resources in organizing some large-scale National projects. It would be rather encouraging if the members of Tai Ping Shan could continue to keep up with the Jaycees spirit that had already been in progress of picking up during the year.

2. Queensway Jaycees

Without doubt, the Chapter had amazingly reached a very mature stage within a short period of time after its formation. This year, its year planner had been timely scheduled and well-organized. Its members' morale had been maintained at very high level. The Chapter had also spared no efforts in supporting the National by recommending good quality members in organizing National projects. Behind all its achievements, President Ivy's charm, her motivation techniques and a group of dedicated members should take most of the credits.

C. Training

I had been invited as speakers for the following seminars/ workshops:-

1. Officer Training School, organized by the HK Jayceettes;
2. Orientation, organized by Tai Ping Shan Jaycees;
3. Orientation, organized by Bauhinia Jaycees;

I was also grateful to the cooperation and support from President Ivy Tam of Queensway Jaycees and President Sunny Kwok of Tai Ping Shan Jaycees throughout my term of office. REPORT TO THE GENERAL ASSEMBLY OF THE 24 NATIONAL CONVENTION
FROM NATIONAL VICE PRESIDENT (INDIVIDUAL) - PETRUS YUNG

## 1 Foreword

It gives me great pleasure to report to the General Assembly the accomplishment of the National Training Commission in 1989.

Having the opportunity to serve the National in 1989, I had the chance to further my development in the training area since my involvement in training as a National Training Director in 1988.

I am delighted to see many new attempts implemented this year. These include the set up of a Training Department, the initiation of a series of basic training programmes for the general membership by the NOM and the introduction of the concepts of grouping training projects into levels.

## 2. Goals and Objectives of the year

The goals and objectives of the NOM Training Commission as well as that of the Training Department were set at the beginning of the year as follows:

- to provide as much possible basic training opportunities to all Jaycee members in order to accomplish the number one objective of the organization that we are a leadership development organization
- to achieve better coordination among NOM and LOMs on training projects
- to encourage the joint efforts of NOM and LOMs to implement meaningful and large scale training projects
- to facilitate the combined efforts of NOM and LOMs to carry out survey and analysis on training needs of the whole HKJCC
- to achieve better utilization of training resources of the NOM and LOMs as a whole
- to upgrade and upkeep training materials of the HKJCC
- to promote communication between HKJCC and outside training organizations
- to set up an information centre on training resources for NOM and LOMs reference

COPIES BY COURTESY OF RANK XEROX

3. The Training Department

It has long been a concern that the Hong Kong Jaycees as a whole lacks an overall perspective on training. The extent and standard of training programmes organized are quite vary. Some LOMs have organized very substantial training programmes while the others might not. In addition, individual LOMs were carrying out training programmes in different paces and in their own ways without coordination with other fellow Chapters. That has resulted in crash in training programmes and unnecessary competition among one and others. It is of the belief that the training atmosphere in the whole Jaycees should be promoted. NOM and LOMs should endeavour to help each other.

The idea of setting up a Training Department is to provide, hopefully, the type of continuity of concepts, information and experience from one group of officers to another and also to promote better coordination in training activities among NOM and LOMs.

The set up of the Training Department was an attempt to facilitate the joint efforts of NOM and LOMs on the utilization of our available and valuable resources. Whether the idea of setting up the Department would be a successful one was believed to be highly dependent upon the supports, response and feedback of all LOMs.

For long, the NOM had organized Joint L.D. Directors Meeting to coordinate and facilitate the interflow of ideas and reporting of training activities of the LOMs. The Training Department took a little different way of approach in that members of the Department, who were Director or Vice President in the training area from all the 17 LOMs, were involved in training activities not just at the LOM level but also on an overall perspective of training of the whole Hong Kong Jaycees. That included training information recording, research, analysis, results recapitulation and reporting. All the functions performed in the Department were heading towards a target that a long term data base be set up for all LOMs' future reference.

Looking back to the objectives of the Training Department we had set up early of the year, we could realize that we had been doing towards our targets in the broad sense. Of course, due to insufficient experience and knowledge towards the concept, our pace has not been very fast so far. However, I strongly believe that with the joint efforts of the LOMs, the concepts of the Department would be promoted to a more constructive and effective manner and to a wider perspective.

COPIES BY COURTESY OF RANK XEROX

I do personally support the concept of the Department and hope that the Department can be developed further so that members can be benefitted from it.

4. Training Programmes

In order to achieve the goal that each member after joining the organization should have the chance to receive sufficient basic training so that they could be able to perform and participate well in the Jaycee projects, the NOM Training Commission decided to make a trial to initiate a series of basic training programme to be held in 1989.

The Training Commission scheduled to have 12 training programmes this year. In order to look after the different needs as well as to cope with the different experience of our member, the Training Commission decided to group training programmes under different classifications We divided all the training programmes into three categories.

Level I programmes were designed for P.M.s and new members who do not have the Jaycees experience to enable them to participate well in Jaycees projects. Programmes like Project Management, Chairmanship and Leadership training were set for them.

