The JCI Creed

We believe:
That faith in God gives meaning and purpose to human life;
That the brotherhood of man transcends the sovereignty of nations;
That economic justice can best be won by free men through free enterprise;
That Government should be of laws rather than of men;
That earth's great treasure lies in human personality; and
That service to humanity is the best work of life.

History of the Creed

The year was 1946; the place, Milwaukee, Wisconsin, U. S. A.; the event, the United States Junior Chamber National Convention. Visitors came from Canada, Mexico, South America, Europe and the Philippines Islands. It was here that the idea of a JCI Creed was born.

Past President of the Ohio Junior Chamber and National Vice President of the United States Junior Chamber C. William Brownfield realized at this convention that the organization did not have a Creed. He was inspired by the devotion of Junior Chamber members "to the purpose of serving mankind in a thousand different ways, right down the grass roots where freedom lives or dies."

Brownfield saw Junior Chamber as "the potential for a new force in the world, one capable of changing the balance between victory or defeat for our chosen way of life in a time of crisis."

The actual writing of the Creed took place in July 1946 during a drive from Brownfield's hometown of Columbus, Ohio, to his coal mine in New Lexington, a journey of about 75 minutes. He started that journey with a firm conviction in his mind to work on the Creed. It was during that trip that the following words came to mind and were on paper:

The brotherhood of man transcends the sovereignty of nations.
Economic justice can best be won by free man through free enterprise.
Earth's great treasure lies in human personality.
Service to humanity is the best work of life.
In 1950 the first line, "We believe that faith in God gives meaning and purpose to human life." was added.

Since the Creed was written, Junior Chamber members all over the world recite the Creed at local, national and international meetings and functions. During that time there has been much discussion of the interpretation of the Creed. The author himself said, "Every member is free to interpret the Creed in the light of his own conscience."

Message from National President Junior Chamber International Hong Kong

Past days in this year turned to be new pages for me and my Board of Directors. We are grateful being given the opportunities to render our services to our beloved organization and the community.

We made a good start by having a successful inauguration that was officiated by our Guest of Honor, The Hon. Elsie Leung GBM, JP, Secretary for Justice, and was attended by a number of honorable guests. My heartfelt thanks should go to Inaugural Ball Chairlady Senator Judith and her hardworking Organizing Committee who made not only things happen but also achieved a mission from "Impossible' to "Possible." Thanks to the support of our members, notably our Past National Presidents, LOM Presidents and senior members, whose generosity contributed to a sizeable fund for the NOM. The fund raised will be used for the purchase of a new club house and launching of projects.

Thanks should also go to the Trustee Committee of the NOM, and Past National President Senator Louise Chan, Chairlady of Sales and Purchase of Club House Committee. Their endeavors are making our wish for a new club house become true. We are now progressing actively in the selection of new premises, and we expect to have a new home in the coming months.

This year will mark other new pages. Our organization will be renamed the Junior Chamber International Hong Kong, that better reflects the fact that our organization is part of the family of an international body. We will follow up the various resolutions passed by the General Meeting last year. As the admission age of our members is changing from 21 to 18, our membership force will understandably turn to be younger and undoubtedly, more energetic.

JCI President present the "JCI Pin" to NP Frank Pak

Our theme this year is "Entrepreneurs in Action". Entrepreneurship embraces strength built upon meritocracy, leadership and professionalism, that would sail off towards the areas of membership, finance, public relations and leadership development. We are now strengthening our interaction with other community bodies and the District Offices, and seeking opportunities of collaboration, that are to turn our action into vigor and our relations with them into mutual achievements.

The previous year, troubled by the SARS and wars in the Middle East, was an extraordinary year for the world, so for Hong Kong and our Junior Chamber. Thanks to our predecessors whose hard work and effort have laid a sound foundation for us to ride on, we went through this difficult year with ease.

