JCI MISSION

To provide development opportunities that empower young people to create positive change.

JCI VISION

To be the leading global network of young active citizens.

JCI CREED

We believe :

That faith in God gives meaning and purpose to human life
That the brotherhood of man transcends the sovereignty of nations
That economic justice can best be won by free men through free enterprise
That government should be of laws rather than of men
That earth's great treasure lies in human personality
And that service to humanity is the best work of life.

HISTORY OF THE CREED

The year was 1946; the place, Milwaukee, Wisconsin, USA; the event, the United States Junior Chamber National Convention. Visitors came from Canada, Mexico, South America, Europe and the Philippine Island. It was here that the idea of a JCI Creed was born.

Past President of the Ohio Junior Chamber and National Vice President of the United States Junior Chamber, William Brownfield realized at this convention that the organization did not have a Creed. He was inspired by the devotion of Junior Chamber members "to the purpose of serving mankind in a thousand different ways, right down at the grass roots where freedom lives or dies."

Brownfield saw Junior Chamber as "the potential for a new force in the world, one capable of changing the balance between victory or defeat for our chosen way of life in a time of crisis."

The actual writing of the Creed took place in July 1946 during a drive from Brownfield's hometown of Columbus, Ohio, to his coal mine in New Lexington, a journey of about 75 minutes. He started that journey with a firm conviction in his mind to work on the Creed. It was during that trip the following words came to mind and were put on paper:

The brotherbood of man transcends the sovereignty of nations.
Economic justice can best be won by free men though free enterprise.
Goverment should be of laws rather than of men.
Earth's great treasure lies in human personality.
Service to humanity is the best work of life.

Since it was written, Junior Chamber members all over the world recite the Creed at local, national and international meetings and functions. During that time there has been much discussion of the interpretation of the Creed. The author himself said, "Every Member is free to interpret the Creed in the light of his own conscience."

On behalf of JCI Hong Kong, I would like to express my sincere gratitude to welcome you to join for the first time ever JCI Hong Kong 70th Anniversary Online Celebration.

My gratitude goes to the 70th Anniversary organization committee for their flexibility and creativity. Amidst the uncertainty due to the COVID-19 pandemic, they were able to produce different innovative online celebration programs, explore opportunities to grow as individuals and create moments of connection.

Over the past 70 years, we have transformed challenges and difficulties into opportunities for enterprising young leaders. Thanks to JCI Hong Kong members' commitment to excellence and active participation in community activities, we have established ourselves as an organization with a good reputation for developing leaders for a changing world. By serving the community, we developed projects that carried practical impact and have thus developed generations of young people with leadership potential to take up important responsibilities in respective fields of endeavors in the community to further advance the JCI Values.

In the face of the COVID-19 pandemic this year, JCI Hong Kong members continue to advance and do outstanding work in local and national level, such as to build up the long-term economic relevance by developing projects that sustain and rebuild economies, by promoting professional reconversion and developing entrepreneurship skills, and supporting good mental health. JCI Hong Kong is also responsible for several programs to facilitate dialogue of SDGs and business engagement activities in first ever hybrid JCI World Congress.

As JCI members, we are all motivated and always have positive mind to change the adversity to opportunity for the betterment of our community. Throughout past several decades, JCI Hong Kong members had been instrumental to guide the communities into a constantly-changing future.

I would like to thank all the Past National Presidents and Officers for all your time, your energy and your advice to push forward our beloved organization in the past 70 years.

I would take this opportunity to thank our 70th Anniversary Celebration organization committee, advisors and national and chapter officers, the volunteers and the staff who made all this possible.

I wish you all have a wonderful and memorable night and keep serving our community in our JC spirit to the next 70 years!

CONGRATULATIONS!!

What an amazing time to duly celebrate the 70th Anniversary of Junior Chamber International Hong Kong (JCIHK).

JCI offers our members this unique practice ground to run all affairs as a living organization consisting only of young active members between the age of 18 and 40. Our boards of directors at every level of the Local, National, and International, located in more than 120 countries, consist only of young people within this age range. So that they can take their own action, learn from doing, and most importantly, learn and practice good honest leadership as guided by our JCI Creed - in preparation for their leadership roles in life.

The quest for good honest leadership in all aspects of our lives is never ending.