Level II programmes were for members who have joined the Jaycees for some time and have involved in a number of projects. They need to have more training to enable them to manage the increased commitment they are likely to face with. Programmes like Parliamentary Procedures, Time Management, Protocol training were set for them.

Level III training programmes were set for senior members who have taken up important positions in the organization and are required to have higher level of training to equip themselves for their activities. Programmes like Understanding Leadership, Negotiation Skills and Trainers Programme were set for them.

Judging from the number of turn-ups of the training programmes, it can be concluded that training programmes this year have been receiving supports and are welcome by our members

Owing to the fact that the NOM did not have the sufficient manpower to host the number of training projects over the year, some training projects were given to the hands (through open bidding) of the LOMs.

COPIES BY COURTESY OF RANK XEROX

Basically, the skeleton of the training programmes was set by the NOM. Under the supervision of the NOM Training Commission, the LOM was given freedom to modify details of the programme within the given framework.

5. Assigned LOMs

I was assigned to oversee the development of Victoria Jaycees, Kowloon Jaycees and Shatin Jaycees I was given the opportunities to work with the three LOMs to perceive their progress and accomplishment. My role was to act as a coordinator between the NOM and LOMs and be prepared to offer assistance whenever they need.

All the three Chapters have their own characteristics and have their own way of perceiving and implementing their year planners. All the three LOMs have, under the capable leadership of their respective Presidents, progressed well with their difficulties overcome. On the whole, the internal tie of their Board Members have been good although conflicts in ideas are sometimes inevitable. However, all of them were resolved with happy results

6. NOM Training Commission

The NOM Training Commission consisted of one Vice President, one Training Director and one Training Officer. All of the three officers were heavily committed in terms of the tight schedule of the year. In view of the heavy work load, regular meetings were held to discuss job division, coordination and the effective ways of communication within the commission. Fortunately, through the discussions and share of ideas and visions, the overall management in the Training Commission has progressed well. Taking this opportunity, I would like to thank the National Training Director, Jaycee Alex Ku and National Training Officer, Jaycee Louisa Ng for their dedication and hard work. Without their active participation in the Training Commission, the national training area would not have been performing in such a great pace.

7. The JC International Academy

This year, I had the honour to represent the Hong Kong Junior Chamber of Commerce to attend the Second Jaycees International Academy held in Sendai and Yokohama in Japan from 20 May 1989 to 27 May 1989.

There were totally 53 overseas delegates and 29 Japanese delegates attended the programme. The programme started with a home stay for all the international delegates for a week end in order to enable them to understand the Japanese culture and lifestyle. Then, the Academy school carried on with a series of training seminars on topics like leadership styles, communication, self image, self evaluation, understanding global difference, global communication and global economic, social and political relationship.

All the Academy participants declared and pledged their commitment to achieve the JCI dream as expressed in their vision that:

"WORLD PEACE IS THE COMMON GOAL OF MANKIND.
WE BELIEVE THAT BY SHARING COMMITMENT, LEARNING FROM EACH OTHER, AND FORGING TRUST WE WILL BRING A COMMON VISION TO THE WORLD FOR PEACE AND PRESERVATION OF OUR EARTH.
IT IS THE MISSION OF THE PEOPLE OF THE WORLD TO REALIZE PEACE ON EARTH, BY ENCOURAGING INTERNATIONAL EXCHANGE, FRIENDSHIP AND MUTUAL UNDERSTANDING, TRANSCENDING NATIONAL BOUNDARIES, RACE AND OUR NUMEROUS DIFFERENCES.
WE WHO BELIEVE THAT THE BROTHERHOOD OF MAN TRANSCEND THE SOVEREIGNTY OF NATIONS, HEREBY DECLARE TO THE WORK TO BUILD AN INTERNATIONAL HUMAN NETWORK IN ORDER TO PROMOTE A NEW GLOBAL AGE WHERE THE RIGHTS OF PEOPLE TAKE PRECEDENCE"

8. Conclusion

1989 is another year of opportunity for me to see at a higher perspective. I believe in training in that it can help each individual to develop himself and to promote a better environment for mankind. I do really hope that the concept of training can be spread over to all Jaycee members so that they can taste the same as what I have experienced. Spread the concepts through the Training Department was what I hoped I could achieve. I am really delighted to see the positive change in reactions of the LOM officers towards the concepts of training as they progress in the Training Department.

1.2 As shown above, there are totally 12 Training Programmes this year. We envisage that by close of the year the total attendance of all the programmes will be around 1300. In terms of number of projects & participants, this year has probably set a record.

As a general impression, the turn up rate and feedback on the projects are very encouraging; albeit we are unable to measure the success of the programmes in qualitative terms.

1.3 In order that we may design programmes to meet the requirement of members with varying degree of Jaycee experience, we have given each programme a label known as Level I, II, III, in ascending order of level of skill/knowledge.

1.4 It can be seen that many of the NOM programmes were hosted by LOMs under NOM's supervision. In this way, we trust LOMs will be benefited from NOM's full support and NOM also gets projects implemented via LOM's resources. So far, this NOM-LOM working relationship has turned out to be fine.

- collecting training manuals/materials from inside and outside sources
- publication of training newsletters.