Let's progress together. Love being in Jaycees and with it. Wishing you all the best and have a prosperous and fruitful 2004.

Inaugural Ball 2004

The Inaugural Ball 2004 was successfully held on 10 January 2004 at Sheraton Hotel. It is our greatest honor to have The Honorable Ms Elsie Leung Oi-sie, GBM, JP, Secretary for Justice, HKSAR, as the Guest of Honor. The attendance was very encouraging which exceeded 320. Numerous VIPs were present to show support to the JCIHK, including Rotary International District 3450 District Governor, AIESEC President, TOYPA representative, and delegations from Macau JC and Japan JC. Apart from the solemn installation ceremony, a fantastic auction was held to raise fund for the purchase of new chamber office. Another highlights of the event was the fundraising film show entitled 「青商無間」 starred by the 2004 NOM EXCOM. It was an unprecedented breakthrough of JCIHK as it was the first film produced by JCIHK. Favorable comments were received from members.

The great success of the Inaugural Ball was attributable to the active participations from members and the generous donations from sponsors, PNPs, NOM officers and LOMs. Without your support, it was impossible to complete this "Mssion Impossible" within 7 weeks. Taking this opportunity, I would like to extend my heartfelt appreciation to the creative and dedicated Organizing Committee members.

JCI President Visit to Hong Kong

Visit to Hong Kong: It was great!

On February 9, JCI President Fernando Sanchez-Arias arrived in Hong Kong and was met by National President Frank Pak and National Executive Vice President Arthur Lui for what was to be an outstanding visit.

At a festive Dinner Reception at the World Trade Centre Club, the JCI President enjoyed the company of more than 80 JCI Hong Kong members, an average of three members per local organization. Among the attendees were several national and local officers and former officers.

Early morning on February 10, President Sanchez-Arias, a Tai Chi Master, surprised many by practicing Tai Chi with the general public. Following a visit to the JCI Hong Kong headquarters, Sanchez-Arias, accompanied by several national officers, visited Mrs Rita Fan, GBM, JP President of Legislative Council. They discussed various important issues, focusing mainly on JCI and on how local citizens could benefit from the organization.

In the afternoon, again with several national officers, President Sanchez-Arias met with Philip Pang, Executive Chairman of Zung Fu Company Limited, the sole agent of Mercedes Benz in Hong Kong. Philip Pang, a senior JCI Hong Kong member, plays an advisory role in the Hong Kong Special Administrative Region (SAR) Government.

At 5:30 p.m., President Sanchez-Arias left Hong Kong on a ferry for Macau in the company of Executive Vice President Arthur Lui.

Back in Hong Kong

On the evening of February 11, President Sanchez-Arias was back in Hong Kong to conduct a Training Seminar at the Hall of China Chamber of Commerce on the topic "Presentation Skills. " A total of 102 members had the opportunity to attend this seminar, where they learned how to present themselves in alignment with the new JCI image. They found the seminar informative and inspirational.

After conducting this presentation, President Sanchez Arias departed Hong Kong for Dhaka, Bangladesh.

Back in Hong Kong Again

On February 15, President Sanchez Arias was back in Hong Kong. After religious services, he attended a lunch meeting with the Senior Members Club of JCI Hong Kong. Together with National President Frank Pak, he and the senior members enjoyed a frank discussion on the organization and on various ways to contribute to its development and growth. After the lunch meeting, President Sanchez-Arias conducted a working meeting with 18 local presidents.

In the evening, President Sanchez Arias was delighted to be present at the inauguration ceremony of the Yuen Long Junior Chamber, attended by at least 50 JCI members.

It was great!

Although challenged by a tight schedule and multiple entries and exits, President Sanchez-Arias' visit to Hong Kong was extremely well organized and productive. President Sanchez-Arias was pleased that he had been able to meet with several national and local officers, as well as with many local members, and had had excellent opportunities to promote JCI Hong Kong and JCI during this visit.

