Four Areas of Opportunity

There are four areas of opportunity within the organization, namely Individual, Community, International and Business. Projects are conducted in each area. As you work on these projects, you encounter opportunities for total development.

INDIVIDUAL

- Through various leadership training programs, members develop valuable skills such as goal setting, time-management, public speaking, parliamentary procedures, protocol, etc., thereby equipping them with necessary techniques to become future leaders of the community.

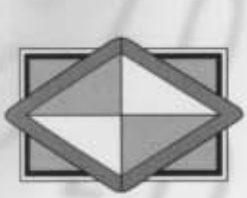

COMMUNITY

- Through various community development programs, members identify social needs and issues and develop projects to improve the well-being of the community. Awareness and sensitivity on community problems are thus enhanced.

INTERNATIONALISM

- Through a network of 400,000 Jaycees in more than 100 countries around the world, members gain valuable international exposure, develop international friendship, and derive awareness on cross-border, cross-culture issues.

BUSINESS

- Members can pursue personal business interests through the National Business Network as well as worldwide international networking activities. Each year, various business seminars and contact sessions are organized by the National Business Network.

MESSAGE FROM
GUEST OF HONOUR

For the past 50 years, the Hong Kong Junior Chamber has unfailingly devoted itself to serving the community and young people in particular. Many of our youths have benefited from your programmes.

MESSAGE FROM
OFFICIAL SPONSOR

It is a great pleasure for iCare.com Limited to sponsor the HKJC 35th National Convention and the IT in Education Trade Show. Taking this opportunity, I would like to express my congratulations to HKJC for its 50th Anniversary in May this year. Throughout these years, the efforts made by HKJC in developing young people and advancing the global community has been well known all over the region.

From the introduction of Cyberport, to the creation of a cluster of information technology and service companies, Hong Kong has successfully placed herself in a front-grid position in the dynamic digital world. By providing a vehicle for the delivery of easily accessible information, today's information technology is dramatically changing the very fundamentals of our daily life. One of the ways ahead of us would be making technology even more accessible to everyone.

I am proud to be a member of a community which shows a high regard for technological innovation. The theme of this year's National Convention "Techvolution: Making IT Happen" makes a very positive statement of our future direction. If our economy is to sustain and prosper, we must recognize the importance of technological advancement, for growth is to be sought through upgrading of technology. Very soon, all individuals in our community will appreciate technologies as our defacto tools of everyday business, and destine to dwell an easy and hassle-free life. The numerous events organized during the convention reflect on the impact of information technology has on our day-to-day activities.

The world that we live in is a smaller but much easier world than that of our forefathers. With the rise of intelligent home concept and WebTV technology, access to information is no longer constrained within the traditional computer. I can see in future that our society will aspire to continual prosperity with the support of diverse technologies, and that Hong Kong will move ahead to become an affluent cyber city.

I wish the HKJC 35th National Convention every success.

MESSAGE FROM
CONVENTION DIRECTOR

It is my great pleasure to welcome all the guests and delegates of the 35th National Convention. This year, we are most honored to have Mr. Lam Woon Kwong, JP, Secretary for Home Affairs as our Guest of Honor.

Hosting the first Convention of the 21st Century, we are resolute to make this Convention a difference and strive to inject innovative elements to this Convention to echo with our theme "Techvolution - Making IT Happen".

Two theme seminars will be held in this Convention to cater for the different aspirations and interests of the delegates. Besides, extra efforts have been expended by the organizing committee in promoting the events of the Convention. Wide coverage in news media before the Convention have been secured. We hope that the corporate image of the Hong Kong Junior Chamber can be further enhanced by virtue of wide publicity of our event.

Another remarkable event in this Convention is the International Night. We have the honour to have overseas delegates from Japan and Korea to host a mini-international night for the Hong Kong delegates. We hope that the Hong Kong delegates can experience internationalism without the need of going aboard.

The early dispatch of the Convention Manual Report through access at the Hong Kong Junior Chamber homepage is another breakthrough this year, which enables members to have more time to evaluate the performance of our organization and to make recommendations for our advancement.