We are compiling the findings/reports of the above groups into a bulletin and shall arrange for publication by end of the year. So far 4 Department meetings have been held (Feb 17, Mar 13, June 12, Aug 14) since start of the year and in between we have had a number of small group discussions and informal gatherings. The meetings had served as a forum for exchange of training news/information and where we directed our activities. After all the department is seen as a positive move in creating an environment for better co-ordination and promotion of training activities.

3. Comments/Recommendations

With an intensive training schedule this year, coupled with Training Department's affiars, my job has been a demanding one. I am grateful to have received a lot of comments from members, outsiders and friends regarding training area. I would record some of them :-

1. The current year programmes are seen to be quite comprehensive as reflected by the frequency (1 project per month) and coverage (evenly structured programme for each of the 3 levels). There are suggestions that this year's programme be used as a blue-print, based on which we can modify/integrate it into a standard training module, which can be repeated and recycled year after year. The module should contain the most basic and practical elements essential for individual development.

2. The classification programme by way of 3 levels has its own merits. However, the concept behind this 3-level system is not well understood by members. In practice, it is not always easy to match the level of the programme content with the level of members. We shall seek more advice from members and professionals so as to improve this system.

3. While NOM plays a key role in packaging the programmes to cater for general needs of members; the LOMs should be encouraged to initiate training programmes to accomodate preferences of their own members.

4. Ending Note

Looking back, it is personally satisfying to see a big number of projects off the ground and to witness the birth of the Training Department. It is a rewarding experience to train others and be trained.

Finally, I must thank all the people who have helped me to do a proper job. In particular, my special thanks to NVP Petrus & NTO Lousia. Petrus is the architect who shaped the programmes and the structure of the Department. Lousia has contributed a lot of ideas and logistic support. It is pleasing that we have been working in tune as a trio and we have collaborated well with the LOMs to produce good team work.

According to the 1989 year planner, two bumper issues of "Harbour Lights" should be published in May and November, which, at the same time, serves as a commemorative issues for delegates attending the Yokohama Conference and Birmingham Congress.

This year, we have been trying to make the format of "Harbour Lights" to present a clear picture of the organisation's principal activities and the motivational and educational opportunities provided.

Feature articles on the "Children's Rights in Hong Kong" was included in the first bumper issue while "Boat People in Hong Kong" would be our major theme in the second issue.

A total of 5 issues of Newsletters in B-4 size would be published in February, April, July, September and December.

The 2-colour newsletter conveys NOM activities as well as JCI news to the Jaycee members.

COPIES BY COURTESY OF RANK XEROX

Although English is the official language of our publication, some good Chinese articles were extracted, in our first attempt, for insertion in our publication for the benefit of our members.

This year, we are launching a new design scheme and the new typography has made our newsletter more consistent and easier to read. Experience combined with fresh direction will be our major approach.

B. Sponsorship

To cut down the cost of the publication, we have solicited around HK$16,000 sponsorship from outside organisations. Moreover, subsidy of about HK$4,500.- from JCI will be received with our commitment of including 6-8 pages JCI news a year in our publication.

C. Circulation

It is my pleasure to submit the report to the General Assembly as follows :

2.2 Moon Cake Fund Raising Sales

An order form and promotion letter was circulated to all members for purchasing the Maxim's moon cake coupon at a discount price of HK$80 each. Each chapter had assinged a coordinator to assist and promote this fund raising project. There was a net profit of HK$18.40 for each coupon sold. If the late purchasing forms were not rejected, the response of the programme would be much satisfied.

## PROJECTS/ACTIVITIES

### 1. COMMUNITY DEVELOPMENT

### (a) SPREAD-THE-LIGHT CAMPAIGN

This meaningful project was successfully held in both 1985 and 1986. Its main purpose is to arouse the social awareness of the Hong Kong people and to encourage them to contribute to the betterment our society through community services. In view that this project has successfully generated an atmosphere of care and concern in the community in the past, the CD Commission decided to launch it again this year. This campaign enables service

COPIES BY COURTESY OF RANK XEROX

groups to realize their planned projects which are conducive to their personal and social development as well as to the benefit of the children in Hong Kong. Service groups were invited to submit their project proposals to our chapter and grants were made to a number of them to enable them to actualize their planned projects. Funds were raised through a walkathon, a disco night and selling of souvenir pens.

(b) TEN GOOD BOOKS FOR CHILDREN

The habit of reading could best be developed from childhood and the books they read have great impacts on the development of their character and personality. This project, now under progress, is aimed at developing children's reading interests and educating parents in choosing the right books for them. A panel of judges has been formed involving the key children's organisations in Hong Kong and nomination of good books has been invited from these organisations and publishers. Judging is scheduled for 19 September 1989.

2. ECONOMIC AFFAIRS

In order to arouse the concern of Jaycees and the general public for the economic development of Hong Kong and to investigate the possibilities and means of restoring confidence of investors after the China turmoil, the EA Commission has organised two timely seminars, one for the general public in Hong Kong while another for the Osaka Jaycees. This series of seminars, titled "Has HK's Economy A Future?", were held on 29 July and 6 August respectively.

