FOREWORD

To us, the Tai Ping Shan Jaycees, organizing of the 14th National Convention is a real great challenge! Being a fairly young LOM which has only been incorporated in April of 1977 is going to take up this challenge by excelling at our best.

To correspond with the "International Year of the Child", we have adopted "Children-Our Concern" as the theme of the 14th National Convention. Seminars stressing on children's education, medical care & recreation will be conducted by prominent government officials. It is with our ardent hope that through this Convention, we will come up with some constructive & effective methods to benefit the children of Hong Kong.

This year's Convention is a bit special as compared to the previous ones. We have an Inter-Chapter night on Sept. 29, 1979; when all Chapters unite in gaiety & casuality despite of the Convention's formal gathering of business sessions, seminars, workshops & award banquet.

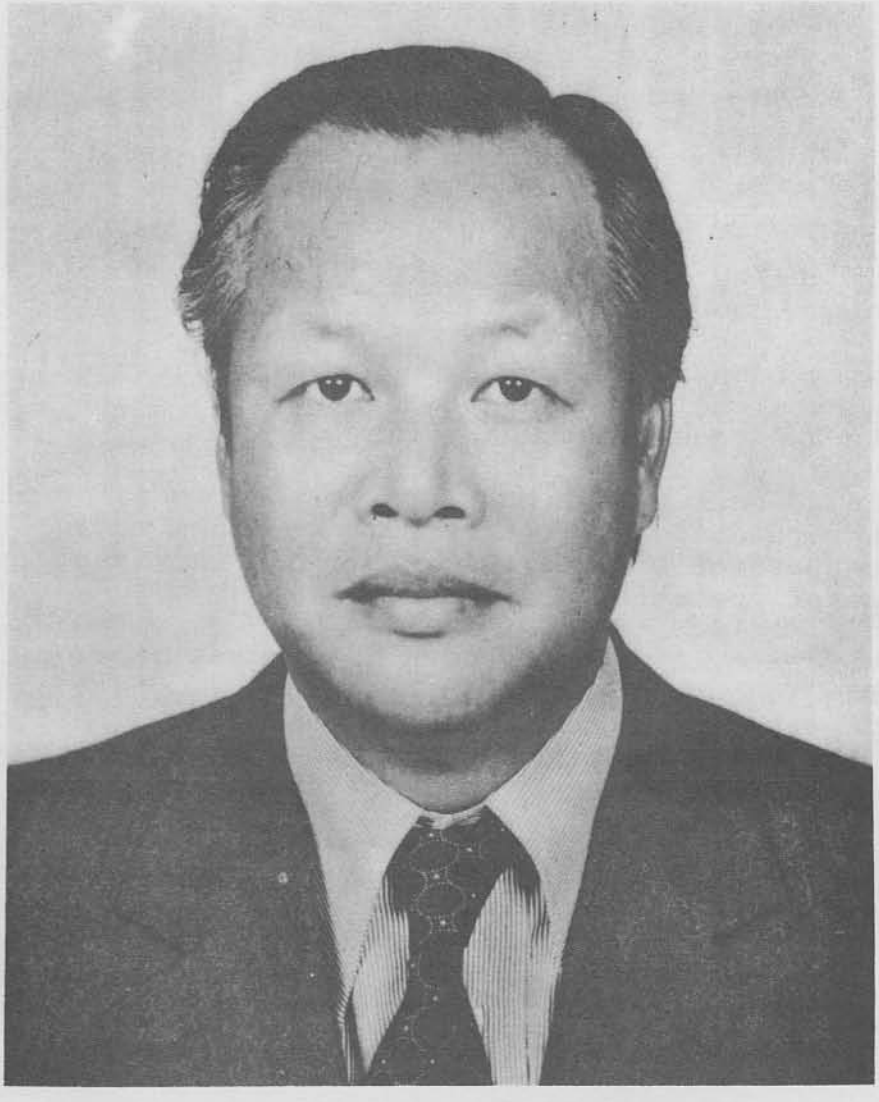

It is most encouraging to know that there are two new Chapters to be formed by Convention time. With eleven LOMS altogether working hand in hand, reviewing seriously our past weaknesses, we are confident that Jayceesim can leap one step forward.

May I welcome you heartily to the 14th National Convention.

Vivien Lee
Convention Directress
14th National Convention

28th Sept., 1979.

GUEST OF HONOUR

THE HON. CHARLES YEUNG, J.P.

MESSAGE

I am delighted to be a part of the 14th Hong Kong Junior Chamber of Commerce Convention.

Having been an active Jaycee myself, I can still feel the excitement and fellowship that always go with a Jaycee event.

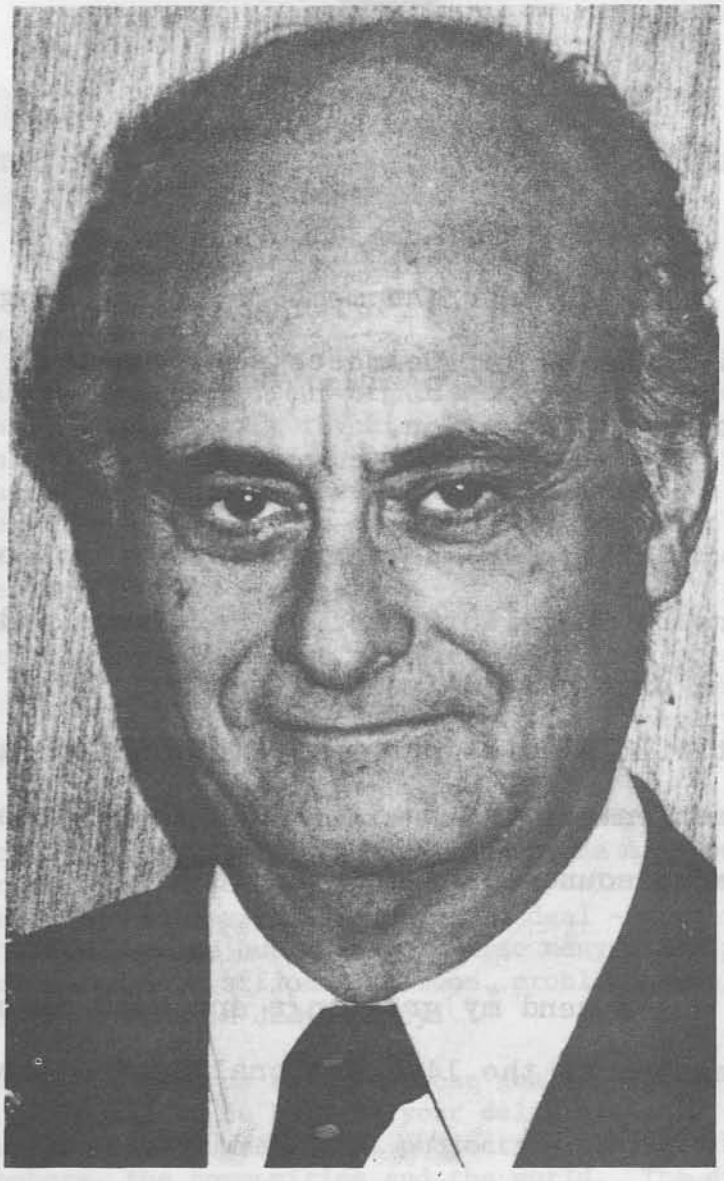

This is certainly a most appropriate occasion in congratulating National President Sonny Yu and his Board of Directors for having a very satisfactory year of operation.

The variety of projects and programmes carried out during the year are solid proofs of Jaycees' and Jayceettes' involvement in our community, particularly in the area of child welfare, to coincide with your theme for this Convention: Children - We Care.

I shall look forward to witnessing each member's active participation during this important event of the year, both in the business sessions and the social activities.

Wishing you a most enjoyable 14th HKJCC Convention!

Charles Yeung

CHAIRMAN, URBAN COUNCIL

HONORARY LIFE PRESIDENT

HONG KONG JUNIOR CHAMBER

Each year the members of the Hong Kong Junior Chamber of Commerce come together for an important Convention.

The purpose is many-sided. Not only will there be the election of new officers and directors but a critical analysis of the work done in the past will also be carried out. Only by a factual assessment of the position can the Chamber hope to draw up sound plans for future progress.

I send my greetings and best wishes to all delegates at the 14th National Convention.

JAYCEES INTERNATIONAL

OFFICE OF THE 1979 PRESIDENT
KUMAR P. GERA

MESSAGE TO THE DELEGATES AT THE NATIONAL CONVENTION OF THE
HONG KONG JUNIOR CHAMBER

My fellow Jaycees,

We are at a time in the history of our organization when Jaycees all over the world really need to start thinking big. Your international Board of Directors and the Secretariat staff have considered 1979 to be a year of many challenges. Mainly, though, we have focused on two areas. We have set out to achieve the highest total growth in our history. This means not merely an increase in numbers, but the total development of the NOM, the LOM and the individual member. I personally see growth as an individual thing, and we must avoid superimposing one area's ideas about growth and membership on another. Each area must grow with its own criteria for growth. Yet, even when each country uses its own standards for membership, the scope for growth in every country, without exception, is unbelievable.

The other area of major concern to us this year has been children. We are aiming to reach and touch the lives of at least one million children throughout the world. There are not only the child-related problems of malnutrition, poverty and illnesses with which to deal - matters which involve mainly the Third World, but there are also many other problems affecting children in the more affluent nations, problems involving drugs, child abuse, and juvenile delinquency.

