CONNECT EVERY JUAN: UNITING SENATORS ACROSS THE NATION IN 2022

The chilling effect of the global pandemic was imminent to say the least. Just when everyone thought the worst was over, a new strain became the Grinch of the 2021 Yuletide season, spilling into the New Year with a threat to dampen the spirits of the 2022 National Board of JCI Senate Philippines as it vigorously prepared for a January induction. However, the virus was not to be outdone. Safety took precedence and the move to postpone was a most strategic maneuver. JCI Senate Iloilo would not let its pride begin his term with a whimper. While showcasing the best of a Dinagyang festival lost feasibility, the indomitable spirit of the National Board was apparent. Determined to cross the finish line with flying colors was an understatement. Imagine Six Special National Board Meetings, Four Regular National Board Meetings and Five Executive Committee Meetings for the entire year, not to mention an almost infinity of pocket committee meetings, this National Board was a breed built of steel. The grand induction of both JCI Senate Philippines and the Philippine Jaycee Senate Foundation jumpstarted the jetsetter mode in each of the members of the National Board and the national organization, as well. Hoping from place to place with More or less eighteen (18) inductions all over the archipelago, members of the National Board became instant airline valued passengers. Revenge inductions were truly escapes from the constraints of the global pandemic that isolated all JCI Senators. With a nation restarting its economic engine, the National Board was left in a quandary as to where to source its energy and resources to make both ends meet. With faith on the side of the National Board, the national organization found its mark. Golf Fundraising augmented the collections from the souvenir program. Dialogues and chapter visitations with as many chapters as possible resulted in more engagement in senate activities. NATCON Siargao was a huge success with close to four hundred in attendance despite the odds of uncertainties on the opening of the venue facilities as the effect of the pandemic and the recovery from the wrath of Typhoon Odette created a dent on the island's popularity as a tourist destination extraordinaire. Renewed vigor in support of the senate's national flagship projects were at an all time high as these carried the national organization to greater heights. Project W.A.T.C.H. had a successful summit in Baguio. TOFIL had a jampacked grand awarding at the Rizal Park Hotel with many of the nation's key personalities hugging the spotlight. Greenlink had a great partnership with the Million Trees Foundation. Kasambahay Kasambuhay Pilipinas Awards culminated in a meaningful awarding at the Valle Verde Country Club. TOFP had six great Filipino doctors during their awarding. Our close ties with the Philippine Jaycee Senate Foundation brought us wonders with on-time remittance of senate shares through the abled stewardship of Chairman/President JCI Sen. Hussin Amin. Indeed, 2022 National President JCI Sen. Henry Juan Tong could not have chosen a more auspicious one year to lead. A double two year meant double the fun and double the network to bring fellowship to its utmost peak. Twice the fellowship begets twice the united front every JCI senator desires because after all, the JCI Senator is the BE BETTER product of the JCI movement we had always been part of. 2022 was about lines straightened, communications broadened, smiles launched and dreams fulfilled. More than the sum of its results are the intangible insights culled from every JCI Senator's desire, to laugh again, to feel the fountain of youth, to remain an active citizen ready to engage and to fulfill the ultimate tenet of the JCI Creed "That service to humanity is the best work of life." No wonder, JCI Senate Philippines is not just any national organization. Across the nation, crossing borders and serving as the brightest Pearl of the Orient in a country where every JUAN counts, JCI Senate Philippines is, undoubtedly, the ultimate conduit to CONNECT EVERY JUAN.