3. INTERNATIONAL AFFAIRS

(a) SISTERHOOD PACT SIGNING WITH OSAKA JAYCEES

The Victoria Jaycees were introduced to the Osaka Jaycees on 14 Feb. this year by PNP Senator Ng Leung-yau. Since then, we have a number of exchanges and a delegation of 5 was sent to visit

COPIES BY COURTESY OF RANK XEROX

in May. Our frienships have built up rapidly and as we have acquired sufficient mutual understanding we have scheduled to formally established our sisterhood on 23 September 1989.

(b) GOODWILL VISITS

In July, 8 members including President attended the 31st Anniversary Celebration of our sister chapter, the Tainan Jaycees. They will pay us a return visit in September to attend our anniversary ball.

(c) JCI CONFERENCE

8 members attended the JCI Asian Pacific Conference held in Japan.

4. LEADERSHIP DEVELOPMENT

YOUNG PROMISING LEADERS TRAINING SERIES

(a) SOCIAL DANCE COURSE

This course, aimed to develop the social skills of the Jaycee members, was conducted during May and June.

(b) LEADERS-IN-STYLE CAMP

This project, chaired by Victoria Jaycees and co-organised with East Kowloon and Shatin Jaycees, took place from 17 to 19 June. This camp enabled the participants to understand the different leadership styles and styles-flexing, and provided a golden opportunity for Jaycees of various chapters to exchange their experiences and make new friends.

(c) LEADERSHIP & CREATIVITY SEMINAR

In view that the concept of creativity was rarely touched on in Jaycees, this seminar was organised on 9 September to spark off the creativity of our members. Two well-known speakers were invited namely Junzhi and Mr Wilde Ng and they improvised their interesting and informative talk by video-tapes and cartoons.

5. MEMBERSHIP EXTENSION

(a) Extension
New blood were introduced into the chapter through our members and the publicity of our projects. To be admitted as a member, a PM will have to attend an orientation, at least two fellowship meetings and actively participate in at least one project. All PMs are well taken care of by the ME Commission. A thoughtfully compiled manual containing all the essential information of Jaycees and the chapter will be presented to each new member upon induction. PM gatherings to enhance the relationships ampngst PMs were organised.

(b) RETENTION
For a LOM to retain its members, the best way is to involve them actively in projects. Hence, many creative and challenging projects have been organized this year in order to arouse members' interests in Jaycees. Besides, experienced members were appointed as project chairmen or advisors. Many "sleeping" members have been reactivated through personal contact and better organisation of programs in our monthly fellowship meetings.

6. PUBLIC RELATIONS

(a) Weekly Luncheon
In order to strengthen the ties and enhance understanding amongst members, luncheon meetings are being held on every Wednesday, Thursday and Friday at Tsim Sha Tsui, Central and Causeway Bay respectively.

(b) BADMINTON MEETS
Badminton meets are being held periodically to provide a relax atmosphere for members to enjoy and share.

(c) NEW MEMBERS' NIGHT
To enable new and prospective members to familarize with the chapter and to enhance fellowship amongst members, a New Members' Night was organised in March with over 70 participants.

COPIES BY COURTESY OF RANK XEROX

(d) SENIOR MEMBERS' NIGHT

Experiences and insights of our senior members are invaluable to the development of our new/prospective members as well as the chapter. Thus, a Senior Members' Night was organised in August to enable old and new members to share experiences and to reactivate the former to involve themselves in LOM activities. The turnout, with around 70 participants, was very satisfactory.

7. PUBLICATION

Two issues of "Contact" have been issued as at end August. Two more will be published; one in October and another in December.

The Awardees of this year were sponsored by Shell hong Kong Limited to attend the "Science Week" in Bangkok.

## III. INDIVIDUAL DEVELOPMENT

### 1. Leadership Development

In January, we had an internal officers training school for our board members. The content broadly included the chairmanship, JC protocol and the techniques on reports writing. In July, we have a seminar on the "Leadership explosion towards 21 century", in which we could assimilate the experience of speakers in understanding situation in difference point of view in order to have thorough insight of the rationale behind each event. We organised the national LIA camp - 1989 jointly with Queensway Jaycees and Ocean Jaycees held on 16-17 September 1989. We adopt "Team Building in Action" as the theme of the camp with the objective that participants could be able to motivate each other to work together to have a cohesion power to accomplish task.

### 2. Membership Extension

1989 is a rewarding year for Island as well as for me in that Island Jaycees perform well in many aspects. As president, I treasure my opportunty to serve and to lead. A successful fund raising ball"The Night of Treasure Island" and a well thought-out LRPC Report are the most memorable events.

1.2 Meetings

1.21 Executive Board Meetings were held several times throughout the year to decide important and urgent matters.

1.22 Board Meetings were held monthly on every second Tuesday at Jaycees office or other suitable venue.

1.23 Saturday luncheon was held every Saturday at Pearl City Restaurant, except public holidays.

1.24 Fellowship gatherings were held in January, May, July, September and December

1.25 Joint fellowship with Jayceetts and Queensway was held in June. Two more joint fellowship with other LOMS are planned for November and December.