Admittedly, all the innovations are only possible without to the unfailing support of many parties and individuals. I have to thank the various co-organisers for the seminars, our media sponsor, printing sponsor and souvenir sponsors, to allow us to benefit from their services and their products.

I am also grateful to the tremendous supports from the Jaycee family. I am particularly grateful to the support rendered by the National Board and 18 local chapters who expended extra efforts to provide support to us both in manpower and finance, to name a few, National Honorary Treasurer Cecilia, Islanders and Kowloon Junior Chamber. Big thanks should go to National President Spencer, National General Legal Counsel Michelle, National Secretary General Brenda and Past National President Junia.

Last but not the least, without the unfailing support from all the organizing committee members and the enthusiastic involvement of many Past Presidents and senior members, we cannot "Make this Convention (IT) happen".

Taking this opportunity, may I wish you all every success in the various aspect of your life.

Arthur Lui

MESSAGE FROM
NATIONAL PRESIDENT

It is my great pleasure to welcome all of you to 35th National Convention of Hong Kong Junior Chamber.

National Convention is one of the highlighted projects of National. It is the annual general meeting for all National and local chapters officers to meet together to receive and evaluate our achievements in the past months. It is also a great moment to witness the election of Year 2001 National Cabinet.

"Golden Anniversary, Golden Opportunity" is the slogan for year 2000 National team. Our organization has celebrated our Golden Jubilee Anniversary to salute our members for their achievements in the 50 years of establishment in Hong Kong. With the support and dedication from our members, we have organized 50th anniversary ball on May 6.

This year, we continued to organize Ten Outstanding Young Persons Selection, Right Decisions Program, Digi 21 Power for Youth. Digi 21 Power for Youth is jointly organized with Hong Kong Productivity Council, and co-organized by Information Technology Services Department of HKSAR Government. It is a campaign to arouse the awareness, interests as well as adaptation to the spawning influence of information technology. I can see that all members are contributing their full efforts to make things happen this year.

Furthermore, National has further extended our presence and promoted our image by co-organizing projects with more than ten organizations. With the uplifting of our corporate image, our local chapters can receive more financial and manpower support from HKSAR government, organizations and commercial companies than previous year.

This year, all local chapters are striving their best to launch projects in the four areas of opportunities and under our Major Emphasis Theme "Develop our future leaders, excel to new millennium". We have continued to contribute to the advancement of the global community by providing the opportunity for young people to develop the leadership skills, social responsibility, entrepreneurship and fellowship necessary to create positive change.

I would like to express our gratitude to our Guest of Honour, Mr. Lam Woon Kwong, JP, Secretary for Home Affairs, and our distinguished guests for their support to our organization. A word of thanks should also go to our Convention Director Senator Arthur Lui and all devoted members of Dragon Junior Chamber for bringing us together.

Last but not the least, I wish all of you enjoying this excellent Convention and have a wonderful experience.

Thank You.

MESSAGE FROM
PRESIDENT OF
JUNIOR CHAMBER INTERNATIONAL

MESSAGE OF GREETINGS TO
THE MEMBERS OF HONG KONG JUNIOR CHAMBER, CHINA

As Junior Chamber International President, it is my great pleasure to send a congratulatory message to President Spencer and the members of Hong Kong Junior Chamber, China on their National Convention, held under the theme "Techvolution: Making IT Happen." I have had a great impression on your emphasis on Technology and Information, which will determine our enhanced life in the future. I sincerely hope this event will ensure the success of your organization throughout the year.

2000 sees the dawn of a new era, a new age, a new century. What do we want to achieve that will set the foundations for this new and third millennium.

Junior Chamber members - we must seize every opportunity to articulate the vision of our founder. But we must dream with our eyes open, and ensure that our message inspires action!

We can talk about many things, but what is truly important is what we do.

What is truly important is our Attitude - it speaks more than a thousand words - it communicates who we are, what we believe in, what we stand for and is the very best method of ensuring that Junior Chamber reaches new heights in this new era.

