Sparkling Emerald Anniversary Celebration, predecessors' inspiring remarks, celebrities' attendance, sportsmanship, international exposure, creating Guinness World Record, environmental protection awareness, social cohesiveness, business building plan, expression of youths' talents, chairmanship, MC Skills, public speaking, business innovation, stories of Entrepreneurs... Isn't it amazing to find such a great variety of elements in the activities of just about a few months in a voluntary organization? In JC, it is not just the quantity but also quality of events that our members are striving for. Here is a showcase of all the outcomes in the last quarter. By looking through this display window, you will not only see what is happening in JCIHK, but the vision and passion of our young leaders in developing their leadership skill, social responsibility, entrepreneurship; and contributing to the advancement of the Community.

The JCI Creed

We believe
That faith in God gives meaning
and purpose to human life;
That the brotherhood of man transcends
the sovereignty of nations;
That economic justice can best be won by
free men through free enterprise;
That government should be of laws
rather than of men;
That earth's great treasure lies
in human personality;
And that service to humanity
is the best work of life.

Our Mission

To contribute to the advancement of the global community by providing the opportunity for young people to develop the leadership skills, social responsibility, fellowship, and entrepreneurship necessary to create positive change.

Message from National President

Dear fellow JCI Hong Kong members,

Time flies; and here we are, with only six more months to go to serve our members. In June every year when raindrops keep falling on our heads, it is a time of contemplation, as one of my elderly friends put it, a quiet time we should spent indoors away from our hectic lives outdoors to think over the goals and initiatives set in the beginning of the year and see if we should make adjustments in response to various changes in the circumstances and restraints in resource allocation.

To start this year, the NOM has set our goal to focus on Membership, Marketing, Media and Management, that is, our 4Ms. Are we on the way of getting there?

Membership

Senior members are definitely the best partners in membership promotion, and they have been playing a crucial role in this area. They can serve as Mentor of incoming freshmen, helping our new blood to settle down at ease in our culture and practice. They also serve as the channel through which new members can be recruited.

Retaining current members is another important strategy. Being our valuable assets, current members could offer indispensable input with their rich JC background and experience and help moving forward our various activities. Apart from the PMO and JC Orientation which are included in our year plan, local Chapters are encouraged to launch theirs own JC orientation for recruitment of new blood for more extensive development in years to come. Members, fresh or experienced, are what we always treasure.

Marketing

Members are provided with opportunities to excel in four crucial areas, namely "Leadership development", "Internationalism", "Community development" and "Business opportunities", via various activities and programs delivered by our 18 Chapters. The high recognition, tremendous support and warm response received by these projects from the public prove the value our past 55 years of continual efforts. To further benefit our society, we should implement and promote these quality projects with even greater enthusiasm and dedication.

Media

The NOM makes a proactive effort this year to solicit the support of various media channels to enhance publicity of various activities and projects so as to bring our motto of "Serve our society, Enhance our strengths" to a wider spectrum of the community. I am particularly keen for Chapters to strengthen their relationships with the local media in the community. Strong local relationship with press journalists, radio and TV reporters is vital if we are to become famous in communities for creating better leaders to create better societies.

Management

Special thanks to our NIPP and his 2004 Board Members; we can now have a brand new chamber office and a fresh chamber office staff team. On the foundation of the 3Ms approach promoted by our JCI President Kevin Cullenine, I include "Management" as one of our goals this year. On management, I envision the construction of a decent chamber office and the development of an effective and efficient management team,

Strong Chapters are our key to future success. The NOM will try its utmost to allocate resources in such a way that Chapters' efforts are synergized, supported and guided, so as to combine our strengths into a strong and smooth-flowing stream leading to our goals and objectives.

You may have heard the metaphor of a half glass of water. Some people may complain that the half year of time left would not be enough to finish the outstanding assignments while some may make the optimal use of these six months to accomplish what were set in the beginning of the year. What type of persons are you? The grumbling guy or the thankful one? I am sure you can all make a smart choice.