1.27 The Annual General Meeting is scheduled to be held on November 25, 1989.

1.3 Finance

Situation at the beginning of the year was not encouraging. Most projects had been self-financed in recent years, but they had not brought in revenue to cover the yearly administration expenses. This year,the Board of Directors saw the urgent need to raise fund to keep the chapter on sound financial ground. "The Night of Treasure Island"raised around $60,000. And a small scale watch sales raised another $2,500.

1.4 Membership

1.41 A "One plus One Membership Extension Campaign" was launched to get more new members referred by Islanders and friends. Prospective members assigned by NOM were also assigned to projects. Many of them showed keen interests and high potentials.

1.42 Rentention of old members was satisfactory since internal fellowship gatherings were held rather frequently and membership dues were followed closely by Board members to ensure payment.

1.43 New prospective members were inducted from time to time.

1.44 As of August 30, there are 18 senators, 51 full members and 16 prospective members and 1 associate member.

1.5 Long Range Planning Committee

LRPC held seven formal meetings to make proposals to strengthen the chapter in many aspects. A detailed report was presented to the Board for approval and later to AGM for adoption. Special thanks should be given to Chairman Senator John Lo and other committee members.

2. PROJECTS AND ACTIVITIES

2.1 Community ACtivties

"Good Children Award-Hong Kong Districts" is the expanded version of last year's "Good ChildrenAward-Eastern District" which was extremely popular among school children, teachers and parents. This year a greater number of schools and over 30,000 children took part in this scheme. Passports recording the daily behaviour of the participating primary school children were completed by teachers and parents in order to give an assessment of their performances. Island Jaycees and Ocean Jaycees are the co-organisers of this large-scale project which is strongly supported by the Eastern District School Liasion Committee, Southern District Joint Schools Conference, and the Council of Central and Western District School Heads. Award presentation is scheduled sometime December.

2.2 Leadership Training

In 1989, the newly established training department of National launched a full series of 3 levels training programmes which are well accepted by Jaycees. Island Jaycees fully supported them in a way to encourage members' enthusiatic participation. We are happy to say Islander Alex Ku, appointed as Training Director, has performed very well. We are proud of him.

On the other hand, Island Jaycees from time to time sent representatives such as WilsonLee, John Chan, Wilson Lam and Richard Kwan and others to be Nom project chairman or sub-committee. Through actual participation they received good trainings. For other ordinary members we held internal training seminars such as;----

COPIES BY COURTESY OF RANK XEROX

2.21 Jaycees Marketing Seminar in January-- It explained the project life cycle, creative project ideas and execution skills.
2.22 Parliamentary Procedure Seminar in March--Members were exposed to good training in the form of workshop.
2.23 Ways and Means Seminar in July --It gave us a good understanding of fund raising skills and skills in finding manpower and various resources.

2.3 Youth Activities

"Shell/Island Jaycees Scholarship for the Disabled" project was carried out consecutively for the 8th year. Each year 10 outstanding disabled students, recommended by school principals,were selected by a screening committee formed of representatives from Shell Hong Kong Ltd., Island Jaycees, Education Department, Special Education Council, Social Welfare Department and Municipal Services Branch. The awardees will each receive $1,000 cash, trophy, cetificate of merit and souvenirs. Award presentation ceremony is scheduled in November.

2.4 Economic Affairs

"How to Run Your Own Small Business" Seminar was successfully held on July 8. It attracted over 130 Jaycees and outsiders. Paid advertisement was employed to promote non-Jaycees participation.The result was better than we expectd.

2.5 Fund Raising Project

2.51 "The Night of Treasure Island" was one of the most successful Island Jaycees fund raising project in many aspects. In terms of revenue it netted around $60,000. Team spirit was further built up through keen co-operation among senior and new members. Most members showed strong enthusiasm to help. Commercial sponsors and Island Jaycees contributed a large number of prizes for lucky draw and table gifts. The night was attended by about 258 people who enjoyed themselves and got home with many gifts and prizes.
2,52 Watch Sales--- was definitely an encouraging act to raise fund for the chapter, though the amount raised is comparatively small.

2.6 International

2.61 Island Jaycees built up good friendship with sister chapters over the years. In 1989, we maintained the good bondage by visiting them.In January we visited Tai Pei Jaycees.
2.62 In February we visited Makati Jaycees and Manileña Jaycees in the Philippines.
2.63 A delegation of 8 participated in the Yokohama Asia Conference in May.
2.64 Island Jaycees as member of ILSO participated in the ILSO Conference held in Yokohama.
2.65 In June, five Island Jaycees attended the 25th Anniversary of Makati Jaycees.
2.67 Numerous receptions for overseas visitors were held to enable us to have good communication with our sister and friendly chapters.

2,7 Public Relations

2.71 A pool-side BBQ joint fellowship was organised with Jayceettes and Queensway Jaycees in June.
2.72 Other joint fellowships with Harbour, Tai Ping Shan and other chapters will be held as from September.

2.73 Island Jaycees frequently attended the functions of other chapters to

COPIES BY COURTESY OF RANK XEROX

enhance better mutual understanding.
2.74 Island Jaycees also often attended functions organised by National.
2.75 We maintained good relations with Legislative Councillors and commercial sponsors.
2.76 Internal fellowship gatherings were frequently held .
2.77 We actively participated in Jaycees Basket Ball, Bowling and Football Competitions.

