We believe:
That faith in God gives meaning and purpose to human life;
That the brotherhood of man transcends the sovereignty of nations;
That economic justice can best be won by free man through free enterprise;
That government should be of laws rather than of men;

And that service to humanity is the best work of life.

YOUTH PARTICIPATION BETTER COMMUNITY DEVELOPMENT

The Design of the Logo for the National Convention

The Theme of this National Convention is 'Youth Participation - Better Community Development'

The basic concept of the logo for the National Convention of the Hong Kong Junior Chamber of Commerce has been based on the International Youth Year. (IYY)

It shows progressing lines of various densities which symbolize the combined effort of participation. The nucleus where all lines join is the logo of the Hong Kong Junior Chamber of Commerce. The M between the nucleus and 85 represents the Macau Jaycees, which signifies the close connection between the two.

The message conveyed in this logo is joint contribution to the community.

Forward By Convention Director

1985 is a year of great opportunities and challenge for the Macau Jaycees. Being a relatively new member of the Hong Kong Junior Chamber of Commerce, we are fortunate enough to be given this opportunity to host the 1985 National Convention of our Jaycee family, a very big convention by any standards for Macau, our growing city.

We are especially grateful for the support we received from the government and community of Macau, and also the encouragement of our Jaycee Senators and senior Jaycees through their advice and participation in this event.

We say "Jaycees Provides Opportunities". The Jaycees in Macau have definitely grasped this opportunity whole-heartedly with a view to serve you all and, at the same time, train ourselves. Our team has vowed to do our best to make your convention and stay in Macau a fruitful and happy experience. All we would ask of you is to take an active part in the many events on the schedule and enjoy yourselves.

Welcome, and with best wishes,

Steven Lo
Convention Director

Message From Guest of Honour

Message Form
JCI World President

Warmest Jaycee felicitations to the President Paul Cheung and all the members of Hong Kong Junior Chamber of Commerce on the occasion of your National Convention.

The National Convention is a memorable occasion on the calendar of events for every National Organization Member. It is amazing how, although we have this event every year it never loses its excitement, glamour, attraction and importance.

The National Convention has different meaning to the members. Some attend for the fun; some to meet old friends and make new ones; some for the training opportunities, others for the awards; some come for the elections, and quite a lot come for all of these.

No matter why you attend, you will be exposed to all of the opportunities mentioned before. I encourage you to grasp every opportunity available and make full use of each.

During the Convention you will have much discussion and differences of opinions. It is my wish that you focus on the words of our Creed at all times, that you disagree without being disagreeable, that you debate and not argue. The General Assembly will need to make decisions that will definitely affect the future of the organization. Ensure that your decisions are made with objective minds and in the best interest of the greatest majority.

Many will be recognized with awards and candidates will be elected to office. I wish to congratulate the winners in advance, because the act of winning starts with your first effort. An award or an election is never won at conventions, but during the months and weeks preceding the occasion. We just make the presentation at this point in time.

To those who will not receive awards or will not be elected, I want you to know that we have no losers in Jaycees. You have won a new experience. You have won a new opportunity. The experience will make you a better person.

The 1985 team of Officers have led you through another year. They have done the best they could and I thank them for the time and effort spent. I trust that they will continue to serve the organization and help the 1986 team to make the NOM a better NOM in the coming year.

Have a great Convention! Best wishes for the future. Let us all use this occasion to re-charge our batteries and take this world one step closer to world peace.

Victor J. "Chichos" Luciano

Message From JCI Vice-Presidents

14 August 1985

The President,
Hong Kong Junior Chamber of Commerce,
Paul Cheung,
272 Queens Road,
Central, 15/F, Flat C,
HONG KONG.

MESSAGE TO NATIONAL CONVENTION

It is with pleasure that we send our warmest greetings and best wishes to the Jaycees of Hong Kong on this occasion of your National Convention.

It has been another year of steady growth and of consistantly high standards of performance for the Hong Kong Junior Chamber. A year where the training of members and the serving of the communities needs have been high priorities. A year when the pleasure of watching the new L.O.M. of Macau grow and flourish has bought about a positive determination to continue to strive for excellence.

Congratulations to every member of your organisation and especially to President Paul and his team. Paul's amiable personality and firm leadership have helped to mould a winning team whom have once again shown the Jaycees of Hong Kong to be an example to the Jaycee World.

Barbara and I send our congratulations and best wishes for a successful and enjoyable Convention.

Yours in Jaycee

Brian J Carran
J.C.I. VICE PRESIDENT

Message From JCI Vice-Presidents

It is with great pleasure to send my greetings to all members of the Hong Kong Junior Chamber of Commerce at the National Convention in October.

1985 has been a special year for all of us as members of the Hong Kong Jaycees. At this time, we are witnessing the success of Jayceeism in Macau. We are also witnessing the fruition of our efforts in bringing the benefits of Jayceeism to the young people in our neighbouring communities.

As JCI Vice President coming from this NOM, I feel proud of the contribution that Hong Kong Junior Chamber has made and will continue to make in the development of young leaders in this part of the world - a very worthy mission of Jaycees International, world-wide leadership development organization for young people.

I feel confident that the theme we have chosen "Youth Participation, Better Community Development" will point our way to still further success in our quest to motivate the youths of our community to contribute towards global progress and world peace.

With best wishes for a very successful Convention!

Jennifer Yu
Vice President

Message From JCI Secretary General

The entire staff at the Secretariat joins me in wishing President Paul Cheung and all the members of the Hong Kong Junior Chamber of Commerce a successful National Convention.