訪問資深青商會
名譽贊助人 前世界會長
余葉展華參議員

6月9日在一個繁忙的地區找到一座新的大廈，內裡我們在一家新的餐館訂了座位。該餐館的裝修設計很特別而食品亦是最新的日本時尚菜式。在眾多可以帶出話題氣氛的元素下，為我們與資深青商會名譽贊助人，前世界會長余葉展華參議員的午餐訪問，提供了一個舒適的環境。當日出席的有主席梁錫大參議員，上屆主席黃少英參議員，副主席古文耀參議員，副主席歐陽美雲參議員及主席助理黃明偕。

一眾資深青商會會員與名譽贊助人余葉展華參議員午膳

梁：主席梁錫大參議員　　葉：余葉展華參議員

梁　：國際青年商會為何成立資深青商會 (Senior Member Club 簡稱 SMC)？

葉　：國際青年商會成立後，經過不斷的發展，成長，在世界上已是一個很傑出的青年培訓組織，並且培育出一批又一批的青年領袖，在世界上各個領域服務。但礙於法定年齡（40歲）的限制，很多精英會員便很自然地流失會外，未能把他們累積起來的處事經驗和人際關係等寶貴智慧，凝聚會內繼續為青商服務，為此成立SMC，冀望保留這班40歲以上的才俊，聚集他們的經驗及資源，協助當地總會及分會，為青商運動再加一分力。並且採納隸屬國家分會的其中一個委員會的簡單架構運作。

梁　：香港總會應如何推廣 SMC?

葉　：希望不論是總會或分會，都應該提升正面的 SMC 訊息，善用資深青商會員對青商的愛心和投入感，協助各位年青會員成長，鼓勵更多資深青商加入，創造出一個雙贏的局面，在青商運動中盡一分力，發一點光和熱。

梁　：身為資深青商會會員應有的態度是甚麼?

葉　：身為資深青商會會員，真的要明白到自己的角色，是支持青商的發展及活動，通過 SMC 輕鬆的聯誼和遊樂活動，凝聚及加深彼此的友誼，利用本身在青商所學所知，及良好的人際關係，協助年青的會員成長，培訓出更多的明日領袖，服務社會。

名譽贊助人余葉展華參議員預祝參與資深青商會活動

梁　：分會是否有必要成立 SMC?

葉　：家有一老，如有一寶！如果各分會的負責人感受到這一點，了解到資深青商會實際上是他們一面寶貴的後盾，默默地支持著他們，靜靜地伴著他們成長的一群。他們一定很樂意地成立自己的 SMC，以便統籌更多的資深青商會會員，發揮他們的長處，協助現今會員的成長，發揮薪火相傳的效應。

與澳門資深青商聚餐

很高興在這次輕鬆氣氛下與余葉展華參議員分享SMC的體驗，跟資深會員應有的態度。以一盤水去形容SMC，就隨時準備補上不足之處，平衡青商各方面發展，使青商更上一層樓。完成了這次訪問後的感受，余葉展華參議員的一番話才是這個午餐的主菜，這道主菜更令在座各人聽得津津樂道，各資深青商，你們體會得到嗎？

Interview

With 1993 National President Mr. George Lung – The Core Value of JC

In March this year, 1993 National President, Senator George Lung was appointed a member of the National Committee, Chinese People's Political Consultative Conference.

George has been a very active member and has organized a lot of projects throughout his JC life. But not many of you may know that he once thought of leaving JC. So what makes George so actively involved in JC? George shared that JC is a place where members can make their dreams come true. There is an irresistible magic in JC that has attracted him to stay. Members of JC comes from all walks of life. However, it is JC that creates a platform for members from different nationalities and background to join together, share the same vision in life and serving the community. Nothing is impossible in JC and there is always rooms for members to improve themselves.

Critical Success Factor

Many people might think that George must be a very sociable person and he might know some tricks that make him so successful and being socially involved. However, George shared that there is no trick to success. What he believes to be the most important factor to success is "Always Try Your Best". When you have fully dedicated your effort to complete your tasks, your needed support will come to you automatically. George shared that we can never predict the future, however, the goal in life will never be changed, how we achieve our goal is what can be controlled in our hands. He advised that we should maintain a positive attitude and contribute without consideration. This is the key success factor.

Future Development of JC

Each year, around 200-300 JC members actively dedicate their time and effort to contribute to JC. These active members have continued the vitality of JC. But what about the other members? George shared that we can never force our members to participate in JC unless they find their own value in JC. When we organize projects, we should bear in mind our JC mission, George reminded us that organizing project is not just a matter of fulfilling our JC calendar but it should be aimed to serve the community, fulfill JC mission and realize dreams of our members. If all members are dedicated to make their dreams come true, we can surely organize meaningful and creative projects to achieve our JC mission. How we carry forward our JC mission is the most important factor for future development of JC.

