Forward By Convention Director

It is my greatest pleasure to send this message to the 1986 National Convention. As the Director, I find there is too much to learn. First there is the organisational work and secondly there are numerous issues coming up all the time which need to be dealt with quickly. I think I have learnt more in this process than all the years been a Jaycee put together.

It is a breakthrough for Yuen Long Jaycees to host the 1986 National Convention. We are limited by local resources of which venue is one. Thanks to the co-operation and hard work of our members, organising committee and sound advice given to us by our panel of advisors that the organising work has been done quite smoothly. This is the YEAR OF PEACE and that we have so many people and friends of different ethnic, racial, social and cultural backgrounds from near and afar come together to participate in this Convention, would definitely increase understanding which is an important ingredient to bring Peace.

Taking this opportunity, may we once more extend our warm welcome to you all and hope that you will have a pleasant time in Yuen Long. It is appropriate to quote 'it is a pleasure to welcome friends from afar' as Confucius said bearing in mind that Yuen Long is geographically the farthest from the City.

Chu Kai - lam

Convention Director
1986.

Message From HKJCC Hon. Life President

The strength of a community lies in the qualify of its own citizens. It will be a happy, thriving and respected place if they care for its well-being; if they stand together to make it worthy of themselves and their dear ones; and if they are willing to be involved in community betterment.

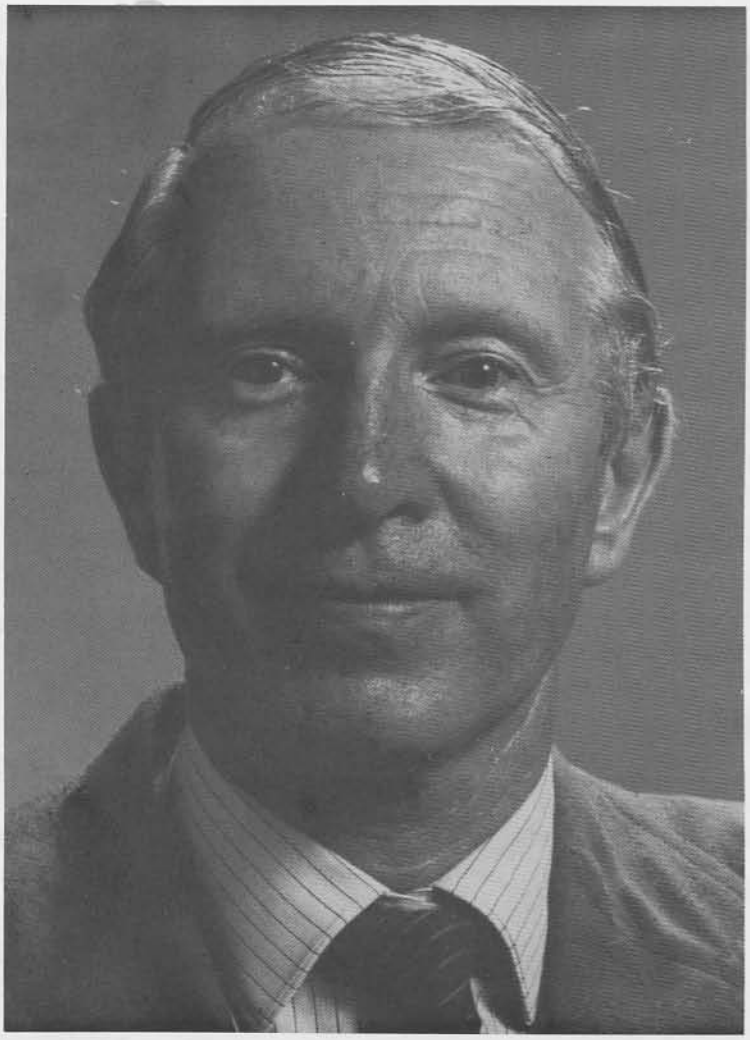

The resources of a community may be many, but the guarantee of its sustained progress is still its youth. How well motivated and how conscious of their civic responsibilities the young people are will set the course for the future. Moreover, if they are properly trained as Jaycees are expected to be, and are also wholly committed to the common good, their community life will be enriched and purposeful.

My congratulations to the President, the National Board and all Members on a year of distinction and achievement.

Message

The National Convention of the Hong Kong Junior Chamber of Commerce provides an excellent opportunity for the Jaycees to gather together to evaluate their past performance in different areas of work and to formulate plans for their future schedule of activities. It is also a time for Jaycees to renew acquaintance and make lasting friendships with their fellow members.

I am pleased to be associated with the members of the Hong Kong Junior Chamber of Commerce in their 21st National Convention. There is no doubt that the Convention will lead to another successful year of the Chamber's efforts to develop leadership and work for the community.

May this year's convention be another enjoyable and stimulating one, and the source of further achievements in the years to come.

James Hayes
Regional Secretary (New Territories)

Message From JCI World President

Congratulations to President Leung Yau NG, his team of officers and all the Jaycees of Hong Kong. You have kept Jaycees alive for one more year in your country.

The past year would be remembered for both positive and negative results. It is my hope that the positive out numbered the negative. I wish that we will all focus on the positive and learn from the negative.

This National Convention marks the end of one Chapter and the beginning of the next in the history of this NOM. It is not like the General Elections of a country where another political party, with different ideals, principles and objectives could be elected. It is more like a handing over of the baton in a relay race.

Only the officers are changed. The major objectives remain the same. No matter who is elected to lead the NOM in 1987, we must continue our efforts towards World Peace, individual development, internationalism, and community development. We need to share the Jaycee concept with more young people. It is the least we can do for the peace and safety of this world.

I have no doubt that many of you will win awards for your hard work. I extend my heartiest congratulations.

Many serious decisions will have to be made. I urge you to debate, discuss and not argue. Think about the organization as a whole and not yourself or your friend. Remember that you carry the image of Jaycees with you at all times.

Have an enjoyable, productive and peaceful Convention.

Message From JCI Vice-President

Greetings to President Leung Yau NG and all the Jaycees of Hong Kong on the occasion of your 1986 National Convention.

I am sure that you have all achieved a lot in 1986 and you have the right to be proud. The strength of the organization lies in the hands of the NOMs, LOMs, and Individual Members.

Hong Kong although small in size, is world famous as a commercial country. The Jaycees organization is also well known internationally. However, I believe that the Hong Kong Jaycees are on their way to becoming just as famous as their businessmen in Jaycee circles.

As you celebrate your achievements of 1986, keep in mind that you have a lot to look forward to in 1987. Next year will be a phenomenal year in your history. The Macao Jaycees under your leadership will apply for provisional NOM membership. This is a great accomplishment and the rest of the Jaycee world looks forward with great anticipation to this event.

Have a very productive, peaceful and fun convention.

Congratulations to the award winners and the newly elected officers.

Message From JCI Vice-President

It is my pleasure to send my best reagrds to all the Jaycees in Hong Kong, on the occasion of Your National Convention. I met very many individual Jaycees when I visited Hong Kong earlier this year, and I can asure You that all Your LOMs are working very well. This is something to be proud about. To have a NOM where all the LOMs are working efficiently is a strenght that You should use for the best of Your NOM, Your LOMs, Your communities and most of all for Your individuals. To have happy members in a LOM makes the NOM strong and a strong NOM is what we need when we talk about our International Organization. To provide international opportunities will be an even more important task for us in the future. I advise You to go on building the future on every level. A better future world for us and our children to live in.

With my best regards

Berndt von Veh
JCI VP -86

Message From National President

Convention is a time when National Board Members and Chapter Presidents get together, to report and to assess what policy the Hong Kong Jaycees to take in the future. It is also a time for fellowship as well as for the election of the National Executives who will lead this organisation next year.