JCI HONG KONG stood up to continuously meet this challenge in our past 70 years history without fail.

BRAVO!! WELL DONE!!

On behalf of JCI Advisory Board, I would congratulate the 70th Anniversary of JCI Hong Kong. Throughout these 70 years, the JCI Hong Kong follows the purpose of this organization which provides the development opportunities to let our members deliver the positive energy to the community and lead our society into the brighter future.

The pandemic of COVID 19 affects the world this year. Most of the public events and activities have to stop in order to avoid the spreading and outbreak of the disease. However, members of JCI never stops. By the advancement of the technology, we have successfully launched online conferences and Yokohama congress will be the first congress make use of online and in-person (hybrid mode) to run. This hybrid system allows the members can communicate through both social media platform and in-person which can encourage more JCI members could participate the international events. In this juncture, thanks shall be given to JCI Hong Kong. JCI Hong Kong will be responsible for several programs of Yokohama Congress. These programs include SDG forums and business network matching which allowed individual members around the JCI world discussed and shared their views over the sustainability of the society, and formulated the measures to bring our community back after this pandemic. Young people's positive mind can change our world. I hope this kind of positive mindset could inherit to next generation of young people for the betterment of the human future.

Dear members of JCI Hong Kong,

It is an exceptional honor to congratulate you on celebrating your National Organization's 70th anniversary. JCI Hong Kong is a brightly shining start within the JCI galaxy, as it has shown time and again and especially during these unprecedented and turbulent times. The city of Hong Kong is very close to my heart, as are my many friends there whom I have met over the course of my JCI career. Thanks to your support for the JCI RISE Initiative and online World Congress, it is obvious how you lead by example, and remain committed to the JCI ideals and our new tagline of developing leaders for a changing world.

Over the last 70 years, JCI Hong Kong has generated an immense amount of impact in line with the historical, physical, economic and political transformation of your city, as it has evolved from the post-war context into "Asia's World City" and its members have turned young people into strong and dedicated leaders in government, business and civil society.

As JCI leaders, it is your responsibility to transform today's challenges into great opportunities in order to build a harmonious future and I look forward to seeing the new projects that you will create in line with the JCI RISE as we rebuild economies from the ruins of the pandemic and anchor JCI in economic reality.

Once more, I congratulate you for achieving this great milestone within your National Organization and wish you more success for the next 70 years and beyond! Take your time to reflect, celebrate and recognize the good you have done; then, let's get back to creating sustainable change and developing enterprising young leaders for this changing world, together.

I look forward to engaging with you at the online World Congress and in person when I am back in person to Hong Kong in the future, the best is yet to come – in the meantime, add oil!

Best wishes,

Tēnā koutou JCI Hong Kong,

Congratulations on reaching 70 years as a thriving JCI organisation! That in itself is a significant achievement, but to do so in a year like 2020 is a true testament to the dedication of you the members of JCI Hong Kong.

I know that this celebration is not the way you originally envisioned your 70th anniversary and I am sure that 2020 has not gone the way you originally intended. But as an organisation you have continued to grow, evolved and contribute in new and exciting ways, including some which we couldn't have foreseen a year ago, and which would have been incomprehensible to the founders of your national organisation.

Continue to keep up the great work. Focus on developing your members and creating the next generation of inclusive, empathic, effective leaders. Continue to share with other national organisations, your projects, your ideas, your knowledge your processes, you have so much to offer!

Thank you all for your hard work and dedication to our organisation. We are a membership organisation and are nothing without our members. Good luck with the rest of 2020 and I look forward to meeting as many of you as possible in the future.

Our 70th Anniversary arrives at a time when Hong Kong is severely disrupted by both the coronavirus pandemic and months of social unrest and violence. Today many wonder where Hong Kong is heading to and whether peace and prosperity will ever return. Many have lost faith and hope. More are confused. Now is the time for Jaycees in Hong Kong to exercise our positive leadership to help reinstate a culture of empathy and respect, an attitude of understanding and accommodation, and an atmosphere of harmony and peace in our community so that this great city we call home could rebuild itself and enjoy prosperity again.

Congratulations to Junior Chamber International Hong Kong and all Hong Kong Jaycees for 70 years of accomplishment in community service and leadership development works. So proud to be a Hong Kong Jaycee!

