THE JCI CREED

We believe:

That faith in God gives meaning and purpose to human life;
That the brotherhood of man transcends the sovereignty of nations;
That economic justice can best be won by free men through free enterprise;
That Government should be of laws rather than of men;
That earth's great treasure lies in human personality; and
That service to humanity is the best work of life.

Message from the Patron

I am honored to be the Patron of Sha Tin Junior Chamber for the year 2005.

This year, the theme for Sha Tin Junior Chamber's Community Development Project is "The Love of the Earth 2005 ". The aim of the project is to arouse public's interest in environmental protection through the appreciation of the nature. To achieve the aim, a series of promotion and educational programmes such as theme talk, ecological tour, digital production competition and environmental exchange camp for youngsters from Japan, Hong Kong and the Mainland were organized. The programmes had successfully impressed the participants on the need to protect our natural environment.

I am confident that Sha Tin Junior Chamber will continue to serve our society with dedication and enthusiasm. I wish to take this opportunity to wish Sha Tin Junior Chamber every success in the years ahead.

Mr. Philip Chan, J.P.

District Officer (Sha Tin)

Message from National President

Congratulations to Sha Tin Junior Chamber for another great year of achievements. The success of your events would not be possible without the combined efforts of each individual member and the outstanding leadership capability of President Jessie. As Stephen Covey has said "Strength lies in differences, not in similarities", President Jessie has been able to harness everyone's strengths and channel them towards to make a positive change for members as well as to benefit the community as a whole. Great teamwork everyone!

This year, SJC has made a significant contribution to the community by helping to raise awareness for our environment and teaching youngsters how to treasure the nature. Under the theme of "Love the Earth 2005", SJC has organised a series of related events including opening ceremony, theme talk on Hong Kong Ecology & Photography, Ecotour, Exchange Camp in the PRC, etc.

I would also like to thank SJC for contributing its members to serve as Chairman and OC members for NOM project "Business Seminar - The Art of Building Your Own Business". The event was very well received and has enabled participants to gain valuable insights into the business and entrepreneur world. By creating opportunities for positive change, we encourage individuals to better themselves. In return they use their newly acquired life skills to make a difference to the community. The wheels of change are set in motion and we'll be another step closer to making our world an even better place to live in.

Looking ahead, your AGM will take place very soon. Present office holders will now review their projects for the year as well as set the stage for the future development for JCI. President Jessie is a very passionate and energetic young lady with many creative ideas. Her ability to drive members to move forward as a team to do more, achieve more and make 2005 a very successful year for SJC. Indeed, SJC has proven itself again and again and I've utmost confidence that the new team will remain committed to serve others with passion and dedication.

Best wishes for the AGM and may everyone continue to have big dreams and materialize them.

Senator Ellen Tsang
National President

Message from National Assigned Executive Officer

It is indeed my great honor to be the National Assigned Executive Officer for Sha Tin Junior Chamber. With the joint efforts of President Jessie and the Board of Directors, SJC has had remarkable accomplishment in its major emphasis Community Development project "Love of the Earth 2005". (one of the JCIHK "Better Hong Kong, Together We Care" projects). Through a series of events including Ecological Tour, Nature Photography Seminar, Digital Production Competition, Awards Presentation Ceremony, and Environmental Protection Exchange Camp held in Jiangmen, the project has successfully promoted environmental protection awareness and cultural exchange amongst students in Hong Kong, Wakayama and Jiangmen. The co-operation has further strengthened the friendly relations with the Sister Chapter and the Youth Organization in China.

I am pleased to have witnessed a milestone for SJC in having received the"傑出團體義工獎" and the "最多服務人次獎" presented by Hong Kong Sheng Kung Hui Welfare Council in recognition of the contribution to Shatin Community.

SJC showed her support to NOM by hosting Business Affairs project, "The Art of Building Your Own Business' with HJC. In public relations, the Chapter has continued its Dragon Boat Training and Racing. Sweat and pedals have built JC Spirit and friendship amongst members of various Chapters. The membership strategy of "Friendster" Program and Monthly Sport Nites have successfully increased members' cohesiveness.

I am particularly impressed with the innovative Fund Raising Project "Migi and Sammy Slim at All Price". With entertaining videos, amusing promotion gimmicks, and dynamic Karate performance, the 5-month Fund Raising Program was widely publicized in JC circle and raised the fund exceeding the target amount.

The Board members' contribution, the unfailing support from Past Presidents and harmony amongst members are keys to the great momentum of the Chapter. May I wish the 2006 Excom to be successfully elected and to nurture more future leaders.

Camille Cho
National Assigned Executive Officer

Message from Honorary Life President

Over last 18 years, our Chapter has hosted a lot of meaningful projects to serve the community globally & locally and the 19th Annual General Meeting is for our members to report and evaluate our achievement and also to elect the new management team to serve our beloved chapter in the coming year. As we know, new concept and innovative ideas are vital for our future development. But, it must be on the right track and direction. I wish you all could comply with the rules of game that our pioneer laid down many years ago. However, I have confidence in our Sha Tin Jaycee members. I believe they could lead our chapter into another successful year. To host a National Convention, to produce a National President and to have more senators in our chapter are always my desire. Dear fellow SJC members, could we make them come true in near future ? Let us try to work it out together and make it successful.

