Message from National President

There is one thing that would never change - and that is CHANGE itself.

We started off having a good year! But with the outbreak of SARS, everything has been changed. As leaders, we have to deal with changes differently. We have to anticipate change. We have to manage crisis properly and swiftly when it happens. We have to face change positively for there is one thing that would never change - and that is CHANGE itself!

Hong Kong Junior Chamber is the place where our young leaders can challenge and polish themselves to face the changes tomorrow! It is where we develop a sense of social responsibility for Hong Kong and become leaders in our community tomorrow. In this issue of Harbour Light, there is a special section on the ACTIONS we have taken in the last two months. One of the ACTIONS was to solicit members' recommendations on "WHAT CAN HONG KONG DO TO REVIVE ITS BATTERED IMAGE?" I hope members can let me have your constructive proposals so that we can consolidate a report for submission to the Government.

Still on change; when the world in changing so rapidly, HKJC has to change as well. The Long Range Planning Committee is working since last year to host a series of forums to explore our strength or otherwise, the expectations of our stakeholders, then our future directions and visions, and our repositioning strategy.

All these need your active participation! Be a responsible member, be a good JC, be a good citizen!

Interview *with* NGLC Senator Annie Lo

On the bookshelves of Room C, Chamber Office, there are full of historical material of Hong Kong Junior Chamber (HKJC): books, publications, documents, etc. Since the end of 2000, National General Legal Counsel (NGLC) Annie has spent numerous holidays and weekday evenings in this room with her teammates for the preparation of HKJC 50th Anniversary Album. The contribution of HKJC to the society since 1950 reinforced her deep affection for the organization. It made her dedicated to serving National Board since 2001 in non-stopped, unselfish and wholehearted manners.

During a recent interview, Annie shared her personal perspective on her role as NGLC and on JC life.

Reporter: ***Jonathan de la Cruz***

What do you think makes a good NGLC?

There are many qualities. A good NGLC has to be meticulous and analytical to make decisions accordingly. For instance, when I am the parliamentarian of a meeting, I have to judge on spot whether a motion is out of order, a behaviour is acceptable or a question is relevant. In addition, it is important to have a positive attitude and confidence. If not, how can one be able to open an aura and figure out how to decide on the best course of action for members?

You were a National Executive Vice President (NEVP) last year. How do you perceive the role of NEVP and your role this year as NGLC?

As an NEVP last year, I was responsible for planning, implementation and supervision of the activities under my assigned areas. It is more project-orientated and more tangible.

The position has changed, and so has my role. Now I am more responsible for handling internal administration and governmental procedural matters. Besides overseeing finance, secretariat and office administration, I am responsible for some matters with less exposure to members, for example, interpreting and reviewing HKJC Constitution and By-Laws. It is not high sounding but important to the development of HKJC: we have to change and evolve with the times. On the other hand, since I continue supervising Leadership Development (LD) Area, I am still playing the role as head of the supervising team of LD projects.

Back to basic, what do you love about being a JC member?

I like having a positive change to my life. The JCI Creed and mission of JC impress me a lot and let me aware that JC is an organization that we can learn pretty much whatever we want to learn. The opportunities are there if we really want to get them. The support is there if we wish to make a different. The more we participate, the more we could share, learn and grow.

NGLC Annie, thank you very much for your time and I wish you all the best in the future.

Thank you.

Post-Interview note

After the interview and a lunch together, Annie stayed in Chamber Office to continue her work on JC matters. She has a lot of responsibilities - her family, her job, her course, her JC work and all her other commitments. How does she manage everything in such efficient and quality manner?

Obviously, she takes care of herself and enjoys her JC life. Two things help her keep all that she does in perspective and in a manageable form: her incredible time management skills and her invincible will. If we cannot take care of ourselves, how can we do anything for anyone else?

Message from Chairman of National Business Network

Background of National Business Network (NBN)

Established in 1991 with over 180 members from all kinds of business categories, NBN is one of the important departments of the Hong Kong Junior Chamber. It not only gives help to explore channels for our members in promoting their business, but also strengthens their social responsibility as outstanding entrepreneurs.

Mission

To explore more channels for our members to promote their business locally and internationally and to exchange their valuable business experiences within and outside the organization.

2003 Year Theme

To echo JCI Slogan "Entrepreneurs in Action", this year our theme is "Entrepreneurship in Action through Business Network".

Our main objectives are:

1. To explore more channels for our members to promote their business locally and internationally.
2. To enhance the relationship with All China Youth Federation (ACYF) and organizations within and outside Hong Kong.
3. To have 100% membership growth.

Year Plan

This year, we continue to provide the NBN website, yellow page, China Tips, and International Tips for our members. Besides, we plan to organize monthly business network gathering with business promotion and experience sharing sessions. Apart from these, we also plan to build up some business network with overseas Junior Chamber organizations. As a bridge between Hong Kong Junior Chamber and PRC organizations, NBN plans to organize some activities with common interest for our members with ACYF. Training and Development Council

Time flies. Six months have passed. What are your memorable TDC activities in the past six months?

February and March were busy months for us. We organized three dynamic training activities to outside organizations: Wu Chung College, The Scouts Association and University of Macau. We would like to take this opportunity to give great great thanks to our coaches for providing these dynamic training.

It's so grateful that ITF Senator Peter Sim from Malaysia has been our guest speaker of Trainers' Circle Gathering on March 16. He conducted a dynamic seminar on presentation skills and training session design. If you missed the gathering, you can download the photos on **http://uk.photos.yahoo.com/hkjc_tdc** to share our fruitful night.

Besides existing e-communication, TDC web site is under reconstruction. Latest news will be also posted on web. Go and see our new TDC web under HKJC web site.

Our missions are to deliver professional training programs, to develop high quality programs and to develop our coaches. In the coming months, we will organize Train for Trainers Course, TDC Arena and Trainers' Circle Gathering. We are looking forward to seeing you in the coming events.

02 PRIME

The 02 PRIME Anniversary Seminar and Dinner was successfully held on March 22. We were very grateful to invite NP Sen. Alice Liu, NIPP Sen. Tony Chan, Chapter Presidents, National Officers, Coaches and other JC members to attend the seminars and dinner.

What is the meaning of "02 PRIME"? It officially means PRIME courses in 2002. Furthermore, it means joy, good fellowship, improvement, self-development and spirit to us.

Four interesting seminars were organized by our baby coaches, namely "Objective", "Brain Gym for Stress Management", "Having good feeling with your own life" and "Difference between Female and Male" that made all participants had fun and benefited.

The night was full of laugh and joy with the participation of all guests in exciting games and competitions and highlighted with a touching video session. Advisor Wesley Chau then led us to sing the JC song which aroused every member's spirit.

Lastly, we would like to take this opportunity to express our heartfelt thanks to all those members who attended this event, especially Head Coach Sen. Joseph Ho, Coach Sen. Rose Mao, Advisor and Coach Wesley Chau and those JC members who donated valuable gifts for lucky draw. Without your support, we could not have such a successful Anniversary.