I am proud to have witnessed the growth of JCIHK since 1980. I am sure JCIHK will continue to prosper and to provide ample opportunities for young people to develop their leadership skills, social responsibility, entrepreneurship and fellowship necessary to create positive changes.

Please join me to congratulate JCIHK for a memorable 70th anniversary celebration!

1981 National President

Senator Edmond PANG

It is like yesterday when we celebrated our 65th anniversary 5 years ago. And this year, we celebrate the 70th Anniversary of JCIHK.

In the past many years, JCIHK have providing personal development training to thousands of young men and women through community service projects. Some of them are now community or business leaders in their various fields and serving Hong Kong and the country in their various roles.

In spite of their relatively young age, our members are trained to handle matters business-like and in observing high corporate governance values. From personal development to serving the community, we make good friends while our members are being prepared to being global citizens. I am proud to be associated with this largest youth development Organization of the world - Junior Chamber International.

Allow me here to congratulate the officers and members of JCIHK and its 21 local chapters on the occasion of this 70th Anniversary. I wish you and all guests a memorable evening.

1983 National President

Senator Kitty LEUNG

It gives me great pleasure to send my best wishes to JCIHK on occasion of the 70th Anniversary.

Over the past 70 years, JCI Hong Kong has expanded from one NOM with 30 odd members to a National Organisation comprising of 21 Local Chapters with over 2,000 members. We have not only grown in quantity but quality. By implementing our JCI Creed "Service to Humanity is the Best Work of Life" our members were able to improve both themselves as well as our Community. We have played an important role of contributing to the betterment of our Society locally and internationally.

May I take this opportunity to wish JCIHK continued success in the coming years.

1984 National President

Senator John CHAN

I am extremely gratifying to witness the 70th Anniversary Celebration of Junior Chamber International Hong Kong this year.

I was indeed very fortunate to join this organization in 1968 and was honored to serve as your national president in 1984. Throughout my 52 years' JC life as an active member, I have witnessed the strong growth of our organization from only 3 chapters (LOMs) in 1968 to 21 LOMs in 2020. The trainings I have received to build up myself, the friendship I have made in the Jaycees locally & worldwide and the services we have carried out to benefit the community are most valuable and unforgettable.

It is encouraging to see that the membership continues to grow, the fellowship amongst the members fosters and most important of all, our members join hand in serving the community.

I wish to extend my best wishes to Junior Chamber International Hong Kong for a most successful celebration and many more years of worthwhile services to our community.

1986 National President

Senator NG Leung Yau

I write to congratulate JCIHK, together with its 21 local Chapters, on this happy occasion of its 70th Anniversary.

Over the past years, this body of young men and women - JCIHK, as a part of the international body Junior Chamber International, has been contributing to Hong Kong through its community service projects. At the same time, these young people of between 18 and 40 are trained to acquire the necessary skills of leadership, to be more efficient in their future endeavors. In addition, these young men and women help to bring the people of the world closer through the bigger umbrella of the world body, which also comes to its 105th year of service in 2020.

I wish JCIHK many happy returns and continue to up-hold the ideals of the JCI Creed in the service of mankind.

1987 National President

Senator Nora CHENG

JCIHK being a leadership training organization did its best to achieve the objective over the past years in producing quite a great number of good, hardworking and outstanding members in helping to serve, to contribute and act as leaders in the community. I am proud to be a member of this organization and have the chance to learn, to serve and to lead the NOM in 1987.

Whilst rejoicing over this happy occasion of the 70th Anniversary, I would like to urge all Jaycee members to continue to act as a good and leading citizen, and strive to continuously contribute towards the betterment of our community here in Hong Kong, especially during the current environment.

Congratulations to all on this memorable occasion.

1989 National President

Senator Junia HO

I would like to congratulate the JCIHK which celebrates its 70 years of success in Hong Kong this year.

Looking at all the records of the achievement made in the past, we should be justifiably proud that the JCIHK has contributed significantly not only to the local community, but on the development of individual leaders through our very unique areas of opportunities.

I sincerely urge all our members to continue to make great efforts in looking for new challenges and opportunities so as to further establish the JCIHK to be an even stronger organization for the benefits of our society.

1990 National President

Senator Larry LAU

The MISSION of Junior Chamber is to train up individual members to create positive changes to himself/herself and to the society they live, with the ultimate goal of bringing out peace to this world.

