## JAYCEE CREED

We believe:
That faith in God gives meaning and
purpose to human life,
That the brotherhood of man transcends
the sovereignty of nations,
That economic justice can best be won
by free men through free enterprise,
That Government should be of laws
rather than of men,
That earth's great treasure lies in
human personality, and
That service to humanity is the best
work of life.

## Message

Twentyfive years have gone by since the Hong Kong Junior Chamber was started. In the intervening years many hundreds of young men and women have passed through its ranks. They have been given the opportunity of developing their talents by dint of hard work in the Chamber's many-sided activities. In doing so, they have also learned to work together with their colleagues in a combined effort to achieve the aim and purpose of Junior Chamber International. And, many have gone on to put their training to good purpose by serving Hong Kong in various capacities in private and public organizations.

In congratulating the Junior Chamber, may I also wish the incoming officers at national and local levels as well as the entire membership abundant success and satisfaction in all they do in this jubilee year.

A. de O. Sales

## Message from the JCI Executive Vice President

On the occasion of your 1975 Silver Jubilee Inauguration, may I sincerely and respectfully extend to you my words of warmest congratulations and highest praise for the twenty-five years of achievements and leadership in your own communities, in Asia and in the JCI world.

Twenty-five years can be said in a fraction of a second but it should mean numerous success stories and at least the equal number of heart-breakers for those who have carried Hong Kong Junior Chamber this far and this strong. Today, your organization is considered one of the most progressive national organization members of Jaycees International. It is up to each and every one of you to carry into the future this fine record and reputation given to you by your predecessors and to try to build up further on it so that you will be given, in the minds of those to follow you, the same kind of honor and respect which you certainly have on this occasion for all those before you.

The world we live in is an extremely challenging one. We are confronted with all types of problems -- economic, political, environmental, etc. However, it is under the challenging conditions that the need for an organization like Jaycees is more keenly felt and that we, as Jaycees, are given more opportunities to serve the communities, the nation and the world.

I sincerely hope that all of you will continue to train yourselves to be better Jaycees and better citizens and to serve the needs of your communities and of your people. By so doing, I am quite sure you will make the year 1975 another glorious page of your history and the beginning of another quarter-century of achievements and fulfilments.

With very best wishes for a fruitful year for all.

Sincerely yours,

Mas M. Saito
Assigned Executive Vice President

January 27, 1975

## Message from the JCI Vice President

On the occasion of your silver jubilee inaugural ceremony, allow me to extend my sincerest congratulations to the newly elected officers of this outstanding NOM. The Hong Kong Jaycees have for the past quarter of a century did its share of training and developing thousands of young people to be better citizens and leaders of their community. The community development projects have been world renowned. Yours is a NOM that has a glorious past record of achievements. An outstanding NOM exemplified by your being awarded the Presidential Award of Excellence by the World President and the election of your IPP Alex Tzang amongst the top JCI Vice Presidents during the XXIXth JCI World Congress in Auckland, New Zealand. I am confident that under the able, dedicated and dynamic leadership of your President Peter Tsang with the full support and cooperation that each and every individual Jaycee and LOM will extend, you will achieve a greater heights in 1975, another banner year for the Hong Kong Jaycees.

1975 will start a new era of Jayceeism in this part of the world. The world organization have just adopted a new major emphasis theme of "Man and His Environment". Let us reexamine and reassess ourselves. Let us not live on the glorious past but let us unite together and work as a team for in unity there is strength. Let us take up the challenge of individual leadership training, international understanding and brotherhood and community development in order to further the purposes of our organization and make our community a better place to live in and our world a peaceful one for everybody.

David D. Chua-Unsu
Vice President
Jaycees International

## HONG KONG JUNIOR CHAMBER

Hong Kong Junior Chamber is affiliated with Jaycees International (JCI) Inc., which is a worldwide association of young people between the ages of 18 and 40 of all nationalities, race and religions. It has a total of over 450,000 members throughout 83 member nations.