We are counting on you to help us achieve these goals. I ask you to be ambitious in your planning; to be bold in your deliberations. You have to find challenging and really meaningful projects - projects based upon the need of the members, the communities and the world. The demands of today are so great that no amount of contribution we make can be enough.

Give us your support. With your dedication and contributions we can make this year one of results and achievements - an outstanding year for you and for Jaycees International.

MESSAGE

TO HONG KONG JUNIOR CHAMBER OF COMMERCE

COMMUNITY SERVICE, OPPORTUNITIES FOR INDIVIDUAL DEVELOPEMENT, FELLOWSHIP AND INTERNATIONALISM, THESE ARE THE SIMPLE ANSWERS TO THE QUESTION WHAT THE JAYCEES IS ALL ABOUT. AND THESE PURPOSES OF THE ORGANIZATION GIVE ALSO THE REASON WHY THIS MOVEMENT IS AS GREAT AS IT IS AND WHY IT FITS AS WELL IN ALL TYPES OF SOCIETIES. BECAUSE THERE IS A NEED FOR SERVICES TO THE COMMUNITIES IN INDIA AND SWEDEN, INDIVIDUAL DEVELOPMEMENT IS NECESSARY AND DEMANDED IN ZAMBIA AND HONG KONG. BESIDES OF THIS WE ALSO PROVIDE FELLOWSHIP, NOT ONLY BETWEEN THE MEMBERS OF A LOCAL CHAPTER OR A NOM, BUT BETWEEN ALL OUR MEMBERS ALL OVER THE WORLD.

THE GROWTH OF JAYCEES INTERNATIONAL HAS BEEN NO LESS THEN FANTASTIC BACK IN THE PAST YEARS. BUT WE CAN BE EVEN BIGGER. AND THE BEST WAY OF GROWING IS TO MARKET THE JAYCEES THE BEST WAY YOU HAVE: TELL PEOPLE ABOUT THE FANTASTIC ACHIEVEMENT OF THE HONG KONG JUNIOR CHAMBER. THE BEST POSSIBLE ADVERTISING IS YOUR CONTRIBUTIONS AND YOUR PROJECTS. AND AFTER THE GREAT JCI CONFERENCE, SUCCESSFULLY CARRIED OUT BY THE HONG KONG JAYCEETTES, THERE IS NO DOUBT IN MY MIND: HONG KONG JUNIOR CHAMBER MUST BE THE GREATEST ORGANIZATION FOR YOUNG PEOPLE OF HONG KONG WHO ARE INTERESTED IN APPROVING THEIR OWN ABILITY, POSITIVE SERVICE TO THE COMMUNITY AND FELLOWSHIP ON A NATIONAL AND INTERNATIONAL BASIS.

IS WISH ALL JAYCEES AND JAYCEETTES IN HONG KONG ALL THE BEST FOR THE FUTURE, THE FUTURE YOU HAVE THE POSSIBILITY TO SHAPE.

MESSAGE

In less than no time, Convention is again with us and I can only say with ecstasy and pride that we have had a very good year.

A year when the Hong Kong Jaycees joined hands in playing host to over one thousand Jaycees from over 24 Asian and European Nations during the 1979 JCI Hong Kong Conference. In line with JCI, the Major Emphasis Theme "Opportunities for Children" have been widely practised and implemented by all LOMs in Hong Kong. Furthermore, we are able to achieve our extension target by the admission of 2 Provisional Chapters. All in all, 1979 is a year with growth in all aspects.

Though National Convention is sometimes regarded by some Jaycees as a time to renew old friendships and establish new acquaintances, it should in fact be the right time when we seriously review and evaluate our performance in the last 12 months. We can only derive maximum benefits from the Convention by active participation in the business sessions which will enable us to exchange ideas, identify problems affecting the Hong Kong community and eventually come up with sound and feasible resolutions.

Taking this opportunity, I would like to thank my board of directors and all LOM Presidents for their assistance and co-operation in making this a successful year. My congratulations also go to the Tai Ping Shan Jaycees for hosting this wonderful Convention. Last but not the least, to all the delegates attending this Convention, I wish you a fruitful and memorable one.

REPORT FROM NATIONAL PRESIDENT

I take the pleasure in submitting my report, as the National President of Hong Kong Junior Chamber of Commerce for the year of 1979 as follows :-

I. OBJECTIVES FOR THE YEAR

A). Overall Objectives

1). The overall objectives of Hong Kong Junior Chamber of Commerce this year is to intensively and extensively promote and strengthen the image of Hong Kong Jaycees both in the local community and overseas. Promotion of Jayceeism is a year-round objective with the highlight at the JCI Hong Kong Conference where a large number of Jaycee friends will be coming from abroad, and the NOM will also be vastly known within the local circle through publicity and promotion.

2). To strengthen our administration by providing better service to LOMs through improvement of facilities in the Chamber Office, and services provided by the Secretariat staff and National Officers.

3). To support the JCI Major Emphasis Theme "Opportunities For Children' and motivate all LOMs to adopt this also as our NOM's major emphasis theme for 1979. As the Conference logo implies, "Opportunity For Children, Progress For All".

4). To provide more quality guidance and comprehensive programs to cope with our diversified and rapidly increasing membership. To think of programs to cater for the vast influx of new members.

B). Specific Objectives and Targets

Based on our overall objectives, we have derived several specific objectives which are listed as follows :-

a). A LOM Officers Training Session will be held at the beginning of the year to fully equip the NOM and LOM Officers with specific leadership training.

b). All LOMs will be encouraged to submit their 1979 year plan by February Board of Management Meeting.

c). To develop rapport with government and business community, high-power guests will be invited to present or to deliver substantial speeches at National projects - such as Inaugural Ball, Conference, National Covention and Ten Outstanding Young Persons Selection.

d). Membership target is set at 800 by the World Congress.

e). The extension of 2 provisional LOMs, with one completely new LOM organized by the NOM, and at least one new LOM to be sponsored by an existing LOM.

f). The Theme Manager, with the help of the CD/YA Director, shall put more effort to motivate and assist LOMs to carry out projects in response to our National theme "Opportunities For Children". We anticipate at least 6 LOMs to conduct projects along this theme.

g). To motivate all LOMs and members to participate in the Conference Organizing work in order to run a successful Conference and to provide them with good training.

h). To strengthen our international brotherhood and sisterhood ties by more frequently visiting the neighbouring countries and to invite them to be our guests.

All National Officers are well-awared of these targets and work whole-heartedly towards achieving our goals.

VI. CONCLUSION:

To conclude, I must say that the Hong Kong Junior Chamber of Commerce stands as it is today with the many real hard efforts and dedication from its members and Board of Directors, both at NOM and LOM levels. We have inherited the many good qualities and achievements of our predecessors and we carry the holy mission to broadcast it to our fellow young friends. Youth we trained and children's better foundation we laid down. "Opportunities For Children" is our practical dream.

We have tried our best efforts to achieve the many targets and goals we have set at the beginning of the year, and are happy to witness them to be accomplished one by one. International ties we have strengthened, Chapters' coordination and full support we have derived, Jayceeism we have spreaded through training, publicity and the organizing of this convention, all these inter-wovened into a picture of unity, progress and harmony.

When you are reading this report, 3/4 of my term of office in 1979 have already passed without notice. I must thank heartily my Board of Directors, Officers and Chapter Presidents for their full support during the past months, without which, it will be very difficult to go through.

My very best regards to all of you.

Hong Kong Junior Chamber of Commerce Report
by Immediate Past President & Senate Chairman
1979 National Convention

It seems like only yesterday that I became I.P.P. of our Organization and am happy to report to the General Assembly that 1979 has been a healthy year for " HKJC ".

As an Immediate Past President, I was assigned the following duties other than being the Senate Chairman.

(1) Constitution Revision Committee.
(2) Senator Application Screening Committee.
(3) Advisor and Liasion Officer to 1979, JCI Hong Kong Conference.

Constitution Revision Committee :-

At the beginning of the year, after the 'problemed' account were solved and passed to the Companies Registry for their records, I have written to our appointed solicitors namely "Johnson Stokes & Masters" to request them to submit the draft to the proper authorities for approval. So far, they have no replied to my letter and the Presidential Legal Advisor was requested to follow up with the matter.

Senator Application Screening Committee :-

This Committee consists of myself as the Chairman, Past JCIVP and Senator Alex Tzang, and Past HKJC National Vice President Senator Florence Wong as members. As of the date this report was written, we have received only two applications. One of the applicants Jaycee Norman Choy was granted his Senatorship whereas certain problem arose with the proceedural changes of applicant Jaycee Vincent Ko, it is still pending.
My sincere thanks to both Senators Alex Tzang and Florence Wong for their hard work.

Advisor & Liasion Officer to 1979 JCI Hong Kong Conference :-

On the whole, the Conference was a great success. My congradulations to Directress Jennifer and her Organizing Committee, especially to Deputy Directress Mrs. Kitty Leung for her outstanding work.

Senate Chairman :-

Three Senates functions were held this year so far. With the exception of the 1st. gathering, all were very well attended. Two of our Senators were deservingly recognised by our Community. Senator A de O. Sales was re-elected as the Chairman of the Urban Council and Senator Paul Lim was decorated with M.B.E. Our congradulations to both of you. A Senator's gathering will again be held during 1979 National Convention.

For the 1st. time since 1975, Senators mailing list was up-dated.

It has been a peaceful and good year for 'HKJCs'. Our confernece has arroused public interest in our work and resulted in 400 membership applications. I can see that 'HKJCs' are moving one step forward and I wish next year's administration will continue the good work.

This commission is taken care of by National Director Joan Wong.

