It is indeed my pleasure to extend my warmest greetings and congratulations to the officers and members of the Hong Kong Junior Chamber on the occasion of their Inauguration Celebrations.

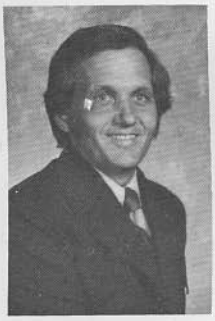

Since its establishment, Jaycees International, Inc. (JCI), has brought together many young people of the world to activities which are intended to improve the life of mankind through individual development and community service, to enhance international understanding and to promote prosperity and harmony throughout the world.

Today, more than ever, the Jaycees should contribute their talents and efforts to the movement in order that our organization could undertake projects that are relevant to the needs and benefits of our changing world.

Knowing your newly elected officers led by National President Tzang, I am certain that 1974 will be a significant year of achievement for the Hong Kong Junior Chamber.

To My Many Friends and Jaycees of Hong Kong:

A little more than three (3) and one (1) half months ago, those of you who are being inaugurated tonight, were sitting on the edge of your chair anxiously waiting for the results of the election at your National Convention. When you found out you had won, I'm sure you sighed a relief that it was finally over.

Since then you have probably realized that at that time, it was only the beginning. Each and everyone of us have now prepared a busy and constructive plan of activites for the entire year. Let's not fade or quit. Let's be enthusiastic throughout the year - even if we have setbacks, disappointments and frustrations. If we all give our best, by the end of this year, we can look back and say:

"WELL, THAT'S SOMETHING I DID THAT I'M REALLY PROUD OF."

MESSAGE FROM
ALBERT S. B. LI – IMMEDIATE PAST PRESIDENT & SENATE CHAIRMAN

It is my great pleasure to welcome and congratulate the incoming officers of the National and Local Boards. I have confidence that the capable newly-elected officers, under the leadership of the most dynamic National President Alexander Tsang, will realize many worthwhile projects and, even more important, promote the Hong Kong Jaycee image at both the local and international levels.

As Immediate Past President this year, I am prepared to return my Jaycee experience and knowledge to the organisation so as to assist in every possible way to extend the Jaycee movement. Because of many reasons, some Immediate Past Presidents may become "Invisible Past Presidents", but I shall endeavour to be an effective I.P.P. this year. According to the experience in my own term of office as National President, I fully realized that the I.P.P. could be a very helpful person in the organisation. Moreover, I am also Chairman of the Local Senate this year, and it is my intention to help maintain a good relationship between the "past" and the present members; trying to bridge the "generation gap", if there is any.

In conclusion, I would like to remind the new officers that once they have taken the official oath at the inauguration ceremony, they have committed themselves to the heavy task of their respective offices and they should spare no effort in performing their duties. May I wish them a very successful year ahead.

MESSAGE FROM

JOHN W. H. CHAN – PRESIDENT, VICTORIA JAYCEES

Time really slips! This evening, we all gather ourselves together, once again, to witness another grand annual event of the Hong Kong Jaycees —— the Inauguration Ceremony for all newly-elected Office Bearers of all local Chapters of the Hong Kong Junior Chamber for 1974. May I, on behalf of all the Victoria Jaycees, extend my heartfelt congratulations to them all on their new appointment.

The Victoria Chapter had, in the past years, given unfailing support to the Hong Kong Junior Chamber in many ways. Quite a number of our experienced and capable members had held key offices at the National Board and proved their proficiency. I must say this is an honour for our Chapter. With hard work and contributions, I am confident more meaningful commitments could be achieved by us in the days to come.

To-night's function marks the beginning of another Jaycee Year. May I sincerely wish all of you, dear Jaycee friends, "Happy Working – the Jaycee Way!"

John W.H. Chan
President
Victoria Jaycees Ltd.

MESSAGE FROM

JOSEPH KONG – PRESIDENT, KOWLOON JAYCEES

To our Jaycees predecessors, I feel deeply grateful. They have built up and developed a unique body from which outflows an inexhaustible stream of potential resources. I have tapped much from it, and am still tapping.