Meeting with George has been a remarkable experience. His thoughts and advice made me feel that I have made the right choice in joining JC and he surely has given me a lot of insights to plan my future JC path.

Tips to our members from George:

To our Members:

"It is important that we utilize the golden opportunities of JC to prepare for the challenges in our lives. The sweat we contribute in JC will benefit your entire life. Don't come out of JC with empty hands."

To our Officers:

"It has not been an easy path to develop such a successful JC organization. All officers should use their heart to contribute and achieve JC mission to develop leaders and contribute for the betterment of the society."

To our Senior Members:

"We all love JC! Through active participation in our Senior Members Club, we can contribute and support JC to develop our future leaders."

Interview

With Dr. Tang Siu Tong, JP
The Chartered President of Yuen Long Junior Chamber

Having received so much greetings from more than 30 organizations on the honour of being appointed a member of the National Committee of the Chinese People's Political Consultative Conference, Dr. Tang Siu Tong, JP was interviewed by "Harbour Lights" during the Joint Celebration Banquet held on June 8, 2005. He described how he felt for the appointment and his close ties with Junior Chamber International Hong Kong:

R: JC Reporter T: Dr. Tang

R: Congratulation! Dr. Tang, would you share with us how have you become a member of the National Committee of the Chinese People's Political Consultative Conference?

T: In fact, Chinese Central Government made the appointment. But by the accepting the offer, I will be performing a consultative role in Government affairs of China, which is a recognition of the community services, that I have rendered. I am so pleased that two representatives from Junior Chamber International Hong Kong including Past National President Mr. George Lung, MH and myself are honoured to have the appointment. George is very experienced in youth affairs services.

R: Talking about youth affairs, would you tell us your experience in forming the Yuen Long Junior Chamber?

T: In those days when Hong Kong was progressing towards democratic election, the government would like to introduce the power of young people. Sir David Akers Jones, the District Commissioner, New Territories proposed to form a Junior Chamber in Yuen Long. We started setting up the organization but really had a very hard time at the beginning. It required lots of manpower resources for an organization working on a District. To promote our activities, we sometimes worked till 3 O'clock in early morning. You can imagine how difficult it was! The situation was improved after we had laid a solid foundation. Quite a lot of JC members were participating in Government affairs later, creating a positive influence on the policies of Urban Council and Legislative Council.

R: Has JC training helped your development in any way?

T: Definitely! As it provided opportunities for participation in Community services, increased my exposure to the public, enhanced my ability to work independently; and hence gave me experience and confidence in the community services, politics and business perspectives.

R: How do you position Yuen Long Junior Chamber in Yuen Long District?

T: The operation of an organization requires lots of manpower resources but the competition with other non-government organizations nowadays is very keen. A good leader is needed in leading the community to betterment. However, it is not easy to have the right person in view of the keen competition. So, we've got to work even harder! Overall speaking, all of us share the same vision in serving the community.

R: Would you give us some motivational remarks?

T: "Put interests of the Community first! Contribute in different roles and different levels. No matter you are a leader or an executor, you should extend your potential! "

R: Thank you so much for the interview! May I wish you all the best in your role as a member of the National Committee of the Chinese People's Political Consultative Conference!

It's JCIHK 55th Anniversary
Inventing the future, honouring the past!

For 55 years, JCIHK has been inventing the future, thanks to the dedication and talent of all the senior members, past & present members.

As we celebrated JC's past and future, our organizing committee spent most of the time in brain storming and tried to compile a living history of JC as seen through the eyes of our members.

We threw out a lot to think :

What does a JC family means to you ?

What are your favorite JC traditions & hangouts ?

Who at JC has had the greatest influence on your life ?

What part of life at JC meant the most to you ?

How has JC contributed to your profession/career ?

How do you integrate people of different culture in JC ?

What motivated you to become a JC member ?