(a) A LOM Officers Training School was organised early in the year with very good attendance from all local chapter Officers.

(b) The NOM LD/EA Director is now in the process of compiling an LD Manual.

(c) Only one LOM LD/EA Directors meeting was called, attendance to this meeting was very poor. However, close liaison have been maintained with all LOM LD/EA Directors.

This commission is under the capable hands of National Director Betty Cheng

(a) At the beginning of the year, the NOM set a target to increase at least one new LOM, and also to increase membership to 800, i.e. + 25%.

(b) As NVP responsible for this commission, I myself together with the NOM ME Director waste no time in trying to achieve this target.

(c) A very successful membership drive was launched throughout the Asian Conference, and we receive over 400 enquiries after the Conference in June this year.

(d) A total of 4 Orientations have been organised by the National this year. 2 of which was of a very large scale, with attendance of over 150 persons each time.

(e) At the time of writing this report, a total of 197 members have been allocated to the various local chapters by the National from January to August 1979.

(f) The Audio Visual Presentation Slide was updated. Both English and Chinese versions are available for loan to LOMs.

(i) A Membership Growth Seminar was held on 16th April 1979, the speaker was Jaycee Taro Aso, Member of the JCI Membership Growth Committee and Past Japan Jaycee National President.

(j) Chapter Extension
2 new LOMs have now been formed and are now in the process of applying for provisional membership, they are :

(i) An all male English speaking Chapter - sponsored by the National, headed by Jaycee Bill Yang.
(ii) An all female Chinese speaking Chapter - sponsored by Peninsula, headed by Jaycee Junia Ho.
(iii) A 3rd one to be sponsored by Kowloon, headed by Jaycee C. K. Tang will be formed before the end of this year.

LOM CO-ORDINATION

I was assigned to liaise and assist the development of Harbour, Island, and Lion Rock Jaycees with whom close co-ordination was adhered to. I was kept informed of their activities and progress by copies of Board Meeting minutes, circulars, exchange of correspondence, telephone conversation and attendance in their Board Meetings or Monthly Meetings, as well as in their projects. This helped to bridge any communication gap between the NOM and the LOMs concerned.

OTHER ASSIGNMENT & PARTICIPATION

1. A promotion trip was made to the Philippine Jaycees on behalf of the Hong Kong Junior Chamber and the Conference Organising Committee, together with the IAC Director, to attend their Special National Convention held at Cebu from 27 - 29 April 1979.

2. Besides performing all my duties as National Vice President, I have also participated in the 1979 JCI Hong Kong Conference Organising Committee as a Deputy Conference Directress.

CONCLUSION

To conclude this report, I would like to express my thanks to the 2 Directors, Betty and Joan for their assistance. To all National Officers and Chapter Presidents for their co-operation and support. Last but not the least, my sincere appreciation to the National President for his advice and guidance throughout the year, without which I would not have completed my term of office so smoothly.

REPORT FROM THE NATIONAL VICE PRESIDENT
(LOM) - PETER LAU

As a result of the thorough discussion among the Executive Committee members, I was assigned by our National President to supervise the LOM area of activities which include International Affairs and Public Relations. At the same time I was assigned to assist three LOMs, namely, Peninsula, Jayceettes and Yuen Long.

LOM AREA OF ACTIVITIES

A. International Affairs

The first half year has been extremely busy time for National IA Director William Wu and his officers Ng Leung Yau, Justina Chan and Laura Kong. Under their capable hands, the following projects and activities were successfully planned and executed:

1. Seminar on International Affairs
2. Japan Youth Voyage
3. Tokai Youth Voyage
4. Japan Academy Floating School
5. Reception of Jaycee VIPs during the Asian Conference and foreign Jaycees Visiting Hong Kong in the past months.

The extraordinary active participation of NOM officers in these activities has definitely impressed the foreign Jaycees and paved the way to better International Relationships.

B. Public Relations

The main objectives of this area, set forth early this year, are to promote, externally, the good image of Jaycee movement among the general public; and internally, the better understanding and co-operation between NOM & LOMs and among LOMs; and most of all to create a sense of belonging, among members to the HKJCC, which is expected to improve membership retention and extension.

Our National PR Directress Junia Ho, being a lady of actions, diligently planned and completed the following tasks:

1. provided wide coverage of Jaycee Movement and its activities via press, radio and T.V.
2. supervised the Jaycee Sports Day
3. organised regular meetings for LOM PR Directors
4. published and circulated the National News Letter
5. standardised the name tag of Jaycee members
6. arranged the production and sales of Jaycee ties
7. Planned the introduction of new Jaycee Souvenir items.

Through these the objectives have been quite successfully achieved.

LOMs ASSIGNED TO

As NVPs are assigned to LOMs to assist and not to supervise, contacts and discussions were made in the beginning of the year with the Chapter Presidents, namely, Winson Chan, Evanda Kwok and Patrick Tang, to see how I can be of service and assistance to their LOMs. I was kept informed of their activities and problems, if any, through their meeting minutes, and attendance to their Board Meetings and Monthly Membership Meetings. I am happy to report that the three chapters are progressing smoothly. I am much impressed by the Peninsula Jaycees their decision and efforts to sponsor a new LOM , the Bauhinia Jaycees; the Jayceettes by their successful hosting of the 1979 Asian Conference; the Yuen Long Jaycees by their careful planning and execution of projects evenly distributed throughout the year.

OTHER ASSIGNMENTS

I also have been assigned to assist chairman Vivien Lee to co-ordinate the activities of the Hong Kong Delegates during the Asian Conference; to co-ordinate the organisation of the Inter-Chapter Night during the 14th National Convention; and to supervise the organisation of On-to-Gothenburg World Congress delegation. I also served as speaker at various seminars organised by NOM and LOMs.

CONCLUSION

I would like to express my heartfelt appreciation to my hard working Directors, officers and chairmen of various projects under the area of IA and PR for their assistance and unfailing support. I must also thank the LOM Presidents for their wonderful co-operation. Last, but not the least, I wish to thank our National President and members of the Executive Committee for their constant guidance and support. I am ready to accept constructive opinions and ideas to make the rest of my term of office smooth and fruitful.

REPORT FROM THE NATIONAL VICE PRESIDENT (COMMUNITY) - PATRICK TONG

In the capacity of Vice President for Community, it is my pleasure to present my report at this 14th National Convention of Hong Kong Junior Chamber of Commerce as follows:

At the first incoming Executive Planning Committee Meeting, I was assigned by the National President to look after the Community Development Commission, youth activities Commission as well as Theme Activities. I was also assigned to assist the growth of three LOMs namely Victoria, Kowloon and Tai Ping Shan.

SERVICE TO LOMS:

It is my great honour and privilege to be the assigned National Vice President for Victoria, Kowloon and Tai Ping Shan Jaycees. This is because all three chapters had shown tremenduous growth and had acheived significant improvement during the year.

VICTORIA: 1979 is a brilliant year for the Victoria Jaycees. Under the leadership of President S.T. Tang and other Board of Directors, Victoria chapter had improved tremendously. The Fund Raising Ball in April was very successful and had turned the finance of the Chapter to sound condition. Other than the monthly board meetings held regularly at Cosmo Club, monthly fellowship meetings were held regularly at Furama Hotel with various programmes such as interesting talks by guest speakers, orientations, public speaking workshop etc. Attendance had been very good and members were delighted to participate. Membership had been improved very much to become 42 by end of July. Lots of projects had been organized such as the YAC projects PHAB Week-end Leisure Camp held on 28th and 29th July, 1979 with great success. Credits must also be given to President S.T. Tang for the efforts in improving inter-Loms relationships by organizing joint projects with other Chapters such as a PRC project with Lion Rock, a theme project with Island, an EAC project with Kowloon, a PRC project with Harbour and a large scale PRC project with Island, Lion Rock, Harbour and Tai Ping Shan.

KOWLOON: President Edmond Pang and other Board of Directors had lots of new ideas and energies to achieve ambitious objectives for 1979. Monthly meetings had been held regularly and the first few months in special format, such as cocktail reception, ladies' night, sisterhood pact signing and talks by special guests. Large scale membership drive had been launched to co-ordinate the plan to sponsor a new chapter. 14 new members had been inducted so far and Hon. Secretary C.K. Tang had already been appointed head of the organizing committee to form a new chapter which will be set up after the formal approval at their AGM. Lots of large scale projects had been organized such as "Career Information Exhibition" and "Computer Exhibition" with great success. National project "Visit of JCI Supervising V.P." had been organized with Patrick Ng as chairman. Also National project "TOYP" will be hosted by Kowloon Jaycees again this year. Vice President William Yang had been appointed by NOM Excom. to head the organizing committee to form a new chapter sponsored by the National. The Kowloon Jaycees will indeed contribute a lot in the extension of the Jaycee movement. I take this opportunity to wish them much success for the year especially for their fund raising project to be held in October.

TAI PING SHAN: The Tai Ping Shan Jaycees although was affiliated to The Hong Kong Junior Chamber of Commerce only one year ago, had already become one of the strongest chapters in Hong Kong. Under the leadership of President Cheng Kwan Suen and all other energetic Board of Directors, Tai Ping Shan had lots of significant achievements. The year plan and budget were formulated at the beginning of the year. The chapter started off with their Anniversary Ball which was held successfully in the Palace. Monthly meetings were held regularly at Furama Hotel with very good attendance. Projects of all areas of activities were practised with great success and 22 new members had been accepted before July. This year the Tai Ping Shan Jaycees were also very active in participating in National Projects. The Tokai Youth Voyage had been hosted by the Tai Ping Shan Jaycees successfully. Their members Loretta Lau, Dick Chan and Vivian Lee were chairman of the National 1st Orientation, IAC Seminar and JCI HK Conference Hong Kong Delegation respectively. Thanks must also be given to the Tai Ping Shan Jaycees for their great effort in organizing the 14th National Convention which I trust will be one of the most successful conventions ever held.