Senator Peter Lo
Honorary Life President

Message from Presidential Advisor

It is my great pleasure to send this message to the members of Sha Tin Junior Chamber on the occasion of 2005 Annual General Meeting.

This is my fourth year to be the Presidential Advisor of our beloved chapter. It is a good opportunity for me to see the growth of our board members, to share their laughter, sweat and tears and to witness the development of our chapter.

In 2005, I am highly appreciated that under the leadership of our committed, enthusiastic, cheerful President Jessie and her young, energetic and devoted team, Sha Tin Junior Chamber has achieved a lot, such as the large scaled and well recognized Community Development and International Affairs Project, Love of the Earth 2005, and the very impressive and successful Fund Raising Project, Sammy and Migi Slim at Any Price. The success relied on the team spirit of the members of Sha Tin Junior Chamber.

I would like to congratulate President Jessie and her team for their remarkable achievement and wish them every success in their careers and their personal lives. In addition, I believe the forthcoming board will not only keep on the good spirit of Sha Tin Junior Chamber, but will further lift our chapter to another height.

Senator Iris Ip
Presidential Advisor

Message from President of Wakayama Junior Chamber

Magnificent congratulations to Sha Tin Junior Chamber for the 2005 Annual General Meeting ! It is my privilege to have an opportunity to send my sincere congratulations to you on this occasion. I believe that year of 2005 is a special year for us even if we have long history of friendship.

In "Love of the Earth 2005" held from 12th to 15th August, 2005, we shared great time to discuss the environmental issue, and to establish the relationship of the participated children who bear the destiny of 21st century of Asia. In addition, the sistership between our two chapters has also grown stronger. The success is wholly due to your great effort and eagerness. I respect your success.

In order to strengthen the friendship between two countries with different histories, cultures and senses of values, I have learned that understanding and respecting each other is the best way through this cooperated activity. From now on, we will keep understanding and respecting to clear our future.

Finally, I would like to express my respect to our seniors who have made the foundation of the friendship between Sha Tin Junior Chamber and Wakayama Junior Chamber. And I wish that SJC made further progress in the future and that our relationship would develop stronger.

Report from President

1. Foreword

Doubtlessly, Healthy and Environmental Concern is among the hottest and a sustainable topic in recent years. Under the slogan "Love thyself; Love Thy Earth", Sha Tin Junior Chamber focuses on building up an image of "Healthy and Green" in 2005.

Love thyself. With the support of our fellow members, the "sense of LOVE" to the chapter and among members is demonstrated with strong team spirit.

Love Thy Earth. We would like to arouse the concern of "Environment Protection" to the public, by the continuity of our year 2000 prominent project, a series of large scaled campaigns were carried out under the project, LOVE OF THE EARTH 2005.

It is my pleasure to submit my presidential report as follows :

3. Meetings

a) Executive Committee Meetings

In order to have a good strategic year plan and smooth implementation, three Excom meetings were held in last quarter of 2004 with Excom members.

b) Board Meetings

Regular Board Meetings are held on the first Wednesday of every month at the Chamber Office. Eight board meetings were smoothly held from January to August, 2005.

c) Monthly Fellowship Gatherings

From the beginning of the year, five formal Monthly Fellowship Gatherings were held in January, February, May, June and August.

d) Long Range Planning Committee Meeting

Meeting was held on 21st July, 2005 to review how far the action had been taken in 2005 following the suggestions of Long Range Planning Committee. Generally, the developments were satisfactory. Focuses are put on membership and building a flagship direction for the project.

e) Trust Fund Committee Meeting

A meeting was held on 4th January, 2005. The committee recommended the board to buy one lot of HSBC share from the Trust Fund.

Moreover, the Committee had approved the application of funding to Love of the Earth 2005 project on deficit basis.

f) Mid Year Evaluation Meeting

To review the performance of the board, Mid Year Evaluation Meeting was held on 26th June, 2005.

g) Annual General Meeting

The 2005 Annual General Meeting has been scheduled on 11th September, 2005 at Royal Pacific Hotel.

4. Finance

A sound funding raising project, Sammy and Migi Slim at any price, was held throughout the first half of 2005. Past President Sammy and Immediate Past President Migi carried out a slim program to raise fund for the chapter. They were highly recognized to lose weight in a healthy way. Around HK$30,000 was raised.

The overall financial situation is healthy with the prudent monitoring of the budget and expenditure. Most of the projects were self-financed.

With the recommendation of the Trust Fund Committee, one lot of HSBC shares

was purchased for long term investment.

5. Projects / Work Done

a) Membership

i. Membership Extension:

As of August 2005, the membership figure of Sha Tin Junior Chamber was as follows :

Full Members	28
Prospective Members	5
Senior Members	14

From January to August, we recruited 7 prospective members and successfully inducted 5 new members. We anticipate that 4 or more PMs will be inducted as full members by the end of 2005. PMs were recruited in different ways, including referral by members & friends, website and SJC Orientation.

A JC orientation cum theme talk on "Successful Skills in Project Management" was held on 12th March, 2005 with guest speakers, Honorary Life President Senator Peter and Senator Emily Au Yeung from PJC. More than 12 friends were invited and 2 PMs signed up.

To introduce our chapter to new friends or PPMs in a causal but serious way, 4 SJC Chat Chit Nites were held and positive responses were received. At least 3 PMs signed up through this causal orientation.