We hope that your Convention will reflect the ideals and principles of the organization as well as the achievements of 1985, and that the program will be filled with opportunities for individual and management development and that you will have a lot to celebrate.

Congratulations to all those who will be recognized for their achievements. Let these achievements be a reminder of the hard work done and a motivation to do even more.

Best of luck to the newly elected Board. We look forward to the same cooperation and goodwill which we shared with the 1985 Board.

May you all have a most enjoyable and satisfying Convention.

Sam Willits
Secretary General

Message From HKJCC Hon. Life President

It is gratifying that a National Convention is held in Macau where the first Chamber was chartered only last year. This farsighted decision is bound to attract more young people to join Jaycees everywhere in the worldwide endeavour to work together for peace and harmony, progress and development.

"Youth Participation, Better Community Development" is the timely theme of the Convention. Indeed, enlightened young people are conciously involved in the affairs of their community and invariably lend their best efforts to raise living standards all round. They work for community betterment by personal exertions and choose projects designed to meet the specific needs of the locality.

For Jaycees, achievement means action. And, a positive approach to the role of young people in every society is taken for granted as the first condition of membership. Jaycees must always strive to be a collective force for good where they live and work.

With best wishes,

A. de O. Sales
Hon. Life President

Hong Kong,
9th September, 1985

Message From National President

This year, the 20th National Convention, will signify the growth of Hong Kong Jaycees, not only in experience as this year is our 35th Anniversary, but also in accomplishment.

This convention has a special meaning to us because this is the first convention ever been held outside of Hong Kong. We are grateful to the Macau Jaycees for hosting this special convention for us.

Convention is a time to enjoy fellowship as well as to evaluate past performance, exchange constructive ideas as well as to learn. Therefore, the participation from all of you is of utmost importance in making this convention a success which would certainly uphold our good image with our community as the theme of this convention reflects " Youth Participation, Better Community Developement."

May I take this opportunity to extend my deepest appreciation to the hosting chapter, the Macau Jaycees for their hard work in making this Convention a successful, enjoyable and rewarding one.

Paul Cheung
National President

YOUTH PARTICIPATION—BETTER COMMUNITY DEVELOPMENT

C. Community Area

1. Major Emphasis Theme:
" Youth Participation, Better Community Harmony "

1985 was designated by United Nations as the International Year of Youth, we, being a young people's organisation, have to take the initiative in motivating more youth to participate in various aspect of our community.

All LOMs were encouraged to implement at least one project on this theme.

2. Other Community Development & Youth Activities

The Ten Outstanding Young Persons Selection (TOYP), being the 13th year will be organised by the NOM this year.
Irrespective of the fact that CitiBank, our 1984 sponsor for this project has expressed continue sponsorship for this year's program last year, it is unfortunate that they have not responded to our repeated appeal. Therefore, we have decided to do it on a co-sponsor basis.

X. CONCLUSION

1985 has been so far a year of steady progress. Like anything else, we have encountered obstacles. However, with dedication, whole hearted initiative and understanding from members at all levels, these obstacles were ultimately surmounted. Our members have inherited the many fine qualities and achievement from our predecessors and are able to adopt a positive and constructive attitude to solve problems of the Organisation, consequently, making it a stronger one for the benefit of our members as well as to our community.

Through collective efforts, we have been able to achieve the many targets set at the beginning of the year. To see all of them accomplished will largely depends on our continuous unity and strength as well as perseverance to overcome weakness for the rest of the year. I am confident that we can make it.

The Year of Youth has been a Jaycee Year as we are all, one of them. Local Chapters has responded actively by implementing numerous projects along this area. This has definitely uphold our Jaycee spirit both to the public and to our Jaycees overseas.

In this year of accomplishment, I like to share it with my fellow National Officers who have offered tremendous support. My thanks should go to the various local chapter presidents for their close co-operation. My heartfelt thanks should also be extended to a number of senior Jaycees, namely, Hon. Life President, Mr A. de O. Sales, my Advisor, Past National President Andrew Wong, Past National President Sonny Yu and many others who have been offering unfailing support and assistance. Without your support, my term of office would never been so easy and rewarding.

REPORT TO THE GENERAL ASSEMBLY OF THE 20TH NATIONAL CONVENTION OF HONG KONG JUNIOR CHAMBER OF COMMERCE FROM NATIONAL IMMEDIATE PAST PRESIDENT -- JOHN W.H. CHAN

As the National Immediate Past President and Senate Chairman of the Hong Kong Jaycees for the year of 1985, I have the pleasure to present my report to the General Assembly as follows:

(1) DUTIES

My duty or the role of the NIPP is basically that of advisory to the National Board to ensure that continuity of the NOM on policy matters are maintained. In this respect, I have attended most of the NOM Meetings during which on-the-spot clarifications or advices are given or assistance provided to the NOM Board Members.

(2) CONSTITUTIONAL ASSIGNMENTS

Under the Constitutions of the Hong Kong Jaycees, I have also been given the following assignments:

(a) As Nomination Committee Chairman

In accordance with the By-laws, I act as the Chairman of the Nomination Committee. With the approval of the National President, the following Past National Presidents and Senator have been invited as members:

1977 National President - Senator Y.K. Chan
1979 National President - Senator Sonny Yu
1980 National President - Senator Major Tang
1982 National President - Senator Andrew Wong
1978 YLJC President - Senator S.T. Tang

The Committee will interview the candidates for 1986 National Elective Officers on both their qualifications and eligibility and will present the recommendation to the General Assembly.