The Yuen Long Jaycees should be complimented for taking this challenge to host the 21st National Convention for the Hong Kong Jaycees.

Our Major Emphasis Theme "Training the Youth, Heading for Peace" has been able to create a tremendous impact in our community and in this relations, I sincerely urge each delegate to take this golden opportunity to participate actively in the Seminars and Workshops which the organising committees have prepared for you.

Do enjoy the fellowship and all the best to you all.

Ng Leung-Yau
President

Message From Senate Chairman

As your Senate Chairman for the year 1986, it gives me great pleasure to send all the delegates and guests to the 21st National Convention a best wishes for a successful Convention.

The Senators in Hong Kong have been extremely pleased with the progress of the Jaycee development in Hong Kong particularly this year. You have demonstrated that your work have not only been recognised locally, but also internationally. We have all the confidence that you will perform as a true Jaycees.

My congratulation goes to the Yuen Long Jaycees for hosting this wonderful Convention for us.

Paul CHEUNG
Senate Chairman, 1986

Message From Hosting Chapter President

It is my honour to be able to say something here and to welcome you all to Yuen Long---the heart of culture and history of Hong Kong. As chapter President to Yuen Long Jaycee I feel specially proud that at last we could host a National Convention-the most important event for Hong Kong Junior Chamber of Commerce of the year.. This shows the hard work which has been laid down by our forebearers has been sound and rewarding.

For the past months I have witnessed Convention Director Chu Kai-lam and his Committee laboured for this event. Now that the Convention is near that I can see the result of their hard work. The success of this event still needs your participation.
1986 is a eventful year for Yuen Long Jaycee. Apart from hosting the National Convention we have signed Sister Pacts with Keilung of Taiwan and Kyoto Jaycee of Japan. They will send representatives to this event. That we have so many so many friends from local and overseas to visit us will surely uplift the spirit of the Organising Committee.