- New Recruitment Forms were printed as recruitment materials.

ii. Membership Retention

Friendster Program was launched aiming at enhancing fellowship and member retention. Four friendster groups, including Senior Members, Full Members and Prospective Members, have been set up.

Friendster Coordinators are responsible for encouraging group members to attend the gatherings and organize activities.

Two Friendster activities were held in May and August and two other friendster activities would be held in October and November.

iii. Fellowship Gatherings

From the beginning of the year, five formal Monthly Fellowship Gatherings had been held with different themes, which were:

January - Inaugural Ceremony 2005 cum Awards Presentation, January Monthly Fellowship Gathering

February - Friendster Launching, New Year Bonanza cum February Monthly Fellowship Gathering

May - COC Rowing Competition cum COC - Rowing Competition cum Fund Raising (Result announcement of "Sammy & Migi Slim at any price") May Monthly Fellowship Gathering

June - Dragon Boat Racing cum June Monthly Fellowship Gathering

August - Signing Ceremony with Wakayama Junior Chamber cum August Monthly Fellowship Gathering

Besides, happy hours, BBQ and Ecotours were held in the previous months for enhancing fellowship.

b) Community Development

i. Love of the Earth 2005, Digital Production of Hong Kong Nature Competition

"Protect Environment, Begin with Ecotourism". This is the theme of our CD project "Love of the Earth 2005". The project aimed to arouse the public's interest in environmental protection by promoting the appreciation of the nature through the education of Ecotourism.

The objectives of the projects were:

- To broadcast the message of the importance of appreciation and conservation of the Earth to the youth.
- To arouse the youth's interest in Ecotourism by ecological education through ecotourism and competition.
- To encourage the youth to take actions to protect the environment.
- To make the youth aware that a green environment is essential for healthy life.
- To exchange environmental protection information with other regions (Wakayama of Japan and Jiangmen of China)

The Love of the Earth 2005 project was divided into two main sub-projects or two parts:

Part I. - Digital Production of Hong Kong Nature Competition

- The Digital Production of Hong Kong Nature and Ecological Tour Competition consisted of two parts. The first part was the ecotourism. The second part was the assignment.

- Opening Ceremony cum Theme Talk on Hong Kong Ecology & Photo-graphy was held on 1st May, 2005 at Baptist Lui Ming Choi Secondary School.

- Around 50 students and members joined the Sha Lo Tung Ecological and Photographic Tour on 15th May, 2005. With the guidance of Mr. Ken Ching and instructors from Produce Green Foundation, student participants learned more on the ecological specialty of Hong Kong. Lots of nature scenes were snapshot for producing the digital files for the competition.

- Circulars and posters were posted to more than 500 secondary schools.

- A total of 30 pcs 12 sheets advertisement were posted on MTR trackside in
different stations for promotion.

- Three outstanding entries were chosen as winners with high appreciation from the judges.

- The Awards Presentation cum the briefing of the Environmental Protection Exchange Camp was held on 31 July.

Part II. - Environmental Protection Exchange Camp 2005

- The exchange camp was jointly organized by three organizations, Wakayama Junior Chamber (WJC), the Jiangmen Youth Federation (JYF) of China and our chapter. The Environmental Protection Exchange Camp provided the participants a platform to exchange knowledge of environmental protection of Hong Kong, Jiangmen and Wakayama. In this 3-day-2-night exchange camp, the programs included, nature soap making, ecotour in Jiangmen, environmental protection youth forum and exchange games, etc.

For recognizing the contribution of our chapter in volunteer works, our chapter was awarded in the Outstanding Volunteer Awards Ceremony (傑出義工獎勵計劃) organized by Hong Kong Sheng Kung Hui Welfare Council, with two following awards :

- Outstanding Volunteer (Organisation) Award (傑出團體義工獎)
- The Highest Number of Attendance Award 最多服務人次獎

c) International Affairs

i. Love of the Earth 2005, Environmental Protection Exchange Camp with Wakayama Junior Chamber (WJC) and Jiangmen Youth Federation (JYF)

The Environmental Protection Exchange Camp was the second part of the prominent project, Love of the Earth 2005. Other than the

exchange of environmental and cultural information from three places (Hong Kong, Wakayama and Jiangmen), the highlight of the camp was digging out of the time capsule which was buried by the students 5 years ago.

60 students were selected from three places. It was a historic moment to dig out the time capsule by Environmental Protection Ambassadors (students from Love of the Earth 2000) to review their wishes 5 years ago. Participants much enjoyed the 3-day programme in tight schedule of ice breaking games, Ecotour, youth exchange forum and sport games.

Through this large scaled exchange program, members gained valuable and memorable experience in co-organizing the events with international parties, WJC and JYF.

ii. ***Formal Visit to Wakayama Junior Chamber***

A formal visit to our sister chapter, Wakayama Junior Chamber, Japan was made from 12th to 14th February, 2005. A total of 7 members and 4 family members joined the visit. We were warmly received by President Nakatani and WJC members. Their excellent hospitality and arrangements gave all of us a memorable trip and further strengthened our friendship.

iii. ***ASPAC, Macau***

13 members joined ASPAC Macau from 26th to 29th May, 2005. The big group enjoyed the conference very much and experienced the JC internationalism and different culture.

iv. ***Signing Ceremony with Wakayama Junior Chamber***

Under the witness of 45 JC members and 20 students from Wakayama and more than 30 of our members and guests, the signing ceremony for a memorandum in our Sister Pact was held at the PEAK of Hong Kong. The ceremony further strengthened our sisterhood.

d) Public Relations

With our series of remarkable projects in the year including Dragon Boat Training and Race, Slim Fund Raising, COC Rowing Competition and the

Environmental Protection Project, Love of the Earth 2005, our chapter has built up a healthy and energetic image.