A moment at JC that might have changed your life; maybe it was a chance encountering with your spouse; or cheering up a fellow JC friend on achievement in his career; or working for a JC project which challenged you to think or act differently; or maybe another JC member helped launch your career. Fond memories, good friends, and JC members' support make JC experience great. It doesn't take much to return the favor and uphold JC spirits. That spirits help us create a dynamic personal experiences, memories & reflections. Nevertheless, we enjoy all that little pieces of memories of what make you a JC member.

To mark the Emerald Anniversary, a Celebration Banquet was held at Hong Kong Convention and Exhibition Centre on May 6, 2005.

The banquet's highlight was the introduction of Past National Presidents in cake-cutting ceremony by recognizing each of their important contributions during the respective terms of office. Various entertainments were laid on throughout the projected video images, crossing with the live performance of Chinese Orchestra & Chinese Opera. Clearly, the centre of attention was the performance of Jaycee song. Our "special guest" film star Jaycee Chan, son of Jacky Chan drew every member's attention in performing our JC song together with National President and all the LOM Presidents on stage to conclude the event. The song impressed everyone of the audience.

Lastly, I would like to thank my Organizing Committee members who are NDJC Anna Tam, OJC Andy Ma, LRJC Janet Ng, CJC Kamsuo Wong, HJC Nathaniel Wong, YLJC Patrick Chan & Ronald Ho and IJC Stanley Ng. My thanks also go to our compères; CJC Ban Chui, OJC Denise Lui, EKJC Heman Lam and OJC Kristine Chung. "Through this Selection, we have the opportunity to proudly recognize those deserving youths who have outstanding achievements and additionally, to show our appreciation for the community services they have generously rendered. Dr. Lam said. She also shared her motto with the youths in Hong Kong: "Embrace life with passion." Dr. Lam appealed that "The success of the Selection is also dependent on the whole-hearted support by the community at large. I believe all nominators play a critical role and are community-conscious people who are enthusiastic in nurturing the next generation, as they also share the same vision with the JCIHK. To build a better future for Hong Kong together."

Prospective Members Orientation II

With more than 60 participants from various Chapters, the JCIHK Prospective Members Orientation II was successfully held on 07 Apr 2005. The two experienced speakers including 1991 National President Senator Daniel Cham and JCIHK Coach Senator Duncan Tai were real good examples of how JC life contributes in personal advancement and broadening of one's horizons.

Senator Daniel Chan shared a very memorable experience of international exposure by joining the UK delegation in 1991 to take part in the " International Model United Nations" organized by the UN and JCI. JC delegates and NGO representatives from all over the world took part in the 5-day event in the United Nations Headquarter!

"We Build Leaders and You May be one of them! " Senator Duncan Tai concluded his speech. Senator Duncan got promoted in his job in 1998, the same year of his Chapter Presidency. Despite the heavy workload in both his career and JC life , he won the Most Outstanding Chapter President (up to 75 members) in National Convention as well as the " Most Outstanding Employee" of this company in the year. Senator Duncan said "With what I have learnt in JC , I could manage my work much more effectively!"

JC EXPO

"Positive Attitude Changes One's Future!"

Highlighted by a theme seminar on the topic "Positive Attitude Changes One's Future", JC EXPO was successfully held on 7 May 2005. Two distinguished speakers, Mr. Mercury Fung, Chairman of Kai Man Industrial (Group) Ltd. , and Mr. Justein Wong, MBE, JP, 1986 Ten Outstanding Young Persons Awardee expressed their enlightening views on the theme. The event was jointly hosted by Peninsula Junior Chamber, Lion Rock Junior Chamber, and Ocean Junior Chamber with around a hundred new comers and participants from various Chapters.

Mr. Mercury Fung said "With positive attitude, I have overcome lots of challenges and begun to experience life in a new way!" Mercury described how he has raised from the difficult times to the success that he has achieved. To reciprocate the Community, Mercury has been actively taking leading positions in a number of voluntary organizations over the past few years. Highly encouraged by his father, Mercury's son Bowie has become a devoted JC member.

Mr. Justein Wong, MBE, JP said, "Success is the result of trial and error. And JC provides this kind of opportunities for one to learn through practice!" Justein added a valuable tip to the audience. " I have gained a diversity of knowledge and experience in JC including time management, finance management, communication skill, technique in handling media, protocol and parliamentary procedure."

