ABOUT COPENHAGEN

The Land

Copenhagen is a city with more than one thousand years of exciting history; from the vikings to the current international city of business, easy living, art, fashion and shopping.

Copenhagen gives you everything when it comes to shopping. Strøget, the main shopping street, is also the world's longest pedestrian shopping street. Besides Strøget, Copenhagen has a lot of small streets with all kinds of shops.

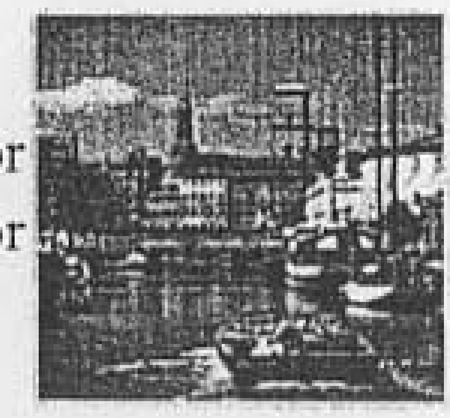

Taking the day off in Copenhagen will give you time to explore museums, galleries, the Tivoli Garden, the castles of the Danish Royal family, the statue of The Little Mermaid and other attractions on your own.

The Climate and Clothing

In November, the temperature drops dramatically, and the first snow falls. The average temperatures in Copenhagen in November are normally 5 - 10 degrees Celcius (40 - 50 degrees Fahrenheit). The Danish weather is very unpredictable. It is advisable to wear warm winter clothing, take along proper footwear, a raincoat, and an umbrella.

Currency

The monetary unit is kroner. HK$120 is approx. 100 kroner; ask for latest exchange rate. There is no limit on the amount of Danish or foreign currency you can bring with you to Denmark.

Language

Danish is native language, but most Danes speak English, and will be able to understand and answer questions in English.