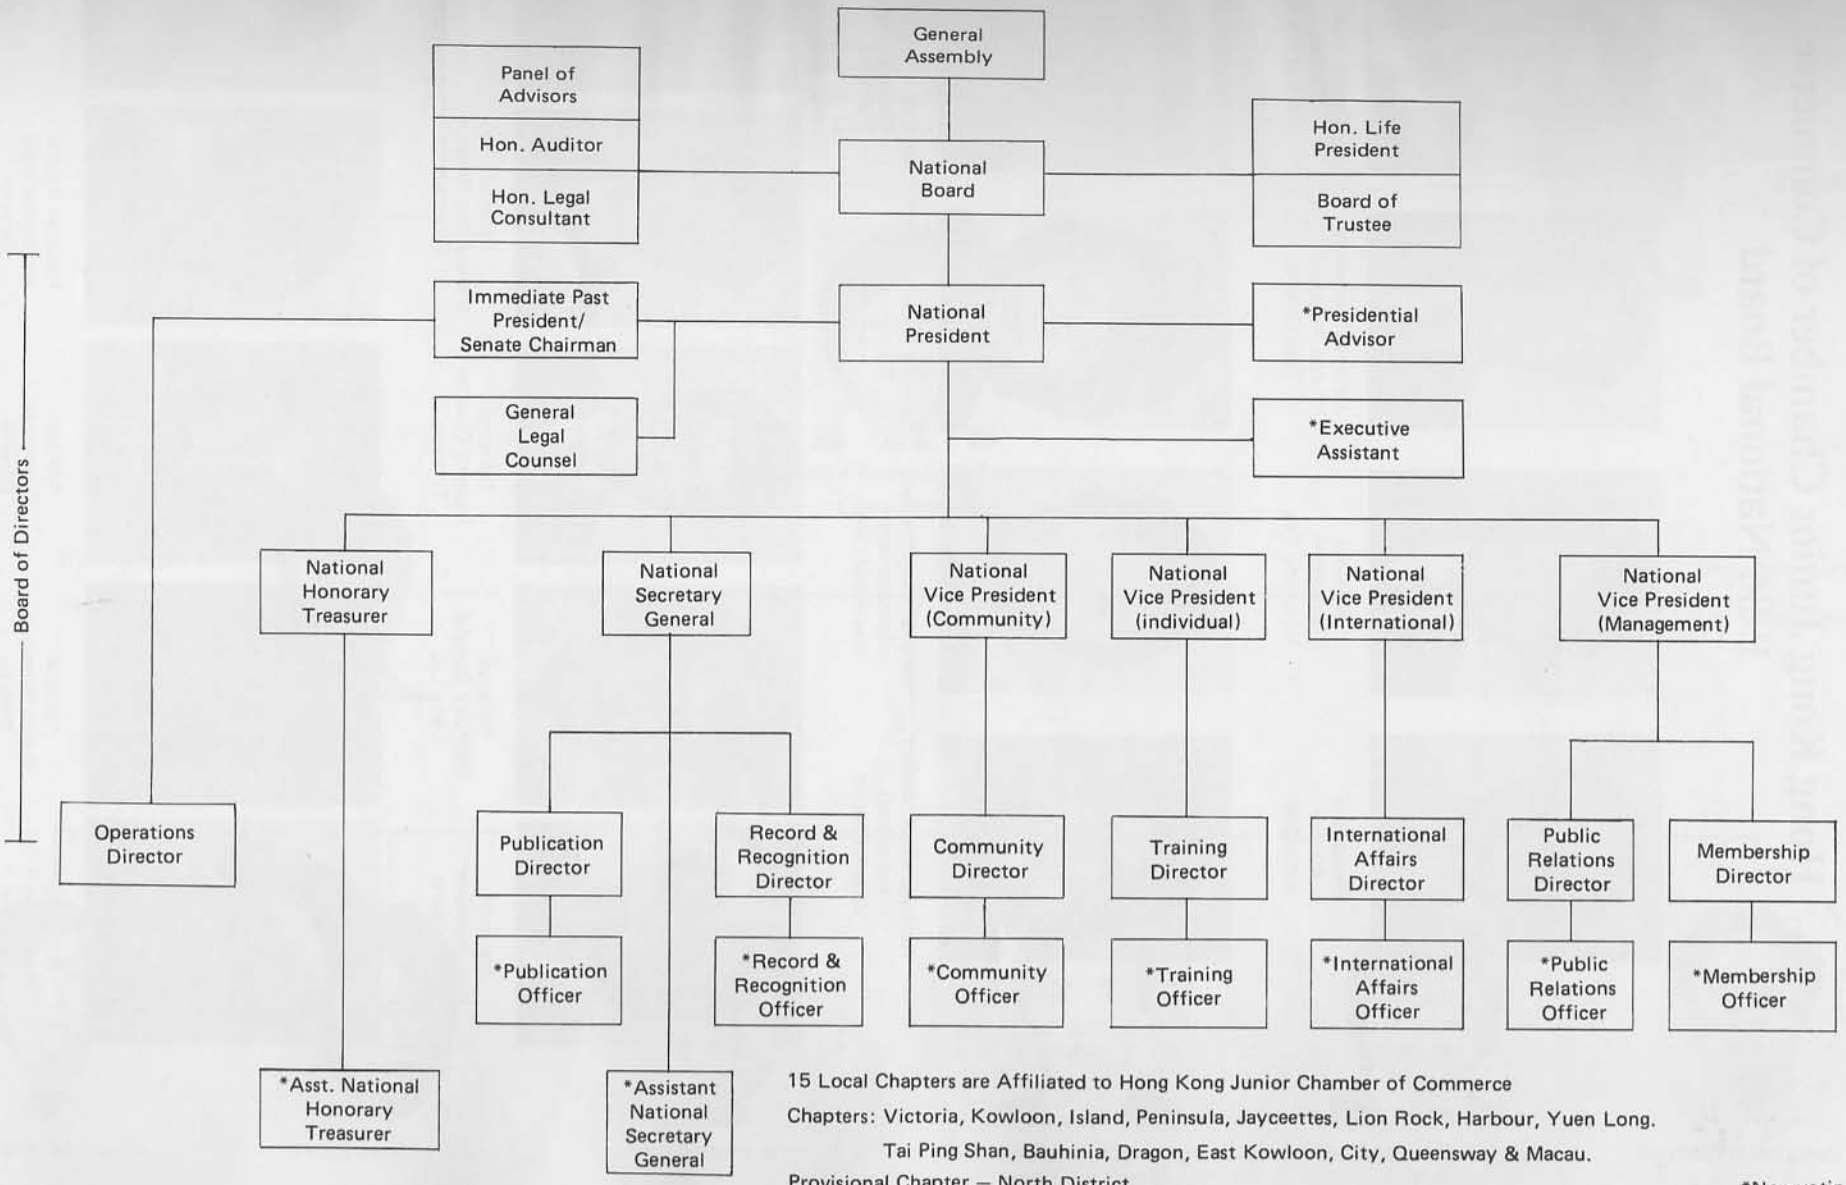

Fellow Jaycee and friends may I on behalf of Yuen Long Jaycee and the Organising Committee sincerely invite you to participate in this meaningful event and enjoy yourself hoping that this will bring lasting memory to you of Yuen Long Jaycees hospitality.

X. CONCLUSION

1986 has been a year of challenge and achievement for The Hong Kong Junior Chamber of Commerce. Active Jayceeism is our effective vehicle for improvement, grouth and progress. We have taken the initiation to compile the first Training Manual, to launch a large-scale international project - The Young Leaders' Voyage with Japan Jaycees. I have been extremely impressed and deeply believed that each of us can achieve whatever we desire if we will only use the magic within called ACTION.

We have tried out best efforts to achieve the many targets and goals that we have set at the beginning of the year and happy to witness their full completion one by one. Credit to this should go to the extensive and dedicated support of our local chapters and their members. It is also heartening to note that all members of the National Board have been performing rather excellently in the pursuit of our goals and objectives.

REPORT to the GENERAL ASSEMBLY of the 21st NATIONAL CONVENTION of HONG KONG JUNIOR CHAMBER of COMMERCE

From NATIONAL IMMEDIATE PAST PRESIDENT --- PAUL K.P. CHEUNG

It gives me great pleasure to present my report to the General Assembly in the capacity of your National Immediate Past President and Senate Chairman of Hong Kong Jaycees for the year 1986 as follows : -

1. DUTIES

The duty or the role of the NIPP is basically that of advisory to the National Board and to ensure that continuity of the NOM on policy matters are maintained.
In this respect, I have attended most of the NOM Meetings during which on-the-spot clarifications or advices are given or assistance provided to the NOM Board Members when required.

2. CONSTITUTIONAL ASSIGNMENTS

Under the Constitutions of Hong Kong Jaycees, I have also been given the following assignments : -

(A) Nomination Committee Chairman

In accordance with the By-laws and as the Chairman of the Nomination Committee, the following Past National Presidents and Senators have been invited as committee members with the approval from the National President:

1982 National President - Senator Andrew WONG
1985 National President - Senator John CHAN
1985 JCI Vice President - Senator Jennifer YU
1983 National President - Senator C.K. TANG
1981 National Director - Senator Tony SUN

The committee will interview the candidates for 1987 National Elective Officers on their qualifications and eligibility and will present the recommendation to the General Assembly.

(B) Senators Screening Committee Chairman

This year's Senators Screening Committee consists of the following members :-

Chairman - Senator Paul CHEUNG
Committee - Senator Andrew WONG, Past NP
- Senator John CHAN, Past NP
- Senator Nora CHENG, Past NSG
- Senator Tony SUN, Past ND

The Committee has received a total of three (3) applications for Senatorship and all of them have been approved by President NG.

The approved applications submitted to JCI are :-

Jaycee David TSOI - Peninsula Jaycees
Jaycee Louisa WONG - Peninsula Jaycees
Jaycee Vico YIP - City Jaycees

Unless the Committee has received more than one application before December 1, 1986, it is not expected that another meeting will be convened before the end of this year.

(C) Senate Chairman

The rank of a JCI Senator is one the highest prestige in the Jaycees. However, being one of the junior Senators in Hong Kong and occupying the position as the Chairman to this senior group of Senators has been quite a challenge.

Being an unofficial body without a formal structure, it is stipulated in the JCI Constitution that the purposes of the Hong Kong Jaycee Senate are :-

- always for the fellowship of JCI Senators in Hong Kong.
- offer help to the Hong Kong Jaycees whenever needed.
- under no circumstances to interfere with the administration of Hong Kong Jaycees.
- always enjoy the individual status of a JCI Senator in relation to other JCI Senators worldwide.

Senators' Gathering - 3 Senators' Gatherings were planned this year.

1st Gathering - January 23, 1986
2nd Gathering - June 24, 1986
3rd Gathering - October 4, 1986.

3. INTERNATIONAL

(A) 5th Asia Pacific JCI Senators Conference - held from May 23 to 24, 1986 at Pusan, Korea.

Senator Paul CHEUNG was elected Vice President.

(B) Senator William WU of Peninsula was appointed APDC Development Officer.

(C) 1988 Asia Pacific Conference - Macau Jaycees have been awarded the hosting right of the 1988 Asia Pacific Conference.

4. OTHERS

(A) Macau Jaycees

As the assigned National Officer for this young and energetic LOM, the Macau Jaycees has been progressing well under the capable leadership of their President Agnes Fok. It is also encouraging to note that irrespective of the fact that they were bidding for the hosting right of the 1988 Asia Pacific Conference which they won, they have been able to maintain a balanced program. An exceptional strong team spirit among the board members has been the motivating power in Macau.
It has been recommended that Macau Jaycees should put more effort in the marketing of Jaycees to the young people of Macau in order to cope with the expected work load for the coming 1988 Conference.

(B) Operation

This is a newly created post in order to maintain a good record keeping procedure in line with the utilisation of the computer in the Jaycee Office.
This section, under the jurisdiction of ND Maggie CHAN has set a very good system and at the same time assisted in the smooth running of the computer. It is very unfortunate that ND Maggie has resigned in late July due to the change of her working location overseas. However, her work has been well recognised.

5. CONCLUSION

It has been my great pleasure working with the current NOM Board Members this year, especially with a friendly, young, energetic and capable National President, NG Leung-Yau. I would like to take this opportunity to extend my most sincere appreciation to those who have given me their unfailing support throughout this year.

5. TOYP Selection
NVP Valerie Cheung has been appointed the Chairman for the project. Up to the date of writing this report, satisfactory progress has been made for the project. In general, we have secured a sole sponsor for the project, engaged selection consultant and panel of judges, and opened for nomination. Awards will be given out on the 29th of November and Sir David Akers-Jones, the Chief Secretary, has kindly consented to officiate at the ceremony. Under the capable leadership of NVP Valerie, I am confident that the project would be successfully completed.

6. Assigned LOM - Peninsula Jaycees
I am pleased to see significant progress and achievements being made by Peninsula Jaycees. President Wallace and the Board Members of Peninsula Jaycees have undoubtedly demonstrated their capability of leading this dynamic Chapter; their contribution to the National Board and Jaycee Movement are highly valued.

7. Others
During my term of office, I have liased to assist both NOM and LOMS in seeking government support and financial sponsorship.