2.8 Records and Recognition

2.81 Kendy Yau was awarded the Most Outstanding Current Member in Asia Pacific Area in 1989 during the Yokohama Asia Conference.
2.83 Bid books were also prepared for the National Convention.

3. INVOLVEMENT WITH NOM

3.1 Alex Ku was appointed Leadership Training Director.
3.2 IPP Simon Ip was appointed Chairman of Reception for JCIVP Valencia.
3.3 Wilson Lam was appointed Hon. Treasurer of"Children's Right For Better Tomorrow Exhibition".
3.4 Richard Kwan was appointed Hon. Treasurer of 1989 Augural Ball.
3.5 Wilson Lee was appointed Chairman of Leadership Training Seminar.
3.6 John Chan was appointed Chairman of Orientation Meeting.
3.7 Island send representatives to Leadership Training Department and other Departments, and strongly supported and attended most National events.
3.8 The 1989 Board of Directors passed resolution to contribute $100 per each member to support the purchase of New Club House.

4. CONCLUSION

I treasure my opportunity being the President of Island Jaycees. A lot of invaluable experiences were earned in many aspects which I might never come across as an ordinary member. In a large extent, I believe I move on to become a better person in terms of courage, determination, skills in co-operation, leadership, and full concentration, through my devotion to improve the chapter.

I was impressed by most of the Board of Directors of their dedication. Of course, disappointed by a few. Luckily enough I received strong support from a large number of senior and current members. Although conflicts sometimes arised from different styles of doing things, we stuck together as a team. This year, Island Jaycees tried hard to set on a right path to better management and development for the future. LRPC members had devoted their time and minds for the chapter. Special thanks should be given to them.

While I myself grow during my terms of office, I also saw the rapid growth and development of many members to be future leaders. The success of many projects and the co-operation among members can surely compensate the amount of time and efforts I invested in the chapter. Before ending this report, I wholeheartedly thank my hardworking Board of Directors and many other members and prospective members for their contribution to a successful year in 1989.

**結語**

由於今年爲本會慶祝創會二十週年紀念，爲隆重其事，所以在起初幾個月間，不少的人力、時間都是花在二十週年各項活動的籌劃方面。在前任會長黃志榮，多位前會長及資深會友的辛勞工作下，二十週年各項活動都得到美滿的成績。特別值得一提的，是我們在五月二十日在明報刊登的二十週年紀念專輯，引起不少有志青年對本會的興趣。在專輯刊登不久，我們即收到超過一百份查詢表格，希望索取入會申請表，加入本會。預計本會籍這個機會可吸納至少數十位準會員。除二十週年各項活動，本年度已舉行的多項活動的成績均令人鼓舞。而本會會友響應「誰來愛我」助養計劃，一共助養三十四名保良局兒童，更反映出會員「取諸社會、用諸社會」的請神。此外，今年本會亦積極發展及鞏固與海外姊妹分會的關係，除了接待各友會的到訪，令他們賓至如歸外，本人及會友們於年中前後曾造訪六個海外友會，包括日本箕面青商、韓國京都青商、韓國漢城中區青商、韓國西漢城青商、星加坡城市青商、台中青商等。這　連串的拜訪及交流定能更一步促進本會與海外友會會友間的情誼。

能成爲半島青年商會的會長，實在是我莫大的光榮。過去八個多月的會長生活，可算多姿多采。其間雖曾碰過不少的困難、考驗及挫折，但在會友們的支持下，

COPIES BY COURTESY OF RANK XEROX

終能一一的克服。本人謹藉這個機會多謝董事局各位成員辛勤的耕耘及給予本人的信任和支持，會長顧問胡鏁明參議員給予本人及董事局很多寶貴的意見。此外，特別需要一提的，是多位前會長及資深會友們，他們在多項工作計劃中，均担當了重要的角色，將他們寶貴的經驗，貢獻給會方，這些都值得我們加以表揚的。

最後，本人要多謝總會給予本會的協助，特別是總會會長何淑賢參議員、督導本會的總會副會長湛家雄，他們二位在年中曾給我很多的寶貴意見及提點，使本人能更有效推行會務。在此，本人向二位致以衷心的謝意。

4.2 Our annual fund raising event was organised in February, namely "Paula in Concert". We were happy to have achieved a satisfactory result. Over HK$50,000 was raised.

4.3 Most projects were able to be self-financed and we maintain a time deposit at Hong Kong Bank to earn accumulated interest. The overall financial situation is sound and healthy.

(5) PROJECTS AND ACTIVITIES

5.1 Administration Area

5.1.1 Function – Various interest groups & outings were held to offer members time of relaxation after those formal projects.

5.1.2 Membership Involvement – Much efforts were put to encourage members' participation at monthly fellowship gatherings via phone calls and diversified topics. The attendance is gradually improving.

5.1.3 Records & Recognition

5.1.3.1 Seven awards and four incentive recognitions were adopted at the February Board Meeting.

5.1.3.2 A Senatorship screening was held in March and no nomination was recommended. A second screening will be held in late August.