Goodwill visit to Shatin District Office were paid in February. Our Patron, Mr. Philip Chan, J.P highly appreciated our environmental and cultural exchange theme of the Love of the Earth 2005.

i. ***COC Rowing Competition***

Rowing competition for COC program was successfully held on 16th May, 2005 with an attendance over 60 JC members. Encouraging positive feedback from NOM and LOMs was received for such enjoyable afternoon and creative programme.

ii. ***Dragon Boat Training and Race***

No doubt that our evergreen project Dragon Boat Training and Race continued in 2005. The training session was held every Sunday from April to June. Dragon Boat rowers were friends coming from different LOMs.

Following the tradition, our team raced in Shing Mun River on the Dragon Boat Festival. The team showed their great team power and sportsmanship during the race.

e) Business Affairs

A NOM business seminar, the Art of Building Your Own Business, was jointly hosted with HJC on 4th June, 2005 with over 100 participants. Trade and Industrial Department was the supporting organization and three prominent speakers were invited, including Mr. Richard Ting, President (2002–2004) Institute of Management Consultants Hong Kong, Professor Simon S. M. Ho, Dean of the School of Business Hong Kong Baptist University, Mr. Eric Liu, Executive Council Member of Hong Kong Accounting Professionals Association, and Ms. Mariane Chan, Executive Director of Healthy International Ltd, shared their professional and valuable experience on business establishment and operation to members and the public.

f) Leadership Development

One of our focuses of leadership development was to strengthen the project management skills of members and PMs in order to better equip them for conducting projects. Two trainings were planned in the March and November.

The first project management training "Successful Skills in Project Management" was held on 12th March, 2005 with guest speakers Honorary Life President Senator Peter and Senator Emily Au Yeung. Members learned the successful way in project management and specifically in project promotion.

Moreover, members and PMs were encouraged to participate in NOM core and executive programs.

Coaches are the valuable resources in our chapters. We also put effort to encourage and provide opportunities to them for conducting trainings and enriching their coaching path.

g) Information Technology

A fresh looking new website was launched in early August. Visitors could find all the latest photo album, upcoming activities and SJC resources in a user friendly way.

h) Publication

Printed publication, Riverlight was released in early February and sent to JC members, WJC, JYF, Shatin District Office and Local NGOs for publicity. The second issue would be released in October.

Two issues of Sha Tin Express were broadcasted by email in March and July. Another 2 issues would be released in September and December.

i) Records and Recognition

Records of projects and members' participation in the activities of NOM and LOMs are being kept in good order. 15 awards will be presented to recognize the outstanding performance of members during the year. The awards are as follows:

1. The Most Outstanding Prospective Member Award

(First Half-Year 01/01/2005- 30/6/2005)

7. Acknowledgement

What a fruitful year! Nothing is more than using "challenging but rewarding" to express my feeling in my presidency. I am so impressed and touched by the deep devotion and commitment of the board members. We have shown high sense of team spirit and I enjoy very much to working with everyone of them. I am delighted to learn from every board member, with their different strengths, together creating a memorable year.

My deepest heartfelt gratitude goes to my Presidential Advisor Past President Senator Iris. Her precise advice and detailed thinking give me lots of insight, not only to my JC career, but also personal life. She is one of my most respectful advisors and friends. I would also like to extend my heartfelt

appreciation to Past President Norm and Past President KY for their defined advices to the Love of the Earth project series throughout the year.

Nevertheless, I would like to thank for the effort of our panel of valuable advisors, Honorary Life President Senator Peter, Past President Anne, Past President Herman, Past President Sunny, Past President Ocean and Past President Grace for their continuous support.

Special thanks are expressed to Past President Sammy and Immediate Past President Migi for their generous donation of their body and innovative idea for the fund raising project. Without these two superstars, we would not have such a prosperous year.

Greatest appreciations are given to all the project chairmen and their devoted organizing committee members for their unconditional contribution to the chapter.

Our National Assigned Executive Officer National Vice President Camille is one of the most important persons to give me precious advice and bring our concern to NOM.

On behalf of Sha Tin Junior Chamber, I would like to extend my sincere gratefulness to National President Senator Ellen, all NOM Officers and all LOM Presidents for their cordial support.

Time flies. It comes to the AGM and it is a year apart from when I was elected. May I wish the coming President and Board of Directors had another prosperous year and brought our chapter to a new height.

Jessie Chan
President

Report from Immediate Past President

1. Foreword

It seems that being the Immediate Past President is just a following step of every presidency. In addition to being the Immediate Past President, there is a great challenge for me both mentally and physically this year in participating in SLIM for Health & Fund and Love of the Earth 2005 series. These projects really brought me to another climax in my JC career.