8. Appreciation
I wish to take this opportunity to extend my sincere appreciation to those fellow Jaycees who have rendered me support and advice in fulfilling my duties.

REPORT FROM NATIONAL VICE PRESIDENT (INDIVIDUAL) - VALERIE CHEUNG

I. Introduction

As National Vice President (Individual), it is my duty to co-ordinate/ develop leadership training programmes at both NOM and LOM levels; as well as supervising three local Chapters comprising Victoria, Island and Queensway. At the close of 1986, I am happy to present my report to the general assembly for adoption.

II. Assigned Area

A) Appointment of Training Officers

With the endorsement of the National President, I had invited Island Jaycee Timothy Li to serve at the National Board as the Training Director; and Jayceette Rebecca Rozario and City Jaycee Raymond Kwan as the Training Officers for the year 1986.

B) Joint LD Directors' Meetings

1) Together with my officers, we offered our best in planning, co-ordinating and implementing training programmes for the benefit of LOMs and their individual members. We had succeeded in bringing LOMs LD Officers together on a few occasions when open discussions on their expectations, plans and frustrations in the training area were conducted. These meetings proved extremely constructive in the sense that opinions voiced constituted valuable data for formulating a substantial training package by NOM.

2) Subsequent to the request of a few LOMs, a special meeting was co-ordinated to discuss the possibility of a joint venture under the supervision of NOM Training Director and at the time of writing this report, a decision has yet been reached due to the fact that the meeting date falls behind the deadline set for the National Convention.

3) I appreciate the thoughtfulness of most LOMs in incorporating new ideas to their programmes and the difficulties facing them during the implementation stage. To facilitate an overall evaluation on the effectiveness of their programmes, an evaluation meeting is scheduled to be held sometime in early December before the year closes.

Training the Youth - Heading for Peace

III. Assigned LOMs

A) Victoria Jaycees

This LOM enjoyed tremendous growth in membership which constituted its major work force for initiating and implementing Chapter's projects/activities. They are to be commended for their dedication in upholding the engaging image of the Victoria Jaycees as top leadership training organization on the local scene; and in opening up themselves to closer ties with their overseas counterparts. It is also encouraging to witness a gradual improvement on their administration as the less experienced but devoted officers picked up their pace. The 1986 team has done a fine job and I am proud to be their Supervising Officer although I was unable to offer much assistance as demanded of me.

B) Island Jaycees

The Islanders assumed their usual free-style leadership pattern in operating their business. While this system offered rooms for autonomy and democracy, it delayed the implementation of projects until latter part of the year although a high standard of performance was guaranteed by adequate planning. President Brian had exercised discretion to effectively improve the situation with the support of his Board of Directors' and he had also succeeded in promoting harmony throughout his term of office. Celebrating their 20th anniversary ths year, Island Jaycees is heading for continuous prosperity while memories of its glorious past are recalled. I thank President Brian and his Board of Directors for their warm reception extended to me during 1986; and wish you a happy anniversary.

C) Queensway Jaycees

Despite their young age, Queensway Jaycees achieved significant growth in membership which accounted for the completion of many prominent projects and participation in NOM and LOMs activities. Their financial status remained sound and healthy resulting from careful monitoring by the Board. Expansion in LOMs size and improvement on its financial status had led to LOM's decision to bid for thehosting right of the 1987 National Convention. I have great confidence in them for a successful bidding and they would have my full support in this case. Throughout the year, President Sarita and I had been working closely together to discuss the best way to maintain the healthy growth of the LOM. I am glad that her Board of Directors were open to suggestions and volunteered to contribute to the well-being of the Chapter. What else could we demand of a growing LOM?

Training the Youth - Heading for Peace

C) NOM Training Programmes

1) LOM Officers Training School

Chaired by Jayceette Grace Fok, the Training School was held on January 12, 1986 providing an avenue for introducing the Jaycee Organization to the new officers, briefing on their duties and identifying the grey areas in LOM management. It also served as an ice-breaking session for all participants. This Training School distinguished itself from previous ones with the inclusion of a Joint LD Officers briefing session in addition to the Presidents Forum. The former was added to facilitate thorough discussions on the roles of an LD Officer and skills required of a qualified trainer.

2) Training Manual

Subject to comments collected during the Officers Training School and at other occasions, we decided to put together a Training Manual for the Hong Kong Jaycees. This Manual contains basic Jaycee training materials, such as notes on Parliamentary Procedure, JC Protocol, Project Management, outlines on simple management skills; plus sample exercises as supplements. We hope this booklet could be of help to those in office when they take the initiative to conduct training programmes; and those newcomers who need to hold on to some kind of reference materials at their early stage of involvement. A total of 200 copies of this Manual was printed and the stock was soon cleared resulting from an influx of orders from members. However, we kept 2 copies at the JC Library for reference for those who missed the sale.

3) Training Workshop - "Master Mind"

Subsequent to the pre-emption of the Training for Trainers Course for compiling the Training Manual, a different training package was designed to entertain the needs of the more experienced Jaycees. The package was named "Master Mind" by the hosting LOM, Hong Kong Jayceettes and comprised two parts. Part I sought to refresh participants' knowledge on the JC organization; whereas Part II added to trainees skill inventory in areas of motivation, delegation, problem-solving, communication and team-building. While the tradition of involving senior Jaycees in conducting Part I of the programme was maintained, professional assistance from external sources was solicited to advise on the content of Part II. This workshop attracted a large turn-out and was generally well-received. It was gratifying to note that all participants appreciated and enjoyed this learning experience. Their feedback also proved that occasional deviation from the normal practice of in-house training was harmless and in fact, constructive.

IV) Conclusion

The job of a National Vice President was demanding but interestingly rewarding. Large part of my job satisfaction came from the co-operation and assistance rendered by Presidents Peter, Brian and Sarita; my Training Officers Timothy, Rebecca and Raymond. Also, the experience would not be as complete devoid of advice and support from the National Board and other senior Jaycees. Above all, I owe my special appreciation to Senator Nora Cheng, Jayceette Maureen C. Lo, Grace Fok and all members of the Hong Kong Jayceettes for backing me up throughout. Thank you!

2) Membership Extension

2.1 Membership Target

At the beginning of the year, this NOM had set a membership target of 1250 by the Nagoya Congress. Now that the membership strength is close to 1,100. Though it is still a little bit away from the target, however, in comparison with the beginning of the year membership of 1020, the membership growth is considerable.

2.2 LOM Extension

The North District Jaycees has been formed later last year and affiliated with the NOM as Provisional Chapter. With the active participation of their members. It is hoped that they can be affiliated as the 16th LOM at this National Convention.

It is the objective of the NOM to constantly investigate the possibility of the extension New LOM. Chance is being made to speak to the participants of our first NOM 'Young Leader Voyage' that they showed interest in Jaycee Movement. After exchanging ideas with these young and energetic participants, the NOM has approved the organising of the 17th LOM. It is hoped that their 1st A.G.M. would be held right before this Convention and subsequently applied for affiliation as a Provisional Chapter.

With the injection of these new blood, Hong Kong Jaycee will enter into a new era.

2.3 Orientation

Regular membership orientations have been arranged. As promised, the NOM will assist LOM to organise Orientation with at least 10 P.M. to attend, however, up to now no LOM has taken this advantage.

It is estimated that 10 orientations be arranged this year to cater for the amount of application. All prospective members allocated to LOM will be closely followed up by NOM ME Director and his officer. The response is encouraging, and up to now only a few P.M. allocated resigned from the Chapters, with 3 - 4 P.M.s asked for transfer.

