A message of good wishes

Participation and involvement are the keynote for the development of a sense of responsibility towards the community and the creation of a sense of belonging.

We need to participate in the activities of the community in order to feel that we are part of the society and to be aware of the conditions and need of the people. We feel concerned about what is happening to our society and we understand the way of life of our people by involving ourselves in the programmes of service to others who need them—the young, the aged, the poor and the handicapped as well as giving support to many community projects such as the anti-narcotic seminars, the keep Hongkong clean campaign, etc.

Thought the planning and execution of these worth-while programmes of activities and community projects, experience and mutual understanding are gained, individual capability and leadership potentiality are developed.

These are exactly the aims and objects of the Jaycees all over the world. Members of this international organization are young people who have had their professional training and are working full-time at their various jobs in the world of business. Many of them are potential leaders of the society and future tycoons but with this enriching experience behind them, their performance and leadership in whatever they do will be so much more effective.

Members of the Jayceettes are to be highly recommended for their active participation in these programmes, many of which are initiated and executed by the ladies themselves. This is another example that women today, given the same chance of education and work opportunity, are aware of their responsibility of citizenship and are accepting their share of contribution alongside their male colleagues.

In Hongkong today, one-third of the working population are women. These 500,000 working women contribute quite substantially to the prosperity of Hongkong. Out of this half-million women, 300,000 work in industries and constitutes 51% of the whole industrial work-force. The other 200,000 work in other fields—in business, in Government service and various other professions and vocations. The effect of their contribution to the economy of the community and the household is tremendous.

Many of the members of the Jayceettes are both business women and housewives or potential housewives. After a full day's work, they still find it possible to spend extra hours to discuss the association affairs, plan programmes and raise funds for the benefit of other less fortunate members of the community, because they realize that by the process of giving service to others, their lives are so much more enriched and their outlook broadened by the experience. This spirit and urge for self-development is the driving force behind the success of the Jaycee Movement.

May I wish the Jayceettes every success in all their endeavours!

Message from the President of Manila Junior Chamber of Commerce

MANILA JUNIOR CHAMBER OF COMMERCE

MESSAGE

Jayceeism is a motive factor in community development. The men and women who give flesh to the Jaycee philosophy, "Service to humanity is the best work of life", have proved this time and again.

Imagination, resourcefulness and creativeness: all these are hallmarks of Jaycee work. And we are proud to note that the Hongkong Jayceettes' fund-raising ball carry all these marks

The Manila Jaycees and I heartily congratulate the Hongkong Jayceettes for their hard work and intensive preparations which will inevitably make the ball a success. We are quite sure that with this event, the Hongkong Jayceettes shall go farther into new and unexplored fields of community service.

To the Hongkong Jayceettes, our best wishes. Good luck!

SALVADOR M. ENRIQUEZ, JR.

MESSAGE

Sister Jayceettes,

It gives me a great privilege, as President of Junior Chamber of Thailand Dhonburi Chapter, to send you a goodwill message on the occasion that our sister chapter, the Hong Kong Jayceettes, is to perform a fund raising ball.

One of the most important necessities for all Jaycees in the world to perform their projects well is to have enough support financially. This is where the idea of fund raising exists. Fund raising of any kind is a hard job to do. But it would not be too difficult to succeed if all members work hard together as a team, and sacrifice their time and energy.

On behalf of all brother Dhonburi Jaycees, I pledge to wish all of you every success in your fund raising programme.

Remember, "SUCCESS IS THRU HARD WORK".

Sathit Tiyaratanakura
President
Junior Chamber of Thailand
Dhonburi Chapter

Message from The Project Chairman

Today marks the realization of all the hopes and plans and dreams and schemes of the Hong Kong Jayceettes. With the success of this fund raising project, we will be able to accomplish our ambition—to organize our future projects on a much larger scale to benefit thousands and thousands of Hong Hong youths.

All these, we owe to our sponsors, donors, and advertisers. Their unfailing support have resulted in the maturation of our Charity Ball.

We have also been fortunate to share the valuable experience of our Patron, the Hon. Ellen Li Shu-pui, O.B.E., J.P., JCI Senators and our brother Jaycees, whose encouragement and assistance lends the greatest stimulus to our committee.