COMMUNITY DEVELOPMENT & YOUTH ACTIVITIES

Under the supervision of National Director Eric Lam, all local chapters were encouraged to take part in worthwhile community projects, projects whether direct or catalytic that will actually lead to the improve of our community. Two meetings had been organized with the LOM CDC and YAC Directors on 22-1-79 and 3-5-79 to ensure that proper projects had been planned and organized by all chapters. Attendance of the first meeting was good. However, unfortunately, only 4 chapters turned up at the second meeting although National Theme Manager George and National CD/YA Director Eric had prepared lots of information, guidelines and statistics for a presentation to be made during the meeting regarding community problems of Hong Kong. These informations were very useful and were all distributed for guidance. Thanks to the great effort of NOM and all LOM CDC/YAC Directors, I am glad to see that most chapters had done tremendous work in organizing many successfull community projects in 1979.

THEME ACTIVITIES

In response to the JCI Major Emphasis Theme, "Opportunities for Children" was adopted as the 1979 NationalTheme and Jaycee George Tang was appointed as National Theme Manager to motivate and assist Loms to adopt project on the major emphasis theme. I am glad to report that most chapters had done tremendous work in organizing many successful theme projects as follows:

1. Yuen Long Children's Day.	Yuen Long
2. Toy Library Maintenance.	Jayceettes
3. International Painting Competition for Children.	Harbour
4. Promotion of Children's Literature.	Island
5. Help The Needy Children Campaign.	Tai Ping Shan
6. International Painting Contest for Children	Lion Rock
7. Children Hygiene Seminars.	Victoria & Island
8. Sponsor of Treatment of Hole-In-Heart Girl.	Peninsula
9. Creative Collage Competition.	Jayceettes
10 Invent & Play Your Own Musical Instruments Competition	Peninsula
11 Children Film Festival.	Peninsula
12 Seminar on Handicapped Children - Prevention & Remedy	Kowloon
13 Toys - From Children With Love.	Island

I must thank Theme Manager George for his great work done and deeply regret that we had to accept his resignation in August due to his heavy commitment. Also thank Director Eric for his acceptance to look after all theme activities after George's resignation.

NATIONAL COMMUNITY PROJECT

The National CDC project "Ten Outstanding Young Persons Selection" will be held again this year. The hosting right had been awarded to Kowloon Chapter with Jaycee Andrew Wong as chairman and was directly supervised by National CD/YA Director Eric. Nominations was from 1-8-79 to 16-9-79. The award banquet will be held on 1-12-79 at the Convention Centre of Miramar Hotel.

OTHER ASSIGNMENTS

A. Served As Speaker: At the Jaycee Orientation of Tai Ping Shan Jaycees on 17-3-79.

B. JCI Hong Kong Conference: Assigned to assist the administration sub-committee of the organizing committee to look after the man power distribution. Also assigned to the VIP Reception Committee to greet & pick up VIP from the air port before the Conference and to see them off after the Conference.

CONCLUSION

Finally I would like to express my heartfelt appreciation to those who have given me guidance, support, assistance and co-operation, without which my term of office would not be so beneficial and smooth.

Report From The National Secretary General

Having had a chance to be elected as the National Secretary General of Hong Kong Junior Chamber of Commerce this year, I really feel that I can have a bird's eye view on the top level administration and management of the Hong Kong Jaycees, the different styles of duty supervision, the international and overseas projects implementation as well as the channel of communication with JCI - its effective management internal and external controlling systems. The National Secretariat is the central point where all these can be convened and I am happy that the Secretariat people can offer a hand in this.

Time always flies without notice. When I am writing this report, eight months have already gone by. While I am certainly amazed at its speed, let me tell you what I and the National Secretariat personnel have done all through this period:

A). Assignment:

At the 1st planning meeting of the incoming National Executive Committee, I was assigned to supervise the R & R Director, Harbour Light Editor and the Jaycee Office Manager; the last one was appointed in view of the fact that he can more closely administer the Jaycee Office management, supervise the staff and in charge of the office maintenance on my behalf.

B). Appointment:

1). Jaycee Edmund Hon was appointed as the Jaycee Office Manager starting January 1979. However, in the month of July, Jaycee Henry Lai was appointed to take his place.

2). Jaycee K. S. Yeung was appointed as the Harbour Light Editor and up to this day of writing, one issue had been published and the second one is in progress.

3). Jaycee Paul Cheung was appointed as the National R & R Director and under his able directorship, the R & R Commission functioned effectively and smoothly without much supervision.

(Cont'd)

C). Employment:

1). The Jaycee Office Secretary Esther Chung resigned at the end of 1978 and Tony Cheng was promoted to take her place in January 1979. Following the resignation of Tony, Pauline Hui was employed who works for the National Board.

2). In view of the increase in number of LOMs and membership, we intended to provide better service to LOMs. So one more Jaycee Office Secretary was employed to service the needs of the 9 LOMs.

3). One Jaycee Office Messenger, Wong Chi Keung was employed following the subsequent promotion of Tony Cheng.

D). Jaycee Office Administration:

1). A meeting was convened by the National President with the Board of Management in January to discuss the Chamber administration and hence a Policy Manual was compiled and distributed to each and every member.

2). Two LOM Hon. Secretaries Meetings were called in January and April 1979. At the January meeting, together with the Jaycee Office Manager and Chapter representatives, policies, rules and regulations governing the use of the Jaycee Office were installed covering the setting up of official mailing days, booking system, printing and mailing system, allocation of function rooms, etc.

3). We always wish to improve our office facilities. Survey on the purchase of copying machine, addressgraph, printing machine were carried out. An addressgraph was decided to be purchased while others were still under consideration subject to our financial standing.

4). A bit of renovation was carried out at the Chamber Office and some convenient equipment such as notice board, a new typewriter, an additional telephone, paper cutter, etc. were bought.

5). The National President designed different kinds of reporting forms such as BOM Meeting Report Form, NOM Project Bidding Form, etc. for the use of LOMs.

6). Each LOM was encouraged to submit their Certificate of Incorporation to be put up on the wall of the Jaycee Office.

E). Meetings:

1). A total of eight National Executive Committee Meetings had been called starting January.

2). Eight Board of Management Meetings had been called up to this date.

3). 3 EGMs had been held so far:

a). On February 5, 1979 - To adopt the Major Emphasis Theme and the LRPC Report Part I.

b). On March 31, 1979 - To adopt the LRPC Report Part II.

c). On August 13, 1979 - To waive the dates of the 14th National Convention.

4). One Extraordinary National Executive Committee Meeting had been called on July 19, 1979 to discuss the details of the National Convention and the Jaycee Office administration.

F). Asian Conference:

I was the VIP Reception Manager belonging to the Public Relations Sub-Committee of the 1979 JCI Hong Kong Conference Organizing Committee. Working and getting acquaintance with the JCI people gave one the feeling of bridging the remote distance.

G). NOM Project Supervision:

1). I was assigned to supervise the JCI VP's Visits. JCI.VP Joe Murphy visited Hong Kong three times. The first one from January 22 - 26 and the second one from March 30 through April 2. The NOM had lined up a series of programmes and a large welcoming reception party for him.

(Cont'd)

2). I was also the supervisor to the 14th National Convention hosted by the Tai Ping Shan Jaycees. The Organizing Committee have been working hard and progressing steadily. Every member of the Organizing Committee get a chance of leadership training and I am sure they will learn a lot from it.

Working closely with the National Executive Committee is an experience and pleasure. I am grateful to our National President Sonny who is ever ready to cheer us up with his humorous jokes when our spirit is low, to offer his helping hand and advice when things are getting a bit shaky. To all those who have offered me advice and encouragement, I owe my personal heartiness.

I am always proud to be a Jaycee and happy that I have been part of its movement. Especially when we are facing international delegates, the sense of belonging to and for the Hong Kong Junior Chamber of Commerce is overwhelming. I am sure that the experience we shared and gained will stay in our life for a long long time.....

REPORT FROM THE NATIONAL HON. TREASURER OF HONG KONG JUNIOR CHAMBER OF COMMERCE

The financial position of Hong Kong Junior Chamber of Commerce remains strong as 1978 due to the significant fund raising project-the National Inaugural Ball and the growth of membership. Although the accounts presented here is only ended on the end of August, but looking ahead, by the end of this year, we might able to observe having a surplus of arround HK$15,000 to the 1980 Administration.

The expenditure of this year administration ending August 31, 79 was according to the budget. But I must comand that in the future, if we want to strengthen our finance, we might look into the areas of soliciting more administration fund for our scale which is now very well expending.

Apart from my scope as Hon. Treasurer, I was also invited by various LOMs to assist their activities:

1. As Advisor on Program to the 1979 JCI Hong Kong Conference Organizing Committee.

2. Represented Hong Kong Conference Organizing Committee to oversea promoting Conference.

3. As Chief Consultant of 14th National Convention of Hong Kong Jaycees hosted by Tai Ping Shan Jaycees.

4. As guest speaker to some LOMs in their seminars, work-shops and orientation courses.

Taking this opportunity, I must thank the National President Sonny, the Board of Directors, all National Officers, all LOM Presidents and their Executives for their kind support and assistance and personaly, I wish to thank the former National Hon. Treasurer Senator Y. S. Lok and Mr. Yeung for their advice and help to my job as Hon. Treasurer.