**PURPOSES** – Leadership training through community service.

It aims to develop the individual abilities and stimulate the joint efforts of young people for the purpose of improving the social and spiritual well-being of mankind, and creat greater understanding throughout the world. It interests young people in community development projects and allows them to gain valuable leadership techniques through work on community projects.

### HISTORY OF JCI

The movement was founded in St. Louis, Missouri, U.S.A. by Henry Giessenbier on October 13, 1915. His idea spread and on December 11, 1944, representatives from eight nations met in Mexico City and the world organization – Jaycees International (JCI) was born .

### HEADQUARTERS

The Jaycees International (JCI) World Secretariat is located in Coral Gables, Florida, U.S.A.

### FORMATION OF HONG KONG JUNIOR CHAMBER

Hong Kong Junior Chamber was established in 1950. In 1965, two local chapters were formed, namely the Victoria Junior Chamber and Kowloon Junior Chamber. In 1966, the third chapter, Island Junior Chamber was organized. In 1969, the Peninsula Junior Chamber, the first Chinese speaking chapter was established and the Hong Kong Jayceettes, the first lady chapter in Hong Kong as well as in Asia was officially affiliated to Hong Kong Junior Chamber. In 1970, the second Chinese speaking chapter, Lion Rock Junior Chamber, was chartered and became the sixth local chapter in Hong Kong.

### MEMBERSHIP AND NATIONAL ORGANISATION

The total membership of Hong Kong Junior Chamber is 300. The membership of the six local chapters varies from 50 to 75. Hong Kong Junior Chamber acts as the medium of communication between Jaycees International (JCI) and the local chapters. It is also the policy making body for the local chapters and in addition operates an office with staff for the benefit of all the Jaycees in Hong Kong. The term of office bearers is one year (January 1 to December 31).

**Message from the National President**
**Hong Kong Junior Chamber**

Since its foundation in 1950, the **Hong Kong Junior Chamber** has gone through 25 years of precious existence, guided by the unwavering dedication of our predecessors. In perspective, we are proud that our Organization has been the training ground of many of our present prominent leaders, and the conduit of the success of many of our social projects.

1975, however, will by no means be an easy year for the **Hongkong Jaycees**, when world economy is turbulently searching for an adjustment to exorbitant inflation coupled with many other social problems that confront us from day to day. It is in these hard times, that we, all the more, need true leaders with talents and devotion to social and economic commitments. In the year ahead, we will work towards enlisting more new members and providing more dynamic leadership to meet the urgent needs of our Society today.

Under these challenging conditions, this **Silver Jubilee Year** of the **Hong Kong Junior Chamber** will have to be a year of unity. Unity not only in the sense of enlarging and consolidating membership, of establishing healthy competitions among Chapters, of fostering an intimate relationship between LOMs and NOM; but also, and more importantly, of unison with the concerns and aspirations of the Community at large. We are confident that at year-end, we may look back in pride, and claim that Jayceeism has been part of the struggle, part of the growth, and part of the very vitality of this City in a difficult year.

Let us make it our goal too, at this important mile-stone, to make all preparations to bid successfully in Amsterdam in November for the hosting of the **Jaycees International World Congress** by Hong Kong in 1977. We will strive positively towards a good relationship with our fellow 450,000 Jaycees in 85 Countries to promote our City as a trading post, a tourist spot and a Convention Centre, to help consolidate the economy of Hong Kong the best we can.

Jaycees of the past 25 years, let us join force and take yet another significant step forward, in this, our **Silver Jubilee Year.**

PETER C. TSANG

Hong Kong, 19th January, 1975

**Message from the Senate Chairman**
**Hong Kong Junior Chamber**

It is always a great pleasure for me to convey my message to the new officers on the occasion of the Inaugural Ball.

Each time I write such message, I see expansion and progress in the local Jaycee Movement and I am confident that this year will witness outstanding achievement under the capable leadership of National President Peter Tsang and all the local chapter Presidents with the assistance and cooperation of their devoted and enthusiastic officers. I offer them my best wishes.