JCIHK provides a platform for young people to care about social issues, develop leadership skills, and contribute to the betterment of our society. In JC EXPO, we got different counters for promoting the four areas of development opportunities (Community, International, Business and Individual); and our flagship project "Ten Outstanding Young Persons Selection". New comers had a better understanding of the organization. Apart from membership recruitment, the JC EXPO promoted the image of Junior Chamber International Hong Kong.

Local Presidents Forum

In line with the strategic directions of membership, marketing and media focused by JCI World President Kevin Cullinane, I am so delighted to be selected as one of the representatives of AREA B to share experiences on securing media exposure of LOM activities at the LOM Presidents Forum in ASPAC.

Let me share our marketing and media plan to all of you again. Our chapter's marketing and media plan is aiming to 1. Attract all eyesights of all walks of life by employing wide scope of media exposure, 2. To impress general public through mass media such as TV channels-TVB and ATV, public transportation, the press, magazines, website, road shows and etc. 3. To make use of competitive edge of JCIHK, a well-known voluntary organization to negotiate at "ZERO" cost.

This year, we successfully secured extensive media exposure equivalent to money value of A Million Hong Kong Dollars. Interviews were conducted in children programs at TVB and ATV respectively. An audience of three millions was able to view the programs each time. More than thirty "12 track sheet advertisements" were posted at MTR stations reached out to 30.8 million passengers through 2 weeks exposure. Various newspapers such as Sun News, SCMP, Apple Daily, Ming Pao, Da Kung Bao, Economics Times and etc and magazines including e-campus Today and photosG published our activities and made us known to the public widely. Event highlight on Roadshow (broadcasting TV on Kowloon Motor Bus) reached over 3.7 million passengers. All these media activities promoted our activities and corporate image broadly. Thanks so much for the support of media!

I am glad to say that the successful media plan of gaining A Million Hong Kong Dollars worth advertisement exposure by spending ZERO cost is because of our well-known JC organization in the society. In addition to the twenty-nine year historical foundation from all past presidents, the strong commitment, devotion and perseverance from all board members and members, we were able to make our dream come true.

Last but not the least, I must express my heartfelt thanks to JCI HK, my beloved mother chapter-Harbour Junior Chamber again. It was indeed a golden opportunity for my chapter and myself in gaining this wonderful and memorable experience. Through this international exposure, my vision is broadened and my sense of direction is strengthened.

Enjoy JC, Enjoy life!

Community Development
UNMDG Project
"Better Hong Kong, Together We Care"

This UNMDG (United Nations Millennium Development Goals) Project aims to arouse the awareness of the community towards poverty, especially among the middle class in Hong Kong. Through social services activities and various projects organized by the 18 chapters of JCIHK, we believe that our JC members can share the responsibility to fight against poverty.

This event aims at promoting the message that "WE CARE" for the community we are living in. As one of the important pillars of the society, JC members would like to show our love and concern towards the less privileged people. We will promote the joint effort of our 18 chapters in creating an inclusive society with better equality to the public. Furthermore, we will introduce the UN Millennium Goals to the participants and so that we may have some reflections to our lives.

Project Background:
In September 2000, at the UN Millennium Summit, world leaders agreed to a set of time-bound and measurable goals and targets for combating poverty, hunger, disease, illiteracy, environmental degradation and discrimination against women. Placed at the heart of the global agenda, they are now called the "UNMDGs" and include eight main goals:

Goal 1: Eradicate extreme poverty and hunger
Goal 2: Achieve universal primary education
Goal 3: Promote gender equality and empower women
Goal 4: Reduce child mortality
Goal 5: Improve maternal health
Goal 6: Combat HIV/AIDS, malaria and other diseases
Goal 7: Ensure environmental sustainability
Goal 8: Develop a global partnership for development

The MDGs provide a framework for the entire UN system to work coherently together towards a common end. In this context, the world is making progress toward the MDGs, but it is uneven and too slow. A large majority of nations will reach the MDGs only if they get substantial support, advocacy, expertise and resources - from outside sources, such as Non-Governmental Organizations (NGOs) like JCI.