Over the past 70 years, Junior Chamber International Hong Kong has groomed thousands of young men and women to become leaders in their professions, in different volunteer organizations, as well as in the government and the society.

In recent years, Hong Kong is facing much dissatisfaction and confrontations. Be it at home, in work, on the street, in press, in Legco Chamber and over the internet. Hong Kong is loomed with argument over employment conditions, housing, education, medical coverage, tourism, business diversification and political development. Every Sunday and public holidays, you see protests and strikes in the streets. Hong Kong seems having no future.

JCIHK, with its wide connections, should carefully consider what we may be done within the LOM and NOM level, activities and programmes to alleviate the situation. We may not be able to achieve a lot in a short time, but certainly we can bring out some positive changes within our members and senior members, so as to assert positive influence to their families, their friends and their circles. I like to see some actions in the not too distant future.

I look forward to meeting old friends in the 70th anniversary. All the best to Junior Chamber International Hong Kong and to the beautiful city we are living.

1991 National President

Senator Daniel CHAM

Those were the days, just remember how we laughed away the hours and dreamed of all the great things we would do. Those were the days that we thought would never end, numerous meaningful and memorable projects as well as fellowships have been organized in the past 70 years. Time flies, 7 decades in grooming leaders and serving the community have been past and many milestones have been set. It is a remarkable record in the history of Hong Kong. JCI HK and its chapters are remembered and well recognized by the society.

May I wish JCI Hong Kong and its members a memorable and joyful 70th Anniversary Celebration!

1992 National President

Senator Eddy WONG

As an organization that provides leadership training for youth in Hong Kong, it makes me proud to have involved in its movement for the past 30 plus years. Throughout these years, I have witnessed the success of breeding leaders by JCIHK for various sectors in this community.

Several common characteristics of these leaders generated by JCIHK are self-initiative, willing to learn and serve, open-minded, think positively, have to-give attitude and generous to share with others. They are different from the passengers of this organization because they are not arrogant and selfish. They believe in the virtue of our JC creed "Service to Humanity is best work of life". Even though we have passed through 70 years in Hong Kong, we will still have a lot of years to train leaders, build for betterment of our community in the future. It is our continuous obligation to groom leaders while they are energetic and enthusiastic to our community. By doing so, our organization and our homeland will become stronger and stronger. May I take this opportunity to congratulate all members of JCIHK to have a very happy 70th Anniversary celebration on 14th November 2020.

1993 National President

Senator George LUNG

2020 has been an exceptional year, with all kinds of challenges that we have to face, and it takes great leadership and personal qualities to help us sail through the tides.

During the past 70 years of JCI Hong Kong history, many of our predecessors have stood out and guided Hong Kong to prosper over numerous social and economical challenges, fully utilizing their skills and experience gained from JC during the process.

Threats often come with opportunities. While the world has been de-stabilized and looking for new equilibriums, if we have clear goals and objectives, we will be able to fine tune our road maps and ride on the new opportunities to survive excel. Being well trained JC members, it is up to us to choose between drifted by the tides or surf on them.

Looking ahead on our 70th anniversary, I look forward to seeing more of our members stand out again as community and business leaders, using their "great treasures" to do "the best work of life".

1994 National President

Senator Ronald HO

It is with great pleasure that I present this congratulatory message for the 70th Anniversary of JCIHK.

During my time as National President in 1994, our name was Hong Kong Junior Chamber of Commerce and we usually called ourselves Jaycees/ JC members. There were 18 chapters and the latest addition was Apex. Different chapters liked to play around with their logos trying to stand out from the others.

Today in 2020, there are 21 chapters in Hong Kong. We have basically all changed to call ourselves JCI followed by the individual chapter's name. The logos are also more standardized.

However, it does not mean that things are moving from "Variety" to "Standardized". On the contrary, the whole JC movement in Hong Kong has made significant strides.

I am pleased to witness JCIHK's relationship with the HKSAR Government, corporate entities, NGOs as well as Mainland organizations have made continuous progress.

I would like to challenge all the current JC members to keep working very hard to maintain the momentum taking the JC movement to even greater heights.

Congratulation and all the best!