5.1.3.3 At our March Board Meeting, it was adopted to invite Past President Connie Pun to be the Honorary Member of Hong Kong Jayceettes in view of her great contributions to our Chapter.

5.1.3.4 At our June Board Meeting, it was unanimously adopted to present the honour of "Honorary Life President" to Past President Senator Jennifer Yu in view of her significant contributions to the development of Hong Kong Jayceettes, as well as her outstanding achievement being the first Chinese lady World President of Junior Chamber International in 1988 which highly promoted the Jayceettes image to international level and brought much prestige to Hong Kong Jayceettes as well as to Hong Kong Junior Chamber of Commerce.

5.2 Communications Area

5.2.1 International Affairs

5.2.1.1 Relationship with Sister Chapters were well kept by regular exchanging of publications and greetings. Sister Chapters' news were also published on Snapshots.

5.2.1.2 Seven Jayceettes attended the JCI ASPAC Conference hosted by our Sister Chapter Yokohama Jaycees. A souvenir plaque was presented to President N. Okada to greet them on this great event.

5.2.1.3 As the Permanent Secretariat for Asian Pacific Lady LOMs Council, we had successfully assisted the Sampaguita Jaycees of Philippines to chair the APLLC Meeting at the Conference.

5.2.1.4 Elaine Cheung and I had travelled to Taiwan to greet the Kaohsiung Jaycees on their 32nd Anniversary held on July 22. The Kaohsiung Jaycees is also the hosting Chapter for the 37th National Convention in Taiwan.

5.2.1.5 We had been trying very hard to locate another sister Chapter "The Dhonburi Jaycee" of Thailand but were not successful.

5.2.2 Public Relations

5.2.2.1 Jayceettes image was highly promoted through our very successful PR project "Foreigners Speaking Putonghua Competition" held in July. Besides, a free Putonghua course was organised for our members from the surplus derived from sponsor's funds.

5.2.2.2 The "Jayceettes Ambassadors' Courtesy Visits" had been carried out to share our love and concern with the under-privileged. I wish to say, these lovely visits are most worthwhile to be carried out in future on a constant basis.

COPIES BY COURTESY OF RANK XEROX

5.2.2.3 Relationship with local Chapters are steady and members are regularly encouraged to support National and other Chapters' activities.

5.2.2.4 I am glad to say that the Jayceettes projects in 1989 received a totally satisfactory press coverage, through newspapers, TV and radio announcements and interviews, which evidenced the correct trend and meaningful nature of our project ideas.

5.2.3 Publications

5.2.3.1 Snapshots was issued on a bi-monthly basis. Some issues were circulated to our overseas and local counterparts and be used for sponsorship and membership recruitment purposes.

5.3 Community Area

5.3.1 Community Development/Youth Activities – A joint project namely "Step In, Light Up the Retarded" was organised to respond to the JCI sub-theme and National major emphasis theme "Children's Rights for a Better Tomorrow" in form of fund raising bazaar to arouse public concern to help the Down Syndrome children. As we have expected, the project was very supported by firms and individuals, donating a lot of goods and also cash to us. A very satisfactory result came out and we were so glad that Hong Kong Jaycees had accomplished another real meaningful contribution to our society.

5.3.2 Economic Affairs

"Is it Time to invest in Properties?" seminar held in March had paid an effective role to enlighten the Hong Kong citizens on their property investment strategy through the professional advice from our four prominent speakers.

5.4 Membership Development Area

5.4.1 Leadership Development

5.4.1.1 "LOM Officers Training School" – Three past supervising National Vice Presidents were invited to share with our Board Members their valuable experience in early January.

5.4.1.2 "Selling and Negotiation Skills" Seminar – This was a National training program hosted by Hong Kong Jayceettes. We are glad to see that National had organised a series of diversified training courses for the benefit of Jaycee members in Hong Kong and most of our members had taken the initiative to attend those quality training seminars.

5.4.1.3 A day camp will be organised before end of the year to balance our program via physical training.

5.4.2 Membership Training

5.4.2.1 Through the projects organised in various areas, we had offered ample training opportunities to members which they admitted most challenging and beneficial. The Jaycees' training is believed to be the most formal method which in fact helps members a lot both inside and outside the Jaycee circle. The guidance and advice from senior and experienced members are also appreciated and we are glad that this forms one of our effective membership retention methods and bridges the gap between old and new members.

5.4.2.2 For prospective members' training, Orientation and Pre-induction seminars are organised bi-monthly to brief them on basic knowledge of being a Jaycee Member.

COPIES BY COURTESY OF RANK XEROX

5.4.3 Membership Extension

5.4.3.1 Unlike previous years, the number of members at Annual General Meeting as compared with the begining of the year, there is a very keen drop, from 147 to 131, although nearly twenty prospective members have inducted. This reflected the real execution of our "Quality rather than Quantity" policy. Members who were not fulfilling their obligation by settlement of annual subscription by July, despite of repeated reminders, according to our constitution, were deleted from our membership list. The Board felt it was unfair to all other active Jaycecttes to lose effort on in-cooperative and dormant members who did not have a sense of belonging in our Chapter. This policy was gradually applied to many local Chapters as well and I found it is wise to do so. Now a real quality Jayceettes team is formed. It is no more need to ring up members for dues or to absorb an uncertain deficit on advance dues paid to National. However, other reasons for drop of membership were resignations due to emigration, studies or office work.