2. Projects / Work Done

2.1 Chapter Management

i. Audited Account of 2004

The financial account of 2004 has been prepared and arranged to the Honorary Auditor for auditing with the great help from 2004 Honorary Treasure Alec and Vice President Yan.

ii. Election of 2006 Ex-committee

The nomination form was sent out on 1st August, 2005. Training for candidates was completed on 27th August, 2005, with the great help from Presidential Advisor Past President Senator Iris and Past President Norm. An interview was scheduled on 3rd September, 2005. The election of 2006 Ex-committee would be held in the Annual General Meeting on 11th September, 2005. A cabinet of 2006 Executive Committee was formed and would be elected in the coming Annual General Meeting.

iii. Records and Recognition

10 awards were presented to recognize the outstanding performance of members for the year 2004.

The Most Outstanding Prospective Member	Anna Chung

Award (First Half-Year)	
The Most Outstanding Board Member Award	Lena Wong
The Most Outstanding Executive Committee Member Award	Yan Ho
The Most Outstanding Organizing Committee Member Award	Fannie Chow
The Best Attendance Member Award	Lena Wong

The Best Fellowship Gathering Award	April MFG - The Art of Chinese Tea Drinking
The Best Project of the Year Award	The Art of Public Speaking
The Most Supportive Past President Award	Past President Senator Iris Ip
The Most Favourite Member Award	Alec Yeung

2.2 Love of the Earth 2005 Series

Love of the Earth 2005 (LOE 2005) was the theme project of this year. We solicited for many sponsors for this project. The promotion was widely spread to more than 400 secondary schools, MTR and X-tips magazine. We were sure that the time and effort spent by the OC team was invaluable and very important in contributing to the success of this project.

The closing of this project was a joint event of three parties; our sister chapter Wakayama Junior Chamber (WJC), Jiangmen Youth Federation and Sha Tin Junior Chamber. We visited WJC early this year and visited Jiangmen a few times to finalize the details.

2.2.1 Opening Ceremony cum Theme Seminar on Hong Kong Ecology and Photography

The opening ceremony cum theme seminar was held on 1st May, 2005 to arouse the interest of the secondary school students to participate the digital production competition.

2.2.2 Sha Lo Tung Ecological and Photographic Tour

An Ecotour was held on a sunny day of mid May. Most of the participants of the tour got many good shots to prepare for their digital production.

2.2.3 Digital Production on Hong Kong Nature Competition

It took a lot of time for the judges to make their final decision for the winners. An awards presentation was held on 31st July 2005. The winners received JVC products and Xtips magazine as prizes; in addition, they were compliment with the participation in the Environmental Protection Exchange Camp held in Jiangmen.

2.2.4 Environmental Protection Exchange Camp

An exchange camp was held on 12th -14th August, 2005. Nearly 80 teenagers from Jiangmen, China; Wakayama, Japan and Hong Kong joined together to share their opinion on the issue of the Environmental Protection. Besides, they could learn the cultural difference among three cities.

The exchange camp was also very important for these three organizations as we had to dig out the time capsule we laid in year 2000. Some of the 2000 LOE participants joined the camp to witness this exciting moment to dig out the time capsule, and also, they shared their experience with the participants of this year.

2.3 Slim for Health and Fund Raising - "Sammy & Migi Slim at any price"

An interesting idea for raising fund was popped up at the end of last year. Past President Sammy and I were invited to trim up for this year fund raising project. All I had to do was to solicit for sponsors to my weight losing. After the hard time of 4 months, Past President Sammy and I totally lose 40 pounds, in return more than HKD30,000 was raised for our beloved chapter.

4. Acknowledgement

Great appreciation goes to President Jessie who devotes herself 200% to our beloved chapter. Thank President Advisor Past President Senator Iris for her in time reminders and advices. Without the joint effort from Board Members, our chapter would not be so successful. Thank Past President KY and Past President Norm for their valuable advices and support to the Love of the Earth series. Special thank to Past President Sammy who is always a "fit" partner to work with.

Report from Vice President (Business Affairs)

1. Foreword

JC is a place of change. I have been in JC for years. We all change to become a better person. I am here to thank the JC system, which has rewarded me with lots of good memories and friendship. I am here to thank people around me in JC, who have helped me grow and shared with me the happiness.

Due to work posting outside Hong Kong, I can't serve in JC next year but I am sure that my attachment to JC will continue.

2. Projects / Work Done

2.1 Joint Chapters NOM Business Seminar

For continuity of the Art of Living Seminars, we successfully bided the NOM project, namely "The Art of Building Your Own Business" in April with Harbour Junior Chamber, aiming to

- echo with JCI Best Business Plan Competition 2005
- enhance the successful and sustainable rate for new business start up
- create awareness of the importance to have a professional business plan for successful business start up
- learn to promote the essence of a newly established business

With the great effort of Chairlady Fannie and dedicated OC Anna from our Chapter and fellow HJC OC members, the seminar was successfully held on 4th June, 2005 with over 100 participants in full house at the Trade and Industry Department in Mongkok.

We had the pleasure to have the distinguished guest speakers, Mr. Richard Ting, President (2002–2004) of the Institute of Management Consultants Hong Kong; Professor Simon S. M. Ho, Dean of the School of Business Hong Kong Baptist University; Mr. Eric Liu, Executive Council Member of Hong Kong Accounting Professionals Association; and Ms. Mariane Chan, Executive Director of Healthy International Ltd.; to share their

professional and valuable knowledge and experience on business establishment and operations. We were also glad to have Past National President Spencer Suen as facilitator of the Q&A session.