1996 National President

Senator Justin LUI

The 70th anniversary of the Junior Chamber International Hong Kong (JCI Hong Kong) marks the significant advancement of JCI movement in Hong Kong. It is my great pleasure to be part of these joyous celebrations.

Over the past seven decades, JCI Hong Kong and its local chapters, have taken on the challenges around us and pioneered numerous meaningful and creative projects that contribute to the betterment of Hong Kong. We, JCI members, have also excelled through learning by doing when assuming various roles and responsibilities along the career ladder in the organization, thereby attaining all rounded development in our leadership skills, social responsibility, entrepreneurship and fellowship.

I take great pride in being part of the JCI movement. I sincerely hope that JCI Hong Kong will continue to enjoy strong support from various sectors of the community. I am also confident that we will continue making contribution to the development of Hong Kong as well as furthering the aim of JCI in creating global impact through our local initiatives.

My sincere congratulations!

1997 National President

Senator Henry U

It has been my honor to be the National President in the year 1997.

Day in and Day out :

The JCI Creed "Brotherhood of men transcends the sovereignty of nations" and "Service to humanity is the Best Work of Life" are really one of my motto in life.

"**Lead • Connect • Achieve**" is the Presidential Theme of National President Maric and let us connect each and every single NOM and LOM Officer, Senators, Alumni and members to create impact to our society!

We are confident that our beloved organization will continue to make a difference and reach another new horizon!

2000 National President

2020 is a great year for all JC members to celebrate the 70 years establishment of JCIHK.

JCIHK has actively served the local community by motivating and training youngsters to equip with good morale values and technical skill. Now, it is our right moment for us to think about how JC movement can be carried out to contribute the society in a globalized village era.

This year, the theme of NOM is "Lead • Connect • Achieve". More collaborations with 18 districts have been arranged to arouse the public interest on our Active Citizen Framework.

I would like to express our sincere thanks for National President Senator Maric Cheng leading the NOM and LOM teams on setting the specific mission in this year.

May I wish all the best for the wonderful 70th Anniversary Celebration.

2001 National President

Senator Michelle TANG

In the past years, the Junior Chamber International Hong Kong has provided a vibrant engine to help power the tremendous youth development services in Hong Kong. Millions of us must have been benefited from our widely acclaimed training programs.

Not forgetting your success thus far for has also well prepared the organization to meet new challenges in the year ahead. We need people with a global outlook, ability to response quickly, creative, innovative and positive attitudes. Cultivating our younger generation to possess such qualities must be one of the main targets of our society.

2005 National President

Senator Ellen TSANG

I would like to extend my heartfelt congratulations to JCIHK on the joyful 70th anniversary.

Looking back, almost two and a half decades of my best years have been fruitfully spent on the mutual growth and concerted effort with this amazing organization to attract business and community elites over ongoing generations and help them unleash their full potential via charismatic mentorship, strategic guidance, worldwide exposure, international cooperation and charitable initiatives. Such robust bond, approaching a quarter of a century, resembles a marriage from paper to silver anniversary as every friend and foe encountered have written something valuable on me. As Confucius said, "When I walk along with others, there must be one who can teach me." Thanks to all I have met for they have shaped me into a more considerate, more confident and better person.

Today, the piece of paper in me has turned into bright silver while others have become rubies, sapphires, diamonds or other precious gems. We all share one common vision upheld by JCIHK, i.e. contributing whenever we can and wherever we are to make our city and the world a better place for our future generations.

Let's raise our glasses in a toast to JCIHK for the successful and rewarding years ahead!

2012 National President

Senator Stanley NG

Congratulations to JCIHK for serving the young people of Hong Kong with success in the past 70 years. JCIHK has witnessed thousands of members devoting their passion to make their dreams come true and become better persons through their JC journey.

I believe the JC movement will have an even more important role for Hong Kong's social development at this time, 23 years after the handover. Despite many newly established youth organizations in this decade, JCIHK, as one of the most reputed international youth organizations in this city, upholds the universal values of the JCI Creed and takes a unique responsibility in internationalism and promoting active citizenship.

After the Umbrella Movement in 2014 and the social unrest in 2019, youth development is under the spotlight in public policies. There are over 2 million youngsters in Hong Kong aged 18-40, taking up more than 30% of population. It is time for the JC movement to provide even better development opportunities to empower young Hong Kong active citizens to fulfill both their rights and responsibilities in a balanced way.