Your presence tonight has also given much assurance to the Jayceettes' movement. I promise you that all Jayceettes will double their efforts in future to promote the welfare of the needed.

In concluding, I wish to thank the Co-Chairman and all committee members for the time and efforts they have spent to bring this Charity Ball to light. Tonight, we have proven our motive in joining the Junior Chamber—by contributing your own efforts you will emerge as a better individual.

A most enjoyable evening to you!

Jennifer Yip
Chairman
1972 Charity Ball
Organizing Committee

ABOUT THE HONG KONG JAYCEETTES

The Inception

In early 1967, on the initiation of Jose Viola, a Victoria Jaycee, a meeting of various Jaycees' wives and girl-friends from all three local chapters was called. At their meeting, the ladies were asked to form an auxiliary to Jaycee movements in Hong Kong.

The Budding

The Hong Kong Jayceettes came into being in March 1967 in the form of an auxiliary attached to the Victoria Chapter. Jocelyn Graner, whose husband was an active Jaycee at that time, headed as President. In 1968 and early part of 1969, while Hazel Lo was President, the status of Hong Kong Jayceettes changed into an auxiliary chapter attached to the National Board. In other words, the Jayceettes came to the rescue whenever help was needed by the other chapters.

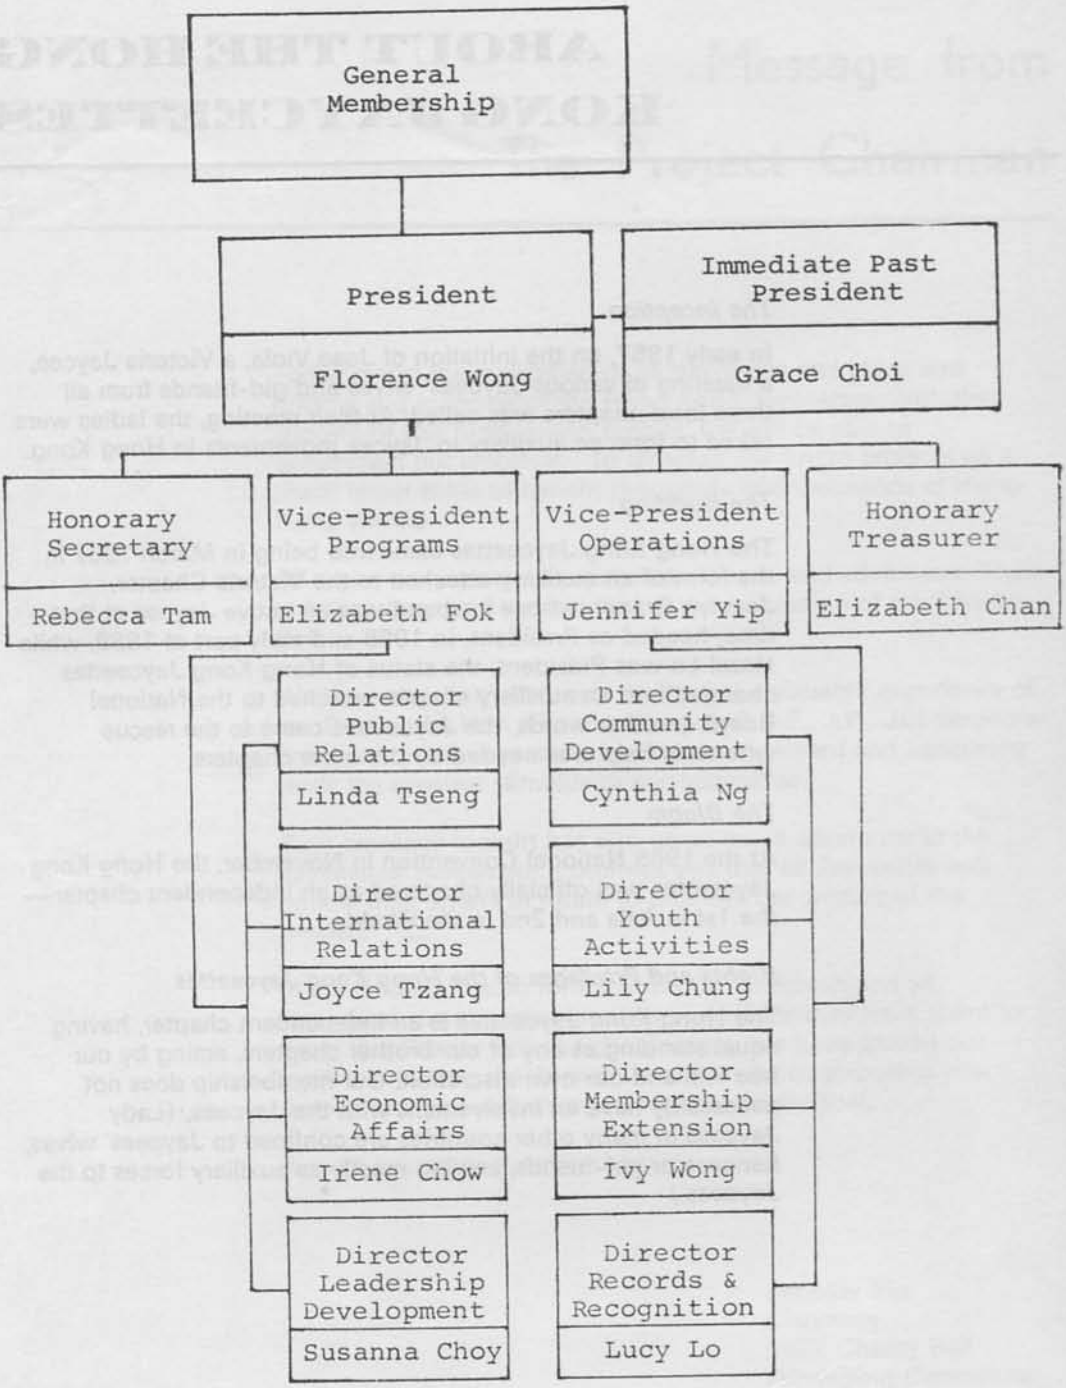

The Bloom

At the 1969 National Convention in November, the Hong Kong Jayceettes was officially chartered as an independent chapter—the 1st in Asia and 2nd in the World.

Rights and Privileges of the Hong Kong Jayceettes

The Hong Kong Jayceettes is an independent chapter, having equal standing as any of our brother chapters, acting by our free will and our own discretion. Our membership does not necessarily have an involvement with the Jaycees, (Lady Jaycees in many other countries are confined to Jaycees' wives, fiancees or girl-friends, serving mostly as auxiliary forces to the Jaycees.)

1972 ORGANIZATION CHART OF THE HONG KONG JAYCEETTES

You have now read a little about our organization. If you would like further information, please write to -

The Hong Kong Jayceettes

Fourth floor
HONG KONG

or telephone - H-231690

SERVED, SERVING, WILL SERVE THE COMMUNITY

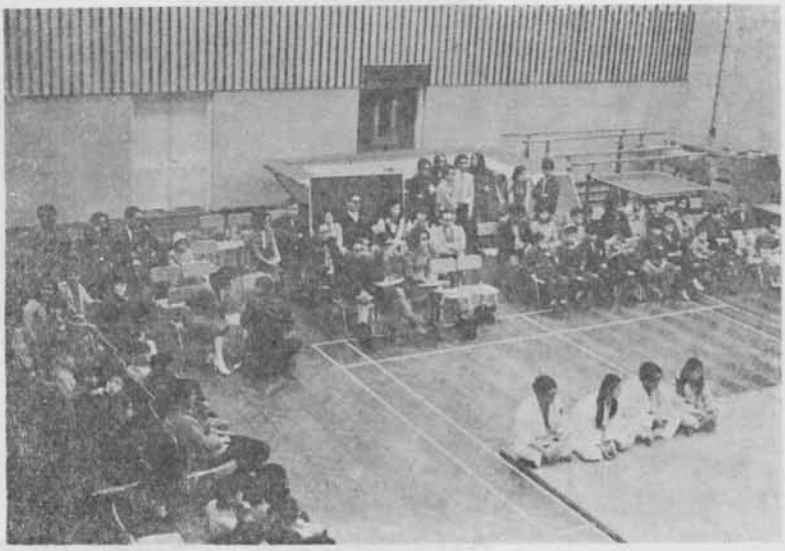

In the past 12 months the Hong Kong Jayceettes were proud and privileged to have successfully completed no fewer than six major projects in their program of serving the community.