"It was great!" President Sanchez-Arias said, and requested that this visit be used as a benchmark for future visits.

Fund Raising for New Chamber Office - 10km Race in Standard Chartered Marathon

In a rainy and chilly early morning on February 8, 2004, NP Senator Frank, NEVP Senator Arthur, NSG Felix and NHT Yury marched out a decisive step for our New Chamber Office. In the past one month, a tailored made donation box was circulated amongst the NOM and LOMs' events with our National Officers appealing for support for funding toward the purchase of our new chamber office.

To get ready for this exciting day, NP Frank and other three National Officers went through highly intensive training program for nearly one month. Under extremely cold weather (8 degrees), they woke up early morning and got ready by the starting line before 6:45a.m. in Tsim Sha Tsui while most of our members were having a sweet dream at that time. Their first step in this 10km race showed their commitment and zeal for a better Chamber office. Support from members by donating into the donation box boost up their determination to complete 10km race. Every single step of them represented a dollar donated by the members for our beloved organization. The route went through Nathan Road, Western Harbour Tunnel and Central and finally finished at Wan Chai. All of them are able to finish the race within 66 minutes with the tired but happy faces.

The donation box was opened by JCI World President Fernando Sanchez-Arias in the reception dinner on February 9, 2004 and we raised a total of HKD20,000.

39th National Convention Bidding

The hosting right was granted to Victoria Junior Chamber after the bidding held in the January Joint Board on January 17, 2004. JC Benny Lam will be the Convention Director and the proposed venue is Cyber Port, Pokfulam, Hong Kong. Further information will be provided by the Convention OC soon.

JC Ambassadors

Ms Gigi Leung receiving the appointment certificate as JC Ambassador

It is our honor to invite Mr Benny Cheung, Prof. Dennis Lam and Ms Gigi Leung to be the JC Ambassador for 2004. Their outstanding contribution to Hong Kong society will help us to strengthen our corporate image and attract more young people to join our beloved organization.

Hong Kong Rehabilitation Power - Companion Walk 2004

National President Senator Frank Pak was invited by Hong Kong Rehabilitation Power as the GOH for their event Companion Walk 2004. A group of JC members together with their family members participated to support this event. They spent an liesurely morning in a walk with a number of disabilities from Mt. Austin Playground to Victoria Peak Garden on February 1, 2004.

Rotary International District 3450 Family Sports Day

Good News!! Four JC members were representing JCI Hong Kong to participate the 4x100 relay in the Rotary International District 3450 Family Sports Day on January 11, 2004. Keith and Anthony from Island JC, Bowie and Benjamin from Dragon JC won the 1st Runner up in this event.

First NOM PR Gathering

Speaker Sen. Caroline and all participants

Our First NOM PR Gathering PR gathering was successfully held on 7th January 2004 at American Club. 29 LOM PR officers have participated in that gathering.

We were pleased to have Senator Caroline Keung as our speaker that night. Senator Caroline gave us an interesting and inspiring talk on how to be an outstanding PR officer in JCI with the following highlights:

Dress code - we should pay attention to the dress code in the different situations so that we can dress up properly

Table Manner - we should understand the table manner and practice it in our daily life

Daily Life - we should keep our belongings tidy and clean

Walking - we should take care of our friends or family members and ensure that they are walking in a safe way

Senator Caroline also prepared special gifts for the lucky draw which were hand made Chinese Calligraphy and her great work - a book on table manner. By the way, 7th January was also the birthday of NEVP Ellen in Lunar calendar and we all celebrated and shared the happiness with her. Finally, all participants enjoyed the event very much and they got a lot of tips from our prominent speaker.

National Business Team For Business and China Affairs

National Business Network (NBN)

NBN was established in 1991 with now more than 180 members

Mission

The primary aim of NBN is to link up members with business opportunities within and outside Hong Kong, expose themselves to a brighter business world and to enable us to share their experiences with each others.