Best wishes to JCIHK and all youngsters who are engaged in the JC movement. We Decide Our Future.

2013 National President

Senator Paul WU

Guided by the experience of our predecessors, we sharpen project management skills, grasp opportunities to practice leadership and then strive to become leaders ourselves. I am privileged to have joined JCI through which I have grown into a better person as I am now.

In this memorable occasion, we are happy to gather our partners, Senators and members together in a brand new virtual way, celebrating the accomplishment of our mission by providing development opportunities to empower young people to create positive change. Cheers to the 105th anniversary of the Jaycee movement!

Thanks to National President Senator Maric and his team, most projects and programs in the year plan had not stalled because of their ingenuity and adaptability. The seamless combination of online and offline operations ensure that our members are connected and at the same time continue our contribution to the community.

I would like to thank JCI Hong Kong's support to the JCI Growth and Development Committee, including Asia Pacific Development Council, especially in gathering the most English responses for the JCI Member Experience Survey. The feedback from members will help turn JCI into a more relevant organisation to young people in this ever-changing world as we recover from the pandemic. Re-emphasising the four areas of opportunities at the international level will streamline diversity and intensify members' experience. JCI Hong Kong contributed a lot to change for the better!

Looking forward, I envisage JCI Hong Kong to continue to be the leading youth organisation that could bring about sustainable positive change that is recognised by the community. Let's join hands together to do amazing things beyond our belief.

Happy 70th anniversary to JCIHK! I am so glad to be in this special day in my life, as a local president for JCI Queensway, to witness this significant milestone of the organization that I truly love. During the past 70 years, JCIHK has been striving hard to provide numerous development opportunities for the young people and bring positive change to the community. Even today it keeps on doing, even with the hard time, not to mention, the recent COVID-19 outbreak, social movement, SARS, financial crisis and so on. It has never been beaten by those obstacles to realize the JCI Creed, Mission, and Vision that is deeply ingrained in our heart. And what make me impressed is that not only did it survive, it becomes stronger and keeps on injecting positive energy and setting a good example for the youth. I feel blessed to be in this long-standing organization, where countless successful leaders have been nurtured. With this "Lion Rock Spirit", I would like to extend my best wish to JCIHK for continued success and prosperity in the next 70 years.

Message from

Chairman of JCI Hong Kong 70th Anniversary Celebration Senator Ben MAK

It is my great honour to be the Chairman of the 70th Anniversary Celebration of JCI Hong Kong.

In the past 70 years, JCIHK has developed numerous globally minded leaders with responsibilities and common goals. This group of youth has not only obtained outstanding achievement in their career and personal life, but also created positive impact to our communities, our world and our future.

2020 is a very challenging year due to the impact of the COVID-19 pandemic. We believe as an international leadership organization with over thousands of members across the world, we are uniquely capable of creating impactful change in facing challenge.

Our 70th anniversary celebration should be in full swing in May's anniversary ball originally. We had to postpone the ball to November and eventually cancel it in September. Everything has gone back to zero. However, our OC team has never given up. I really appreciate our OC team and members of JCI Hong Kong who are embraced with new ideas, collaborations and diversities. We have kept our passing and courage to address all critical challenges over the times, especially in the second half of the year. At last, this group of young leaders has made a brand new virtual program for the 70th anniversary celebration.

Taking this opportunity, I would like to extend my gratitude to all distinguished guests, sponsors, advertisers and 21 local chapters for their support and contribution. In addition, I would like to salute to my Deputy Chairmen Senator Terry Chan, Senator Iris Lam, Senator Raymond Ng, Bowie Chiu, Karmen Chu, Ellen Chung, Gabriel Ho, Billy Kwong, Jerry Tang and Julie Yiu, and to our Organizing Committee team members for their dedication and effort to make this successful and meaningful event.

My sincere thanks also go to National President Senator Maric Cheng, Project Advisors Past National Presidents Senator Alice Liu and Senator Brian Kwan, Supervising Officer National General Legal Counsel Senator Jessica Lee for their valuable advice and guidance. Last but not least, my deepest gratitude to all Past National Presidents who have shared their successful stories of their JC path and career, which gave great inspirations to our members. Once again thank you all for your support to JCIHK. Please enjoy the show!