By organizing this seminar, the two chapters, Harbour Junior Chamber and Sha Tin Junior Chamber, enhanced the connection and friendship. The OC members also strengthened the skills in project management and communication.

I would like to take this chance to thank Chairlady Fannie, Membership Affairs Director Anna, the sponsor Mr. Albert Wong, NOM officers, National General Legal Counsel James, National Business Director Florence, President Jessie, HJC President Cindy, HJC Vice President Junnie, HJC Business Affairs Director Pyllis for their support to the seminar.

2.2 Signing Ceremony with Wakayama Junior Chamber cum August Monthly Fellowship Gathering

On 14th August, upon the completion of the Love of the Earth Environmental Protection Exchange Camp in Jiangmen, Chairman Pang and Organizing Committee Member Irene organized a wonderful Signing Ceremony with Wakayama Junior Chamber cum August Monthly Fellowship Gathering at the Peak. A number of fellow JCs participated in the dinner for reunion with our friends from Japan. Everyone had a very good time. I would like to take this opportunity to thank Chairman Pang, OC Irene, MC Yuki and all interpreters for their effort in organizing such a nice gathering within very short period of time and limited human resources.

Report from Vice President
(Community Development / International Affairs)

1. Foreword

"李小龍:「人的一生,在於忠實地發展他的潛能,完成自我。」" I learnt these words from a seminar I attended early this year. I feel these words can be realized by being members in Sha Tin Junior Chamber. SJC is a place which helps people to uncover their potentials. Members can truthfully develop their potentials and achieve self-fulfillment. This year, SJC has given me the chance to look for my potentials in the areas of Community Development and International Affairs.

In the capacity of Vice President of Community Development and International Affairs, I am pleased to present my report as follows:

2. Projects / Work Done

2.1 Love of the Earth 2005

Immediate Past President Migi was appointed as the overall Chairman of the project "Love of the Earth 2005".

The project is combined by two main sub-projects:

Part I. - Digital Production of Hong Kong Nature Competition

- JC Pang was appointed as the Sub-Committee Chairman of the session of "Opening Ceremony cum Theme Seminar on Hong Kong Ecology & Photography" which was held on 1st May, 2005 at Baptist Lui Ming Choi Secondary School with about 50 participants.
- Around 50 students and members joined the "Sha Lo Tung Ecological and Photographic Tour" which was held on 15th May, 2005.
- JC Novel was appointed as the Sub-Committee Chairman of the session of the "Awards Presentation" which was held on 31st July, 2005.

Part II. - Environmental Protection Exchange Camp

- International Affairs Director Yoyo was appointed as the Sub-Committee Chairman of this session.
- The exchange camp was jointly organized by three organizations, Wakayama Junior Chamber (WJC) of Japan, the Jiangmen Youth Federation (JYF) of China and our chapter on 12th – 14th Aug with over 140 participants. The Environmental Protection Exchange Camp provided the participants a platform to exchange knowledge of environmental protection of Hong Kong, Jiangmen and Wakayama. In this 3-day-2-night exchange camp, the programs included nature soap making, ecotour in Jiangmen, environmental protection youth forum and exchange games, etc.

2.2 Community Development

- Community Development Director Alex kept in regular contacts with some local organizations such as Social Welfare Department, Sheng Kung Hui, etc. in Sha Tin area.
- Like previous years, we sent helpers as the interviewers to schools in Ma On Shan for the F.5. students mock interview activity early this year.
- We continued to participate in some local non - JC events such as 2005/06 沙田區義工推廣巡禮.

2.3 International Affairs

- International Affairs Director Yoyo has been devoted to be the communication channel to our sister chapter, Wakayama Junior Chamber.
- Formal Visit to Wakayama Junior Chamber
  The formal visit to our sister chapter, Wakayama Junior Chamber, Japan was held from 12th to 14th Feb. A total of 7 members and 4 family members joined the visit.

- ASPAC, Macau
  13 members took part in the ASPAC Macau from 26th to 29th May, 2005. The participation rate was 4 times more then last year ASPAC.

4. Acknowledgement

No President Jessie and Immediate Past President Migi, no "Love of the Earth 2005". Without their dedication, commitment and strong leadership, the Love of the Earth project would not be able to be carried out successfully. I would like to specially thank Past President Norm for giving us invaluable advice since the planning stage of the project. I am very happy that I can work closely with International Affairs Director Yoyo and Community Development Director Alex; they delivered 110% effort on their areas. I would also like to specially thank Vice President Yan who has helped me to prepare the year 2004 financial report (Yes, I was the Honorary Treasurer of 2004). I very much appreciate the advice and help given by President Advisor Past President Senator Iris, National

Assigned Executive Officer National Vice President Camille, other board members and all chairmen.

Report from Vice President (Leadership Development)

1. Foreword

When I joined Sha Tin Junior Chamber, I had never thought I would take up the post of Vice President. But in 2005, I serve the Chapter as the Vice President in charge of Leadership Development and very pleased to present my annual report as follows:

2. Projects / Work Done

2.1 JC Orientation

With the support from NOM, SJC successfully organized a JC Orientation on 12th March, 2005 chaired by Public Relations Director Jenny, with OC members Ray and Edward. In addition, I would like to thank MC Membership Affairs Director Anna and Vice President Lena for her assistance. Two outstanding speakers, Honorary Life President Senator Peter and Senator Emily Au Yeung from PJC, shared their JC experience and project management knowledge with 20 attendees. The two influential speakers were able to touch the heart of everyone and we were able to recruit three prospective members from this orientation.