This duplicate by courtesy of RANK XEROX

2.4 Membership Extension

Membership exhibitions as part of the Jaycee week were held at Harbour City and Shatin New Town Plaza. In addition, tube cards inside MTRC train compartments have been updated and proved to be very successful and result is very encouraging. I wish to record our thanks to Senator Peter Christofis of Pearl and Deans Ltd. for his kind arrangement.

The HKJC promotion pamphlet has been updated together with the slides and is available to all LOMs. The HKJC promotion pamphlet will be further revised and increased the content and be ready for distribution in the later part of the years. May I extend my gratitude towards NP for his kind arrangement of securing the printing cost.

B) Assigned LOM

As the Assigned National Vice President to the Hong Kong Jayceettes, Yuen Long and North District, contacts and discussions were made with them through regularly attending their Board Meetings, monthly fellowship meeting and projects.

A vote of thanks must also be extended to all three Chapter Presidents, Jennifer, Tony and Bernard who have given me the warmest reception and co-operation all through the year.

(d) Chamber Office paid staff; and
(e) National Convention.

II. AREA OF SUPERVISION

(a) Publication: Jaycee Louisa Leung was appointed as the National Publication Director. The Chief Editor is Jaycee Bernice Mak. 12 issues of "Harbour Light" including two jumbo issues are planned to be released. III. MEETINGS

Executive Committee Meetings are held on the 1st Monday of each month. Regular Board of Director Meetings are held on the third Monday of each Month. On quarterly basis LOM presidents are invited to attend the NOM Board Meetings to report progress of their LOMs and to share experience. One EGM has so far been held to adopt the Policy Manual and Major Emphasis Theme.

Notices of all the NOM meetings are given to officers concerned in good time and minutes are sent out well before the meetings.

IV. ADMINISTRATION

(a) NOM Directory: A loose-leaf NOM Directory was produced and distributed to all NOM Board members and LOM presidents to give informations on:-

(1) Constitution and By-laws of HKJCC;
(2) Plan of action;
(3) Executives contact lists;
(4) Award Manuals;
(5) Trustee information;
(6) Senatorship information;
(7) Administration guidelines.

(b) Miscellaneous:

(1) A Joint Secretary Meeting was held in the beginning of the year to brief LOM secretaries on services provided by the NOM. Duties and responsiblities of a LOM secretary was also discussed and shared.

(2) A thorough clean-up exercise of the JC Office was carried out in the beginning of the year to provide a more pleasant working environment for the Chamber Office staff and all JC members.

(3) A comprehensive list of consumable and non-consumable inventory in the JC Office has been compiled for good administration and office management.

(4) Rules and regulations governing the use of the JC Office have been strictly enforced to ensure a fair share of the conference rooms among LOMs and efficiency of the JC Office.

This duplicate by courtesy of RANK XEROX

(5) Useful informations pertaining to the efficient running of the JC Office have been in-put into the computer for easy reference and retrieval.

(6) Informations from JCI and other organizations which are considered helpful to the development of LOMs are copied to LOMs in good time.

V. NOM SECRETARIAT

(a) Chamber Office:

(1) Following the clean-up exercise much space has been vacated for storage purposes. The Chamber Office Managress and her staff have been reminded to discard outdated circulars and maintain the office in a high standard of cleaniness and tidiness.

(2) Services to most of the office equipment have been carried out to ensure their serviceability and prolong their life.

(3) There is a plan to submit a rennovation proposal on the JC Office for the consideration of the Board later this year.

(b) Secretariat Staff

The present strength of the Secretariat paid staff is one Chamber Office Managress, one junior clerk and one part-time office assistant. Despite the improved calibre of the staff through better salary they can only manage to cope with the day to day work without much time to plan and expand the present services. The reason leading to this phenomenon is simple -- the increasing workload due to the increasing number of LOMs and the projects organized by them.

Supervising and training the paid staff is difficult due to the fact that both the supervisor and supervisees are working basically the same hours. The improved quality of the staff have solved some problems but it is only with more training, supervision and understanding can the Secretariat operate in a more efficient and effective manner.

VI. CONCLUSION

Having gone through two-third of my term of office I am glad to say that I have no regret whatsoever to take up the office of National Secretary General. The frequent change of JC Office staff and the lack of time to work with them together did give me frustration at one time. Thanks to the support of National President Ng Leung Yau and other Excom members, in particular NVP Valerie and NVP William I am able to go through those down times. My special thanks go to National Publications Director Louisa, R & R Director Betty and Chief Editor Bernice who through their dedications and hardwork have made my job much easier. Finally, I wish to thank my most hardworking JC Office staff, in particular past ANSG Juliana, past ANSG Winnie, Chamber Office Managress Catherine and Junior Clerk Yvonne.

THE PUBLICATION

"Harbour Lights" is the official and monthly publication of the Hong Kong Junior Chamber of Commerce this year. A total of 12 issues are published through out the year with 10 ordinary issues of 4 pages each and 2 bumper issues about 32 pages each.

The format of Harbour Lights this year is a little difference from the past that it mainly emphasizes on providing training materials to all Jaycees instead of reporting local Jaycees activities except the national projects.

A special corner "Train and be Trained" appears in every issue of Harbour Lights. It extracts an article from some training manual that is very useful for us in training ourselves.

The first bumper issue has been published in May and 1,000 copies has been contributed in the On-to-Pusan Asian Conference 1986 and the second one will be published in November to meet the XLI JCI Nagoya World Congress.

Projects/Activities

1. Community Development

(a) Spread-the-Light Campaign

In view of the success of this project during 1985, this campaign is being launched again this year to arouse the awareness of the Hong Kong people of their responsibilities and social consciousness to the community through district services. The scheme enables service groups to realize their planned projects which are conducive to their personal and social development as well as to the benefit of the community. Service groups wishing to apply may submit their projects proposals to our Chapter, and if approved, grants are made to assist them to actualize their planned projects. Funds raised through a walkathon and a bazaar were used to subsidize 17 projects selected by the organizing committee.

(b) Youth Enterprise

This project, now under progress, is an educational programme which aims to provide the youth with the opportunity of developing their leadership skills and techniques in business management and operations. Through participating in running the Youth Enterprise, students can also strengthen their self-confidence, develop their sense of social consciousness and responsibility.

This cultural exchange camp comprised of seminars, factory visits, management workshops and cultural exchange night with invited youths from PRC through the assistance of NCNA. It succeeded in enhuncing the brotherhood among youths of both places, widening their scope of life and taking a further step towards the advancement of the global community.

3. Youth Affairs

(a) Adventure Ship
Since a leader has to be all-rounded, we specially organized this project to develop the physical strength and sense of determination of our future leaders. This project was held on 10th and 11th May with a total of 44 participants on board the HUAN.

(b) Jogging Class
A jogging class with the intension to enhance fellowship among members and enable them to keep fit is in progress.

4. Economic Affairs
A symposium on public relation and advertising in China would be held in early October.

5. International Affairs

(e) A Performance Competition
This project, which would be held in Oct. & Nov., would be comprised of two parts:-
Part I: Every large-scale project O/C member of VJC would be invited to present a performance for competition. The winner could join in the Part II competition.
Part II: Inter-chapter competition--Every chapter would be invited to take part in this competition during our AGM.

7. Membership Extension
(a) Extension: At the First Board Meeting, it was resolved to set a target membership of 150 by the end of 1986, a growth of 35%. Up to 31st August, we had already achieved 25% of our target. Admission criteria for PM remained unchanged as compared to that of last year. In order to qualify for membership, a PM will have to attend an orientation, at least two fellowship meetings and active participation in at least one project. All PMs are guided by assigned Board Members.
(b) Orientation: In view of the large number of potential Jaycees wanting to know more about our Chapter, up to August, there were already 4 orientations being held. Through the interaction among the PMs, Board members and experienced Jaycees during the round-table discussions, the PMs could acquire a clear picture on Victoria Jaycees and the Jaycee Movement in Hong Kong.
(c) Training: This year, the LD commission has compiled a "Manual on leadership skills" for distribution to members.
(d) Retention: For a LOM to retain its members, the best way is to involve them actively in projects. Hence, many original and challenging projects were organized this year in order to arouse members' interests in Jaycees. As a result, the PMs and members were actively involved in our projects and activities. Besides, many "sleeping" members have been re-activated through personal contact and better organization of programs in our Monthly Fellowship Meetings. Some senior members were invited to be advisors of various projects.