(b) As Senators Screening Committee Chairman

In accordance with the Policy Manual, I act as the Chairman of the Senators Screening Committee. The following Senators were invited to sit in the Committee:

Senator Sonny Yu, Past National President
Senator Andrew Wong, Past National President
Senator Florence Wong, Past national Vice Presdient
Senator Tony Sun, Past National Director

The Committee has sofar received a total of five applications for Senatorship and one has been approved. The others are still being considered by the Committee. The application approved by National President Paul and submitted to JCI for approval is from:

Jaycee Henry Chan of Tai Ping Shan Jaycees.

It is envisaged that at least one more meeting of the Committee will be held before the end of this year.

(c) As Senate Chairman

The rank of a JCI Senator is one of the highest prestige in the Jaycees. However, being one of the junior Senators in Hong Kong and occupying the position as Chairman to this senior group of Senators is quite a challenge.

Being an unofficial body without a formal structure, as stipulated in the JCI Constitution, the purposes of the Hong Kong Jaycees Senate are:

- Always for the fellowship of JCI Senators in Hong Kong

- Offer help to the Hong Kong Jaycees whenever needed

This duplicate by courtesy of RANK XEROX

YOUTH PARTICIPATION—BETTER COMMUNITY DEVELOPMENT

- Under no circumstances to interfere with the administration of the Hong Kong Jaycees

- Always enjoy the individual status of a JCI Senator in relation with other JCI Senators worldwide

So far this year only one Senators' gathering was held on May 10th and this was dedicated in honour of Senator Roger Lobo, also a Past National President, in commemoration of his conferred a Knighthood by Her Majesty, the Queen on the New Year Day.

The next Senators' gathering will be held during the 20th National Convention on October 5th in Macau.

For the first time in the history of the Hong Kong Jaycees Senate, a Newsletter was published in May. It is hoped that another issue will be released in October. The objective is to keep all our Senators in Hong Kong informed on the current affairs of the Senate activities locally and worldwide.

(3) INTERNATIONAL

(a) The 4th Asian Pacific JCI Senators Conference was held from May 26th to 27th at Kaohsiung, Taiwan. Ten Senators including Senator Sandy Ogawa attended this Conference. The 5th ASPAC JCI Senators Conference will be held in Pusan, Korea during the JCI Asian Pacific Conference.

(b) Senator Jennifer Yu from the Hong Kong Jayceettes was elected as JCI Vice President for 1985.

(c) Senator John W.H. Chan from the Victoria Jaycees was elected as Chairman of the JCI Asian Pacific Development Council for 1985.

(d) Senator Andrew Wong from the Kowloon Jaycees was appointed as the Special Assistant to the JCI President for liasion with UN agencies in Asia for 1985.

YOUTH PARTICIPATION—BETTER COMMUNITY DEVELOPMENT

(4) OTHERS

(a) Hong Kong Senators Handbook and Directory

The pocket-size handbook and the loose-leaf directory will be updated. New copies will be printed and circulated to all Senators.

(b) Macau Jaycees

An additional assignment was given to me this year as the assigned National Officer for the newly established chapter, the Macau Jaycees. Macau Jaycees is the 15th LOM of the Hong Kong Jaycees and the first Jaycee organization in Macau. Under the capacle leadership of their Charter President, Jaycee Robert Chung, and his dedicated Board Members, this LOM is progressing very well. Adequate trainings for members are being provided with speakers from the senior Jaycees of Hong Kong. Internal fellowship meetings and community projects are also organized and well attended and participated by their members. Another significant project that the Macau Jaycees is undertaking is the hosting of the 20th National Convention of the Hong Kong Jaycees. I am confident that this Convention will be one of the best in the Hong Kong Jaycee history. It is also hoped in the very near future, the Macau Jaycees can be fully affiliated with JCI as a NOM.

(5) CONCLUSION

It has been my great pleasure working with the current NOM Board Members this year especially with a capable National President, Paul Cheung. I wish to extend my appreciation and gratitude to those who have assisted me throughout this year.

Interview by Judges : November 1 to 2
Announcement : November 10
The Award Banquet : November 30, 1985 at Sheraton Hotel

It is very discouraging to note that despite the fact that our last year's sponsor CitiBank had expressed interest to sponsor this project in 1985, we have not yet received any indication of either a Yes or No to our repeated requests for confirmation.

Accordingly, we have decided to proceed with the project on a co-sponsor basis.

3. Assigned LOM - Queensway Jaycees

Having been assigned to assist in the developement of Queensway Jaycees, I am proud to report that this chapter has been progressing well. REPORT FROM NATIONAL VICE PRESIDENT (INDIVIDUAL) - DANNY MUI

As National Vice President for 1985, I was assigned to be responsible for the training area of activities as well as to assist and co-ordinate with the 4 local chapters, namely Peninsula, Tai Ping Shan, Bauhinia and East Kowloon.

On this occassion of the 20th National Convention, I take pleasure to submit my report as follows:-

Assigned Area

The planned 1985 training projects are as follows:-

1. LOM Officers Training School
2. Training for Trainers
3. Training Workshop/Camp)
4. Interchapter JC Quiz) hosting right to be bidded by LOMs
5. Parliamentary Procedure)

In addition, it was also planned to develop a training squad. The idea was to provide more practical training particularly in the aspect of needs at LOM/NOM levels for future leaders at LOM/NOM levels.