My wish to the 1980 Administration another successful year.

REPORT FROM THE NATIONAL PUBLIC RELATIONS DIRECTOR
- JUNIA HO

In the capacity of National Director for the area of Public Relations, it is my pleasure to report to the 14th National Convention of Hong Kong Junior Chamber of Commerce.

HIGHLIGHTS OF EVENTS

- New Year Officers Gathering

  To start the New Year, a gathering party for officers was hosted by the National Board Members on January 11 at the Shell Club. All LOMs' officers were invited to this gathering to get know each other and have the opportunity to exchange their ideas and announce their plans for the year. More than 100 NOM and LOMs' officers attended and it had really been a overwhelming success.

- Sports Day

  Jaycees do not only work hard on their projects but also actively participate in sports events. This year's sports day, held on April 29, was again hosted by the Yuen Long Jaycees at the Yuen Long Stadium. Participation had been most enthusiastic from each chapter.

  The Island Jaycees were awarded championship for men's events while Jayceettes for women's events. Many thanks to Yuen Long Jaycees for their efforts in organising this big fellowship project of National.

- 1979 JCI Hong Kong Conference

  Held on May 28 - June 1, 1979 at the Excelsior Hotel, it hosted over 1,500 overseas delegates, including World President, JCI VPs, JCI Officers and Asian Pacific Chief Delegates.

  During the conference period, I was assigned as a PR Reception Officer under the Conference PR Area to receive the VIPs and the overseas chief delegates. I was also appointed as an Award Judge to sit in the Conference Award Judging Panel.

YEAR LONG ACTIVITIES

- National News

The need for effective communication between National and each member had been ever increasing. So this year, the all new National News have been published bimonthly for all members. It was aimed to serve as a newsletter, inform major happenings in NOM and various LOMs.

Up to the present, 4 issues had already been published. The remaining 2 issues will be released at the end of October and December.

- Joint PR Director's Meeting

As another pressing project, this meeting, held quarterly, would maintain a better understanding of each chapter's activities. PR Directors from all chapters had met on January 16, April 26 and July 23. The last meeting will be held on Mid-November.

An updated media list including full details had been distributed to the LOMs' PR Directors during the first meeting. Minutes of the subsequent meeting had duly been released.

- Promotion and Publicity

The new JC Column had been organised to spread the Jayceeism to the public and to promote the objectives and interests of the NOM generally. It has been appeared in two leading newspapers, namely Sing Tao Jih Pao and Wah Kiu Yat Po, besides the Star Column.

Working together with the chief editors of Sing Tao & Wah Kiu, it was agreed that free space would be allocated for Jaycee articles once a month.

This year, we have had a very good PR coverage for the NOM and LOM projects, as well as the promotion on the 1979 JCI Hongkong Conference. We had been most fortunate to be able to promote the Jayceeism through such two strong media. Moreover, 3 special supplements were arranged in the Hong Kong Standard, Sing Tao Jih Pao & Wah Kiu Yat Po on May 28 by the conference PR Committee. The supplements were no doubt a great success which had fulfilled its purpose of promoting the corporate image of Jaycees. It has attracted over 400 return slips on application of JC membership.

Press Releases had been sent out every month and newspaper clippings of the articles had been put into record.

- Souvenir

  In order to bring out the JC image to the public, HKJC tie has been ordered and ready for sale to all members in the JC Office.

- Others

  I not only performed the job duties of my area, but also involved in other commissions of NOM and made press release for the LOMs.

  A set of photographic instruments had also been bought to our service to cover the events. It included one set of Polaroid Instant Camera, one set of 'Rollei' Camera and and one set of flash-lights. All photos of NOM's activities had been put into good record.

CONCLUSION

Before ending my report, I would like to take this opportunity to express my heartfelt thanks and appreciation to all National BOM members, LOM PR directors, fellow Jaycees and Jayceettes, and special thanks to the NP and supervising NVP, for their guidance, assistance and unfailing support, without whom I would not have such a wonderful experience and so smooth through my term of office.

REPORT FROM ERIC LAM, NATIONAL CD/YA DIRECTOR & ACTING THEME MANAGER

INTRODUCTION

It is my duty as your National Director to report to you at the National Convention what the NOM and LOMS have done and are doing in the areas of CD, YA and the Theme Programs.

You should have known our major emphasis this year is our JCI theme "Opportunities for Children" in support to the United Nations" "International Year of the Child". It is therefore many of our Projects have been planned for the betterment of the children's need. Of course, we have not forgot the needs of the rest of our community.

JOINT DIRECTORS' MEETINGS

Two meetings have been held before this Convention. One on 22nd Jan. and the other 3rd May. However, the response from the LOMS was unsatisfactory. And the second meeting was regarded as informal due to the same reason.

Information on C.D. Cycles and J.C.I. theme survey were distributed during the first meeting. A detail statistics report by the then Theme Manager George Tang and myself was shared with the LOM CD/YA Directors in the 2nd meeting. It serves as a guideline for them to plan what kinds of projects for which groups of the community at what place and with whom as an appropriate co-organisers.

CONCLUSION & RECOMMENDATIONS

Generally speaking, we have done pretty well this year. However, I personally feel that inbalanced of projects has existed among chapters. Some Chapters have been particulary strong in CD/YA. This in some ways helps them attract more new members and at the same time retain old ones. However, adverse effect may arise when their membership grows larger than they can absorb in their projects. Obviously indeed, that an opposite situation can be seen in a comparatively weak Chapter.

Harmony among Chapters will not be maintained if we let this whole situation keep on. It will further create communication barrier and ruin our J.C. structures.

I therefore, recommend that more joint inter-chapter projects should be encouraged. This may sure help widen our members' involvement in serving the community. Afterall, we belong to the same family striving for the same goals.

Morever, I also feel that few of us really follow the C.D. Cycles, i.e., Survey, Analysis, Planning, Action and Evaluation, while planning a project. Often a time we neglect the first two steps which are in fact vital. Why we are proud of ourselves being a J.C. It is because we are well ahead of others; we understand what our communities needs are; we work as a catalyst and stimulate public response to a common social problem and play a leading role to solve it. All of these are not done by luck. I dare not say the C.D. Cycles is the only way but at least a better tool for the jobs.

Finally, I must say I enjoy very much with those I have worked. It seems to me that the clock runs faster this year than ever before.

REPORT FROM THE NATIONAL RECORD

AND RECOGNITION COMMISSION

****

GENERAL POLICY 1979

- To maintain a complete and up-to-date record system of all activities.
- To recognise excellence performance by chapters and members.
- To improve better chapter relation and communication on awards and recording system.

ACTIVITIES

1. Joint RRC Directors' Meeting -

   Three regularly quarterly meetings were held in the months of January, April and July, and the next meeting will be in September. The percentage of attendance was very satisfactory.

2. Project Records -

   Although it was the intention of the NOM to keep a complete and up-to-date record of both LOM and NOM's activities by introducing the project record system, the whole purpose is for each project chairman regardless of NOM or LOM to fill in the summary of the activities under his jurisdiction, unfortunately, the submission of such report has been very poor for the last 3 years.

3. Seminar - 'How To Comply Award Bid Book'

   This seminar was held in April in order to familiarize RRC Directors on how to prepare a decent, presentable and informative Bid Book for both local and international award bidding. Attendance was satisfactory.

4. 1979 Award Manual -

   The manual have been brought up-to-date and copies were distributed to all BOM members as well as all RRC Directors. All criteria for NOM Award Bidding were listed so that all award bidders can be guided accordingly.

...../2-----

ACTIVITIES - Cont'd

5. Award Judging Panel -

In accordance with the 1979 Policy Manual, the NOM or each LOM will recommend one member to constitute the panel of judging. At the same time, for CDC, YAC, LDC and EAC Awards, the National Director supervising such area would give their opinion on their respective areas. Each LOM would not give mark on the award entry submitted by his/her LOM.

6. 1979 Hong Kong Regional Conference -

During this conference, 2 Certificates of Merit were won by both Peninsula and Kowloon JC for their projects "Children We Care" Campaign and "Home Safety" Campaign respectively.

7. JCI Senatorship -

During the period from January 1, 1979 to to-date, one Senatorship was awarded and that is, JC Norman Choy of Harbour.

As your National RRC Director, I would like to express my sincere appreciation to all LOM RRC Directors for their kind co-operation extended to me during my assignment. Also, taking this opportunity, I would like to thank my fellow BOM members for their guidiance and support and in particular, my supervising officer, NSG Vanky and my RRC officer, Alice for their advice and help which have made my work so much easier.

August 25, 1979.

PAUL CHEUNG,
NOM RRC DIRECTOR.

Report from the National LD/EA Director - Joan Wong

During my term of office as National Director for both Leadership Development Commission and the Economic Affairs Commission, I am very proud to see that all Chapters had actively planned and executed projects in both fields. These projects would be duely reported by the LOM Presidents.

LOM Officers' Training School

A training school was held on the 20th January, 1979. The school was well attended by the newly elected officers. Apart from the introductory talks, the participants were divided into different groups according to their area of responsibility. Workshops were organised for these groups and were lead by well seasoned Jaycees. The Chairman for this project was Jayceette Iris Lau.

A meeting was called for all LOM Officers in the LD Commission to discuss and plan for this area of activities. The meeting was poorly attended.

An LDC handbook is being prepared and printed at the writing of this report. This handbook will be circulated to all Jaycees.

No national project was planned for EA Commission, however, a LOM EA Directors' meeting was called in January. This was also poorly attended.