2.2 NOM Leadership Program

This year, NOM has planned to hold 8 Core Programs and 4 Executive Programs. Up to now, 9 Programs had held. Members Leo, Louis, Public Relations Director Jenny and I attended some programs. Vice President Lena and Public Relations Director Jenny had attended the Public Speaking Competition. Congratulations to Vice President Lena as she won the Second Runner-Up of the Competition. Members learnt a lot of skills how to do a good project and acquired some knowledge about JCI from these training programs. I would motivate more members to attend the remaining Programs.

2.3 Others

Immediate Past President Migi attended the JCI LEAD training course in

Macau ASPAC. It was a good opportunity for us to study together with JC members of other countries.

Now, I am planning the second training program for our members in the last quarter of 2005. A successful training would need the assistance from our chapter's coaches.

Report from Vice President
(Membership Affairs / Public Relations)

1. Foreword

In my second year in the Board of Directors of Sha Tin Junior Chamber, I have taken a step further and been able to explore more by taking on two areas in my beloved Chapter – Membership Affairs and Public Relations. It has not been easy to take care of the Chapter from both inside and outside; yet the two areas correlate with each other in helping our Chapter grow. Nevertheless, we have been able to Love Thyself, Love Thy Earth.

2. Projects / Work Done

2.1 Membership Affairs

i. Membership Update

As at 31st August, 2005, the membership number of Sha Tin Junior Chamber was as follows :

Full Members	28
Prospective Members	5
Senior Members	14
Total Number of Members	47

This year, number of prospective members recruited was seven and number of induction conducted was five. By the end of 2005, the total number of full members is expected to exceed 30.

ii. Membership Recruitment

Efforts were put in profoundly into membership recruitment by MA team. Two to three potential members were oriented by MA team together with President Jessie in a SJC Chit Chat Nite environment as it was a chance for them to learn more about SJC and for us to see how the new members can fit into the Chapter.

Each prospective member had to participate in two of our functions and was guided to complete his/her first project, accompanied to PM orientation, and then interviewed by the Board of Directors and

a Past President. This induction process has been proven to be very successful as the new full members took this seriously and treasured their membership in SJC.

A new version of Recruitment Form had been designed to align with the new JCI logo and with some updated photographs. This A4 size form fits in perfectly well with the SJC folder along with Riverlight and Sha Tin Express to present it to our potential members.

iii. JC Orientation

With the support from NOM, SJC successfully organized a JC Orientation on 12th March, 2005 chaired by Public Relations Director Jenny and supervised by Vice President Yan. Two outstanding speakers, Hon. Life President Senator Peter and Senator Emily Au Yeung from PJC, shared their JC experience and project management knowledge with 20 attendees. The two influential speakers were able to touch the heart of everyone and we were able to recruit three prospective members from this orientation.

iv. Membership Retention

Friendster is the programme put in place for membership retention. The programme is intended to encourage more casual gatherings organized by the Friendster groups in order to enhance the fellowship in the Chapter. Membership Affairs Director Anna is in charge of the programme to work with the four Friendster coordinators. The first activity was organized by "Funny" in a hiking trip in Sha Tin area in May. The second Friendster activity was organized by "Spicy" in a karaoke night in end of August. More Friendster activities such as yam cha, hiking or any other gatherings will be organized in last quarter of 2005.

v. Others

Monthly membership report to NOM is handled promptly on or before 20th of every month to report any change in membership number and status. A few procedures in the area of membership have been documented properly to ensure consistent practice of the successors of the MA area in coming years. The membership

induction requirements are listed out in a one page document to present to each prospective member when he/she signs up so that the new member can be certain about his/her role as a Prospective Member. Furthermore, the membership reinstatement procedure has also been adopted by the Board and documented for future reference.

2.2 Public Relations

2.2.1 Champion of Champion – Rowing Competition

With outstanding leadership of Project Chairman Public Relations Director Jenny, the COC Rowing Competition was very successfully held in May this year. This was the first time the Chapter to hold such sport event and the sport itself was very innovative to all members. This has enhanced the image of SJC as a healthy and sporty Chapter and PR team would recommend the Chapter to continue holding this event on annual basis.

2.2.2 Dragon Boat Training and Race 2005

A signature project of SJC, the Annual Dragon Boat Training and Race 2005, was chaired by JC Edward in June this year. With 2 races this year, one being in Mui Woo and the other being in Sha Tin Shing Mun River, the male and female teams were able to bring together with some true JC spirits. This project was another key to our healthy SJC image in the JC community and to other organizations.

2.2.3 Causal Joint Happy Hour Gatherings

In March, a causal joint happy hour gathering was organized with QJC with up to 20 members from both Chapters to join. In July, another one, namely Summer Blue Happy Hour, was hosted jointly with HKJTT, DJC and AJC. These casual gatherings require little effort from PR Team but provide more exposures for SJC members to network members from other Chapters.

2.2.4 Media Relations

PR Team has been able to support various projects in the Chapter to prepare press releases, media invitations and media relations follow up this year. Public Relations Director Jenny was in charge of

liaising with the media to arrange some media coverage for Love of the Earth 2005 – Opening Ceremony cum Theme Seminar on Hong Kong Ecology & Photography in May.