The above projects have all been completed with the exception of Interchapter JC Quiz and Parliamentary Procedure. The above two projects were resolved by the Executive Committee not to carry out mainly due to lack of interest from LOMs disregarding that the dead line for bidding entry had been extended twice, and no bid entry was received for the Interchapter JC Quiz and only one bid entry was received for Parliamentary Proceedure. This bid entry was resolved by the Executive Committee as not to their requirements and therefore was considered unsuccessful.

The training Workshop/Camp was hosted by the Hong Kong Jayceettes in a form of training workshop namely "The ACES" which was a two-day programmed workshop designed to fully utilise the idea of the training squad.

The result of this workshop is satisfactory as most of the participants agreed that they were benefited from the programme as it was very practical. Participants were expected to extend what they have learned to their own chapters.

To conclude, I would like to express my heartfelt appreciation to my hard working Director, Maureen Yu and all those who had rendered me support and assistance throughout the year.

THEME

In the beginning of the year, the HKJC has adopted the Major Emphasis Theme " Community Development Through Youth Participation ". During the first joint CD/YA Directors' meeting, it was suggested that each LOM will assign a representative to form an organising committee to launch a NOM Theme project for 1985. However, this idea was turned down by the representatives present at the meeting. The reason is being that most LOMs are lack of manpower and secondly, each LOM might has its own project. Finally, it was decided that the 'Theme Programme Week' to be incorporated within the Jaycee Week. Theme projects launched by individual LOM during that period will be publicized within the Jaycee Week supplement as well as promotional pamphlet.

Report From National Hon. Treasurer

I submit the following highlights on the financial area of the Hong Kong Junior Chamber of Commerce in the past 8 months. Also forms part of my report is the attached photocopy of Income & Expenditure Statement ended 31st August, 1985.

1) Income

1.1) National Dues

In last year's National Convention, it was resolved to increase membership dues to the National from $140 to $160 per annum starting 1st January this year. The background for such increase was to justify inflation on administration expenses and also to meet extra running cost & maintenance charge incurred for the newly acquired personal computer.

However, despite the increase in dues, membership number has shown a decrease from budget. As a result of this, total proceeds received were behind forecast.

1.2) Interest Received

Interest income for the first 8 months of the year was behind target which was a result of the reduced bank interest rate.

2) Inaugural Ball

Our yearly fund raising project, the Inaugural Ball, was held on 10th February at the Hilton Hotel. Guest of honour for this special occasion was Mr. Hilton Cheong-Leen, Chairman of the Urban Council. Attendance in that evening was excellent and we succeed to raise an amount of $57,150.65.

Taking this opportunity, I would like to forward my sincere gratitude to Project Chairman Miss Dorothy Wong & her hard-working committee members. Without whom, the event could not be that successful.

3) Purchase of Fixed Asset

An IBM compartable PC was purchased for NOM Secretariat administration. This together with a computer table are classified as newly acquired fixed asset for the NOM.

4) Chamber Office Fund

Each new member upon joining Jaycees, is required to contribute $100 to the Chamber Office Fund. The deployment of this fund account is basically for the improvement of facilities in the Jaycee office. Example being our recent purchase of a new air-conditioner in the NP's room. Future office renovation will also utilize funds from this account.

5) Expenditure

Both administrative & activity expenditures are kept in line with budget.

HONG KONG JAYCEE IN RETROSPECT

This is a very special corner that appears in every issue of newsletter and 'Harbour Lights' this year. It extracts an article from previous 'Harbour Lights' and News Bulletin on certain fabulous and meaningful projects undertaken by our predecessors. The purpose of incorporating this corner is twofold: for one thing is to bring back the memory of those good old days and at the same time, through this lively narration of part of the glorious history of HKJC, it generates a stimulation for our members to strive for a better and more glorified HKJC.

ACKNOWLEDGEMENT

My heartfelt thank goes to the Editorial Committee, for their talents and contributions that make the year-round publication smoothly proceeded. Without their effort, I could not have had this unmemorable experience of being the 1985 National Publication Director.

Thanks to the Chairman, Jaycee Antonio Lam of Kowloon Jaycees and his hardworking committee for having organised such a successful gathering.

5) *Jaycees Week*

consciousness and responsibility among young people in Hong Kong. Funds were raised to subsidize 20 projects selected by the organizing committee. This theme project comprised of the following sub-projects:

Project-One: Walkathon; Project Two: Seminar on District Board Election in Hong Kong; Project Three: Seminar on "Volunteer Service" in Hong Kong; Project Four: Orientation. Finally, the best project was selected based on a set of assessment criteria.

(b) "Family Education - Toward a Better and Prosperous Life" Workshop: This one-day workshop was coorganized with Catholic Marriage Advisory Council for Jaycees and their friends. The following topics are covered: The essence of communication, human relations, and the golden rules for successful marriages.

(c) "Swim for Charity": The project is a response to Hong Kong Community Chest Fund's appeal to raise funds for the underprivileged. VJC is the sole registered organizer among the 15 LOMs. A total of 10 swimmers participated in this charity swim which enabled us to raise $4,975 for the Community Chest.

(d) "PHAD Camp": This camp will be coorganized with LD Commission in November.

3. Leadership Development

A series of LD projects were organized under the "Sparkling Youth" Theme:

(a) "Sparkling Youth - The Eloquent Dancer" Course: This project was mainly aimed at raising funds for the Sparkling Youth Series. A total of 85 persons participating in the course which successfully raised $10,225.