8. Ways and Means
A series of fund-raising projects were organized during the year:
(a) Social Dance Course--Two classes beginning from mid-June were organized with 15 pairs each. Over $4,000 were raised to subsidize this year's "Contact".
(b) 36th Anniversary and Fund-raising Ball--This would be held on 27th September 1986 at the Regent Hotel. Our Ball has 4 objectives to achieve:-
(i). Raising funds for their projects in 1986;
(ii). Raising funds for the Trust Fund for Victoria Jaycees' long term development;
(iii). Promoting the positive image of Jaycees and Victoria Jaycees; and
(iv). Cultivating the Jaycees' spirit.

Acknowledgement
I was handed the treasure island of Victoria Jaycees at the beginning of the year. Through the concerted efforts of everyone of our members, our projects are implemented smoothly and successfully and our superb performances not only gained wide acclaim and recognition, but also are constant inspirations to others. Hence, I am glad that the treasure island I hand to my successor would be even richer and more valuable than the one I got. To this, I would like to extend my heart-felt thanks to my predecessor Jaycee Mike Nyaw, my advisors, Senator Mark Cheng and Jaycee Henry Ng and my Supervising NVP, Valerie Cheung who have given me invaluable advice and necessary back-up during the year. Nevertheless, without the support of my fellow Jaycees, I would never be able to satisfactorily implemented all our endeavours. I deeply appreciate their remarkable contributions and sincerely hope that they would continue to support the Chapter in the years to come.

VIII. ACKNOWLEDGEMENT

Although it can hardly be quantified, the achievement and progress of Peninsula Jaycees had been a big step forward in improving its financial positions, in training many high potential Jaycees members and in further promoting public image of Jaycees by launching a number of quality community projects.

In 1986, Peninsula Jaycees took off with a group of young and dynamic persons who were willing to take challenges, aggressive to improve themselves, ready to serve the community, and full of confidence that they could turn their ideals into realities. They are actually my 1986 Board of Directors. I believe that our team was simply composed of a good mix of different personalities who could really get things done effectively. In addition, they are quite cooperative, understanding and efficient. It is not easy for me to describe in words my appreciation of their efforts and support they rendered me during the last eight months. My special thanks would also go to my Presidential Advisor Senator Rebecca Lui, who from time to time gave me a lot of encouragement and advices. My predecessor Senator William Wu, and my panel of advisors Chan Hoi Wan and Vincent Chan were very supportive in what we had done this year. Backing me up was my Presidential Assistant Jaycee Alice Yuen who had proved to be successful in improving my efficiency as a Local Chapter President. Of course, without the unfailing support of all the past presidents, the project chairmen and the participating members, Peninsula Jaycees would not be as successful as such.

Being the president of Peninsula Jaycees is one of the greatest challenges in my life. Every moment, no matter sweet or sour, that I experienced during this year will be deeply engraved into my heart. Besides, I will tightly get hold of the real friendship that I acquired during my Jaycees career.

REPORT FROM THE PRESIDENT OF THE DRAGON JAYCEES - JOSIAH C. H. TAU

A. FOREWORD

1986 is another year of steady growth for the Dragon Jaycees. Our major emphasis which is our goal in the process of being actualised is to improve the Chapter's financial position as well as to upkeep our established policy in membership training and retention through medium size projects. After the fruitful fund raising film show in August and 8 months of tight expenditure control, we expect to have a handsome amount of surplus to be carried down to next year. Within this year, we have successfully organised an outdoor Community Development project and will be organising an outdoor Leadership Development camp and a Christmas Party in hotel, all of which are unique and ambitious attempt within these few years in Dragon Jaycees' history.

The Board of Directors Meetings are held on the second Tuesday of each month. The monthly fellowship meetings are usually held on the third Tuesday of each month except on special occasions. Board members are chairing the monthly fellowship gathering in rotation and a number of prominent speakers had been invited to give interesting and informative speeches to the assembly.

3. FINANCE

The financial position of our Chapter had always been unsteady and quite often insolvent. However, as promised in my election last year, despite the accumulated defici carried down from last year, we are able to turn the adverse position around and this year a net surplus of HK$ 10,000 is expected. This is possible mainly due to 3 reasons: Firstly, we obtained sponsorship from District Board to cover all the expenditure in our C.D. Project; Secondly, we exercise tight control to monitor the Chapter's expenditu and thirdly, we achieved remarkable and historical surplus in our fund raising film show in August.

When talking about this successful fund raising film show, I must direct your attention to Project Chairman Philip Pang and his hard working committee who had carefull planned and executed the whole project, likewise, the support of our members were indispensable to the success of the project.

4. PUBLICATION

Our official publication "DRACO" will continue to be the means of communication among our members. Due to expenditure control, we will concentrate our effort to publish only one issue of DRACO shortly after the AGM to summarise the year's activities. Howeve "DRACO BRIEF" in the form of news headlines will be published in other months for distribution to members.

In the Annual General Meeting, 3 awards will be given out namely: The Most Outstanding Board Member Award, The Most Outstanding Member Award and the Most Outstanding Project Chairman Award to recognise the hardworking and outstanding achievements of our members throughout the year.

. PROJECTS AND ACTIVITIES

1. COMMUNITY DEVELOPMENT

(a) Blood Donation - this project was held as a consecutive of second year to arouse the social responsibilities of our members in this aspect. About one third of our members turned up at the Ocean Terminal Blood Donation Centre on February 1 to give blood.

(b) Civic Education in Booth Games for Children - this project was jointly organised with the Wong Tai Sin Upper Estate and Fung Wong Area Committee and sponsored by the Wong Tai Sin District Board to promote civic education among children in Wong Tai Sin area. This is the first attempt within the last few years for us to organise outdoor C.D. Project and result was very satisfactory.

The project was held on August 17 and the total number of children participated was over 1,000. We were especially delighted to see over 20 of our members involved in the preparation of the booths and the clearence of the venue on the 17th and the previous day, this is really the kind of co-operative spirit we Dragon Jaycees members being proud of. My utmost thank to all members who had rendered effort in this project and especially to VP David Li , Project Chairman Louis Tsang and his working committee for their brilliar accomplishment.

2. LEADERSHIP DEVELOPMENT

(a) Parliamentary Procedure Seminar - this Seminar was held in the July Fellowship Gathering with NVP Ada Po and Valerie Cheung as speakers. Both our senior and newly recruited members had found this seminar useful in either refreshing or introducing them the proper knowledge of parliamentary procedure.

(b) Wild Camping - despite the wild camp held in 1984 was not too successful due to the torture of bad weather, we attempt to organise one in November which contains the features of camp craft, orienteering and hiking for our members.

3. MEMBERSHIP EXTENSION

The current membership number is 39 which means the new members inducted this year were more or less set off by the dropouts. However, there are a few prospective members who have fulfiled the requirements for admission to full membership and we are confident that there are growth over last year.

Besides membership recruitment, membership retention plays an important part in membership growth. This year, we are glad to have one third of our Charter members still being active and always ready to give advice and guidiance to the Board of Directors.