The Hong Kong Junior Chamber will celebrate its 25th anniversary this year and this will be a very good chance to publicise the Jaycee movement by revealing our past performance and contribution to the community. I do hope that the current officers will take hold of this opportunity and do a good job to promote and expand. Indeed we are far from being satisfied with the total menbership as it is and certainly a large membership will strengthen the movement. I shall be most pleased to see our members spread everywhere in Hong Kong. This will be a great challenge to the current offices whom I trust can rely on for such expansion. Viva Hong Kong Jaycees!

ALBERT S. B. LI
SENATE CHAIRMAN

**Message from the Chairman of**
**The Board of Trustees**

Twentyfifth Year is an important milestone for an organization of young people.

Over the years, the Hong Kong Junior Chamber, through its training programmes and community projects, has built its members for positions of high responsibility in their vocations and the community. Some of these Jaycee projects are financed by Trust Fund which continues to be a steady source of our income.

On the occasion of this Inaugural Ball, my fellow Trustees and I extend to the President, the Board of Directors and all the members of the Hong Kong Junior Chamber our warmest greetings and best wishes for a very successful year.

Bahar Ramchandani
Chairman,
Hong Kong Junior Chamber Trust Fund

**Message from the President of Victoria Jaycees Ltd.**

It gives me great pleasure to address my fellow Jaycees, Jayceettes and friends for the first time since my assumption of the President of the Victoria Chapter.

I am sure you all will be figuring what I have got in my sleeve in store for the new Jaycee year. For obvious reasons, it is impossible for me in this message to explain to you in detail the overall programme and plans my board has prepare for the chapter, but suffice it to say that, the new Board of Directors have the determination and inspiration to bring new changes if necessary to improve in areas where Victoria has been most weak and to introduce more worthwhile projects in terms of novelty and benefit to the community at large.

1975 will see Victorians putting into practice the proverbial saying "killing two birds with one stone", i.e. we will have to plan and execute projects with a two-fold purpose -- a project in which members can develope better leadership and at the same time can serve the community.

Victoria will in 1975 continue to uphold one of the principles of Jayceeism - service to humanity is the best work of life.

May I conclude by sending you on behalf of my Board of Directors, greetings and express the hope that we may renew our aquaintances once again this year.

Philip Ng
President
Victoria Jaycees Ltd.

**Message from the President of Kowloon Jaycees Ltd.**

Kowloon Jaycees has been established for 10 years in Hong Kong and our size of membership among all local chapters was comparatively unsatisfactory. I would like to say that members are the only assets and stimulators for the growth of any organization. With limited number of members we cannot carry out large scale projects which are of vital importance to the development of Jaycees movements. I have to admit that Kowloon Jaycees has no official journal for better internal communication and contact between the Board and the members. I realize that leaders of today have to accept more responsibilities and challenge. In view of the above Kowloon Jaycees has set up the following policy for 1975:-

1. To organize effective leadership training courses and seminars continually to all Jaycees and their friends.

2. A bi-monthly official journal will be published by the early beginning of the year.

3. To promote unity and relationship with National board and all other chapters.

4. To organize workable projects to keep all members active continuously.

5. To double our membership.

6. To motivate non-active members into active members.

In conclusion, I would like to call upon all Kowloon Jaycees to positively contribute to work for the achievement of the above goal.

Michael W.W. Chan
President, Kowloon Jaycees.

7th January, 1975.

**Message from the President of Island Jaycees Ltd.**

Jaycees is one of the very few youth organisations in the world where young people between the ages of eighteen and forty join together to achieve leadership and personal development through their active participation in community development projects.

All members of the Island Jaycees believe that this chance of leadership and personal improvement should be given to as many young people as possible and not be limited to the benefit of the precious few.