An *Elementary Commercial Course* was organized to provide an opportunity for the Form V graduates who could not afford to further their studies in the secretarial field. The commercial course was organized by the Hong Kong Jayceettes for three consecutive years and about 2,000 girls were benefited through this service, free of charge.

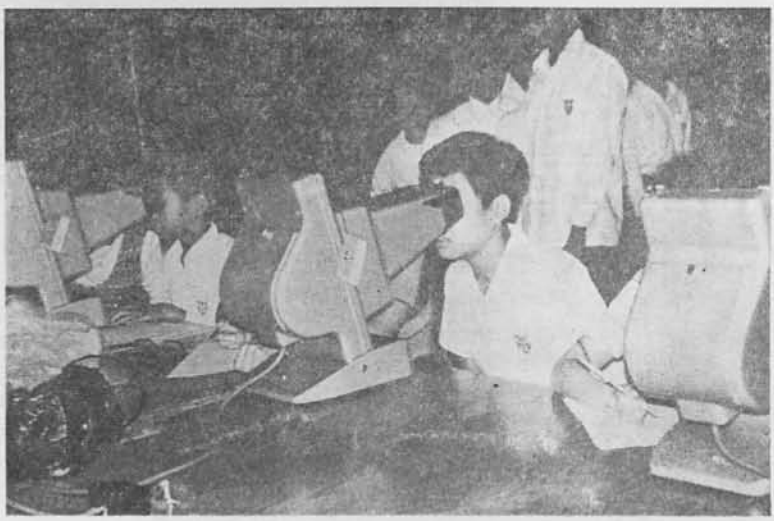

An *Anti-Narcotic Essay Competition* formed part of the Jayceettes' efforts in the world-wide anti-narcotic drive. The essay competition, which was in English and Chinese, involved some 300 students. Mrs. D.C.C. Luddington, wife of the Colonial Secretariat, kindly presented the awards to the winners.

The Jayceettes always make it a point to *Keep Under-privileged Children Entertained* during festive seasons. This year, a Chinese New Year Party was given and brought joy and happiness to approximately 1,000 children.

Sponsoring the Disabled has always been a favourite project. Frequent visits were made to these institutes. The Jayceettes are also currently sponsoring two blind girls in the Ebenezer School and Home for the Blind.

A quarter of Hong Kong's school children may be suffering from defective eyesight and in July this year, the *Better Vision Project* was launched in which the Jayceettes arranged sight-screening for some 600 pupils in the Wongtaisin Resettlement Estate. The result was, 25% were fitted with glasses donated by American Optical.

Over 300 immediate commercial graduates and upper form students attended the *Office Machines Demonstration* during the last week of July, 1972. The purpose was to familiarize them with the operation of various types of office machines.

A Typing Contest was held on July 29, 1972. 34 contestants, all recommended by their principals, took an active part.

The encouraging results of our past projects reflect the unceasing support and valuable guidance of our many benefactors and philanthropists, and to which we are much indebted. It is not our desire to put a full-stop to these projects, nor are we contented with our present attainments. We aim at acquiring another year of prominence in our service to humanity. To cope with this resolution, we are, therefore, continuing the projects, but on a larger scale. At the same time, we have drawn up an additional schedule of programs for the remainder of the year and the years to come.

Hong Kong Jayceettes Scholarships

'Never stop learning' means 'Never stop spending.' This is very true in our community. How many are there who want further education but cannot afford it. They need HELP! Scholarships not only give financial aid to these deprived students, but also serve as a recognition of their strenuous efforts as these are to be awarded to outstanding students only.