The year 1974 will be most memorable and challenging to me, as the Fellow Kowloon Jaycees have confidently granted me an invaluable chance to serve back Jaycees in the capacity of President with what I have learned from it.

"Service to Community is the Best Work of Life". With a new Board of dynamic young men of action, the Kowloon Jaycees are now looking forward to a brilliant and adventurous year of community service. We appeal for your full-hearted support and co-operation.

At this grand occasion, I wish you all a most fruitful year on the Kowloon Jaycees' behalf.

MESSAGE FROM

JOHN C. CHAN – PRESIDENT, ISLAND JAYCEES

1974 WILL BE A YEAR OF GROWTH

"JCI" originally stood for "Junior Chamber International" and now stands for "Jaycees International". This organization, through its local chapters which spread over some 9,000 communities in 83 countries, carries out numerous projects for the betterment of the community, youth and education each year. Its members also benefit from leadership development by their active participation in the project.

It is true that Jaycee movement in Hong Kong is not as successful and popular as other places such as North America, Japan and the Philippines. This may be due to lack of man power so that we are not able to carry out large scale projects which are of vital importance to the development of Jaycee Movements locally. I therefore think that our number one task now is "EXTENSION" and our slogan for 1974 shall be "GROWTH" – growth in membership, growth in strength, growth in quality, growth in image and popularity and growth through action and unity.

This certainly will be Island Jaycees' basic policy for 1974. To make sure that our goal will be reached, we Island Jaycees will, in 1974:

1. set up a good system of internal communication to ensure better contact between the Board and the members. This will be in the forms of regular newsletter "Brotherhood", lively fellowship functions and thus better personal contacts,

2. liaise closely with the National Board and all sister chapters,

3. have at least one joint project with each sister chapter so as to achieve better co-operation of all the local chapters, this would also help to solve the problem of man-power shortage,

4. organize enough projects to keep every member active,

5. develop better Jaycee image through appropriate publicity of quality projects,

6. be aggressive in membership drive but selective in admission of new members and

7. boost up those members who are lagging behind in their willingness to contribute their efforts.

This is a great challenge to all Islanders, but we have the confidence and intent to do a good job in 1974.

1st January, 1974, Hong Kong.

JOHN C. CHAN

ISLAND JAYCEES

MESSAGE FROM THE PRESIDENT OF THE PENINSULA JAYCEES

On this auspicious occasion of the **Hong Kong Jaycees 1974 Inaugural Ball**, we Jaycees, once again, renew our pledges to the Jaycee Movement. Tonight, we come together to commit our energy, time and effort in the cause of realizing our ideals for a better tomorrow.

To this end, the **Peninsula Jaycees** will continue to do our best to participate in community service, to contribute to youth welfare, and to promote human relationship. Inevitably, each one of us will progress in our self-development during the process of achieving these goals. In this respect, we are grateful for the opportunities Jayceeism affords us.

The year ahead of us will be a year of consolidation and positive action. We, the **Peninsula Jaycees**, are optimistic in the anticipation of a successful year. To ensure success, we must enlist your encouragement and support. We look forward to these and a fruitful 1974.

PETER C. TSANG

MESSAGE FROM
JOYCE TZANG
PRESIDENT, HONG KONG JAYCEETTES

Since the Hong Kong Jayceettes became a full-fledged member of this world-wide organization in 1969, our members have, under the distinguished leadership of our past presidents, been diligently working for the accomplishment of the purposes of Jayceeism. We are glad to be what we are to-day, and have the proper position we should have, as it displays the spirit of Jaycees in not discriminating the fair sex. We do not call ourselves, as yet, leaders, but we are proud of being able to take the lead in making men realize the contributions women could make in various aspects.