Main Objectives:

* To improve the communication between our members
* To share with and bring more benefits to our members.
* To recruit more active members.
* To link up with other local and overseas organizations and business chambers

In the coming Penang ASPAC, pending the confirmation from the Conference Organizing Committee, we plan to organize a Forum on the Closer Economic Partnership Arrangement (CEPA) for the benefits of JC members. This CEPA Forum aims to introduce to our overseas members and guests how Hong Kong JC members can co-operate with them or act as a bridge to facilitate them in developing business opportunities under CEPA arrangement in Mainland China, one of the fastest growing economies in the world.

The year plan of NBN is showed below. For registration or enquiry, please contact JC Glory Or (Vice-Chairlady for Membership) at gloryor@beautyinfinity.com.hk.

Interview with JCI President - Sen. Fernando Sanchez-Arias

Interviewer: NPD Billy Ho (NPD)
Interviewee: JCI President Sen. Fernando Sanchez-Arias (JCI P)

It is very delightful to have an opportunity to talk with JCI President Fernando. In my preparation, I have visited the website of JCI in order to understand more about JC movement this year and more about him. It is highly recommended to visit the JCI website to equip yourself whenever you have time.

NPD: The focus of this year is branding, growth and training. Could you tell us more on these three topics?

JCI P: Branding - to learn from the best practice from the market. If you have the chance to see all the successful NGOs, and the successful corporations and successful associations or institutions, they are extremely careful on their branding. By providing consistency on the branding in every country, we could help our brand to be more powerful. We won't have any difficulty in recognizing our brand globally. As an international organization, we have to be very careful on our brand, it is not just a corporate identity, it also helps in selling proposal and to deliver.

Growth - I want our chapters' presidents to be more aggressive on the growth. I want them to solve the problem on the growth. Just start them and embark the growth. If we are not aggressive, we are not able to knock the door and sell the JCI. Then it will be extremely difficult for our organization to grow. In this process of growth, we want the high quality members and also the growth in quantity of that quality. I don't want such a growth in quantity but with poor quality members. We would rather be a few, but good; but I don't want this argument be an excuse for not growing. People say, we rather want quality not quantity, and I agree on these. But I want more quality on quantity of that. I don't want our chapters' presidents be satisfied so easily and compromised so easily. I want them to stretch themselves as much as they can.

NPD: Out of their comfort zone as they can.

JCI P: Yes. Training - We are jumping from one training program to another training program. Very good training programs for trainers. We should have one training program for chapter presidents and national presidents - that is JCI Lead. After two years of design, it is not perfect and it can be improved. By having a certification for every chapter presidents and national presidents, they will know how to be the missionaries, to be a good coach, to be an educator, to be a good ambassador. And if you write to yourself every day, you will found what you want to improve. There is a role for you to work on. You could be inventing by using your creativity, you could be motivating others, you could be integrating a team. Every National President could talk about leaderships. That is something we need to do. You don't need to be the trainer for trainers. You only need to be an excellent speaker. If we have all the chapter presidents certified in JCI LEAD, all the chapter presidents certified in JCI ACHIEVE, then we form a strong educational base worldwide.

NPD: You have been taking up a number of positions in JCI, which one do you like the most? And why?

JCI P: JCI EVP, because I learn how to be a manager. When I was EVP, I realized it was not me, it was a team of Vice Presidents and a team of national presidents. We were very successful through them, not me. Through their success, they helped me a lot to change myself, my behavior to be better in team integration, to allow others to shine and keep accomplish to the others. All the Vice Presidents assigned to me are still working with me. All the national presidents of my area are still my friends.
It was very challenging when organizing the area conference. It helped me to understand more about our organization under different culture. So now, I could put all these experience into a bowl to make the better soup for the others.