For More information, please visit:
http://www.un.org/millenniumgoals/

The Millennium Development Goal (MDG) for the Area B (Asia Pacific Region), United Nations (UN) is "Eradicate extreme poverty and hunger"（消滅極端貧窮和饑餓）. Its aim is to reduce by half the proportion of people living on less than a dollar a day and reduce by half the proportion of people who suffer from hunger. Though Hong Kong is not in the extreme edge of poverty and hunger, "helping the poor and alleviating poverty" is an important theme in the Policy Address delivered by the Chief Executive on 12 January 2005. As poverty alleviation involves many policy areas, the Chief Executive announced the decision to establish a Commission to alleviate poverty to be chaired by the Financial Secretary.

On the other hand, in the 1999 Policy Address of Chief Executive, SAR Hong Kong, it is our endeavour to building Hong Kong into a world-class city and making Hong Kong a clean, comfortable and pleasant home would require a fundamental change of mindset. Every citizen, every business, every Government Department and Bureau needs to start working in partnership to achieve sustainable development. Sustainable development, according to the World Commission on Environment and Development, is "development that meets the needs of the present without compromising the ability of future generations to meet their own needs." ["Our Common Future", 1987].

As a metropolitan city, young people in Hong Kong should have the worldwill that we are one of the global villagers. We have to share our responsibility to develop an inclusive and equal society with sustainable development. JCI as one of an important worldwide non-governmental organizations in the civil society which share the responsibility of collaborating the effort of government, NGO and commercial world (i.e. Goal 8 - Develop a global partnership for development).

To echo with the Policy Address, Junior Chamber International HK ("JCIHK") has organized a "Better Hong Kong, Together We Care" Project and a kick off Ceremony was held on 12 June 2005 . We would like to promote the 8 UNMDGs to the public of Hong Kong with special highlights on Goal 1 "Eradicate extreme poverty and hunger".

Projects to be launched by various Chapters to echo with the 8 UNMDGs are as follows:

- VJC - 16th Grandparents' Day（珍惜身邊源, 愛惜家中寶）
- PJC - "We Love Schooling"

Gatherings

1st PR Gathering with speaker, Thomas Lam (林祖輝)

After all the sweat and hard work in organizing the 55th Anniversary Dinner Banquet on 6 May, 2005, a major celebration in the history of JCIHK, the National PR Team has organized two gatherings of fun.

On 12 May 2005, the 1st Public Relations Gathering was held and Mr. Thomas Lam (林祖輝先生), an artist who has turned to be a PR professional was invited to share his experience in PR, and event management field as well as handling media. He now manages his own production company.

Over 20 National Officers & PR officers from various Chapters joined this dinner gathering. All of them were keen on learning more from our speaker. Overall, the gathering was concluded in an enjoyable and friendly atmosphere.

Following the success of the 1st PR gathering, the National PR Team organized another gathering on June 21, 2005 for National officers. Held in a new and cozy place in Causeway Bay, the gathering was again filled with fun and joy to reward our teammates' hard work and contributions to the organization for the first half year.

Junior Chamber International Hong Kong 40th National Convention

(Hosted by Island Junior Chamber)

Convention Theme

Reinvent Heritage, Entrepreneurs in Action

承先革新，企業力行

Brief Rationale

In the ever-changing life, we have to be adaptative to new and creative idea, especially for the corporation to survive while facing competition and globalization. However, while we equip ourselves to be more creative and innovate, we have to acknowledge and appreciate the wisdom of the past. Heritage (traditional culture) shapes our life and cultivates our belief. It is heritage that makes our community unique (mix of east and west) and makes Hong Kong a success amongst all countries in the world.

As such, to re-invent our traditional belief and heritage such that the thousand years' success factors remains in our organization culture, become the critical factors on the company product and service uniqueness. We have to change to win in turbulence and competitive environment, and what makes us different with other companies is our fine traditional Chinese culture.

The theme builds on JCIHK 2005 Presidential theme and goes further to explain that while enterprise go for action, it should also recognize the long-term success factors in the past.

Hong Kong Jayceettes Junior Chamber

Tutti Flutti Fantasia - Jayceettes Dream on Stage
「笛韻柔揚夢幻夜」

Tutti Flutti Fantasia - Jayceettes Dream on Stage was successfully held on May 13, 2005 (Friday) at the Theatre of the Hong Kong City Hall. This was the first time to host a joint event with the Hong Kong Flute Association, and it was also the first time that we organized a musical play presented by Flute ensemble with a dramatic theme.