2.2.5 Others

SJC Sport Nites are organized monthly to enhance the fellowship of SJC members in playing badminton or bowling. Responses have been positive and on average there are about 10 members participating each time.

With our 2005 logo and slogan, as well as Love of the Earth being our prominent project of the year, we have portrayed a healthy, green and sporty image to other Chapters, NOM and the community. This also provides a great public image in correlation to membership recruitment when presenting the Chapter.

4. Acknowledgement

I would like to thank everyone who has let me learn more, helped me grow stronger, and made me become better. I am thankful to have all the board members to be with me and the supports from the directors. Special appreciation goes to President Jessie for being more than a friend to me and Presidential Advisor Past President Senator Iris for being more than a mentor to me.

Report from Honorary Secretary

1. Foreword

It is my honor to serve my beloved chapter as the Honorary Secretary. I have got the opportunities to learn the skills on Documentation Management, Communication Skills and Time Management.

In the capacity of Honorary Secretary, I am pleased to submit my report as follows:-

2. Projects / Work Done

2.1 Administration

The D2 and D3 forms were filed to the Companies Registry on time. Agenda and Minutes of monthly Board Meeting were prepared before the meetings and were submitted to NOM before the deadline.

The project files and records are kept in good order. After the clearing up the outdated files, the inventory list has been updated. It is recommendable to rent additional storage space to keep the important documents, receipts, awards and assets.

2.2 Publication

Our publication - Riverlight was released in February and sent to JC members, WJC, JYF, Shatin District Office and Local NGOs for publicity. The second issue would be released in October.

As of today, two issues of Sha Tin Express were released by email in March and July. Two more issues would be released in September and December.

2.3 Records & Recognition

Award Manual was emailed to members early this year. Member attendance was kept in record. 15 awards will be presented to members to recognize the

members with outstanding performance during the year.

2.4 SJC Web Site and Email

New designed web site was launched in early August. With the user-friendly platform, visitors could find all the latest photo albums, upcoming activities, SJC resources as well as online Prospective Member Form. SJC Email to all members is maintained without delay.

2.5 Inaugural Ceremony 2005 cum Awards Presentation 2004

The Inaugural Ceremony cum Awards Presentation 2004 was held on 15 January, 2005 at Regal River Side Hotel, Sha Tin. Over 70 participants attended this function, including President and members from Wakayama Junior Chamber, Hon. Advisors namely Mr. Andrew Wong, OBE, JP; Mr. Thomas Pang, JP, and our Past Presidents as witnesses.

As the Supervising Officer of the project, I was glad to see the commitment and enthusiasm of the Chairlady Cathy, Project Advisor Past President KY, OC members Public Relations Director Jenny and Membership Affairs Director Anna.

3. Participation in JCI / NOM / LOM / SJC Functions

Apart from attending regular Board Meetings, Organizing Committee Meetings and Fellowship Gatherings, I also attended the following functions during the year:

Report from Honorary Treasurer

1. Foreword

JC is a training institute. In past few months, I experienced a lot which I had not gone through before. In JC, I got a lot of chances to improve my weakness, extend my comfort zone, learn new skills, broaden my insight and meet many wonderful people. JC is a dynamic and wonderful organization. In the capacity of Honorary Treasurer, I am pleased to present my report as follows

2. Projects / Work Done

2.1 Finance

As a non-profit making organization, a balanced budget is important to the Chapter. Also, it is important to monitor the income and expenditures during the year. After the approval of the budget by the Board early this year, we do our best to make every project balanced.

The Board are always informed the financial status of the Chapter. Some key financial data, such as the bank balance; membership dues receivable; accounts receivable and accounts payable, are presented in each Board Meeting. After the implementation of the e-banking, we can check our bank balance on demand basis.

At the moment, three bank accounts are under Sha Tin Junior Chamber Limited. One is for general financial operation of our chapter. Two bank accounts are managed by Trust Fund Committee.

Trust Fund was established and funded with HKD100,000 in February 2005. Bank operation is executed by current board. By adopted resolution from the Trust Fund Committee, Trust Fund purchased a lot, 400 Shares, of HSBC for investment purpose at HK$127.8 per share in August 2005.

In addition, 2004 financial report with a HK$19,307.72 surplus was audited and would be adopted in the forthcoming AGM.

2.2 Fund Raising Project

Early this year, NOM held a raffle ticket sale as fund raising for NOM & LOM. With the great support of our members, HK$ 3,525 rebate was made by NOM. Eventually, the Board decided to donate the rebate to victims in South-East Asia Tsunami through Red Cross. The payment was sent to Red Cross in April 2005.

Catching up the trend in town, fund-raising project, "Sammy & Magi Slim at any Price!" was launched in January 2005. Past President Sammy and Immediate Past President Magi contributed their extra body fat to redeem participants' monetary support. With participants' generosity, HKD 30,000 was raised for our chapter.

2.3 Joint Chapters NOM Business Seminar

Getting Hot Topic in Town, "The Art of Building Your Own Business" was organized for public and JC members. I am grateful that I had the chance to be the Chairlady. With good guidance from Supervising Officers, great contribution from the Organizing Committee and supporting parties, over 100-attendee seminar was delivered within 2 months smoothly.