The past several years have been most rewarding for the Jayceettes. The only regret, probably, is that we have not extended the opportunities of becoming a Jayceette to more ladies in Hong Kong who are ambitious in taking a leading position in their field and making equal, if not more, contributions to the development of this community compared with men. It is my firm belief that if the past has proven the Jaycee movement beneficial to members, and the present promises an even greater achievement, there is no reason why many ladies who are yet to become a Jayceette should not find this organization worth joining; nor is there any reason why women cannot help and work with men in building a better community and a better world.

Let us join together in making the world more pleasant to live in; and let us join together in making Hong Kong a place of true equality.

Message From

CHAIRMAN OF THE INAUGURAL BALL

Without the joint efforts and hard work of all committee members whom I personally wish to thank, this 1974 Hong Kong Junior Chamber Inaugural Ball would not come to reality.

Indeed the Organizing Committee feels much honoured and is very thankful to have His Excellency the Governor Sir Murray MacLehose and Lady MacLehose who have taken much of their valuable time to attend this annual function of the Hong Kong Junior Chamber.

My heartfelt thanks also go to our Past JCI World President Ira Kaye, the JCI Senators, our sponsors, donors and advertisers whose unfailing support has added much enthusiasm to the morale of the working team.

All in all, your presence tonight has resulted in the success of this Ball. I sincerely wish you all a most enjoyable evening and we all look forward to seeing you in our Jaycees functions.

VICTORIA JAYCEES X'MAS EVENTS

December 23rd, 1973 was a day of fun and laughter for everyone who participated in our Carolling & Dinner Party Project. The presence of an impressive number of members from other LOMs, especially the Jayceettes had made a desirable change in membership participation as compared with our other projects.

Special thanks went to the following companies which had generously donated items for this projects. They are J.D. Hutchinson & Co. Ltd., Edward Keller & Co., Ltd., Corn Products Co. (H.K.) Ltd., Wang Sang Trading Co., and A. Saalheimer (Far East) Ltd.

Children at the Salvation Army Centres and the Hong Kong Juvenile Care Centre were on that day treated to an exciting programme of Christmas carols and presentation of gifts. Our Santa Claus, quite naturally, was loved by the children. By dinner time, everyone was overcome by fatique. However, the warm and friendly atmosphere that greeted us at Club de Recreio was more than sufficient to make us relax comfortably.

We wish you a Merry Christmas and a Happy New Year!