International Speech Contest

This will be jointly organized by the Hong Kong Jayceettes and their sister chapters, the Manila Jaycees and the Dhonburi Jaycees of Thailand. The purpose is to foster regional understanding, train and develop eloquency in public speaking amongst youngsters, and to disseminate Jaycee image among participating countries. Participants will be university/college undergraduates, and students in post-secondary/secondary schools. The champions will be granted a free trip to South East Asia visiting schools and youth organizations.

Equipping up a Nursery

For the younger generation of today, mere discussion and concern about social evils are not enough. A pratical way to attack ignorance and delinquency is to allow every child the opportunity to educate, and to provide him/her with the appropriate pastime. Bearing this in mind, the Jayceettes are going to donate the necessary equipment in the setting up of a nursery in the slum community centre of an outlying island. As disclosed by the Jayceettes, hundreds of children will be benefited upon completion of this project.

The foregoing are just but a few of our many plans. Our minds are always functioning. We are at all times on the look-out for opportunities to contribute and to serve the community and, whenever there is one, we will grasp it!

She knows how to make you feel at home.

Perhaps not surprisingly, the Japanese use the same word for "passenger" as for "a guest in one's own home." So when you fly with Japan Air Lines, you experience a delightfully pleasant world the moment you step aboard one of our jets. And you bask in the warmth of a hospitality that is centuries old, one that provides the perfect setting for the touches of Japan that can be enjoyed on every flight. You can now come with JAL to 39 cities around the world, and relax all the way in a world that is as distinctive as it is unforgettable.

Hundreds of years ago when nature was woman's only source of beauty, the rich, nourishing pulp of the avocado replenished and protected her skin from the blazing tropic sun. Now Coty has taken the precious oils and vitamins from this ambrosial fruit, combined them with only the purest natural ingredients, and formulated a whole new kind of skin care that will cleanse, tone and condition your skin as you never dreamed possible. There's a Cleansing Creme, Freshener, Creme Moisturizer, Night Creme, Lotion Toner, Milk Cleanser, Conditioning Moisturizer and even a Hand and Nail Care Creme. Each permeated with the succulent oils of the avocado to combat the impurities and damage of today's harsh environment, while helping to restore elasticity, tone and vibrancy to the skin. Centuries ago women turned to nature for beauty. And now you can do the same with Avocado Skin Care from

The Canon F-1. The world's most exquisite camera.

Never has the introduction of a new camera so dramatically established Canon's undeniable leadership in the world of fine cameras. All components were designed and tested from the outset to work naturally and perfectly together. Newly-developed full-aperture metering lenses, the FD series, plus conventional stopped-down metering lenses, the FL series—more than 40 in all. You'll discover new accuracy from a focal plane shutter offering speeds up to 1/2000 second. And new possibilities with the Servo EE Finder's automatic exposure control, the Booster T Finder that reads and times exposures automatically from 3 to 60 seconds, and completely unmanned photography by combining the

Servo EE Finder, Motor Drive u and the Film Chamber 250. Ad touch of eloquence to all your exposures. The F-1. The exquis camera, from Canon.

Aiwa's new TPR 3001 has a button missing.

We took the START button out and put in an automatic start instead. So when you insert the cassette tape you hear music instantly. At the tape end, the TPR-3001 automatically pops out the cassette. But for the one button we took out, Aiwa put in more features: A12 Watt per channel power output, a built-in tuner that allows direct recordings, two V.U. meters to give you professional recording level readings. There are more features to mention, but why not see the new TPR-3001 at any Aiwa dealer today. Ask for a demonstration. We'd describe it as our new AM/FM Multiplex Stereo Tuner Amplifier with Stereo Cassette Tape Recorder, but you can call it the TPR-3001.

Bottled under authority of the Coca-Cola Company by HONGKONG BOTTLERS LIMITED

if you wear glasses

you must read this

Your most valuable possession is your eyesight. Your eyes are two of the strongest but most complex organs in your body, and the two most ignored.

When people purchase glasses, they carefully select the frame and pay little attention to the choice of the lenses. But a frame simply holds the lenses which are correcting faulty vision . . . nothing else. Your eyes deserve the finest and most advanced lenses available and we take this opportunity of presenting some vital facts.