The story of the Tutti Flutti Fantasia - Jayceettes Dream on Stage was about a party prepared for the anniversary of the Fantasy Island. A group of animals came to celebrate and entertain the guests by showing their best talents. Thirteen little actors performed as animal characters; they were lambs, butterfly, snail, armadillos, tiger, bird, crocodile, and roll boggie. We also have fifteen little ballet dancers performed as a group of dancing swans and thirty-seven flute players together to perform a spectacular musical performance.

An audience of 300 attended the event that night, and we received a lot of admiration and good compliment for the show.

Outstanding Chairmanship Workshop

Is chairman a leader? Is chairman a manager? Chairman is actually acting both roles. Why and how to be an outstanding chairman? Members in JC are mainly learning by doing. The position of project chairman is the most basic unit for members to practice their leadership and management skills. Chairmanship is actually the basic key to open the JC treasure. For any organization, leaders in different level are important. In JC, this is also the same case. We also rely on outstanding chairmen to train up future chairmen. An effective and outstanding chairman can maximize the output with minimized resource. It also demonstrates a good example for followers. In order to equip members with these necessary and powerful skills, Lion Rock Junior Chamber organized the outstanding chairmanship workshop on 22 May. In the event, Past National President Senator Tony Chan, Past President Senator Andrea Suen and Senator Lydia Chiu used all kinds of interactive and interesting means to give us an intensive training. We also invited one of the "Most Outstanding Trainers" Apollo Lau to share the elements of a successful leader. All members had fruitful moment and have become more confident to be project chairmen after the event.

Visit Mayor of San Chung City (the third from the front left)

In order to celebrate the 30th Anniversary of our Sister Chapter, Sanchung Junior Chamber, JCI Taiwan, members of Lion Rock Junior Chamber went to Taipei on the 25th - 27th March, 2005 without fear of unstable political climate in Taiwan. This was a fruitful and exciting visit.

We were invited to meet the Mayor of the Government of San Chung City. We also joined the big Community Development project, "美麗三重，活力青年" (Beautiful San Chung, Healthy Youth). The project aimed at encouraging youths to refrain from drugs, fraud, burglary and speeding. It is a very successful event participated by over one thousand citizens.

We also had a joint board meeting with the sister chapter. We exchanged the ideas on chapter management and project experiences. Also we discussed about the feasibility of joint overseas project, for example the "Get In Gear, Volunteers!" from Lion Rock JC and their "Calligraphy Competition".

The visits were fascinating and all members of Lion Rock Junior Chamber enjoyed the great day with the successful leaders and the reception of San Chung JC, Taipei. We are deeply impressed. We are proud to be JC members and to share our excitement with all of you.

26th International Children Drawing Competition

The flying helium balloons with lovely music "We are the World" marked the opening of the 26th International Children Drawing Competition – the flagship Youth Affairs project of Harbour Junior Chamber ("HJC"). We were so pleased to have the Honorable Rita Fan, GBS, JP, as our Guest of Honor. This year we had 8,000 participants ranging from the age of 4 to 13, record high in the past 15 years. Together with families and teachers, around 20,000 people crowded in Kowloon Park Tsimshatsui. That Sunday was full of smiling faces, affection and happiness.

The highlight of this year was the attempt of creating Guinness World Record – *The most number of people drawing simultaneously as titled by Guinness World Records, A HIT Entertainment Ltd Company*. Over 1,000 children gathered in the central part of Kowloon Park orderly and started the attempt after waving their drawing papers. On this occasion, we had the great pleasure to invite Emily Mok JP, Justein Wong MBE JP and Kan Tak Keung, BBS, to witness the event. With their full support, we gained more confidence to create our first attempt in HJC history.

To secure media exposure of the project, we successfully advertised this event at over 30 MTR stations, TV channels-children programs of TVB and ATV, the newspapers, the magazines, website and Roadshow (Broadcasting TV on Kowloon Motor bus). We successfully secured extensive media exposure equivalent to money value of A Million Hong Kong Dollars and reached out to the public widely at zero cost.

Taking this opportunity, I would like to express my heartfelt thanks to JCIHK especially on the arrangement of advertisements on MTR stations, co-organizers, sponsors, the media, guests and HJC members. Further, it is our pleasure to have the Bank of Communication as our major sponsor. Without all these generous support and encouragement, the project would not have achieved this fruitful result.