4. PUBLIC RELATIONS

(a) External - 1986 has been a year where the Dragon Jaycees gained friendship from many other Chapters. We had held joint projects with other fellow Chapters namely: Snooke Tournament with City and North District Jaycees in March, Ballroom Dance Class with Bauhinia Jaycees in April, joint fellowship gathering with Victoria and Queensway Jaycees in May and June respectively. The Dragon Jaycees also actively participated in the Jaycees Olympics and we got the 1st Runner-up in Basketball Tournament.

(b) Internal - the monthly fellowship gatherings in the year had always been successfu in term of attendancy rate which was around 70%. In Chinese New Year, we held a Chinese dinner with mahjoh competition for our members and in Christmas we will be organising a party. In August, we incorporated a special theme "Rendervous in Reminiscence" in our MFG to recognise the active involvement of our Charter members and the attendancy rate was at historical high of 90% in that night.

5. INTERNATIONAL AFFAIRS

Traditionally, the Dragon Jaycees had not been active in International Affairs, neverthless, we are moving in the right direction and we hope that the efforts we put forth this year may be fruitful some later times. A lot of our members contributed in IA development this year:

(a) JC Thomas Wong visited Sri Lanka Jaycees in February and initiated correspondence exchange.

(b) IPP K.M. Ip contacted Singapore Jaycees on a few occasions and initiated correspondence exchange.

(c) Hon. Treasurer Henry Ü contacted Tainan Jaycees of Taiwan during the Pusan Conference and will be discussing at length the possibility of signing sisterhood pack in Nagoya Congress.

6. INVOLVEMENT WITH NATIONAL

Despite their heavy committments with our Chapter, the following Dragon Jaycees are able to participate in the National projects in this year:

Inaugural Ball	Alfred Cheung	(Promotion Sub-committee)
New year Bonaza	Tony Wong	(Promotion Sub-committee Chairman)
	Alfred Cheung	(Promotion Sub-committee)
On-To-Nagoya Congress	Alfred Cheung	(Logistic Sub-committee Chairman)
	Henry Ü	(Logistic Sub-committee)

D. CONCLUSION

Nothing venture, nothing gain! 1986 may mean a year of excitement and achievement for some but not for the others. As a whole, the Chapter enjoyed the harmonious growth by appointing the right person to do the right job at the right time.

Taking this opportunity, I would like to express my heartfelt thanks to all the members and Board of Directors who had devoted time and money in organising, participating or just showing their care and concern in the various projects successfully held in the year.

Special thanks also go to my Presidential Advisors Francis Chan and Eric Poon, my Immediate Past President Ip King Man and last but not the least, my Supervising National Vice President Ada Po for their continue guidiance and unfailing support.

Secretariat

A members' handbook had been issued at the beginning of the year. Photos and past years' projects and functions were filed. New projects/functions' photos were printed in a micro-form to facilitate storage.

Three issues of our official publication 'Channel' were planned to be out. The first issue was sent out in April and the second in September whereas the third would be issued in December.

Nine awards were adopted at the beginning of the year in order to recognize members' performance. The presentation of them would be held in our forthcomming Annual General Meeting on 25.10.86 in Prince Hotel. A panel of judges would be set up to screen the awardees in a point-scoring system.

Finance

The Chapter is financially sound throughout the year. All projects were self-financed and sometimes surplus could be obtained. A fund-raising disco was organized on the 6.9.86 and over $10,000 was raised. Actually the Seventh Anniversary Celebration also brought the Chapter some surplus.

Management

The baby-sitter System serves to follow-up members' participation in our activities. A new Prospective Member is allocated to a team leader who is currently a Board member and would be looked after by the latter. Monthly circulars were issued to members about the topics of the Fellowship Meetings.

Birthday celebration and presents are given to members having their birthday for the month provided they come to our Fellowship Meetings. Welcome letters were sent to new members. Two orientations were held so far and a third is to be coming soon in November. Informal gatherings are arranged once a month to foster the fellowship amongst members.

With a membership of 63, we used to have an attendance rate of over 40 members attending our Fellowship Meetings. Functions of the other Chapters were promoted during each Fellowship Meetings.

Leadership Development

A seminar entitled "Action-centre" was organized on 16.6.86 with the chairman of the Training and Development Committee of the Scout Association of H.K. as our guest speaker in the Royal Jockey Club Training Centre.

A camp named "Leadership in Fantasy" was held on 30-31.8.86 in the Lady Maclehose Holiday Village with topics "Management by Objectives" and "Communication" discussed by our Past Presidents, Mr. Allan Leung and Mr. David Lee.

Community Development

The "Senior Citizen Volunteers" aims at developing a group of aged to serve the community. So far a survey in the Kwun Tong District , morning walk on the Shek Li Pui Health Path and a two-days camp in the Tanling Rotary Training Centre were arranged with satisfactory participants. Thus a group of 30 aged were co-organized and they are planning to visit the patients in the United Christian Hospital and mentally retarded children in Lok Chi Hostel. An exhibition would be held in November to display the whole project.

Concerning the Youth Activities area, a choir is planning to carol through aged homes and orphanages during X'mas.

(6) 會務概況：

自接任會長後，在理事會同人齊心協力支持下，在年初已有兩項配合國際和平年之大型工作計劃進行，使新會友及準會友都能有機會儘早參予工作，對維繫會員方面有很大幫助，因而在年中有很多準會友入會；同時由於理事會成員均了解會方之財政出現困難，但各工作計劃之預算中均能做到開源節流，大部份工作計劃都能尋求得外界商業機構的贊助，而無需會方的支助，這實在是令人鼓舞之成績。在員訓練方面，除舉辦基本訓練課程外，袖才能組更不斷提供各分會及總會舉課程資料供給會員參予，因此，會員受訓練方面之機會有顯著的增加。

有關國際事務發展方面，除與菲律賓邦姊妹會之接解，因對方不太積極而絡外，與日本福岡姊妹會及台灣風城會間之聯繫則有顯著的進步，同時更了一個「攝影比賽」工作計劃。

而籌款工作計劃，在年初先以「電影為會籌募社會服務經費，以應付先初型工作計劃支出。其後，得資深會友祥任主委，因此「五週年紀念慈善餐在六月廿八日能順利完成，而爲會款項約三萬元，使本年財政能得以由於各會員的齊心，使本會在韓國釜太區青商大會獲得最佳分會出版獎同時更奪得全港青商乒乓球隊際冠軍軍。

(7) 總結：

今年由於有一位青商經驗豐富而事的會長顧問沈田參議員時常提點本人上三位盡責的副會長、秘書長及財助處理會務，因此在各理事及會友責承擔各項工作下，使今年會務能有的成績，本人謹此衷心向各位會員致同時，更對總會委派副會長胡鑅明、創會會長張國斌參議員、永遠名譽余振宇參議員在會務及行政上給本人導及鼓勵，致以萬二分謝意。

5. Conclusion:

So far in my presidency, playing the role of leader, co-ordinator and public character for the Chapter, I have learned to appreciate the importance of team-spirit to make or break anorganisation.

Although conflicting opinions popped up here and there, literally, in every Baord Meeting, in each Project Meeting, they mostly succeeded in leading those involved to view something in a more objective way, and hence, a wiser decision, or a more successful project.

During the process, each of us has learned to respect each other's right to express himself or herself , each of us has become more considerate, each has learned to treat one another as a equal working partner; each of us has come out to a person with a more tolerable personality, more mature thinking and more experienced in team-working.

And to this group of young men and women, as your president, I salute you for what you have done so far, and I urge you to go on contributing your utmost to the development of our Chapter, and the Jaycee Movement as a whole.

A better you today, a better HDJC to-morrow.