5. Youth Activities

(a) "Anti-Narcotics Campaign for Youth: Authoring and Singing Competition": This project is in response to the immense social problems of youth 'drug-addition' in Hong Kong to-day. It aims to arouse youth interests in participating in an anti-narcotics song creation contest. A press conference on this project was held in July. The project is scheduled to be completed on September 21.

8. Membership Extension

Extension: The First Board Meeting had resolved to set a target membership of 135 by the end of 1985, a net increase of 30. Up to 31st August, we had already achieved 90% of our target. Admission criteria for PM's remain unchanged as compared to that of last year. In order to qualify for membership, a PM will have to attend an orientation, at least two fellowship meetings and active participation in at least one project. All PM's are guided by assigned Board Members.

Orientation: At time of writing this Report, two orientations were conducted. First orientation was held in February and the Second one in August. More emphasis is placed on round-table discussion this year with interaction between PM's and Board Members/Past Presidents who were invited to participate in the discussion.

Training: PM's and members were actively involved in various projects and activities. This year, LD Commission had compiled two sets of training materials entitled "Study Material on Implementation of Projects" and "Study Material on Parliamentary Procedures" for distribution to members.

Rentention: This year we had re-activated a few 'sleeping' members through personal contact and better organization of programs in our Monthly Fellowships. Some senior members were invited to be advisors of various projects. A new "Outstanding Senior Member Award" will be presented to a Senior Jaycee for their contribution to the Chapter.

9. Ways and Means

Three successful fund-raising projects were organized for the year.

INVOLVEMENT WITH LOMs

VJC strongly encourages its members to attend functions of other LOMs. We had participated in the "Inter-Chapter Basketball Tournament" jointly organized by Yuen Long and Bauhania Jaycees in June (VJC won the Male Championship.) VJC also joined hands with Yuen Long Jaycees to form a female team to participate in the Boat Dragon Race. In addition, VJC had jointly organized a "One-Day New Territories Tour," with Kowloon Jaycees and held a Joint Fellowship with Dragon Jaycees. We also organized an "Eloquent Speakers - Interchapter Public Speaking Contest" in our Sparkling Youth Series. Almost all our functions are open to members of other LOMs.

VJC participated in all the major functions of other LOMs, i.e. Kowloon Jaycees' "20th Anniversary Ball," Hong Kong Jayceettes' "5.5 Spectacular," Peninsula Jaycees' "Young Beat 518", etc. We also sent representatives to witness the birth of a new provisional chapter - The Inaugural General Meeting of North District Jaycees on September 8.

EPILOGUE

1985 has been a year of challenge and achievement for VJC as amply demonstrated by the projects we launched and the programs we implemented. I wish to thank Members of my Board of Directors who have given me full support during my term of office. They not only carried out the programs as planned, but executed them expertly. Their superb performances are widely acclaimed and recognized. I think the most essential aspect of our current Board is that esprit de corps always prevails. My predecessor Jaycee Justein Wong had given me much needed help. My advisors Senate Mark Cheng, Jaycee Alex Chang and Jaycee Christopher Yip also coached me in one way or another. To all of them I record my special thanks. Last, but not the least, I wish to thank NP Paul Cheung and Supervising NVP Patrick Cheung for the invaluable advices rendered me.

REPORT FROM THE PRESIDENT OF HONG KONG JAYCEETTES

I) FOREWORD

1985 was unique and non-descript. We all started out bearing the same ambition of upholding the engaging image of the Hong Kong Jayceettes, and training up more capable leaders for tomorrow. We eventually landed on the same premises although our pace slackened at occasional periods; and it is happy to see that the year ends satisfactorily.

3) In view of the fact that the new officers including myself were all relati green and inexperienced in LOM management, several senior members were invi to be our advisors, namely Senator Florence Wong, Joyce Tzang, Annie Tsui, Kitty Leung, Evanda Li, Emily Auw, Emily Ma, Past President Annie Lui and above all Senator Elsa Leung who had given me such a big hand in preparing myself for the election before she migrated to Canada in January this year.

YOUTH PARTICIPATION—BETTER COMMUNITY DEVELOPMENT

4) On top the advice we received from the panel of advisors, my Presidential Advisor Senator Nora Cheng had been most generous in sharing her expertise with the Board of Directors and tiding us over our difficulties. I am also grateful to Senator Nora for sparing much of her time and effort to chair the Hong Kong Jayceettes Trust Fund Committee for the period 1984-1986. Of course, other members of the committee comprising Senator Jennifer Yu, Senator Emily Ma, Jayceette Vanky Yip and Christine Lim Ip had also contributed remarkably towards the management of the Trust Fund and the allocation of subsidies to LOM projects as they met thrice during the year.

5) This year, new members were appointed to serve at the Long Range Planning Committee chaired by IPP Maureen Chu Lo for a period of two years until 1987 and they were Senator Nora Cheng, Senator Florence Wong, Senator Emily Ma, Past President Annie Lui, Jayceette Maye Wong and Shirley M.K. Chan. Two LRPC meetings were held in March and July when sets of recommendations for improving LOM's management were forwarded to the Board of Directors for perusal.

III) MEETINGS

Throughout the year, meetings of varied nature were held from time to time to deal with matters arising from Chapter's administration and project management.

1) Executive Committee meetings were held to review progress on LOM's activities, to evaluate performances and to set future plans.