1975 will be a year of "Growth" and "Extension" for the Hong Kong Junior Chamber, it is also the intention of the Island Jaycees to work towards the ambitious target of doubling our membership thus providing opportunities and training grounds for more young people through their active participation in meaningful projects such as, to name a few: Student Counselling, Career Guidance, Care for the Underprivileged, Pop-Folk'75 and Youth Week.

This is a great challenge to all Islanders but we are confident of being able to fulfil our target and are desirous of playing an active role in making Hong Kong a more pleasant place to live in. The Jaycee image in Hong Kong will be greater after another twelve months' hard work by all our members.

# 半島青年商會會長致詞

香港青年商會之命名常給予人一錯覺，就是把青年商會視作與商業有關之機構；對青商所本之宗旨混看不清。國際青年商會乃全世界最龐大之青年領袖才能訓練組織，香港青年商會乃國際青年商會成員之一，惟自創會至今，廿四年來尚未能將青商之活動與精神推廣及本港每一階層，實一值得注視之問題。

近年來本港各社會問題日益嚴重，雖其成因複雜；惟其主因乃在青年人才培植之不足。國際青年商會宗旨宏博，其對象年齡爲二十至四十人仕，以通過服務社會爲途徑，從而使會員獲致社會各方面問題更深之認識與及獲得自我訓練之機會，此種給予青年人自我訓練之機會，對一個急劇步速轉變之社會而言，尤爲重要，再者，青年商會乃一國際性之組織，通過各地青年商會會員之交往，實有助於改善國際關係。

香港青年商會之一九七五年度職員就職典禮象徵更成功的一年之始；願各青商會友們同心協力，更進一步，在本港推廣崇高之國際青商精神；合力創造一個更美好的世界與將來。

最後，本人謹藉此機會祝各分會一九七五年會務興隆，工作愉快。

**Message from the President of Hong Kong Jayceettes Ltd.**

On this grand annual event of the HONG KONG JUNIOR CHAMBER 1975 INAUGURAL BALL, we, newly elected officers of Hong Kong Jaycees once again, solumly swear in for our unfailing devotion and loyalty towards our organization, besides renewing our pledges to the Jaycee movement.

The true meaning of an inauguration would be lost if officers failed to fulfil their obligations and accomplish their goals after their installation. Being an officer of the leadership training organization, we should have the courage to accept challenge, the intellegence to act promptly and appropriately, the capability to help training others to become future leaders by setting a good example for our fellow members of how and what a true leader should be, and the willingness to accept responsibilities despite our heavy committments which may cause lots of frustrations and difficulties.

It is now the moment when we take up the Jaycee Oath and we should be fully awared of our responsibilities, we should spare no effort to strive towards our common goal, making that the year of 1975, when we will be celebrating our 25th Silver Jubilee Anniversary, a year of real success and prosperity.

Let the spirit of Jayceeism be with us always,

Annie Tsui
President

Hong Kong, January 13, 1975.

**Message from the President of**
**Lion Rock Jaycees**

It is my privilege and honour to deliver this Message at this auspicious occasion.

Jaycee movement has flourished in a very rapid pace in recent years in Hong Kong and all the members of our chapter are extremely proud to be a pait of this strong and big family. Turning the corner into the new year 1975, our chapter has been given more encouragement from the National Board through the opportunity of sponsoring the first Fellowship Function among all the Jaycees in Hong Kong - the Chinese New Year Reunion Party at a reputable night-club some time shortly after the Chinese New Year - the year of the Rabbit, according to the Chinese Lunar Calendar. We are greatly honoured to be given such a responsibility and we will do our very best to make it a success.

As a matter of fact, the word "Reunion" with all the members of other chapters has a special meaning to our chapter because we, as the youngest ones in this lovely family, have always tried to earn the fraternal support and guidance from our brothers and sisters. To show that we are working hard, in the coming months, we will concentrate on the consolidation of our present status, on doubling our membership in number with care in maintaining the quality and on materialisation of the few projects in hand - some to be achieved by ourselves and some to be carried out jointly with other chapters.

Wish you all a very successful year ahead.