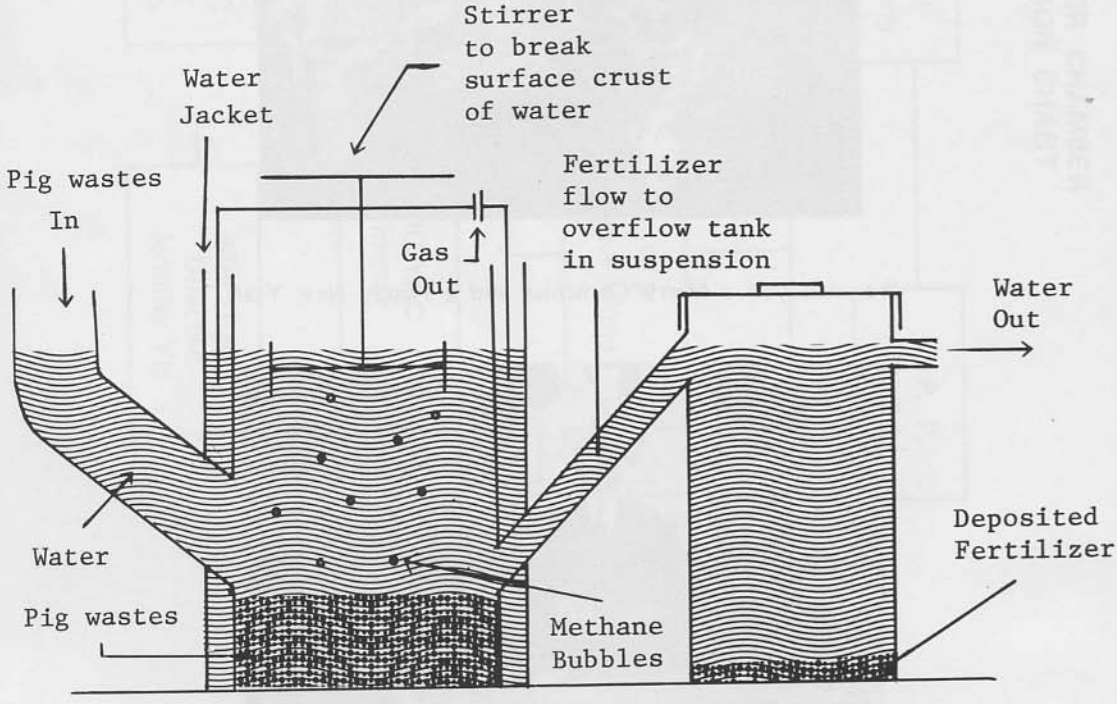

1973 President Jimmy Lau delivering his impomptu talk at the Christmas Dinner Party.

KOWLOON JAYCEES
ANTI-POLLUTION

Pollution is an aggravating problem of the world to which Hong Kong is no exception. The common practice of raising pigs in the rural area creates the problem of disposing wastes.

With a view to assisting solving the problem, the Kowloon Jaycees raised an anti-pollution project in their community development commission. The project essentially consisted of erecting a plant to transform pig wastes into fertilizer and a combustible gas, methane. Methane falls within the same family of the natural gas used in general household for heating purposes. This means an additional supply of gas fuel, which alleviate the recent energy crisis.

With the generous sponsorship of the Dairy Farm (HK) Ltd., the Engineering Assistant from the American Marine Ltd., and the keen effort of the fellow Jaycees, the pilot plant was erected in late December last year in a village nearly Tsuen Wan, called Tsuen Lung Tsuen.

Born
with the Colony

Yes, Abdoolally Ebrahim was established in 1842, just a few months after Hong Kong began its colourful existence.

Today, Abdoolally still serves the Colony and the world . . . both ways, importing and exporting.

Abdoolally supplies Hong Kong industry with raw material – cotton yarn, cotton and blended piece goods, and stainless steel.

Abdoolally sells Hong Kong made products to the outside world – cotton textiles, stainless steel cutlery, stainless steel hollow ware, kitchen and household ware, and transistor radios.

Abdoolally is part and parcel of Hong Kong, operated by descendents of a leading merchant family which emigrated from Bombay 131 years ago.

中醫藥消滅頑症計劃

在這個社會裏，如果不幸而染上了難於治療日久不愈的疾病，實在令人同情。一方面由於生活和工作的重擔未能放下，另一方面，由於醫藥費日益高漲，而他們所患的頑症，又往往要經過較長時間的治療才能見效，因此病人們就只好在經濟能力許可時吃一些藥，而在經濟較困難時便停止治療，或者請一個醫生看了幾天之後，覺得還未見效，便又去看另一個醫生。如是者看了很多醫生，用了不少金錢，但疾病仍未醫好。更重要的是病者對治療疾病的信心大爲減弱，苦悶心情日益加深，不但對病者本人極爲不利，而且對他的家人親友也有很大的影响呢！

鑑於這種情況，也爲了發揚中醫藥的偉大療效，和報答社會人士多年來的信任，積善藥廠撥出一筆款項，作爲醫療補助經費，推行「中醫藥消滅頑症計劃」，希望對病者有所幫助。

這個計劃的內容如下：

一、診療範圍：一切慢性疾病俱在治療之列（但一般的傷風感冒只三兩日便可愈者則不包括在內）。

二、要求治療的手續：

甲：病者填寫附列之表格，寄香港軒尼詩道郵局二〇一五七號郵箱（即使本廠認爲該病無把握醫治亦必覆函奉告）。

乙：病者在收到本廠覆函後，須依照約定時間到診。

丙：接受治療的病者在病況未改善前，診金藥費全免，直至病況開始改善時始由該日開始收回以後之藥費。