2) A Director's meeting was held in November 1984 to adopt proposed plans of action for 1985.

3) Board of Directors meetings were held on every second Wednesday of each month.

4) Monthly Fellowing Gatherings were held on every third Wednesday of each month to share LOM's news with general membership and to improve communications between the seniors and juniors. Unlike previous years, the venue of the MFGs changed every other months and the content varied to provide more choices.

5) An Award Judging Committee meeting was held in January to adopt the awards for the year and to recommend list of projects for bidding at Convention, Conference and Congress. Another meeting would be called in late October to screen the nominations for LOM's awards.

6) An Annual General Meeting was scheduled on September 14, 1985 to receive reports from the 1985 officers as well as to elect 1986 officers.

IV) FINANCE

The Hong Kong Jayceettes remains in a sound and healthy financial position throughout 1985; and a substantial amount has been raised during a Fund-raising Dinner Show held in May to finance all major projects and to cover administrative expenses.

To offset the inflation upsurge, membership dues was adjusted to $300 per annum with effect from January 1, 1985.

V) PROJECTS AND ACTIVITIES

One of our major tasks for 1985 was to train up more potential leaders within our organization. To achieve such goal, we created as many opportunities as possible in the areas of Community Development, Management, Individual and Internationalism for the members to experience and appreciate the essense of leadership personally.

YOUTH PARTICIPATION—BETTER COMMUNITY DEVELOPMENT

1) Community Opportunity

A) Community Development

The well-being of our community is built upon the people and out of the 5.7 millions, almost half of them are females and yet the potentialities of women have never been fully brought to utilization for the benefit of our community.

A Community Development project bearing the title of "Portrait of Today's Women" was therefore co-ordinated in early March to examine the plight of women in today's society and to arouse public's awareness on the contributions women can have for our community as major human resources. The project opened with a public survey and personal interviews from June to July; and wrapped up with a symposium on August 17, when a summary of survey findings was released.

B) Youth Activities (Theme Project)

In response to the International Youth Year and the major Emphasis Theme of the National, a Theme project was specially organized. Entitled "Participation, Youth In Action", the project aimed to educate the local youths on the future development of the Government, to encourage their active participation in local regionalization as well as to motivate them to shoulder the responsibility of educating their peers on civic-mindedness voluntarily.

Subsequent to rounds of stage competition, the outstanding teams were chosen at the Award Presentation evening on August 3, 1985.

C) Economic Affairs

Hong Kong's economy had been suffered enormously from the unfavourable political climate since 1983, and so were the advertising industry. Advertising is said to have a tremendous impact on the consumer's behaviour, but has such power shrunk due to the plunge of the industry? To answer the question and to seek clarification on whether advertising is consumer's guide, an Open Forum named "Advertising - Consumer's Guide?" was held on August 10 to allow both professionals and members of the public voicing their opinions.

2) Management Opportunity

A) Membership Extension

(i) This year, more prospective members were referred by NOM but only a few stayed due to the fact that many of them favoured a Chinese speaking LOM or a mixed Chapter. Fortunately, we managed to attract a great number of new members through the effort of our membership officers. A poster depicting the history and activities of the Hong Kong Jayceettes was printed and posted up at every occasion when our major prcjects were launched.

(ii) The membership team had also put up enormous time and patience to pamper the baby Jayceettes before and after they were inducted. So far, 3 out of the 6 orientations were held and each Prospective Member was given opportunities to acquaint themselves with LOM's objectives and organization, to practise project management and to make friends through the training package comprising orientation, pre-induction seminar, fellowship gatherings, and PM projects. In the past months, 3 PM projects were completed i.e. Visit to the Home for Elderly, June Discovery and a launch picnic.

This duplicate by courtesy of RANK X

YOUTH PARTICIPATION—BETTER COMMUNITY DEVELOPMENT

(iii) Retention was another major area of work that called for full attention from the membership officers. Other than asking the seniors to act as advisors to individual areas or projects, experienced members were invited to speak at different occasions so as to close the gap between the old and the young. Invitations were also extended to every member to participate in various functions which were tailored to suit their diversed tastes.

B) Public Relations

(i) The Hong Kong Jayceettes has always impressed the public with its dedication to leadership training and concern in community development. To uphold such positive image, we have chosen to participate in more open events organized by other local establishments e.g. the Walk for Million hosted by the Community Chest. However, we did not send a team to this year's International Dragon Boat Race in view of limited resources, both in terms of money and manpower. One other means of promoting ourselves was to gain as much publicity as possible on all local media whenever a major project was launched; and the result was encouraging.

(ii) Internally, we had been very successful in building up new ties with other LOMs. Joint venture were co-ordinated with the Kowloon and Dragon Jaycees and another one with both Victoria and Yuen Long Jaycees would be coming up in late September. These events were not only instrumental in bringing us and our counterparts together, but also effecting a closer link between the Jayceettes. Of course, we offered other choices such as a visit to Garden Bakery a Bonsai class and a fun-filled 16th Anniversay Celebration party to our members for sharing the fun together.

C) Records and Recognition

(i) The following awards were adopted for the year 1985:

Most Outstanding Board Member
Most Outstanding Project Chairman
Best Project of the Year
Most Outstanding Jayceette
Most Promising New Jayceette
Jayceette Next Door
Best Contribution to Membership Extension
Best Attendance
Best Prospective Members' Project

(ii) A bid-book seminar was held in June to equip members with the necessary knowledge and skill in compiling bid books for Convention, Conference and Congress.