Jaycees International

Current Facts

NAME:	Jaycees International (JCI) is a worldwide association of young people between the ages of 18 and 40, which welcomes all nationalities, races and religions.
MEMBERSHIP:	Close to 500,000 in nearly 13,000 communities throughout 73 member nations.
PURPOSES:	The purposes of the Jaycees, as outlined in the JCI Constitution, are to "contribute to the advancement of the global community by providing the opportunity for young people to develop the leadership skills, social responsibility and fellowship necessary to create positive change."
HISTORY:	The organization was founded in St. Louis, Missouri, U.S.A., by Henry Giessenbier on October 13, 1915. His idea spread and on December 11, 1944, representatives from eight nations met in Mexico City and the world organization – Jaycees International (JCI) – was founded.
1986 PRESIDENT:	Moncef Barouni of Tunisia.
HEADQUARTERS:	The Jaycees International (JCI) Secretariat is located in Coral Gables, Florida, U.S.A. A staff of 33 provides trilingual membership and development services to its Local and National Organization Members. Its chief administrative officer is the Secretary General, Sam Willits.
THEME:	Each year, Jaycees International adopts a major emphasis theme program which is implemented on a worldwide basis. The theme that is selected relates to a major problem or problems with universal significance. In this theme program members can select from a number of specific projects that are most relevant to the needs of their respective communities. The theme program adopted for 1986 is JAYCEES . . . . . YOUNG PEOPLE FOR WORLD PEACE . It is somewhat unique for an organization like Jaycees International to become so involved in such an enormous issue, but, as a leadership training organization, it has the responsibility of directing this leadership and community initiative into a program that is based on the search for a better world balance and, ultimately, world peace.
AREAS OF OPPORTUNITY:	This concept promotes the adoption, by national and local organizations, of a balanced program of activities which will offer the membership: individual, management, community and international opportunities.
RIGHTS OF THE CHILD:	JCI recognizes and supports the United Nations Declaration of the Rights of the Child. In 1979, Jaycees throughout the world conducted programs which directly affected the lives of more than eleven million children. Since then, national and local Jaycee organizations conduct permanent and continuing programs to assist with providing for the basic needs of children as set out in the Declaration.
OFFICIAL PUBLICATION:	LEADER, printed in English, French, Japanese, Spanish, Chinese and Korean, with a worldwide circulation of nearly 500,00.

Hong Kong Jaycees History

The Jaycee Movement reached Hong Kong in 1949, when a Philippine Jaycee John Ng who was the Special Liasion Officer of the JCI 5th Congress and was charged with the mission of converting Hong Kong to Jayceeism arrived in November. Through the introduction of his cousin, Mr. Alex Ng, a Jaycee Senator still, Mr. John Ng was presented to Rev. E. Bourke, former director of Wah Yan College, Hong Kong. A meeting was then arranged for him to meet a group of young businessmen. During the meeting, Mr. John Ng's explanation of the aim and purpose of the Jaycee movement succeeded in firing the imagination of his audience. Eight days later, sponsor group of the Hong Kong Junior Chamber of Commerce was formed and Mr. Paul Lim was elected as Convenor of the organizing committee Mr. Austin Coates from Hong Kong Government, then as Assistant Colonial Secretary of Hong Kong, was assigned to serve as Advisor to the Organizing Committee.

A Brief Introduction of Hong Kong Jaycees

In 1950, Hong Kong was recovering from the last World War. There was an urgent need for local community leasers to enhance its economical and social development. But how to train up young men who aspired to become community leaders? Casting their eyes abroad, a group of young men found the Jaycees international — an organization of young people for leadership training. Thus, in 1950, with the help of the Philippine Jaycees, Hong Kong Jaycees came into being and was officially affiliated to JCI in 1951.

Immediately after its formation, Hong Kong Jaycees showed its strength and enthusiasm by hosting the 1951 JCI Regional Conference for Asia — the first of a string of JCI Regional Conferences held in this dynamo of a city.

In the decade that followed, Hong Kong Jaycees gradually and steadily came into international . In 1952, the first JCI Vice President from Hong Kong (J.S. Lee) was elected. In 1956, another Hong Kong Jaycee, A. de O. Sales, was elected JCI World President. 1962 was a hallmark in Hong Kong Jaycee history because we hosted the 17th JCI World Congress in that year.

In the course of the next few years, more and more young people were benefited by the Jaycee organization which offered more training opportunities for their members. In 1965, two local chapters were affiliated to the national organization. Upto the time, we now have 13 local chapters and two Provisional chapters with about 1,000 members.

East Kowloon Jaycees

Fromed in 1980. The East Kowloon Jaycees aim at developing the individual abilities and stimulate joint efforts of the individual for the purpose of improving the economic, social and spiritual well-being of mankind. They also hosted the "Mountaineering Safety Campaign", and "Medical Care for the Aged"!

City Jaycees

Formed in 1981 by a group of young and energetic executives. Unity and discipline seems to be the ballmark of this chapter. In less than one year, they have executed big community projects like "Music Competition for Handicapped Persons", "Juvenile Deliquency" seminar, "Hong Kong Dollars and you", "Home Safety Handbook and Exhibition", "Elderly Workshop Promotion Campaign" and "Youth Chinese Chess Tournament".

Queensway Jaycees

Formed in 1984, the Queensway Jaycees is an English speaking chapter composed of young men and women who are devoted to the Jaycee movement as they provide members with opportunities to develop the right human personality and at the same time render valuabel service to the community. Projects being planned in their very first year include the "Chinese Calligraphy Competition", "Future Exploration Summer Camp for Youth" and "Computer Program Design Competition".

Macau Jaycees

Formed in 1984, the Macau Jaycees is the first Jaycee chapter established in Macau and affiliated to the Hong Kong Junior Chamber of Commerce. Sharing the noble Jaycee ideals with their counterparts in Hong Kong, this energetic and enterprising group makes every endeavour for the welfare and prosperity of Macau, while developing themselves to be the future mainstays of the community. They are now working on an "Education Fund" that caters for the needs of schools and students in Macau, and a series of leadership training programmes.

North District Jaycees

The North District Jaycees will become the 16th (Provisional) LOM of Hong Kong Junior Chamber of Commerce.

The formation of this new LOM was the result of an initiation by the North District Office in the area. After being introduced the work of Jaycees in the development of a local community, members from the North District Office contacted key members of Hong Kong Jaycees in June 1985 on the possibility of starting a Jaycee chapter in their area. A series of introductory meetings and joint conferences , resulting in the recruitment of 35 young people from the North District, who have pledged their faith in Jayceeism. Thus, the 16th (Provisional) LOM of the Hong Kong Junior Chamber of Commerce, the North District Jaycees, was born on September 8, 1985.

We've been listening to your ds for a long time. And doing ything about them.

Since the first plain paper copy k in 1938, we've been making life in office better by constantly improving products you've come to rely on. **erox products.**

The results of all our efforts have en substantial.

We've continued to set the standards the industry with more innovations n any other company. Like high speed ying. Sorting. Zoom reduction and agement. Automatic two-sided copying. High speed printing. Even full colour copying.

And we've been responsible for some other innovations you might not expect from a copier company. Like laser printing, the 'Daisy' printwheel, the modern computer 'mouse', and the most innovative network system, ETHERNET.

But then, we're not just a copier company. Not anymore.

Years of research and development at **Xerox** facilities in JAPAN, EUROPE, and the UNITED STATES have produced an entire range of the most technologically advanced office equipment on the market.

What does that mean to you? It means no matter how large or small your company, you can rely on the same **Xerox** quality and dependability for all your office needs.

And as your needs change, you can be sure that we'll be there with you. Leading the way. In touch with your needs. Just as we have from the beginning.

And that's a commitment only one company can give you.