REPORT TO THE 14TH NATIONAL CONVENTION FROM THE PRESIDENT, VICTORIA JAYCEES

1979 will go down in the history of Victoria Jaycees as the most memorable year. At the end of 1978, every Jaycee in Hong Kong feared that Victoria would perish and disappear from the Jaycee scene. If she did perish, it will be the shame of Hong Kong Junior Chamber. But no! Through the hard work of the Board of Directors and the support of the members and everyone connnected with Victoria, Victoria has stood up again. Not only did she stand up, but suddenly she becomes young again, full of energy and ready to charge to the top.

We started off the year with 24 members which include the Board of Directors (14) and 5 Past Presidents who are still active, and the Chapter was in debt. The task appears impossible, isn't it? No, we were not discouraged. Why should we be? The Board and I are fully aware of the situation and the heavy responsibilities on our shoulders, before we committed. We will do our best and even if we fail, nobody could blame us. Believe you me , it takes a lot of courage to take up the presidency.

We immediately started to work. I set down policies and targets which the Board fully endorsed. They are:

(1) We will not attempt any large scale projects in the first half of the year.

(2) We will put all our efforts in membership extension.

(3) All the projects must be self-financed.

(4) We encourage joint projects with other Chapters.

Reasons: (a) We are short of manpower. By doing joint projects, with the same number of members, we can do more projects.

(b) We can be more certain that the projects are self-financed, and even it is not, the loss can be shared, and minimised.

(c) It will give better and more opportunities of leadership training for our new members.

(d) Better fellowship and comradeship will generate between Chapters. Not only the LOMs benefit, but eventually the NOM will also benefit by unity and harmony.

Being the most senior Chapter, we will take the lead in inter-Lom relations.

(5) We will utilise all our manpower to organise a fund-raising. Not only do we need the funds, but in so doing, it will boost up the morale of the whole Chapter.

(6) We have a tentative year plan, which we will review it in 6 months' time.

Progress & Achievements as at Mid August, 1979

(1) Meetings

(a) Board meetings were held at every 2nd Tuesday of the month at Cosmo Club at 6.00 p.m. without fail, and attendance average 75%.

(b) Fellowship meetings were held at every 3rd Thursday of the month at 7.00 p.m. at Furama Hotel without fail. Inflation did not affect us, because we have signed up the contract for the whole year with the Hotel at the beginning of the year. This did help to save a lot of money.

(c) Fixed day, time and place **for meetings did have a very important** effect on attendance. Members do not have to remember day, time and place. It has already grown into a habit. Attendance at fellowship meetings are always kept at 75%.

(2) Membership Extension

(a) There is NO drop out.

(b) After the August fellowship meeting, we now have 48 members, as compared to 24 at the beginning of the year, a total growth of 100%.

(c) We have planned for 3 orientations this year, and have completed 2, and the 3rd and last one will be in November.

(d) Criteria for membership has been followed strictly in admitting new members.

(e) All new members have at least attended two fellowship meetings and participate in at least one project assigned to him.

(3) Finance

(a) Our Fund-raising Ball in April has netted $11,000. We have turned our negative finance back to surplus.

(b) All members have paid their dues.

(c) The policy for all projects must be self-financed and is **adhered** to strictly, except a few CDC/YAC projects, where we are prepared to spend money.

(4) Projects completed up to Mid-August

(a) Fund-Raising Ball in April.

(b) 2 orientations, one in April, one in August.

(c) Inter-Chapter Table-Tennis Tournament in July, a joint project with Lion Rock Jaycees.

(d) A Public Speaking Workshop in July.

(e) PHAB Camp - a camp organised jointly with the Physically-Handicapped & Able Bodied Association for handicapped youths.

(f) Health Education Seminar for children - a CDC and a theme project, jointly organised with the Island Jaycees.

(5) Participation in NOM activities

(a) Inaugural Ball

(b) Officers' Training School

(c) Visit of JCI VP Joe Murphy

(d) JCI Hong Kong Conference

(e) Youth Voyage

(6) Projects under preparation and planning from Mid-August to December

August 27th - Visit to Shaws Brothers Film Studios followed by BBQ & swimming in Sai Kung, a joint project with Harbour Jaycees.

September 16th - A 5-Chapter (Victoria, Island, Lion Rock, Harbour & Tai Ping Shan) Launch picnic. Victoria, being the most senior chapter, is the project chairman.

October 6th - Young Entreprenеurs' Seminar, a joint project with Kowloon Jaycees, is a seminar for young business men or women who are starting their own business.

Oct 6th is also the day after Mid-Autumn Festival. A large-scale "Moon-Chase" Chinese Dinner Fellowship will be held in the evening. It will be a Victoria family re-union.

October 20th - A seminar for Consumers will be held jointly with the Consumer Council. This will be opened to the public by invitation, and to go along with it will be a publicity campaign for Consumer Council & Victoria Jaycees.

November - A Children's project is being planned in conjunction with the Junior Police Call.

3rd Orientation for the year.

December - A Retirement Seminar and Visit to Old People's Home with X'mas gifts.

(7) Publicatons

One issue of Contact has been published in May. Two more issues will be published, one coincides with the National Convention in late September, and the other to coincide with the AGM in 1st week of December.

A membership kit is also under preparation and will be distributed at our AGM.

Conclusions

1979 saw the miraculous improvement of Victoria Jaycees, from a dying Chapter now blossoming with flying colours. It was out of all expectations, including myself. But it was not by sheer luck. No, not at all! It was sheer courage, hard work, determination, with good planning, with the right targets and excellent implementation.

At the August Board meeting, the Board has decided to enter 3 awards in the National Convention, viz: The Best Chapter in Membership Extension, The Most Outstanding Chapter and the Presidential Award of Excellence to LOM President. These decisions must be put on record. The downward trend of Victoria has been continuing for the past 8 years, and has not entered for any major awards like these in the Convention. Whether we win or not, of course, depends on a lot of things, the most important could be Jaycee politics, which I am bitterly against. Whether we win or not is not important. But the fact that we are eligible and qualify to enter the awards already calls for celebration. I admit, we may not be the Best Chapter YET! But we are not bidding for the Best Chapter, we are bidding for the Most Outstanding Chapter.

To maintain a strong Chapter and to keep it going is not easy. Even to charter a new Chapter is not easy too. But to raise a Chapter from dead, bring it back to life and now full of lively spirits, we have utterly achieved the impossible. I challenge anybody who could have done better! Who could deny Victoria is the most outstanding Chapter in 1979?

To end my report, I wish to thank most sincerely my Board of Directors for their hard work and perseverance; Patrick Tong, **National** VP assigned to Victoria for his support, advice and guidance and all the people closely connected with Victoria for their encouragement and their unfailing faith in me to lead Victoria back to her old glory.

REPORT TO THE 14TH NATIONAL CONVENTION
FROM PRESIDENT OF KOWLOON JAYCEES - EDMOND PANG

1. ADMINISTRATION

At the beginning of 1979, the Board of Kowloon Jaycees consisted of the following gentlemen:-

Edmond Pang	President
Michael F. Young	I.P.P.
Andrew Wong	Vice-President (Community)
Allan T.K. Leung	Vice-President (Individual)
William S. Yang	Vice-President (LOM)
C.K. Tang	Hon. Secretary
David Cheng	Hon. Treasurer
Paul Chan	CD Director
David Yeung	YA Director
Edward Tan	EA Director
Philip Chen	ME Director
Leung Sheung Lam	LD Director
Paul Chung	PR Director
Patrick Ip	IA Director

During the course of the past 8 months, the following Directors vacated their office for various reasons:-

Philip Chen	w.e.f. 1st April, 1979.
Patrick Ip	w.e.f. 17th July, 1979.
Paul Chung	w.e.f. 21st Aug., 1979.

and the following appointments were made:-

Peter Shum	FM Officer w.e.f. 1st Jan., 1979.
Patrick Ng	PR/IA Officer w.e.f. 15th May, 1979.
C.K. Miu	RR Officer w.e.f. 17th July, 1979.

I have been most fortunate in being able to invite a body of senior Kowloon Jaycees to form a 'Presidential Advisory Committee" they are:

Y.K. Chan	Past NP and Past KJC President
Turner Sinn	Past NVP and Past KJC President
Michael Chan	Past KJC President
Thomas Tang	Past KJC President
Robert Ho	Past KJC Vice-President
Alfred Lee	Past KJC Vice-President

Regular consultations and meeting with them have been great experience to me and a lot of help towards my office as President of Kowloon Jaycees.

2. FINANCE

Kowloon Jaycees have never been a wealthy Chapter and the current Board has made it a point to launch a large scale Fund Raising Project. This project will be in the form of a singing and cabaret performance by the famous Carol Chapman to be held on 6th October, 1979 (Saturday) in the Baptist Academy Hall in the evening. Mrs. Chapman is a renowned soprano who has performed in the Art Centre and the City Hall earlier this year, both performances being well received and commented on.

We hope that this project could raise over $40,000 for Kowloon Jaycees.

3. THE COMMUNITY AREA

The Home Safety Campaign - This a Community Project carried forward from 1978 and chaired by the current CD Director Paul Chan. The entire project was completed during the first quarter with flying colours. It's success was furthur endorsed by the fact that it was award a Certificate of Merit at the 1979 JCI Hong Kong Conference.

The Career Information Exhibition - This is a CD Project and chaired by JC Eddie Lui. It was held from 21-22 July in the Amenities Block of the Hong Kong Polytechnic with about 10,000 school leavers and young workers visiting the Exhibition. It was more than just an exhibition where a wide array of job opportunities was displayed. Film shows, career talks and in-plant visits were also arranged for those interested. It is considered that an exhibition alone cannot possibly host the large number of careers in Hong Kong under one roof. Diversified formats of introducing the careers should be the right approach.