American Optical is the world's largest manufacturer of Optical lenses. AO has developed the TILLYER MASTERPIECE* lens which is the only lens that gives distortion free viewing at any angle. No other lens manufacturer can make this claim. TILLYER MASTERPIECE* is the most technically advanced lens available.

If you wear glasses, choose the lens first and then the frame. TILLYER MASTERPIECE* lenses do not distort the facts.

American Optical

*Look for the engraved mark of quality AO on your lens and insist on the guarantee card. Available at leading opticians.

小白兔
全自動

採用效果最佳的垂直盛衣槽，遠勝其他一般全自動洗衣機的側臥式盛衣鼓。

垂直式盛衣槽具有强力水流攪動確保衣物洗得更潔淨，並且不留棉粉汚漬，乾衣時又因爲離心力原理關係，盛衣槽能以每分鐘高達980 次的轉速將衣物迅速甩乾，而一般側臥式盛衣鼓則只能將衣物上下滾動，不能徹底產生去汚作用。

特點：
* 特大十一磅洗衣／乾衣量。
* 只須一次過扭動時間掣及選擇適當水流激動速度即可自動開始洗衣及乾衣，完全無須再去理會。
* 無須一定安裝特別水龍頭。
* 自動洗衣過程中，包括自動入水三次，過水兩次，排水三次及高速甩乾兩次，確保衣物徹底洗淨。
* 特設水位"高""低"調節掣，務使慳水爲原則。
* 特設示警鈴聲，自動洗衣過程完畢時，即自動作响。

Meet our future partners

A few years ago, Dow saw Asia as an area with a great future. So we started expanding here, using people with expert local knowledge. In Malaysia we started a special venture, called Pacific Chemicals Berhad. And we sold half the shares in it to the public. Now people of all kinds are sharing in the production of Dowpon*, a chemical which protects valuable rubber plantations. We showed faith in their country's future, and they put their faith in ours. From plastics to chemicals, in industry and agriculture, our regional offices want to work for you.

DOW

You'd be surprised how involved we are

THE JAYCEE CREED

We believe:

That faith in God gives meaning
and purpose to human life;
That the brotherhood of man
transcends the sovereignty of nations;
That ecomonic justice can best be won
by free men through free enterprise;
That government should be
of laws rather than of men;
That earth's great treasure
lies in human personality;
And that service to humanity
is the best work of life.

IS YOUR SECRETARY WORKING ON FRIDAYS ?

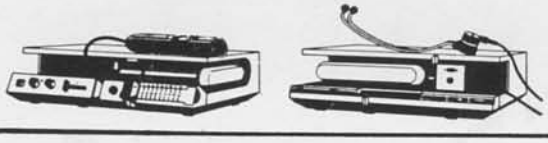

Certainly, she is ! But...

. . . ACTUALLY YOU ARE LOSING ONE PRODUCTIVE SECRETARIAL DAY EACH WEEK by using your present shorthand method in dictation!

Simply because if you dictate 1½ hours a day, then, in 5 days, YOU HAVE OCCUPIED HER FOR 7½ HOURS (1½ hours x 5 days) A WEEK.

But, if she is allowed to transcribe your recorded words directly on the typewriter, SHE WILL GAIN 7½ HOURS A WEEK FOR OTHER WORK.

YOU AND YOUR SECRETARIES MIGHT HAVE HAD BITTER EXPERIENCE WITH OTHER DICTATING EQUIPMENT OR TAPE RECORDERS. THIS TIME, WE INVITE YOU TO TRY THE IBM MODELS . . . THE EXECUTIVE 271/2

Number one for world-wide service

Bank of America. Number one for world-wide service.

Business is everywhere. That's why a world-wide service really counts. It's good to know that wherever you go, there's a Bank of America to do business with. And they know business. Bank of America people are professionals. They're experts in every phase of modern banking, people you can depend on. But professional people are not our only asset. Bank of America has a total of more than US$33,000,000,000 behind it. Vast resources that are carefully invested, around the world and in booming California, under a planned diversification program. This diversification ensures greatest security for you. A big bank is only useful if you can use it. We've taken care of that. Bank of America has a network of more than a thousand branches. This means our professionals can give you expert advice in 77 countries. Wherever you are. Protect your money with the number one.