5.4.3.2 The Membership Extension area worked very hard to train up our new bloods who are proved to be enthusiastic and dependable. Six prospective members projects were scheduled and PMs were carefully guided to form our future resources.

5.4.3.3 Concerning membership retention, I am most glad that over ten members who had been inactive for over three, four years were "dragged out" to take part in various large scale projects. Through their valuable experience, results of the events had been upgraded as well as the team spirit amongst.

(8) INVOLVEMENT WITH OTHER LOMs

8.1 Joint functions were held to promote inter-LOM relationship and provide opportunities for members to exchange experience.

8.2 We had been actively participating in the sports events organised by LOMs and won good results.

8.3 I have been regularly attending the monthly LOM Presidents' Gatherings to exchange views and project schedules with local Chapter Presidents.

8.4 Besides, Board of Directors and members are always encouraged to attend other LOMs' functions and activities.

(9) 20TH ANNIVERSARY CELEBRATION

9.1 A special designed "20 years of service to the Community" logo and burgundy colour were used in all our printings to build up a new image of Hong Kong Jayceettes.

9.2 A "Jayceettes Song" was specially written to enhance members' team spirit.

9.4 A special press supplement will be released on Ming Pao on Sept. 30 covering our 20 years of outstanding achievements and contributions to the community. This coverage no doubt will help tremendously on promotion of Jayceettes image and at the same time recruit more quality members to join our big family for future advancement.

9.5 "Sparkling 20" Anniversary Ball will be held in the evening of Sept. 30 at Hong Kong Marriott Hotel. The Hon. Mrs Rita Fan, OBE, JP, has consented to be our Guest of Honour. Many distinguished guests are invited and special programs are being prepared in order that everyone attended can have a real memorable and enjoyable evening. A souvenir program is being carefully prepared to incorporate the 20 years of sparkling events of the Hong Kong Jayceettes. I take this opportunity to urge each of you to attend this celebration, which in fact, is an important date for each Jayceette to remember.

(10) CONCLUSION AND ACKNOWLEDGEMENT

To head this outstanding chapter of Hong Kong Jaycee is an extremely tough job. Eight months had already passed. I am glad that all difficulties are overcome under our powerful unity. Now Jayceettes maintains a quality team ready for new challenges. Merits shall go first of all to my Executive Committee Members, Directors and Officers who have devoted much of their efforts and time to achieve our targets. They have done a real excellent job. I am grateful to Senator Evanda, who is so much engaged with her office duties, yet, spent her time to give me valuable guidance. Appreciation shall go to IPP Margaret, who is so helpful to the Board of Directors and myself. My special thanks shall also be sent to all Project Chairmen and Organising

COPIES BY COURTESY OF RANK XEROX

Committee Members for those beautiful projects, and to Panel of Advisers, Past Presidents and senior members for their advice and support. On behalf of Hong Kong Jayceettes, I would like to express our gratitudes to our sponsors, especially Mr. K.K. Lau, our patron, for their generosity, and of course not forgetting National President Junia and NVP Peter for their assistance and guidance. Last, but very important, deep thanks to my family, who is so understanding and never forms an obstacle to my Jaycee career.

So much were sacrified, but I gained back indefinite benefits. Being a Past President in the coming years, I can promise to give my full support to my beloved mother chapter. Further growth of the Chapter needs your participation. I really bless that all Jayceettes can join hands and hearts to work for our organisation, as well as for the betterment of our community.

I sincerely wish the incoming President and her Board of Directors a fruitful 1990, when we are 21!

In 1989, the project theme was on rapid growth industries. Seminars were arranged to study the rapid growth industries in Hong Kong during the 1980s, to explore the reasons of their rapid growth, to project their development into the 1990s, and to explore their implications on Hong Kong's economic and social environment.

Three industries were initially selected; they were banking & finance, tourism, and telecommunication. The second industry was eventually dropped due to a downturn in tourism following the mishaps in PRC.

Special thanks must also be given to my team of Presidential Advisors, who provide me with an ocean of knowledge and experience to tap when needed.

Were I to compliment myself, I would say I were shrewd to spot and grasp the opportunity to reap the potential of a dynamic dragon at the time when one needs to do nothing but to let loose the rein.

The project, held on June 17, 18 and 19 was in the form of exhibition and slides presentation. The main idea of the project has been to inform adults and parents the dangers, both physically and mentally in leaving children unattended at home.

The second large scale safety project, namely 'Food Safety' was co-organized with the Urban Council and Regional Council. 'Food Safety' was rolled out from August to September, for a period of two months. The project was broken down into three stages: Press Conference, Bus Parade and Exhibition. Report from the President of Shatin Jaycees - Peter Lo

Everything from typewriters to colour copiers, and laser printers to desk top publishing software.

We have fax machines that connect to your PC and others you can carry home. And of course we still make great copiers. Even one for really big copies over AO size.