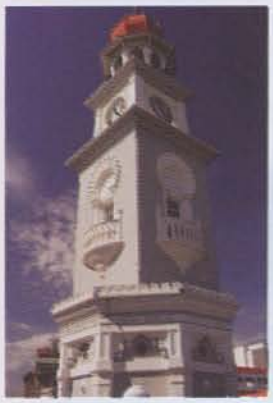

NPD: You mention Thomas Edison in your E-news as he gave you some idea. What does Edison or his words inspire you?

JCI P: I think what Edison is saying in that quote "To get out the comfort zone and you can do thing that you never expect to do". And, you will only be able to do the thing when you are get out of the normality of the tradition. I think we need to break some traditions that are not helping us.
Edison is an inventor, is a creative person. I think each of us need to be an Edison inside. Each of us should be able to see something and think how can I change this to make it better, how can I impress myself and those around me by going over their limit. In the E-news you mentioned, we are trying to do thing different. The change in leadership in this year is to looking for team recognition, not in single person.

NPD: Other than the above, do you have any other words to the members of JCI Hong Kong?

JCI P: My challenge to you is to put the three priorities in action. JCI HK is doing extremely well in the first one (branding). Second one is the growth; you have the excellent opportunity and position to grow. The third one is training, you are thinking about making the academy together and putting the JCI LEAD there, so it is almost perfect here. My message is to keep thinking in a different way, to act with passion; if you have the passion, no matter how successful you are, you still have energy inside to drive you further, you will motivate yourself and also motivate the others.

LOM Activities

Island Junior Chamber - Visit to the Philippines

While everyone in Hong Kong was excitedly preparing for the celebration for our traditional Chinese New Year, I had the honour to represent Island JC to visit the Philippines on invitation - my first trip as Chapter President.

Cebu was my first destination and then came Manila. During the enjoyable 4-day visit, I attended both the official inauguration ceremonies of Zugbuana Jaycees and Metro Cebu Uptown Jaycees. This trip not only served a great opportunity to renew our sisterhood pact with Manilena Jaycees, I also had the privilege to meet the National President of the Philippines, and the respective Presidents for Makati Jaycees and Manila Jaycees. We exchanged ideas, and came up with lots of plans for future cooperation.

The biggest annual festival in Cebu - the "Zinulog" is definitely the highlight of this trip. The amazing resort, and the nice, energetic and passionate Filipino friends also made this trip an unforgettable one. Big thumbs-up to the Philippines!

This is my second trip to the Philippines, my first one being the Asia Pacific Conference in Cebu August last year. With this fun trip under my belt, I really am looking forward to more oversea visits in this year 2004.

Lion Rock Junior Chamber - Visit to Elderly

ATV filmed the impressive CD program in Lunar New Year's Eve at a temperature of 8 degree.

It was an intensive cold and meaningful morning. The minimum temperature at the Lunar New Year's Eve (January 21, 2004) was 8 degree. However, the atmosphere was warm and touching. Volunteers of Get In Gear, and over 50 elderly celebrated the Year of Monkey together in the "New Year Bonanza of Lion Rock Junior Chamber" The program was fascinating. It was filmed by Asia Television and broadcasted during the Lunar New Year in order to arouse public concern toward social integration and community issue.

North District Junior Chamber
- 中國營銷致勝策略講座

A theme seminar was held on January 17th at the technology center at Kowloon Tong. It attracted both JC members and outsiders. Thanks to all three of our speakers: Professor Sin Yat Ming, Mr. Wilson Shea, and Mr. Sherman Yan for their wonderful speeches, every participant had much more knowledge about CEPA and doing business in China!

The seminar started with Professor Sin Yat Ming talking about everything we need to know about CEPA. After that, Mr. Wilson Shea shared with us his funny and astonishing experiences on starting and running his business, and dealing with people in China. Then, Mr. Sherman Yan inspired us on the differences between the legal system in China and Hong Kong. Finally, we had our Q&A section followed with a refreshment section.