Commercial Application of Computers - This is also an exhibition, chaired by JC Joning Chan and held for 1½ days in the Exhibition Hall of the City Hall. More than 2,500 visitors on invitation attended. It was the first time Kowloon Jaycees ever organised an exhibition which involved so many technical details, and our project team members definitely have learnt a lot. Through this EA Project, computer companies had a chance of displaying the many choices of mini computers, the various software packages available to satisfy individual needs and the manpower backup they can provide to the business public ; and the visiting businessmen had the chance of viewing all these and make desired comparisons.

3. THE COMMUNITY AREA (Cont'd)

Major Emphasis Theme Project -
'The Handicapped Children - Prevention and Remedy'

This project will be supervised by the YA Director and chaired by JC Jones Wong. It will take the form of a seminar and an exhibition. With the help of the Medical Department, Education Department and the Social Welfare Department a seminar will be held on 22nd Sept., 1979 (Saturday) at the Duke of Windsor Social Service Centre auditorium to be attended by some 300 newly-weds, to-be-weds and social workers. Then an exhibition will be held on 8th - 9th December (Sat. and Sun.) at the Ocean Terminal.

This project will cater for the obvious needs of the public in telling them the various causes for the birth of physically and mentally handicapped children, preventive measures to be taken and the kinds of facilities available from government and welfare institutions to help the unfortunate crowd.

4. THE INDIVIDUAL AREA

Membership Extension and Retention

At the time of writing, the Active Membership of Kowloon Jaycees stands at 66. This is a net figure starting with 71, after the the dropout of 19 and recruitment of 14. Of the 19 dropouts, a great majority had become inactive as far back as early 1978 and it is most unfortunate that the current Board cannot arouse their interest in Jaycee again despite a lot of effort have been made. With the departure of ME Director in April, the Membership Drive, which was scheduled for April through September, has been delayed and it is being taken care of by VP Allan Leung.

Now, the Membership Drive has just been launched with specially printed pamphlets. Response so far has been very encouraging and it is hoped that, by the end of 1979, our total Active Membership would reach 80.

Membership Training and Leadership Development

Members of Kowloon Jaycees, especially those new members, have learnt a lot from the large scale projects during the past 8 months. These projects were launched under the close supervision of the Directors & Vice-Presidents concerned.

Sponsorship for KJC Members to attend training seminars, notably the LIA Camps organised by Harbour and Peninsula, were made.

A Leadership Development Seminar will be organised, under the chairmanship of W.H. Tam, on 15th September, 1979 (Sat.) in Duke of Windsor Social Service Centre.

5. THE LOM AREA

Despite the fact that our PR Director and IA Director have vacated their office during the 2nd half of the year, our relationship amongst our own members and with other Jaycees, both local and overseas, continue to strengthen. This is mainly due to the efforts of the remaining Board Members and our appointed FM Officer Peter Shum and PR/IA Officer Patrick Ng.

Saturday luncheons, monthly meetings, social gatherings and outings contributed a lot towards the internal side.

During the 1979 JCI Hong Kong Conference, a reception and Pacts-signing Ceremony was hosted by Kowloon Jaycees to receive our guests, viz. the Mandaue Jaycees (Philippines), Taipei Jayceettes (China), the Kuala Lumpur Jaycees (Malaysia) and the Orchid Jaycees (Singapore). During that occasion, Kowloon Jaycees signed a Brotherhood Pact with the Kuala Lumpur Jaycees and a Friendship Pact with the Orchid Jaycees. It is very likely that a Sisterhood Pact will be finalised with the Orchid Jaycees during the 1980 JCI Singapore Conference.

6. Others

1979 JCI Hong Kong Conference

Kowloon Jaycees contributed a lot of manpower towards the holding of the 1979 Conference. This include myself appointed to represent Hong Kong in the Awards Judging Panel, VP Andrew Wong appointed Chairman to the Awards Presentation Ceremony, VP William Yang appointed as Chairman to the Conference Opening Ceremony and Robert Ho appointed Deputy Chairman to the Hong Kong Reception Party. A total of 12 other KJC Members also participated in support of our people assigned to the various aforesaid duties.

TOYP - 1979

Kowloon Jaycees have been granted the hosting rights, for the 6th conseecutive year, to this National Project. It is being chaired by VP Andrew Wong with VP Allan Leung as Deputy. The Final Judging will be held early November and announcement of results will be at the middle of November. Awards Presentation Banquet is scheduled for 2nd December, 1979 at the Mirama Hotel.

Our sincere thanks are due to The Hon. D. Akers-Jones, The Hon. Charles Yeung, Mr. W.R.A. Wyllie, Prof. S.Y. King and Mr. Yui Yin Fat, who together form the Panel of Judges; and to RTV as Promotion Sponsors; and to Peat Marwick, Mitchell & Co. Management Consultants as Sponsor Selection Consultants.

6. OTHERS (Cont'd)

New LOM

Early this year, the Board of Kowloon Jaycees decided that we should aim at sponsoring a new LOM, as a Provisional Chapter by the end of this year, as a test of our strength as well as affording more officer seats for the more senior members of Kowloon Jaycees, thus more training opportunities.

The programme has been delayed, due to the deferred Fund Raising and Membership Drive, and a Board Decision was only made during the July Board Meeting when a clearer picture of the 2 afore-mentioned elements were seen. Hon. Sec. C.K. Tang has now been appointed Chairman of the New LOM Organising Committee and VP Allan Leung as his Deputy.

Chairman C. K. Tang is expected to present his Progress Report to the KJC Annual General Meeting with the aim that the new LOM would apply for Provisional Chapter status towards the end of 1979 or early 1980.

7. ACKNOWLEDGEMENT

I wish to take the opportunity to thank our capable National Board of Directors, in particular National President Sonny and Supervising NVP Patrick, for their support and advice afforded to me and my Chapter during the past 8 months.

My thanks are also due to the Presidents of the other 8 Chapters, and their Members, for their support to our functions and projects.

Edmond Pang

Kowloon Jaycees

Parliamentary Procedure 134-139

JCI PARLIAMENTARY PROCEDURE

YOUR JCI GUIDE

This is your JCI guide to parliamentary procedure. It is designed to help you with the methods through which effective meetings are conducted and by which representative decisions can be reached in Jaycee.

Parliamentary procedure is advocated for and practised by Jaycee groups throughout the world. There are many reasons for this.

Apart from the obvious advantages in leadership training and disciplined thinking which come from concise debate and clearly led discussion, the introduction of parliamentary procedure gives an object lesson in working democracy.

The advantages of parliamentary procedure include:

* Orderly meetings.
* Opportunities for all to be heard.
* Decisions by the majority.
* Protection for the minority.

There are many sets of rules or guides to effective action. Among these are Robert's Rules of Order (used by Jaycees International and most Jaycee groups). Cushing's Manual, Demeter's Manual, and the many and varied sets of rules used by legislative bodies the world over.

Each is designed to permit free discussion and free decisions. This JCI Manual on Parliamentary Procedure is generally based on Robert's Rules of Order. The manual does not attempt to give a complete picture of parliamentary procedure, nor hope to cover every situation that can come up in a meeting. It will, we hope, provide you with a good understanding of how proper meeting procedure can help your Jaycee organization in conducting its business sessions.

The important phases of meeting techniques are set forth one by one and the stated examples can be easily adapted to fit the requirements of your organization.

CONDUCTING THE MEETING

AT the exact hour named in the notice of the meeting, the presiding officer should call the meeting to order. He should determine that enough members (a quorum) are present to do business. A quorum is usually a majority (more than half) of the committee, a convention or group, unless the group provides otherwise in its rules.

For a very large group, a smaller number should be set by the by-laws or constitution, as it may be difficult to secure a necessary majority at the meeting. In no case should the meeting proceed without the quorum. This requirement is designed to insure the group that its decisions will not be made by an unrepresentative minority.

The next business should be the approval, as read or as amended by the group, of the minutes of the previous meeting. This enables those present to know what has already been done so time is not wasted in repetition.

If this is the first meeting, the presiding officer should explain the reason for the meeting and then have the group adopt a set of parliamentary rules for orderly procedure, name its temporary officers, and proceed with the business.

SPEAKING

Speaking is accomplished by obtaining the floor. One should rise and address the presiding officer. The one who should be recognized is the person who rises first after the floor has been yielded by the previous speaker. It is discourteous to raise your hand or stand while another has the floor, and such a person does not, therefore, get the right to the floor next.

If more than one person properly requests the floor when debate is on, certain rules apply: (1) The maker of motion is first even though the last to rise — in order that he can explain his motion. (2) No one gets a second chance until everyone has had one chance to speak, and (3) the chairman should try to alternate speakers among all sides of an issue.

Speaking:

. . . Is not usually in order until the presiding officer indicates who is entitled to speak. Once recognized, the speaker should first give his name, and if in a representative group, he should state whom he represents.

. . . Follows the making of a motion. If a report is presented, its reading precedes a motion. Following the motion, the reader of the report has the first opportunity to speak.

. . . Is limited — to give everyone an opportunity. The group can impose more or less restrictive rules. Robert's Rules of Order gives each person only two chances of ten minutes each.

. . . Can be stopped altogether by a motion. But this motion requires a two-thirds vote of those voting so that a bare majority cannot prevent discussion, and a minority can be heard.