2020 JCI CURRENT FACTS

ABOUT JCI
We are a membership-based international youth leadership organization of 200,000 young people aged 18 to 40 in 5,000 communities and more than 100 countries around the world. Each JCI Member shares the belief that in order to create lasting positive changes, we must improve ourselves and the world around us. We seek targeted solutions to the unique problems in our communities to build a better world, creating global impact.

CREED
We believe that "faith in God gives meaning and purpose to human life; that the brotherhood of man transcends the sovereignty of nations; that economic justice can best be won by free men through free enterprise; that government should be of laws rather than of men, that earth's great treasure lies in human personality; and that service to humanity is the best work of Life"

MISSION
To provide development opportunities that empower young people to create positive change.

VISION
To be the leading global network of young active citizens.

HISTORY
Our global organization of 200,000 young active citizens grew out of the vision of one St. Louisan more than 100 years ago as a constructive approach to civic problems. Founded in 1915 in St. Louis. Missouri, USA by Henry Giessenbier Jr., the movement spread, and Junior Chamber International was founded with eight other countries in Mexico City on December 11, 1944. 2020 PRESIDENT Itai Manyere is from JCI Zimbabwe.

HEADQUARTERS
The JCI Headquarters was established in 1951 and was located in Coral Gables, Florida, U.S.A., since 1969. In 2002, the JCI Headquarters was relocated to Chesterfield St. Louis, Missouri, U.S.A., where the first local organization was founded in 1918. A professional staff of 20 full-time employees provide services to JCI members. Its chief executive officer is Secretary General Kevin Hin.

INTERNATIONAL EVENTS
The 75th JCI World Congress will be held in Yokohama, Japan from 3rd-7th November 2020. The winners of the Ten Outstanding Young Persons of the World (TOYP) Program are announced each year at the JCI World Congress. The program honours up to ten young individuals who best exemplify the finest attributes of the world's young people. JCI also hosts 4 regional conferences each year to conduct its business and trainings as well as address items of concern and global issues.

JCI CORPORATE SLOGAN
Be Better embodies the spirit that all JCI members share and the purpose stated in our Mission: to create positive change. JCI members constantly seek ways to live this concept. They not only believe that improvement is possible, they but also see it as their responsibility to initiate positive change both in themselves and in their local community. They seek solutions to the problems they see around them to create better nations, better environments and better societies. They also know that true lasting change starts from within. They learn through their experiences, becoming better citizens and better leaders with better skills to create a better future.

JCI OPPORTUNITIES
JCI can be called an organization of opportunities. The opportunities available within JCI are so numerous that it could take a lifetime to grasp them all. Most members select those which cater to their particular needs and make the most of them. Basically, there are four of the opportunities within the organization: Individual, Community, International and Business. Projects are conducted in each Area. As the members work on these projects, they encounter opportunities for total development.

INTERNATIONAL CO-OPERATION
JCI is a Non-Governmental Organization (NGO) with active participation in the United Nations (UN) system in the context, JCI has relations with the Office of the UN Secretary General (Secretariat) and a Consultative Status with the Economic and Social Council (ECOSCO). Furthermore, JCI has cooperation agreements with the UN Global Compact; the United Nations Educational, Scientific and Cultural Organization (UNESCO); the United Nations Conference on Trade and Development (UNCTAD); the Pan American Health Organization; the Conference of Non-Governmental Organizations (CONGO); the NGO Committee on UNICEF; the International Chamber of Commerce (ICC) and World Chambers Federation; the Council of Europe; AIESEC International; and Goal4Africa.

JCI HONG KONG 70TH ANNIVERSARY SPECIAL:

JCI Conference and Congress

hosted by JCI HONG KONG in past 70 years

Every year, JCI Members unite in their regions for JCI Area Conferences and at World Congress to exchange ideas, learn how to maximize their local impact through dynamic workshops, programs and trainings that inspire global collaboration for a better world.

JCI Events give members a chance to take advantage of JCI's international network while enhancing their National Organizations.

At these global conferences, JCI gives its members the opportunity to address international issues and show their commitment to becoming socially responsible leaders.

JCI Hong Kong had the opportunity to host 6 Conferences and 2 Congress in our past 70 years of history. What a remarkable achievement for us!