Sha Tin Junior Chamber
- Sailing Through Waves

To echo 2003's Hong Kong Junior Chamber's project "You and I bring Hong Kong Back", Sha Tin Junior Chamber teaming up with Lions Club of Shatin organized the project "Sailing Through Waves" in last summer. The third group of the participants of the project "Sailing Through Waves" completed the last service project on December 27th, 2003 by visiting the Ronald McDonald House. The House was built to provide a "home-away-from-home" for the family of sick children receiving treatment at Prince of Wales Hospital in Shatin. The aims of the visit were to bring happiness and love to the sick children and their family during Christmas, also to let the children show appreciation to their parents for the constant support and care.

20 participants of the project completed the mission and received the Certificates of Completion from the 2003 President of Lions Club of Shatin and the 2003 President of Sha Tin Junior Chamber at the closing ceremony on 11th January 2004.

JCI President Training Seminar

How should we present ourselves as a JC member under the new JCI image

Do you remember the song taught by our JCI President Fernando during his excellent training on 11 Feb, 2004?

The training was on presentation skills with topic "How should we present ourselves as a JC member under the new JCI image." The training was attended by 102 participants. JCI President Fernando shared his insightful experience with us that firstly we need to know our target audience. Formal dressing is preferred as it is easy to change to informal. We can use the formula, T^3, Touch, Turn, and Talk, with the help of the visual aids, e.g., the flip chart.

Preparation is important in presentation. We need to know who is our audience, what they need and why, etc in our preparation. We then need to use our heart, our body and our mind in opening, delivery and closing in our presentation. We also need to set atmosphere that all participants' senses, mouth, feet, body, images, colour and so on are involved. The presenter is a seducer and captivator to captivate the participants' emotion. He showed us how an excellent trainer should present.

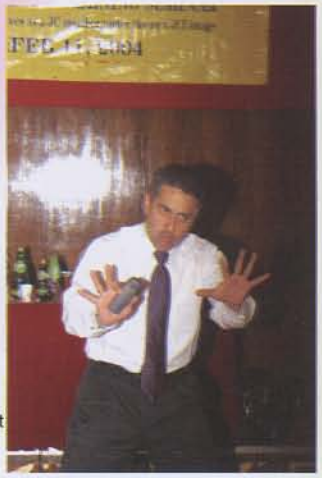

Besides, JCI President Fernando shared with us the JCI value and so forth with us. He also showed us how to talk with a new friend.

JCI President shows us how to use T^3 - Touch, Turn and Talk

It was an exciting, dynamic and excellent training. We do miss this training and hope to have JCI President Fernando training us again in future.

JCI

Junior Chamber International Hong Kong

With more than 1,200 JC members from all walks of life in Hong Kong, the JCI Hong Kong is a non-profit making organization dedicated to developing leadership potentials among young people. JCIHK represents a network of highly-motivated and forward-looking young people between the ages of 18 and 40 who come together under a common mission: to contribute to the advancement of the global community by providing the opportunity for young people to develop the leadership skill, social responsibility, entrepreneurship and fellowship necessary to create positive change.

Since its establishment in 1950, JCIHK has proactively responded to challenges in the community, helping to generate awareness on important social and economic issues which have an impact on our daily lives. The organization's objectives are carried out through the "Four Areas of Opportunity" namely Individual, Community, International and Business.

國際青年商會香港總會

國際青年商會香港總會為一非牟利之青年組織，隸屬於國際青年商會，本會之宗旨是為年青人提供發展領導才能，培育社會責任感，提供商務發展及增進友誼之機會，冀能藉此締創建設性之改進，為全球社會發展作出貢獻。自一九五零年成立後，本會依循青商四大發展機會—個人發展、社會發展、國際關係及商務發展等各方面，無間斷地推出各類型之工作計劃。至今會員人數已達一千二百人，年齡均介乎十八至四十之間，分佈於十八個分會。