J) International Opportunity

A) Sister Chapters

To maintain a good relationship with our sister LOMs, greetings and communications were exchanged with them regularly. A brief meeting with the Kaohsiung Jaycees, Yokohama Jaycees and Manila Jaycees at this year's Asia Pacific Conference also enhanced a better understanding among us. A total of 8 Jayceettes attended the Conference at Kaohsiung.

This duplicate by courtesy of RANK XEROX

B) Asia Pacific Lady LOMs Council

As the Permanent Secretariat of the Council, we assisted this year's Chairman the Taipei Jayceettes in co-ordinating the meeting during Conference period. In addition to our duty of preparing the APLLC Newsletter which was circulated to all Council members in May, we were further entrusted with the responsibility of collecting memberhsip dues on behalf of the Hon. Treasurer of the APLLC.

C) Our Past President, Senator Jennifer Yu was successfully elected to the post of JCI Vice President for 1985 at the Montreal Congress.

D) 10 Jayceettes participated in the welcoming reception of this year's Japan Youth Voyage when the delegates boarded Hong Kong for a brief stay.

4) Individual Opportunity

A) Leadership Development

Bearing in mind that a leader has to be physically, mentally and practically fit for surviving all challenges, the training team initiate a comprehensive package for members including the "On-Your-Mark to Leadership" Workshop, a "Management Module", an "Orienteering Programme and pre-induction seminars.

B) National Training Workshop

We were happy to have granted the hosting right of NOM's Training Workshop on August 24 & 25, 1985. The Workshop bore a title "The Aces' and was meant to provide intensive training to those Jaycees who were likely to take up key positions in LOM's organization despite their limited seniority. This project was smoothly executed subsequent to the support and advice rendered by Past National President Senator Sonny Yu and the National Board as well.

VII) INVOLVEMENT WITH LOMs

A) 1985 saw greater involvement of the Jayceettes in organizing joint activities with various LOMs. The Fellowship Gatherings with the Dragon and Kowloon Jaycees; and the mid-Autumn Festival party with the Yuen Long and Victoria Jaycees effected a closer relationship among the members.

B) Some of our senior members, too, were invited to speak at various occasions namely Senator Nora Cheng spoke at City Jaycees Bid-Book Seminar and IPP Maureen Chu Lo at Yuen Long Jaycees' Orientation. Our members also took great interest in attending other chapters' function throughout the year. Of course, the Jayceettes never failed to take part in the Annual Singing Contest organized by the City Jaycees.

VIII) ACKNOWLEDGEMENT

With our bare hands, the 1985 Board of Directors managed to uphold the good deeds of our predecessors and make progress during 1985. There is hardly any appropriate words or phrases of recognition which I could find to appreciate their efforts. They have all been very co-operative, helpful, patient and above all dedicated. I think they deserve a round applause from every one of us. I am also deeply grateful to my Presidential Advisor Senator Nora Cheng for backing me up throughout the year; and to all seniors for lending their helping hands at times of adversities. To satisfactorily implemented all our endeavours, the material and spiritual supports received from our sponsors, fellow Jaycees and all Jayceettes were indispensable. I really appreciate their generous contribution and sincerely hope that they would be with us for the years to come.

It was flattering to be the President of the Hong Kong Jayceettes, one of the most outstanding leadership training organization in the world. I started out naked but finished off comfortably clothed with experience that I could not possibly get elsewhere if I had not chosen to take up the top position. I shall always be grateful to all of you who had given me the opportunity. Thank you!

(六) 會務概況：

自接任會長以來，深感推行會務有一定困難，包括部份資深會員對會務失去興趣，及部份新加入會員對青商認識太淺。故理事會特定方針，就是先行挑頓會員質素，將部份已完全失去青商興趣之會員刪減，及對會員基本青商訓練加強。推行至今已略見成效。希望在未來日子裏隨着大型工作計劃進行，而漸見成績。

(七) 總結：

縱觀上述會務發展，尚能穩步前進，實有賴理事會同人及會員齊心協力，事事以會方爲重，始能得到目前成果，希望各會友本着城市精神，繼往開來，使城市之光照耀香江。

YOUTH PARTICIPATION—BETTER COMMUNITY DEVELOPMENT

REPORT FROM NORTH DISTRICT JAYCEES

In a place like the North District of The New Territories in H.k., with a young and growing population, there is a need for the existence of a public organisation which can offer the young people of the district some sort of development opportunities.

With this idea in mind, the North District administrators came up with the question: How is such an organisation to be found?

It did not take them a long time to realise that The Jaycees, which calls itself a development organisation for young people, could be the answer.

Thus began the dialogue between The North District Officers, and interested parties in the district such as the HKJCI.

The proposal was warmly welcomed by the organisation which provided us with so much guidance and assistance in pushing ahead with the idea.

YOUTH PARTICIPATION—BETTER COMMUNITY DEVELOPMENT

An orientation meeting was convened to introduce us to the development history, the spirit and past achievements of The JAYCEES. The organisation also sent its development officers to help us set up the organising committee. And finally, a team of ten members was formed to work towards the goal of establishing another newchapter for The HKJCI in this district.

We called ourselves The North District Jaycees.

It was the original idea of the North District Administration to have a public organisation which can create for for the young people in the district, opportunities to develop themselves, and, in so doing, develop the community.

This idea found its alliance in the JAYCEE spirit.

In setting up this new chapter, both The North District Administration and The HKJCI found their common goal.