It is the responsibility of each and every one of us. Every important development in the world began with a dream in a heart. The future should not belong in the hands of others - our future belongs in our hands and we must determine it starting today. Today's actions are tomorrow's history!

I wish you a year of "significant" progress - it's not all about success, but making sure that what we accomplish is significant.

It takes Attitude - and a great deal of it - for Attitude does determine Altitude - we are what we think and we will reach what we aim for. It is up to us as individuals and an organization to have the attitude to push the perimeters in 2000 - aim higher than ever before and move up to the next challenge, the next level. We are good, but we can be better - success is never final. I am proud to be your President and look forward to working with you throughout this new year to ensure our Attitude Determines our Altitude!!!!

HONORARY LIFE PRESIDENT

Each year the Hong Kong Junior Chamber assemblies to review the work done in the year about to end and also significantly to elect the new leadership for the ensuing year. This is a tradition found mostly everywhere in the Jaycee World and started here in a modest way ever since the beginning fifty years ago. The National Convention in the year 2000 brings together the delegates of its 18 Chapters in addition to the National Officers.

May the 35th National Convention comtemplate the need for young people here to be ahead of their time if they are to serve a vibrant and enterprising Hong Kong entering the new millenium as a community. bound to be most competitive as new standards are set the world over and all strive to do better than ever before.

MESSAGE FROM
SENATE CHAIRMAN

It is my pleasure to congratulate the year 2000 NOM Officers on this occasion of the 35th National Convention. It is a special momentum for us to review the accomplishments during the year and seek for further improvement and growth direction for our beloved organisation.

The Senate Group has always demonstrated to be 'mentors' for the current and new members. Our fellow Senators have rendered their full support by setting living examples to us. It is vital for our organisation to develop such kind of continuity for the betterment of our future.

Congratulations to the accomplishments of the current National Board and all the best for the incoming officers for another rewarding year in 2001 !

MESSAGE FROM
TRUSTEE CHAIRMAN

On behalf of the 1999-2001 Board of Trustees, I am pleased to send my best wishes to all delegates of the 35th National Convention.

This is the single most important event of the Jaycees in the year and I encourage members to actively participate in reaping the full benefits of the National Convention. It must have been a lot of dedication and hardwork on the part of Dragon Junior Chamber, the hosting Chapter, and the team led by Convention Director Senator Arthur Lui.

The theme for the Convention "Techvolution: Making IT Happen" has been very well chosen. The importance of the technological revolution is fully reflected in the nature of projects run by the Chapters. Indeed, some two-thirds of the projects subsidised by the Trust Fund for the past 2 years all hinge on "technology".

I would like to say a final word of thanks to the National Board for leading the organisation in 2000 and a word of well wishes for the incoming National Board for a prosperous 2001!

NG Leung Yau

MESSAGE FROM
LONG RANGE PLANNING COMMITTEE CHAIRMAN

It gives me great pleasure to send this message to the 35th National Convention of the Hong Kong Junior Chamber. When entering into this new millennium, all of us face the rapid evolution of new technology. Our lives and living will be changed significantly due to the contribution of technological advancement in this world. No wonder that technology will make a lot of things happen which we did not expect five or ten years ago. I think all programs that developed along the theme of this year's convention will definitely bring us to a new dimension of the current development of information technology. As a Jaycee member, to actively participate in the National Convention would help you understand more about the organization and understand more about what opportunities are available to you. I hope all of you will enjoy the convention and take as much as possible from this valuable occasion.

Taking this opportunity, I would like to express my gratitude to all those who have dedicated their efforts to the organizations and wish all the new leaders will bring the organization to a new horizon in 2001.

MESSAGE FROM
SENIOR MEMBER CLUB CHAIRMAN

I am really delighted to send my warmest greetings to all my friends on the occasion of the 35th National Convention which provides us an excellent ground to meet, to discuss our organization's issues, to share fun, dreams and worries.