During Asia Pacific Conference in Macau, we organized a joint Children Drawing Exhibition with other Chapters. Chapters including Kanazawa Junior Chamber (sister chapter), Kaohsiung Ladies Junior Chamber (sister chapter), and JCI Beau Bassin/Rose Hill Mauritius. Our Award Presentation Ceremony will be held on 17 July 2005 at AC Hall, Baptist University. Meanwhile, exhibition of the award-winning drawings will be arranged at Yaumatei MTR Station during the period from 29 June 2005 to 25 July 2005.

25th Sisterhood Anniversary with Toyama Junior Chamber of Japan

The 27th of May, 2005 marked the remarkable and memorial day of the 25th Anniversary Celebration of the Sisterhood between Tai Ping Shan Junior Chamber (TPSJC) of Hong Kong and Toyama Junior Chamber of Japan.

In order to celebrate such historical moment, 29 members of Toyama JC came all the way from Toyama, Japan, to Hong Kong on the 27th May, 2005. Having settled down in the hotel, we enjoyed a nice and relaxing bowling competition between the two Chapters. The Toyama JC Team won the competition without any doubt. Nevertheless, it was the friendship between our JC members which was the most treasurable thing.

The 27 members of TPSJC together with the 29 members of Toyama JC made such a fascinating celebration in the Officers' Club of the Correctional Services Department in Stanley together with the celebration to 1980 Past President Senator Dr. Henry Chen, BBS JP of his honour as 2005 Outstanding Chinese of the World and the Honourable Doctor of Philosophy from Morrison University of the USA. The Past Presidents of TPSJC and Toyama JC were also presented to be the Guests of Honour. Our President Karina, Toyama JC President Yuudou and our 1980 Past President Senator Dr Henry Chan BBS JP gave the warm welcoming speeches.

The Sisterhood Pact Signing Ceremony between TPSJC and Toyama JC was signed amongst President Karina and Honorary Secretary KH of TPSJC and President Yuudou and Vice President(IA) Saito of Toyama JC.

Then our member Hazel performed the Chinese Opera with her younger daughter, while Japanese Traditional Dancing Performance was made by three beautiful ladies of Toyama JC. Members of Toyama JC then went to the stage and sang their theme Song and all of the TPSJC members sang our JC Theme Song in return.

There was an additional event held with the whole crowd going to the 'Club 03' Bar to have some drinks after the celebration party. We were drinking, singing, dancing, chatting and sharing our great moments. This was the final part of the Celebration and the whole event turned to be very successful and cheerful.

We must give our most sincere gratitude to President Karina, 1980 Past President Senator Dr. Henry Chen, other Past Presidents of TPSJC, the OC Team, President Yuudou, Past Presidents of Toyama JC together with all the members from TPSJC and Toyama JC who have made unaccountable contributions to this Centurial Event.

We are looking forward to having the next Sisterhood Anniversary Celebration between TPSJC and Toyama JC.

The theme of the Children Silver Tongue Contest 2005 is 'Incorruptibility, Frugality and Creativity' (in Chinese:「倡廉頌節美德顯 交心創意薪火傳」). The aim of the project is to promote the mastery of English and Chinese in public speaking and writing amongst primary 5 and 6 students, while bringing ethics and social issues into their attention.

This year, Jade Kwan is invited to be the 'Children Silver Tongue' Ambassador. In an interview conducted on May 12, Jade shared her language learning experience and her views on incorruptibility, frugality and creativity with us. Video clips of the interview are available on the project website.

New elements are introduced in the contest this year. A theme song written and sponsored by Professor Joseph Liu and Mr. John Wong is introduced. The question section in the final contest will be conducted trilingually, in Cantonese, Putonghua and English.

So far 280 applications have been received. The essays, written by each participant on the theme in Chinese and English, will be graded by our Judges. The top 30 contestants will be invited to the workshop, to be held on July 2, featuring a second round competition, and seminars presented by Professor Leo Pak-Kong Yam, the Independent Commission Against Corruption (ICAC) and the Environmental Protection Department (EDP). The top finalists will then be selected to present their speeches at the final contest to be held on July 17. The closing ceremony will be held on August 13 at Ma On Shan Plaza.