Then how did we as organisers view ourselves and our involvement in this?

YOUTH PARTICIPATION—BETTER COMMUNITY DEVELOPMENT

The JAYCEE spirit was unfamiliar to most of our team members. We were inexperienced in community work. What held us together was our zeal and enthusiasm to be of service to the community. We were not afraid to err. What we longed for were the opportunities to realise ourselves in the process of learning. That is the principal we would cling to in the future work of our Chapter.

In terms of the development of The JAYCEES itself, The North District is a place of great potential. There are as yet many unexploited resources to be developed. With the support of the district administration, I believe that our organisation has everything to its' advantage for the extension of its' influence and service.

I am pleased to announce that the first General Meeting of The North District Jaycees was held on Sunday 8th of September, at which time the various officers were selected for the coming year.

Lawrence Ng.
President.

PURPOSES:	The purposes of the Jaycees, as outlined in the JCI Constitution, are to "contribute to the advancement of the global community by providing the opportunity for young people to develop the leadership skills, social responsibility and fellowship necessary to create positive change."
HISTORY:	The organization was founded in St. Louis, Missouri, U.S.A., by Henry Giessenbier on October 13, 1915. His idea spread and on December 11, 1944, representatives from eight nations met in Mexico City and the world organization — Jaycees International (JCI) — was founded.
1985 PRESIDENT:	Victor J. Luciano of the Philippines.

THEME:	Each year, Jaycees International adopts a major emphasis theme program which is implemented on a worldwide basis. The theme that is selected relates to a major problem or problems with universal significance. In this theme program members can select from a number of specific projects that are most relevant to the needs of their respective communities. The theme program adopted for 1984 is NORTH-SOUTH COOPERATION THROUGH YOUNG PEOPLE. It is somewhat unique for an organization like Jaycees International to become so involved in such an enormous issue, but, as a leadership training organization, it has the responsibility of directing this leadership and community initiative into a program that is based on the search for a better world balance and, ultimately, world peace.
AREAS OF OPPORTUNITY:	This concept promotes the adoption, by national and local organizations, of a balanced program of activities which will offer the membership: individual, management, community and international opportunities.
RIGHTS OF THE CHILD:	JCI recognizes and supports the United Nations Declaration of the Rights of the Child. In 1979, Jaycees throughout the world conducted programs which directly affected the lives of more than eleven million children. In 1985 and subsequent years, national and local Jaycee organizations will conduct permanent and continuing programs to assist with providing for the basic needs of children as set out in the Declaration.

Hong Kong Jaycees History

The Jaycee Movement reached Hong Kong in 1949, when a Philippine Jaycee John Ng who was the Special Liaison Officer of the JCI 5th Congress and was charged with the mission of converting Hong Kong to Jayceeism arrived in November. Through the introduction of his cousin, Mr. Alex Ng, a Jaycee Senator still, Mr. John Ng was presented to Rev. E. Bourke, former director of Wah Yan College, Hong Kong. A meeting was then arranged for him to meet a group of young businessmen. During the meeting, Mr. John Ng's explanation of the aim and purpose of the Jaycee movement succeeded in firing the imagination of his audience. Eight days later, sponsor group of the Hong Kong Junior Chamber of Commerce was formed and Mr. Paul Lim was elected as Convenor of the organizing committee. Mr. Austin Coates from Hong Kong Government, then an Assistant Colonial Secretary of Hong Kong, was assigned to serve as Advisor to the Organizing Committee.

The tempo of laying the foundation of the Chamber was further stepped up when in Ramon V. Del Rosario, the JCI Vice-President for Asia, offered to recommend prompt recognition of the Hong Kong's Jaycee membership status. He also invited the Organizing Committee to send observers to Manila to attend the JCI 5th Congress. On 21st March, 1950, a sponsors meeting was called to receive the report of the return observers from Manila. The account of their vivid experience gave Hong Kong a deeper insight into Jaycee movement. YOUTH PARTICIPATION—BETTER COMMUNITY DEVELOPMENT

A Brief Introduction of Hong Kong Jaycees

In 1950, Hong Kong was recovering from the last World War. There was an urgent need for local community leaders to enhance its economical and social development. But how to train up young men who aspired to become community leaders? Casting their eyes abroad, a group of young men found the Jaycees international – an organization of young people for leadership training. Thus, in 1950, with the help of the Philippine Jaycees, Hong Kong Jaycees came into being and was officially affiliated to JCI in 1951.

Immediately after its formation, Hong Kong Jaycees showed its strength and enthusiasm by hosting the 1951 JCI Regional Conference for Asia – the first of a string of JCI Regional Conferences held in this dynamo of a city.

In the decade that followed, Hong Kong Jaycees gradually and steadily came into international limelight. In 1952, the first JCI Vice President from Hong Kong (J.S. Lee) was elected. In 1956, another Hong Kong Jaycee, A. de O. Sales, was elected JCI World President. 1962 was a hallmark in Hong Kong Jaycee history because we hosted the 17th JCI World Congress in that year.

In the course of the next few years, more and more young people were benefited by the Jaycee organization which offered more training opportunities for their members. In 1965, two local chapters were affiliated to the national organization. Upto the time, we now have 13 local chapters and two provisional chapters with about 1,000 members.

Victoria Jaycees

Formed in 1965 and being the most senior chapter in Hong Kong, Victoria JCs continue to assume the responsibility of maintaining a high standard in the members recruited and the projects planned.