2000 is a special year for the Hong Kong Junior Chamber. We have our 50th Anniversary Celebration and it is a good time to celebrate the achievement of the Hong Kong Junior Chamber. However, it is also an excellent time for all of us to look to the future of another 50 years of history in Junior Chamber and plan for new projects and ideas.

Being the Chairman of the Senior Member Club, I will wholeheartedly support and encourage all Jaycees alumni to show care, strength, energy and enthusiasm in order to strive to make a stronger organization. I sincerely hope that Hong Kong Junior Chamber will continue to lead its members to even greater heights, to establish a positive force among people with ambition and a will for personal improvement.

MESSAGE FROM
PRESIDENT OF HOSTING CHAPTER
DRAGON JUNIOR CHAMBER

On behalf of the Dragon Junior Chamber, I would like to welcome you to the 35th National Convention of the Hong Kong Junior Chamber.

This year's National Convention is remarkably important, since Year 2000 is the 50th Anniversary of Hong Kong Junior Chamber. We have approached the new millennium and Hong Kong Junior Chamber will continue in demanding resolve and total commitment in promoting greater social awareness among our young people. At the same time, Hong Kong Junior Chamber will motivate them to seek continuous positive change and get themselves prepared to be the leaders of the community. Towards this vision, every Jaycee member has to endeavour to fulfill his/her responsibility.

As we stand on the threshold of a new millennium, both the vision and our action will determine the future and our beliefs on how to "Develop our future leaders, excel to the new millennium". The future is one of the greatest assets we have and, by any measure, the best way to predict the future is to create it. Indeed, we have recorded magnificent accomplishments in our history. However we cannot dwell on the past as there is altogether too much to set our sights on for the 21st Century. Thus, the 35th National Convention will be a milestone for the Jaycee movement in Hong Kong in the coming century to make our vision come true.

I would like to take this opportunity to give thanks for the support from the National Board and all the Local Chapters. My sincere thanks to the Convention organizing committee members, all the advisors and helpers for their hard work over the past 12 months. Thanks especially goes to the Convention Director Senator Arthur Lui for his devoted efforts in organizing this event.

Finally, may I wish the incoming National Board a fruitful year in 2001.

CONVENTION THEME

"TECHVOLUTION: MAKING IT HAPPEN"

The Asian financial turmoil that started in July 1997 dealt a serious blow to Hong Kong. Not only did it rock our financial and monetary system, it has also exposed the inherent weaknesses of our economic structure, which for many years have been based on the financial and real estate sectors.

In his Policy Address on 7 October 1998, the Chief Executive of the Hong Kong Special Administrative Region outlined a strategy that focused on increasing the diversity of our economy by creating conditions for growth in sectors with a high value-added element, in particular in those industries that placed an importance on technology and multi-media applications.

Innovation and technology are now widely regarded as potential forces for economic growth. Local businessmen and international investors have put forward numerous proposals that aim to develop technology-based businesses in Hong Kong, e.g. the Cyberport.

With an average growth rate of 23.5% in recent years, the information technology (IT) industry in Hong Kong is considered as an impetus to help us enhance our competitive edge.

In recognition of this, the Hong Kong Junior Chamber has adopted "Techvolution: Making IT Happen" as the theme for its 35th National Convention to give our participants a better understanding of IT and how it affects our daily life."

THE 35TH NATIONAL CONVENTION
ORGANIZING COMMITTEE

最高評鑑組合

獲得三項權威的最高評級，才稱得上滿分

美國友邦保險(百慕達)有限公司，於九八年一月及十一月荣獲國際信貸評鑑機構Standard & Poor's(標準普爾)授予「AAA」*最高評級，為首間以亞洲為基地的壽險公司獲得這最高信用評級。九九年十月，我們第三度被確認此榮譽；同時，更成為本港唯一獲得Moody's(穆迪)授予「Aaa」*最高保險財務評級，實力無庸置疑。然而，令我們最感光榮的，是獲得我們廣大客戶的信任，成為本港擁有最多客戶的壽險公司。今後，我們會繼續努力，以享為您提供更多周詳的服務及嶄新的個人保險計劃。

*評級獲得AIG美國國際集團成員公司的支持