THE MOTION

THE motion is the means whereby the group takes action. It is a statement of what is to be done and how it is to be accomplished. It should be carefully worded to prevent misunderstandings. The wording should clearly channel discussion to the important aspects of the proposal. The motion is made by stating, "I move that the . . . (name of group) . . . (add what is to be done, by whom, when, how financed, etc.)."

Normally, it should be seconded. This means the seconding party believes the motion should be discussed. On occasions, the purpose of a seconder is to insure that the matter is of at least sufficient interest to be presented to the group and thus prevent one man from wasting the group's time.

THE NUMBER ONE RULE: BE PREPARED

THE Leader or presiding officer should be well prepared before the meeting.

HE SHOULD:

1. Draft an agenda-a list of matters to be discussed in the order in which they will be discussed.

2. Know in advance what to expect from reports, and be sure that everyone who is going to deliver a report is well prepared.

3. Arrange for the meeting place, and be certain it is set up to enable him to see all of those present so that no one is ignored in the discussion.

The presiding officer should have outlined, at least in his own mind, if not on paper, the general direction and purpose of each item of business on the agenda. Sometimes he will expect perfunctory approval (as to the minutes of the prior meeting), and sometimes he may expect a prolonged discussion (as to a budget for the year's expenses); but he should always have an idea to guide him, even though on many occasions the meeting will differ from the plan.

Being prepared, however, will permit him to guide the group rather than permit it to drift aimlessly. Thus he may help to increase the respect of those present not only for the protection of parliamentary law and democratic processes, but also for their efficiency and practicability.

Members, too, should prepare. Those who are to make reports should know what they will say. The report should be concluded with a motion or statement on what new action should be taken.

Those who introduce something new should prepare a motion and should organize their thinking in advance so that they can adequately explain what they propose and why.

ORDER OF BUSINESS:

1. Opening of meeting.

2. Reading and approval of minutes of the previous meeting.

3. Reports of boards and standing committees.

4. Reports of special committees.

5. Special orders.*

6. Unfinished business and general orders.**

7. New business.

8. Closing of meeting.

*Special orders: Important business which the group has previously agreed to take up at this specific time.

**General orders: Matters postponed from previous meetings and set for this meeting.

It is done by merely stating, without rising, "I second the motion." If, however, the type of minutes kept by the group requires the seconder's name to appear in the record, he should stand to facilitate recognition.

Parliamentary law is designed to insure that the group considers only one motion at a time. This prevents confusion and speeds action, and it is the presiding officer's duty to remind the group constantly which action is the main problem.

However, the requirements of getting a job done and preventing a small but vociferous minority from keeping a group in session or wasting time on inconsequential matters demand that certain motions receive precedence. These have specific objectives which deserve early consideration by the group and are listed in order in the Chart on parliamentary Motions.

When these motions are made, they immediately become the pending problem of the group and must be decided first. It is important to remember that only the motion with precedence is then before the group even though any number of subsidiary, incidental, or privileged motions are, so to speak, on the floor.

Confusion will not result if the presiding officer keeps the group well informed and explains what has happened, what is happening, and what will happen next.

TYPES OF MOTIONS

The use of parliamentary forms over a period of time has resulted in the establishment of certain terminology which itself has specific parliamentary meanings. The terms often vary as to the group using them.

LAY ON THE TABLE: A motion to delay, to an indefinite time, consideration of a main motion by taking it figuratively from the floor, where action can be taken, and laying it on the table, where action can not be taken. This helps to allow more time to consider the problem, yet does not set a definite time for reconsideration.

A majority of voters who tabled the motion can later figuratively take the motion from the table (Take from Table) and put it on the floor for discussion. When this is done, the motion comes back to the floor in the same condition as it went on the table, i.e., with the same wording.

MAIN MOTION: A motion to accomplish a part of the business of a group. Examples are to adopt a project, approve a budget or report, create a committee, approve an appointment, etc. All other motions are, in a way, procedural, while the main motion gets the work done. This is true even though some other motions, like a motion to adjourn, are at times technically considered main motions.

SUBSIDIARY MOTIONS: A motion generally designed to facilitate action on a main motion — a motion subsidiary to the main motion. Examples include motions to debate, amend, refer to committee, lay on the table, etc.

INCIDENTAL MOTIONS: These motions are incidental to the consideration of business and accomplish certain parliamentary purposes. Examples are questions of order and appeal, suspension of the rules, objection to consideration of a question, etc.

PRIVILEGED MOTIONS: A motion is privileged in the sense that with it, at certain times, goes the distinction of an immediate — or at least an earlier — decision in regard to the subject matter to which it relates, rather than to the subject matter of another motion which may have been on the floor.

The Chart on Parliamentary Motions lists the privileged motions in the order of their precedence. Examples are motions to fix the time to which to adjourn, or to take a recess.

SAMPLE SITUATIONS

OPENING THE MEETING

THE presiding officer is either a designated official of an established group or, if the group is in the organizational phase, he is someone interested in the proposed group and chosen for the purpose of – at least – opening the meeting. The new group can either name a temporary chairman after the meeting is opened, or continue with its guest chairman.

The presiding officer is shown here as a chairman (CH), the Secretary as (SEC).

CH: – "Gentlemen, will you please sit down. The meeting will come to order." If an unorganized group, "The purpose of this meeting is . . ." If an organized group, "This is a meeting of . . ."

SEC:– "Mr. Chairman, ——— members are present."

CH:– "Since a quorum consists of —— members of a total membership of ———, a quorum is present and we shall proceed. Mr. Secretary, please read the minutes of the previous session." (This will obviously not be necessary if this is the group's first meeting.)

SEC: – Reads minutes of previous session or makes motion to dispense with reading if all members have been given copies prior to meeting.

CH: – "Are there any corrections or objections to the minutes as read (or as distributed)?"

If objections are raised, sometimes all present will agree to change without a formal motion. Otherwise a formal motion and vote to correct are required.

CH: – After all corrections have been decided "If there are no (further) objections the minutes are approved as read (or as distributed)."

A formal motion, second and vote to approve minutes followed by amendments to correct can also be used as proper procedure, although usually it is more cumbersome.

CH: – "The next order of business is . . . " It might be apologies or correspondence, or special announcements or . . . perhaps . . . reports.

REPORTS

CH: – "The next order of business is the report of (title) as to (subject) by (name) Mr. ———————."

REPORTING PARTY: – Reads his report, or presents main points from it, and closes with a motion to act on the report as the report requests. Some examples:

"Mr. Chairman, I move this report be received and filed." No action required by the group other than to acknowledge receipt of report.

"Mr. Chairman, I move this report be approved and that the organization . . . (describe specific group action contemplated)."

"Mr. Chairman, I move this report be approved and the committee be authorized to continue its study of this subject."

"Mr. Chairman, I move this final report be received and the committee discharged with the thanks of this organization."

MOTIONS

A motion can be the result of a report or it can be made under New Business, Old Business, etc.

CH: – "———————— is recognized."

MAKER: – "Mr. Chairman, I move . . . (describe what the organization is to do)." Example: "I move we allocate $50 for a senatorship application for the new president."

CH: – "It has been moved that . . . (repeats motion). Is there a seconder to this motion?"

MEMBER: – "I second the motion."

CH: – "It has been moved and seconded that . . . (repeats motion). Any discussion?" If no seconder is received, the Chairman says, "The motion dies for lack of a seconder. Next order of business."

AMENDMENTS

Amendments are not always necessary, but if someone wishes to change a motion, yet not negate it, he may move the adoption of an amendment. This can be done at any time during the discussion.

MEMBER: — (After having been recognized) "Mr. Chairman, I move that we amend the main motion to (describes what changes he wishes to make in the wording of the main motion)." Example: "I move that we substitute the word 'outgoing' for the word 'new'," (thus providing the senatorship after the president has completed his term.)

CH: — "It has been moved that . . . (repeats amendment). Is there a seconder to this amendment?"

MEMBER: — "I second the amendment."

CH: — "It has been moved and seconded that we amend the main motion to . . . (repeats motion). Any discussion?"

If no seconder is received, the Chairman says, "The amendment dies for lack of a seconder. Any further discussion on the main motion?"

In discussion on the amendment, the person who moved its adoption is recognized first, if he desires the opportunity to speak. The chairman should limit the discussion to the question of adoption or rejection of the amendment and not to the whole question proposed by the main motion.

The amendment can be further amended, and more amendments can be offered, but at any one time only the main motion, the amendment, or the amendment to the amendment, can be on the floor.

VOTING

After discussion has been completed, a vote should be taken. First a vote is taken on the amendment to the amendment (if any); then the vote is taken on the amendment (as either amended or as originally presented, depending on the previous vote); and finally on the main motion (as either amended or as presented depending on the previous votes).

CH: — "A vote will now be taken on the motion that . . . " (repeats amendment). The Chairman should explain the effect of the adoption or rejection of the amendment on the main question and advise the members of the effect of a "yes" or "no" vote.

CH: — "All in favor, please rise, (or say yes)." Such is done. "All opposed, please rise, (or say no)." Such is done.

"The amendment is adopted (or defeated) by a vote of ——— to ———." (If tally is made).

"The motion now before the group is . . . (repeats main motion as amended if amendment passed). Is there any further discussion?"

Discussion is permitted on the main motion after the vote on the amendment. After the discussion is closed, he then says, "There being no further discussion, we will vote on the main motion that . . . " (repeats main motion as amended, if such is the case, with a short statement as to the effect of a "yes" or "no" vote). "All in favor, please rise, (or say yes)." Such is done.

"All opposed, please rise, (or say no)." Such is done.

"The main motion is adopted (or defeated) by a vote —— to ——." (If tally is made).
